# The Loud House: Revamped

**By: Jamesdean5842**

This is my own version of the Loud House where I move to Royal Woods, Michigan. When I move to Michigan and Meet the Loud Kids, The Entirety of the Universe will change forever. Get ready evil, Justice has many brand new faces. The Universe now has a bunch of new Champions. Self Insert OC story. Crossovers with other shows later on. Mixed genres. Multi-crossover. # Loud House Revamped Prologue

Prologue opens out in the distant void of space.

Narrator: The Infinitely vast reaches of Space, a place of infinite wonder,

We see lots of planets, stars, galaxies and nebulae.

Narrator: Infinite beauty, and only one Planet Earth.

We zoom in on Earth and we see the cities bustling and moving.

Narrator: An oasis in the very galaxy we call home. But it's also plagued by infinite evil.

Bank Robberies, bad guys and alien invaders were destroying everything! Bad Guys were blowing stuff up and causing mayhem and chaos! Banks were being robbed! And Aliens from distant planets and galaxies were destroying everything.

Narrator: Who will protect us from all of the evil forces that threaten our world and universe? Who will confront the destructive forces from other worlds and different dimensions? Who will be the defenders of the universe?

But then one alien monster explodes and it shows us as Team Loud Phoenix Storm making an entrance.

Narrator: Team Loud Phoenix Storm! That's who!

A newspaper shows us defeating all the evil.

Narrator: Team Loud Phoenix Storm…

We are flying out of our estate headquarters to save the day once again.

Narrator: Nothing can stop them. James Dean Knudson and his family, Lincoln Loud and his sisters, Riley Anderson, Hercules and

Zoe Weatherly and their many friends, many superheroes from comics and different worlds and reformed villains. Together with the help of advanced futuristic cutting edge technology…

We were using highly advanced cutting edge technology from thousands and hundreds of years into the future.

Narrator: Advanced scientific tools…

Lisa, Nicole and our scientists were working in the lab with all kinds of chemicals and machines.

Narrator: Their super vast wealth and fortune…

Our safe was filled with gold and jewels.

Narrator: And their incredible omnipotent superhuman powers, Team Loud Phoenix Storm is on a mission to obliterate the evils that threaten the entire universe.

We are battling all kinds of monsters that were destroying the cities, terrorizing the areas around us, and ruining lives everywhere. We were tearing bad guys apart and throwing them in jail or killing them.

Narrator: There is no rest for evil. It's time for action!

I punched a bunch of villains and they went flying.

Narrator: It's time for Justice!

Lincoln blasted a bunch of bad guys with lightning and electrocuted them into ash.

Narrator: It's time for adventure!

We went to all kinds of distant planets in galaxies in our ships.

Narrator: Team Loud Phoenix Storm! They may be kids, but they are smart! Powerful! And Ready to kick some evil butt!

We fired a powerful blast of energy at a monster and blew it to pieces.

Narrator: Team Loud Phoenix Storm! They fear nothing and are your defenders!

Me: Watch out forces of evil! Justice has a new name!

We are standing on a building as a phoenix forms behind us in a fiery explosion.

Narrator: The Loud House Revamped! Rise of Team Loud Phoenix Storm!

THE GREATEST ADVENTURE HAS JUST BEGUN!

# Origins Part 1: Moving and Meeting

'''Origins Part 1: Moving and Meeting the Louds."

---

Me and my family are moving to Michigan. My name is James Knudson but my friends call me J.D. Me, my mom and dad, my sister, brother-in-law, niece and nephew are moving into our new multi-million dollar mansion in Royal Woods, Michigan.

Me: I'm going to check out the neighborhood.

Sumner: Be safe.

As I checked out the neighborhood, I walked along Franklin Avenue and found one house that was really Chaotic. It was 1216 Franklin Avenue.

Me. Boy that house is hectic.

Then I accidentally bumped into someone.

Me: Oof! Oh my gosh! I'm so sorry. I wasn't looking where I was going.

But it was a boy named Lincoln.

Lincoln: It's okay. It happens to me too. Oh you must be new here. I'm Lincoln Loud.

Me: (I shake his hand) It's a pleasure to meet you. I'm James Knudson. But call me J.D. Me and my family just moved here from Castle Rock, Colorado. We live in that mansion 1 block southwest of here. (I Pointed behind me to my Mansion)

Lincoln: Wow! That's awesome. Let me introduce you to my family.

Me: Okay.

Lincoln took me inside his house. It was about as big as where I used to live.

Lincoln: Welcome to the Loud House. Let me show you around.

In the kitchen, Lincoln introduced me to his parents.

Lincoln: Mom, Dad, I'd like you to meet J.D. Knudson. He just moved here from Castle Rock, Colorado.

Lynn Sr.: It's a pleasure to meet you J.D. I'm Lynn Loud Sr. and This is my lovely wife Rita.

Me: (I shake their hands) Pleasure to meet you both.

Rita: So how do you like it here in Royal Woods?

Me: It's Awesome so far.

Lynn Sr.: Well welcome to the neighborhood.

Me: Thank you.

Lincoln: Come on J.D. Let me show you our pets.

Me: Okay. It's nice to meet you both

Lynn Sr.: Pleasure is ours.

Lincoln showed me his pets: a dog, a cat, a canary and a hamster.

Lincoln: These are our pets. The dog is Charles, the cat is Cliff, the canary is Walt and the hamster is Geo. We named them after cartoon characters.

Me: They're so cute.

Lincoln: I know. Let me show you my room.

Lincoln took me upstairs to his room. It was small.

Lincoln: This is my room.

Me: It seems rather small.

Lincoln: Yeah it's a converted linen closet but I'm happy with it.

Me: Well whatever works out. You got a lot of cool stuff.

Lincoln: Thanks. Also I have 10 sisters.

Me: (Shocked) 10 Sisters!? Holy Guacamole!

Lincoln: I know. Would you like to meet them?

Me: Sure.

* * *

Lincoln took me into another room and he introduced me to the youngest sister.

Lincoln: This is the youngest: Lily. She's 15 months old.

Me: Aw! She's so cute.

Lily was about to cry.

Me: Oh I think I know what you want.

I hand Lily her Lavender Blankie.

Lincoln: You're great with babies J.D.

Me: I've had some experiences. (I hold her) (Baby Talk) You want to see some silly faces? (I make a lot of funny faces and she laughs)

Lincoln: Wow, you are great with that.

I put Lily in her crib and the second youngest sibling came in.

Lisa: Greetings elder brother. Who is this fine gentleman you have with you?

Lincoln: This is my friend J.D. Knudson. J.D. this is Lisa.

Me: It's a pleasure to meet you Lisa.

Lincoln: Lisa is the genius of us. She's 4-years-old and she has a PhD and won a Junior Nobel Prize.

Me: Wow. That's amazing. I've noticed all sorts of high-technology equipment when we came in here. Lisa are you trying to figure out how to cure every disease known to man and invent new ways to benefit all of humanity?

Lisa: Yes I am. I've recently came up with a cure for Escherichia Coli, street name: E-coli.

Me: Wow! That is incredible.

Then a voice screamed.

Lola: LAAANAA! STOP IT!

Lana: Make me!

Lincoln: We got another twin fight.

Me: Twin sisters huh? Cool.

---

Lincoln took me into the twins room.

The twins were fighting in a cloud.

Me: Does this happen a lot?

Lincoln: Yep it does.

Lincoln broke up the fight.

Lincoln: Guys I'd like you to meet my friend J.D. He just moved here.

Me: It's a pleasure to meet you both. Can you tell me about yourselves?

Lola: My name is Lola Loud. I like Tea Parties, the Color Pink, and photo shoots. I compete in Beauty Pageants.

Me: I can see that. You have a lot of Pageant Crowns and trophies. You have quite the talent.

Lola: Why thank you.

Lana: My name is Lana Loud. I like mud, animals, and I'm a handyman. (Hands me a business card) I do toilets, sinks, showers and automobiles.

Me: Wow!

Lana's frog friend Hops leaps onto her shoulder.

Lana: This is my friend Hops.

Me: It's a pleasure to meet you Hops.

Hops high-fives me with his tongue.

Lincoln: Lana & Lola are both 6 years old and they have different traits.

Me: That's all right with me.

The 4th youngest came in.

Laney: Lincoln can I ask you a quick question?

Lincoln: Sure Laney. But first let me introduce you to someone. This is my friend J.D. Knudson. He just moved here from Colorado. J.D. This is Laney Loud. She is 7 years old and she is our artist.

Laney: It's a pleasure to meet you.

Me: Likewise.

Lincoln: Sorry J.D. I miscounted. I have 11 sisters.

Me: That's alright. It happens to me too. So what kind of pictures do you paint?

Laney showed me her paintings and they were beautiful. She had a lot of talent.

Me: Laney, your pictures are beautiful.

Laney: Thank you.

Lincoln: So what did you want to ask me?

Laney: I forgot. I'm sorry.

Me: That happens to me too. I hate it when that happens.

The 5th youngest appeared out of nowhere and scared us as a pipe organ plays.

Lucy: Hey Lincoln.

Lincoln: Hey Lucy. This is my friend J.D.

Me: It's a pleasure to meet you Lucy. I take it you're into vampires and dark stuff?

Lucy: That's right.

Me: I'm a fan of the band Within Temptation. They're awesome.

Lucy: Interesting. I'm into poetry and I have my own funeral service.

Lucy handed me a business card.

Me: Lucy's Lament. I'll have to call you when one of my family members kicks the bucket so to speak.

Lucy: Thank you. I need a word that rhymes with "rain".

Me: Poetry really wasn't my thing but I know a few. How about Gain, Drain, Train or Chain?

Lucy: Thank you. (Walks off)

Me: Lucy is pretty cool.

Lincoln: Yeah but to me she can be spooky.

Me: Well that's okay

Lynn Jr.: (Offscreen) Heads up!

A football flew in and I caught it.

Lincoln: Wow! You got quick reflexes.

Me: Thank you.

The 5th oldest came in.

Lynn Jr.: You caught my football? Cool.

Lincoln: Lynn this is my friend J.D. J.D. this is Lynn. She's 13-years-Old and she's the Sports Fanatic and Athlete.

Me: It's a pleasure to meet you.

Lynn Jr.: Same here.

She shakes my hand and she has a strong grip.

Me: Wow. You have a strong grip. What sports do you play?

Lynn Jr.: Basketball, Baseball, Soccer, Football, Hockey, And More.

Me: Wow. You have a tremendous love of sports. I watch a lot of football and baseball on t.v. But I mostly watch crime documentaries.

Lynn Jr.: Cool.

Lincoln: We still have more sisters to meet.

* * *

As we were about to enter Luna and Luan's room, Lincoln pulled out an umbrella as a bucket of water dumped on us. We didn't get soaked.

Me: The old water bucket over the door trick. A classic.

Luan: Come on Lincoln. I thought we were Pails. (rimshot) (laughs)

Me: (Laughs) Good one.

Lincoln: (Groans) J.D. This is Luan. She's 14 years old and she is the jokester.

Me: It's a pleasure and I can tell you have quite the sense of humor.

Luan: Thank you. I have a (shakes my hand and zaps me) Shocking Personality. (Rimshot) (Laughs) Get it?

Me: (Laughs) You are so Funny!

Luan: (Reveals a Joy Buzzer) Thank you I know what Buzzes you. (Rimshot) (Laughs)

Me: (Laughs) Lincoln, Luan is Hilarious! (Laughing Hysterically) Call a doctor! I'm about to bust a gut!

Lincoln: J.D. just moved here from Colorado Luan.

Luan: Wow. I've heard it's beautiful there.

Me: (Calms Down) Sorry about that. It is beautiful. The Mountains are gorgeous.

Electric guitar music played and we saw the 3rd eldest Luna playing.

Me: Rock on Dudette!

Luna: Thanks Dude!

Lincoln: (Luna Stops Playing) Luna this is J.D. He just moved here from Colorado. Luna is 15 years old.

Me: Pleasure to meet you Luna.

Luna: Likewise dude.

Me: So you're the rockstar of the family?

Luna: Yep. My idol Mick Swagger is my inspiration and it's Rockin! (Guitar Strum) Yeah!

Me: Rock on!

---

We went to the last room and out came the 2nd eldest.

Leni: Oh hello there. Are you Elvis?

Me: (Laughs) No I'm not. But a lot of people say that I look like Elvis brought back as someone else.

Lincoln: Leni this is J.D. He just moved here. J.D. This is Leni. She's 16 years old.

Me: It's a pleasure.

Leni: Same here.

Me: You sure are pretty Leni.

Leni: Oh why thank you J.D.

She left and We met the eldest sister.

Lincoln: Hey Lori.

Lori: Whatever it is, I'm busy.

Me: You must be the eldest of the Loud sisters. I'm J.D. I just moved here from Colorado.

Lori: Oh. It's a pleasure. I'm Lori. I was texting Bobby.

Me: I take it he's your boyfriend?

Lori: Yes he is.

Lincoln: Lori is 17 years old and she's the bossy one.

Me: I see.

Lori: So how beautiful is Colorado?

Me: The mountains are gorgeous. I loved Colorado and lived there for my entire life. I'm going to love Royal Woods even more. I got to get home and finish moving in to my huge mansion.

Everyone came out and were amazed and started bombarding me with questions.

Me: Whoa, whoa, whoa, whoa, whoa! One at a time people.

Lola: How did you get a mansion?

Me: My family won the Jackpot of the Colorado Lottery and we're now filthy rich.

Lori: Can you show us?

Me: Sure.

---

I led the Loud family to our huge multi-million dollar mansion and they were in awe.

Me: Welcome to my Humble Abode.

Lori: You live in the old Morbucks Estate?

Me: Yep. I take it they were the previous owners of this mansion?

Lola: Yeah. Princess Morbucks was the worst, spoiled rotten and snobbiest child ever known here in Michigan. She went to our school at Royal Woods Elementary and after she went on several crime sprees she became homeless.

Lisa: All their assets were seized and they were evicted and forced to live on the streets.

Me: I hate people like that. She got what was coming to her.

Inside I showed the Loud's around and we saw numerous rooms.

The Loud's were amazed.

After the Loud's went back to their house I finished unpacking my stuff and got into bed.

Me: I'm gonna love it here in Michigan.

THE END.

---

There you have it folks. This is my first fanfiction ever created. I inserted myself and my family as OC's and used the Morbucks Estate from The Powerpuff Girls as my new home.

I added Kinghammer Publishing's Fanfiction Character Laney Loud to add more interest. I'm sorry if I stole your character.

All characters belong to Nickelodeon Studios

Laney Loud belongs to Kinghammer Publishings

The Morbucks Estate and Princess Morbucks belongs to Cartoon Network.

Also I would like to thank Thomperfan for the ideas and inspiration.

## Origins Part 2: Left in the Dark

Hunter Spector: Do you believe in Ghosts? Join me, Hunter Spector Spectre Hunter Leader of the Academy of Really Good Ghost Hunters or ARGGH! as I descend into the scariest place in any home: THE BASEMENT! Sunday night at 8:00 PM. Don't miss it or you'll be left in the dark. ARGGH!

I am over at Lincoln's house and just bursting with excitement.

Lincoln marks today on his calendar.

Lincoln: It's finally here! The live season finale of the GREATEST, SHOW, EVER!

Me: Oh Yeah! ARGGH!

Lincoln: Alright, I know you're probably saying to yourself 'Lincoln, with 11 sisters, there's no way you're going to get to watch your favorite show.' And you'd be right. Every sunday at 8, it's the same thing.

(Cuts to a flashback of his sisters fighting over the remote) End Flashback

Me: I bet it's like going into a lion's den.

Lincoln: Yep. Tonight, I have a plan. (Busts out his walkie-talkie and calls Clyde) Cadet Lincoln calling Cadet Clyde, do you read me?

Clyde: (on the Walkie-talkie) This is Cadet Clyde, I read you loud and clear! I'm so excited! We finally get to watch ARGGH together. And by together, I mean you at your house and me at mine, right?

Lincoln: (to me) For such a landmark event, we decided that it'd be best for us if we watched it separately. Clyde's got a huge crush on my sister Lori.

Me: Your oldest sister?

Lincoln: Yep. It gets awkward.

Clyde: (Looking dreamily at a drawing of Lori) Hubba Hubba.

Lincoln: Clyde? Clyde? Do you read me?

Clyde: Uh, You better hurry Lincoln. It's almost 8:00!

Lincoln: It's time to put Operation: Distract My Sisters So That I Can Get to the TV First and Watch the Special Live Season Finale of ARGGH and Think of a Shorter Name For This Operation into action.

Me: Whoo! That's a mouthful. How about Operation: ARGGH Distraction?

Lincoln: That's perfect.

Me: How are we gonna pull this off? (He gives me two frogs) What do we need frogs for?

Lincoln: Follow Me.

I follow him over to the twins room

Lola & Lana came out of their room.

Lola & Lana: Cartoons! Cartoons! Cartoons! Cartoons!

Lincoln: Did someone say tea party? (reveals a tea pot and a box of cookies)

Lola: Eeeee! Thank you Lincoln! (Takes the items and goes back into her room)

Me: (in my head) Oh I see how he's doing it.

Lana: Hey, I don't want to be part of some dumb old tea party, I want to watch TV!

Me: Not even if (pulls out something from behind him) these guys are invited? (holds out the two frogs; one croaks)

Lana: Eeeee! Thanks J.D.! (takes the frogs and goes back to her room)

Lincoln: Hey Luan!

Luan: I was just heading downstairs to watch TV.

Lincoln: You might want to grab your video camera instead. The twins are at it again.

Lola & Lana are fighting

Luan: This is totally going to go viral! (goes in to record the brawl) Thanks Linc.

Me: Hey Luan. Why couldn't the 11-year-old get into the Pirate Movie?

Luan: Why?

Me: It was Rated ARR! (closes one eye, Rimshot)

Luan: (Laughs) Good one J.D.!

Me: No offense Lincoln.

Lincoln: None taken J.D. but that was a good one.

Me: Thank you.

Laney came out of her room with a book in her hands.

Lincoln: Oh! Hey Laney!

Laney: Oh, I was just going to the living room to read my book in peace. I can't focus with Lola and Lana fighting next door.

Me: No problem

I pull out some earmuffs and place them onto Laney's head.

Laney: Gee, Thanks J.D.

Laney went back into her room and Lisa and Lily came out and I grab Lily.

Lincoln: Hey Lisa, I saved you a trip downstairs and got that stuff you needed.

Lisa: The lactose, triticum protein, sodium chloride crystals, sucrose and galus galus ovum.

Me: Milk, flour, salt, sugar and eggs? (Lincoln holds out said ingredients)

Lisa: You say tomato I say solanum lycopersicum. Thank you. (Takes the ingredients and goes back into her room)

Lynn: Yeah! Two Minutes to game time! Whoo!

Lincoln: Hey Lynn, check it out. (holds out a football that starts floating) I filled it with helium for the extreme player who demands more.

Lynn: I demand more!

Leni comes out

Me: Go Long! (I throw the ball into Lynn's room. Lynn struggles to get the ball)

Lynn: Get over here you!

Lincoln: Oh my gosh! Leni!

Leni: What is there a spider on me? (Frantically rubs her head) Get it Off! Get it Off! Get it Off! Get it Off!

Me: I have some awesome clothes you can make. (I pull out a piece of paper with fashion designs on it, unfold it and give it to Leni) Here.

Leni: Oh these are totes adorbes! I'll go make them right now. (Leni heads back into her room)

Luna comes out.

Luna: Hey bros! TV tonight is gonna be rockin'! (strums her guitar) Yeah!

Me: Rock on Luna!

Lincoln: Or you can have your very own flashlight rock show in your bedroom. (Holds out a colorful flashlight and Luna takes it)

Luna: That is sweet! Thanks Linc! (goes back into her room)

Lori came out

Lori: Has anyone seen my phone? I need to live-tweet my show!

Me: (takes out the phone and presses buttons on it) I got this. (I run over to Lori and give the phone to her) Lori! Here's your phone. I found it in the bathroom and figured you accidentally left it there.

Lori: Oh. Thank you J.D. How are you it liking here?

Me: It's awesome. (Lori's phone rings)

Lori: Hello? Oh, Hi Bobby. (Laughs) No, I didn't text you to call me. But I'm glad you did. (to me) Thanks for finding my phone J.D.

Me: No problem Lori.

We see Lily sleeping.

Me: Aww she's tired. Watch this Lincoln.

I use the Force and bring Lily's blanket over to me and wrap her in it.

Lincoln was amazed

Lincoln: How did you do that?

Me: I have lots of unique powers. I'll go put Lily in her crib and meet you in the living room.

Lincoln: That was Awesome!

I put Lily to bed and run downstairs.

Me: Am I on time?

Lincoln: Yep.

Me: I have this feeling we forgot something.

Lincoln: Like I said, I might not be the fastest, and I might not be the strongest, but to get all of my sisters out of the way, it pays to have a plan.

Lucy: You forgot me.

Lincoln and I got scared as a pipe organ plays, we fall to the ground.

Lincoln: Lucy! I always forget about Lucy.

Lucy: Story of my life.

Me: Hey Lucy. You need some words for your latest poem?

Lucy: Not this time. It's the season premiere of my favorite show, "Vampires of Melancholia". How you liking it here in Royal Woods, J.D.?

Me: It's awesome Lucy. Thank you for asking.

Lucy: You're welcome.

Lincoln: This is the episode of ARGGH that everyone is going to be talking about at school tomorrow! Please let us watch it? Pretty please with a black cherry on top?

Me: I would've chosen a black rose.

Lucy: Those are my favorite flowers J.D. but I'm sorry guys but you know the rule. I was here (in slow motion) First.

Lincoln: NOOOOOO! (Looks at the remote and licks it) Ha!

Me: Ew!

Lucy: (holds up another remote) That's the old remote that Lily threw in the toilet.

(Lincoln gags, rubs his tongue, and spits out the germs. He then weeps and I console him.

Lucy: Sorry Lincoln. I can't miss my vampires. Edwin is so cold, tormented and mysterious. Sigh. If only he wasn't from another century.

Lincoln: Another century! (He whispers something to me and I smile and wink and give him the thumbs up) That's okay, lucy. You watch your show on the big color TV. I'll go watch my show on dad's crummy, old black-and-white TV.

This got her attention.

Lucy: Black and White are my favorite colors

Me: Yeah, It'll make watching my show a little more spooky!

Lucy: Spooky is also my favorite color.

Lincoln: Well enjoy your vampires.

Lucy: Wait! I'll take the old TV.

In Lucy's room I carried in the old TV and put it on Lucy's bed.

Lincoln: Wow. J.D. you are strong.

Me: It's not that heavy. I help dad around the yard a lot.

Lincoln: Now to plug it in.

I noticed the plug is all dented, bent and had electrical wires exposed.

Me: This plug needs to be fixed. But we'll try it anyway. (I plug it in and the power goes out) Oh Tire Logs!

The Loud kids were murmuring in confusion about why the power was out.

Lori: All right! All right! Everybody just calm down!

Leni: Guys! I can't see anything! I think I've gone blind!

Lori: No you didn't go blind. What the heck happened?

Lincoln: Me and J.D. were just plugging in the old TV for Lucy and it must've made the lights go out.

Lori: Of course it was your fault, Lincoln.

(All the other sisters complain about what their brother did)

Laney: Girls please! I'm sure Lincoln didn't mean to cause a blackout.

Lincoln: Yeah! All I did was plug in some dumb old TV!

Me: (coming to Lincoln's defense) Yeah, We didn't mean to make the lights go out!

Luan: Hey! I know the reason why the lights went out! Cause they liked each other! (me and her laugh as her siblings sigh) Get it? Get it?

Me: (Laughing) Yeah, good one Luan.

Lisa: That one was so good it deserved a cookie. (Hands her one)

Luan: Oh thanks. (eats it) So anyway, what did one light bulb say to the other light bulb? (suddenly starts glowing)

The rest of the siblings and I gasp.

Me: Whoaaaa.

Lincoln: You're glowing.

Luan: Oh. I already told you that one.

Luna: No dude. YOU are glowing.

Me: Yeah. You look like a human light stick.

Luan: Hey, wow!

Lori: Everyone back away from Luan. (The siblings step back) Lisa, Mom and Dad said you're not allowed to use your siblings as experimental guinea pigs anymore.

Leni: Yeah! Not after what you did to me!

(cuts to a flashback of Leni and Lisa with Leni experiencing side effects from Lisa's experiment. Her face is extremely swollen and covered in blemish like substances)

Leni: My face feels funny.

Flashback ends

Me: It was some kind of experimental cream that was created to get rid of acne forever, right Lisa?

Lisa: Affirmative J.D. Classic. All I did was infuse the bioluminescent DNA of the Aequoria Victoria Jellyfish into a cookie. I call them Gloweos. Besides, now we can see.

Me: How Illuminating. (Luan and I Laugh and the others sigh) Lisa your experiment worked successfully.

Lisa: Indeed.

Lori: Okay, Everyone huddle around Luan. (We do as Lori says)

Luan: I always knew I was the light of your life. (Luan and I laugh as the rest of her siblings sigh)

Lincoln: Okay. So how about we get the power back on?

Lori: Hey. When mom and dad are out, I'm in charge. So first we need to get a head count to make sure we're all here.

Me: Everybody's all present and accounted for except for Lucy.

Lucy appears and scared Lincoln.

Lucy: That's right.

I help Lincoln up.

Lincoln: Can I go flip the circuit breaker before Lucy gives me a heart attack?

Lori: Again, in charge. I'll do it. Where's this circuit breaker thingy?

Me: It's usually down in the basement.

We all arrived at the basement and Lori's shadow peers over the basements darkness.

Lori: Why am I the one who has to do this?

Me and everyone else: Because you're in charge!

Me: You even said so yourself.

Lori: All right, all right! Come on, Luan. Light the Way.

Luan: That's the brightest idea you've had all day! (Me and Luan laugh, Lori pulls her away from her siblings. After doing so, Luan's glow goes away. The rest of us gasp) Oooh. I thought I was staying in tonight, but I guess I'm going out. (Luan and I laugh while the rest of her siblings sigh)

Laney: No! Please don't go out! I don't wanna go down there! (Shakes Luan)

Lori: Lisa, give her another one of those cookies. We won't tell.

Lisa: (On her clipboard) Negative. That was the only one. Prototype.

Me: Aw Cheese Logs. I wanted to try one of those.

Lori: Just great… (hears a wooden creak and it scares her) There's something in the basement! I'm not going down there!

Lynn: (taunts) Ooh! you're scared of the dark!

Lori: I am not! You're the one who's scared.

Lynn: I'm not afraid of anything.

Lucy: Boo!

Lynn: AAH!

While most of the girls start arguing, the twins start to treble with fright.

Lola & Lana: THERE'S A GHOST IN THE BASEMENT! (sobbing)

Lincoln: Guys! I'm running out of time! It's really important that I… I… I…

Me: Lincoln, Your sisters are really scared. We have to do something.

Lincoln: (sighs in realization) You're right J.D. I need to fix this. OKAY, QUIET! (The Girls stop) Come here you too. It's okay. There's nothing to be afraid of. (Hugs the twins to comfort them)

Me: It's okay Laney. I will make sure nothing happens to anyone. (hugs me)

Lincoln: Your big brother and best friend will protect you. If fact… we will protect all of you! For I am Cadet Lincoln! **CADET LINCOLN** Highly trained student of the Academy of Really Good Ghost Hunters or A.R.R.G.H.! **A.R.R.G.H.!**

Me: And I'll protect all of you too for I am Cadet James! **CADET JAMES** Elite Lightsword Specialist of the Academy of Really Good Ghost Hunters or A.R.R.G.H.! **A.R.R.G.H.!** (Lightning strikes in the background)

My eyes glow green and Lincoln puts on his night goggles and busts out his Walkie-Talkie.

Lincoln: Cadet Clyde this is Cadet Lincoln. Forget the plan. I'm going to need backup.

Enter Clyde

Clyde: Cadet Clyde reporting for duty. (Notices Lori and gets aroused) L-L-L-Lori? (Starts acting like a Malfunctioning Robot) RED

ALERT. RED ALERT. DOES NOT COMPUTE. CIRCUIT OVERLOAD.

I snap my fingers and Clyde snaps out of it.

Clyde: Thanks J.D.

Me: No problem Clyde. Is that what you meant by awkward Lincoln?

Lincoln: Yep. (prepares to enter the basement) I will now descend into the scariest place in the house: the basement. **BASEMENT** But fear not, with my official ARRGH! Branded night vision goggles, I can see in the dark. (begins to head down but slips down the stairs and loses his walker-talkie. I run to the door.)

Me: Lincoln, are you okay?

Lincoln: The bad news is, my goggles are just a toy and do not really see in the dark! The good news is they cushioned my face from the hard basement floor.

Luan: Hey I think my video camera has a night vision setting.

Lincoln: (rushes back up) Sweet! (takes it) It's just like the cameras they use on ARRGH! I'm going in.

Me: No! Let's all go, together.

I then ignited my lightsaber. It has a green blade.

Lisa: (gasp) Is that a real lightsaber?

Me: It sure is.

Lynn: Cool. Can I touch it?

Lynn's hand was near the green blade of light and I stop her.

Me: Don't touch the blade Lynn. It's a blade of pure energy and it's powerful enough to cut through anything like a hot knife through butter. Don't worry. I'm very careful with it.

The basement, Lincoln was leading the way with Luan's camera as his guide.

Lincoln: You may want to stay close. There's no telling what could be lurking down here in the dark.

Luan: There's nothing funny about this situation. Although, I do like dark humor.

Leni: Is someone touching my hand?

Lynn: You're touching your own hand

Me: I've trained for this guys. Everything is gonna be okay.

Lori: I hate basements.

An eerie sound comes.

Lori: (Gasps) What's that moaning?

The girls all gasp and Lincoln, Me and Clyde turn to the source

Lincoln: Don't freak out. It's just the pipes settling

Another scary sound.

Leni: What's that scratching?

The girls gasp again and I turn to the source

Me: It's alright. It's Cliff the Cat scratching a scratching post. (Cliff is using his scratching post and meows)

Lynn: (plugs up her nose) What is that smell?

The girls gasp again and Clyde sees the source.

Clyde: It's just Lily with a full diaper.

Luna is holding Lily and understandably grossed out by her baby sister

Lily: (giggles) Poo-poo!

Me: I'll have to change her later.

Another ominous noise occurs, surprising us.

Me: What is it?!

?: J.D., Lincoln, Clyde…

Me, Lincoln and Clyde: (Terrified) IT'S THE GHOST AND IT KNOWS OUR NAMES!

We start running around and screaming. Except for Lucy.

Lincoln: (Bravely) I'LL SAVE YOU, SISTERS! (Charges at the ghost)

The lights come back on and it turns out Lincoln is attacking the Laundry basket.

Lincoln: Hi-yah! Take that evil spirit!

Me: (after finding the circuit breaker and turning the lights back on myself) That's not a ghost Lincoln, it's everybody's laundry.

Lincoln emerges from the laundry and sheepishly grins; it also turns out that the sound was coming from his walkie-talkie. It was our friend Liam.

Liam: (Southern Accent) Lincoln, Clyde, J.D. Everything okay at that there house? All you're lights were gone.

Lincoln: Liam? Yeah we're alright. All the power's back on.

Leni: (with her eyes closed)

Lisa: Open your eyes.

Leni: (opens her eyes) IT'S A MIRACLE!

Lori: First one to the TV is couch commando.

Lincoln: I can still get there first! Come on Clyde, J.D.!

Lincoln hurried to the couch dragging me and Clyde along with him so we can be the first ones and races and passes all his sisters; we manage to get there first and Lincoln grabs the remote and turns on the TV only to find out that the show is now over

Hunter: WOW! Wasn't that by far the best episode of ARRGH! ever. I'd hate to be you if you missed it!

Lincoln, Clyde and I gasp.

Lincoln and Clyde: (shocked) NOOOOOOOOOOOOO!

Me: (Disappointed) Aw Fish Sticks! And I didn't even get to see it.

Lincoln: (lamenting): I can't believe I missed my show.

Lincoln and Clyde started to break into tears and Lincoln's sisters saw how miserable they are and feel pretty bad for them.

Lori: (hands us some popcorn) Sorry you missed your show guys.

Luan: But you just lived it. Check it out. (plugs her camera into the TV and shows us what Lincoln filmed. We all watch and enjoy our little adventure on film and me, Lincoln and Clyde are happy to have actually lived the show instead of just watching it.)

Me: I guess we did live it, didn't we?

Lisa: Yes indeed.

Lincoln: (to the Viewers) You know, I may have missed my show. But sometimes, it's not about being there first. Sometimes it's about being there together. All of us.

Me: You said it.

Lucy: You forget me.

Lincoln, Clyde and the girls get startled by her appearance.

Me: Oh yeah, You too Lucy. (I check the Time) Oh my gosh! Look at the time! Wow you guys, this has been so exciting. I can already tell we're going to be the best of friends.

Lincoln: I think so too.

Lori: It's literally been nice having you here.

Luna: You're one Rockin Dude.

Me: (makes Rock on fingers) Rockin!

Lynn: I'll admit. You're alright J.D.

Lucy: Yeah you are pretty cool. For a mortal man.

Lola: Because I enjoy your company so much, you're welcome to all of my tea parties. But you better not be late to all of them or I'll

Lana Pushes Lola.

Lana: What Lola meant to say was, we look forward to having you here more.

Lisa: Affirmative. We could really use another male unit in this household.

Luan: Yeah. Anyone who laughs at my jokes is A-OK in my book.

Lily: A.D! (laughs)

Leni: You're really sweet J.D.

Me: (Smiles) Thanks Leni. I think you girls are all sweet too.

Lincoln: Come on guys. Group Hug!

We all hugged.

Me: Oh Wow. Well, I gotta go. See you guys Tomorrow.

Loud kids: Bye J.D.

I started walking home

I got to my house.

Me: Yeah. I think I'm really gonna like it here in Michigan.

# Heavy Meddle

It starts at Royal Woods Elementary [Lincoln's School; Lincoln opens up his locker, but someone pantses him.] **Lincoln:** [to someone off-screen] "Really?" [The other kids laugh at and take photos of his expense; after class; Lincoln gets out of his desk, but the same kid tied his shoelaces together and he trips.]

**Lincoln:** [sarcastically] "Oh, real original!" [The other kids laugh and photograph this, too; at lunch, Lincoln sits down in his favorite lunch seat only to make a fart noise and find he sat on a whoopee cushion.]

**Lincoln:** [sarcastically] "That's real mature!" [The other kids laugh and photograph again; the bell rings and he checks his locker only for a pile of garbage to fall onto him; the kids do what they did before again.]

I make the scene

Me: (yelling) Don't you Buzzard Faces have anything better to do!?

They all run off

**Lincoln:** [opens up a door from the trash; not taking it anymore.] "All right! That's it! Thanks for sticking up for me J.D.

Me: No problem buddy. That's what friends do.

---

[Lincoln, Me and Clyde are walking home from school.]

**Clyde:** "So, you really confronted that bully?"

**Lincoln:** "That's right. I said to meet me at 3:30 in front of my house, and we're gonna settle this."

**Clyde:** [worried for his friend] "Whoa! You're gonna fight?!"

**Lincoln:** "I'm not an animal, Clyde. I'm going to deliver a strongly worded speech… as soon as I write it."

Me: Good Thinking.

**Clyde:** [noticing something] "Looks like that bully left you a note of their own."

**Lincoln:** "Huh?" [sees a sticky note on his head, pulls it off, and reads it.] " **Lame-O.** " [There's also a piece of gum in Lincoln's hair.]

**Clyde:** [sniffs the gum] "Ooh! Watermelon lime!"

**Lincoln:** "Better not let my sisters see this, 'cause then they'll want to get involved and make things worse, the way they always do."

**Clyde:** "I don't know. Maybe they'd be helpful. Your sister Lori gives great advice. She told me to never be myself. I love that woman." [looks lovesick]

**Lincoln:** "Aw, Clyde. Sweet, innocent Clyde. [to the viewers] He has no idea what it's like to have ten meddling sisters."

Me: It can't be that bad Lincoln

[Flashback to what looks like Lincoln being sick; Lori puts a thermometer in his mouth and checks his temperature; Lisa comes in with an X-Ray machine and takes his X-rays, leaving him with glowing radiation; Luan dressed as a doctor with a clown nose and Luna bandaged him up real tight; Lincoln muffles and Luan removes the bandages covering his mouth so he can breathe.]

**Lincoln:** "Phew."

**Leni:** [carrying a bowl of piping hot soup] "Here comes the airplane!" [spills it all over Lincoln's crotch] "Oopsie."

**Lincoln:** [agonized] "AAAHHH! IT BURNS!" [as Leni walks off screen embarrassed.] [Luna and Luan bandage up his crotch; end flashback.]

**Lincoln:** [holding up a finger with a bandage wrapped around it.]

"And that was just a paper cut!"

Me: Okay I stand corrected.

**Clyde:** "Well, then, you'd better get that gum out. You wanna look intimidating for that bully."

**Lincoln:** "I was born intimidating." [tries to pull it out, but it's too grody to touch for him.] "Ew, ew! Gross!"

**Clyde:** "You know, peanut butter will get that gum out."

**Lincoln:** "Should I use chunky or smooth?"

**Clyde:** "Well, if you use chunky, you're gonna have to use smooth to get the chunks out."

**Lincoln:** "Good point. Thanks, pal."

---

[Lincoln goes into his house and looks around to see if any of his sisters are lurking; the coast is clear and he steps in and puts his backpack on the floor; just then, a news broadcast weather board appears next to him with his face in the sun.]

**LHN 6 LIVE**

WEATHER REPORT: CLEAR SKIES

LINGERING BUTT-INS

KEEP UMBRELLA HANDY

**Lincoln:** "The National Weather Service reports clear skies with only a 20% chance of meddling sisters. But we advise keeping your umbrella handy."

Me: Good Thinking.

[Lily is playing with some of her toys and notices Lincoln coming in.]

**Lincoln:** "Shh…" [steps on a squeaky toy and lifts his foot up with some squeaking aftershocks from said toy.]

**Lily:** "Shh…"

Me: Shh…

**Lincoln:** "Shh…" [sneaks off]

Laney: Why are we shushing? [Lincoln jumped]

Lincoln: [Nervously] Uh, Laney! What are you doing here?

Laney: I always read my book in the living room. And why do you have gum stuck in y-

Lincoln covered her mouth before she could say anything else

Lincoln: Shhh! [whispers] Please don't tell the others! I got bullied at school and I don't want anyone else to know! You know how my sisters can be when it comes to these problems.

Laney: [whispers] Oh I do. One time they found out I was being bullied at my school and they tried to help me stand up to him. And their meddling was so critical, it almost gave me whiplash!

Me: [whispers] That's awful Laney. Just a forewarning Laney, I have this powerful vigilante complex. It comes out whenever one of my friends are being threatened.

Laney: [Whispers] I understand J.D. Thank you for telling me.

Me: [whispers] You're Welcome.

Lincoln: [Whispers] So you won't tell?

Laney: [Whispers] Not a soul.

Me: [whispers] We owe you one Laney.

Lincoln: [Whispers] Great! Now where can I find some peanut butter?

Laney: [Whispers] In the Fridge.

Me: [Whispers] Thank you Laney.

**Lori:** [from the other room] "Hold it right there!" [Lincoln thinks Lori has spotted him, but she's really talking to a friend of hers on her phone.]

**Lori:** "He wore cargo shorts on your date? That is literally the worst thing I have ever heard."

Me: That was close.

**Lincoln:** "Phew." [sneaks into the kitchen and gets to the fridge and looks for the peanut butter.] "Peanut butter, peanut butter… where's the peanut butter?"

Me: (Hears Luna singing) (Whispers) Luna's Coming! [Luna comes in humming a tune and Lincoln hides the gum by sticking his head in one of the crisper drawers.]

**Luna:** "Hey, bros.

Me: Hey Luna.

**Lincoln:** "Hey, Luna. What's the haps?"

**Luna:** [seeing Lincoln's position] "Rad way to chill out, bro."

**Lincoln:** "Right. Totally rad."

**Luna:** "Hey, hook me up with some pudding."

**Me:** Let Me get it for you. [feels around for a pudding cup and touches a piece of broccoli.] Hmm Broccoli [Takes a piece of broccoli, finds a pudding cup and hands it to Luna.]

**Luna:** "Thanks. Stay cool." [leaves]

Me: Rock on Dudette! (Makes Rock on Hand Sign) [Eats the Broccoli' **as Lincoln gets his head out of the crisper drawer with a head of cabbage on the gum and shakes it off; he finds the peanut butter jar.]**

**Lincoln:** "Peanut butter!" [opens the jar and discovers that it's empty; frustrated.] "Ah! Why do people put empty jars back in the fridge?!" [puts it back in despite what he just ranted about]

Me: It's a bad habit of some people. [I take the empty peanut butter jar and throw it in the trash]

Lincoln: "I need a Plan B."

**Lori:** [still on the phone] "Socks and sandals? Cut it out!"

**Lincoln:** ""Cut it out." That's it!" [sneaks past Lori] Hey, Laney, where do we keep the scissors?

Laney: In mom and dad's room.

**Lori:** "Now that is literally the worst thing I have ever heard." [Lincoln sneaks into his parents' room and grabs a pair of scissors to cut the gum out with; as he makes his way to the staircase, Luan is coming down]

Me: [whispers] Luan's coming!

[Lincoln sticks the gum to the wall to hide it.]

**Lincoln:** "Hey, Luan."

**Luan:** "Hey, Lincoln. Hey J.D. What do you think of this joke? "If I were you, I'd go for the baboon!""

**Lincoln:** [puzzled] "I don't get it."

Me: That one I don't get.

**Luan:** "Oh. Well, that's just the punchline. I still gotta think of the setup."

Me: You'll think of it Luan. After all you're the funniest person I know. Oh that reminds me. What do you call 2 Bananas?

Luan: I don't know. What?

Me: You call them a pair of Slippers! (Rimshot) (Luan and I Laugh)

Luan: (Laughs) Good one J.D. That one had lots of AP-PEAL! (Rimshot) (Me and Luan Laugh some More)

Lynn Sr.: (Offscreen) [Laughs] Good ones you two!

Me: Thank's Mr. Lynn. [Luan Walks away and We heads up the stairs and make it to the door to Lincoln's room, but his mother calls Lincoln.]

**Rita:** [off-screen] "Lincoln, honey! I need you to take out the trash!"

**Lincoln:** "Okay, Mom! Five minutes!"

**Rita:** "Not five minutes! Now!"

**Lincoln:** "I will! Just give me three minutes!"

**Lynn Sr.:** "Lincoln, listen to your mother!"

Me: I'll Take it out for you Lincoln.

Lincoln: Thanks J.D.

I take the trash can out to the backyard and I put a trash can lid on my head. Then Leni comes out.

Me: Hey Leni.

**Leni:** "Hey, J.D. Is my desk lamp in there? I can't find it anywhere."

**Me:** [Opens the trash can and doesn't see it] Nope. Have you tried looking on your desk in your room?

**Leni:** "So smart!" [sees the lid on my head] "What's up with that hat?"

**Me:** "Oh, this?" [striking a few poses] "I used to wear trash can lids as hats when I was a little kid. It's funny.

**Leni:** [inspired] "Hmm…"

I Rush up to Lincoln's room and find him talking to Lisa.

**Lisa:** "Greetings, human. There's Liquidambar Styraciflua in your follicular area."

**Lincoln:** "A what in my who now?"

**Me:** She means you've got gum in your hair Lincoln. Hey Lisa. You need some help with any scientific experiments today?

Lisa: Unfortunately no J.D. but thank you. Now back to Lincoln.

**Lincoln:** "Oh, yes. I'm sure it's just-"

**Lisa:** "I assume that being of average intelligence, you didn't place it there yourself. Therefore, I can only deduce that someone has been picking on you."

**Lincoln:** [begging his genius sister] "Lisa, please! You can't tell! I don't want everyone getting involved."

**Lisa:** "Don't worry. I do not have enough room in my brain for this kind of tomfoolery." [walks away]

**Lincoln:** "Phew." [enters his room]

* * *

[Lincoln takes out the scissors and snips the gum out.]

Me: I sense a disturbance in the Force, Lincoln. Lisa will tell your sisters and they will come up here in 3… 2… 1…

[But just as Lincoln's about to dispose of the gum, Lynn kicks the door open with every sister there.]

**Lynn:** "You're being picked on."

Laney: I didn't tell them Lincoln. I swear!

Me: I know you didn't Laney.

Lori: Wait! You knew about this?!

**Lincoln:** [irritated] "Lisa, I thought you weren't going to say anything."

**Lisa:** "No. What I said was I did not have room in my brain for your secret. Hence, I removed it and transferred it to Lynn, whose brain apparently has ample room."

**Lynn:** "Thanks." [beat] "Hey!"

Me: No Lynn, she didn't mean that as an insult. She meant that your brain has enough space to store more information. Because your brain needs alot of knowledge. When your body grows your mind changes and your brain is always learning. Because Knowledge is Power.

Lisa: Precisely.

Lynn: Oh. Thank you.

Me: You're Welcome.

Luan: Now Back to Lincoln

**Luna:** "So, you are being picked on."

Leni: I bet it was the same jerk who bullied Laney!

**Lincoln:** [nervous] "Of course not!"

Me: (Angry) If it was then I'd pulverize him into a pulpy pancake! (Calms Down) See Laney? That's my vigilante complex.

Laney: I see what you are talking about J.D.

Lana: That is cool J.D.!

**Luan:** "Back to Lincoln. [points to the gum] Then what's that in your hand?"

**Lincoln:** "That's just my gum." [chews it trying to cover it up but obviously disgusted by it.] "Mmm… watermelon lime. AND HAIR!" [Lincoln coughs it out]

Me: Blech!

[the girls start demanding him to let them help him.]

Laney: Please girls! Don't help Lincoln! You'll only make it worse!

**Lincoln:** [begging them] Please stay out of this! You'll only make it worse!"

**Lori:** "If by worse you mean better, I agree."

**Lola:** "You should go straight to the school principal!"

Me: That's the mature choice Lola. Thank you. We should've done that before we came home though.

Lola: Oh. Well it's too late now and you're welcome.

**Lori:** "Forget that. You should literally text an embarrassing picture of him to all his friends."

**Luan:** "I'm gonna write an insult comedy routine that will leave him in tears!"

**Lynn:** [flips at Lincoln] "HOO-WAH!" [I Block a Kick meant for Lincoln] "Good defense J.D. Basic stealth ninja kick. That's how you're gonna take him down."

Me: Thanks Lynn. You have quite the fighting spirit. But Lincoln is not gonna fight.

Laney: I-I-I-I-I-I-I-I-I-I-… [Smoke begins puffing out of her ears; her eyes started spinning around]

[Lincoln gives us an update on the weather of his life with storm clouds coming in over his face.]

**SISTERNADO WARNING: CATEGORY 1 BUTTING IN**

Bad advice

BREAKING NEWS: FIRST ALERT SEVERE SISTWISTER THREAT

**Lincoln:** "Well, folks, the National Weather Service has just released a Category 1 Sisternado Watch. We advise boarding up your windows and preparing your emergency supplies."

[Lynn suddenly grabs me and has me in a hold.]

**Lynn:** "That's the camel clutch. Another good option for ya."

Me: [Grabs Lynn and reverse twist and pins her to the floor] Not bad Lynn. But I'm a 9th degree Black Belt. I'm impressed though.

Lynn: Thanks J.D.

**Luan:** "We'll start with some basic dumb jokes. Like, "You're so dumb you locked yourself inside your car." That kind of thing."

Laney: [Stammers Gibberish]

**Lola:** "Ooh I know! I'll invite him to a tea party and make him use the chipped cup!" [has a sinister smile with a sinister sting to accompany it] "I'm so evil, sometimes I scare even me."

Me: You're gonna have to do better than that Lola. [I notice Lynn standing in a strange pose.] "What are you doing?"

**Lynn:** [pulls my shirt over my face] "SURPRISE MIME ATTACK! I invented that one myself."

Me: Nice. Clever sneak attack!

**Lincoln:** "Lynn, I'm not going to fight. I-"

**Lynn:** "Ugh! Fine! I'll take care of this myself." [walks off]

**Luna:** "You should do this!" [I cover my ears as Luna slams a pair of cymbals right in Lincoln's ears] "His ears'll be ringing for days!"

**Luan:** "Ugly jokes are always good, too. Like, "You're so ugly, you have to trick-or-treat over the phone!""

**Lincoln:** [his ears still ringing] "WHAT?!"

Laney: [continues to stammer gibberish]

[Lynn returns with a boy and is carrying him by the seat of his pants.]

**Lynn:** "Look! I found him!" [The girls surround him and are not very happy with him.]

**Lori:** "How dare you bully our brother! Only we get to do that."

**Lana:** [spits the gum right into Lincoln's hand] "Smoosh your watermelon lime gum in his hair, Lincoln!" [sees Lincoln is too hesitant to do it] "Fine. I'll do it."

**Lincoln:** "Wait! Stop! This guy isn't my enemy! Although, thanks to you, he probably will be now." [The boy growls at him for what he's been put through.]

I look right into his eyes with pure hate and growl at him and bear my teeth at him in a ferocious manner.

Me: [Threateningly] Don't even think about it you chump! (Roars like a Tiger at the boy)

The boy was so scared that he peed his pants.

**Lynn:** "Whoa! That was awesome.

Me: Thank's Lynn.

Lynn: [kicks the boy out] "Why are you still here?"

**Lana:** "I can't believe I almost wasted perfectly good gum on him." [takes gum back and chews it]

**Lynn:** "I'll go get another boy." [proceeds to do so]

**Lincoln:** "No! Lynn, stop! IT'S NOT EVEN A BOY!" [Lynn suddenly stops surprised at that fact and the others are perplexed.]

**Leni:** "Is it a dog?"

**Lincoln:** [sighs] "It's a girl…" [The girls are flabbergasted and gasp to hear the news, but then, all of them except Lisa start squealing with delight. All Laney did was faint]

**Lincoln:** [perplexed] "What?"

Me: Okay why is everyone squealing like a bunch of giddy fangirls?

[All the girls except Lisa give him a big group hug and suffocate him.]

**Lisa:** "Normally, I don't care for inane human emotions, but…" [squeals just as delighted as they did and joins the hug.]

**Luna:** "Lincoln! Why didn't you tell us you had a girlfriend?"

**Lola:** "She sounds so pretty."

**Lincoln:** [suffocating] "What is happening?" [They all release Lincoln from their hug.]

**Lori:** "When a girl picks on you, that only ever means one thing: she likes you~." [The girls all squeal again and Lincoln is just dumbfounded at this explanation.]

Me: I always thought that was nothing more than a fairy tale. Her name is Ronnie Anne Santiago.

Lori Gasped when she heard that name.

Lori: Bobby's little sister is picking on Lincoln and she likes him?

Lincoln: (to Lori) Your boyfriend's little sister is picking on me and you think she likes me?

Lori: That's right.

**Lincoln:** [Disbelieving] "That's ridiculous! She shoved a sandwich down my pants! I was picking sesame seeds out of my butt for days!"

Me: Ew! [The girls swoon over such a flirty prank.]

**Leni:** "So romantic…"

**Lori:** "That's a classic."

**Lincoln:** "You guys are nuts! She hates me! I'm gonna meet her today and give her a piece of my mind!"

**Lori:** "You need to give her a piece of your heart instead."

**Lincoln:** [scared] "WHAT?!"

**Leni:** "I think he needs to kiss her." [Lily makes kissy faces in agreement.]

**Lincoln:** [petrified] "WHAT?!"

Me: (Terrified) Uh-Oh!

**Sisters minus Laney:** "KISS HER! KISS HER! KISS HER!" [At that moment, as the girls continue chanting Lincoln to kiss his bully, they all start forming miniature tornadoes around them and merge together to create the Sisternado; a weather warning pops up with the tornados taking over Lincoln's space.]

**SISTERNADO RED ALERT**

BREAKING NEWS

S.O.S./TAKE COVER/#AAAHH!

**Lincoln:** "This just in from the National Weather Service! The Sisternado watch has been upgraded to a Sisternado warning. TAKE COVER IMMEDIATELY!"

**Sisternado:** "KISS HER! KISS HER!" [traps Lincoln inside] "KISS HER! KISS HER!" [Lincoln escapes]

Me: [I grab Laney] Lets run for the bathroom!

[We run into the bathroom to seek shelter]

Me: What's wrong with Laney, Lincoln?

Lincoln: She's having an episode.

Me: I've seen this before. This is stressful confusion overload.

I get a cup of water and splash her and she's cured.

Laney: What happened?

Me: You were having a stressful confusion attack because of your sister's overprotective meddling. I know you did your best to look out for Lincoln, Laney. The girls became the SISTERNADO and I brought you here in the bathroom for shelter.

Laney: Thank you J.D. You're a true friend. But I'm so embarrassed! I do that every time I get confused. I wanted to help back there, but I didn't know what to do. And… and I-I…

Me: (I put my hand on her shoulder) I'd do anything for my friends and it's alright. I know it can be hard live in a big family and there will be times where you don't have the solution to everything. But we will always be there for you and we will never give up on you. Because siblings and friends always know the right thing to say.

Laney hugs me.

Laney: Thank you J.D.

Me: Anything for a friend.

**Lincoln:** "[picks up his radio.] MAYDAY! MAYDAY! Clyde, do you copy?"

**Clyde:** "Roger. I mean, this is Clyde, not Roger. But yeah. Roger, it's Clyde."

Laney: What's Lincoln calling Clyde for?

Me: For advice. The girl that's bullying Lincoln is Ronnie Anne Santiago, Lori's boyfriends Little Sister and your sisters think that she's picking on Lincoln because she likes him.

Laney: I thought that was a fairy tale.

Me: I was thinking exactly the same thing.

**Lincoln:** [panicking] "My sisters have lost their minds! They think the bully likes me! They want me to kiss her!"

**Clyde:** "I don't know. Maybe they're right, Lincoln."

**Lincoln:** "My sisters are never right! All they do is meddle."

**Clyde:** "They're girls, Lincoln. They know more about these things than we do. It's a scientific fact."

**Lincoln:** "Yeah, but there's no way that-" [suddenly starts considering the possibility] "Wow. Me? You really think she might like me? How would I know?"

**Clyde:** "There's only one way to find out."

Me: Oh boy. I have a feeling that this is not gonna end well.

Laney: Lets go with him to support him.

Me: You read my mind. [Lincoln goes out to confront the Sisternado.]

**Sisternado:** "KISS HER! KISS HER! KISS HER!"

**Lincoln:** "Hold it!" [The Sisternado comes to a stop and the sisters turn back to normal.]

**Lincoln:** "So am I going to kiss this girl or what?" [smirks] [The girls sans Lisa squeal again.]

**Lisa:** "Again…" [squeals again]

---

**3:30**

**Lincoln:** "It's 3:30. Lola, lip balm." [Lola applies it] "Lana, breath mint." [Lana puts it in his mouth] "Let's do this." [heads on out to meet the girl of his dreams.]

**Lynn:** "Go get her, Romeo."

**Lori:** "You so got this, little bro."

**Lola:** "Aw, our little Lincoln."

**Lana:** "All grown up." [Lola hands Lana a tissue for her to blow her nose.]

**Leni:** [wearing the trash lid on her head having been inspired by me.] "All the bridesmaids should wear these hats at Lincoln's wedding. These are all the rage right now." [Lincoln, me and Laney step outside, Lincoln marches up to Ronnie Anne, and gives her a kiss.]

**Sisters:** [sweetly] "Aww…" [The bully, however, responds to this romantic gesture by **trying to punch Lincoln in the face and J.D. grabs Ronnie Anne's arm]**

Me: Ronnie Anne, please don't do that and hear us out. This was something that was not supposed to happen. Lincoln's sisters minus Laney here were totally overprotective of Lincoln and Laney and they were doing everything in their power to protect him and her.

Laney: You see, Ronnie Anne we have a big family. Lincoln's our only brother. 1 boy 11 girls, me included and it gets really overpowering.

Me: Also Ronnie Anne, bullying is wrong on so many levels. It destroys lives and tears families apart and Lincoln's sisters minus Laney thought that you were picking on him because you have a crush on him. That's not how it works. Bullying is still bullying. I've seen people lives ruined because of it.

Ronnie Anne started feeling guilty about what she has done to Lincoln and tears started welling up in her eyes and she bursted out crying and embraced Lincoln in a tearful hug.

Inside the Loud House, Ronnie Anne explained why she bullied Lincoln.

Ronnie Anne: You see, the reason I started bullying Lincoln is because ever since Bobby started dating Lori, whenever Bobby's not busy, he spends practically all his free time texting and making goo-goo eyes at Lori and barely spends time with me. So I figured if I pick on Lincoln, then Lori will be upset about it and break up with my brother permanently.

Rita: I understand, but this is not the way to go about it. Talk to Bobby and ask him to find some special time with you.

Lori: Mom's right. I understand and Bobby needs some free time with you.

Ronnie Anne: I'm sorry Mrs. Loud. I didn't mean any harm to Lincoln. I was just so fed up with Bobby spending more time with Lori than me.

Lincoln: It's alright Ronnie Anne. I forgive you. But I'm concerned that if anyone saw us together, they would make fun of me.

Me: Let them try. Because I'm not only Lincoln's best friend and brother figure. I'm also a protector for him. Because I will be his guardian angel. Watch this.

I show everyone my greatest gift. I spread black angel wings that are darker than the night. Everyone gasped at this.

Lincoln: J.D. You're an angel?

I nod my head.

Lincoln then hugged me and he was so happy.

Luna: Dude you are more awesome than ever.

I smile and make the Rock on Hand Sign.

THE END

Me: Wasn't that a great episode everyone?

Loud's: Yeah.

Me: Now Remember kids. It is never okay to bully someone. If someone you know is a victim of Bullying, do not hesitate to help. Get an adult to help as well.

Lori: You can make a difference in the fight against bullying.

Laney: Friends are always there for you even in rough times.

Me: You have the power to make sure bullies never win. Until next time. Stay tuned to another great episode of the Loud House

EVERYONE: Good-Bye!

# The Butterfly Effect

The scene opens up on an exterior shot of the Loud House on a sunny day; Lincoln leaps out of his room to perform for the viewer.]

**Lincoln:** "Watch in awe, as The Amazing Lincoln displays his unbelievable yo-yo skills! I shall now "walk the dog"!"

[Charles enters the scene, carrying a leash in his mouth.]

**Lincoln:** "Not you, Charles. I meant the yo-yo."

[Charles wimpers, and he walks out of the scene; Lincoln does his "walk the dog" trick.]

**Lincoln:** "I shall now go "AROUND THE WORLD"!"

[Charles enters the scene, carrying a suitcase.]

**Lincoln:** "Sorry, still talking about the yo-yo."

[Charles whimpers, and he walks out of the scene; Lincoln attempts to do the "around the world" trick, but the yo-yo flies off his finger, ricochets around the hallway, and flies into Lisa and Lily's room, causing a crash.]

**Lincoln:** [nervous] "The Amazing Lincoln will now take a brief intermission."

[Lincoln and Charles look into the room, and they see that the bottles on Lisa's desk have been broken, with their contents spilled.]

Laney: Lisa, whatever experiment you're doing do you think you can keep it down a - [Laney sees the mess in Lisa's room and gasps] Lincoln! What have you done!?

Lincoln: Uh, I was doing a yo-yo trick and then it smashed right into Lisa and Lily's room! It was an accident, I swear!

Laney: Well accident or not, you need to tell Lisa what happened.

Lincoln: Are you kidding me?! You know what she'll do if she ever finds out?!

Laney: I'm sure it won't be that bad…

[flashes into Lincoln's imagination, where Lisa observes the damage in a dark, stylized environment.]

**Lisa:** [turning red with anger, with her teeth sharpened.] "You've completely DESTROYED MY LIFE'S WORK! I DESPISE YOU, AND YOU NO LONGER EXIST TO ME!"

[a wall of fire burns in the background behind her, along with a Satanic cultist choir, as the scene flashes back to Lincoln.]

**Lincoln:** No! She musn't know about this!

**Charles:** [wimpers]

**Lincoln:** "Oh, come on, Charles. When did you get a conscience? I've seen you poop on the couch!

Laney: But Lincoln, you can't just walk away from something you've done! Not telling the truth can have dangerous consequences!

Lincoln: You worry too much Lanes. Besides, if I just walks away, what's the worst that can happen?"

[Charles glances at the viewers; Lincoln takes the yo-yo from the damage.]

**Lincoln:** "I'll just remove the evidence, and they'll be none the wiser."

[Lincoln, Laney and Charles walk out of the room; a drop of one chemical falls into a puddle of another chemical, causing an explosion that raises the roof.]

I was walking to the Loud House when I saw the explosion.

Me: Whoa!

I rush into the Loud House worried.

---

[transitions to Lisa, who is examining the damage on her desk.]

Laney: Is everything all right?

**Lisa:** "I am not quite sure. I don't understand what went wrong.

Laney: I wouldn't know…

Me: I saw the explosion and I knew something happened.

Laney: Yeah.

Lisa: Science is a fickle mistress."

[Lori is looking over a hole in the wall causes by the explosion, which leads to the closet in her's and Leni's room; Leni pokes her head through the hole.]

**Leni:** "Hi, Lori! Have we always had a window in our closet?"

**Lori:** "Ugh, it's not a window. Lisa's experiment blew a hole in the wall." [notices a picture frame peeking out from the other side.] "What's this?"

[Lori sees that the frame contains a signed photo of Bobby.]

**Lori:** "' **To my bodacious babe'?** Leni, why is this picture Bobby hidden on your side of the closet?"

**Leni:** "Oh, there is it is! That was a surprise present from Bobby for your 88-day-iversary. He asked me to hide it for him, but I forgot where I put it."

**Lori:** "That anniversary was eight days ago, and Bobby gave me socks! I can't believe this! You're literally seeing Bobby behind my back! You are no longer my sister!"

**Lincoln:** [walks into the room] "Everything okay after that unexpected and totally random explosion that I know nothing about?"

[Lori shouts in anger, marches out of the room, and slams the door; a coat rack in the closet falls onto Leni, knocking her out; a shelf also tips over, causing several pairs of shoes to fall on her.]

Me: Ooh! Lets get her onto Lisa's bed.

---

[Leni opens her eyes as she regains consciousness on Lisa's bed; Me, Lincoln, Laney and Lisa are looking down on her.]

**Leni:** "What happened?"

**Lincoln:** "A shelf fell on your head."

Laney: You got hit in the head with a lot of shoes.

Me: Are you all right Leni?

**Leni:** "Of course! Everyone knows that an object falling at a velocity of 9.8 meters per second squared will result in a temporary loss of consciousness."

Laney: Why is Leni talking like Lisa?

**Lisa:** "I knew that. The question is, how did you?"

**Lincoln:** "Hey, I saw this in a movie once. I bet getting hit on the head altered Leni's brain and made her smart."

Me: I've seen this before too.

**Lisa:** "Lincoln, you seem unable to distinguish between scientific fact and preposterous Hollywood schlock."

**Leni:** "I don't get it."

**Lisa:** "See? Same old Leni. Can't even understand simple English."

**Leni:** [walks over to Lisa's chalkboard, which contains a complex equation.] "No, I don't get why you multiplied your "Z" polynomials before solving your non-negative integer exponents."

[Lisa looks over the equation, and gasps loudly as it dawns on her that Leni is right.]

**Leni:** "Now, if you'll excuse me, I'm off to disprove Newtonian physics. Buh-bye!"

**Lisa:** [collapses to the floor, crestfallen]" My world no longer makes sense."

Me: Lisa it's not the end of the world for you. You are a great scientist and no matter what you will always be a great scientist.

Lisa: Thank you J.D.

[Charles looks up and growls at Lincoln.]

**Lincoln:** "Don't you have a couch to poop on?"

---

[cuts to Lincoln finishing cleaning up the couch.]

**Lincoln:** "Charles, that was a rhetorical question!"

[Lynn enters the house, screams loudly, and pounds her fist against the wall; she hyperventilates as Lincoln walks up to her.]

Me: Lynn what's the matter?

**Lincoln:** "What are you so upset about?"

**Lynn:** "I just got kicked off all my sports teams because I'm failing school!"

Me: What? What happened?

**Lincoln:** "How could you fail? Doesn't Lisa tutor you?"

**Lynn:** "She used to, until she dropped out and got a job as a gas station attendant at Flip's Food & Fuel."

**Laney & Lincoln:** "She WHAT?!"

Me: Why would she drop out like that?

**Lynn:** "UGH, WITHOUT SPORTS, MY LIFE IS MEANINGLESS!" [kicks her soccer ball hard]

**Lola:** [walks down the stairs] "I present to you your new "Miss Cute and-" [the ball hits her in the face] "OH, MY NOSE!"

Laney: Lola! (Walks up to her) Are you okay?

[Lola looks into a mirror, and sees that her nose has severely swollen up.]

**Lola:** [gasps] "How can I be okay?I am a hideous… monster."

**Lincoln:** "It's not that bad, Lola."

**Lola:** "MY PAGEANT CAREER IS OVER!"

[Lola runs up the stairs, and she trips and falls on her face when she reaches the top.]

Me: Ooh! That must've hurt bad!

**Lola:** "OH, MY TEETH!" [cries]

Laney: [Turns to Lincoln] I told you there would be consequences for your actions! See how much trouble you caused!

[Charles looks up at Lincoln, and he shakes his head in disapproval.]

**Lincoln:** "Fine, I'll fix it."

Me: What did Lincoln do?

Lincoln: I'll explain on the way.

---

[I fly and Lincoln & Laney rides their bikes over to Flip's Food &

Fuel, and we see Lisa wearing a gas station attendant's uniform.]

**Lincoln:** "Lisa, why are you doing this?"

**Lisa:** "Flip's the only guy who will hire four-year-olds with no experience."

**Lincoln:** "No, I mean, why are you doing any of this? Come home. Lynn needs you!"

**Lisa:** "Why don't you get Miss Smartypants to help her!" [Leni drives up in a purple convertible.] "Speak of the Devil. Regular or unleaded?

**Leni:** [brandishes a certificate] "Oh, I don't need gas. I just won the Nobel Prize for inventing a car that runs on apple juice."

Laney: Wow, that's impressive.

**Lisa:** "Of course you did."

Me: That is amazing!

**Leni:** [hands Lisa a juice box] "Fill 'er up, please."

[Lisa opens up the fuel tank, and squirts the box's contents into it.]

**Lincoln:** "And then we'll all get in Leni's juicemobile, go home, and forget all this nonsense."

**Leni:** "Can't! I'm off to Harvard! Au revoir, adios, auf Wiedersehen, and aloha!"

**Lisa:** "A-HA! "Aloha" means "Hello"!"

**Leni:** "It also means "Goodbye"!" [speeds off]

**Lisa:** "Dang it. I used to know that."

[Flip, the owner of the station, opens a window and calls out to Lisa.]

**Flip:** "Hey, Chatty Cathy, BACK TO WORK!"

Me: No Flip you Cheapskate! She's coming home with us and we're gonna get everything on track again!

Flip: She belongs to me! She will work until I tell her to stop for my money!

Me: We'll see about that! As of right now Lisa's quitting!

[the station's payphone rings; Lincoln answers it, and he hears barking on the other end.]

**Lincoln:** "Hello? Charles? She's WHAT?! Alright, I'm on my way!"

Laney: Who was that?

Lincoln: That was Charles! Lola's trying to move out!

Laney: WHAT?!

Me: WHAT?!

Laney: How can a dog use a phone?

Me, Lincoln and Laney run back to the Loud House.

---

[Lincoln enters Lola's room, holding an ice pack.]

**Lincoln:** "Look who it is, Miss Soon-to-heal."

[Lola, who is trying to stuff a bunch of clothes into a suitcase, turns to Lincoln; she still has her swollen nose, and all but one of her teeth are gone.]

**Lola:** "WHAT DO YOU WANT?"

**Lincoln:** "AAAAAHHH!

Me: Jumping Knife Blades!

Lincoln: I mean, you're looking better!"

**Lola:** [with a lisp] "Oh, nice try, Lincoln, but I am out of here!

Laney: Lola, you're making a big mistake!

Lola: The only mistake I'll ever make is staying here where I'm constantly reminded of my former self!" [looks up, sadly, at old photos of herself.] "My beautiful, beautiful self."

**Lincoln:** "But… But…"

[Lola struggles to pull her stuffed suitcase, and the handle breaks off, causing her to fall on her face and black both her eyes.]

**Lola:** "I'll send for this!" [grabs the ice pack, puts it over her eyes, and walks out into the hallway.]

**Lincoln:** "Lola, wait!"

[Lincoln tries to run for her, but he bumps into a plastic bubble containing Lana.]

Laney: Do I have to ask?

**Lana:** "Careful guys. You could get seriously injured!"

Me: Lana? What are you doing in a plastic bubble?

**Lincoln:** "Yeah Lana, what are you doing in there?"

**Lana:** "I saw what happened to Lola. Life is a fragile thing. I don't want to take any risks."

**Laney:** But I thought you liked taking risks

**Lana:** "Not anymore. From now on, I'll stay in here, where it's safe! You know what I'm talkin' about, huh, Geo?"

[Geo rolls by in his hamster ball.]

**Lincoln:** "Lana, you can't be serious!" [Lana rolls past him] "Lana?!"

[We suddenly hears Luna singing.]

**Luna:** [singing] "Things have gotten drastic / Now, my sister lives in plastic / Where did it all go wrong?"

**Lincoln:** "Luna?

**Luna:** [shows Lincoln a laptop] "Check it, bro. I uploaded a song I wrote about our family going down the Highway to-HELLO! I just got fifty more hits!"

Me: That's rockin' dudeette!

[the ceiling breaks open, and Mick Swagger descends, holding into a rope ladder from a helicopter.]

**Luna:** [gasps] "Mick Swagger?!"

Me: Mick Swagger! Awesome!

**Mick:** "Your singing is amazing! You gotta join my tour"! [holds Luna's hand and Laney hugs Luna tight]

Laney: Please don't go! This family is falling apart!

**Luna:** "Sorry sis, Luna is IN!"

[the rope goes up though the hole in the ceiling, carrying both away.]

Laney: NO!

**Luna:** [from the helicopter] "SORRY, DUDE!"

[the helicopter flies away]

Me: This is awful. This is getting out of hand really fast!

Laney: Everyone of my sisters are going away… (Tears begin to flow)

Lincoln: Laney? Are you- (Laney looks at Lincoln angrily)

Laney: THIS IS ALL YOUR FAULT! (Runs off)

Lincoln: Laney wait! Oh no!

---

[Lincoln and me go into his room, and he decides to contact Clyde with his walkie-talkie.]

**Lincoln:** "Clyde, this is Lincoln! Come in! I've got a Code Blue!"

[the screen splits in half to show Clyde's location.]

**Clyde:** "Code Blue?! You did something wrong and lied about it, and now everything is all messed up?!"

**Lincoln:** "Affirmative! Can you come over?!"

**Clyde:** "Negative. I've got a Code Green!"

**Lincoln:** "You showed up to school in your underwear?"

**Clyde:** "No, that's Code Orange? Hang on."

[Clyde's is revealed to be skydiving with Lori, and he takes a picture of them with his camera phone; Lincoln gets the picture via text message on his phone, and he jumps up in surprise.]

**Lincoln:** "SWEET MOTHER OF… What are you doing with Lori?!"

**Clyde:** "I've been trying to tell you! A Code Green; Lori broke up with Bobby, and I'm the rebound guy!"

**Lori:** "Happy eight-minute-iversary, Snookie-Booboo-Sugarbear."

[Clyde leans in for a kiss, but Lori deploys her parachute, causing Clyde to kiss a flying bird instead.]

**Lincoln:** [gags and throws away the walkie-talkie.] "WHAT IS HAPPENING TO MY FAMILY?!"

Me: It's being destroyed that's what.

[Luan shows up, solemn and depressed, and knocks on Lincoln's door.]

**Luan:** "Knock-knock."

**Lincoln:** "Who's there?"

**Luan:** "This is not a joke, Lincoln. Do you know what's going on in the world? Here, take Mr. Coconuts. He just reminds me of all the trees being cut down in the rainforest."

**Lincoln:** "Wait, Luan, what brought this on?"

**Luan:** "Well, ever since Luna left, I've had no one to try my jokes out on. So, I've been watching a lot of cable news, and what I've seen is horrific. So, I've decided to become… an ACTIVIST!"

Me: Luan that's crazy!

**Lincoln:** "Don't be ridiculous! You're a comedian!" [takes out a pie and throws it into his face.] "See? Funny, right?"

[a horde of wild animals stampedes past Lincoln.]

**Lincoln:** "What the heck was that?!"

**Luan:** "They're just Lana's pets. I liberated them. And now, I'm off to heal this ticking time bomb we call Earth."

**Lincoln:** "Wait, Luan, you can't be serious!"

[a monkey appears, spooking Lincoln, and it takes Mr. Coconuts.]

* * *

[the monkey and a big snake are in the living room; Lincoln chases Izzy, who hides under the couch.]

**Lincoln:** "Get back here, Izzy!"

[the snake hisses at him, and hides behind the couch.]

**Lincoln:** "Izzy, come to Uncle Lincoln!"

Me: And uncle J.D.

**News Reporter:** [on the TV] "And now, for tonight's top stories. Former rising star Luna Loud was kicked off the Mick Swagger tour for destroying a hotel room."

[the news cut to footage of Luna screaming amidst the wreckage of her hotel room.]

**Luna:** [in a British accent] "ALL I WANTED WAS A BLEEDING PILLOW MINT!"

**Lincoln:** "Luna?"

Me: That's like what happened with the band "The Who".

Lincoln: What happened J.D.?

Me: In 1967, The Who trashed their whole Holiday Inn hotel room and were banned for life from it.

Lincoln: That's very similar.

**Reporter:** "In a related story, former comedian turned activist Luan Loud has chained herself to a giant redwood tree."

[the news cuts to footage of Luan chained to a giant redwood tree, while onlookers record her with their mobile devices.]

**Luan:** [chanting] "Hey-hey, ho-ho! Keep your hands off, let it grow!"

Me: That is suicide!

**Lincoln:** "Luan?!"

[Izzy, the snake, and the monkey join him in viewing.]

**Reporter:** "I'm being told we have breaking news."

**Lincoln:** "Please don't be one of my sisters!"

[the news cuts to a reporter on the scene at Flip's Food & Fuel, with Lisa drinking a "Flippee" ice drink right next to her.]

**Reporter:** "Tucker, I'm here at Flip's Food & Fuel, where two unknown bandits have just made off with a carload of beef jerky and a cotton candy machine!"

**Lisa:** "They're not unknown, they're my sisters." [sips] "Their betrayal hurts more than this brain freeze."

**Reporter:** "I'm getting word that the bandits are currently leading police on a slow-speed chase!"

[cuts to an army of police cars chasing Lola's kiddie car through the desert; Lola, her face now covered in bandages, is driving, while Lynn is in the passenger seat, eating cotton candy.]

[Lincoln and the animals look on in shock; Izzy, Lincoln, and the monkey take on the familiar "wise monkey" poses.]

**Lincoln** "WHERE DID IT ALL GO WROOOONG?!"

Me: That's like the 1991 movie "Thelma & Louise"!

Lincoln: What's that about?

Me: It's about these two best friends and they go on a cross-country crime spree. They did horrible crimes and then in the end the police cornered them and they knew that they were gonna go to prison for the rest of their lives and in one last act of desperation they drove off the edge of the Grand Canyon and killed themselves.

Lincoln: (Shocked) WHAT!?

**Reporter:** "One has to wonder, where did it all go wrong for these girls? And why is a four-year-old working at a gas station?"

[Flip takes hold of the camera.]

**Flip:** "Interview over! Wait, don't forget to come down to Flip's Food & Fuel, home of the Flippee! Now the interview's over." [puts his hand over the camera.]

Me: What a cheapskate and a selfish skinflint! That's why I'm gonna report him to the Michigan Better Business Bureau.

[Lincoln turns off the TV; Lucy suddenly appears next to us.]

**Lucy:** "I was watching that."

**Lincoln:** [screams and jumps up in terror] "Lucy! At least you're still normal!"

[Lucy looks toward Lincoln, and smiles wide to reveal a pair of vampiric fangs as she hisses.]

**Lincoln:** "D'AAH! NOT NORMAL!"

Me: VAMPIRE!

**Lucy:** I was bitten by Lana's liberated vampire bat! Greatest! Day! EVER!" [turns into a bat and flies away.]

Me: Lucy's dream is to become a vampire.

We then see Laney by the couch.

Lincoln: Laney! Oh thank goodness you're okay! (Laney began to float up in the air) Not okay!

Me: Whoa!

Lincoln: What happened?

Laney: Well, I ran into Lisa's room to see if Lily's okay. Then I slipped on some of Lisa's Chemicals and the next thing I knew I got superpowers!

Me: That is awesome!

Lincoln: Yeah. What kind of superpowers?

Laney: Mostly flight… (Lifts up the couch)

Me: (Awestruck) Whoa!

Laney: And Super Strength.

Me: Incredible!

Lincoln: How is this possible?!

Laney: You're asking me? After your little accident made all this possible?

Me: Laney you'd better stay with us so we can help you. I would be more than happy to train you.

Laney: I'd like that J.D. I'll stay here.

**Lincoln:** Thank you Laney and I'm so sorry.

Laney: I know Lincoln.

They hug.

Lincoln: "Nine sisters lost, but there's still one I can save!"

Me: Lets go.

---

[Me, Lincoln and Laney enters Lisa and Lily's room, and he looks into Lily's crib; he finds that she is not in it.]

**Lincoln:** "Lily?"

Me: Where is she?

[the roof is lifted up from outside by Lily, who has grown to gargantuan size; she looks down at Lincoln, and she giggles.]

**Lincoln:** "LILY!"

Me: HOLY SAUSAGE LINKS! SHE'S HUGE!

[Lincoln sees a trail of Lisa's chemicals leading from her desk to the crib.]

**Lincoln:** "Oh no, Lisa's chemicals! What have I done?!"

**Lily:** "Mmmm… yum yum!"

[Lily reaches down for Lincoln as he tries to run away; he gets caught, and Lily opens her mouth.]

**Lincoln:** "DON'T EAT ME, LILY!"

Lincoln screams as Lily lifts him toward her mouth; his open mouth fills the camera, turning the screen black. But then when she was about to eat him, she stopped giving a yip of pain. She then dropped Lincoln and suddenly started shrinking down. Lincoln landed on Lisa's bed relieved but confused of what just happened. He just laid there for a moment collecting himself when Lisa still wearing her gas station attendant's uniform entered carrying Lily who was back to her normal size. Lincoln sits up seeing them.

Lincoln: Lisa! Your back!

Lisa put Lily back in her crib. She then gave Lily a band-aid on her left heel and a lollypop which made her happy. She then showed a makeshift syringe gun.

Me: What made you come back?

Lisa: I heard the ruckus all the way from Flip's and ran over to see what was happening. When I saw that Lily gained the size of a titan, I figured it was because of my chemicals and quickly whipped together an antidote with whatever I could find in the garbage.

Laney: You arrived just in the nick of time Lisa.

Lincoln then ran up and hugged her.

Lincoln: I could not be more grateful.

Lisa: I know. I can't believe I forgot how great I am at science. I should not have let Leni suddenly getting smart get to me. Just cause she pointed out one mistake I made in a formula doesn't mean she became smarter then me. I mean I could make a apple juice car if I wanted.

Lincoln: So you're back to being your old self?

Lisa: (nodded) It's what I really enjoyed. Working for Flip was miserable.

Me: I know. That idiot is a cheapskate and he only cares about no one other than himself.

Lincoln: Also, you don't really need a job at your age.

Laney: Yeah.

Lisa: That too. Of course I'm keeping the uniform. It's surprisingly resistant to corrosive substances and that could be useful.

Later, Me, Laney, Lisa and Lincoln were cleaning up the chemical spill around and on her desk.

Lincoln: Done. Not sure what we will do about the roof being ripped off.

Lisa: I think we can hire someone to fix it. (sigh) If only my experiment didn't explode for some unknown reason.

Lincoln felt guilty and he saw Charles in the doorway shaking his head.

Me: Lincoln I think you'd better come clean.

Lincoln: Yeah. (sigh) Lisa, I gotta come clean. I was the cause.

Lisa: (shocked) What?!

Lincoln: I was playing with my yo-yo, and it got out of control, and it wrecked your experiment, and I'm really, really sorry!

Lisa: Well you should have told me in the first place!

Lincoln: I know. I didn't think it would cause so many chain events to tear our family apart .

Lisa: I would not even have been mad at you to be honest. I would have even hugged you in joy.

Lincoln: (confused) Huh?

Me: (Confused) What?

Lisa: You would have proved my hypothesis. Your recklessness would be the one variable my ridged-controlled experiment sorely needed.

Lincoln: (shocked) Seriously!? That means… I had nothing to worry about if I told the truth in the first place! I could have avoided having my family split apart.

Lincoln was overtaken by guilt and fell to his knees with tears coming out of his eyes. Lisa went up to him and wipes the tears.

Me: Lincoln it's not your fault.

Laney comforted him.

Lisa: It's OK Lincoln. No one would have guessed all this would happen. Sometimes our actions have unforeseen consequences no one can predict. All we can do is learn from them and move on.

Lincoln: (crying) But… how can I live with the guilt that our sisters are…?

Then Lana rolled in screaming as her bubble smashed into a wall in the room. She then threw up in her ball.

Lana: Aw man! Hey! Can you guys help me out of this stupid ball?

Me, Lincoln and Lisa then helped opened the plastic bubble and Lana jumped out wiping the puke off her overalls.

Me: Lana! Are you all right? Boy, you're a mess.

Lincoln: I'm guessing the bubble didn't work out the way you planned.

Lana: Nope! When I wasn't rolling uncontrollably and getting nauseous, It was actually boring in there. I guess I missed the risk in my life. I mean it doesn't matter to me if I do end up like Lola. An ugly mug won't stop me from doing what I enjoy. Speaking of which, I should round up my animals and then get to fixing the roof.

Lana runs out to her room.

Lisa: Well I guess we did find someone to do that.

Laney: We sure did.

Then we hear the front door opening and hear Leni's voice.

Leni: Hello? Anyone still here?

Me, Lincoln, Laney, Lana and Lisa run downstairs to see Leni with her suitcase. She smiled seeing them.

Lincoln: Leni, you're back! But what about Harvard?

Leni: Funny thing is I got hit on the head again by a falling tree branch and suddenly I wasn't smart anymore. Like it just disappeared.

Lisa: (annoyed) That makes even less sense!

Leni: I know, right? Luckily, I'm not back to being a total idiot. I'm at least average intelligence. Also, being a genius was pretty boring. I'd rather stick with fashion.

She then kneels down to Lisa.

Leni: But I wanted to say I'm sorry, Lisa. I didn't mean to mock you for possibly being smarter then you. I guess it was because I realized how you used to mock me for being an idiot and wanted to get you back. It was not right to mock my own sister for any reason.

Lisa: It's OK, Leni. I was wrong to mock you too for being an ignoramus.

Leni smiled and hugged Lisa who hugged back.

Leni: Awww! You're sweet!

She then let's Lisa go and gets up.

Lincoln: Good for the both of you.

Leni: Thanks, Linky!

Me: Welcome back Leni.

Leni: Thank you J.D. Luckily, It wasn't a total loss cause I was able to sell the rights to my apple juice car for lots of money!

Laney: Wow!

Me: Way to go Leni.

Lincoln: How much?

Then Lynn and Lola walked in the door. Lola still had her face heavily bandaged.

Lynn: Enough to pay our bail for starters!

Lincoln was happy to see Lynn and Lola back that he hugged them. But then he let go realizing something.

Lincoln: Wait, didn't you guys just steal snacks? That doesn't seem like an arrestable offense.

Lynn: Well… it's also cause we resisted arrest and assaulted some of the officers with baseball bats. I mean we had nothing to lose at that point.

Lincoln: You still had us.

Lynn: Yeah, we forgot that at the time. We were just running from our issues when we should have stuck with our supportive family. Anyway, we are free now and Leni even has enough money left over to get Lola surgery to fix her face to the way it was.

Me: Let me fix that for you Lola.

I fire a blast of water from my hand and it enveloped Lola in a ball of water and fully healed her.

Lola: What happened?

I form a mirror of water and Lola was shocked.

Lola: I'M BEAUTIFUL AGAIN!

Lola hugged me with joy.

Lola: Thank you J.D.

Me: No problem Lola. Glad to have you both back.

Lincoln: That… Was… AWESOME! J.D. I didn't know you have water powers.

Me: It's one of my many powers.

Lisa: Lynn, I would like to say I'm sorry for abandoning you in your time of need. I can go right back to tutoring you and hopefully get you back on your sporting teams.

Lynn smiled hearing this and hugged Lisa tightly.

Lynn: You will?! Oh, Thank you! Thank you! Thank you, Lisa!

Lisa: (In pain) You're… crushing my epidermis!

Me: Lynn I'll talk this over with the police and get you a clean slate.

Then they see Vanzilla pulled in and out came Lori, Luna and Luan. Lincoln and the others were really happy to see them.

Lincoln: Guys, your back too!

Me: Lori, Luan, Luna! Thank goodness.

Laney: Big sisters!

All three walked up and Lincoln and Laney hugged them tightly.

Lincoln: So Lori, are you still… with Clyde?

Lori: Heavens no! I was literally only dating him to make Bobby jealous. Totally worked! I did let Clyde down gently and at least now he doesn't faint or do the robot thing to me anymore. The nosebleeds however still an issue though. Also, I'm sorry for getting mad at you, Leni. It was Bobby I should have been upset with since he didn't remind you to give me my gift.

Leni smiled and nodded.

Me: Glad you're back Lori.

Lori: Thank you J.D.

Lincoln: Hey Luna! Sorry it didn't work out with Swagger.

Luna: (looking down) Yeah, it was my fault for forgeting you're not supposed to wreck the hotel room until after you're a big star and you're able to pay for the damage. The irony is the pillow mint I raged over just fell off the pillow before I saw it.

We laughed a bit.

Me: (Laughs) Oops!

Luan: Man, I missed hearing you guys laugh.

Me: I missed hearing you laugh too Luan.

Luan: Thank you J.D.

Lincoln: What happened to being an activist, Luan?

Luan: Oh… I didn't know what I was doing. I knew nothing on how to fix the world's suffering. Also, that redwood tree I chained myself to wasn't even being threatened. It was actually in a tree preserve and I was made a laughing stock. Not in the good way I was used to. I think I'll go back to intentionally making people laugh because it's more enjoyable and leave the world's problems to people who know what they're doing.

Me: Good for you Luan.

Lincoln: You will need this then.

Lincoln handed her back Mr. Coconuts.

Luan: Great! Glad to see you again, Mr. Coconuts! (As Mr. Coconuts) Don't you give me that horse radish! You are to never abandon me again with Lincoln! His room smells like old socks!

We all laugh at this. Then Lincoln realized what Mr. Coconuts just said.

Lincoln: Hey!

Me: Sorry Lincoln. It's good to have Luan back and her jokes will always make us laugh. [To Luan] Hey Luan, Why are Tree Huggers bad at playing cards?

Luan: I don't know J.D.

Me: They like to avoid the flush. (Rimshot and Everyone Laughs)

Luan: (Laughs) Good one J.D.

Lincoln: (Laughs) That was a good one.

Laney: It's great that the family is back together.

That night, they all got together in the dining room and had Pizza for dinner. Then Lincoln got everyone's attention.

Lincoln: Everyone, let me just say I'm happy to have you all back and I'm sorry for causing all this crazy stuff to happen. I was so scared of Lisa getting mad that I tried to hide it and the situation got worse and worse as time went on. If I could go back and tell Lisa the truth about what happened to her experiment I could if it meant keeping my family together.

Sisters: Awww!

Lori: We forgive you, Lincoln.

Me: Fear has a really nasty way of causing people to do really strange things.

Laney: Yeah.

Luna: Plus, it wasn't all bad in the end. Even if I'm not with Mick Swagger anymore, I still got noticed by the public and my Eyetube channel is getting popular. I'll just keep making songs on there and become a bigger star that way.

Me: Good for you Luna. Besides you were rockin' today. (Makes the Rock On Hand sign)

Lynn: I know I'll get back to my sports eventually.

Leni: And I'm not stupid! Oh… And I'm rich!

Lynn: Lola I'm so sorry I kicked my soccer ball right into your face.

Lola: It's okay Lynn. (Threatening) But don't do it again or I'll make sure you never play sports again!

Lana: Hopefully when I'm done with the roof, we can put the bad stuff behind us.

Me: Yeah.

Laney: And I now have these awesome superpowers and who knows what else I can do.

Me: Chemical accidents are one of the most prominent causes of people getting superpowers in the comic books.

Laney: That's interesting.

Lincoln: Yeah. So everything is fine for you all? (They nod) That's good to hear.

Then a bat flew down next to Lincoln and suddenly turned into Lucy.

Lucy: You forgot me! (Everyone but me screams and jump in terror as a pipe organ plays)

Lincoln: Oh right! Lucy is still a vampire.

Me: Yeah.

Lori: Seriously?

Lucy: Yes. Thanks to Lana's vampire bat biting me.

Luan: That actually worked?

Me: I was shocked myself.

Lola: Ew! That is really creepy.

Lisa: After today's events, nothing surprises me anymore.

Lincoln: So… How is it going for you, Lucy?

Lucy: Awesome! Even better now that you guys are back.

Me: So how does it feel to be a vampire Lucy?

Lucy: It is awesome!

Lynn: No offense Lucy, but how do we know you won't try to suck our blood while we sleep?

Laney: That's what worries me.

Lucy: You don't need to worry for I would never do that to my own loving family. Also I heard it's a bad idea to drink blood of relatives as they become mindless ghouls or something. I'll find outlets for my need for blood. Of course it is gonna be awkward to explain to our parents when they come home.

Me: Also Lucy we'll find a way to help you avoid getting burned in the Sunlight and we'll minimize the garlic intake around you.

Lucy: Thank you J.D.

Lincoln put a arm around Lucy's shoulder.

Lincoln: Don't worry, Lucy. We got your back.

Me: Yeah.

Lucy: (Smiles) Thanks guys.

Me: Also Lucy I'm gonna stop by at a local blood bank from time to time and get you some fresh blood for you.

Lucy: Thank you J.D.

Lincoln: I can't believe that all this happened.

Me: Yeah. Have you all ever heard of something called the Butterfly Effect?

Everyone but Lisa was shaking their heads.

Me: The Butterfly Effect is a name for The Chaos Theory. When a butterfly flaps its wings over in China, a tornado will destroy a part of Kansas.

Lisa: Exactly. The Butterfly Effect is a dangerous thing. It can spell disaster for a part of the world.

Laney: That's exactly what happened today. We experienced the Butterfly Effect.

Lincoln: And my hiding of the truth is what almost caused my whole family to nearly fall apart.

Me: Yeah. But maybe we all learned a lesson from all of this.

So Me, Lincoln and the sisters enjoyed the pizza that night. Charles sat there in the doorway to the living and nods his head happy that things worked out.

THE END.

Another Fanfiction Complete.

I wanted to do this one for a while but I didn't know how to set it up. The Butterfly Effect was a strange episode. I found it to be a very interesting one and it was really freaky and cool. Kinghammer having Laney getting superpowers because of Lisa's chemicals was awesome. Also Thomperfan loves this episode more than any other episode. I did this to show my support to him. Also I'm sorry I didn't show Laney's powers to everyone earlier. It was a huge secret and more. Laney will have more than just plant powers now and it's gonna be awesome. But let me know what you all think. I'm still working on my Planets VS Evil series but I'm gonna take a break from that for a while.

See you all next time.

# Battle for the Sweet Spot

6:00 AM

Lincoln was in an extremely serious predicament. The Road Trip starts in one hour and Lincoln managed to find a seat on the van that he calls "The Sweet Spot" which is the middle far left seat in the family van, "Vanzilla" and Lincoln's sister minus Laney want it for themselves and it's now become a DEFCON 1 fight over it. Lincoln's sisters minus Laney and Lily were watching him like a hawk to make sure he doesn't get out before they do.

Lincoln was in his room pacing and Laney and Lily were sitting on his bed.

Lincoln: (To himself) This is Bad! I can't let them get that sweet spot. (Gets an idea) I know who can help me.

I am asleep in my bedroom and my cell phone rings and wakes me up at 6:05 AM.

Me: Hello?

Lincoln: J.D. it's Lincoln.

Me: Lincoln. What's up?

Lincoln: I'm sorry to call you so early, but I found this awesome seat in Vanzilla called the Sweet Spot.

Me: (Gasp) Let me guess, your sisters minus Laney and Lily found out about it and they want it for themselves.

Lincoln: That's exactly right.

Me: Say no more. I'm on my way. (Hangs up)

I grab my packed backpack for the roadtrip and put on my clothes and run to the door to get my shoes. Our butler Alfred comes. (No it's not Alfred from Batman)

Alfred: Master J.D. what are you doing up so early?

Me: Sorry to wake you Alfred but my friends over at the Loud House are having Sweet Spot trouble.

Alfred: Ahh. I see what's going on master J.D. Be careful. I'll let your mom and dad know.

Me: Will do Alfred and Thank you.

I put on my shoes and run out the door and spread my wings and fly towards the Loud House. I arrive in 5 minutes and tap on Lincoln's window.

Lincoln: (opens the window) Thank goodness you've come J.D.

Me: (I squeeze through) Anything for my friends. So what's going on?

Lincoln explains the situation with me and he opens the door and peers out and I listen.

Lynn: Don't even think about it Lincoln. I'm watching you.

Lori: Well I'm watching you

Lola: And I'm Watching you!

Lana: And I'm Watching you!

Lincoln closes his door.

Lincoln: Did you hear that?

Me: I sure did Lincoln. I believe you. Boy, this is worse than I thought. Once that clock hits 7:00 it's going to erupt into a full scale war.

The clock said 6:20 AM

Laney: I don't want my sisters to fight over a petty seat in the car.

Me: Have you tried talking to them, Laney?

Laney: Yeah, but they wouldn't listen to me.

I start thinking and I got an Idea.

Me: I have an idea. Lincoln, who are the nicest sisters other than Leni, Luna, Laney and Lily?

Lincoln: Lucy and Lana. Why?

Me: I'm going to send a message to Leni, Luna, Lucy and Lana telepathically.

Laney: (Amazed) You can do that?

Me: Yep.

Lincoln: That's amazing.

Me: Now I need to concentrate.

I sit in a lotus position and concentrate and send a message to Lana.

Me: (To Lana inside her head) Lana can you hear me?

Lana: (In her head) J.D. is that you? I can hear you but I can't see you.

Me: I'm speaking to you inside your head. I have telepathic powers as well.

Lana: (In her head) That is amazing.

Me: Thank you. Lana there's a reason why Lincoln wants the Sweet Spot in Vanzilla and it's not for himself. Let me show you why through images of the past.

An image montage played in Lana's mind about whats been going on to Lincoln in Vanzilla in different seats:

Lily: [Lincoln is seen reading his book. Offscreen, Lily's saliva gets on it. Giggling, Lily throws a beet, juice, and finally another beet at Lincoln. The boy is rendered unconscious.]

Lola & Lana: [Lola and Lana fight near Lincoln. The fight stops shortly with Lincoln looking messy]

The Springy, The Slanty, The Soggy and the Sticky Seats.

Luan: Plays silly jokes on Lincoln.

Lynn: Plays Auto-Attack and punches Lincoln several times.

Lisa: Complains about the dangers of car travel.

Lori: Throws up on Lincoln after texting Bobby due to Car Sickness which Luna calls her as THE PRINCESS OF PUKE.

And More.

Lana was in shock.

Lana: Okay I get the idea. Fighting over a seat is really dumb.

Me: I'm glad you know. I'm going to relay the same message to Leni, Luna, and Lucy.

Lana: Okay.

I did so and Leni, Luna and Lucy decided to let Lincoln and Laney have to sweet spot.

Lucy: (Inside her Head) Thank you for setting us straight J.D.

Me: (Telepathically) No problem Lucy. I already told Luan and Lisa and they don't want the Sweet Spot either.

Back in Lincoln's Room

Me: All right. The message has been delivered. Your mom and dad know too.

Lincoln: Thank You J.D.

7:00 AM

Lynn Sr. called everyone into the Living Room.

Lynn Sr.: Now our road trip to Grand Venture State Park is still on. However some of you are not going and are grounded until we get back.

Rita: If J.D. hadn't arrived in time we would've had to cancel the entire road trip completely and punish you all.

Me: I'm glad I was able to help Ms. Rita

Lynn Sr: What really astounded me was that J.D. has telepathic powers.

Me: There are lots of things you don't know about me Mr. Lynn.

Luan: Talk about a Mindreading experience! (Rimshot) (Me and Luan Laugh and the other siblings groan)

Me: (Laughs) Good one Luan. It was truly a Predictable moment! (Rimshot) (Luan and Me laugh)

Lynn Sr. and Rita laugh.

Lynn Sr.: Good ones you two.

Rita: Yes. Now the ones who are grounded are Lori, Lynn Jr. and Lola. Leni, Luna, Luan, Lincoln, Lucy, Laney, Lana and Lisa will be going on the round trip.

The mentioned Loud siblings not grounded cheered while Lori, Lynn and Lola walked away defeated.

After everything was loaded into Vanzilla, They were on their way. I was invited to go on the roadtrip and I accepted a while back.

THE END.

My 4th Fanfiction is completed.

I wanted to do a peaceful approach to the last couple parts of The Sweet Spot. I won't go into the details on how bad this could've gone had I not go with it.

You guys will see more of my powers in future stories.

I'm going to do a sequel to this story.

Until next time. This is J.D. signing off.

# Raw Deal

The Loud Family is driving in Vanzilla on their way to Grand Venture State Park

**Lana:** "Dad, are we there yet?"

**Lynn Sr.:** "Not yet, kiddo. A few more hours."

**Lana:** "Oh, okay." [beat] "Are we there yet?"

[Lincoln is looking at a guidebook of the place the family's visiting.]

**Lincoln:** [to the viewers] "Today, we're going to Grand Venture State Park, and it's gonna be awesome! We're gonna hike, and fish, and check out the caves…" [As he explains what they're gonna do, imaginary panels of him doing those activities appear.]

Me: Thank you for letting me come with you guys to Grand Venture State Park Mr. Lynn.

Lynn Sr.: You're Welcome J.D. You are going to love this place.

Me: I heard it's Michigan's version of Yosemite National Park in California.

**Leni:** "And I can't wait to see Pop-Pop!"

[Her siblings look at her confused.]

**Leni:** "The guidebook said there was an old geezer in the park."

**Lincoln:** "Geyser, not geezer. See? Here it is." [shows her the actual geyser in the guidebook.]

**Luna:** "I hope we get to see it blow. That would be rockin'!"

Me: That would be really cool!

**Lisa:** "I wouldn't hold my breath. It's been inactive for years."

**Leni:** "So, it is like Pop-Pop."

**Lana:** " Now are we there yet?"

**Lynn Sr.:** "Lana, stop asking."

**Lana:** "Well, Hops is asking, not me!"

**Rita:** "Why don't you guys play some car games?"

Laney: How about we play I Spy? I'll go first, I spy with my little eye, something that is Red.

Me: Your scarf.

Laney: You got it J.D.

Me: I'm sorry Lori, Lynn, and Lola can't come on this trip. I could tell that they've been looking forward to this.

Lynn Sr: I know but they'll be fine..

**Lucy:** "I have a new deck of fortune telling cards. I could give everybody readings." [shuffles the cards] [Her siblings agree to that and want their fortunes told. She puts on a turban as the background changes to a spacial setting.]

**Lucy's Siblings:** "Me first!" / "Over here, Lucy!"

**Lucy:** "It's Madame Lucy."

**Lucy's Siblings and Me:** "Ooh!"

[The cards are dealt. The first shows a heart floating towards an angel]

Lucy: J.D. Love will find you in the Park today.

Me: Ooh. Mysterious.

[The next card shows a knight on his steed facing strong winds.]

**Lucy:** "Luan, you will soon be blown away."

**Luan:** "How fortunate!" [laughs as her siblings groan at her joke.]

**Lynn Sr.:** [laughing] "Good one!"

Me: Sorry guys. I got no joke this time.

Luan: You'll think of something J.D.

[The next card shows a twinkling star.]

Lucy: Laney, you will encounter something in the park that will change your life forever.

**Lisa:** [disbelieving] "Poppycock. Could these predictions be anymore non-specific?"

[The next card shows a wizard with a crystal ball.]

**Lucy:** "Lisa, you will make an amazing scientific discovery before entering the park today. Is that specific enough for you?"

**Lisa:** "Specific, yes. Plausible, no. As a woman of science, I cannot take any of this seriously."

**Lucy:** "Well, the cards don't lie. [tells the rest of the sisters' fortunes before finally telling Lincoln's.] Last but not least: Lincoln." [draws the card and gasps at what she sees.]

Me: Uh-oh. I don't like the sound of that.

**Lincoln:** [concerned] "What? What does it say?"

**Lucy:** [changing the subject] "So, uh, who wants to play I Spy?" [grins casually]

**Lincoln:** [desperate] "Lucy, come on! Tell me!"

**Lucy:** "Fine. Your day at the park will end in…" [reveals the card to show the grim reaper.] "… tragedy."

[A suspenseful music sting plays for the card as Lynn Sr. is looking through the radio.]

**Lynn Sr.:** "Ooh, a radio station of music stings! Neato-burrito!"

Me: Uh-oh. The Grim Reaper Card. Lincoln's not gonna (Gulps in Fear) Die is he?

Lucy: No he is not.

Lincoln and I sigh in relief.

[The music sting plays again as Lincoln worries about his fortune.]

---

[The family stops at Ed's Gas & Snack.]

**Lynn Sr.:** "Okay, kids, ten minutes for bathroom and snacks. If you miss the cut-off, I can't promise I'll still be here."

[Lincoln's sisters get out of the car, but he closes the door, much to Lisa's disbelief.]

**Lisa:** "Aren't you coming?"

**Lincoln:** "Nope. I'm staying right here."

**Lisa:** "Oh, you're not worried about Lucy's silly predictions, are you?"

Me: Lincoln it's alright. As long as you're with me, you'll be safe.

Lincoln: Thanks J.D.

Me: No problem buddy.

Laney: Here Lincoln. You can hold my hand.

Lincoln: Thanks Laney.

[Lincoln gets out and Me, Lincoln and Laney hear Luan giggling.]

**Luan:** "Let me know if you get tired, Dad."

I laugh with Luan.

Me: Good One!

**Lynn Sr.** "Good one, honey. That's why you're my heir." [hits Luan with a jet of air that sends her flying into a bunch of tires.]

I rush over to Luan.

Me: Are you alright, Luan?

Luan is having trouble getting out of the tires.

Luan: Yeah. I'm okay.

Me and Lynn Sr. help Luan out.

Lynn Sr.: "Oh, sorry, sweetie. Your dad's just an air-head."

[Me, Lynn Sr. and Luan laugh as the other kids look on apathetically.]

**Lucy:** [appearing next to them and startling them.] "Fortune number two: "You will soon be blown away"." [All except Lisa gasp in astonishment. The rest of the girls except Lisa head into the mini-mart.]

**Lisa:** "More like coincidence number two."

**Lucy:** "We will see."

[As the rest head in, a charming man named Mr. Universe opens the door for us.]

Me: Good day to you Mr. Universe. One sec. May I take a picture with you?

Mr. Universe: (Russian Accent) Certainly my friend.

Me: Hey Luna can you snap one of us?

Luna: You got it man.

I hand Luna my phone and she Snaps a photo of me and Mr. Universe on my cell phone doing the rock on hand sign and smiling.

Me: Thanks Luna and thank you Mr. Universe.

Mr. Universe: No problem.

Mr. Universe Left.

**Lucy:** That was supposed to be Lola's fortune.

Me: I wanted to give Lola a good photo as a souvenir. It's the least I can do to make it up to her.

Lincoln: She'll love it. You're a good friend J.D.

[Inside the store, there's a long line for the ladies' room.]

**Leni:** [holding a pair of pink boots with bows.] "OMG! These boots are totes adorbs!"

Me: Those are perfect for you Leni.

Leni: Thank you J.D.

**Lana:** [comes out of restroom] "Ha! I found a dollar in the toilet!"

Me: Lucky you Lana!

**Lucy:** "Just like I predicted." [reveals the next card which shows arrows piercing a heart.] "Leni, you will fall in love." [reveals the next card showing a bunch of coins.] "Lana, you will become filthy rich."

[The two gasp in shock]

**Lucy:** "What can I say? The cards don't lie."

**Lisa:** "[points to Leni] "That's hyperbole." [points to Lana] "And that's gross exaggeration." [puts on rubber glove and takes dollar from Lana.] "Filthy, yes. Rich, no."

**Lana:** [Takes back dollar] "Ugh. It's about quality, not quantity!"

**Luna:** "Oh yeah! The vending machine gave me an extra bag of chips! The best things in life are free, bros!" [pops open a bag and wolfs down some chips.]

Me: Rock on Luna!

**Lucy:** [shows a card with two people holding chalices.] "You will be rewarded double."

We are back in the van and we arrived at Grand Venture State Park.

**Lynn Sr.:** "Alright, kiddos, welcome to Grand Venture State Park!"

We all get out and wait by the gate for Lisa.

Me: Are you coming Lisa?

**Lisa:** "Sorry. I had to finish that chapter."

[Just then, a giant egg drops right between them and hatches.]

**Lisa:** [gasps] "Sweet mother of scientific discoveries! It's an owl with deer antlers!"

Laney: Wow, It's so cute.

**Lisa:** "Lucy, I concede that your psychic predictions are uncannily accurate. And now, I'm off to show this fascinating creature to the park ranger. See you later, Lincoln!"

---

[The family heads toward the caves.]

**Lynn Sr.:** "All right, gang. First stop is the Grand Stalactite Caverns."

**Lucy:** "Ooh. If it's dark, I'm in."

Me: You ready Lincoln?

Lincoln: Yeah. Lets go.

We all enter the cave and it was truly a magnificent spectacle.

Laney sees a mysterious light coming from another room and goes to check it out. In the room she finds it completely covered in plants and a green emerald diamond on a pedestal was in the middle of the room.

Laney: Ooh! Beautiful.

She touches the diamond and leaves blow around her in a tornado.

Moments later Laney finds herself outside the cave entrance.

Laney: (Groans) What? How did I get back outside? Whoa. I feel really strange.

She then touched the ground and got up and discovered an ivy vine growing out of the ground and following her hand.

Laney: (Gasps) How did I do this?!

Laney caused a blackberry bush to grow by her feet. She grew a strawberry bush too.

Laney: (Gasps) I… I have plant powers and Lucy's fortune. It came true!

The rest of us then came outside and we found Laney.

Me: Laney, how did you get outside?

Laney: Guys, you are not going to believe this! Watch.

Laney then turned a little blade of grass into a full fledge apple tree. We all gasped in sheer astonishment.

Lincoln: Laney, how did you do that!?

Laney: I somehow got plant powers!

Me: Laney, how did you get these powers?

Laney: Well. I saw a mysterious light coming from another room in the cave and I went to check it out. I saw a room covered in plants and in the middle of the room was a green diamond. I touched it and leaves swirled around me and everything went black afterwards.

Me: Green diamond? Let me check here.

I get a book out of my tote bag and scroll through it and found a shocking discovery.

Me: (Gasps) Laney, you have no idea how lucky you are. You've found the Diamond of Gaia. According to legend it says that whoever touches the diamond will be given plant powers, the ability to talk to animals, and even fly. But it says that only those who are pure of heart can be given these powers.

Lincoln: Laney, this is amazing!

Laney: I know and it's also my fortune. Right, Lucy?

Lucy: It is.

---

[Lisa is showing this new species of owl to the park ranger.]

**Lisa:** "I call it the "Dowl"."

**Park Ranger:** "Remarkable. I'll arrange a press conference immediately. Lucky for us, I always carry bunting." [holds up the bunting]

---

[The family is swimming at the lake.]

**Lynn Sr.:** "Ah, Grand Sparkling Lake."

**Lana:** "Come on in, Lincoln! We got the whole lake to ourselves!"

Lincoln: Here I come

Lincoln dives into the water and everyone is having fun. But then I sense something in the Lake.

Lincoln: What is it J.D.?

Me: Guys I sense a Mermaid.

Laney: A Mermaid? Where?

Me: Here in this Lake.

Lana: You can sense Mermaids?

Me: Yeah. I call it Mermaid Sense.

I touch both of my temples to feel her presence and then a giant fountain of water erupted out of the lake and I spot a figure in the sky and it comes toward me. It was a mermaid with aqua green hair, beautiful blue eyes, an aqua blue shirt and a beautiful blue fish tail. I spread my black angel wings and I walk on the water and I approach her as she created a pillar of water and sat on it.

Mermaid: J.D. of Royal Woods?

Me: (Shocked) That's right. But how do you know my name?

Mermaid: When I was born, it was prophesized that the man for whom I was destined would come today when the noon Sun hangs above this very lake.

Me: I take it you mean me?

Mermaid: That's right. Our meeting was fated you see?

Me: And I believe it. It's like my trip here was drawing us together. What's your name?

Mermaid: Varie.

I hold out my hand and she places her hand on mine.

Me: Varie, will you come with me back to Royal Woods?

Varie: Yes J.D. I would be honored.

Me (In my head) Lucy your fortune has come true for me and thank you for finding love for me.

Lincoln was in tears of happiness, Laney was happy for me, Lana was smiling, Luan was in tears of happiness, Leni was so happy, Luna was in tears of happiness and Rita and Lynn were in a happy state for me.

Lucy: That's fortune Number 1.

Varie's tail became legs and we walked back to shore.

---

[Now they're visiting a gorge.]

**Lynn Sr.:** "Presenting Grand Vista Gorge. The most beautiful view north of the Rio Grande."

**Luan:** "Beautiful? Don't you mean GORGE-ous?" [laughs]

**Me:** (Me, Varie and Lynn Sr. Laugh) Good one Luan.

Laney: Wow, this is wonderful.

**Lynn Sr.:** "Next stop, Grand Current River."

[The family is fishing. While everyone has their lines in the river, Leni has hers in the bush.]

**Luna:** [to Lana] "Hey, little dudette, hook me up with another worm."

**Lana:** [eating the worms] "Sorry. All out."

---

[The family is having a picnic.]

**Lana:** [patting her belly] "Ugh. I wish I hadn't filled up on worms."

Me: Good food Ms. Rita.

Varie: Very good.

Rita: Oh why thank you Varie.

Lincoln: You said it J.D. (High-Five)

**Lynn Sr.:** "Ah, what a day. Grand Venture State Park, you always know how to show us a grand time."

Me: You said it Mr. Lynn. This was awesome!

**Lynn Sr.:** "Come on guys lets head to Lisa's press conference,

**Lisa:** [at podium] "Members of the press, I have made a discovery that will forever alter our understanding of the animal kingdom. I give you…" [reveals Dowl] "… the Dowl! Or Loudicus Lisa, if you prefer."

[The rest of her family and the press are amazed while Lincoln flinches and screams at the flash of the cameras.]

**Lisa:** "As you can see, the antlers of the Dowl are…" [Suddenly, the little bird shakes off the antlers and Lisa makes another discovery, one not so scientific.]

**Lisa:** "… **Made in China?** "

Laney: What?

[The park ranger does a spit take.]

**Park Ranger:** "Excuse me. I just remembered I, uh… left the iron on in the park ranger station. Forest fires are no joke." [proceeds to leave]

**Lisa:** [stopping him] "Hold it right there, bub! What gives?"

**Park Ranger:** [sighs] "Okay. I concocted the whole thing. I bought the antlers at a yard sale and glued them on the owl."

**Lisa:** [livid] "You think science is some sort of a joke?"

**Park Ranger:** "No. It's just that ever since the geyser stopped erupting, no one comes to the park anymore. I thought a little publicity would bring people back."

[Lisa goes back to the podium.]

**Lisa:** "My apologies to you all. Obviously, the Dowl is a fake."

**Lincoln:** "A fake?"

Me: Oh that stinks. I'm sorry, Lisa.

Lisa: It's alright J.D.

Lincoln: [gasps] "So Lucy's prediction for you wasn't true!"

**Lisa:** "That is a logical conclusion."

**Lincoln:** "Which means mine wasn't true either!"

**Lisa:** "Second logical conclusion."

---

[The family's getting ready to go home.]

**Lynn Sr.:** "Okay, kids, you have five minutes to get in the car. And if you miss the cut-off, no guarantees."

[Before he heads to the car, the ground starts shaking and there's a rumbling sound. Me, Lincoln, Varie and Laney rush over and sees something amazing.]

**Lincoln:** "It's the geyser! Whoa!"

Laney: It's erupting! And… it's beautiful!

Varie: That is a magnificent sight!

Me: Not as magnificent as sharing it with you Varie.

We kiss and it was my first kiss.

[We look on to see the geyser's majestic eruption in awe. I take some pictures. All of a sudden, the car's horn honks and the rest is leaving without them.]

**Lincoln:** "He really is leaving us behind.

Laney: What, you think he was kidding?

Lincoln: Sheesh. I always thought that was an empty threat." [chases after them] "GUYS! WAIT!"

[The car stops and we gets in.]

**Lincoln:** [jubilant] "Guys! Guys! You won't believe what happened! I just saw the geyser go off!"

[His sisters are getting some sleep after a fun day.]

**Leni:** [groggily] "Ugh. Lincoln, you told me Pop-Pop wasn't gonna be here."

**Lincoln:** "Leni, it's not… never mind. This turned out to be the best day ever." [goes to sleep for the ride home.]

**Me:** You said it buddy. Sleep well everyone. You've all had a long day.

Lynn Sr.: Not as big as yours and Laney's, J.D.

Laney: Lucy, your cards really worked. You are gonna make a great fortune teller one day. Lisa, I got plant powers because of Lucy's fortune. Watch.

Laney grew a blue rose from her hand.

Lisa: (Gasp) So you do! But I find that getting superpowers because of Lucy's Fortunes to be a 100% scientific impossibility.

Me: It's true Lisa. Laney got plant powers because of the mystical Diamond of Gaia. (I show Lisa the diamond in my book called "Legends of the World")

Lisa: (Reads the Book) Hmm. Fascinating.

Varie: Wow. J.D. I didn't know Laney can do that.

Me: Laney is very lucky.

Lucy: You really think I'm a great fortune teller Laney?

Laney: Of course Lucy. You already are a great fortune teller.

Lucy: Thanks Laney. That really means alot to me.

Lucy and Laney hug.

The Van drives down the road into the sunset.

EPILOGUE:

11:30 PM

The Van arrived back at the Loud House and we all got out.

Me: Boy that was a great trip. Well, I got to get back home and get Varie settled in. See you guys tomorrow.

Loud's: Bye J.D. Bye Varie.

Me and Varie arrived at my mansion and I knock on the door and Alfred answered.

Alfred: Ah. Master J.D. Welcome back. How was your trip sir?

Me: It was awesome Alfred. I'll tell you all about it tomorrow.

Alfred: I can't wait to hear it. Who is your friend?

Me: Oh I'm sorry. Varie this is Alfred. He's our butler and my friend.

Varie: Pleasure to meet you.

Alfred: Likewise Ms. Varie.

Me: She's my fiance. But the marriage won't be official until my 20's.

Alfred: I understand.

Me and Varie go up to my room and I pull out the extra bed for her.

Varie: [Whispering] J.D. your house is fantastic!

Me: [Whispering] Yep. It's a magnificent house.

Me and Varie get under our covers and hit the sack.

The next morning at 9:30 AM, me and Varie were telling my mom and dad and my sister and Alfred about our trip. I invited the Loud Family over and Clyde and his dads Howard and Harold McBride, Bobby and Ronnie Anne were with them. Along with Zach, Liam and Rusty.

Me: And then me, Laney, Lincoln and Varie saw the geyser blow and after we got in the van we came home.

Everyone was amazed.

Lynn: Boy. You've had an amazing time! Lanes, this must be a really big shock for you to suddenly have plant powers.

Laney: It's a really big change for me. I was given a great gift and with great power comes great responsibility.

Howard: I'll say. You be careful with your powers Laney.

Laney: I will Mr. McBride.

Harold: Boy it sounds like you've had quite an adventure.

Me: Indeed we have Mr. McBride. But the best part of this whole trip was me and Varie meeting and coming together.

Me and Varie kiss.

Everyone: AWW!

Bobby: Boy you two are perfect for each other. Right babe?

Lori: I can tell Boo-Boo Bear.

Howard: I can agree on that one.

Ronnie Anne: Boy, I wish I could've gone with.

Liam: (Southern Accent) Yeah. That there park sounded like a perfect paradise.

Rusty: This was a road trip you'll never forget.

Zach: No kiddin'.

Clyde: Our therapist Dr. Lopez says "A vacation is a perfect time to unwind and relax."

Me: Amen to that Clyde.

Lola: I'm literally jealous you got to have a photo taken with Mr. Universe. But thanks for this amazing picture.

Me: You're welcome Lola. Look on the back.

Lola looked on the back and there was a note.

Me: (Voiceover) Dear Lola, I'm sorry you couldn't go with us on our trip so I hope this picture makes up for the loss of the trip. I got a picture with Mr. Universe and I was thinking about you when this came. Love your best friend J.D. P.S. Keep winning those beauty pageants and make your friends and family proud.

Lola was touched and she came and hugged me.

Lola: Thank you J.D.

I hugged her back.

Me: You're Welcome, Lola.

Me: And the best part was I got to share it with all my best friends.

The Loud kids, Clyde, Rusty, Liam, and Zach and me and Varie group hugged.

The Iris in closed.

THE END.

My 5th fanfiction is completed.

I got the idea for the Diamond of Gaia from one of my books I wrote at home.

I invented Mermaid Sense back when I was a kid. It gives you the ability to sense when a mermaid is near.

I also decided to use some Escaflowne Elements and add a romantic scenario similar to how Lord Gaou and Varie met and fell in love.

I promised a sequel to my 4th fanfiction and I delivered.

Until Next Time this is J.D. signing off.

Vision of Escaflowne elements belong to Sunrise Studios and FuniMation.

# Sleuth or Consequences

It starts with me and Varie arriving at the Loud House and we head in and up to Lincoln's room

We go in and we get a surprise

[Lincoln is dressed up in a costume next to a poster of one of his favorite superheroes: Ace Savvy.]

Me: Lincoln?

**Lincoln:** "I'm not Lincoln today. I'm Ace Savvy, the world's savviest crime fighter. A man of few words, and fewer emotions. Except for today." [dancing with excitement] "Because today is the day of the big Ace Savvy comic book convention! YEAH!"

Me: Right on. I forgot that was today.

Varie: Ace Savvy must really be awesome.

Lincoln: He is! [stoically again] "And now to call my trusty sidekick." [breaks out walkie talkie] "One-Eyed Jack, this is Ace Savvy."

**Clyde:** [dressed in his costume] "This is One-Eyed Jack. Just putting the finishing touches on my costume. And when it's ready, I'll be keeping one eye out for crime." [pulls an eyepatch over his glasses and lets go, causing the impact to smack the lens of his glasses.] "Ow!"

**Lincoln:** "Roger that. I'll meet you at 4:00 when it's time to…" [bursts out of room] "… deal out some justice!" [pulls out a deck of cards that spill all over the floor.] "Dang it."

Me: You'll get it Lincoln. It takes practice. But I think your sisters minus Laney would laugh at you because of your costume. Lets fix that.

Me and Varie make a whole new costume for him. Lincoln now looks more like Ace Savvy.

Me: There. Now you look perfect.

Varie Makes a mirror of Water and Lincoln is ecstatic.

Lincoln: This is Awesome! I Look just Like Ace Savvy. Thank you J.D.

Me: You're Welcome buddy.

[Cuts to outside of Lincoln's room]

Lola: "Ok ladies, once he's out of his room, get ready."

Luna (tries hard not to chuckle): "I feel bad for him wearing something as ridiculous as that."

Lori: "I'm sure he can handle our teasing. It's just a silly outfit after all."

Lincoln: "Ace Savvy Assemble!" (bursts out his door)

Lola (mocking): "Hey girls! Get a load of this!"

Luna: "Woah… (sincere) Rad costume, bro!"

Lana: "COOL!"

Lori: "That is literally the best costume I've ever seen!"

Laney: Your costume is Awesome, Lincoln!

Lola: "Wait-Wait… What? Weren't we suppose to make fun of-(Lana nudges her elbow on Lola)-Ow!"

Lincoln: "I can't wait to go to the convention! It's my first one! A dream come true!… Were… were you guys waiting for me so that you could tease me?"

Luan: "To be frank, we were about to, but after seeing this, you sure shut us up."

Lynn: "Your costume is awesome, man. I mean if you had underwear worn outside of it then yeah… it would look lame."

Lincoln (nervously): "Uh yeah. I mean… totally lame, right. Hehehe."

Me: Me and Varie made the costume for Lincoln. We figured we could make it look 100% authentic.

(Luna walks up to Lincoln and pats his shoulder)

Luna: "Have a good rockin' time there, buddy."

Lincoln: "I will. Ace Savvy… (jumps towards the stairs) Away-WOAH! (trips and falls down the stairs)-GAH-DOH-BLARGH-UH-OW-OUCH-CRUD-DANGIT-WHYARETHERESOMANYSTAIRS?!" (THUMP)

(The sisters look down the stairs with concerned looks on their faces)

Luna (worried): "Are you ok, bro?!"

Lincoln: "I'm ok! Dad conveniently broke my fall!"

Lynn Sr (in agony): "… My back… My leg… My everything."

Me: By the way Laney, hows control over your powers coming along?

Laney: They're great. I now have full mastery over them. Lincoln's comic books provided me the answer. Love is the key as well as concentration.

Varie: Way to go Laney.

Me: You're a fast Learner, Laney.

Lincoln comes back up the stairs.

Lincoln: I'll be with you in a second. I've got to use the bathroom.

Me: Okay. We'll wait out here.

(Lincoln enters the bathroom, water from the toilet gushes out)

Lincoln: (screams) What the?!

Laney: What happened to the bathroom!?

Me: So this is what happens when a toilet gushes water.

Varie: It's not a pleasent sight.

I go downstairs to get Lincoln's sisters.

Me: Uh girls? We have a little situation with the toilet. It's clogged.

The other sisters rushed upstairs and see all the water.

Lori: You're right! The toilet is literally clogged!

Lynn: But How?!

Lola: I bet it was Lincoln!

The sisters minus Laney, Lucy, Lana, Lisa, Lily, Me and Varie, all glare at Lincoln.

**Lincoln:** "What makes you think I did it?"

**Luan:** "Maybe because you made more clogs than a Dutch shoe factory!" [laughs during rimshot]

Me and Varie laugh with her.

Me: Good one Luan and Lincoln I'm only laughing at Luan's joke.

[cut to a few flashbacks of Lincoln clogging the toilet; Flashback #1: Lincoln is scraping his gross dinner into the toilet.]

**Lincoln:** "So long, liverwurst loaf!" [flushes the toilet only for it to back up.]

**Lola:** [bursts in] "I'm telling Dad!"

[Flashback #2: Lincoln is holding an embarrassing sweater his mother made him.]

**Lincoln:** "Mom can't make me wear you if she can't find you." [flushes it down the toilet only for another clog to occur.]

**Lola:** [bursts in] "I'm telling Dad!"

[Flashback #3: Lincoln is pouring a bunch of CD's into the toilet.]

**Lynn Sr.:** [off-screen] "Has anyone seen my CD's? I gotta practice for karaoke night!"

[as Lynn Sr. practices his singing, Lincoln flushes them down the toilet only for the obvious to happen.]

**Lola:** [bursts in] "I'm telling Dad!"

[end flashbacks]

**Lincoln:** "All true. But this time, it wasn't me. I swear!"

Me: I believe you, Lincoln.

Lori: J.D., did you not remember all the times Lincoln clogged the toilet?!

Me: I've lived here for 2 weeks and I wasn't here to witness all those times.

Lori: Oh. You have a point there.

Lola: Whatever, I still think Lincoln did it and I'm telling Dad!.

Laney then forms a cage made of vines around Lola.

Lola: Hey! Let me out of here, Laney!

Laney: Sorry, Lola but not this time.

Lincoln: (Angry) I'm sick of you babbling me out! I'll tell dad!

Lola: No! I will! Now let me out of here!

Laney: No!

In the kitchen Lincoln approached Lynn Sr.

Lincoln: Dad?

Lynn Sr.: What's wrong son? Ooh! I love your Ace Savvy costume, son. Did you make it?

Lincoln: Thank you Dad but no I did not. J.D. and Varie made it for me. Anyway, I came here to tell you that someone clogged the toilet.

Lynn Sr.: What?! Did you do this Mr. Flush-My-CD's-Down-the-Can?!

Lincoln: No! I didn't do it! I swear!

Me: He's telling the truth Mr. Lynn, and Laney couldn't have clogged the toilet because she only uses the bathroom to brush her hair. She told me so herself.

Lynn Sr.: That's true. But someone did it. Toilets just don't clog themselves! Until one of you fesses up, everyone but Lincoln and Laney are grounded.

The Sisters minus Lincoln and Laney complain.

Me: (I have a plunger in my hands) You need this plunger Mr. Lynn?

Lynn Sr.: Ah! Thank you J.D.

I hand it to him.

**Lana:** [grabs the plunger and busts out an even heavier plunger known as Big Bertha.] "Forget that pitiful plunger, Dad. This is a class 5 clog. You're gonna need Big Bertha!"

Varie: Wow! Lana's quite the little handyman.

Me: When it comes to the houses internal and external plumbing, cars and boats, Lana can fix them right up.

**Lynn Sr.:** "Until I know who did the crime, you're all doing the time!"

[the sister's minus Laney complain even more]

**Lana:** [entering the bathroom with her father and Big Bertha.] "Big Bertha coming through!"

**Lincoln:** "Well, My sisters are not doing the time for this crime. I'm gonna find out who the real clogger is… Ace Savvy style!" [pulls out his deck and drops it again.] "Dang it."

Me: No Lincoln, we'll find out who that clogger is together.

---

Lincoln: Okay Laney, I know you're not one of the suspects because you only use the bathroom to brush your hair like J.D. said.

Laney: I have a system.

Me: That leaves us with 10 suspects.

[Lincoln is shuffling a deck of cards and places various cards he put drawings of his sisters on onto his desk.]

**Lincoln:** "One of you is the perp… but which one?"

**Lucy:** [comes out of nowhere] "Hey guys." [scares Lincoln and Laney] "I might have a tip for you."

Laney: Well, what is it? Who- [Lincoln interrupts her]

**Lincoln:** "Really?" [suspicious] "Wait. Why do you wanna help?"

**Lucy:** "I don't care about being grounded. My life is just an endless mental prison, anyway."

**Lincoln:** "So, what have you got?"

**Lucy:** "Lynn has eaten spicy meatball subs for ten days straight. You know what that does to your digestive system?"

Laney: [Disgusted] Don't remind me…

Me: Ew!

Varie: Lynn likes spicy food like I do.

Me: Great minds think alike.

**Lincoln:** "That's disgusting, but also a lead! I like your instincts, kid. You wanna team up?"

**Lucy:** "Sure. I've got nothing else to do. Besides bear the weight of the world on my shoulders."

Laney: You never cease to amaze us with your unwavering sense of optimism, Lucy.

---

[in the kitchen, Lynn is indeed eating a meatball sub; suddenly, Lucy shines a flashlight in her face.]

**Lynn:** "Hey! What's with the light?"

**Lincoln:** "Why don't you admit it, Lynn? You jammed the john!"

**Lynn:** "I think that new costume is cutting off oxygen to your brain."

**Lincoln:** "Oh yeah? Then explain this!" [dumps discarded sub wrappers on the table.] "Nobody can eat this many subs and not wreak havoc on the plumbing!"

Laney: Don't be so hard on your own sister Lincoln! [To Lynn] Please ignore my partner, he tends to be a little hasty. We just want to talk about why the toilet's clogged. Did you make any stops today?

**Lynn:** "Nice try, geniuses, but my favorite roller derby is playing tonight and I never bomb the bowl before the big game. It's bad luck! If I go number 2, we won't be number 1!"

**Lucy:** "Gross."

Laney: Going to the bathroom isn't bad luck.

Me: You're really superstitious when it comes to sports, huh Lynn?

**Lynn:** "Yeah. I know. I can't help it. If you wanna know who plugged the porcelain, why don't you ask Lisa? She keeps a log of all our bathroom habits. Pun intended."

**Lincoln:** "Of course! Lisa's weird poop study! Let's go see this joker!" [holds up the wrong card]

**Lucy:** "That's the 2 of Diamonds."

**Lincoln:** "UGH!"

Varie: Keep trying Lincoln.

---

[Lisa and Lily's room]

**Lincoln:** "I need the file from last night from 1 to 4 AM."

**Lisa:** [looks for the requested file] "1 to 4 AM… Hmm. It seems to be missing."

Me: Huh. That's weird. I wonder where it went.

**Lucy:** "Missing? How convenient! Clearly, you did it! Case closed!"

Varie: Let's not jump to conclusions to fast, Lucy.

**Lisa:** "Oh, please! I haven't used the family lavatory in years! It takes too much time away from my studies. I prefer to use Lily's training potty."

**Lincoln:** "Well, it looks like your story's clean… but your training potty's not."

**Lucy:** "What about Lily? She's always dumping her dirty diapers in the toilet."

**Lincoln:** "Aha!" [slides right into and knocks over Lily's diaper genie and reveals a plethora of pooped padding.]"Nope! I'd say they're all here! That clears these two."

**Lucy:** "What about Lori?"

**Lincoln:** "Of course! She was so quick to point the finger at me, and you know what they say, "She who dodged it, lodged it!"

[Lincoln goes to interrogate Lori; just then, a stretch and snap sound effect is heard; Lincoln returns revealing that Lori gave him an atomic wedgie to prove her innocence.]

**Lincoln:** "Lori did not do it!"

Varie: Watch this.

Varie then fired a jet of water from her hand and it smelled like rotten fish and it splashed Lori and soaked her from head to toe.

Lori: (Screams) I'm all wet and I smell horrible.

Laney: Wow! Varie, I didn't know you have water powers.

Varie: It's one of my many powers over water. That water I splashed Lori with smells like rotten fish. The smell will linger for a few days.

---

[The bathroom; Lana, Lynn Sr., and Big Bertha are searching for the bowl's barricade.]

**Lynn Sr.:** "Oh! Big Bertha's got something!"

**Lana:** "I wanna see! Is it something really grody?" [Dad hands her the object] "Paper? It's gotta be something bigger than that!" [tosses paper out the window] "Move over, rookie! Some jobs require you to get your hands dirty!" [takes over]

[the paper falls daintily as Clyde makes his way to the Loud House.]

**Clyde:** [singing] "One-Eyed Jack. One-Eyed Jack. Villains better watch their back." [gets his glasses struck by the paper Lana discarded.] "GAH! MY CRIME EYE!" [crashes into the van and gets catapulted into the tree in the front yard.]

---

**Lincoln:** "Better put a pot of cocoa on. We've only got 2 more hours until the convention and 5 more suspects to go."

Laney: I'd like some cocoa.

I put a tea kettle of water on the stove and 3 minutes later it was ready. I make 4 cups of cocoa.

Lincoln: Thanks J.D.

Laney: Thank you.

Lucy: Thank you.

Varie: Thanks honey.

[Their next suspect is Luan.]

**Luan:** "It wasn't me! I was asleep the whole time and I can prove it! I film myself sleeping in case I say something funny I can use in my act."

[Video footage shows such an event.] **Luan:** [sleep-joking] "What do you call a sleeping bull? A bulldozer!" [laughs during rimshot]

Me: (laughs)

[They cross off Luan and move onto Leni.]

**Leni:** "Ooh! You wanna do an interview? Okay! My favorite color is zebra and the secret to a great smile is…"

[They cross off Leni who proves to be too dumb to pull off such an act and move onto Lana.]

**Lana:** "Wish I could take the credit. I've been trying to dam up the dumper for years."

[They cross of Lana and move onto Lola.]

**Lola:** "I would never get up in the middle of the night. It disrupts my beauty sleep."

[They cross off Lola and move onto their final suspect, Luna.]

**Luna:** "I was at a rock concert, dudes."

**Lucy:** "Prove it…"

[Luna turns on the TV to a news report of last night's concert where she is shown chasing Mick Swagger on stage.]

**TV Luna:** "MICK! WAIT! I JUST WANT A LOCK OF YOUR HAIR!"

[Lincoln and Lucy are just speechless at Luna's alibi.]

Laney: Yeah, that's her. She loves that guy

**Lucy:** "Okay, that proves it."

Me: Well her alibi is iron clad.

**Lincoln:** "GAH! We're running out of time and we've got nothing!"

**Lana:** "WE'VE GOT SOMETHING!" [finds the source of the clog.] "Here's the culprit!" [hands it to Lincoln]

**Lincoln:** "Aha! A break in the case!" [sees that it's a book] **Princess Pony: The Touching True Story Of A Delightful Pony Who Changes The World With Her Horse Sense**

Me: That is a really girly book.

Laney: Who would read something like that?

**Lucy:** "There's only one person who would read this: Lola!"

**Lincoln:** "That lying scoundrel!"

**Lana:** "You guys do remember that was just down the toilet, right?"

[Me, Varie, Lincoln, Lucy and Laney revile in disgust and go back to Lola; Lincoln kicks the door open only for it to close on his face; he then enters normally.]

**Lincoln:** "We know you did it, Lola! We found your book in the toilet!" [shows evidence]

**Lola:** "Barf! That is not mine! I may be girly and pink, but I do have standards!"

Laney: She's right.

**Lincoln:** [convinced] "I think she's telling the truth."

**Lucy:** [doubtful] "I don't! She's sweating more than a vampire in the sun!

Me: Vampires don't sweat in the Sun, Lucy. They burn. The Sun will incinerate them.

Lucy: Never knew about that. But let me take a run at her!" [kicks down Lola's tea party table.] "We know you did it! ADMIT IT! CONFESS! If you don't tell the truth… YOUR HEART WILL NEVER BE SET FREE!"

Me: (I pull Lucy away) Whoa, whoa, whoa, whoa, whoa, whoa, whoa, whoa, whoa. Calm down, Lucy.

Varie: Just relax, Lucy.

**Lincoln:** [holding back an enraged Lucy] "Whoa! Easy there, spooky!"

**Lola:** [looks at Laney, unfazed from Lucy's outburst] "You're cleaning that up." [Laney sighs as she held out a cloth]

---

Laney went back to her room.

[The doorbell rings and me, Varie and Lincoln answer the door.]

**Lincoln:** "One-Eyed Jack?"

**Clyde:** "Sorry I'm late, Ace. I would have been here sooner, but I was thwarted by this dastardly piece of paper that flew from your bathroom window."

**Lincoln:** [looks at paper and sees something familiar.] "This looks like a page from Princess Pony. " **If you don't tell the truth, your heart will never be set free.** " Where have I heard that before?" [suddenly realizes those are the exact same words that Lucy told Lola and finds out who the culprit truly is.] "LUCY! You solved the case, One-Eyed Jack! Thanks to you, the city can flush without fear!"

[Clyde does some victory poses]

Me: Come on inside, Clyde. Well explain along the way.

* * *

5 minutes earlier.

Laney was walking back to her room. But once she got there, she saw Lucy hiding something in the ceiling lamp.

Laney: Lucy?

Lucy: Laney!

Laney: What are you doing?

Lucy: [Nervously] Uh. Checking the blub in the lamp…

Laney: [Suspicious] What are you hiding?

Lucy: Nothing you can prove.

Present.

**Lincoln:** [kicks the door open] "IT WAS YOU!"

**Lynn Sr.:** [off-screen] "LINCOLN! STOP KICKING DOWN THE DOORS!"

Me, Lincoln, Varie, and Clyde came in.

**Lincoln:** "You're the Princess Pony lover!"

**Lucy:** "That's absurd!"

**Lincoln:** "Then you won't mind if I search the premises." [searches but fails to find any evidence.]

**Lucy:** "Are you done?"

**Lincoln:** "I'll be done when I'm-" [notices something on the floor] "That's an odd shadow." [looks up to the ceiling lamp and finds a clue.] "Aha! Lisa's missing bathroom files!"

**Lucy:** "Lynn must have put that there! You've got nothing on me!" [just then, her gloomy macabre poster peels off and reveals a Princess Pony poster from behind.] "Dang it…"

**Lincoln:** "You've been lying to me this whole time! Why?"

Me: You might as well come clean, Lucy.

**Lucy:** [readjusts macabre poster] "I couldn't let our sisters know I read Princess Pony. You know how they are. They'd make fun of me for the rest of my life."

**Lincoln:** "So, why do you read it?"

**Lucy:** "Even I need a break from the darkness every now and then."

**Lincoln:** "So, how'd it end up in the toilet?"

**Lucy:** "The bathroom is the only place I can safely read it." [flashes back to last night]

**Lucy:** " **I was reading it last night. And when I heard someone coming, I panicked.** " [Through her panicking, Lucy tossed the book into the toilet and hid in the bathtub when a groggy Lincoln came by to use the toilet and flushed it; as soon as he left, it gave Lucy the chance to escape and save her secret; end flashback.]

Me: Do you have a sleepwalking problem, Lincoln?

Lincoln: Not that I know or remember.

Laney: But Lucy, I'd never make fun of you. Why didn't you tell me?

Lucy: I'd thought you'd make fun of me like the rest.

Laney: Lucy, I'm your sister. It's basically my job to be there for you. We're supposed to understand eachother.

Lucy: Thanks Laney.

Me: I would never do such a thing to you, Lucy. It's not in my nature. You're one of my best friends and if you like Princess Pony then that's fine with me.

Laney: Me too.

Clyde: Me too, Lucy.

**Lincoln:** "That's great guys but Lucy, you have to tell everybody. They still think I did it!"

**Lucy:** "But they'll tease me even worse than they tease you! You can probably handle that, but I can't!"

**Lincoln:** "I'm about to miss the convention! Either you tell them, or I will!"

**Lucy:** [admitting defeat] "Sigh… I'll tell them…"

Me: No. We'll all tell them.

---

[Downstairs, Lori and Leni are texting each other, Lola's fixing her hair, Lana's arranging her tools, Lynn's doing push-ups, Lisa's reading, and Luan and Luna are fighting over the TV remote.]

[Lori's in the dining room because she smells like rotten fish]

**Luan:** "Give it back!"

**Luna:** "It's mine!"

[Enter Laney, Me, Lincoln, and Varie with Lucy, ready to confess]

**Lucy:** "Guys. [gets their attention and reveals the book.] "This is what totaled the toilet."

**Lisa:** "Princess Pony?!"

[the sisters laugh]

**Lynn:** "Which one of you lame-o's does that belong to?"

**Lisa:** "Certainly not me! It's so sickeningly sweet I get a toothache just looking at it!"

**Leni:** [terrified at Lisa's exaggeration] "Can that really happen?"

**Luan:** "Whoever that belongs to is gonna be the laughing stock of this house!"

**Lori:** "Yeah! They are literally worse than Lincoln!

[The other sisters laugh some more and Lucy knows she has to face the music]

**Lucy:** "Actually… the book belongs to me.

**Luan, Leni, Lynn, Lana, Lola, Lisa, Lori, and Luna:** [flabbergasted] "YOU?!"

Me: There's a reason for it. Just let her explain.

Lucy explained her reasons why the toilet clogged up.

Lynn Sr. Came in and was saddened by her confession.

Lucy: [Just finishing her confession] And there you have it. I didn't want to tell you because I was afraid you would all laugh at me.

Lynn: Luce, I would never laugh at you. We share the same room.

Lynn Sr.: Lucy, I would never laugh at my little dark angel. Everyone has their own hidden hobbies.

**Lori:** That's right, Lucy. Some of us have stuff we want to keep hidden.

Me: Even if they are extremely girly.

Lynn Sr.: Well you're all officially ungrounded.

[the other sisters cheer and celebrate their freedom.]

Lynn Sr.: Why is Lori in the dining room away from you guys?

Varie: Lori gave Lincoln an atomic wedgie as he was interrogating her and I used my Water Powers and drenched her with water that smells like rotten fish.

Leni, Luna, Luan, Lynn, Lola and Lily: EW!

Lana: Cool!

Lisa: It's true fellow siblings. Myself, Lucy, Laney, Lincoln and Lily witnessed Varie firing H2O down the hall at Lori.

Me: It's also payback for Lola gathering everyone to tease Lincoln about his costume.

Lynn Sr.: Well that's not nice. Lola you are grounded for a week.

Lola roared in anger and went up to her room.

Me, Varie, Lincoln and Clyde went to the comic book convention and got his book signed. Lincoln also won a special contest for having the best Ace Savvy Costume and he got a medal and an official Ace Savvy deck of cards. The Same thing with Clyde for the best One-Eyed Jack Costume.

[Later that night in Lincoln's room.

**Lincoln:** [perfects the card trick] "I did it!"

Me: All right! I knew you could do it.

[Enter Lucy with something in her hands.]

Lucy: Hey Lincoln. [Lincoln jumps and screams] I'm glad you guys all had fun at the convention and congratulations on winning that contest.

Lincoln: Thanks Lucy.

Lucy: I have something for you.

Lucy hands Lincoln her own comic book that she made and we see that it has a lot of dark images.

Me: Lucy, this is really good. Have you ever thought about making your own comic books?

Lucy: It's not really my thing. But thank you.

[Outside Lincoln's room]

Lucy's break from darkness was over and Laney went back to your room, knowing that the mystery was finally solved.

**Lynn:** [ecstatic] "WOO-HOO! MY TEAM DID IT! WE'RE NUMBER 1!" [feels intestinal distress] "Ooh… time for Number 2…" [hurries to the bathroom]

**Lana:** "DAD, I THINK WE'RE GONNA NEED BIG BERTHA AGAIN!"

THE END.

My 6th Fanfiction is complete.

Varie has lots of powers that use water. She has Cosmic Hydrokinesis. She can fly too.

The next story is gonna be good but it's gonna take some time for me to think about it so until then, this is J.D. Signing off.

# Change of Heart

It Starts in the Loud House Dining Room.

[Lincoln is reading a book and having some carrot sticks, I am reading todays newspaper and eating potato chips, Laney is reading a book and eating apple slices, and Varie is reading a book and eating some celery sticks. Lincoln vacuums a carrot stick in his mouth right when doorbell rings.]

**Lori:** [on the phone] "Whitney, wait till you see my new shoes. They will literally blow your mind!"

[She opens the door and it turns out to be Clyde who is struck by her beauty.]

**Clyde:** [nervously infatuated] "L-L-Lori?"

Me: (Senses what's to come) Uh oh! Here it comes!

[Clyde gets a nosebleed which spills on Lori's shoes, making her scream so loud the crows fly away, and faints. Me and Laney grab Clyde before he falls to the floor]

**Lori:** [aggravated] "Ugh. Never mind, Whitney." [hangs up] "Guys, this is the fourth pair of shoes Clyde's ruined this month!"

Me: I'm sorry, Lori. But he can't help it when he's around you.

Varie: How many nosebleeds has Clyde gotten over the month?

[Series of flashbacks of all the other pairs Clyde ruined. First, Lincoln and Clyde are reading comics in his room. Enter Lori with the luandry basket.]

**Lori:** "Lincoln, do you have any laundry?"

**Clyde:** [sees Lori] "L-L-Lori?" [nosebleeds and gets her shoes ruined, making her scream.]

[Next, the boys and Laney are looking in the fridge for a snack and take out a dish with Lori right behind them.]

**Lori:** "Hey, you'd better not eat all the leftover gazpacho."

**Clyde:** [nervous] "L-L-Lori?" [starts acting like a robot] "SYSTEM OVERLOAD. DOES NOT COMPUTE. SYSTEM OVERLOAD. DOES NOT COMPUTE. SYSTEM SHUTTING… DOWN…"

[His shut down knocks the gazpacho out of Lincoln's hand and lands on Lori's shoes.]

**Lori:** "GAH!"

[Now, Lori is in Vanzilla.]

**Lori:** "Mom, Dad, I'm off to practice!" [notices Clyde in there for some reason; startled.] "Clyde?! What are you even doing here?"

**Clyde:** [shaking] "L-L-Lori?"

[His nose blood squirts right onto her shoes. Lori just bangs her head on the steering wheel's horn. End flashbacks as they put Clyde on the chair.]

**Lincoln:** "Maybe you should try wearing red shoes." [sees Lori growling at him; scared.] "Right. Bad idea, Lincoln."

Me: (Roars like a Bear) Sorry Lori. You were growling like a Wolf. One of my favorites by the way.

**Lori:** [calm] "Ugh. I just wish Clyde could act normal around me." [leaves]

Lori comes back briefly.

Lori: Thanks for the compliment J.D.

Me: You're welcome, Lori.

**Clyde:** [comes to] "So do I, my sweet angel. So do I." [opens a locket of a picture of a startled Lori.] "But how am I supposed to act normal around such a beautiful, flawless…" [starts nosebleeding again]

**Lincoln:** [shoves carrot sticks up his friend's nose.] "Don't worry, buddy. We'll figure something out."

Laney: You got to calm down when you're around Lori, Clyde.

Clyde: I know, Laney. But it's hard.

Varie: Maybe one of Lincoln's other sisters knows how to help Clyde.

**Mr. Grouse:** [from outside; talking to Leni] "Dang blast it! Eberhardt's dog went number two on my lawn again!"

**Leni:** "Try doing what I do, Mr. Grouse. I'll name all 40 states, and by the time I'm done, I've forgotten why I was mad."

**Mr. Grouse:** "Well, actually, it's 48. But I'll give it a try." [starts naming them in alphabetical order] "Alabama, Arizona, Arkansas, California…"

[Lincoln had watched it from the window.]

**Lincoln:** "Actually, Clyde, I may know someone who can help you!"[Cut to Leni in the living room.]

**Leni:** "Sure! What do you need my help with?"

**Clyde:** [stammering] "L-L-L-L…"

**Leni:** "Lemons?"

Me: No.

**Clyde:** "L-L-L-L…"

**Leni:** "Leggings?"

Laney: No.

**Clyde:** "L-L-L-L-L…"

**Leni:** "Of course! Loofahs! Well, first of all, natural fibers are the way to go."

**Lincoln:** "He's talking about Lori."

**Leni:** "Oh. She doesn't use a loofah." [whispering] "That's why she has bacne."

[Lincoln, Me, Laney and Varie facepalm]

**Clyde:** "No. I want to learn how to act normal around her, or at least just stop bleeding on her shoes."

**Leni:** "Have you tried shoving carrot sticks up your nose?"

**Clyde:** "Yes! And bread sticks, and pretzel rods, and corn dogs, which you really need to let cool down first."

Me: Ouch.

**Leni:** "Well, no worries. I know other ways to help you." [takes Clyde]

---

[Later, Lori peeks her head from the second floor and sees Lincoln and Me playing video games.]

**Lori:** "Lincoln, is Clyde still here? This is literally my last pair of wearable shoes."

**Lincoln:** "Don't worry about Clyde. He's hanging out with Leni."

Me: And Varie and Laney are going to be with them.

**Lori:** "Really?"

[From the kitchen, Leni and Clyde are laughing. Lori peeks in to see it.]

**Clyde:** "Oh, Leni."

**Lori's Thoughts:** "Leni and Clyde? That's… weird."

---

[Outside, Lori is practicing her golf swing.]

**Lori:** [narrating to herself] "If Lori Loud can sink this four-footer, she'll literally win the Masters."

**Lynn:** "Heads up!"

[A frisbee comes by and Lori ducks and swings. Lana and Lynn laugh and chase after their disc. The golf ball lands right next to the cellar window.]

**Clyde:** [inside the basement] "And if I don't get a nosebleed, I'm usually doing this." [does his robot impression]"SYSTEM OVERLOAD. DOES NOT COMPUTE." [mimics power down]

Laney: Usually J.D. snaps him out of it with a snap of his fingers.

[Lori witnesses it]

**Lori's Thoughts:** "Hmm… I only thought Clyde acted like an awkward robot around me."

[The frisbee hits Lori]

**Lori:** "Oof!" [falls into a hole]

**Lucy:** [holding a shovel] "Do you mind? This grave is spoken for."

[Lana notices what happened and sheepishly leaves.]

---

**Lori:** [on her phone] "Carol did what? Hang on, Whitney. I literally need chips for this story."

[Leni and Clyde are in the kitchen.]

**Leni:** "So, when somebody makes me nervous, I just stare at their left ear and recite my ABC's."

**Clyde:** "Got it! Great tip." [writes it down]

**Lynn:** [from outside] "Heads up!"

[The frisbee flies into the kitchen and hits Clyde in the nose.]

**Clyde:** "Ow!" [starts bleeding from his nostrils and covers it up.]

Laney: Clyde, are you alright!?

Clyde: Yeah.

[Lori enters giggling and sees them and hides.]

**Leni:** [with blood on her shoes] "My shoes!"

[Lori had seen it]

**Lori's Thoughts:** "Now he's getting nosebleeds on her shoes?" [Lori gasps] "This can only mean one thing: Clyde likes Leni!"

**Lori:** [jubilant] "I'm free! I'm free!" [gasps with joy and runs to Vanzilla.] "Oh, I am going shoe shopping!" [drives off]

Back in the kitchen Varie grabs an ice bag for Clyde.

Varie: Here you go, Clyde.

Clyde: Thanks Varie.

---

[Later, Lori returns with new shoes. Leni gets a call and answers.]

**Leni:** "Oh, hi, Clyde. What a nice surprise."

**Lori's Thoughts:** "Oh, poor Leni. I wouldn't wanna be in her shoes. Literally. Ooh! Lori, that was good."

**Leni:** "Thanks for the shoe cleaning supplies. It was totes sweet of you. You're the most thoughtful person I've ever met, Clyde."

[Lori looks at some gifts Clyde gave her in the past.]

**Lori's Thoughts:** "Well, I will give him that. He is pretty thoughtful."

[A series of flashbacks of her receiving those gifts is shown. First, there's a telescope with a note on it and she reads it.]

**Lori's Thoughts:** " **Congratulations. A new star has been named after you: Corona Lori-alis.** "

[Lori looks into the telescope and an arrow points to the star in question. Clyde falls out.]

**Clyde:** "Whoa!" [thuds] "Oof!"

[Next flashback takes place in winter where Clyde has made a literal snow angel that looks like Lori, but Charles runs up to it to pee on it.]

**Clyde:** "Charles, no! Not on my snow angel!"

[The next flashback shows Lori coming home defeated in a golf game. She finds a teddy bear on the steps and reads the note on it.]

**You may have lost your golf tournament, but you'll never lose my heart.**

[Lori presses the bear]

**Teddy Bear:** "I love you fur-ever."

[Lori doesn't like it very much. End flashbacks. She presses the bear again.]

**Teddy Bear:** "I love you fur-ev…" [breaks down] "… er…" [pops an eye]

**Lori's Thoughts:** "[gasps] What am I thinking? I have to get Clyde back!"

---

[Downstairs, Me, Lincoln, Clyde and Leni are all playing video games together and Laney and Varie are Reading books. Enter Lori with a pitcher.]

**Lori:** "Oh, hey, guys. Just wondered if anyone wanted some lemonade."

Me: No thank you Lori. I'm good.

[Her very presence puts Clyde in a paranoid state as he tries to act normal.]

**Lori:** [confused] "Clyde?"

**Lincoln:** "Ooh! I'll take some!"

**Lori:** [angrily] "Get your own." [tosses glass aside]

[Clyde relaxes]

**Leni:** "Great job, Clyde. You were in the same room as Lori and no nosebleed."

Me: Good job, Clyde

**Clyde:** "Yeah. Your ABC's trick really worked."

**Leni:** "It always does… unless you have to go past the letter P 'cause then it gets really hard. Okay, now let's work on the next step: eye contact."

[The sun is blazing, but Lori is wearing a wintery scarf.]

**Lori:** "Brr! Boy it is chilly today. So glad I have this cozy scarf Clyde made me."

**Lincoln:** "It's 85 degrees, and you're sweating."

**Lori:** [growls like a lion at Lincoln; sweetly to Clyde.] "Clyde, wherever did you learn to be such a great knitter?"

Me: (Roars like a Leopard) Great Lion roar, Lori.

Lori: Thanks J.D. You've done all sorts of animal sounds.

Me: Not to brag, but Predatory Animals are my specialty.

[Clyde stares at Lori, holds his breath, and runs back inside.]

**Leni:** "It worked?"

**Clyde:** [exhales] "Yup. I just held my breath, like you said."

**Leni:** "Great! You're ready for the final step: conversation! But that one we'll need to train for."

**Clyde:** "Just give me a moment." [hyperventilates into his paper bag.]

---

[Clyde's house]

**Clyde:** [petrified] "Okay, I'm ready. Let's do this!"

**Lincoln:** [knocks on one of the support beams; acting.] "Oh, someone's at the door. Who could it be? Why, it's my eldest sister, Lori."

[Enter Leni dressed like Lori]

**Leni:** [Lori impression] "OMG. Bobby, texting, literally."

I am holding my laughter in.

[Unbeknownst to them, the real Lori is coming over with a comic.]

**Lori's Thoughts:** "Clyde can ignore the lemonade and the scarf, but this limited edition Ace Savvy comic will definitely do the trick."

**Clyde:** [shaking] "H-h-h-hi, Lori. H-h-h-how's it going?"

**Leni:** "Super job, Clyde!"

Me: Great job, buddy.

**Lincoln:** "Yeah! You sounded totally natural!"

**Clyde:** "Thanks." [shows an ice pack under his shirt] "The ice pack was a great idea." [removes it] "It really kept me distracted; though I can't feel my bellybutton."

[Lori approaches the door]

**Leni:** "This has been totes fun. You're such a great guy, Clyde."

**Clyde:** "Thanks, Leni. And may I say, you've never looked more beautiful."

**Leni:** "Oh, Clyde!" [giggles]

**Lori:** [tosses the comic and growls] "That does it!"

---

[In the bathroom, Lori is changing her appearance to look more like Leni.]

**Lori's Thoughts:** "So, Clyde likes the way Leni looks? Fine! I can look like Leni!"

[She tries brushing her hair, but the brush snaps to her annoyance. Outside, her sisters are waiting impatiently and demand that she come out.]

**Lori:** [opens the door] "LEAVE ME ALONE! I'M BUSY!"

[The other sisters gasp at the sight of the firstborn.]

**Lynn:** "Uh… why do you look like Leni's messed up twin?"

**Lori:** "Because I'm trying to win Clyde back!"

**Luan:** "Win him back? He's obsessed with you."

**Lori:** "No. He's obsessed with Leni now. But not for long."

**Lana:** "Why do you even care?"

**Lucy:** "Yeah. You hide when he comes over and throw his gifts in the trash."

**Luan:** "You use his homemade cookies as doorstops."

**Lori:** "Well, yes, but-"

**Lola:** "Do you like Clyde now?"

**Lori:** "Of course not!"

**Lana:** "Well, then why are you trying to win him back?"

**Lori:** "I just need him to like me. Now stop asking questions! I know what I'm doing!" [goes back in the bathroom, takes a look in the mirror, realizes and sighs.] "What am I doing?"

**Lori's Thoughts:** "You're trying to win back Clyde. Now stop farting around and straighten that hair!"

**Lori:** "No, I don't need to win Clyde back. I need to apologize to him."

**Lori's Thoughts:** "Don't be a fool!"

**Lori:** "Shove it! I'm not listening to you anymore."

[The other sisters except Lola slowly inch away from hearing Lori talk to herself.]

**Lola:** [uncomfortable] "I don't think I need to tinkle after all."

---

[Back at Clyde's house, Clyde steps out with confidence.]

**Leni:** "Okay, Clyde, your training is complete. You ready to go have a normal conversation with Lori?"

**Clyde:** "You know it!" [holds up a fish from his shirt] "I just hope this frozen salmon takes longer to melt than that ice pack did."

[Clyde salutes to his trainer. She and her brother give him a thumbsup and he makes his way to Lori. Lori steps out of the bathroom and sighs. Clyde is being followed by a pack of cats who smell the salmon.]

**Clyde:** [nervous] "Nice kitties."

[He sheepishly smiles and runs screaming with the cats in pursuit. Lori descends the stairs and Clyde approaches the door. Lori opens it and sees Clyde standing on the step.]

**Lori:** "Clyde! I was just on my way to see you. There's something I really wanted to tell you. First, I wanted to apologize for never appreciating how kind and thoughtful you are. And second, I wanna thank you for making me feel so good about myself all these years. You're a special guy, Clyde, and literally anyone would be lucky to be your crush."

[She hugs him, and this causes his nostrils to bleed all over her shoes, much to her fright. Lincoln catches his unconscious friend.]

**Lincoln:** "Lori, what happened?"

[They bring Clyde to the sofa.]

**Lori:** "I don't know. I was just telling Clyde that I'm okay with him liking Leni now, and-"

**Lincoln:** "What are you talking about? He doesn't like Leni."

**Lori:** "But I saw them in the kitchen. He got a nosebleed all over her shoes."

**Lincoln:** "Yeah, because he got hit in the nose."

Me: Lynn's frisbee hit him in the face and Varie grabbed him an ice bag.

**Lori:** "Well, why was he acting like a robot with her?"

Varie: He was just showing us what happens when he's around you.

**Lori:** "But I was just over at his house. I heard him say she was beautiful."

Laney: Because Leni was dressed like you.

**Lori:** "What? Why were they doing all this?"

**Lincoln:** "Because Leni was helping Clyde learn to act normal around you, just like you wanted."

Me: Yeah and we were trying to help him.

**Lori:** "So… he never stopped having a crush on me?"

[We shake our heads no and Lori looks at Clyde with joy.]

**Lori's Thoughts:** "HA! I knew it!"

**Lori:** "No you didn't!"

**Lincoln:** [disturbed] "Uh… who are you talking to?"

**Lori:** "No one."

[Enter Leni still in her Lori costume]

**Leni:** "Oh, no! Poor Clyde."

[Clyde suddenly comes to and sees the real Lori and Leni in her costume.]

**Clyde:** [nervously infatuated] "T-T-T-Two Lori's?" [goes into robot mode] "SYSTEM OVERLOAD. EE-OO."

I snap my fingers and Clyde returns to normal.

Clyde: Thanks, J.D.

Lori: (Amazed) Wow. That literally works.

Varie: Leni you can take off your Lori costume now.

Leni: Okay. (Leni changes back into her normal appearance)

Laney: Boy, this has been one strange day.

Me: You said it Laney.

THE END.

My 8th fanfiction is complete.

I wanted to do this before Not A Loud but I got ahead of myself.

Also I'm sorry if my different version didn't turn out like you had expected it to. But don't worry. It's all trial and error.

# Not a Loud

[Lincoln, Clyde and Laney are looking around in the attic]

**Clyde:** "Check this out!" [showing Lori's baby book with a photo of her talking into a toy phone with unusual features] "Our little Lori was born with a pointy head, no hair, and webbed toes." [swooning] "Gosh. She was perfect from day one."

**Lincoln:** [snaps his friend out of it] "Focus, Clyde. We're supposed to be looking for my birth story."

Me and Varie then came in.

Me: Hey guys.

Lincoln: Hey J.D., Varie.

Varie: What are you guys doing?

Lincoln: "Everyone in our class has to do a report about the day they were born, and tomorrow is my turn. Should be a cinch because Mom and Dad keep detailed baby books for all of us." [shows his sisters' books in order]

Me: Cool.

Varie: Can we take a look?

Laney: Sure.

Me and Varie come up and join them.

Lincoln "Here's Luna's…" [which shows baby Luna with a guitar] "

Me: Music Star from day one. Boy she was adorable.

Lincoln: Here's Lynn's…" [which shows baby Lynn working out with a dumbbell] "

Varie: Boy she was a Strong baby. I can tell she had alot of energy from Day 1.

Lincoln: Here's Lucy's…" [which shows baby Lucy folding her arms and wearing a winter cap hiding her eyes and her photo is a little damaged]

Me: Born into Darkness from Day 1.

Laney: Here's mine… [which was a brighter red book and it shows baby Laney with a paintbrush and with brown paint on her arms and the walls had animals painted on them]

Varie: You're a talented artist from day 1.

Lincoln: "Aha! Here's mine!" [which shows him wearing a white cap similar to Lucy's and holding Bun-Bun.]

Me: You were adorable Lincoln.

Lincoln opens it but finds no pictures.

Lincoln: "Huh. The section for my birth story is blank.'

Varie: That's weird.

Me: Huh. I wonder why.

Lincoln: That's okay. I'm sure Mom and Dad remember it."

---

[Jump to the parents; Lynn Sr. spits out his coffee on Lincoln]

**Lynn Sr.:** [flabbergasted] "Your birth story?!"

Me, Varie and Laney were listening from the stairs.

**Lincoln:** [wipes the spewed coffee off his faces] "Yyyyyeah. It's not in my baby book."

**Rita:** [uneasy] Uh, that's weird." [chuckles] "What do you wanna know?"

**Lincoln:** "Well, what time of day was I born?"

[Rita and Lynn Sr. answer at the same time]

**Lynn Sr.:** "Morning."

**Rita:** "Night."

**Lincoln:** [confused] "Okay… how much did I weigh?"

[The parents answer at the same time again]

**Lynn Sr.:** "Nine pounds."

**Rita:** [holding up a certain number of fingers] "Seven pounds."

[Lincoln and Clyde look to each other suspiciously]

**Lincoln:** "What was the doctor's name?"

[Another simultaneous answer]

**Lynn Sr.:** "Dr. Bernstein!'

**Rita:** "Dr. Patel!"

**Lincoln:** "What is going on?"

**Parents:** [through gritted teeth] "Nothing!"

**Lincoln:** "At least you agree on that one."

* * *

[Lincoln's room]

**Lincoln:** "That story had more holes than my underwear.

Me: Yeah. Actually it had more holes in it than Swiss Cheese.

Laney: Mom and Dad were very secretive. This is not like them.

Varie: I wonder why.

Me: Whatever it is, its got something to do with Lincoln's birth and it must be very big.

Lincoln: Well, my parents are obviously hiding something, and I'm gonna get to the bottom of it!"

**Clyde:** "No, we are! You're my best bud and future brother-in-law, and I need to know how you came into this world."

Varie: Me too.

Me: Lets do some detective work!

---

[Lori and Leni's room]

**Lincoln:** "Hey, Lori, do you remember anything about the day I was born?"

**Lori:** "Sure. Pop Pop was watching us. A car pulled up and a scientist wearing a mask and gloves stepped out holding you."

**Lincoln:** [baffled] "A scientist?"

**Clyde:** [outside the room trying not to see the first born daughter] "Did you say a scientist?"

**Lori:** "Oh. Hi, Clyde!"

**Clyde:** [acting like a robot outside] "SYSTEM OVERLOAD. ABORT."

I snap my fingers and he goes back to normal.

Clyde: Thanks J.D.

Me: You're welcome, Clyde. I'll tell you why Clyde does that later, Varie.

Varie: Actually, I think I already figured it out.

[Back in Lincoln's room]

**Clyde:** "I hate to question my future bride, but that story makes no sense. Scientists don't deliver babies."

Me: Unless they were trained in the fields of genetic and reproductive medical science.

Laney: That's true and Lisa is a scientist.

**Lincoln:** "Wait a minute! What if that scientist didn't deliver me? What if she created me…" [takes out one of his DVD movies] "… like **Larry the Lab-Boy** ?"

**Clyde:** "Of course! And it would totally explain the white hair." [flicks Lincoln's cowlick and chuckles]

**Lincoln:** "Only one thing. Larry had superpowers, and I don't."

Me: Laboratory Experimentation is a definitive cause of people getting superpowers.

Laney: I got my powers because of a mystical artifact.

Me: I was born with superpowers. You all have seen what I can do and I still have more powers to show you.

Varie: I was born with my powers too. But I don't think Lincoln has superpowers either.

**Clyde:** [intrigued] "Or, do you have superpowers, Lincoln?"

**Lincoln and Clyde:** "FIELD TEST!"

---

**Clyde:** "First up, super strength."

[A bunch of heavy objects are bundled up together over Lincoln's head on a branch]

Laney: I don't know about this Clyde. Lincoln could get hurt.

**Lincoln:** "Okay, Clyde, let's do this!"

[Clyde cuts the rope and the objects drop right on top of Lincoln who screams in pain, debunking the super strength test.]

I lift the stuff off Lincoln with no problems and set it aside. Clyde and Laney were amazed.

Varie was healing Lincoln with her water powers.

Lincoln: Wow. Varie, I didn't know you can heal people with water.

Varie: It's one of my special abilities. Water is said to be a purifying and healing force.

20 minutes later.

**Clyde:** "Now that you're upright, let's try testing your super speed.

Me and Lincoln were in racing stances.

Clyde: On your mark, get set, run like the wind!"

[Lincoln takes off and I run faster than a bolt of lightning]

Lincoln, Clyde, Varie and Laney were awestruck.

I came back 3 seconds later soaked in sweat with a tote bag on my shoulder.

Me: Time!

Clyde: 3.54 seconds! Wow! You have super speed J.D.!

Me: Yep.

I pull out some stuff from different countries.

Me: Got you some good stuff from different countries. Clyde, I got you these cool Maracas from Mexico, Laney, I got you this cool Artist Beret from France, Varie, I got you this beautiful necklace from Russia, and Lincoln, I got you this cool Sherpa hat from Nepal.

Clyde: Awesome! Thanks J.D. (Takes his gift)

Laney: Thank you J.D.! (Takes her gift)

Varie gives me a kiss and I put her necklace around her neck. It was beautiful blue diamond heart. (Heart of the Ocean from Titanic)

Lincoln: Awesome! Thanks J.D. (Takes his gift)

**Clyde:** "I think you just proved to Lincoln that he's definitely not as fast as a boy made in a lab."

**Lincoln:** "Ah. Let's go check with Leni."

---

**Leni:** "I totes remember that day! We were at home waiting to meet you. And then you were carried in by an eagle. Well, off to the mall!" [leaves]

**Lincoln:** [doubtful] "An eagle? That's crazy!"

Laney: I've heard of storks delivering babies but never Eagles.

Me: The Stork delivering babies was proven to be a myth.

**Clyde:** "Maybe she said beagle."

**Lincoln:** "How is that better?" [gets an idea] "Wait a minute!" [gets out another DVD] "Remember this?"

**Clyde:** "Of course! **Erik the Eagle Boy** ! He was half eagle and half boy. That would explain the white hair." [pulls on the cowlick]

Varie: Lincoln's hair would have to be made of Feathers, Clyde.

Me: Plus, Humans can't lay eggs like chickens. Also, being born in the jungle has been proven to give superpowers.

**Lincoln:** "True. But Erik could do all that, you know, eagle stuff."

**Lincoln and Clyde:** "FIELD TEST!"

---

[A bunch of pillows are on the ground]

**Clyde:** [into walkie] "McBride to tower, we're ready for take off! Over.

I am in a nearby tree.

Me: [Into Walkie] Tower to McBride, your clear for take off! Over.

Clyde: 1… 2… 3! Fly, Eagle Boy!" [Lincoln takes off] "Fly like-"

[Lincoln is unable to stay airborne and crashes onto the pillows]

**Clyde:** [unimpressed] "-a rock."

Laney: Good thing those pillows were there to cushion his fall and I can fly.

Laney floats and flies in the air and does some aerial tricks and stunts.

Lincoln, Clyde and Varie are awestruck.

[The dining room]

**Clyde:** "Open wide, Eagle Boy. Here's lunch." [holds up a can of worms]

Varie: Ew.

Me: I think I'm gonna be sick.

[Lincoln gulps nervously and tastes a worm. Immediate segue to me and him throwing up in the toilet and the sink]

Laney: That was so disgusting!

**Clyde:** [thinking] "Hmm. Maybe it was beagle." [holds up a can of food] "How about some turkey giblets and gravy?"

[Lincoln and me get more nauseous and we throw up again]

---

[We are now talking to Luna about the story]

**Luna:** "Your birth story? Totally remember it, brah. A car pulled up to the house, and Mom and Dad stepped out holding you."

**Lincoln:** "Huh. Nothing suspicious about that."

**Luna:** "And then all these dudes in dark suits and sunglasses jumped out, surrounded the house, and started talking into their watches. It was pretty rad. Later!" [leaves]

**Lincoln:** "Well, now I'm even more confused.

**Clyde:** [hands Lincoln another DVD]

**Lincoln:** " **Alan the Alien Boy** ! Of course! Those guys Luna saw were government agents bringing me to Mom and Dad."

**Clyde:** "That would explain the white hair."

Me: There's one crucial difference. Alan was either born on another planet or in Area 51. Lincoln was born here in Michigan.

Laney: What's Area 51?

Me: Area 51 is a top secret Government Extraterrestrial Research Facility. It's located in Nevada. It's very Secretive.

Varie: Sounds very suspicious.

**Lincoln and Clyde:** "FIELD TEST!"

---

[The hallway in front of the bathroom door]

**Clyde:** "Alan could open doors with his mind.

Me: People that have Superpowers usually come from Alien Planets. Like Superman from Krypton or Starfire from Tamaran.

Clyde: Let's see what you've got."

[Lincoln tries opening the door using mind powers, and after a few seconds, it does open]

**Lincoln, Clyde, Laney, Me and Varie:** "It worked!"

[The toilet flushes and out comes Lana with a newspaper]

**Lana:** "I'd give it a minute before going in there. Whew!"

Me: I can do all that with the Force.

**Clyde:** "Well, scratch that. The next test is the ability to regenerate lost limbs. Do you have a stick you could bite on?"

Varie: Clyde, we're not cutting off one of Lincoln's arms or legs.

Me: Humans can't grow back their lost limbs like reptiles can.

**Lincoln:** [reluctant] "Yeah I think it's pretty obvious I'm not an alien."

Laney: Lets move on.

---

[We are now talking to Luan about it]

**Luan:** "Well, I was really little, but I do remember how excited we were to finally have a brother. We thought for sure you'd be a girl."

**Lincoln:** [confused] "Why would you think that?"

**Luan:** "Mom and Dad already had your room decorated for one. At first, we thought they'd brought home the wrong baby!" [giggles and leaves]

[Dramatic beat]

**Lincoln:** "Clyde, that's it!" [holds up another DVD] "It's just like **Ricky the Wrong Baby** Ricky's so-called "parents" wanted a boy so badly, they paid a doctor to switch babies. My parents already had five girls. It makes total sense!"

Me: Lincoln, that's kidnapping and according to the Michigan State

Sentencing Guidelines, a person who maliciously, forcibly leads or entices a child under the age of 14 with the intent to detain, conceal the child from a parent or legal guardian can be found guilty of a felony and punished to life in prison.

**Clyde:** "It would explain the white hair."

Varie: Maybe, but maybe not.

Laney: I don't think our parents would resort to that. That's too extreme.

**Lincoln:** "Come on, Clyde. We have to get to the bottom of this."

[They rush off]

---

[We are checking the hospital's birth records online]

**Lincoln:** "Okay, here are the local birth announcements from the day I was born. We need to find all of these families and see if one of them could be mine."

Me: That's like trying to find a needle in a haystack.

Varie: Yeah. It could be any one of them.

Laney: I don't think this is a very good idea guys.

Me: We won't know until we try.

**Clyde:** "Great plan, Lincoln." [suddenly concerned] "Or, I mean, whatever your name really is." [sighs] "This is gonna be an adjustment."

---

[Elsewhere, we are hiding in a bush]

**Lincoln:** "Okay guys, first house on the list!"

[They spy a family of blondes with their kid being a tall girl]

**Clyde:** "Maybe you were switched with that really tall girl." [The parents stand up to reveal to be just as tall as she is]

Lincoln: Or maybe not.

Me: That family is really tall.

Laney: Wow. They could be basketball stars.

**Lincoln:** "Next!"

[We head off to the next house and spy on a family with a father with a hairdo like Lincoln's and a girl with a familiar laugh]

**Lincoln:** "Hey! That girl laughs just like Luan! She must be a Loud, and I must belong in that family!"

[The family reveals to have long noses]

**Clyde:** "Or maybe not.

Varie: Nope. Their noses are too long.

Lincoln: Next.

[The next family is gardening on their front lawn]

**Lincoln:** "Maybe she's the one! She's into dirt, just like Lana."

[The family takes off their gardening hats and reveal to have red curly hair]

**Clyde:** "Or not."

Me: Nope. They have red hair.

Varie: Next.

[The next family's lawn is filled with cacti, which Lincoln pokes out of in pain]

**Lincoln:** "Ow! I hate these drought-resistant lawns!"

Me: I know. They hurt.

Laney: Yeah. Bad.

**Clyde:** "I sure hope it's not this house, because we'd be going to different schools. Just thinking about that makes my feet sweat."

[A car horn honks and is parking in the driveway]

**Lincoln:** "I wouldn't worry about it, Clyde. With the luck we're having-"

[The parents reveal to have white hair]

**Lincoln:** "Gah! The white hair!"

Me: Well I'll be a monkeys uncle!

[The daughter they have reveals to look eerily familiar]

**Lincoln:** "And look at her hair! It looks just like Lori's!"

Me: She Looks like a younger verson of Lori.

[Clyde takes off his shoe and lets out all the sweat that his feet let out in a saddened state]

**White-haired woman:** "What does everyone want for dinner?"

**White-haired family's daughter:** [excited] "Spicy subs! Spicy subs!"

**Lincoln:** "Hair like Lori's, plays guitar like Luna, eats like Lynn… that girl is a Loud!"

Varie: She is definitely a Loud.

Laney: Just when you think you know some people.

**Clyde:** [in heartbroken denial] "We don't know that!" [sniffles, sighs, and wrings out his sock]

**Lincoln:** "Let's face it, Clyde. Those white-haired people are my real parents. I'm gonna have to move here and start my life all over."

**Clyde:** "You can't! How are we gonna stay best friends? Do walkie-talkies even reach this far? Will your new parents even let me sleep over?" [starts hyperventilating into his paper bag]

Varie: (Slaps Clyde) Pull yourself together Clyde! You're spiraling!

Clyde: Thanks Varie. I needed that.

**Lincoln:** "[angry] "Now I have some choice words for my so-called parents!"

---

[Back at the Loud House, Lincoln steps in front of his parents and cracks his neck a little]

**Lynn Sr.:** "Can we help you, son?"

**Lincoln:** [incredulous] "Son. That's an interesting choice of words."

**Clyde:** [pops up from behind the armchair's left arm] "Yeah!"

[The Loud parents look at Clyde confused and he just waves to them]

**Rita:** "Is there something wrong, guys?"

**Lincoln:** "Yes. I know my real birth story."

**Lynn Sr.:** [shocked] "You do?!"

**Lincoln:** "Yep. You really had another girl, but you didn't want another girl, did you? You wanted a boooyyy! So, what did you do? You paid off the hospital to look the other way, then you made the ol' switcheroo with some poor unsuspecting family across town! What do you have to say for yourselves?"

**Clyde:** "Yeah! For shame!"

Me: Tsk! Tsk! Tsk!

[The parents take a second and start laughing]

**Lincoln:** [sarcastic] "Oh, I'm glad you find ruining my life funny."

[The parents are still laughing and soon Rita stops]

**Rita:** "We're sorry, honey." [nudges her husband to stop] "We don't mean to laugh. It's just that you're way off base."

**Lynn Sr.:** "Oh, Lincoln, of course you're our son. Why don't you sit down? It's time you know the real story of your birth."

[Lincoln sits down, as does Clyde, Laney, Me and Varie]

**Lynn Sr.:** "Okay, you too, guys."

**Rita:** "Well, the day you were born got off to a pretty normal start. My water broke, we called Pop Pop, he came over to watch your older sisters…"

**Lynn Sr.:** "I drove your mother over to the hospital in Vanzilla, but not surprisingly, she broke down." [realizing what he said] "Uh, the van, not your mother. And that's when things stopped being normal."

[Flashback to that day with Lynn Sr. calling for a ride]

**Rita:** [narrating] "We were afraid you were going to be born on the side of the road, but thankfully, a black limo pulled up."

[The window rolls down to Lynn Sr.'s request]

**Lynn Sr.:** [narrating] "Could have knocked me over with a feather, it was the President and the First Lady! When I told them what was going on, they offered to give us a ride to the hospital."

[Lynn Sr. gets in, remembers his wife and brings her over. She is surprised to see who it is]

**Rita:** [narrating] "Everything was looking fine again, but you weren't a very patient baby. We weren't going to make it to the hospital. You were going to be delivered by the President, until he passed out. Then the First Lady took over."

[The action shown during the narration is shown as told. End flashback]

**Lynn Sr.:** "What an amazing woman. She was so cool under pressure."

**Rita:** "Of course, you had to hear that from me, since you were passed out, too."

**Lynn Sr.:** "That's not how I remember it."

**Rita:** "Anyway, she delivered you right there in the limo. When we saw you for the first time…" [sighs] "… our hearts just melted."

I was amazed.

Me: Wow! Lincoln that is considered a major league honor.

Varie: Boy, That's quite a revelation.

Laney: President George W. Bush delivered my big brother? Incredible!

**Lynn Sr.:** "The reason we never told you was because the President-" [pauses and whispers] "… because the President was heading to his top secret safe house in Royal Woods. No one knows about it, and no one can."

**Rita:** "We had to sign an agreement saying we'd never discuss it."

Me: Now I understand. You couldn't tell Lincoln because you both were sworn to secrecy.

Lynn Sr.: That's right.

**Lincoln:** [amazed] "Wow! That's amazing! But wait. Somethings still don't make sense. Luan said you decorated my room for a girl. It sure sounds like you were expecting one."

**Rita:** "We already had five girls. We were just using the baby stuff we had."

Varie: Oh you couldn't afford baby stuff for a boy because of a tight budget.

Rita: That's right, Varie.

**Lincoln:** "What about the men in black suits and sunglasses that Luna told me about?"

**Lynn Sr.:** "They were secret service."

Me: Oh wow. They work for the United States Department of Homeland Security.

Rita: That's right, J.D.

**Lincoln:** "Lori said there was a scientist in gloves and a mask."

**Lynn Sr.:** "That was the First Lady. She got that stuff from the first aid kit in the car."

Laney: Boy, First Lady Laura Bush knew what to do didn't she?

Rita: She sure did sweetie.

**Lincoln:** "Okay, but what about what Leni said, that was I carried by an eagle?"

Me: Which I found to be totally Farfetched.

**Rita:** "Mm, you were wrapped in a blanket with the presidential seal on it."

**Lynn Sr.:** "In fact…"

[He goes to the corner of the room, tears off a piece of the carpet, reveals a secret compartment with a briefcase, takes out the briefcase, opens it, and reveals the aforementioned blanket]

**Lincoln:** [convinced] "Holy cow! I can't believe it! I was delivered by the First Lady!"

Me, Laney and Varie Salute the Presidential Seal.

**Clyde:** "I believe she's referred to as FLOTUS. Lincoln, wait until you tell this story to our class! It's totally gonna blow away the story about Liam's water birth!"

**Rita:** "Sorry, sweetie, but you can't tell your class. Remember? It's top secret."

**Lincoln:** [disappointed] "Oh. Right."

Me: That's right, Lincoln. This is a huge government secret. Once Mr. Lynn and Ms. Rita told us this, we too became sworn to secrecy as well. We cannot tell anyone, PERIOD.

Laney: You have our word that we won't tell a soul mom and dad.

Varie: We won't tell anyone.

Rita: Thank you, guys.

**Lynn Sr.:** "Sorry about that, son."

**Lincoln:** "It's okay, Dad. I'm just glad you can still call me that."

**Rita:** "Aw."

**Lynn Sr.:** "Bring it in, kiddo."

[Lincoln and his parents hug it out]

**Clyde:** [crying with happiness] "It's just too beautiful." [before he can blow his nose in the blanket, I take it and replace it with a handkerchief and he blows his nose in it]

Me: Sorry about that, Clyde but this Blanket is very important.

**Lynn Sr.:** "Yeah. This is a piece of American history."

I hand the blanket to Mr. Lynn.

---

[We are reading comic books in Lincoln's room]

**Clyde:** "It's great we know the truth, Lincoln. But we still haven't solved the mystery of your white hair."

**Lincoln:** "True." [thinks] "Wait a minute!" [picks up another DVD] "I think I have the answer." [shows it to us]

**Clyde:** "Of course! **Ron the Radioactive Boy** ! His hair turned white after that gamma ray explosion!"

**Lincoln:** "But he also got all those weird mutant abilities."

Me: Nuclear Radiation is one of the most prominent causes of getting superpowers.

[The boys are inspired for another… ]

**Lincoln and Clyde:** "FIELD TEST!"

Laney: (to the viewers) Here we go again. (winks at the screen and it Iris in)

The infamous Brawl in the Family episode. Many of you are wondering why I'm doing this one. Well I thought it would present a very good challenge because my last fanfiction "Change of Heart" didn't turn out so good. So fasten your seatbelts and get ready to enter SIBLING WAR 1.

---

It starts with me and Varie knocking on the Loud House Door. Lincoln answers the door.

Lincoln: Hey guys come on in.

Me: Thanks Lincoln.

Varie: Where are your sisters?

Lincoln: They're around.

Our stomachs growl.

Me: Can we go get a snack?

Lincoln: Sure.

[We walks over to the kitchen, only to find out that Luna is blocking the entrance.]

**Luna:** Sorry dudes, kitchen's off limits. Lori's in there cooling off. She and Leni had a major throwdown.

Varie: Oh no. How come?

Luna: It's complicated Varie.

**Lincoln:** Yeah, sad story. But I'm hungry.

Me: Yeah we won't talk to her. We'll just go in, get something to eat and come back out.

**Lisa:** [As we were about to walk into the kitchen.] Fear not, male sibling and male and female friends. You should be able to satiate your appetite by forging under the couch cushions. [holds out the bagel] See what I scored?

**Lincoln:** Ooh, an everything bagel. [eats the bagel]

**Lisa:** [takes the bagel from Lincoln] Mmm… correction, a plain bagel with lint, dog hair, [gasps] Gadzooks! Is that a booger?

Me: I think I'm gonna be sick.

[Lincoln, horrified and disgusted at what he just ate, runs to the bathroom to throw up and me and Varie follow]

**Lincoln:** [To Lana] Do not eat the couch bagel.

**Lana:** Sorry, bathroom's off limits. Leni is in there cooling off from the fight. [hand Lincoln a bucket.] Here, use this.

**Lincoln:** A bucket? [gulps]

**Lana:** Don't knock it till you try it.

[Lincoln gives a look of discontent]

---

[In the living room, Lola, Lynn, Laney and Lucy are reading. Me, Varie and Lincoln enters the room with a bowl of popcorn and wearing monster truck fan attire. Varie has a book on fish. Lincoln is about to take the remote. His sisters, minus Laney, after staring at me and Lincoln, beat us up then continue reading.]

Me: OW! What the heck was that for?!

**Lynn:** Sorry, TV's off limits.

**Lincoln:** [annoyed] Aw, come on! Why?

**Lola:** Lori and Leni are on edge. You watching a Monster Truck

Rally is not going to help them.

Varie: I don't watch TV, I read books.

**Lincoln:** This is ridiculous! What are they even fighting about?

Laney: Leni and Lori have the same dress and now they won't speak to each other.

[Flashback: The sisters (except Lori and Leni) are sitting on the couch, doing their usual things. Lori enters the room.]

**Lori:** Guys! Guys! Guys! [pulls out her dress] Check out this dress I found at the mall. It's literally one of a kind. [squeals]

**Lori's sisters:** Oooohh…

**Leni:** [enters the room with her dress] O-M-Gosh, you guys! Look at this dress I found at the mall!

[The sisters gasp due to Lori and Leni having the same dress]

**Leni:** [walks up to Lori] Ooohh… when did we put a mirror in the living room?

**Lori:** That's not a mirror, that's me! Now go take your dress back!

**Leni:** What? No! You take yours back!

Laney: Wait! Can't we just agree to disagree?

Lori: Okay. I agree that this dress is better on me and disagree that it's better on her! [Points to Leni]

Leni: Leni? Well, that dress makes you look like Aunt Ruth!

Lori: Take that back!

Leni: Take that dress back! [The two growl at each other]

Laney: Guys, wait! We shouldn't fight! There's gotta be something I can do to fix this! [Luna grabs Laney]

Luna: Don't get involved in politics, Lanes.

[The other sisters whistle and head upstairs]

[End flashback]

**Lincoln:** That's it? You gotta be kidding me! Clyde and I wear the same shirt on picture day, and we didn't care. [flashback to where he and Clyde wear the same shirt on a school picture day.

End flashback]

**Lucy:** It's a sister thing. You wouldn't understand.

Me: Lola, what color was the dress?

Lola: Hmm. I think it was an Ocean Blue but I'm not sure.

Varie: I think they both would look cute wearing the same dress.

Me: I agree.

Laney: I should've said that, but they wouldn't listen.

**Lincoln:** Well, let's go help them work it out. So we can have our house back. [Lynn stops him with her hockey stick] Oof!

**Lynn:** Negative. In this family, we have a sister fight protocol. Butt out, and let them resolve it on their own.

Varie: What is a Sister Fight Protocol?

Me: I've heard about this. It's a special family movement that prevents sibling rivalry fights from escalating into violent massacres.

Lisa: Precisely and this is the threat level we're at now: THUNDERSTORM.

I look at Lisa's Threat Level Chart and it had an interesting set up.

Me: Hmm. Interesting setup, Lisa. It shares the same principals as the United States Armed Forces DEFCON System but on a smaller scale. I'm guessing Field of Flowers must be DEFCON 5, The

Lowest level. And Exploding Volcano must be DEFCON 1, The Worst level.

Lisa: Correct. Technically it's Field of Daisies as the lowest and Erupting Volcano as the Highest.

Varie: And we're at Thunderstorm so we must be at DEFCON 4.

Lisa: Exactly.

Varie: Wow. You guys prepared for this.

Me: Indeed. But these protocols never work out at 100%. They always make things worse.

Varie: Oh man. This protocol is asking for this family to be torn asunder. We got to stop this.

Laney: Exactly! But I know I can resolve this! This family needs my voice of reason!

Lola: Your heart's in the right place, Laney. But you're playing with fire.

Laney: But someone has to go up there and calm them down!

Lynn: You don't even know what you're doing. Stand down before you have another one of your episodes.

Laney: [Stands up] You'll see! I'm going to stop this silly feud, without the help of your protocol!

Me: No Laney. We all will. Me, Varie, Lincoln and You. Divided we are weak. But United we are strong!

We Walk up to Lori and Leni's room.

Lincoln: I have a protocol, too! Which is I don't like pooping in a bucket!

Me: And also I have a protocol which is I don't like seeing 2 of my best friends fight over something so petty. By the way Lincoln, Did you know about this Sister Fight Protocol before now?

Lincoln: No, I didn't.

Varie: That's weird. Don't you think it's kind of odd that they bothered to tell your younger sisters about it, but not you?

Lincoln: Yeah, a little bit.

Me: Laney, were you told about this?

Laney: Yes, I was. But I always thought it was a bad idea.

Varie: Can't argue with that.

Lincoln: But it doesn't matter, because we're going to fix it.

[Lincoln knocks on Lori and Leni's bedroom door and opens the door as we walk in] Hey guys. Now look, I know you've been having a little problem, so we-

Lori: Guys can you tell Leni that the only way we can work it out is if she takes that dress back to the store?

Me: Come on you two, it's just a dress.

Varie: That I think you both would look really cute in.

Leni: Aw, Thanks Varie, but Laney, can you tell Lori that taffeta makes her look fat?

Me: Hey, Hey, Hey, Hey! You guys.

Lori: [angrily] WHAT?! How dare you call me fat!?

Laney: Uh, Okay! Lets calm down for a moment and think this over. You two have been very close together. Are you gonna break it up because the two of you have the same dress?

Lori & Leni: YES!

Lori: Well if Varie and Laney are on your side, Then Lincoln and J.D. should be on my side!

Me: No. We're not on anyone's side. We're here to help you guys work it out.

Lori: No help needed. I'm just waiting for Leni to apologize to me!

Leni: What?! You should be the one apologizing to me!

Varie: How can you fight over something so petty?!

Lori and Leni don't listen to us and continue arguing.

Lori: You know what?! I think blue makes you look washed out.

Leni: [Gasps] Oh Yeah?! Well, I think taffy makes you look like Aunt Ruth!

Lori: [Gasps] I cannot believe you!

Leni: I can't believe you more!

Lori: You're the worst sister in the world!

Leni: You're the worst sister in the Universe!

[She and Lori continue arguing at each other. Me, Varie, Laney, Lincoln looks scared as we get out of their room, and shuts the door. Just then, the other sisters were angry at us for making the fight worse. We fall.]

**Lynn:** Ugh, nice job guys! We told you to stay out of it!

Me: They didn't even hardly give us a chance to talk, Lynn.

Punching and crashing, screaming and roaring comes from Lori and Leni's room meaning that the fighting has escalated into violence.

**Lisa:** Based on rising decibel levels, I'm uping the threat level in the house from Thunderstorm to Hissing Cats.

Varie: We're now at DEFCON 3 people.

Lisa: Sisters, to your stations!

**Lincoln:** Uh, what's going on?

**Lola:** Let us handle it.

Me: We got to do something guys, Otherwise this whole fight will escalate into World War III.

---

[The next scene, me, Lincoln, Laney and Varie are in Lincoln's room reading manga. Luna and Luan enter the room, which scares us.]

**Luna:** Scram, dudes! We need your room!

**Lincoln:** What? Why?

**Luan:** Lori's approaching the sector, and we can't risk a run-in with Leni.

[Luna pushes us out of his room as walks back in, as Luan pushes Leni in there.]

**Luna:** Coast is clear, brah.

**Lucy:** Copy that. [allows Lori to go upstairs] You may proceed.

[Lori walks upstairs to her bedroom. Luna gets out of Lincoln's room, and Luan pushes Leni out. Lori gets out of her room while texting on her phone.]

**Lucy:** [voice] Abort, abort. Leni is headed back up. [Luna and Luan pushes Lori into Lincoln's room.]

**Lori:** Ah!

**Lincoln:** [As Luna and Luan enter the room with Lori.] Ah!

**Luan:** Lincoln, J.D., Varie, Laney, make like a drum and beat it! [chuckles] Get it? But seriously, out.

Me: [Laughs] Good one, Luan. But we're going. [We are kicked out of Lincoln's room. Leni walks back upstairs and goes to her room as she slams the door.]

**Lincoln:** [sighs]

Varie: This is just ridiculus

[Later that night, it is dinner time.]

**Lynn Sr.:**… And then Mort realized he was drinking regular, not decaf! [starts laughing]

Me: [Laughing] That's funny Mr. Lynn.

Varie: Mmm. Delicious spaghetti Ms. Rita.

Rita: Thank you, Varie.

**Lori:** [Rises up from her chair] Dinner was delicious, Mom.

**Rita:** Thanks, sweetie!

[Lori walks out of the dining room]

**Lincoln:** Yeah, thanks, Mom. I am stuffed.

**Rita:** Well, I hope you saved room for dinner.

**Lincoln:** [confused] Wait, what?

Laney: But didn't we just have dinner?

Me: Sister Fight Protocal, Right?

**Lynn Sr.:** Yep. Lori and Leni dine separately.

**Rita:** And we have to eat with them both. So they don't think we're taking sides.

Me: Why not. I love this spaghetti.

Varie: Me too.

Me: I'll have to see if our Chef back at our mansion can give you some good recipes to go with this.

Rita: That's very thoughtful of you J.D. Thank you.

Lola: [From the kiddie table] I didn't know you had your own chef at your house J.D.

Me: He is the best, Lola and he cooks all sorts of really great food.

[In the next scene, they dine with Leni.]

**Lynn Sr.:** And then Mort realized he was drinking regular, not decaf! [laughs]

**Leni:** [laughs as well]

Laney sighs.

Rita: Laney, you've barely touched your second dinner. What's wrong?

Laney: I'll tell you what's wrong. All this is wrong! Something's got to be done about this!

Lynn Sr.: Honey, you have to respect the protocol. Let Lori and Leni solve this on their own.

Laney: But I'm a sister too! I know I can help! Siblings are supposed to be there for eachother!

Me: Mr. Lynn can I have a word with you? In private?

Lynn Sr.: Sure.

Me and Lynn Sr. go into his bedroom.

Me: I'm sorry to pull you away like this Mr. Lynn

Lynn Sr. That's okay J.D.

Me: I don't think this protocal is working at all Mr. Lynn. Earlier this morning, Lori and Leni were practically tearing each other apart. They wouldn't let us talk to them to try and reason with them. The threat level was raised to DEFCON 3 because of our so called "INTERFERENCE" and me, Varie, Laney and Lincoln are worried that this fight could explode into a violent massacre.

Lynn Sr.: You maybe right on that J.D.

Me: You and Ms. Rita are the parents and you make the rules in this house right?

Lynn Sr.: Yes.

Me: I respect your authority. But I have a very bad feeling that the fight is going to escalate rapidly into DEFCON 1 and I'm worried that some of the girls if not all of them are going to get hurt and I can never forgive myself if that happened. What's worse is I don't want Lincoln, Varie, Laney or myself to get caught in the crossfire.

Lynn Sr.: You're right. But what can we do?

Me: Tell everyone we're going to destroy everything of the Sister Fight Protocal. I'll explain the situation to Lincoln, Laney and Varie and if the fight begins, Laney will use her plant powers to restrain the girls.

Lynn Sr.: And the rest will be up to the parents meaning me and Rita.

Me: Bingo. We don't want another situation like this happening again like with THE SWEET SPOT FIASCO.

Lynn Sr.: You may have saved this family again J.D.

Me: Thank you Mr. Lynn. Friends always look out for eachother. Also, I have a plan.

I whisper everything into his ear.

Lynn Sr.: That's perfect. Okay it's time to put Operation: Induce More Fighting So That Laney can Use Her Plant Powers and Restrain the Girls So We Can Punish Them and Think of A Shorter Name For This Operation, into Action.

Me: Whoa! That's a mouthful. Now I know who Lincoln got it from. How about Operation: Plant Restraint Punishment?

Lynn Sr: That's perfect.

Me: This'll take 24 hours, but we can pull this off if we all do our part.

---

Later That night.

I explain the plan to Lincoln, Laney and Varie and it began.

[Lincoln walks to his bedroom, until he realizes that his sheets and blanket are missing. He walks out of his bedroom. Lana whistles while she walks out of the bathroom with her plunger.]

**Lincoln:** Hey, what gives? What happened to my sheets and blanket?

**Lana:** Sister fight protocol. We used them to make a divider in Lori and Leni's room.

**Lincoln:** Well, what am I supposed to sleep under?

[Lana shoves him to his room.]

**Lana:** Try this. [Dumps all the dirty laundry clothes on Lincoln and laughs]

**Lincoln:** [Fed up] Alright, that's it!

**Lana:** Lincoln, what are you doing? [knocks on every door for every sister younger than Lori and Leni] Guys, we have a situation.

Laney: What now?

[Lincoln angrily walks into Lori and Leni's room and takes down the divider. Lori and Leni gasp while the others watch.]

**Lincoln:** I'm done with this! You guys and your stupid fight have ruined the whole day! It's time to get over it and make up!

**Luan:** Lincoln, this has to run it's course. Sister fight protocol.

**Lincoln:** Forget sister fight protocol!

**Leni:** Well, I'm not sleeping in here with her!

**Lori:** I'm not sleeping in here with her, either!

Laney: Everybody calm down! I have a solution! Lets sleep in different rooms. Leni, you sleep in Luan and Luna's room and Lori can sleep here.

Lincoln: Great idea, Lanes.

**Leni:** Works for me!

**Lori:** Me too!

[Leni grabs her pillow to sleep in Luna and Luan's room.]

Laney looks at me hiding in Lincoln's room and I gave her the thumbs up and wink.

**Luna:** You're playing with fire! [The other sisters (except Laney) all talk at once]

[The other sisters all talk at once in agreement]

Me: That's a chance I'm willing to take.

**Lincoln:** Listen. Laney knows how to solve problems in this house. By tomorrow, Lori and Leni will have cooled off, and you'll be thanking me! [He whistles, as Lily babbles at him for the idea.]

Lincoln and Laney returns to Lincoln's room.

11:15 PM

Everyone was asleep except for Me, Varie, Lincoln and Laney.

Lincoln: [Whispering] Everyone asleep?

Me: [Whispering] Yes. Phase 1 complete. [Pulls out a headset] Now for Phase 2. Dark Angel to Night Owl, Do you read me? Over.

Lynn Sr.: [Whispering] Night Owl to Dark Angel. Loud and clear and ready to move in. Over.

Me: Excellent. Proceed with Phase 2. Over.

Lynn Sr. Roger that. Over.

Lynn Sr. was dressed in a black sweater with a black hood and he snuck up the stairs and into Lisa's room and found the files for the Sister Fight Protocal in her closet. He grabbed the box and went to his and Rita's bedroom.

Lynn Sr.: I got the files containing the Sister Fight Protocal. Over.

Me: Is it the right box? Over.

Lynn Sr. opens the box and it is all the stuff for the Sister Fight Protocal.

Lynn Sr.: Affirmative. It is all the stuff. Over.

Me: Copy that. Phase 2 complete. Hold on to the box and await further instructions. Over.

Lynn Sr.: Roger that. Proceed with Phase 3 in the morning and J.D., Good Luck. Over.

Me: Thank you Mr. Lynn. Over and Out.

Laney: [Whispering] Did he get the files?

Me: [Whispering] Yes. Everything is going according to plan. We do Phase 3 in the morning.

[The next day, Lincoln, Me, Varie and Laney wake up.]

**Lincoln:** Hmmm, peaceful. Sounds like good ol' Lincoln saved the day.

**Luan:** [voice] Just admit you're wrong!

**Luna:** [voice] You're wrong, dude!

**Lincoln:** Or not. [sighs] Wait a minute, that didn't sound like Lori and Leni.

Me: That sounded like Luna and Luan. Phase 3 is a go.

[sees Luna and Luan arguing.]

**Luna:** Lori had the dress first! She told me the whole story last night!

**Luan:** Well, Leni told me her side, and she clearly had the dress first!

**Luna:** Ha! That's funnier than most of your lame jokes!

**Luan:** Oh I'm sorry, I couldn't hear you! I've gone partially deaf from your horrible guitar playing!

**Lincoln:** Guys, guys.

[Luna and Luan growl at him. Lori, Lynn, Lisa, Leni, Lana, and Lucy have got out of their rooms.]

**Lynn:** [on a megaphone] SISTER FIGHT PROTOCOL! DIVIDE AND ISOLATE!

[Lola is on her princess car, in which she gets Luna on.]

**Lola:** You're paying for new shocks, Lincoln!

[Luan is holding Lincoln by his shirt, getting ready to pummel him]

**Lana:** [Grabs Luan with her rope, and pulls her to Lincoln's room.] This room is now off limits! [Shuts the door, and the off limits sign is on the doorknob.]

**Lincoln:** Come on! Why is it always my room?

**Lisa:** Congratulations, elder brother. Thanks to you, the threat level is now a Stampeding T-Rex.

Varie: We're now at DEFCON 2 People!

Me: (in his head) Just as we had planned.

**Lynn Sr.:** Stampeding T-Rex?! [Acting with screams and boards up the door to his bedroom] Alright, we'll ride out the storm in here.

**Rita:** [puts Lily down on the drawer] (Acting) Did you remember the bucket?

**Lynn Sr.:** Dang it!

**Lisa:** [Is bringing Lori into the bathroom] Commencing T-Rex protocol. I've got Big L, and we're on the move.

**Lucy:** [coming out of Luna and Luan's room with Leni] Roger that.

**Lana:** [With Luan] We're headed for the red zone.

**Lola:** [With Luna] Copy that, we're headed for the green zone.

[Both parties are unknowingly heading into each other's paths, and end up bumping into each other, with Luna and Luan snarling at each other.]

**Lana:** Lola, what are you doing? This is the red zone. The door is red.

**Lola:** Uh, hello! The carpet is green.

[Now the twins are also arguing, as the four of them argue, as Lincoln, holding a bowl of cereal, walks into the room, but immediately backs away. Bobby is coming by to deliver pizza, and immediately rushes to the parents' bedroom window, and knocks.]

**Bobby:** Here you go, Mrs. Loud.

**Rita** [pays and tips him] Thanks Bobby. Just the large pepperoni for us, you can deliver the rest to the front door.

**Bobby:** Do I have to? Lori told me the threat level is at Stampeding T-Rex.

The Doorbell rings and I answer it.

Me: Oh hello Bobby. What's up?

Bobby: J.D. what are you doing?! The Threat Level is at Stampeding T-Rex!

Me: I know. It's part of our plan. (I beckon him and explain what we're doing)

Bobby: That's brilliant amigo. I don't want to get caught in the crossfire. Tell Lori I said Hello.

Me: I'll make sure she gets the message. [I hand him a $100 tip.] Here you go.

Bobby: Thanks man. Be safe in there.

Me: No Problem compadre.

I take the pizzas and put them on the table.

Me: Lori! Bobby says Hello!

Lori: [offscreen] Thanks for telling me J.D.

Me: You're welcome.

**Lucy:** Okay, first seating will be Leni, Luan, and Lana.

**Lisa:** [Off screen] Roger! Copy that.

[Lucy walks into the dining room, only to find Lynn slacking off while eating pizza]

**Lucy:** Gasp! What are you doing? You're supposed to be watching Lori, Luna, and Lola.

**Lynn:** Can't I have a break? I've been working for nine hours.

**Lucy:** So have I, and you don't see me complaining.

**Lynn:** Oh yeah, cause you're always such a ray of sunshine.

**Lucy:** At least I don't smell like crusty athletic socks.

**Lynn:** Please! Like Eau De Death is better.

[Lisa walks into the dining room with Leni, Luan, and Lana, as Lucy and Lynn begin to argue]

**Lisa:** Oh, boy. Here we go. We are now at Erupting Volcano, people!

**Lana:** ENOUGH WITH YOUR DUMB CHART! [Grabs the chart from Lisa, and takes a big bite out of it.]

**Lisa:** How would you like to eat that hat?!

[The rest of the sisters enter the scene, and all of them are arguing now, which ends up with them fighting.]

**Me:** Laney, Now!

Laney slams her hands onto the floor and causes vines to grow and they entangle the sisters in them.

Lori: Laney, let me go or I will turn you into a human pretzel!

Laney: I don't think so.

Lynn Sr. and Rita came in and Lynn Sr. whistled.

Lynn Sr.: This has gone on long enough!

Rita: Everyone but Lincoln, J.D., Varie and Laney into the Living room, Now. But untie them first, Laney.

Laney: I've got a better idea.

She had the vines place the girls onto the sofa.

In the Living Room

Rita: Now this fighting is completly unacceptable. Lori and Leni how could you two fight over something so petty as a dress?

Lori: Leni and I had the same dress mom.

Rita: It doesn't matter. Everyone but Lincoln and Laney are grounded for 3 weeks.

Lynn Sr.: You all should be ashamed of yourselves. J.D. told me what was going to happen last night and he came up with this plan.

I explained the plan down to the last detail.

Me: And then Mr. Lynn and Ms. Rita gave you your punishment.

Laney: That Sister Fight Protocol is a menace to this whole family!

Me: Girls, turn over all the stuff related to that protocal. Mr. Lynn, burn that box.

I give Lynn Sr. a book of matches and everyone turns over the protocal gear and Lynn Sr. goes to burn the box.

Lisa: I should've never made that Protocal to begin with. It just makes things worse.

Leni: It's all my fault! Lori, I AM SUCH AN IDIOT! (Crying)

Varie: Don't say that, Leni. Like I said before. You both would look really adorable in that dress.

Me: Girls, that protocal threatened to tear this family apart. It only made things worse for everyone including your friends and neighbors.

Laney: That's what I've been saying.

Lincoln: That's right.

I explained what's been happening with Lincoln in his room and more and everyone felt really guilty.

Luan: Lincoln we're really sorry we kicked you out of your room.

Luna: Yeah. Sorry dude.

Lincoln: It's okay. I've already forgiven you.

Varie: You can let go of them now, Laney.

Laney releases them.

Me: Well guys, thanks to us we won't have to worry about that protocal again.

Lincoln: Yep. Especially when Lynn says she needs-

Laney covers Lincoln's month before he could finish that sentence.

Laney: Keep practicing so she can be a sports star some day.

Lynn: Oh yeah! I'm goin' for the gold! [Laney removes her hand from Lincoln's mouth]

Laney: Next time you better let me do the talking. Lincoln.

After everyone but Lincoln and Laney went back to their rooms, Lynn Sr. took me, Lincoln, Varie and Laney out to the backyard and I doused the box with gasoline and we set the box on fire.

Me: Mission Accomplished Mr. Lynn.

Lynn Sr.: Yes indeed.

Laney: Good riddence to bad rubbish.

THE END.

Whoo! My 9th Fanfiction is completed and this one took a good while.

This was truly a challenge. The infamous episode done my way.

I'm going to do an original episode next time.

Until then this is J.D. signing off.

Laney belongs to Kinghammer Publishing at

# April Fools Rules

It starts with me and Varie walking over to the Loud House for a sleepover. We have our night stuff and some fun stuff.

I go up and knock on the door and Rita comes and opens it.

Rita: Oh, J.D. and Varie! You're Here! Quick! Come in!

She pulls us both in.

Me: Uh, ok? Thanks Ms. Rita.

We go upstairs only to see the sisters who are all looking like they're going into a war

Me: Hey girls. What's up?

Lynn: J.D., Varie! What are you doing here?! Go, before it's too late!

Me: Haven't you guys forgotten? We're sleeping over with you guys for the weekend. Hey, Where's Luan?

Lola: Oh No! Is she coming?!

Varie: I don't know so that's why we're asking you.

The sister's all go back to preparing. We shrug and then go to Lincoln's Room, but we find out that the door is locked and I knock on the door.

Me: Lincoln, it's me and Varie.

Lincoln opens the door.

Lincoln: Oh hey J.D., Varie, come on in.

We both walk in and Lincoln shuts the door.

Varie: What's going on Lincoln? Everyone looks scared and loaded with Paranoia.

Me: Yeah and they all look like they're going into war.

Lincoln: (sighs) I forgot to tell you

Me: Tell us what?

**Lincoln:** [marks April 1st on his calendar] Tomorrow is April Fools' Day.

Me: Yeah. So?

Lincoln: Every year my sister Luan creates a prank apocalypse and no one is spared!

Varie: You mean like whoopie cushions, squirting flowers and stuff like that?

Lincoln: Oh no. It's way worse than that. I present to you Luan Loud's April Fools' Highlight Reel. [He begins showing us a montage of Luan's April Fools' Day pranks on the Loud Family. First, the siblings are looking at their furniture, which is tacked upside down to the ceiling.]

**Luan:** "I'd say this prank's a little over your head!" [laughs] [Now they open the door to find the room full of chickens]

**Luan:** "Seems to be your clucky day!" [laughs]

[Now the kids are looking at their house all wrapped up in wrapping paper.]

**Luan:** [rips through a window] "I guess that's a wrap!" [laughs]

[Now the siblings are trapped in a humongous gelatin.]

**Luan:** "Aww, look at the Loud Family gettin' jiggly with it!" [laughs]

[The pets' fur and Walt's feathers got shaved off.]

**Luan:** [holding a buzz shaver] "I shaved the best for last!" [laughs]

[The video ends and me and Varie are horrified]

Me: Luan did all of that?!

**Lincoln:** "See what I mean? Nobody's safe from that evil pranking genius. But this year's gonna be different. Luan is not gonna prank me! Because I've got an April Fool proof plan.

Me: (Laughs) Good one Lincoln.

Lincoln: Thank you. [Looks towards his door] You're not the only one who can make a pun, Luan!" [opens his door to reveal Lily wearing a watermelon helmet and diaper, Lynn putting on padding, Lola coating herself and Lana in bubble-wrap.]

**Lana:** "Bubble-wrap me next!"

**Lucy:** [enters with her head inside a gargoyle head.] "I need more armor."

Laney: [Searches in her backpack] Okay, helmets: Check. Cleaning supplies: Check. Protective padding: check.

**Lynn:** [as Lisa enters in army gear] "Where's my helmet!?"

**Lori:** [talking on her smartphone] "Bobby, we have to cancel all our plans in April." [Bobby asks why] "Because Luan might shave my eyebrows off again! And it takes a month for them to grow back."

**Luna:** [following Lisa] "C'mon Lisa! Let me hunker in your bunker!"

**Lisa:** "You should've been more prepared. We'd known this storm was coming for 364 days."

**Luna:** [dropping to her knees and begging] "PLEASE! GIVE ME SHELTER!"

[Me, Varie and Lincoln walk by whistling when Lola dashes out in front of us.]

**Lola:** "Arms up, you three! Your turn for bubble-wrap.

**Lincoln:** [puts his hand in front of Lola.] Not this year, Lola. I'm not getting pranked.

[Loud girls chatter]

**Lola:** It's never been done!

**Lynn:** Are you crazy?

Laney: Don't be a fool! No one is safe from Luan's pranks!

**Lincoln:** Ladies! Ladies! I got a plan! Me, J.D. and Varie are simply gonna lock ourselves in my room till the day's over. I've got snacks, video games and a hose to pee in, which I call the Tinkle Tube. Patent pending.

**Lori, Leni, Luna, Laney, Lynn, Lucy, Lola and Lily:** Ew!

**Lana:** Cool!

**Lincoln:** [points to his window] It goes out the window!

Me: But what if we have to go #2?

Lincoln: Well, We'll cross that bridge when we come to it. The point is, We'll never have to leave my room so Luan will never get us.

Laney: But what if she pranks you guys from in your room?

Varie: How can she do that?

Laney: Never question Luan's dark arts of practical jokes.

[The kids are frightened by the sound of a sausage hitting the stair rails]

Laney: She's here…

[The siblings look frightened as Luan comes upstairs while holding a sausage.]

**Luan:** Ooh! It's Pranksmas Eve… and I'm just bubbling with excitement. [pops a piece of Lola's bubble wrap and walks away.]

Varie: Whoa! Who knew Luan could be that scary?!

Me: I'm not scared of her.

**Lola** : I'm gonna need more bubble wrap! And a fresh pair of undies.

**Lincoln:** Thanks for the lumber, Lana! I'll return it on April 2nd. [walks away with lumber.]

**Lana:** Mahogany was a good choice. That'll hold nicely.

[Me and Varie follow Lincoln into his room. Lincoln closes his door, uses a nail gun to pound the nails and Mahogany on it, then puts a chair by the doorknob.]

**Lincoln:** [takes out his radio] Clyde, wanna hang out tomorrow? I built us a fortress with snacks, games and a Tinkle Tube. Patent pending.

**Clyde:** On Pranksgiving? No way! Not after what happened last year.

[Flashback to what happened during the past April Fool's Day where Clyde steps on a rope as one of Luan's prank traps. Water sprays on his face and he is covered in hay. Luan's laughing can be heard. Then, a flock of crows come to attack him as he screams. End flashback as Clyde looks a little scared.]

**Lincoln:** But nothing's gonna happen this year. I've got an April Foolproof plan. [ringtone sounds] Hang on Clyde, Ronnie Anne just texted me. [checks his phone] She said she's coming over tomorrow with a present for me. [gasps]

Varie: That's not good.

Lincoln: She can't come over tomorrow! She'll get nailed by Luan's pranks and then pulverize me!

**Clyde:** Just tell her to come over another day.

**Lincoln:** I can't do that! That will definitely get me pulverized!

**Clyde:** You gotta get Luan to call off Prankapalooza. Appeal to her humanity. Beg if you have to!

**Lincoln:** Good idea! Just as soon as I get the Mahogany off the door!

[Me, Varie and Lincoln pull off the wood and go in Luna and Luan's room, we arrive and Luan turns around in a Jester chair to face Lincoln while she has Cliff on her lap.]

Me: Wow Luan. You look really awesome in that chair. It makes you look like Dr. No from James Bond.

Luan: Thank you J.D.

**Lincoln:** That is pretty cool, but Luan! You gotta call off Prankageddon! Please! Ronnie Anne is coming over tomorrow and I can't let her get pranked!

Me: Yeah. She'll get nailed by your pranks and then pulverize him!

**Luan:** Okay.

**Lincoln:** Really! Wow that was easier than I…

**Luan:** APRIL FOOLS PRACTICE! Lincoln, you know the April Fools Rules. Anyone who sets foot on our property is fair game. Speaking of which, is Clyde coming over? 'Cause I'd love to just say HAY! [chuckles insanely]

[We storm back to Lincoln's room, put the Mahogany back on his door and Lincoln's call Clyde.]

**Lincoln:** Clyde! Pleading with Luan did not work! She's an animal! [hears a cat noise] What was that?

**Clyde:** Oh, that's Cleopawtra. She's been feisty lately so we put her in a timeout crate.

**Lincoln:** Timeout crate. That's it!

Me: Of course. We cage her up like an animal and she can't pull any pranks.

Lincoln: [runs away to brainstorm his idea and tries to pull the Mahogany off the door.] Why did I choose Mahogany?

* * *

[At the basement, Lincoln flicks the lamp on.]

**Lincoln:** [to me, Varie and his sisters who are not Luan] Okay, we're all here?

Me: Wait. Let me do a headcount.

I counted heads except for Luan.

Me: Okay. We're all present.

**Lola:** Shh! She's got ears everywhere! [turns on the washing machine] I saw this in a mob movie once. She won't hear us over the noise.

Varie: Good thinking, Lola.

**Lincoln:** We all know tomorrow is going to be awful. But it doesn't have to be. If we combine forces, we can prevent Luan from setting up any pranks in the first place.

**Lynn:** Uhhh, how exactly are we gonna do that?

Lincoln: Laney, you have prepared for every prank Luan can think of every year right? Do you have anything for containment?

Laney is seen rummaging through her supplies

Laney: Sure. I think it's next to the insect repellant.

Lincoln: Great! Now let me tell you all my plan.

**Lisa:** Better make it snappy. We're almost done with the spin cycle.

* * *

[Later that night in Luna and Luan's room, Luan is snoring. Luna then gets up and gives a bird-like call to signal that Luan is asleep. We then enter the room. Luan then opens her eyes as we all tie her down, trap her in a cage, and keep her fingers together with Chinese finger traps.]

**Luan:** [enraged] LET ME [starts screaming her words] OUT OF HERE!

**Lincoln:** Okay.

**Luan:** Really? Wow! That was easier than I…

**Lincoln:** APRIL FOOLS! We aren't letting you out until April 2nd! [Me, Varie and The other sisters begin to cheer.]

**Lynn:** That was a crate plan, Lincoln! [We laugh during a rimshot.]

**Lori:** I've been crating for this moment all my life! [We laugh again.]

**Lana:** Well, better crate than never! [We laugh again.]

Laney: That was off the chain! [We laugh again]

Me: You've been sent into the Crate Beyond! [We laugh again]

Varie: More like the Crate Unknown! [We laugh again]

**Leni:** You're in a crate! [The other siblings don't seem to get it.] Get it?

**Lincoln:** Maybe we should just go to bed.

[The next day, Luna is heard screaming. The cage is now broken, meaning that Luan just escaped, much to the horror of everyone.]

**Lola:** [panicked] We're doomed! Luan escaped, and now she's gonna be mad!

**Lincoln:** How could this have happened?!

**Luna:** She's a black magic woman, dude!

**Lincoln:** [holds up a loose chain] I gotta get my money back for these.

[As Lincoln pulls the chain, it sets up a bucket full of honey that's about to spill on him but I use the Force and send the honey splattering into the wall. Feathers followed and I quickly grab an empty pillow case and fill it with the feathers]

Laney: It begins.

**Lisa:** Peace out. I'll be in my bunker. [dashes off]

**Lincoln:** Everyone else to my room! We'll be safe there. [As we all run towards Lincoln's room, the parents show up by the stairs. Rita is wearing a padded gear while Lynn Sr. is wearing bubble wrap.]

**Lynn Sr.:** What's all this ruckus about?

**Lori:** Luan's on the loose! TAKE COVER!

**Rita:** But we thought you locked her up!

Varie: She busted out!

Me: Head for the hills you two!

**Lynn Sr.:** Plan B! RETREAT! RETREAT! [He and Rita run back downstairs.]

**Lincoln:** [ringtone sounds as he checks his phone.] Oh no! Ronnie Anne's on her way? Could this day get any worse? [He bangs his head on the wall. A rope on the wall is attached to the vacuum cleaner that's taped on the ceiling and its bag opens up. I take a trash can in Lola & Lana's room and the dust falls into it above Lincoln's head]

Lincoln: Whew! Thanks J.D.

Me: No problem, buddy.

Lincoln: But on the plus side, that's one less prank Ronnie Anne could suffer. [gets an idea] That's it! If I set off all the pranks in the house, there won't be any left for her.

Me: Good plan. It's a big risk but I'm willing to take it with you.

**Lynn:** Lincoln, J.D., Varie, It's not safe out there!

**Lincoln:** Save yourselves! I got a job to do.

**Lucy:** Don't worry, Lincoln, I'll plan your funeral.

Me: Luan has terrorized this house for far too long and we're going to put an end to it for good.

Laney: Wait! [All eyes were on Laney] I'm coming with you.

Lori: Laney! Don't be a fool! You won't stand a chance out there!

Laney: Yes I will! Because I have prepared for every last practical joke Luan has concocted for this day. I have the wits to protect Lincoln, and do what we should've done years ago and stop Luan's reign of terror!

Me and Varie clapped for her.

Lola: (touched) Laney, you're a brave soul. I'm gonna miss you.

Lucy: I'll plan all four of your funerals.

[The sisters close Lincoln's bedroom door and puts Mahogany on it. Lincoln puts on a helmet and takes out the house map and circles kitchen.]

**Lincoln:** We'll start by de-pranking the kitchen.

---

[We go downstairs and look at a sign that says "Kitchen this way" while it points the open front door.]

**Lincoln:** Kitchen this way? Ha! Does she think I'm dumb enough to fall for that?

Laney: No, but she knows who is.

I use my lightsaber and cut the sign down.

Me: That takes care of that.

[We take the original route and go into the kitchen and find grease on the floor.]

Varie: She slicked up the floor with grease.

Me [I see something on the ceiling next to the doorway] There's a boot contraption.

I use the Force and pull it out of the ceiling.

Laney: Good thinking J.D.

**Lincoln:** Well, here goes nothing.

Varie: Be careful, Lincoln.

[Lincoln cautiously walks on the grease. But he slips and slides into the fridge. But before a box could fall onto his head, I use the Force and pull it to me. As Lincoln gets up, he slips on the grease, opens the fridge door, and is socked right in the face by a boxing glove on a spring.

Me: Ooh! Ouch!

[The force of the impact propels him into the stove.]

**Lincoln:** "OW!"

[His helmet breaks apart, and a bunch of vicious raccoons pop out of the stove and attack Lincoln as he screams in pain.]

**Luan:** [popping in from the other room.] "I made that dish from scratch!" [laughs]

Laney: [Whistles, attracting the attention of the Raccoons] Come and get it! [holds out a steak and lures the raccoons out of the house. Me, Varie and Lincoln give her the thumbs up]

---

[In the backyard, the Loud siblings' parents are at Lisa's shelter.]

**Rita:** [As Lynn Sr. knocks on the shelter.] Lisa Marie Loud! Let us in!

**Lisa:** I'll need some of your assurances in return! One, I will never again be punished for the explosions in or around the house!

**Luan:** [with a pile of Lily's stinky diapers.] Happy April Stools! [She prepares to aim one with a slingshot towards her parents.]

**Rita:** Are those diapers? She wouldn't!

**Lynn Sr.** [frantically pounds the shelter.] Whatever you want! Just let us in!

**Lisa:** [opens the shelter while holding a contract.] Sign here, here and initials here.

[After the parents sign their names, they hide while Luan shoots diapers at them and Varie appears and fires a big wave of water from her hands and splashes Luan and gets her covered in Lily's diapers]

Varie: Now that is a stinky defeat! [rimshot]

---

Me, Lincoln, Varie and Laney are heading towards the bathroom.

**Lincoln:** [looks at the map and finds a flying flour in the bathroom and screams.] Ha!

Me: This flour bag is rigged to explode!

I cut the rope with my lightsaber and throw the flour down the hall and it explodes by Lincoln's door. We checked the faucet and found that Luan clogged it with toilet paper. I unscrew the faucet nozzle and clean it out.

Varie: Nice try, Luan.

I sense raccoons nearby and fire Force Lightning at a towel rack and they scampered away.

Laney: Force Lightning? Awesome!

We head to the next room.

**Luan:** Don't give up. No one likes a critter. [chuckles]

Laney: I'm not giving up ever! [Laney follows me, Varie and Lincoln into the Living Room]

---

**Lori:** I think if we ration the food, we should be okay.

**Lana:** What does "ration" mean? [eats a bag of chips and drinks apple juice. The others glare at her.]

**Lola:** [scoffs] Typical. Now someone has to go into the kitchen for more supplies.

[Lori, Leni, Luna, Lynn, and Lucy all talk at once]

**Lana:** [gasps] Let's draw straws!

**Leni:** [sighs] I'll just go. I know I'm gonna lose. I'm a terrible artist.

**Lucy:** Actually, that's not what-

**Lola:** [covers Lucy's mouth] Good luck, Leni! [She and the other girls shove Leni out of Lincoln's room and put the Mahogany back on the door.]

Leni goes into the kitchen.

---

**Lincoln:** [looks at map] Okay. Living room. So far, so good. [then a red line comes when Lincoln crosses it and a projecter is switched on, showing an embarrassing video of Lincoln kissing a balloon with a face on it while Clyde is beside him.]

**Lincoln:** I think this is how you ki-

I use Force Lightning and short out the video projector system.

Varie: That was close. If Ronnie Anne saw that she would destroy you, Lincoln.

Lincoln: Yeah. No kidding.

Lincoln then goes to the couch.

Laney: Lincoln, No! [But the couch has a spring and Lincoln goes up the ceiling and gets stuck by sticky flypapers. He falls down to the couch and goes back up.]

**Luan:** Looks like spring is in the air. [chuckles]

Laney: Get out of here!

Varie splashes the fly paper with water and it falls off the ceiling.

Me: These pranks are brutal!

**Lincoln:** [looks at the map] Just got to finish the bedrooms! Laney, you take downstairs.

Laney: Right!

Lincoln: J.D., Varie, you two take the attic!

Me: Right!

[the house's exterior is shown as Me, Varie, Lincoln and Laney get attacked by Luan's pranks. Afterwards, the four of us are tired, beat up and dirty as Lincoln gets a call from Clyde.]

**Clyde:** Lincoln! What's happening? Lucy just invited me to your funeral.

**Lincoln:** [takes a mouse trap out of his eye and screams.] OW! I've been setting off all the pranks in the house so Ronnie Anne doesn't get hit. J.D. Varie and Laney have been helping me. [Lifts his shoe as sand pours out.] I've gone through every room except Leni and Lori's. [Clyde hangs up] Clyde? Hello!?

[the doorbell rings as Lincoln goes downstairs to open the door.]

**Clyde:** I volunteer to clear Lori's room.

Me: Go get them tiger!

[Clyde goes to Lori and Leni's room offscreen as he gets attacked by Luan's pranks.] It was worth it. Lori's room smells like apple cinnamon.

**Lincoln:** That might be this pie. [points to the pie on his head]

Clyde: Wait, what about Laney? Did she make it out okay?

Laney: What do you think? [Laney is shown completly covered in garbage and food, one eye blackened with a raccoon gnawing on her leg]

Me: Jumping Tuna Buckets!

Lincoln: Man! You've had it worse than me!

Laney: It was worth it. I survived April Fools Day. And call me crazy, but I found going through these pranks were kinda invigorating.

Clyde and Lincoln: You're crazy.

Laney: Right. I'm never doing that again.

Lincoln: Well, that's aside. The Loud House is prank free. [We high-five as Clyde walks away and faints. Ronnie Anne arrives and is surprised when Clyde faints, before looking annoyed.]

**Luan:** [chuckles as Ronnie Anne arrives] I won! You thought you'd outsmart me, but you got the worst pranking ever!

Laney: Give it up, Luan! We've cleared this house of all of your deadly practical jokes. You're finished!

Me: You wanted a prank battle and you got one and we won.

**Lincoln:** Yeah! We only set off those pranks because Ronnie Anne was coming over. [Ronnie Anne looks rather touched at hearing her crush say this.]

**Luan:** Yeah! Well who do you think invited her over, genius? [Ronnie Anne's expression turns to a confused look.]

Laney: No…

Me: This was all a set up!

Varie: You double-crossed us!

Luan: I knew I had to lure you out of your room, so I called Ronnie Anne, and told her how much you loved April Fools' Day. And here she is, to deliver the final blow. [Lincoln turns to Ronnie Anne, who pulls out a pie, with a villainous-looking smile on her face. Lincoln braces for impact, and a splat is heard… but he isn't hit.]

**Lincoln:** Huh? [As Lincoln opens his eyes, he finds out that she instead threw the pie in Luan's face.] But why'd you do that?

**Ronnie Anne:** You took all those pranks for me. It's the least I could do. Come on, let's draw some eyebrows on you and go get a milkshake.

Me: Ronnie Anne, I guess we owe you one.

Ronnie Anne: It's the least I can do for setting me straight, J.D. Bobby says "Hi" to Lori by the way.

Me: I'll make sure she gets the message.

Ronnie Anne: Thank you J.D. and we're even.

I smile and give her the thumbs up.

[The two leave the house.]

**Luan:** That girl's a keeper! But J.D. what did she mean by "we're even?"

Me: You know how we set her straight with when she was picking on Lincoln?

Luan: Yeah.

Me: Well we took all of your deadly jokes to protect her from getting hit by them. So we're even.

Luan: You're a true friend J.D.

---

Me: It's all clear everyone!

[The family come out of their hidings and are relieved that the prankfest is over.]

**Lynn Sr.:** I think it's over!

[The other nine sisters agreed]

**Rita:** Boy, you all took a major beating!

Me: Me, Varie, Laney and Lincoln took all of Luan's pranks head on because Luan invited Ronnie Anne over to prank Lincoln by having a Banana Cream Pie thrown into his face. Lincoln was afraid Ronnie Anne would get hit and she would pulverize him into oblivion. So we all took Luan's pranks to avoid having Ronnie Anne get hurt.

Lynn Sr.: Wow! You guys did all that for Ronnie Anne and us?

Varie: It's what we had to do. Also I found this in Vanzilla.

[Varie pulls out a blue paint bomb]

Varie: It's a blue paint bomb. I found it attached to the ignition switch. It was to go off when the van started.

Rita: Good thinking Varie. Where's Lincoln now?

Laney: He's getting a milkshake with Ronnie Anne and getting patched up.

Loud Sisters: AAAAWWWWWW!

Me: Oh Bobby says "Hi" Lori. Ronnie Anne told me to tell you that from Bobby.

Lori: Thank you for telling me J.D.

Varie: Also Lori, Clyde volunteered to clear out your room of pranks so he took them all for you. He came out and his head was shaved off.

Lori Gasped

Lori: Clyde took all those pranks for me?

Varie: Mm-hmm. He saved you from losing your hair.

Lori: He is a true friend. Tell him I said "Thank you".

Varie: I'll relay the message.

I start feeling exhausted and disoriented.

Me: I'd love to tell you guys more but as you can see this whole experience has left me tired, weak and disoriented so I'm gonna take a nap for a while.

I pass out and Varie catches me.

Lisa checks me out.

Lisa: He's alright. It's just exhaustion from all of Luan's pranks. He'll be right as rain tomorrow morning.

Lynn Sr.: I'll take you two home.

Varie: Thank you Mr. Lynn

Lynn Sr. drives me and Varie back to my mansion and tucks me into a bed at our infirmary. Lynn Sr. revealed everything to my mom and dad.

8:30 AM the Next Morning

I woke up and I have bandages on my face, arms and my eye.

Me: I'm home? In an infirmary? I didn't know my mansion had an infirmary.

Varie was there by my bedside and she had fewer bandages than me.

Varie: J.D. you're awake!

Varie hugs me.

Me: Yes. I'm okay my love.

My dad comes in.

Sumner: You gave us quite a scare there J.D.

Me: Sorry, dad. I wanted to…

Sumner: I know. Lynn told me everything. You guys are heroes.

Me: I had to do what I had to do. I think I risked my life for my friends. Luan's pranks nearly killed us.

Sumner: I know. She got a stiff punishment for it.

Me: That stinks.

Sumner: You got someone to see you.

My dad leaves and in comes Luan with a bouquet of daffodils.

Me: Hey Luan. Those flowers for me?

Luan: Hey J.D. and yes they are.

I take the flowers and sniff them.

Me: Mmm. Daffodils are one of my favorite flowers. How did you know?

Luan: Yellow is my favorite color and I figured you would like them.

Me: Thank you Luan.

Luan: Also the reason I came here is to apologize.

Me: What for?

Luan: For hurting you and Varie with my pranks.

Me: I've already forgiven you Luan. But to tell you the truth, me and Varie had lots of fun yesterday. Sure it was dangerous but it was fun. But those pranks could've killed us Luan. I know you want to be the funniest person in the world and you definitely have what it takes to be that. But true humor comes from the heart.

Luan: (touched) Thank you J.D. I'll try to tone it down next year.

Luan and me hug.

Me: When are cooks mean?

Luan: I don't know?

Me: When they beat the eggs and whip the cream! (Rimshot) (Me, Luan, Varie and Dad laugh)

Luan: Good one, J.D. That's one of Egg-citing Taste! (Rimshot) (Luan, Me, Varie and Dad Laugh)

Sumner: Luan, you are hilarious!

Me: Told you she's a riot, dad. Luan, there's one thing that puzzles me.

Luan: What's that J.D.?

Me: Lincoln showed me and Varie a montage of pranks you pulled on April Fools a while back and we saw that you stapled all the furniture to the living room ceiling upside-down. How did you do that without help?

Luan: That one was funny. One of my masterpieces. I had some favors done by my friends at Clown school.

Me: Ah. I see. That one was really Topsy-Turvy! (Rimshot) (Me, Luan, Varie and Dad Laugh) That joke you said was hilarious. It really went OVER THEIR HEADS! (Rimshot)

Me, Luan, Varie and Dad laugh some more.

Sumner: You two are really funny.

Me: Thanks Dad. (to the viewers) Boy, I have quite the sense of humor don't I? [to Luan] Luan, I'm sorry we put you in that cage.

Luan: It's okay. I guess I deserved it. Well get better J.D.

Me: I will Luan. See ya.

Sumner: Get some rest, J.D.

Me: Okay, dad.

Varie, Luan and Dad left as I sat back and watched TV.

THE END.

All done. My 10th fanfiction is completed.

I know it's not April Fools Day but I wanted to write an action packed version of this. This was awesome.

Luan's pranks were truly dangerous and it was like entering a funhouse from the Netherworld.

I wanted to give my dad a longer appearence in this story.

Until next time this is J.D. signing off.

# Get the Message

It starts with Varie and Laney reading books in the Living Room. But then they are both interrupted by Lincoln who was playing on his virtual reality glasses. The game was fighting zombies with breakdancing.

**Lincoln:** "Take that, zombie!" [twerks] "Feel my twerk, you evil jerk!" [killing zombies; does a pelvic thrust.] "HOO!"

Me: Go Lincoln! Show those Zombies what for! Whoo!

Laney: (Thoughts) Lincoln must be playing games on his glasses again. Must be so cool to play in virtual reality. Maybe I can ask him if I can have a turn.

[Lincoln continues to breakdance; he goes up the stairs and does more moves in the hallway where he then enters one particular room.]

**Lori:** "Lincoln!"

**Lincoln:** [takes the goggles off and sees Lori making an angry face at him.] "AAAAAAAHHHHHH!"

Me: Oh! Are we in your room Lori? I'm sorry. Lincoln accidentally wound up in here while playing VR Games.

**Lori:** "There's only one rule in this house: Stay out of my bedroom! If I catch you in here again, I will literally turn you into a human pretzel!" [on the phone] "No, not you, Bobby." [giggles] "One sec, okay?" [kicks Lincoln out of her room.]

Me: Well that was not nice.

[Lincoln puts his goggles back on and continues to dance the zombies away.]

**Lincoln:** "OH, YEAH!"

[goes into the bathroom; realizes what he's doing in there.] "Zombies don't need to see this." [takes the goggles off and sets them on the sink.]

Me: Excuse me, Lincoln.

I turn my back to him and face the wall.

[There's a knock at the door.]

**Lincoln:** "Occupied!"

[The knocking then turns into a pounding.]

**Lincoln:** "I can't believe some…" [answers door to see Lori is there.]

**Lori:** [on the phone] "Bobby, you'll never guess what Whitney said to me today."

**Lincoln:** [rhetorically] "That you don't respect a man's privacy?"

Me: Yeah Lori. We were in here first.

**Lori:** [ignoring Lincoln and kicking me and him out.] "No, silly! Not even. She was all like…"

[Me and Lincoln go to Lincoln's room and realizes something.]

**Lincoln:** "Oh no! My gaming glasses!"

Me: Let's go back and get them!

[We rush to the bathroom but we are stopped by Lola and Lana who are dressed in some kind of authority attire.]

**Lana:** "No running in the hallway!"

**Lincoln:** "Huh? What are you talking about?"

**Lola:** "Lana, is this maggot giving you lip?" [writes Lincoln up]

**Lana:** "We're the new hall monitors at school, so we're practicing at home."

Me: You two look very official. But something's missing. (gets an idea) I know!

I pull out two police hats and put them on their heads.

Me: There. Now you two look official. I got those hats on a class field trip to the police station. They gave them to me.

Lana: Cool. Thanks J.D.

[They give Lincoln a ticket.]

**Lola:** "I got to admit we do look official but If we catch you two speeding again, you're going downtown! We already locked up Luan for telling bad jokes." [reveals Luan in a cardboard jail cell.]

**Luan:** "Hey! Did you hear the one about the thief who stole a calendar? He got twelve months!" [laughs to rimshot] "Get it?"

Me: (Laughs) Good one Luan. What did the robber say when he held up a pizzeria?

Luan: What?

Me: He said "Gimme all your dough!" [Rimshot]

Me, Lincoln, Luan and Lana laugh

**Lola:** "That's five more minutes, dirt bag! But that was a good one J.D."

Me: Thank you Lola.

Lana: By the way J.D. are you fully healed after April Fools Day Last week?

Me: Getting there. My eye still hurts but I should be at 100% in 2 days.

Lola: Well that's good but no more speeding okay?

**Lincoln:** "Okay, okay. I'll walk within the speed limit. I swear."

**Lana:** "NO SWEARING!"

Me: No Lana. He means we promise.

[As they leave for their room/office, Me and Lincoln go to the bathroom to find that Lincoln's goggles are now totaled.]

**Lincoln:** "Someone stepped on my glasses! NOOOOOO!"

[Since Lori kicked him out when he left them in there, he automatically blames her and sees that she left in the family van.]
**Lincoln:** [enraged] "LORI! YOU DIRT BAG!"

---

[Later, Me, Varie and Clyde is being told the story of the incident.]

**Lincoln:** "One minute I'm electric-sliding with the undead, and the next…" [groans] "IT'S ALL LORI'S FAULT!"

Varie: Lincoln just calm down. I'm sure Lori didn't mean to step on them.

**Clyde:** [holding the goggles] "I can't believe it!"

**Lincoln:** "I know! She didn't even say sorry!"

**Clyde:** [lovestruck] "No. I can't believe these were touched by Lori's beautiful tootsies…" [cradles the glasses]

Clyde was immediately snapped out of it when they head a knock on Lincoln's door.

Lincoln: Come in

Entering was sweet little Laney.

Lincoln: Oh, hey Laney. What are you doing here?

Laney: I couldn't help but notice earlier today that you were playing on your game glasses and I was hoping I could have a turn on there. But maybe with a game that doesn't have zombies in it?

Lincoln: I wish I could Laney, but I can't. Lori broke it. [shows Laney his broken glasses]

Laney: Oh no! Why would she do that?

**Lincoln:** "I'll tell you why! All she cares about is talking on her stupid phone! Well, I'm going to give her a call she'll never forget…"

**Clyde:** "What are you gonna say?"

[Lincoln looks in his drawer and pulls out a sheet of paper and shows it to us.]

**Me:** " **Why 'blank' is the worst sister ever?** "

I read the rest of it quietly and I gasp in shock.

Me: Lincoln, don't you think this is a bit too extreme?

**Lincoln:** [evilly] "I knew this would come in handy someday. I just didn't know which sister would be getting it."

Laney: Not me, right?

Lincoln: Oh no Laney. You're the only sister that isn't the worst… [writes Lori's name in the blank.] "But you, Lori Loud, have made my decision very easy." [dials Lori's phone number on his duck phone.]

Me: I sense trouble coming.

Varie: Me too.

[While Lincoln is waiting, Luna is jamming, and riffs to the last note of Lori's ringtone.]

**Lincoln:** [impatient] "Agh. Must be charging her phone. No worries. I'll just leave it on her voicemail."

**Voicemail:** "Hey, this is Lori. You know what to do." [Beep]

Me: Here it comes. Laney, Varie, cover your ears.

Me, Laney and Varie do so

**Lincoln:** "Hey, Lori. It's your dear brother, Lincoln. There's something I've been meaning to tell you. You are…" [goes into a blindingly raging rant about Lori; Luna comes into his room and rocks out to censor the harsh and foul message for any profanity it may contain, all the while Clyde watches in despair as his dream girl is getting roasted; finishing up.] "AND THAT IS WHY YOU ARE THE WORST SISTER EVER!" [hangs up] "What do you think, Clyde?"

[Clyde faints; enter Lori]

Me, Varie and Laney uncover our ears.

**Lori:** "Hey, bro. I just wanna say I'm so sorry I stepped on your stupid toy. So I went out and bought you a stupid new one."

**Lincoln:** [shocked at her generosity] "You did what now?"

**Lori:** [hands him new glasses] "Also, I'm very impressed you didn't freak out over this. Very mature."

**Lincoln:** [nervously chuckles] "Yep. That's me. Mr. Mature."

Laney could only shake her head at his mistake.

[As Lori leaves, Lincoln realizes he made a terrible mistake.]

Me: Well that was nice of her.

**Lincoln:** "Clyde! What have I done? I called Lori a-" [guitar riff] "-when she's actually a-" [harp string] "What am I gonna do?! You're right! Lori clearly hasn't listened to the voicemail yet, or I'd be a human pretzel. We gotta delete the message!"

Me: Yeah but how?

**Clyde:** [comes to] "Huh?" [falls over]

**Lincoln:** "Good talk."

---

[Me, Varie, Lincoln, Laney and Clyde are peaking out the door; Lola and Lana are tracking a trail of poop that leads from Lynn and Lucy's room to Luan and Luna's; Lori has locked up her room and entered the security password and leaves.]"

Me: Security in her room must be very tight.

Varie: Lori really doesn't like people going into her room.

**Lincoln:** "Perfect! Lori doesn't have her cell which means it's still in there charging. Our mission is to infiltrate her room and delete the message before she gets back."

**Clyde:** "But Lori's room is off limits."

**Lincoln:** "I know. That's why I need you to be a lookout for her."

**Clyde:** "That's easy. I'm always on the lookout for Lori."

**Lincoln:** "Then let's do this!"

Laney: Wait! What can I do?

We thought about it, then looked outside to see the twins still patroling the hallway.

**Lana:** "I know poop when I see it, and that's definitely some poop."

Lincoln: Got it! You can distract Lola and Lana. Make sure they don't see me. Can you handle that?

Laney: I'll try.

Lincoln: Great! [puts on a black snow hat] Go time!

[Lincoln sneaks by while the twins check the sound he made only to see he's nowhere. Then Laney came in to act as the distraction]

Lola: You got a hall pass young lady?

[She see's Lincoln hiding up on the top of the doorway]

Laney: I think I see Geo making a run for it.

[Points the other way and while the twins were looking she pulls a hamster treat out of her pocket and tosses it behind her. Making Geo the hanster go after it]

**Lana:** "Hey, fur ball! No speeding!"

[The twins give chase to Geo.]

**Twins:** "Hey! What did we just say? Get back here!"

[Laney gives Lincoln an OK signal, then he sneaks into the vent.]

**Lincoln:** "I'm in."

**Clyde:** [with a schematic of the house] "Great. Proceed two clicks north, hook a left, and you should be right over the target."

[Lincoln heads down that pathway.]

**Lincoln:** "I've got eyes on the package."

[He breaks into Lori's room and finds the phone still charging.]

Me: Copy that.

**Clyde:** "Lincoln! Lori's coming!"

**Lincoln:** "You're going to have to stall her!"

**Clyde:** "Roger that…" [draws a mustache on his upper lip with a marker and tears off his shirt, revealing a white tux underneath it and acts so suave as Lori approaches.] "Hey, beautiful, you take these stairs often?"

**Lori:** [throws her arms around him and swoons] "I will now… handsome~…" [winks to him]

[Lincoln grabs the phone and starts playing the message.]
**Message: " Hey, Lori. It's your dear brother, Lincoln.** "

[Lincoln deletes it]

**Phone:** "Message deleted."

[Lincoln sneaks out right before Lori enters; and it turns out it was all just a dramatization of what could happen.]

---

**Lincoln:** "And that's how we're gonna do it!"

Varie: Nice plan.

Me: It just might work.

**Clyde:** "I love it! Especially the part where I get to talk to Lori." [starts applying perfume onto him.]

**Lincoln:** [coughs] "Is that perfume?"

Laney: [coughs] What kind of perfume is that?

**Clyde:** "It's my Nana's."

Varie: You should've brought some cologne.

**Lincoln:** "Here are the blueprints for the vents." [hands Clyde a drawing of them with some red stuff all over it.]

**Clyde:** "Are these food stains?"

**Lincoln:** "I eat ketchup-sandwiches while I floor-plan."

Laney: [whispers to Clyde] Don't ask why.

[They hear a door opening]

Laney: Lori's coming!

[Lori locks the door to her room and enters the security password just like in the dramatization.]

**Lincoln:** "Okay, let's do this."

Me: Lets go.

**Clyde:** [hops over to the position from the dramatization.] "I'M IN

POSITION!"

Varie: Ow. Copy that.

[The loud feedback on the other end knocks Lincoln back.]

**Lincoln:** "Roger that." [sees Lola writing Lily up for not wearing her diaper.]

**Lola:** "No, I can't let you off with a warning!"

**Lily:** [laughs]

[Lincoln sneaks by, but Cliff gets on his hat and starts padding it; Lincoln shoos him off only for the cat's tail to hit his nose and stifles a sneeze with Lily's diaper.]

**Lola:** "Next time, remember. This is a mandatory diaper zone!"

[Lincoln realizes he just used it and throws up; this gets the twin guards' attention and he's hiding up the doorway, Then Laney came in to act as a distraction, problem was she didn't know what to do.]

Lana: And where do you think you're goin'?

Laney: Uhhh… Umm… [Sees Lincoln slipping on top of the doorway]

**Lincoln:** "Gah… ketchup fingers…"

Laney: Uhhhh… [Then sees Lily crawling away without wearing a diaper]

**Laney:** "SHE'S MAKING A CRAWL FOR IT!"

Lola: You just got lucky!

[They chase after her; Lincoln manages to sneak into the vents.]

**Lincoln:** "Clyde, Me and J.D. are in."

[Lucy is right next to him.]

**Lucy:** "Hey, Lincoln, Hey J.D.."

**Lincoln:** [screams] "Lucy! What are you doing in here?"

**Lucy:** "I come here to think. I actually just wrote a new poem called "Ventilate".

**Inside the wall** I choose to be alone If I ever get stuck Please listen for my moan. **"**

Me: Very good, Lucy.

**Lincoln:** [nervous] "Riiiiight." [chuckles] "Clyde, get me to Lori's room, now." [creeps away from Lucy] **Clyde:** "Go three clicks, and a right. Or was it three rights and a click? Wait. What's a click?"

Laney smacks her forehead

Me: Just follow me, Lincoln.

We crawl through the vents and take a left and we made it to Lori and Leni's Room.

**Lincoln:** "I've got eyes on the package."

**Clyde:** "Package? What about Lori's phone?"

Me: That is the package Clyde.

I open the vent and drop down a red rope and enters Lori's room via the rope; however, it seems to be coming undone.]

**Lincoln:** "Clyde, what kind of rope is this?"

**Clyde:** "Cherry licorice rope."

Laney: Why would you use Licorice?

Clyde: It was the only rope I could find.

[Lincoln screams and thuds onto the floor; this gets Lori's attention as she heads up the stairs to check it out.]

**Clyde:** [frantic] "Lincoln! Lori's coming!" [suave] "Don't worry, I'll stall her." [draws a fake mustache on his upper lip and takes his shirt off and approaches Lori only to be stunned by her beauty.]

**Lori:** "What?"

[Clyde suddenly gets a nasty nosebleed from his shyness.]

**Lori:** "Ugh! Gross!" [runs to her room]

Varie: Oh Clyde.

[Lincoln is just about to delete the message when he hears Lori just about to come on; she enters and looks around with an displeased look on her face; Lincoln is hiding under her bed; Lori kicks off her shoes right under them and they hit Lincoln in his face.]

**Lincoln:** "Ugh!" [shuts his mouth]

**Lori:** [suspiciously checks under her bed] "So, this is where all my shoes are." [sees all her shoes under her bed]

[Lincoln had escaped her line of sight and tries reaching for the phone, but Walt perches right onto it and bites Lincoln's finger, making him hold in his yelp of pain; Lori's phone finishes charging.]

**Lori:** "Finally." [takes phone] "Ooh! New messages! I'm so loved!" [leaves]

**Lincoln:** [panicking] "Mission is compromised! The package is on the move? Clyde?"

[Clyde has covered his nostrils with tissues to clear up the bleeding.]

**Lincoln:** "Clyde! Do you read me?!"

Laney: Um, Clyde is unable to speak with you right now.

Varie: He's unconcious due to a nosebleed, Lincoln.

[Lori is listening to all of her messages she got.]

**Message 1:** "Hey, babe. It's Bobby. Do you think we'll always be together?"

**Lori:** "Aww! Totes saving that one!" [saves it]

[Clyde faints again]

**Message 2:** "Hey, babe. It's Bobby again. Should our couple name be Bori or Lobby?"

**Lori:** [saves it] "Saved."

[Lincoln hurries to stop Lori from getting to his message, but the twins stop him.]

**Lola:** "We warned you, dirt bag!"

**Lana:** "It's the clink for Linc!"

I jump out of the vents and go into Lana and Lola's room and break Luan out of the box.

Me: Run like the wind, Luan!

**Lincoln:** "Look! Luan's making a jailbreak!"

[The twins turn around and Lincoln makes a break for it downstairs.]

**Lana:** "Hey!"

Luan ran passed them like a wild animal.

Luan: You'll never take me alive, Coppers!

Lana and Lola give chase to Luan.

[Lincoln gets downstairs and finds out that he's too late and Lori is already listening to his hateful message.]

**Message:** "Hey, Lori. It's your dear brother, Lincoln."

**Lincoln:** "Lori!" [slow motion diving at her] "NOOOOOOOOOOOOO!" [thuds at normal speed] "Ugh!"

**Message:** "There's something I've been meaning to tell you. You are…"

[Lincoln looks on in horror, but Lori deletes it before the rant can begin.]

**Lori:** "Ugh! Delete! Lincoln, there are two rules in this house: stay out of my room, and never call my phone! My voicemail is full enough without useless messages from you!"

**Lincoln:** [sarcastically relieved] "Gee, Lori, I'm sorry."

**Lori:** "But, I'm gonna let it slide this time 'cause you were so mature when I broke your stupid toy."

**Lincoln:** [sheepishly chuckles] "Yeah, right. That's me. Mr. Mature."

[Lori gets a call and answers it.]

**Lori:** "Bobby. Only 12 messages today? I thought you cared about me."

Me: Whew. That was a close one.

Laney: Oh thank goodness. I thought you were a goner down there.

**Lincoln:** [sighs with relief; to the viewers] "Next time I have a problem with one of my sisters, I'll just talk to them instead of leaving a message or writing a nasty letter." [realizing] Speaking of which, where is that letter?" [looks around for it but can't find it.]

Varie: Uh oh.

**Lori:** [plucking nose hairs while talking to Bobby] "If you want our couple name to be Lobby, you're going to have to show a little-" [sees something on the floor] "What's this? **Why Lori is the worst sister ever?** Bobby, I gotta go. I'M ABOUT TO TURN LINCOLN INTO A HUMAN PRETZEL!" [reveals the letter to Lincoln and is enraged] "LINCOLN! WHAT IS THIS?!"

**Lincoln:** "Well, it's time to do the official dance of the Loud House: the Running Man!" [puts on his new game goggles and starts dancing away from Lori's wrath.]

**Lori:** "WHEN I GET MY HANDS ON YOU, I'M GONNA-" [Luna rocks out to censor Lori's rant of revenge, just like she did for Lincoln.]

Varie then fired a stream of water at Lori and it froze and entombed Lori in a block of ice and froze her.

Laney: Whoa. Varie, I didn't know you could freeze people.

Varie: I also have the ability to raise and lower the temperature of water.

Me: That is awesome.

Lynn Sr. came back after going to the store for groceries.

Lynn Sr.: Can't Luna play anything quieter?

Me: Mr. Lynn we need to tell you something about Lori.

I told Lynn Sr. whats been happening and he was shocked.

Lynn Sr: Lincoln didn't know that Lori went out to buy another game for him?

Varie: Yes and that's what drove him to do the unthinkable.

Lynn Sr.: I see. Lincoln you can't play video games for 2 days. Varie, I had no idea you could freeze people too.

Varie: Yes. I can freeze or boil water.

Lynn Sr.: Boy you made her into a Frozen Lori-cicle! (Rimshot!)

Me, Varie and Luan Laugh.

Luan: Good one dad.

Me: Yeah. Good one Mr. Lynn.

Lynn Sr.: Can you please thaw out Lori? I'll talk to her.

Me: Okay. But we're gonna need a very big bucket to prevent the house from flooding.

Lisa then came out with a big washtub.

Lisa: I believe this is the appropriate size for a human sized frozen individual.

Me: Thank you, Lisa. This is perfect. Laney, can you use your plant powers and take Lori to the Living Room?

Laney: I can do that.

I place the tub by the fireplace and Laney grows a bunch of vines from her hands and they wrap around the Ice block and she placed it in the tub.

Me: All right. Everyone stand back.

I then fired a blast of fire at the ice block and it melted in 10 seconds.

Lori was shivering and she sneezed.

Everyone else was awestruck.

Lynn: You have fire powers J.D.?

Me: Yep. But I only use them when the time is right. Fire is an extremely dangerous force.

Leni and Luna pulled Lori out of the water and dried her off and I wrapped her in a blanket and brought her to the couch.

Lori saw Lincoln and she was still enraged.

Lori: [Shivering] L-L-Lincoln, I'm g-g-going to grind y-y-you into dust f-f-for that l-l-letter.

Lori sneezes.

Lynn Sr.: You will do nothing of the sort, Lori. Lincoln had a good reason to be angry with you. But he didn't know that you went out and bought him a new game goggle set.

Laney: Also why are you being so rude today? You kicked Lincoln out of your room when he went in there on accident?

Lori: The r-r-reason I was so m-m-mean to you guys is b-b-because F-F-Flip made m-m-me work like a s-s-slave.

Me: Lori, how can you stand working for that jerk?

Laney: Yeah, he's a total cheapskate.

Varie: Who is Flip?

Me: He owns a gas station down the road and he only cares about himself. He hardly even pays his employees anything.

Lynn: He works his employees into the ground without a break. Not even for lunch.

Me: I've seen how he treats his employees too. He's a total Taskmaster. I'm planning on reporting him to the Michigan Better Business Bureau and the Michigan Department of Labor.

Lynn Sr.: So you were taking your frustration out on everyone because of your job, Lori?

Lori: [Sneezes] Yes. I'm s-s-sorry guys. I hate my j-j-job and…

Lori breaks down crying and I comfort her.

Lynn Sr.: We'll continue talking about this later, Lori. I got to make dinner.

Lynn Sr. went into the kitchen.

Me: Lori if I may make a suggestion. How about you work at Gus's Games and Grub? I'm sure Gus would be more than happy to let you work there.

Lori: Okay. I'll see if I can apply for it.

Over the next week, Flip was reported to the Michigan Department of Labor and the Michigan BBB and was arrested. Flip's was shut down for good.

Flip was ordered to pay Lori $250,000.00 in restitution for his unfair treatment to her. He was sentenced to 10 to 20 years of Hard Labor.

THE END.

Another Fanfiction completed.

Hooray for the Houston Astros folks! Whoo!

This one was a challenge. Not as big as Brawl in the Family but right up there. Also, I don't like Flip. He got what was coming to him in the end.

Also I would like to Thank TotalDramaFan3452 AKA Kinghammer Publishing for letting me use Laney in my stories. I promise to not abuse her and you have my support and trust.

You rock man.

# A Tattler's Tale

*[Episode begins at night with the Loud siblings, Me and Varie in Lori and Leni's bedroom. Lynn and Lana are having a pillow fight, Luna is bouncing Lily, Luan is braiding Lucy's hair as she reads an Edgar Allen Poe book, I am reading a book on the movie of 2016 Moana and Varie is reading a book on fish, Leni is painting Lori's toenails, and Lincoln is speaking with Lisa.]*

**Lincoln:** "So then, bam! My remote control plane smashed right into Dad's disco ball, and it broke into a million pieces!"

**Lynn:** *[gasps]* "Oh no!" *[ducks as Lana whacks Leni with a pillow, knocking her off the bed.]* "The one he got from winning the Royal Woods "Dance Your Pants Off" contest?! He's so proud of that thing!"

**Lincoln:** "I know. If he ever finds out, I'll be as dead as disco!"

**Lori:** "Don't worry, you're not the only one hiding something from Dad."

**Luna, Lisa, Lynn, Lana and Lily:** "Ooooooooh!"

**Lori:** "I accidentally scratched the car with my rhinestone purse!"

*[Flashback. Lori is seen driving up to a parking space, and turns the car off. When she opens the door, she accidentally dents the car next to her. Realizing this, she tries to inch herself away, unknowingly leaving jagged scratches on the side of the van with her purse. End flashback.]*

**Luna** : "You think that's bad? Remember the blackout last week?"

*[Flashback. Luna sets the volume on her speakers to "Super Max" and strums her guitar once, causing a citywide blackout. End flashback.]*

*Me: That explains why it was so dark back then.*

**Lucy** : "I rather enjoy the darkness. Speaking of which, does anyone know how to get black paint out of lace? I painted Mom's wedding dress for my dark betrothal to Edwin."

*[Flashback. Lucy is seen descending the basement stairs wearing Mom's wedding dress, completely repainted in black. In the basement are a bunch of disfigured dolls looking towards Edwin, Lucy's vampire bust. End flashback.]*

Varie: I'm sure you were a beautiful bride of darkness in your moms wedding dress, Lucy.

Lucy: Thanks Varie.

Lori: Anyone else? [Laney raises her hand] Yes, Laney?

Laney: Ok. Now, I never showed you this but I have a scar on my neck.

Me: You never told me about a scar, Laney.

Laney: Yes. [Takes off her red scarf, revealing her scar and Varie gasps]

The scar was on the right side of her neck and it looked like someone had slashed her.

Varie: Oh my gosh.

Me: Geez, Laney how did you get that?

Laney: Well it all started a year ago, mom and dad were away and I decided to do a spinning plates act in the kitchen, because you all remember I was going through a circus phase. [Everyone but J.D. and Varie nods in agreement]

Me: The old dish drill trick. I've seen that on TV, but I wasn't here at the time.

Laney: Yes

Flashback. Laney was spinning plates in the kitchen, she balanced four sticks on her arms and one on her nose

Laney: So anyway, I tried to keep my balance. Until I tripped… [Laney falls, dropping the plates and they break] And then as the plates break, one of the shards flew into my neck and sliced right through it! [a piece of broken plate flies into Laney's neck, making a small cut] I tried holding in my cries of pain. [Laney ran into her room and scoured into her chest, until she found a red scarf] I had also tried to hide my wound. [Laney wraps the scarf around her neck, Flashback ends] And I've been wearing this scarf ever since.

Loud Siblings: Oooooh.

Me: Man, you're lucky that didn't sever an artery Laney.

Varie: Yeah.

Leni: So that's what happened to mom's special china.

Laney: What?! Oh my goodness, I didn't know!

Me: But you're not the only one that has a scar, Laney.

Laney: Really?

I show her a one inch long cut scar on my right pointer finger.

Laney: How did you do that?

Me: I accidentally slashed my finger with a broken umbrella spike. It was back when I was 11. I had to wear a bandage for a month. My parents already know about this so it's not a secret.

Laney: Wow.

**Lincoln** : *[to the viewers]* "What can I say? We're not angels. Sometimes, we mess up. But the great thing is, if you need to get something off your chest, you can always trust your siblings."

Me: Ain't that the truth.

*[a knock at the door is heard]*

Lincoln: "Well, not all of them."

Me: I have a feeling I know who that is.

*[Lincoln walks up to the door and opens it, revealing to be Lola. She enters the room.]*

**Lola** : "Whatcha guys talkin about?"

**Lisa** : "Quantum physics!"

**Lynn** : "Monster trucks!"

**Lori** : "Bobby!"

**Leni** : "Politics!"

**Lynn** : "Baseball!"

**Luan** : "Jokes!"

**Lana:** "Global warming!"

Laney: A diversion?

**Lola** : "You're telling secrets again, aren't you? It's not fair! I never get included!"

**Lincoln** : "That's because you're a tattle-tale, Lola."

**Lola** : *[scoffs]* "I am NOT!" *[Lincoln and the others look at her with disbelief while a cricket chirps.]* "Okay, I'll admit I *used* to be a tattle-tale, but I changed!"

Me: I'll believe that when pigs fly.

Leni: Can pigs really fly?

Me: No Leni. It's just a figure of speech. It means I'll believe it when I see it.

*[Everybody agreed with me and they still don't believe Lola as they murmur to each other. Lola growls loudly and tosses her tiara aside*

*in fury.]*

Lola: "MOM! THEY WON'T LET ME IN THEIR SECRET SECRETS CLUB!"

*[As Lola storms out of the room, Lincoln quickly shuts the door. Lisa checks her list of secrets.]*

**Lisa** : "Mmm. So where were we?"

**Lincoln** : "I broke Dad's disco ball, Luna caused the blackout, Lori scratched the car, and Lucy ruined Mom's wedding dress, and Laney broke mom's plates and got herself cut. [Laney blushes] Who's next?"

Lori: J.D., do you have any secrets?

Me: Unfortunately no. I've got nothing to hide.

Varie: Me neither.

**Lana** : *[raising her hand]* "Ooh! Ooh! So you know how Dad was yelling at Charles for chewing up his boots?" *[giggles]* "That was me!"

*[The siblings begin laughing.]*

**Luan** : *[with realization]* "Wait a second. Weren't those steel toe?"

---

*[The next day. Lincoln wakes up and sees Lola looking at him with a wide smile. Lincoln yells in shock.]*

*Me: Oh. Hey, Lola.*

**Lola** : "Morning, J.D. Morning, Linky!" *[pulls out a fancy suit]* "I need a butler for my tea party. You're it Lincoln."

**Lincoln** : "Yeah. That's not happening." *[he puts his bedsheets back on.]*

**Lola** : "Oh, really?" *[she swipes the bedsheets off of Lincoln. He* *looks up.]* "I hate for Dad to find out who broke his precious disco ball!"

**Lincoln** : *[gasps loudly, realizing that Lola knows his secret.]* "Who told you about that?!"

Me: [Suspiciously] How did you know that?

*[Lola shrugs her shoulders, pretending not to know. Lincoln is seen wearing the suit Lola provided.]*

**Lola** : "Top me off, Linkington." *[Lincoln tips the teacup over.]* "I don't hear any tea!"

*[Lincoln sighs, and tips the teacup over while making a whooshing sound to make it sound like tea is pouring out.]*

*Me and Varie wonder how she got ahold of that info.*

---

*[Backyard. Lucy is writing in her poem book, and Lola approaches her with her princess car.]*

**Lola** : "Hey, Luce. Want to play "Drive me around while I practice my pageant wave"?"

**Lucy** : "Hard pass."

**Lola** : "Okay." *[drives around for a little bit.] "* Maybe I'll go play "Dress Up" with Mom's wedding gown instead." *[Lucy looks up with realization as a crow caws. Lola gasps.]* "Oh, wait. I can't, because someone ruined it."

**Lucy** : *[gasps loudly, realizing she knows about her secret.]* "Who told you that?" *[Lola shrugs her shoulders, pretending not to know. She moves into the passenger seat as Lucy sits down on the driver's seat. Lola motions Lucy to start driving.]* "Sigh."

*[Lucy dons a chauffer's cap, and begins driving as Lola begins waving.]*

*Me and Varie overhear everything from the back door.*

---

Later in the dining room, Laney was writing something as Lola approaches

Lola: What'cha writing?

Laney: Well, I figured if Lucy can write disturbing poems, I can write something of my own, a story perhaps. Here's what I got so far.. [Lola stops Laney]

Lola: Yeah, that's great. Speaking of stories, I was hoping you could read some to me. I like fairytales and princesses, but make me the princess and don't forget the voices. [Hands Laney a book]

Laney: Maybe you should just read it yourself.

Lola: Or maybe mom should know why you wear that scarf all the time. [Pulls down Laney's scarf revealing her scar]

Laney: How did you- [Lola smirks, Laney sighs.

*[Living room. Lori is texting on her phone, Luna is watching TV, and Lynn Sr. is reading a newspaper. Lola enters.]*

**Lola** : "Luna, can I have the middle?"

**Luna** : Sorry, little dudette. *I* snagged it first."

**Lola** : Oh, okay. I hope your show doesn't, you know, like, *end* suddenly. I hear there have been a lot of blackouts lately."

*[Lola turns back at Luna with a wicked grin.]*

**Luna** : *[realizing Lola knows her secret.]* "Who told-"

*[Luna stops talking, realizing that her father is right next to her. Luna reluctantly places Lola on the couch as she angrily sits down on the floor.]*

**Lola** : "Lori, can I have head scratchies?"

**Lori** : "No. I need both hands for texting."

**Lola** : "Oh, I just thought you wouldn't mind since you've been *scratching* a lot of things lately." *[Lori gasps, realizing Lola knows about her secret. She begrudgingly begins to scratch Lola's head.]* "Two hands, please." *[Lori looks on with disdain.]*

*Me and Varie saw the whole thing from upstairs and look at Lola suspiciously.*

---

In Lincoln's Room, Me and Varie are having a private meeting.

Me: Varie, something is seriously wrong. Lola somehow knows everyones secrets and she's blackmailing her siblings into doing her bidding.

Varie: Yeah. I smell a rat and it's probably Lola.

Me: Yeah. I have a feeling you're right. We got to get to the bottom of this. Come on.

I opened the door and me and Varie sneak into Lori and Leni's room and we start searching.

There was nothing in the closet, under the bed or in Leni's dresser.

Me: Find anything?

Varie: Nothing.

I then spot something on the floor next to the foot of Lori's bed.

Me: Wait a minute. It's Lola's tiara.

I then notice something suspicious attached to it. It was a microphone.

Me: That little sneak!

Varie: What is it?

Me: Lola put a bugged tiara in the room and eavesdropped on the meeting while we weren't looking.

Varie: She's a cunning little weasel. We got to tell everyone.

Me: No. We can't let Lola know that we're on to her. We'll tell everyone at the next meeting. I have a plan.

I whisper the plan into Varie's ear.

Varie: Honey that's genius.

*[Lana and Lola's room. By now, Lola has forced all of her siblings into doing menial tasks for her. Luna is playing a mandolin, Lynn is painting Lola's toenails, Lana is dressed fancy, and Lincoln is back to being Lola's waiter.]*

**Luna** : *[playing the mandolin, irate* ] " With a moo moo here, and a moo moo there- "

**Lola** : *[correcting Luna]* "Uh… I believe I said he had a *pig* ".

**Luna** : *[through clenched teeth, more irate]* " With an oink oink here, and an oink oink there… "

Laney: [reads] And the brave knight said to the fair princess Lola, "Fear not mi-"

Lola: Voices!

Laney: [Irritated, reads in a deep voice] "Fear not, Mi'lady! I'll save you from this great evil!"

**Lola** : "Wonderful. How's my homework coming, Lis?"

**Lisa** : *[pulling up a sheet of paper that has the letters of the alphabet made up of different shaped pasta noodles.]* "I'm up to the letter " **S** "."

**Lola** : "Hmm. Make the macaroni a little crooked. I don't want my teacher getting suspicious." *[chuckles. Claps twice]* "Jester! How about a joke?"

**Luan** : *[dressed as a jester, unenthusiastically]* "Why do chicken coups only have two doors? 'Cause if they had four, they'd be chicken sedans. Ha ha ha ha ha. Get it?"

**Lola** : "Yes!" *[laughs]* "Isn't this fun, everyone?" *[As Lola laughs at the fun she's having, her siblings all grumble in frustration, knowing they're **not** having fun.]*

---

*[Lori and Leni's room. The kids are having another meeting.]*

*Laney: I can't take another second of this! Do you know how hard it is to do a male voice? VERY HARD!*

**Lori** : "Steele down! Now, I think we all know why we're here. Lola knows our secrets, and she's literally torturing us!"

**Lynn** : *[suspiciously]* "Clearly, we've got a rat!"

**Leni** : *[thinking Lynn is referring to a real rat, horrified.]* "EW! WHERE?!"

**Lisa** : *[to Leni]* "No, Leni. A "rat" is an informal term for a "snitch".

Me: And her name rhymes with "Granola."

**Leni** : "Lisa?"

**Varie:** No Leni, it's Lola. [holds up the bugged tiara] She put this bugged tiara in your room and eavesdropped on our meeting.

*[Flashback to yesterday. Lola growls loudly and tosses her tiara aside in fury.]*

**Lola** : "MOM! THEY WON'T LET ME IN THEIR SECRET SECRETS CLUB!"

*[As Lola was yelling at her Mom, her tiara landed on the floor. The camera zooms in on the tiara, revealing the microphone. End flashback.]*

Laney: Why that little…

Varie: Calm down, Laney.

**Lori** : "Well, now we know who the rat is. But what do we do about it?"

**Lana** : "Yeah, she still has all our secrets!"

**Me:** I'm glad you asked. I have a plan.

I whispered the plan to everyone.

---

*[The next morning, we put our plan into action. Lisa is sorting cereal bits for Lola, the pink marshmallows in a bowl marked "YES" while the regular bits go in another bowl marked "YUCK".]*

**Lisa:** "Just 10 more minutes, and I'll have all your cereals separated for you, Lola."

**Lola:** "Oh, good job, Lisa. Don't let any of that icky bran mix with those yummy marshmallows." *[Looks up at Luna playing a double bass.]* "Uh, smooth jazz, Luna?" *[chuckles]* "Nice try. How 'bout a little adult contemporary instead?"

**Luna:** *[acting]* "Sure! Anything for you, sis!" *[She plays a different line; Lynn is now painting Lola's toes.]* **Lynn:** "Almost done with the second coat! Then onto the third!"

Lola: Laney! Storytime!

Laney: Excellent! I got just the story for you that is no way a diversion. It stars you as a princess and-

Lola: [excited] Read it to me! Read it to me!

Laney: [starts reading] Once upon a time, there was a beautiful princess named Lola, she was the most perfect princess in all of the land…

*[Lynn gives Lincoln and me the signal. Lincoln sneaks into Lana and Lola's room and I sneak outside by flying out the window. Lincoln searches every nook and cranny until he finds a secret note under Lola's mattress.]*

**Lincoln:** "Aha!" *[grabs the note]*

**"If you're reading this, you must be snooping. Get out of my room… or else. XOXO Lola**

**Lincoln:** "If you're reading this, you must be snooping. Get out of my room… or else. Signed, Lola"

*[He disregards the warning and crumples up the note and finds another note in the wastebasket.]*

**I said GET OUT OF MY ROOM! XOXO Lola**

**Lincoln:** *[reading it]* "I said GET OUT OF MY ROOM! Signed, Lola." *[growling]* "Err!" *[sees something on her nightstand]* "Lola's diary!" *[opens up a page]* " **Today, I broke Mom's most prized possession.** " *[smiles thinking he's got her]*

**Just kidding. Only a MORON would write secrets in a diary. NOW GET OUT OF MY ROOM! XOXO Lola**

**Lincoln:** "Just kidding. Only a MORON would write secrets in a diary. NOW GET OUT OF MY ROOM! Signed, Lola." *[closes diary]* "Man, she's good! *[grabs Lola's tiara]* What *is* your secret, Lola Loud?"

Laney: [from downstairs] Lola, wait! Don't you want to hear the end!?

**Lynn:** *[from downstairs, feigning concern]* "Lola, come back! Don't you want me to put more of that pink crud on your toenails?!"

*[Lincoln gasps knowing Lola is coming and hides the bugged tiara in his cap. Lola comes up to her room and gasps in shock.]*

**Lola:** *[angry]* "BUSTED!" *[She's actually scolding her teddy bear.]* "I said, no sweets before dinner, Mr. Sprinkles!" *[shivers]* "Brr! It's cold in here."

*[She sees her window open while Lincoln is holding on by the sill and closes it on his fingers. Lincoln falls and screams and lands on a cactus.]*

**Lincoln:** "YOWCH!" *[groans]* "Where the heck did this cactus come from?" *[sees another note attached to it.]* **If you landed here, it means you were snooping in my room. Enjoy the pricklies. XOXO Lola.**

**Lincoln:** "If you landed here, it means you were snooping in my room. Enjoy the pricklies. Signed, Lola." *[sighs in defeat]*

---

*[Miss Liza's Pageant Training Center; I am talking with some of Lola's pageant rivals.]*

**Me:** " *No one* has dirt on Lola Loud?" *[Lola's competitors scream in fear upon hearing Lola's name and run away.]*

Me: "Jumpin Geronimo! What did she do to these girls?"

**Lindsey Sweetwater?:** "Psst! Over here!" *[I turn around and sees a pair of eyes sticking out of a closet door. With no one looking, I approache the closet, and a pair of hands drag me in. The room is pitch black and only the eyes are visible.]* "Hey. I'm going to help you. Not because I like you, but because I'm tired of always coming in second place to Lola!"

**Me:** Cool. What do you got?

*[Lindsey whispers a secret to me, causing me to gasp loudly.]* "Holy mother of Dark Chocolate! Thank you for telling me this. Oh wait till everyone hears this!"

---

*[Back at the Loud House, I reveal what Lindsey Sweetwater told me]*

**Luan** : "Holy Shamoley!"

*[I had just told Lincoln and all his sisters Lola's secret, leaving them completely flabbergasted.]*

**Lynn:** *[off-screen]* "Man, that is juicy!" *[the sisters look over to Lynn, who is actually referring to the burger she's eating.]* "And you got some really good dirt on Lola, too."

*[The sisters all lower their eyebrows in annoyance, except for Luan, me and Varie. Luan snaps her fingers at her for telling such a good joke.]*

**Lincoln:** "Yep, and now, it's time to take her down!"

*[The sisters begin cheering.]*

---

*[Lana and Lola's room]*

*We confront Lola about the secret we learned.*

**Lola** : *[after hearing the secret about her.]* Holy shamoley!" *[all her siblings are surrounding her angrily. She grabs me by my shirt.]* "Who told you about that?!"

*[Lola looks at me, Varie and her siblings, demanding an answer. We all shrug our shoulders, pretending not to know.]*

**Lincoln:** "If you tell Mom and Dad *our* secrets, we'll tell them yours! Now if you'll excuse us, those of us who can trust each other are going to go hang out."

*[The siblings, me and Varie leave while Lola looks on with disappointment, realizing we got the upper hand.]*

---

*[Lori and Leni's room. The siblings are back to telling secrets.]*

**Lisa:** "So then, kaboom! Mom and Dad's bedspread was burnt to a crisp!"

**Luan:** *[barging into the room with a bowl of popcorn.]* "Guys! I just saw Lola marching into Mom and Dad's room! I think she's ratting us out!"

*[The kids begin to chatter nervously.]*

**Lincoln:** "She wouldn't dare!"

**Lori:** "If she's taking us down, we're taking *her* down with us!"

Me: Lets get her!

*[The siblings all rush downstairs and approach their parents' bedroom. Lola walks out with a depressed expression.]*

**Rita:** "Thank you for telling the truth, sweetie. But you know I have to punish you. You're grounded for a month."

*[Rita pats Lola on the head and closes her door. Lola glumly walks away while the others look on dumbfounded.]*

**Lincoln:** " *You're* grounded? Wait, what's going on?"

Me: Yeah, I don't understand.

**Lola:** *[sighs]* "You guys are off the hook. I took the blame for all the stuff you did."

[ *The siblings gasp in shock.]*

*Laney: Even the scar?!*

*Lola: No. But i did take the blame for the broken plates. [Laney sighs in relief]*

**Lincoln:** "What? Why would you do that?!"

**Lola:** *[sighs]* "Cause all I really wanted was to be included in your group."

**Lincoln:** "Then why'd you threaten to tell on us and make us do all that stuff?"

**Lola:** "It was the only way I could get you to hang out with me! But then I realized I went about it the wrong way. Instead of using your secrets against you, I should have tried to earn your trust." *[heading upstairs]* "So from now on, that's what I'm going to work on." *[voice breaking]* "If anyone needs me, I'll be up in my room for the next 30 days. Care packages welcome."

*[Lola sadly parts off, as her siblings look on with sadness.]*

*Me: You know guys, I feel really bad for her. Maybe we should give her a chance.*

---

*[In her room, Lola is playing a dirge on a harmonica and is now wearing a denim prison uniform and a pink bandana with her hair now more curled. Lincoln knocks on her door and comes in.]*

**Lincoln:** "Hey, Lola, you know, we talked it over, and decided… you're in! You've earned our trust!"

**Lola:** *[gasps happily, rips off her uniform and reveals her normal outfit and starts dancing with joy.]* "OH, YES YES YES YES!"

*[The club comes in to talk about their secrets with their new member.]*

**Lynn:** "Aw, so you guys won't believe how bad I messed up the other day!" *[her siblings' me and Varie* 's *curiosity are piqued]* "I was in the living room, practicing my pile driver with Mom's ironing board."

*[As Lynn talks about her secret, Lola is so happy to hear every detail. Soon, the meeting is over and the kids are all wrapping up as they head back to their rooms while Lana goes into the bathroom.]*

**Lola:** Aw, you guys! That was so fun! Thanks! *[waving goodbye]* "Everybody get home safe!"

Laney: Lola? [Lola turns to Laney, who walks up to her] It's important that you do not tell anyone else about my scar! I'm very embarrassed about it, so please keep it to yourself!

Lola: You don't have to worry about a thing. From now on, all your secrets are safe with me…

*[Laney leaves and Lola closes the door and starts talking to someone.]* "So, you'll never believe what Lynn did!"

*[It's revealed that she's whispering Lynn's secret to her stuffed animals. She then looks at the viewers.]*

**Lola:** "Well, what did you expect? I'm Lola Loud! It's not like they'll tell anyone!" *[turns to her stuffed animals]* "So, anyway…" *[continues to tell them Lynn's secret.]*

*The End.*

*Another Fanfiction completed.*

*Remember folks. No one likes a tattle tale.*

*What happened to me with my pointer finger is all true. I don't remember the exact time I slashed my finger but it was before I moved to Castle Rock.*

HAPPY HALLOWEEN EVERYONE!

---

Act 1

Me and Varie are walking over to the Loud house.

Me: [To the viewers] Hello, everyone. Today is none other than October 31st, A.K.A. Halloween. One of my favorite times of the year. Lucy has a special corn maze set up and I have a feeling that this years Halloween is gonna be awesome. I have a tremendously scary surprise in store for it.

Varie: [To the viewers] Me too. We are going to have an awesome time.

[The Loud House is covered in Halloween decorations as the entrance of a corn maze sits next to it. Offscreen, a fridge door opens, and a scream is heard, as bats fly out of the house and towards the screen, darkening the picture. Zoom out to a close up of Lynn Sr. screaming in horror after seeing a fake severed head with fake blood in the fridge]

**Lynn Sr.:** "I hate Halloween!"

[He exits right. A moment later, Lucy enters, walking towards the fridge and picking up the head.]

**Lucy:** [smiles] "I love Halloween."

**Head:** "Bleh".

[She exits]

---

[Dining Room. In counter-clockwise order, we see Luan fashioning a sign reading "HAUNTED CORN MAZE" in red-stained corn cobs, Leni hanging black curtains, Luna, Lincoln, Lana, Lola, and Lynn Jr. carving pumpkins, Lisa making fake blood in a bucket, Lily playing with pumpkin innards and Charles resting against a corn cob. We pan left as Lucy enters.]

**Lucy:** "Excellent fake blood, Lisa. Add some molasses for better consistency."

**Lynn:** "Hey, Luce! Check out our pumpkins! Whaddya think?"

[Each turns their jack-o-lanterns around, showing each gruesome carved face.]

**Lucy:** "Hmm…" [points to a spot on Lynn's pumpkin] "More blood here, "[motions around Lola's pumpkin] "few more gashes on this one," [flicks out a tooth on Lana's pumpkin] "knock out a tooth," [points to the scabs on Lincoln's pumpkin]"add some more ooze to those scabs," [pats Luna's pumpkin] "dampen the head wounds. [Looks at Laney's Pumpkin, which has sewed eyes and mouth and has cuts all over it] Hmm."

Laney: Sorry, Lucy. I'm not very good at making Jack O Lanterns

Lucy: I don't know, Laney. Add some blood on the mouth and eyes and I think we got something.

**Luna:** "Halloween's kinda crazy with a spooky little girl like you!"

**Leni:** "Totes! I'm so glad Mom finally let you do your haunted corn maze!"

**Lucy:** "As am I. I've been waiting my whole life to do this. Not to mention my past lives"

Me and Varie come in.

Me: Hey guys!

Loud siblings: Hi J.D., Hi Varie.

Varie: Hey guys.

Me: You guys ready to have the greatest Halloween ever!?

Loud Siblings: Yeah! (Cheering)

Me: Right on!

I walk over and check out their pumpkins.

Me: You guys made some really gruesome pumpkins.

Lincoln: Thanks J.D.

Laney: I'm not very good at making Jack O Lanterns.

Varie: [Looks at Laney's Pumpkin] Laney, you did a really great job.

Laney: You really think so, Varie?

Varie: I know so.

Lucy: [Lucy walks off screen to Luan, who has just finished her sign] "Fantastic sign work, Luan. Just the right mixture of corn and gore."

**Luan:** "Ah, shucks! It's just something I cob-bled up together from a kernel of an idea!" [dances a little, laughing] "Oh Yes! A triple!"

Me: [Laughs] That's funny, Luan.

[Lucy and the others groan as a jack-o-lantern is thrown onto Luan's head]

**Luan:** [through pumpkin] "I'd expect more support from my "pumpkin!" [laughs as the jack-o-lantern's grin grew wider]"Get it?"

Me and Varie Laugh.

**Lucy** : [facepalms] "Sigh…" [turns to the others, as the screen zooms out to show Lincoln] "Thanks for all your hard work, guys. This is gonna be the best Halloween ever. I'm so excited." [her face shows a little change in the emotion]

**Lincoln:** [to the audience] "Trust me." [points to Lucy] "She's excited."

Laney: I know how you feel Lucy. I just love Halloween too.

Lucy: Really? Do you like the part where all the monsters come out of the darkness and scare people?

Laney: That's cool. But I'm more into going out in costume and get lots of sweet, chocolatey, toothache inducing candy… [drools, Lucy snaps her fingers and she snaps out of] Well, good luck with the maze Lucy. I'm going to get ready for tonight. [Leaves]

Me: Hey, Lori. Can we use the bathroom to change into our costumes?

Lori: Go right ahead you two.

Varie: Thank you.

Me and Varie go upstairs to change.

[static is heard]

**Clyde:** [offscreen, through walkie-talkie] "Jack-o-Lincoln! Do you copy?"

[The static goes off again as Lincoln fishes out his walkie-talkie, turning away from Lucy]

**Lincoln:** "Speaking of the best Halloween ever, Clyde and I have some pretty big plans, too." [He puts his walkie-talkie to his ear, to Clyde] "I copy, McBride of Frankenstein. Meet you at the rendezvous point in fifteen. Over."

[A thump is heard off screen]

**Lynn Sr.:** [offscreen] "AAAAAH! I hate Halloween!"

**Lucy:** "Oh." [everyone looks at her] "Dad must have found the severed limbs I stored in his closet."

* * *

Time skip to later in Laney's room. Laney was in the process of picking out a costume while Cliff was resting on her bed

Laney: Okay, Cliff. I want your honest opinion. Which one of my costumes would be perfect? [Laney comes out in a fairy princess costume. Cliff shakes his head] Your right, Too frilly but my plant powers make me look like a magical fairy. [Laney goes back inside the closet and comes back out in a mummy costume. Cliff shakes his head again] Your right, such a waste of toilet paper. [Laney goes back in; off screen] Okay, how about this? [Laney comes out in a witch costume holding a broom, Cliff comes up to her and purrs] I knew you'd like it.

[The sun changes from high up to setting. Lisa checks the distance on her protractor]

**Lisa:** [squeals] "Seven minutes till sunset!" [gets into the rest of her kangaroo costume and hops into the hallway] "Siblings, assemble! It's almost time for the annual ritual of deception versus confection; street name, trick or treating!"

Laney: Oh Boy! [Leaves her room and sees Lisa in a kangaroo costume] Wow, Lisa. You look cute in that kangaroo costume.

Lisa: That's the idea, dear sister

[Enter the twins in their costumes. Lana is Abraham Lincoln and Lola is the Statue of Liberty]

**Lana:** "Four score and seven pieces of candy ago."

**Lola:** "Give me your tired, your poor, your delicious treats yearning to be in my tummy!"

**Lisa:** "Hmm… patriotic, but unlikely to generate maximum candy confection."

Laney: Wait a minute. I thought you two were going as salt and pepper shakers.

**Lola:** "We are!" [tears off her Lady Liberty costume while Lana tears off her Honest Abe one, both revealing new costumes] "We're also a mermaid and a pirate."

**Lana:** "And salt and pepper shakers."

[They tear off the sea costumes and reveal the seasoning ones]

Laney: Isn't it easier to wear just one costume?

**Lola:** "This way we can hit each house three times."

**Lana:** "That means three times the candy."

**Lisa:** "Yes. I am familiar with basic multiplication. Your strategy is cute, but mine is far superior."

**Lana:** "Going as a kangaroo." [scoffs] "I doubt it."

**Lisa:** "Kangaroo plus baby roo." [reveals Lily who is dressed as her joey and cooing]

[The twins gasp over the amazingly adorable sight]

**Lisa:** "Precisely. That aw factor will increase my candy revenue exponentially. And the best part is, she only has one tooth, so I don't have to share."

Laney: Clever girl.

Varie: [off screen] I think you all look really adorable.

Laney, Lana & Lola, Lisa and Lily gasp seeing Varie.

Varie is in her mermaid form in a floating ball of water and she has spines on her arms and back, her hands are webbed and have claws, her teeth are razor sharp and her eyes are red like blood and slitted.

I come out with her dressed in my normal clothes.

Laney: Wow. Varie you look incredible.

Varie: Thank you, Laney.

Me: Varie is going as a Dark Side Mermaid.

Lola: There's a dark side to The Legend?

Me: Yes, Lola. The Dark Side is said that for Centuries, People believed that mermaids were evil, blood-thirsty monsters that lured and drove sailors to their doom.

Varie: We got the idea from when we we're watching "Pirates of the Caribbean 4: On Stranger Tides".

Lana: Whoa. We saw that movie and those mermaids were scary.

Lisa: I must say Varie. You really do personify the dark side of the mermaid perfectly.

Varie: Thank you, Lisa.

Lola: But J.D. where is your costume?

Me: I have a special surprise in store for Lucy's corn maze.

**Lola:** "Lincoln! Clyde! Get your butts out here!"

[The boys open the door and reveal to be dressed as British masters]

**Lola:** "I thought you guys were going as Ace Savvy and One-Eyed Jack."

**Lincoln:** "Uh, we are. We're Ace and Jack undercover, trying to crack the cause of the missing crumpets."

**Lisa:** "Boy, you guys really don't want candy, do you?"

**Lincoln:** "Yeah, you're right. We probably won't get much this year."

[The two snicker slyly]

Laney: Is it me or are those boys up to something?

Me: It's not just you, Laney.

Lola: Eh. It's probably nothing.

**Lana:** "Alright, let's get some candy. Has anyone seen Dad?"

[They hear someone whimpering off in the distance. Lola groans and barges into the bathroom]

**Lynn Sr.:** [whimpering] "Everything's scary. I don't know why everything's scary."

[Lola opens the shower curtain and finds him in the bathtub]

Me: Are you okay, Mr. Lynn?

Lynn Sr.: I'm so scared of Halloween.

Lana: He gets really scared on Halloween, J.D.

Lisa: Every Halloween it's the same thing.

Varie: It's alright Mr. Lynn. There's nothing to be afraid of. It's just people dressed in costumes.

Lynn Sr.: I'm too scared.

**Lisa:** "Let's go, Father! Chop chop! These candy bags won't fill themselves. Though, I am working on a prototype which will do exactly that."

**Lynn Sr.:** [nervous] "Uh, sorry, kids. I can't go. I think I have the flu. Or the plague. Or a Charley Horse."

**Lola:** [exasperated] "Ugh. We go through this every year!"

Laney: All right, grab a limb.

[The twins and Laney grab him as Lisa hops off]

**Lynn Sr.:** [screams reluctantly] "I don't wanna! I don't wanna!" [gets dragged off]

**Clyde:** [to Lincoln] "Your Dad's doing better this year."

[They follow. Outside, the kids start chanting candy while Lynn Sr. is terrified of going out. Lincoln and Clyde fist bump and prepare to break away from the group]

**Lola:** [suspicious] "Hey, where are you two going?"

**Lincoln:** "Nowhere. We, uh, just decided to go through the neighborhood counterclockwise this year."

[He and Clyde nervously grin]

**Lisa:** "Seems like an odd, pointless choice. Much like your costumes."

Laney: I'm telling you, those two are up to something.

**Lynn Sr.:** "Have fun, boys." [sees something on his shirt and freaks out] "AH! Spider web!"

**Lola:** "It's a loose thread on your shirt." [plucks it off]

**Lynn Sr.:** "Well, I guess I can't trick-or-treat if my shirt's falling apart, right?"

**Lola:** [not buying it] "Nice try." [grabs and drags him as he yelps]

Laney: Want me to hold your hand, Dad?

Lynn Sr.: Yes please! [Laney holds his hand]

Later that night, Me, Varie, Laney and her younger sisters accompanied by their petrified dad, began their trick-or-treating route. With Laney being the most excited about it, especially the part where people give out candy.

Laney: Wow! Look at all the people in costumes. There's a psycho killer, a frankenstein, oh and a werewolf!

Me: Boy, everybody looks great in costumes.

Lola: You know Laney, I'm surprised your not as scared of Halloween as dad.

Laney: That's because they're not real monsters, just people in costumes. Believe me, nothing scares me.

[Enter Joey Anderson in a Dr. Jekyll/Mr. Hyde Costume]

Joey: [British Accent] Hey, Laney.

Laney: AAH! [Hides behind Lynn Sr.]

Lana: Almost nothing.

Joey: Relax, Laney. It's just a costume.

Laney: [Nervous] Uh, yeah. I know that… heh.. So, uh, what are you doing here?

Joey: Same as you, Trick-Or-Treating. [Looks at Varie] Ms. Varie, you look amazing as a mermaid.

Varie: Thank you, Joey.

Me: She's going as a mermaid from the Dark Side of the Legend. You look great as Dr. Jekyll and Mr. Hyde, Joey. One of my favorite stories.

Joey: Truly amazing and thank you J.D. Where's your costume?

Me: I have a special surprise saved up for Lucy's corn maze at the Loud House. It will scare you to death.

Joey: I can't wait to see it. [Looks at the Twins costumes] And what adorable costumes you have.

Lola & Lana: Thank you.

Laney: Care to join us? We're about to hit the next house.

Joey: Sure! I could always go for more candy in my bag.

Lola: Hah! I doubt you could get more candy than us!

Joey: What do you mean?

Lana: We have a system.

Lola: Watch and Learn. [The twins go up to the first house with their patriotic costumes and knock as the door opens]

**Lola and Lana:** "Trick or treat!"

**Diem Doan:** "Oh, aren't you two adorable." [gives them their candy]

[As the door closes, there's another knock with the twins now in their aquatic outfits]

**Lola and Lana:** "Trick or treat!"

**Diem Doan:** [easily fooled] "So cute!" [gives them more candy]

[Another knock and the twins are in their condiment costumes]

**Lola and Lana:** "Trick or treat!"

**Diem Doan:** [still believing] "Great costumes." [gives them more candy]

**Lola and Lana:** "Thank you!" [leave]

**Lana:** "And that is how it's done. One house, six pieces of candy."

Me and Varie come back and our pillow cases are full of candy.

Me: Great job you two.

Lana: And that is how it's done. One house, six pieces of candy.
[The twins high five]

Joey: Impressive.

Laney: You should see how Lisa does it.

Joey: Does she wear three costumes at once too?

Me: Nope. She has an ingenius tactic.

[Lisa hops up to the door and knocks as it opens]

**Lisa:** "Trick or treat!"

**Diem Doan:** "How sweet. A kangaroo." [prepares to give her her candy]

**Lisa:** "And a baby roo."

[Lily pops out of Lisa's pouch and coos]

**Diem Doan:** [overcome by the adorableness] "Aww!" [gives Lisa every piece in her bowl]

**Lisa:** [hops away] "Thank you!" [contently to the twins] "Ha. One house, eighty-seven pieces of candy."

Joey: Wow, Laney. Your sisters are very clever.

Laney: Thanks. But if you ask me, I like doing it the old fashioned way. [Walks up to the door and knocks on it. Diem Doan opens it]

Laney: Trick or Treat.

Diem Doan: I love your little witch costume. But I'm afraid I'm all out of candy. That cute little kangaroo got every last one. [closes the door]

Laney: [walks back downtrodden] Aw.

Lola: No worries Laney. The night is still young. There are plenty more houses to go.

Me: Here Laney, you can have some of mine.

I give her half of the candy in my pillow case full of candy and it had full size candy bars and some mini candy bars.

Laney: Wow! Thanks J.D.! You're a true friend.

Me: Let us show you where we got all this.

We walk to a house 3 doors down with the door open and we go inside and there was a giant cauldron filled with candy to the brim with a sign on it that said "Help yourselves"

Varie: Behold!

Laney: JACKPOT!

Laney, Joey, Lana & Lola and Lisa fill their pillowcases.

We come outside 5 minutes later and go to Lynn Sr.

Lynn Sr. Wow! You guys hit the motherlode!

Lola: There's a treasure trove of candy in that house over there Daddy. [points to the house with the open door]

[The wind blows eerily behind Lynn Sr.]

**Lynn Sr.:** [screams] "A ghost just touched me!" [faints]

**Lola:** [shaking his face] "Daddy, wake up!"

**Lisa:** [pulls in a wagon] "Never fear, siblings. I have prepared for this eventuality."

[We drag Lynn Sr. on the wagon for the rest of the hunt]

Joey: Is your dad always like this?

Laney: He is always scared of Halloween.

I sense something.

Me: Uh-oh! I sense a disturbance in the Force.

Laney: What's wrong J.D.

I see two familiar faces. It was Hawk and Hank of Hazeltucky High School.

Me: [Gasp] It's Hawk and Hank and they're here to destroy our Halloween. Come on, lets head back to the Loud House.

We run back to the Loud House and made it back safely.

We hide our candy in the basement.

[Lincoln and Clyde run off in their direction. On the intersection of

Franklin and Olive, kids are out trick-or-treating as Lincoln and Clyde arrive, but they hear Hank and Hawk laughing and hide in the bush]

**Hank:** "Franklin Avenue. Ha! Score!"

[He and Hawk put on disturbing baby masks, laugh, and head down Lincoln's street. The boys pop out as soon as they leave]

**Clyde:** [terrified] "Boy, those baby masks sure are creepy."

**Lincoln:** "Yeah. But little do they know where the real score is. Right, buddy?"

**Clyde:** "I can't wait to tell Dr. Lopez about this. But should I tell her in group, or wait for our one-on-one?"

**Lincoln:** "Definitely group. You might inspire someone." [They head off to the manor]

---

[A flock of bats transitions back to the Loud House where Lucy steps out and turns on the lights for her corn maze and carries in a bucket of fake blood]

**Lucy:** [into a megaphone] "Okay, everyone, places."

Me: Love your Grim Reaper Costume, Lucy.

Lucy: Thanks J.D.

[Rita steps out looking like a zombie, moaning and groaning]

**Rita:** [chuckles] "How's that?"

**Lucy:** "Hmm… not quite there. I think we need to lose a limb." [takes out a chainsaw]

**Rita:** [panicking and flinching] "NO, LUCY, NO!"

[Lynn comes out looking like a masked serial killer]

**Lucy:** "Here, Lynn. Don't forget your chainsaw."

Me: Tear some heads off Lynn.

[Lynn takes it and runs into the maze]

**Rita:** [relieved] "Ah."

**Lucy:** [pulls her mom's shirt sleeve up to cover up her arm] "A little homemade blood, and you're good to go." [rubs it on the armless sleeve]

**Rita:** "You're a real pro, honey. I should have let you do this years ago."

**Lucy:** "That's okay, Mom. I'm just glad to finally get my chance. I'm so thrilled, I can barely contain myself."

[Once again, her face hardly shows any change]

**Rita:** "I know, honey. I can see it all over your face."

Me: You look great as a zombie Ms. Rita.

Rita: Thank you J.D.

[Enter Lori dressed as a vampiress]

**Lori:** [Transylvanian accent] "I literally vant to suck your blood." [flips her hair and is stopped by Lucy]

Me: [Transylvanian accent] Countess Loricula. You can suck my blood anytime. [Lori and me Laugh malevolently]

Me and Lori hiss at eachother.

Me and Lori then laugh in our normal voices.

Me: Lori, you look amazing and truly terrifying as a Vampiress. Bobby would love you like this.

Lori: Thank you J.D.

Me: Ms. Rita can you take a picture of me and Lori? I want to make some pictures for Bobby.

Rita: Sure.

I hand Ms. Rita my phone and she takes 3 photos of Me and Lori. 1 was us smiling. The 2nd was us hissing and the final one was us looking at eachother with menacing faces.

Rita: Perfect.

Me: Thanks Ms. Rita.

**Lucy:** "Hmm. Missing something." [megaphone] "Fangs, here!"

[Fangs flies in and perches on Lori's shoulder, making her scream]

**Lucy:** "If you wanna make it more authentic, he could bite your neck."

**Lori:** [objectively] "No! I mean, this is fine."

Me: I have a better idea. [I dip 2 fingers into some fake blood] Here Lori.

Lori: Oh I get it. [Lori shows her neck and I dab fake blood onto her neck to make bite marks]

Me: There. Now you look like a real vampiress.

Lori: Thanks J.D. [goes into the maze]

[Enter Luan as Dr. Frankenstein with Mr. Coconuts as her Frankenstein monster as Luan laughs evilly]

Me: I love your Mad Scientist costume, Luan. You look INSANELY SCIENTIFICAL! [Rimshot]

Luan: [Laughs] Thanks J.D.

Me: Luan, Why did the skeleton go to the Library?

Luan: Why?

Me: To BONE UP on a few things! [Rimshot]

Me and Luan Laughed.

**Lucy:** "Hang on, Luan. Your monster needs more stitches." [draws some on Mr. Coconuts]

**Luan:** "That's sew much better!" [laughs] "Get it?"

Me: [Laughs] Good one.

**Lucy:** "No puns in the maze."

[A disappointed Luan goes in. Enter Leni dressed as Marie Antoinette with her head missing. She trips over the stairs since she can't see where she's going]

**Lucy:** "Looks great, Leni. But don't forget this." [takes out the head that was in the fridge earlier]

**Leni:** [pops her head out, gasps from lack of air, and sees the head] "Why do I have to look so pale?"

**Lucy:** "You've just been decapitated."

**Leni:** "Well, I'd still put on some blush."

Me: You look great as Marie Antoinette, Leni. A very famous French historical figure really is perfect for this.

Leni: Thank you J.D.

Me: Make alot of Heads Roll, Leni. (Rimshot)

Luan: [Laughs from in the maze] Good One J.D.!

Me: Thanks Luan!

[Geo rolls in and Lucy puts the head on his hamster ball. Leni takes a deep breath and hides her head as she and Geo go into the maze. Out come a pipe organ and Luna dressed like a skeleton]

**Luna:** "Ready to rock, oh, mistress of the dark." [starts playing]

Me: Let's make this [I hold a flashlight under my face for a more dramatic and horrific effect] [DIABOLICAL VOICE] A HALLOWEEN TO REMEMBER! (DEMONIC LAUGHTER)

**Lucy:** "Great diabolical laugh J.D. and Luna, Drop down an octave and try it in D minor. That's the spookiest key."

[Luna plays it as such and Lucy busts out her megaphone]

**Lucy:** "Okay, guys, the Loud Family haunted corn maze is officially open. Let's bring on the screams, people." [picks up her hood, scythe, and blood and creeps into the maze]

Me: Me, Varie and Laney are going to find Lincoln and Clyde

---

[Huntington Manor's gate. Lincoln and Clyde come walking by in their disguises]

**Clyde:** [British accent] "Fancy visiting a few flats and loading up on some proper sweets?" [Lincoln looks at him confused; normal voice] "Didn't you read the British study guide I sent you?"

**Lincoln:** [takes out the guide] "Sorry. I only got through the first ten pages."

[They walk up to the gate and Wyatt notices them]

**Wyatt:** [tips his hat] "Master Nigel. Master Alister. I thought you were in England." [opens the gate]

**Lincoln:** [British accent] "We got all the way over there, and then we realized we forgot to feed Nigel's fish."

**Clyde:** [British accent] "So, we flew back straight away, and Bob's your uncle. Well, ta ta."

**Wyatt:** [suspicious] "Not so fast, boys."

[Lincoln and Clyde stop and think they're busted]

**Wyatt:** "Next time, call me and I can feed your fish." [hands Clyde a card]

**Lincoln:** [British accent]' "Thanks. Well, shredded wheat, old boy."

**Clyde:** [quietly in his normal voice] "It's cheerio."

[They run into the neighborhood and take off their master costumes and reveal their hero costumes]

**Lincoln:** "We're done with the tricks. Now for the treats." [They fist bump]

---

[Meanwhile, Lincoln and Clyde are walking down the street with their sacks loaded]

**Lincoln:** "What a haul! Maybe we should take it to your house, because my sisters will pounce on it."

**Clyde:** "Well, if we take it to my house, my dads will lock it up and only let me have three ounces a week."

**Lincoln:** "Hmm. We need a Plan C." [They bury it underground. Bat transition to the intersection of Franklin and Olive as they arrive]

**Lincoln:** "Our hard work paid off, Clyde. Best Halloween ever."

Me, Varie, Laney and Joey arrive.

Me: Lincoln, Clyde, thank goodness we found you. The corn maze is starting.

Lincoln: Thank you for telling us guys. Lets go

[We high five and turn the corner and find, to their shock, that the jack-o-lanterns are smashed, toilet paper is in the trees, candy wrappers are all over the ground, and all of Franklin Avenue is a complete mess]

**Lincoln:** [shocked] "Well… maybe not for everyone."

Varie: What happened here?

[End of Act 1]

---

Act 2[1]EDIT

[The girls are closing up the maze]

**Lincoln:** "Guys, what's going on? Why are the streets deserted, and why are you taking down your maze?"

**Lucy:** "Nobody showed up. All my work for nothing. Not a single scream. Sigh."

**Clyde:** "Nobody showed up? Why not?"

**Lola:** "Because two big stinkers came along and ruined everything!"

**Lana:** "Yeah! They TP'd all the trees and smashed all the Jack-O-Lanterns.

**Lola:** "And worst of all, they stole everybody elses candy!"

[Lincoln and Clyde huddle up]

**Clyde:** "Two big stinkers? You don't think it was the guys we told to come here, do you?"

**Lincoln:** "No way, Clyde. There's plenty of big stinkers in our neighborhood."

**Clyde:** "True."

**Lana:** [anguished] "I'll never shake the sound of their big dumb laughs."

**Clyde:** "Wait. Didn't those guys have big dumb laughs?"

**Lincoln:** "Clyde, plenty of people have big dumb laughs."

**Clyde:** "True."

**Lola:** [vengeful] "And I'll never forget those creepy baby-faced masks!"

**Clyde:** "Wait. Didn't those guys-"

**Lincoln:** "Okay, Clyde, it was them."

**Lisa:** "Ugh. All Hallow's Eve, street name Halloween, is clearly ruined."

[The other sisters go back inside greatly upset of what happened. Lily crawls by sighing with despair]

**Lincoln:** [riddled with guilt] "This is all our fault, Clyde! We led those stinkers right to my street!"

**Lincoln and Clyde:** "We ruined Halloween!"

**Clyde:** "Why didn't Dr. Lopez tell me the pitfalls of looking out for me?"

**Lincoln:** "We gotta fix this, Clyde."

**Clyde:** "I'm with you. But how?"

Me: This time Hawk and Hank have gone too far! Luckily they didn't take all of our candy. We hid it good. Come on everyone. Lets get them!

* * *

[Me, Varie, Lincoln, Laney and Clyde now out of our costumes, are walking the streets]

**Lincoln:** "First, we gotta find those guys. But it won't be easy. We don't even know where to start looking."

**Clyde:** [notices something] "How about that trail of candy wrappers?"

**Lincoln:** [sees said trail] "That should work."

[We follow the trail until a gust of wind blows the wrappers away]

**Lincoln:** "No, our trail!"

**Clyde:** [shaking Lincoln vigorously] "What are we gonna do now?"

[Some familiar laughter goes off]

**Lincoln and Clyde:** [gasp] "The big dumb laughs!"

Me: I've got an idea

I call Lucy on my phone.

**Lucy:** [answers] "You rang?"

**Me:** "Lucy, how would you like to have your haunted maze after all?"

[Lucy emerges from her coffin and gives off a slight smile]

We arrive at Hawk and Hanks Treehouse.

I walk up to the base of the tree and deliver a powerful chop that slices through it and it falls.

Me: TIMBER!

The tree crashes to the ground

Hawk and Hank get up out of the rubble.

Hank: Our treehouse!

Me: Hello Jerks!

Hawk and Hank look at me and see me cracking my knuckles.

Hank: J.D. what are you doing here?

Me: I'm here to kick your butts all the way to the Moon.

Hawk: You think you can beat us?

Me: We won't know until I try.

**Hawk:** "Let's get him!"

[They leap out of the treehouse rubble and charge at me and I punch Hawk in the face and kick Hank in the stomach and punch him in the mouth and kick Hawk in the nose. Hawk and Hawk went down and Me, Varie, Laney and the boys run.]

Me: Lets go!

Hawk: Those guys are dead!

[We climb over a log, but the stinkers plow right through it. We hop over stones on a lake, but the stinkers charge on top of the water. We cross another log acting as a bridge, and when the stinkers try, their combined weight breaks the bridge, making them fall, scream, and climb up with their bare hands. Soon, they arrive back into town]

**Hawk:** [stops in pain] "Ugh, stomach cramps!"

**Hank:** "Aw, man! If you get a cramp, I'll get a cramp."

Me: [Taunting] What's wrong Buttfaces? Can't run as fast as your stomachs can carry you?

**The stinkers growled at me.**

**Hawk:** You are Dead!

Varie: [Taunting] Catch us if you can, Losers!

**Lincoln:** "Go!"

[The chase resumes all the way to the corn maze with the stinkers getting ready to pummel us as we rush in]

**Hank:** "They're ours now."

[Lincoln and Clyde duck into a few corn plants and lose them]

**Clyde:** "It worked! We got them in here."

[The stinkers are still looking]

**Hawk:** [a little scared] "It's really dark in here."

**Hank:** "Man up, bro! I want that candy." [Laney was in the corn maze watching the stinkers]

Laney: All right Stinkers. Lets see what scares you… [The Lights turn off]

Hank: "What's that?"

---

[Luna is playing on her organ]

**Luna:**

"When darkness falls on the house of Loud

Around every corner, new terror abounds

You don't want to lose your head! Ha ha ha!"

You can run, but you can't hide

They know that you taste better alive

I don't think that they've been fed

In a long, long time

Every corner, every floor

Watch out, they ain't herbivores

Ghastly ghouls out for blood

Sorry, bud

You got tricked

You got tricked

You got punked and pranked with a spooky twist

Before you wet your pants, better get out quick

Tricked, tricked, tricked

You got… tricked

Beware of fangs and bloody fur

A Loud House chainsaw massacre

There's no chance that you'll get out

Ghosts writing your eulogy

Heads are rolling literally

So, who needs their mommy now?

Spilling guts on the floor

Clean up on aisle four

Why you running off so soon?

Sorry dude

You got tricked

You got tricked

You got punked and pranked with a spooky twist

Before you wet your pants, better get out quick

Tricked, tricked, tricked

You got… tricked

[During the montage, the Loud Sisters scare the stinkers with everything they throw at them. Luan brings Mr. Coconuts to life, Lisa and Lily act rabid, Lori acts like she's been feasting on Rita, Lynn turns on her chainsaw, Lola appears like a corpse, Lana acts as her ghost, Leni walks around blindly under her dress with Geo rolling in his ball with the fake head still on, Laney was stirring a monster filled pot and cackled like a real witch,

Varie was in her dark side mermaid form and she terrified the stinkers by snarling and hissing and spraying the stinkers with water that smelled really horrible,

I unveiled my surprise. I had my eyes covered by my hair and I start to change. I become a hideously gruesome and horrific monstrosity loaded with blood, guts, body parts, tentacles and more. I was a fusion of every single horrific monster from the movie THE THING! The monsters were from the 1982 and 2011 movies and the 2002 Video Game. Lightning flashed behind the monstrosity and flames from the Netherworld flickered around it and it scared the stinkers so bad that it made them soil their pants 3 times,

and everything else in the maze terrifies them to the point where the sounds of their screams catches the attention of the other kids on the block and their screams also catch the attention of a nearby police car, and the stinkers run into Lucy who is blocking the exit]

---

**Lucy:** "The crimes you have committed this night shan't go unpunished. You reap what you sow."

[She slashes a rope with her scythe, dumping a bucket of fake blood on them, making them scream]

**Hank:** "Blood!"

**Hawk:** "I'm gonna puke!"

**Hank:** "If you're gonna puke, I'm gonna puke!"

A tentacle with a scary flesh flower covered in blood and slime appears in front of their faces and tentacles come out and slap their faces and the stinkers vomited all over the ground.

[As they run out screaming, Lucy gives a small smile of satisfaction]

**Hank:** [nauseous] "We're not… coming back here… again…"

[He and Hawk run off and a police car drives up and the officers come out]

**Luna:** [finishing her song] " You got… tricked. "

Officer Stacy: You two are under arrest.

[Everyone cheers for a successful maze scare]

**Lana:** "That was awesome!"

**Leni:** "That was so awesome!"

**Lincoln:** "Thanks, guys. I think we taught those two big stinkers a lesson."

**Lucy:** "No, thank you and J.D. for bringing them here. You totally made my Halloween. I've never been happier."

[Once again, little to no change of emotion on her; Clyde examines it]

**Lincoln:** "Trust me, she's happy.

We see the officers slap the handcuffs on Hawk and Hank.

Officer Stacy: Nice corn maze you guys got here.

Me: Thanks Officer Stacy.

Officer Paul: We saw the whole thing. Great job guys.

Rita: Thanks officers.

Me: These buttfaces had it coming. They ruined everyones Halloween by TP-ing the trees, destroying our pumpkins and stealing all our candy.

Officer Stacy: Is that right? [to Hawk and Hank] Well you two are in for some hard time.

Me: How about 5 to 10 in the pokey?

We all laugh.

Officer Paul: Great corn maze guys. Let's go you two.

Hawk: Anything! Get us out of here!

Officer Stacy: Happy Halloween everyone.

Me: Happy Halloween Officers.

They drive off.

Lincoln: J.D. Your. Surprise. Was. AWESOME!

Varie and the Louds cheered wildly.

Me: Thanks guys. I have shape-shifting powers. I wanted to do something really special tonight.

Clyde: What was all that that you turned into?

Me: It was a fusion of every single gruesome monster from my favorite Science-Fiction Horror Movie: The Thing. This movie was made in 1982 and in 2011. It's about an extraterrestrial shape-shifting alien organism that can imitate lifeforms perfectly and it terrorizes 2 camps down in Antarctica and kills alot of people. I decided to do a scary transformation where I become all the monsters in both the movies and the Video game all in one.

Laney: That was truly an awesome transformation J.D.

Me: Thanks, Laney.

Lincoln: Hopefully, next year, your maze will have more than two customers, Lucy."

**Rita:** [notices something] "Looks like we won't have to wait till next year."

[Every kid in the neighborhood showed up]

**Lucy:** [on megaphone] "Places, everyone."

[The girls go back in the maze. Joey runs in with the other kids]

Joey: Laney!

Laney: Joey!

Joey: I saw everything! Whatever's in that maze really scared those blokes straight!

Laney: Yep! And you can thank these guys for making all this come back from the dead.

Joey: J.D. that transformation of yours really was smashing!

Me: Thanks Joey. Those two had it coming.

**Lincoln:** "And Thanks, Laney. But too bad nobody got any candy."

**Clyde:** "Are you thinking what I'm thinking?"

**Lincoln:** "Let's go get our shovels!"

---

[Lincoln, Me, Varie and Clyde are giving out the full-size bars Lincoln and Clyde got to the kids who had their candy stolen]

**Ballerina girl:** "Trick or treat!"

[Lincoln gives her one]

**Clyde:** "Here you go."

Me: Lovely Ballerina Costume.

Ballerina Girl: Thank You.

**Harry Potter boy:** "Trick or treat!"

**Lincoln:** [gives him one] "And here you go."

Varie: Great Harry Potter Costume.

Harry Potter Boy: Thanks.

**Robot kid:** [in a faux metallic voice] "TRICK OR TREAT."

[Lincoln gives him one and the younger sisters are next]

**Lola, Lana, Laney and Lisa:** "Trick or treat!"

[Lincoln gives each of them one]

**Lola:** "Ooh!"

**Lana:** "Full-size candy bars? No way!"

**Lisa:** "Wow. Where did you acquire these magnificent specimens?"

**Lincoln:** "It's a long story. Let's just say next Halloween, we have a great place to take you guys trick-or-treating."

**Clyde:** "You'll just need a British accent."

Laney: [Bites into her chocolate bar] Mmmm! So good!

[The sisters run off and a boy as a mummy comes up next]

**Mummy boy:** "Trick or treat!"

[Lincoln gives him one.]

Varie: Great Mummy Costume.

Mummy Boy: Thank you.

[Lola and Lana come back in their salt and pepper shaker costumes]

**Lola and Lana:** "Trick or treat!"

**Lincoln:** [too smart for the trick] "Nice try."

Me: Good try you two.

[The twins walk away foiled. A girl dressed as a hot dog is the last one]

**Hot dog girl:** "Trick or treat!"

[Lincoln gives her one]

Me: Great Hot Dog Costume.

Hot Dog Girl: Thank you.

**Clyde:** "That's everybody."

**Lincoln:** "Great. And the rest of the candy bars are all ours."

**Clyde:** "Well…" [reaches in and pulls out a single fun size bar] "…there's actually just this one."

**Lincoln:** "Eh, that's all right. Giving them out was just as fun as getting them. Splitsies?"

**Clyde:** "Sure."

[They split the bar and take their halves]

**Clyde:** "Thanks, Jack-O-Lincoln. Happy Halloween."

**Lincoln:** "Happy Halloween, McBride of Frankenstein."

Me: This has truly been the best Halloween ever. But the best part was I got to share it with Varie and my best friends.

Lincoln, Varie, Laney, Lola, Lana. Lisa and Clyde all hug me.

Me: Happy Halloween everyone.

Varie and the Loud Kids: Happy Halloween, J.D.!

[Lynn Sr. finally comes to and wakes up]

**Lynn Sr.:** [relieved] "Oh, thank goodness it's over." [hears a thump and screams] "What was that?" [sees the Marie head, still rolled by Geo underneath, hitting the wagon and screams one last time] "I HATE HALLOWEEN!"

Hawk and Hank were both found guilty of vandalism, and Grand

Theft Candy.

They were sentenced to 3 years in the Detroit Juvenile Correctional Facility and 1500 hours of community service. (8 hours a day = 187 days and 12 hours)

THE END.

Another Fanfiction Completed.

I know it's late for Halloween but I wanted to make a special version of it.

I watched the movie The Thing from 1982 and 2011 and they both scared the living daylights out of me. I played the video game from 2002 and it scared me just as bad. I didn't complete it though. I got scared the worst from both movies. But as I watched them over and over I realised that it's not real. Plus I wanted to make the Loud House Halloween very special by adding elements from both movies and the video game of The Thing.

I hope you guys like it and Have a good night.

The Thing of 1982 and 2011 belong to Universal Pictures, John Carpenter, Eric Heisserer and David Foster.

The Thing Video Game belongs to Vivendi Universal Games, Konami, Microsoft, Sonny and Black Label Games.

# Power of the Wind

The Knudson Estate, Daytime

Me, Varie, Lincoln and Laney are sitting on the sofa in my room. Me and Lincoln are playing video games and Varie and Laney are reading books.

Laney suddenly got a strange thought.

Laney: Hey guys, I've been thinking.

I paused the game.

Me: What's up Laney?

Laney: Well, I got my plant powers from the Diamond of Gaia and I have a very strong feeling that other diamonds like that are out there. I'm beginning to wonder what it would be like if my entire family was given superpowers.

Varie: That is a big thought and I have a very strong feeling that you're right Laney.

Lincoln: That is a possibility and that would be very cool.

11:00 PM

Lori was waiting to fall asleep in her room and a nasty wind storm was going on outside. The winds were blowing at 45 miles per hour. When suddenly something smashed through her bedroom window.

Lynn Sr., Rita and Lori's siblings came in and they saw Lori in a tornado made of blue wind.

Laney: This is exactly what happened to me when I found the Diamond of Gaia!

When the tornado disappeared, Lori was laying on the floor in her room.

Lori: Wha? What happened? Whoa. [She got up and fell backwards onto her bed] I feel strange.

Lori then felt a bad pain coming from her back and everyone saw an incredible sight.

Lori sprouted blue angel wings from her back and inadvertently fired a blast of wind from her hand and it blew a huge hole into the wall.

Laney: Lori, you have Wind Powers!

Lori regained her composure and gasped.

Lori: I do?

She fired another blast of wind out the window and it blew some of the leaves off a tree in the front yard.

Lori: I do! But why does my back feel so heavy?

Lana: You grew wings from your back.

Lola: Yeah! You're an Angel like J.D.

Lori saw the blue wings and screamed in horror.

Lincoln: Hang on Lori, I'll call J.D.

My house at 11:13 PM.

My cell phone rang, I woke up and I answered.

Me: Hello?

Lincoln: J.D. something has happened to Lori!

Me: What happened Lincoln?

Lincoln: Lori sprouted blue angel wings and she has wind powers!

Me: [gasp] We're on our way! [Hangs up] Varie, we got a code Goddess Diamond!

Varie wakes up and we get dressed and we go over to the Loud House.

We arrived in 2 minutes and Lori told us every last detail.

Lori: I was about to go to sleep when something smashed through my window and then I was in a blue tornado and then I blacked out and the next thing I knew I have Wind Powers and these wings.

Me: Hmm.

I pull out my book on Legends of the World and find an interesting discovery.

Me: Lori, you were given these powers by the Wind of Ga-oh.

Laney: Who is Ga-oh?

Me: The Spirit of Wind in Iroquois Mythology.

Lisa: The Iroquois Indians in New York?

Me: Yes. Once every 200 years, it is said that Ga-oh will send blue wind to bestow his powers of wind. But only those that are part of or descended from the Iroquois Tribe can get these powers. Mr. Lynn, does the Loud family have any ties to the Iroquois Tribe in New York by blood?

Lynn Sr.: Hmm, Yes I am part Iroquois. But I not really sure what the rest of our family heritage is.

Varie: Hmm. We'll have to check. Lisa, can you get a sample of everyones spit for DNA testing and country ties?

Lisa: I can do that.

Lisa came back with 12 Petri dishes.

Lisa: Please provide saliva samples here.

Lori, Leni, Luna, Luan, Lynn Jr., Lincoln, Lucy, Laney, Lana & Lola, Lisa, Lily Lynn Sr. and Rita all put spit in each dish. 1 dish for each member of the family.

Lisa: I'll have the results for you first thing in the morning.

Lincoln: Thank you for telling us this J.D.

Me: No problem, Lincoln. Lets get some sleep.

The next morning Lisa call us all into the kitchen for the results of the Heritage test.

Lisa: Here are the results. We are 45% Iroquois, 22% British, 15% Norwegian, 10% German, 7% Irish, 6% Icelandic, and 5% Scottish.

The Loud's were shocked.

Lori: I had no idea our heritage was tied to that many cultures.

Me: You guys have a big multi-cultural heritage. But Iroquois is the strongest culture you have.

Varie: Yeah. That's quite an ancestry.

Rita: But I had no idea we had Iroquois in our blood.

Lynn Sr.: I actually moved here from Harlem, New York 30 years ago.

Me: I've heard alot of good things about Harlem and the Legendary Harlem Globetrotters.

Lynn: I love the Harlem Globetrotters!

She spins a basketball on her finger and does all sorts of tricks.

Me: Whoo! Way to go Lynn!

Lynn Sr.: You go Jr.!

Me: Lucy, are you also part Transylvanian?

Lucy: I don't really know. But Vampires usually live in Transylvania.

Varie: Lori, this must be a huge shocker to have powers like me, J.D. and Laney.

Lori: Yeah. What will Bobby think?

Me: I'm sure he will accept this. He and Ronnie Anne accepted that me, Varie and Laney have powers.

Lincoln: That's true, Lori.

Varie: You've been given a great gift, Lori and with great power comes great responsibility.

Lori: You're right guys. Thank you. But I don't think I can control my powers well.

Laney: I can answer that for you. Love is the key to controling your powers. Your love for Bobby is very strong. It's worked for me because I love my family and my friends.

Lori: You're right. I love all of you and I may be a bossy brat sometimes but I still love all of you.

Lincoln: Let's get Bobby and Ronnie Anne over here. They have to know.

10:35 AM

Bobby and Ronnie Anne arrived and Bobby knocked on the door.

Lori answered it.

Bobby: Hey Babe.

Lori: Hey Bobby Boo-Boo-Bear. Come on in.

They came in.

Ronnie Anne: [To me] Hey J.D.

Me: Hey Ronnie Anne. Now the reason we called you here is because alot of things have happened over the last 12 hours. But it primarily affected Lori the most.

Bobby: What happened Babe?

Lori sighed and she spread her blue angel wings and formed a mini tornado in her hand.

Bobby and Ronnie Anne were shocked.

Bobby: Babe, You're an angel?

Ronnie Anne: [Excited] Lori, you have wings and Wind Powers!? Cool!

Lori: Yes, I do.

Me: She was blessed by the Wind of Ga-oh.

Bobby: What is the Wind of Ga-oh?

Me: It's Wind from Ga-oh the Spirit of Wind in Iroquois Mythology. It gave Lori the powers of Wind and Winged Flight.

Lincoln: We found out that we're descended from the Iroquois Indians of Northern New York.

Varie: Mr. Lynn moved here from Harlem 30 years ago.

Luna: It threw us all for a loop dude.

Ronnie Anne: Lincoln, I had no idea that you are part Indian.

Lincoln: Neither did me or my sisters.

Laney: I was shocked too.

Bobby: Babe. You are even more amazing with these powers.

He kissed Lori and it was truly a romantic sight.

Ronnie Anne: I've always wanted a big sister figure like Lori.

Me: Things just got a lot different.

THE END.

# L is For Love

Me and Varie are heading over to the Loud House and we saw Lincoln getting Todays mail.

Lincoln: Hey, guys.

Me: Hey Lincoln, Getting todays mail?

Lincoln: Yep.

[Lincoln gets the mail and skims through it until he discovers something in it]

**Lincoln:** [gasps and runs inside] "Emergency sibling meeting! I call an emergency sibling meeting!"

Me: Whoa! Wait for us!

Me and Varie run inside with him.

[The sisters arrive in Lori and Leni's room slightly annoyed]

**Luan:** "Come on! I was working on a joke."

[Lori lifts up her shoe and bangs it]

Me and Varie sit on the floor.

**Lori:** "I hereby call this meeting to order. Lisa, can you read the minutes from the last meeting?"

**Lisa:** [reading] "Item 1: It was resolved that in the matter of Lily's diaper pail-"

**Lincoln:** [takes the previous meeting's minutes and crumples it up] "Forget that! We need to discuss…" [takes out what he found in the mail] "… this! It's a love letter, and it's addressed to L. Loud."

[The sisters gasp]

**Lana:** [coughs] "Oh, dang it. I just swallowed my gum."

[Lori takes the letter out and starts reading it]

**Lori:** "Dear L. Loud, Day after day, I hope and I pine, I'm too shy to come forward, but I wish you were mine. Signed, your secret admirer?"

**Lynn:** "W-w-wait! Who's it for? L. Loud could be any one of us."

Me: Just to tell you, Varie, I did not write that letter.

Varie: I know you didn't J.D.

**Lori:** "Clearly, the letter's for me, and it's from Bobby. I mean, duh, right?"

**Luan:** "No, not duh! That letter could be for any of us!"

Lincoln: I know it's not from Ronnie Anne. She gives me hugs in person.

[Begin a series of flashback to various times Lori's siblings have come across someone they happen to like. First, Luan is practicing her pantomime at school when a boy mime bumps into her box she's trapped in. The two act it out. Next, Lana is working in a repair garage with a boy mechanic. Lana looks in her toolbox for a wrench, but can't find one. The boy gives her his wrench. Change to Leni at the mall tryng to decide between two matching sweaters, one pink and one purple and having trouble choosing. Chaz clears his throat to get her attention and shows her the sweater with purple and pink stripes, which Leni loves. Cut to Lola performing a baton twirling routine in a pageant. One judge gives it a 9, another gives it an 8, and another gives it another 9. One boy about Lola's age gives it a 10. Lola blushes and smiles. Switch to Lucy attending Embalm Con and looking at the booth for R.I. Pete's Coffins & Urns. Lucy sees and gasps at the sight of such an amazingly crafted coffin. A fellow goth boy admires it with her. Meanwhile, in Ms. Shrinivas's class, Lisa is mixing chemicals which explode. A fellow genius her age squeegees her lenses clean to her gratitude. Next, at the baseball field, Lynn's team and another team are giving their regards for a good game. She stops to see one boy on the opposing team spit in his hand. She spits in her hand and the two of them shake. Now, Luna is rocking out in the cafeteria in school and turns to another guitarist along with a friend of his. Luna's friends throw up the goats as she rocks on. Finally, Lily is taking a nap in her crib when her teddy bear falls on her. She gives it a hug. End flashbacks]

**Lily, Lola, Lana, Lynn, Luan, Luna, and Leni:** [dreamily sigh]

**Lucy:** "Sigh… ~"

Laney: [Twirls her hair and smiles] You guys are so lucky to have someone special.

Lola: You should know, Laney. [nudges her] Huh? Joey?

[Flashback to Laney in art class with Joey. She dropped her paintbrush and went to pick it up. But Joey picked it up for her. Laney smiles at him and he smiles back. End Flashback]

Laney: [Blushes] What?! No! We're… just friends.

Lana: But we saw you confess that you like him.

Laney: I said like, not love. Those are two relationship sensed words!

**Lori:** "Needless to say. We all want the letter to be for us. How do we figure out who it's really for?"

Me: We could walk all over town and see who wrote it that way.

Varie: But that would take too long and that would be like trying to find a needle in a haystack. So theres got to be another way.

Me: By the way Lori, how are you in controlling your powers?

Lori: I have them fully mastered thanks to Laney's advice.

Laney: You're welcome, Lori. Now how do we figure it out?

**Lucy:** "Simple. Since the writer is clearly shy, we each need to send a signal to the person we think who wrote it, letting them know we're interested. Then they'll probably send a second letter, giving us more information."

Me: That's perfect, Lucy.

**Lori:** [confused] "Um… how do you know all this?"

**Lucy:** [holds up a book called "Immortal Secrets"] "Vampires send a lot of secret admirer letters. They may be passionate, but they're also painfully insecure."

Varie: Oh yeah. Vampires are very shy too.

Me: They may be dead but they still have feelings.

**Lori:** "Sending a signal it is!"

Laney: [Thoughts] Could Joey really feel the same way I do? Only one way to be sure…

---

[At the cemetery at night, the boy Lucy met is sitting on the stone wall]

**Silas:** "Sigh."

[Lucy suddenly appears right next to him and he slips and falls upon her appearance]

**Lucy:** "Ah, the futility of life. Am I right, Silas?"

[Silas groans in pain. Cut to the mall where Chaz is putting mannequins in the display window. Leni is acting like a mannequin till Chaz comes to put her on display]

**Leni:** "Hi."

[Chaz flails and crashes into the mannequins. Leni winks at him. Switch to Ms. Shrinivas's classroom where all the kids are taking their naps. A shadow looms over the boy Lisa likes, and it happens to be Lisa]

**Lisa:** "Based upon the fluttering of your gorgeous eyelids, you must have had quite a REM cycle." [The boy falls out of his cot in a fright and Lisa winks at him. At Lynn's next game, she throws the ball at the boy she likes who is batting right into his arm and winks at him. At the arcade, the girl Lincoln likes is playing Dance Battle]

[Meanwhile, in Lily's room, Lily crawls up to her teddy bear, winks at and hugs it.]

---

The next next day at school.

Laney went over to her art class where she meets up with Joey. Laney was determined to go to the next level with the boy.

Laney: [thoughts] Okay, Laney. Remember what Lori said. You got to be subtle. [clears throat]

Laney: [To Joey] So, Joey… uh… Read any good books lately?

Joey: Uh. No. Not lately?

Laney: Well, I've read a great romance novel call "Love Letters". Where the two lovers express their feelings with letters.

Joey: Well, That sounds like a great read.

Laney: Yeah, I'm really fond of the ending. [Got close to Joey] Where the couple finally found each other and kissed.

Joey: [Uncomfortable] Uh… [Laney winks in her left eye]

Laney: [whispers] You can't tell but I'm winking. [Joey looks to the viewers confused and then walks away] Was I too subtle?

---

[The next meeting]

**Lori:** "Meeting called to order."

**Lisa:** "I'll begin with the minutes from the last meeting." [reads them] "Item 1: No one would let me read the minutes from the previous meeting, so-"

**Lola:** [snatches the minutes] "And we still won't!" [crumples them up and tosses them aside] "Now, did everyone send their signals?"

**Lori:** "I texted Bobby a series of romantic emojis."

Me: Great.

**Luan:** "Yep! I toot-ally sent mine to Benny."

[Flashback to Luan and Benny rehearsing for a school play. She slips a whoopee cushion onto his throne which he sits on. He blushes and gives Luan an embarrassed grin and she gives him a wink. End flashback]

Me and Varie laugh at Luan's joke.

**Lola:** "I let Winston know the score."

[Flashback to the playground where Winston goes down the slide, but botches the dismount. Lola gives him a 10 nonetheless and winks to him. End flashback]

**Lana:** [wiping her hands] "And I let Skippy know I'm game by souping up his ride."

[Flashback to Skippy riding his bike which now has turbo engines on it down a hill while screaming for his life. Lana winks as he goes by. End flashback]

Me: You put turbo jet engines on Skippy's bike? Lana, that's crazy!

Laney: I don't think that was much of a signal. More like a restraining order waiting to happen.

Varie: I agree.

Lori: Laney? Any Luck with Joey?

Laney: I don't know. Was I too clingy when I mentioned romance novels him?

Varie: I don't know.

**Lori:** "Good work, everyone. Now, we just have to wait for-"

[Enter Luna with the next letter]

**Luna:** "Dudes! The second letter! You called it, Luce Change!"

[Lucy shrugs off what Luna called her. Lori opens it up and finds a rose falling out of it in slow motion. Her siblings gasp]

**Lana:** [coughs] "Dang it, I swallowed my gum again !"

**Lori:** "Okay." [reads the letter] "Roses are red, they brighten our town, like your sweet smile, and your hair, which is…" [beat; upset] "… brown?"

[The brunettes are surprised while the others are disappointed]

Laney: The romance novels worked!

**Leni, Lucy, Lola, and Lana:** "Aw, dang it!"

**Lily:** [just as upset] "Ah, poo-poo."

**Lori:** [angrily texting] "I have some different emojis for Bobby now!"

Me: No sweat, there's still plenty of other fish in the sea. Metaphorically speaking of course.

Varie: I know what you mean, Honey.

**Lincoln:** "So, the secret admirer contest is down to Luna, Luan, Lynn, and Lisa."

[Luan, Lynn and Lisa cheer, but Luna doesn't]

**Leni:** "Luna, why aren't you cheering?"

**Luan:** "Yeah. And come to think of it, you never told us the signal you gave Sam."

**Luna:** [insecure] "That's 'cause I didn't give one. The more I thought about it, the more I realized… Sam's way out of my league, dudes."

[The others disagree and encourage her]

**Lincoln:** "No way. That's not true."

**Lori:** "Yeah, Luna, you are totes still in this. Okay, Lucy, what's the next step?"

[Lucy consults her book]

**Lucy:** "Well, since the secret admirer sent a rose as a token of their affection, we need to deliver a token in return. Then there should be a third and final love letter requesting a rendezvous."

[The brunettes start cheering]

**Luna:** "Rockin'!"

**Luan:** "This is so exciting!"

**Lynn:** "I hope it's me!"

**Lisa:** "Me too!"

**Lola:** [wearing a large brunette wig] "Me three!"

**Lana:** [takes Lola's wig off her] "Nice try, Blondie."

[Lola concedes]

Me: Got to give her an "A" for effort though.

The next day at school…

[Joey was walking by until he saw Laney leaning on the Lockers]

Joey: Oh hello, Laney.

Laney: Hey Joey! I have a surprise for you!

Joey: Really? What is- [Laney grabs Joey's hand and they run through the halls] Whoa! [They stop in the cafeteria in front of something hidden under a tarp]

Laney: To commemorate our friendship, I have made you this lovely piece just for you. Behold! [She pulls out the tarp and reveals it to be a sculpture of Joey made out of Mashed Potatoes]

Joey: Wow, Laney. You made all of this?

Laney: Yep. Out of all the mashed potatoes in the cafeteria.

Joey: Oh…

Laney: Is something wrong?

Joey: No, no. It's fine, it's just that… I don't really like mashed potatoes.

Laney: What? Ah! I should've known! [smacks herself in the head three times] Stupid! Stupid! Stupid!

Lunch Lady: [off screen] Hey! [Pans to the lunch lady who's angry at Laney] What are you doing with my mashed potatoes you creep?! [Throws a ladle at Laney]

But I show up and grab the ladle out of the air.

Me: Nobody hurts my friends while I'm here!

I turn the lunch lady over to principal Huggins.

[Lisa gives the boy she's crushing on a box with a note]

**Lisa:** "For you."

[The boy takes it and reads the note]

**David:** "Your flowers and poem were a decent start, my token for you is a beating heart." [opens the box to see that there really is a beating heart in there]

**Lisa:** "It's from a pig in the biology lab."

[David screams and runs away]

**Lisa:** "Eh. Guess he's more of a chemistry guy."

[Meanwhile at middle school, Lynn is getting ready to show her affection to her crush]

**Lynn:** "Because I think you really rock, I give to you my lucky jock." [fires her jock at him which lands on his face and blinds him] "She shoots, she scores!" [sees him fall into a trash can] "Oops. Flag on the play." [laughs nervously]

[Meanwhile, in the auditorium, Luan walks up to Benny who's working on the set for the play]

**Luan:** "It's true that I do a whole lot of jokin', but I have feelings too, and this pie is a token." [takes out pie and hits Benny with it]

[Benny, blinded by the pie's cream, stumbles into the stage backdrop and gets buried under it]

**Luan:** [getting a glare from Benny] "I guess you really fell hard for me!" [laughs] "Get it? Ooh!" [serious] "Stop it, Luan. We're trying to find love here!"

[Meanwhile, at the high school, Luna is waiting for Sam on the bus]

**Luna:** [sighs and practices] "Roses are red, Mick Swagger is sick, my token for you is my favorite pick." [Sam and the other music lovers pass by Luna who was too shy to give Sam her pick]

**Luna:** [sighs] "Dream on, Lunes. You're the owner of a lonely heart."

---

[In the living room, another meeting is being held]

**Lori:** "Okay, brown-haired Louds, did everybody deliver their tokens?"

**Lynn:** "Check!"

**Luan:** "You betcha!"

**Lisa:** "Affirmative!"

Laney: [despondent] Yeah.

Lincoln: What's wrong, Laney?

Laney: I'll tell you what's wrong! I messed up! Both figuratively and literally! How was I supposed to know Joey doesn't like Masked Potatoes? [sighs] I was nearly assaulted by the lunch lady. J.D. defended me and got the lunch lady fired.

Everyone gasped.

Lincoln: You got our lunch lady fired, J.D.?

Me: What she did was child abuse and I would not stand for it. So I had to do the right thing.

Varie: We returned the mashed potatoes and I used my powers to make them fresh again.

Laney: Thanks for that guys but now I'm not sure that Joey doesn't feel the same way I do.

[The other sisters disagree]

Lori: Don't say that. We all do crazy things for love. Luna, how about you? We're you successful with your token?

**Luna:** "I didn't give a token. I bailed, dudes. I'm telling you, there's no way Sam digs me."

**Lola:** [grabs Luna's shirt collar] "Some of us blondes would kill to still be in the running! [Luna looks scared] Don't you quit now!"

[Leni screams in surprise]

**Leni:** "O-M-Gosh, you guys! The secret admirer is the mailman!" [takes out another love letter] "He just handed me this letter! I don't feel the same way about him, so I let him down gently."

[Everyone looks at Leni dumbfounded for a second. Lori takes the next letter and opens it]

**Lori:** [reading] "Dear L. Loud, Here's a third letter, 'cause I'm still feeling skittish, I dig your sweet sounds, and love of all things British."

[Everyone gasps at the sound of it, especially Luna]

**Lincoln:** "Luna! It's definitely you!"

**Lori:** "Guys, Lucy was right about what happens next! Listen!" [continues reading] "I think it's time we put love on the menu" [pauses] "Aw." [continues] "Meet me tonight at Banger's & Mosh, the British eatery and rock venue."

**Luna:** [surprised] "Whoa! This is really happening! What do I wear?"

[Her siblings cheer and carry her upstairs except Leni]

**Leni:** "I'll be right there! I-I just wanna make sure the mailman is okay."

---

[At Banger's & Mosh, Me, Vaire and the kids are looking around for Sam]

**Luna:** "Guys, I don't see Sam anywhere."

**Lana:** "Maybe Sam's hidden behind that dork in the big British hat."

**Lynn:** "Whoa! That dork is sitting with Mom!"

Laney: That's dad.

Lynn: [realizes] Oh.

Me: Boy. Mr. Lynn looks awesome in a British Royal Guard hat.

[The kids, Me and Varie approach their parents]

**Lynn Sr.:** "Kids? J.D.? Varie? What're you guys doing here?"

**Lincoln:** "Luna got a secret admirer letter from Sam telling her to meet here."

**Lana:** "We're here for moral support."

**Lola:** "And dessert."

Me: You look awesome in that British Royal Guard hat Mr. Lynn.

Lynn Sr.: Thank you J.D.

**Rita:** "[to Luna] Oh, honey, I'm so sorry. There's been a mix-up. That letter was meant for your father."

**Leni:** "Wait. Sam likes Dad?"

**Rita:** "No, sweetie. I sent the letter."

**Lynn Sr.:** "Secret admirer letters are kind of our thing. It's how we met."

**Rita:** "Back in the day, I had a wicked crush on your father."

[Flashback to the day Rita and Lynn Sr. first met]

**Rita:** [narrating] "Every morning, at my crossing guard job, I'd listen for his melodious voice." [British accent] "And when he talked to me in that cute accent-" [normal voice] "-he picked up from his semester in England, I'd swoon."

**Young Lynn Sr.:** [British accent] "Ello, love! Pip-pip! Mind the gap!"

[Young Rita sighs with admiration. Just then, some cars come by wanting to cross and Rita quickly picks up her stop sign she dropped from admiring her future husband]

**Rita:** "But I was too afraid to speak to him because I thought he was out of my league. So, I started slipping notes in his pocket as he passed by."

[Young Rita puts a note in his pocket as he plays the cowbell]

**Lynn Sr.:** [playing and unaware of the note; scats] " Crossing "

[Young Rita swoons. Cut to Banger's & Mosh]

**Rita:** "By my third note, I got up the nerve to ask him to meet me here."

[Young Lynn Sr. arrives with the note and Young Rita holds up her stop sign and flips it over with a "signal" saying "Go". Lynn Sr. sits down with his new love. End flashback with the two of them in the same position from the past]

**Rita:** "And my boldness paid off, because here we are, celebrating the 20th anniversary of that first date."

**Lynn Sr.:** "[British Accent] Best day of my life, love."

[Rita swoons and giggles hearing that accent; her husband kisses her on the cheek]

Me: I always wondered how you two met. That is a great love story.

Lynn Sr.: Thank you J.D.

**Rita:** "Luna, I'm sorry that letter wasn't for you. I hope you're not too disappointed."

**Luna:** "Well… I was at first, but now that I've heard your story, I'm totally inspired. If you took a risk with Dad, why can't I take a risk with Sam?" [turns to her siblings] "Why are we sitting around waiting for them to come to us? We should go to them!"

[Her siblings cheer in agreement]

Me and Varie smile.

**Lynn Sr.:** "This is cause for celebration! MEAT PIES FOR EVERYONE!"

[The other restaurant attendants cheer, thinking he's buying for all]

**Lynn Sr.:** "Uh, I-I meant just for my family."

[The attendants groan in disappointment]

**Lynn Sr.:** "Oh, come on! There's 14 of us!"

Me: Hey, no sweat everyone. [Holds up a credit card] Dinner is on me!

The attendents cheer.

[Cut to a montage of the kids sneaking love notes to their crushes. Lynn sneaks one under Francisco's helmet. Skippy gets one in his toolbox. Lana smiles with her finger near her mouth because it was from her. Benny finds one on the stage floor and tries to pick it up, but it gets pulled he gleefully chases after it, it's revealed to be from Luan who's using a fishing rod to tease him. Lisa lures herself down on grappling wires and sneaks one under David's microscope, which he discovers to his joy. Chaz finds one in a pair of jeans for sale and Leni smiles disguised as a mannequin again. Lucy slips one in a coffin that Silas is resting in. Silas rises out of the coffin and smiles. Winston finds one in the sandbox and admires it. Lola looks dreamily at his response. Lily gives to her teddy bear a drawing of the two of them and hugs it again. At the High School, Luna takes a deep breath and slips her note into Sam's locker and bolts. The musicians pass by and, surprisingly, Sam happens to be a girl stopping at the same locker while her friends walk off]

**Female Musician:** "See you later, Sam."

**Sam:** "Okay, see ya!"

[Sam opens her locker and the note falls out. She picks it up, reads it, and smiles contently at it. Luna, hiding in the corner and having seen it all, smiles, too, knowing that she may have a chance with Sam after all]

At Laney's art class, Laney slipped a note into Joey's hoodie pocket. Once the class ended, Joey reached into his pocket to find the note inside and he reads it. As Laney went up to her locker, Joey Went to her.

Joey: Laney. Did you write this?

Laney: Yeah. What do you think? [Joey looks at the note and smiled]

Joey: I think it's lovely. Just like you are. [Leaves; Laney smiles]

# Fool's Paradise

*[The siblings sans Luan are talking about something in Lori and Leni's room.]*

**Lisa:** *[showing a cold sleep chamber]* "And that's why I propose we cryogenically freeze Luan for April Fool's Day. She can't prank us if she's frozen solid." *[Lori, Leni, Luna, Lynn, Lucy, Lana, Lola, and Lily all look at her shocked at such a suggestion.]* "Oh, come on! She'll maintain brain function. Well, a little."

Me: It would be cool if we froze her until the year 3000. I saw that in a silly sitcom cartoon at one time.

Laney: [Pushes Lisa] Well, Thank you Lisa for that suggestion. We'll keep in touch. Okay, anyone else?

*[The twins look at each other.]*

**Lola:** "Lana and I have an idea."

*[Lisa moves her chamber out of the way and the twins place a standing spot. Lincoln comes in wearing some kind of hazmat suit. They spin him around on a platform like a model]*

**Lola:** "We call it the Prank-Me-Not Poncho." *[pulls a cord, causing the suit to inflate a bit.]* "The inflatable lining cushions you from all manner of pranks."

*[An automated boot kicks Lincoln.]*

**Lincoln:** "Ow!" *[gets hit by a spring-loaded boxing glove]* "Ooh! Ow! I can feel that!"

**Lola:** "Not a problem. We just need a little more air."

*[Lola pulls the cord again, but it comes off, causing the suit and Lincoln to float up to the ceiling.]*

**Lori:** "Does anyone have an idea that will actually work? April Fool's

Day is this weekend, and I am not losing another eyebrow." *[rubs her brow]* "They're starting to grow in coarse."

**Luna:** "I say we post bad reviews of Fanny's Prank Emporium, and force them out of business!"

**Lynn:** "Ooh, that's good. We eliminate her supplier, we eliminate the problem."

**Lincoln:** "We're too late for that. Luan got her prank supplies shipped to an offshore warehouse months ago." *[The other sisters look at him speechless]* "She told me that to scare me. It totally worked."

Laney: Well I say we put her in restraints again.

Lynn: That won't work! She escaped last time!

Laney: That's because we put her in a crate. This time we put her in a straitjacket! She can't prank us if she can't move her arms.

Varie: Good idea, Laney.

Lucy: What if she doesn't use her arms to prank us?

Laney: Already thought of that. We'll also lock her up in her room until April 2nd.

Me: Good thinking.

Lucy: But what if she escapes from her room and gets out of the straitjacket?

Laney: Then we'll evacuate into the van before she gets there and… I'm not gonna win this argument, am I? [The siblings shake their heads No. Laney sighs in defeat.]

**Lori:** *[notices Leni reading a magazine]* "Leni, are you even paying attention?"

**Leni:** "Oh, sorry. I was just reading this ad for a clown camp that takes place over April Fool's Day weekend." *[shows them said ad]*

**Leni's Siblings:** *[angry]* "WHAT?!"

**Lincoln:** *[grabs the magazine and looks at the ad.]* "This is perfect! If we send Luan to this camp, she'll be two states away from us." *[notices the price]* "Oh, but it costs 500 bucks."

I start having suspicions about it but don't show it.

*[The sisters look at each other. Cut to Rita looking at the ad.]*

**Rita:** "Well, that is a lot of money, but if it means we don't have to spend April Fool's in these suits, I'd say it's worth it."

*[It's revealed that she and Lynn Sr. are stuck on the ceiling wearing Prank-Me-Not Ponchos their size.]*

**Lynn Sr.** "Agreed. Someone toss me my checkbook."

---

*[Later that night at dinner]*

**Luan:** *[looking at the pamphlet for the camp.]* "A weekend at Funny Farm's Clown Camp? Oh, this is my dream come true! Oh, thank you, thank you, thank you! But what's the occasion?"

**Lynn Sr.:** "Why do we need an occasion to spoil our favorite little comedienne, huh?"

**Luan:** *[joyfully hugs her dad, but realizes]* "Oh, wait. It's on April Fool's weekend."

**Lynn Sr.** *[suddenly does a spit take on Lisa]* "Is it? I, uh-I didn't realize."

**Luan:** "I don't know if I can be away from my family on my favorite holiday."

**Lynn:** "Ah, but think about all that fresh meat at the camp just waiting to be pranked."

Laney: That camp is aching to see your comedic genius.

**Luan:** *[enlightened]* "Oh, you're right! Well, in that case, I *camp* wait!" *[laughs]* "Get it?"

*[Everyone else laughs nervously]*

**Lincoln:** *[feigning amusement]* "That is hilarious! Where do you come up with this stuff? Oh, I swear, I'm gonna pee."

**Lucy:** "Lincoin, don't oversell it."

---

The next morning, The Loud's left in Vanzilla for Funny Farm and me and Varie go into the Loud House and sneak into Luna and Luan's room. We begin searching it.

Varie: What are we looking for?

Me: Something is seriously wrong and suspicious. Luan has something big planned for April Fools Day and we have to know what it is.

In Luna and Luan's Closet I see blueprints rolled up.

Me: Huh? Blueprints?

I put the blueprints on Luan's bed and unroll them.

Varie: What are these?

Me: Plans for a very cheap hotel.

I analyze them and discover that the hotel is really a pranking death trap.

Me: The hotel is a death zone rigged with all sorts of deadly pranks.

Varie searches through Luan's notebook and finds a horrific plan in it. She gasps.

Varie: J.D. you'd better take a look at this.

I look at the plans and was shocked.

Me: Oh no! We got to get to our friends as fast as we can! Varie, Get Laney's anti-pranking supplies.

Varie: Right!

She hands me Laney's backpack.

Me: Lets go!

Me and Varie spread our wings and fly to the camp. *[Vanzilla arrives at Funny Farm and the family drops Luan off.]*

**Luan:** "Well, guys, this is it. I'm really gonna miss you, but-"

*[The rest of the family eagerly bid her farewell.]*

**Luan:** "Wait, wait! I changed my mind!"

**Luna:** *[horrified]* "PUNCH IT, DAD!"

*[Luan opens the door and her siblings scream in horror.]*

**Luan:** *[holds up pink shoes]* "I want the blue clown shoes, not the pink ones."

*[Her siblings sigh with relief]*

**Lynn:** *[gives her the blue shoes in a hurry]* "Here, take them all!"

**Leni:** *[gives her her own shoes in a panic]* "Take mine, too, just to be safe!"

*[Vanzilla drives off with the rest of the family cheering. Luan shrugs off and heads inside the camp.]*

---

*[Later that night, Vanzilla suddenly breaks down in the middle of the road.]*

**Lynn Sr.:** "Ah, dang it. Sorry, guys. Looks like Vanzilla just died on us."

**Lana:** "I'm on it, Dad!" *[checks under her seat and gets nothing.]* "Huh, that's weird. I thought I packed my toolbox."

**Lynn Sr.:** "It's okay, sweetie. We'll just get a tow in the morning. There's a motel right there."

BUTTZ MOTEL

**FREE WI-FI**

COLOR TV

AIR COND

**Lola:** *[scoffs at the motel's condition]* "Lola Loud does not stay in two-star motels!"

*[One of the stars on the signs breaks off.]*

**Rita:** *[smug]* "Well, there you go. Now it's a one-star, so you're good."

Laney: I don't care that it has 40 stars! As long as I'm not with Luan!

*[Lola pouts. The family is now in one of the rooms, all sleeping except Lana.]*

**Lana:** *[praying]* "And please watch over Cliff, Charles, Geo, and Walt, and Izzy, Hops, Bitey, Fangs, El Diablo-"

**Lori:** *[wakes up crankily]* "Lana!"

**Lana:** "But I didn't get to my ant colony yet."

**Lori:** "Good night!"

*[Lori goes back to sleep and Lana curls up and goes to sleep, too. Just then, a cricket starts chirping non-stop, waking Lincoln up.]*

**Lincoln:** "Seriously? That's not bothering anyone else?"

**Lynn:** *[in a hammock]* "Oh, my bad. Those gas station burritos always get me going."

**Lincoln:** "Not that, the cricket." *[starts walking across the room, stepping on his sisters sleeping in the spots along the way.]*

**Lisa:** "Ouch!"

**Luna:** "Seriously, dude?!"

**Lincoln:** "I'm sorry. I can't see anything. Let me just turn on a light." *[flips the switch only to somehow turn on the TV at full volume.]*

**Sisters and Parents:** *[wake up furiously]* "LINCOLN!"

**Lincoln:** "Sorry." *[frantically pulls the knob on the TV which somehow activates his parents' bed's vibrating setting.]*

**Lynn Sr.:** *[vibrating]* "Lincoln!" *[falls out of bed]* "Oh!"

**Lincoln:** "I'm sorry! I can't figure out how anything works in here!"

*[As Lincoln keeps trying to shut everything off, the alarm goes off and Lynn turn it off, and the coffee machine starts leaking.]*

**Rita:** "Lincoln, stop hitting switches! You're making things worse!" *[looks for the plug]* "Now, where is the dang plug for this thing?" *[gets hit by a following wall light]* "Ow!"

**Leni:** "I'll get some more towels to clean up that coffee!" *[runs to the bathroom and gets sprayed by a blast of water and screams.]*

Laney: I got it! [Walks over to the leak, but she slips on the coffee and falls down] Ow!

*[Suddenly, everything stops]*

**Lana:** "Well, that should do it. Whoever wired this place had no idea what they were doing." *[shows she wired everything properly]*

**Lincoln:** *[skeptical]* "I think they knew exactly what they were doing. Look what I found." *[holds up a synthetic cricket with a familiar logo.]* "This cricket is a fake! It's from Fanny's Prank Emporium!"

*[Everyone else gasps]*

**Lori:** "That's where Luan gets all her pranking supplies!"

**Lynn:** *[gasps]* "You don't think she's behind this, do you?"

Laney: [Nervous] No… No it can't be.

**Rita:** *[scoffs at the notion]* "She can't be. She's at camp. I'll call her right now." *[calls Luan]*

**Luan Voicemail:** " *Hello, family. I hope you're enjoying your stay. Buckle up. There's mo-telling what's gonna happen next.* " *[evil laugh]* " *Get it?* "

Laney: WE'RE ALL GONNA DIE!

*[Everyone except Lynn Sr. screams]*

*Lincoln: Laney, why are you panicking? Don't you have your anti-prank equipment?*

*Laney: No! I left it at home because I thought I didn't have to worry about Luan anymore now that she's at camp. But she's not at camp! She's here! Pranking us! [Shakes Lincoln!] I'm not ready, man! I'M NOT READY!*

---

*Me and Varie arrived at the Buttz Motel and we see Vanzilla there and we hear the Loud's screaming.*

*Varie: We're too late. The pranks have begun.*

*Me: No they haven't. I sense that nobody got hit yet. Come on!*

*Me and Varie smash through the ceiling of the room the Loud's were staying in.*

*Me: Hey guys.*

*Lincoln: J.D., Varie? How did you guys find us?*

*Laney: We're saved!*

*Me: We found out what Luan was planning and we set out to save you.*

*Varie: This whole hotel is a very elaborate rues. It's part of her biggest April Fools Day Prank.*

Me: She has someone on the inside of this whole scheme. She put a fake ad for a Funny Camp in one of Leni's Magazines and set up this whole hotel to become a pranking death trap. Isn't that right, Mr. Lynn?

Everyone looked at Lynn Sr. and he was sweating bullets.

Lynn Sr.: [Nervously] I… I have no idea what you're talking about.

Varie: Drop the act Mr. Lynn. We know what Luan was planning for this day.

Me: Me and Varie searched through Luan's things and discovered everything that shes planned. You were in on this whole thing. Ms. Rita, read this and you'll know.

I hand Rita Luan's notebook and she and the Loud siblings read it and they are shocked and turn to Lynn Sr.

Rita: Honey, is this true?

**Lynn Sr.:** "Okay, I admit it! I've been in on Luan's scheme the whole time. A few weeks ago, she came to me…" *[Flashback to Lynn Sr. driving in Vanzilla. He is whistling casually only to see Luan in his rear-view mirror sporting a malicious grin. He screams at the sight of her.] … and said she needed an inside man to pull off her biggest April Fool's ever. It was a very sophisticated operation. First, we planted a fake ad in one of Leni's magazines. Then we set up a fake clown camp. Now, that wasn't as easy. Do you have any idea how much it costs to buy land? We faked the van breaking down with a little help from one of Luna's fog machines. And, of course, Luan wasn't gonna miss seeing you all get pranked. The manager? That's her. She's been watching everything on the security cameras. " [All the events explained are shown with Lynn Sr. looking guiltily with the operation going by. When Luan checks the cameras, she takes off* *her disguise and laughs evilly. End flashback.]*

**Lincoln:** "Dad, how could you sell out your own family like that?"

**Lynn Sr.** "Luan promised me a prank-free decade! A DECADE, KIDS!"

Laney: And you believed her?

**Lincoln:** *[betrayed]* "I hope it was worth it."

Me: For shame Mr. Lynn.

**Lynn Sr.:** *[guilty]* "Oh, it was not worth it. I feel terrible! What kind of father am I? What kind of…" *[sobs]* "… husband?" *[starts crying in shame]*

**Lincoln:** *[consoling]* "It's okay, Dad. You're not the bad guy here. Luan is."

**Lynn Sr.:** "No, no, son. I'm just as guilty. I went along with her!"

Laney: That's because she tempted you. But that's okay, you still have a chance to stop all this.

Me, Varie Rita and the Loud kids agreed.

*Lynn Sr.: [realizes]* "You're Right. Maybe it's not too late to redeem myself. What do you think of putting Operation: Team Up and Get Back at Luan for Causing Years of Emotional Damage and Also Think of a Shorter Name for This Operation into action?"

Me: I'm in and how about Operation: April Fools Retribution?

Lynn Sr.: That's perfect.

Varie: I'm in too

**Lincoln:** *[determined]* "I'm in!"

Laney: Me too!

Me: Here Laney. You'll need this.

I hand Laney her Anti-Pranking Supplies.

Laney: My Anti-Prank Supplies. You're a true friend J.D.

Me: I'd do anything for my friends.

Lori: I'm in too. I'm going to literally turn Luan into a human pretzel!

Leni: I'm totes in!

Luna: Save seconds for me dudes!

Lynn: I will pulverize her for this!

Lucy: The spirits will never forgive her for this.

Lana: I'll put raw sewage in her pants!

Lola: I'll give her an injury she will never heal from!

Lisa: Affirmative!

Lily: Poo-poo!

Rita: Lets get her!

Me: It's payback time! [Cracks knuckles]

* * *

*[Back in the security room, Luan watches as her mother and father, siblings and best friends have now teamed up against her]*

*Luan: Drat! My friends and family have turned against me.*

*An explosion blasts a hole into the security room and in came Me, Varie, and the rest of Luan's Family and with angry faces on.*

*Me: It's over Luan.*

*Lori: You've tormented us long enough!*

*Varie: Welcome to the corner of pay and back.*

*Laney uses her plant powers and entangles Luan in vines and Varie fires a torrent of water that smells like rotten fish at her.*

*Lana threw mud globs at Luan and Lola sprayed Luan with dandelion* perfume.

Luan: Gah! I'm allergic to dandelions! [sneezes uncontrollably]

Me: I didn't know Luan was allergic to Dandelions.

Lola: You figure some things out, J.D.

Varie: Lisa, did you make homemade Dandelion perfume for Lola?

Lisa: Affirmative.

*A drop of glowing blue water from the sprinkler system lands on Lily's head and she glowed a neon aqua blue and was in a tornado made of pure water. Lily started to change. She became a beautiful little lady. She looked like she was 10-years-old and had lavender and black clothes. She landed on the floor.*

Lily: Wha? What happened? [Gasp] I can talk!

Lily goes to a mirror and looks at herself.

Lily: I… I'm a kid like Lincoln. Whoa. I feel weird. Wait.

Lily then raises her hand and fires a blast of glowing blue water.

Lily: [Gasps] I have water powers like Varie!

Lily then went over to everyone and fired a huge jet of high pressure water

Me: [Gasp] Lily? Is that you?

Lily: It sure is J.D. I don't know how this happened, but I'm now almost at Lincoln's age.

Rita: Oh, Lynn. Our youngest is all grown up.

Varie: Lily, you look amazing.

Laney: Lily, you have become a beautiful young woman.

Me: I'll have to look this up when we get back home.

We stopped and Luan was completely drenched and she smelled horrible and was still sneezing.

Laney: Maybe now you learned your lesson about why your pranks hurt, Luan!

I then notice a calendar hanging on the wall and discover a strange surprise.

Me: Wait a minute.

I walk over and discover that it was June.

Me: It's not April, it's June. Luan duped us.

Rita: Luan, you're in trouble when we get home.

Me, Varie and the Loud's got in Vanzilla and drove back home.

We arrived back home and in the living room Lynn Sr., Rita and Luan's siblings looked at her with angry faces. She got 2 months of grounding.

Varie discovered that Luan changed all the calenders in the house to 2017's calendar's 6 months early and played everyone for fools.

I looked up the source of how Lily became this and I was surprised at what I discovered.

Me: Lily was blessed by the Glowing Water of Coventina, The Celtic Goddess of Water in Irish Mythology. Once every 50 years she bestows her powers of water onto a worthy soul descended from Ireland. It chooses babies mostly and they become 10-years-old because of it.

Lynn Sr.: Wow! That's amazing.

Lincoln: Yeah. Lily, this must truly be a huge change for you.

Lily: Yeah. It is. But I have alot to learn now that I'm a 10-year-old.

Me: We'll help you get through it, Lily.

Laney: Yeah.

Lisa: Biologically, you're still 15 months old. I have a theory that when you hit 10 years of age for real, you'll start aging normally again. But we'll do everything we can to help you.

Me: I agree.

Lily: Thank you guys.

THE END.

# Snow Bored

*[The Loud House. It is nighttime, and snow is falling. Inside, Lincoln and his sisters are watching the tv news.]*

**News Anchor:** "Good evening, everybody. Now stay warm and stay tuned . Because we'll have tonight's weather right after this."

Laney: Snow day. Snow Day. Snow Day. Snow Day. Snow Day. Snow Day.

**Lucy:** *[wishing]* "Oh, spirit in the sky, grant my wish."

**Lori:** *[her fingers are crossed]* "Fingers crossed."

**Luan:** *[her arms and legs are crossed.]* "Everything crossed."

**Lily:** I hope we get a snow day.

**Lola:** "I got my lucky rabbit's foot."

**Lana:** "I got my lucky booger. This baby got me through preschool."

**Lynn:** "And I got my lucky jock" *[stretches it, slinging it into Lincoln's face.]*

**Lincoln:** "Ugh!" *[to the viewers]* "You may be wondering what the heck is going on here. I'll show ya'." *[opens the front door and steps outside.]* "See that? Snow, beautiful snow. And if it keeps coming down, we can be in for a snow day tomorrow. So tonight, we're doing everything in our power to make it happen."

Me and Varie walk to the house in our winter clothes.

Me: Hey, Lincoln.

Lincoln: Hey, J.D. Hey Varie.

Varie: It's really snowing isn't it?

Lincoln: It sure is.

Me: You all hoping for a snow day?

Lincoln: We sure are.

**Luna:** "Dudes! The weather's on!"

Me: Whoa wait for us!

Me and Varie run in with Lincoln.

*[Lincoln runs back in and cross his fingers. Me and Varie sit on the floor with him.]*

*Me: Hey girls.*

*Loud sisters: Hey J.D. Hey Varie.*

*Lori: It's on!*

**Patchy Drizzle:** "Patchy Drizzle here. Takin' on the weather, myself. Rollin' up my sleeves" *[rolling his sleeves up]* "Takin' it on."

*[Me, Varie Loud kids watch it seriously.]*

**Patchy Drizzle:** "Better put on the old snowshoes, folks, 'cause we could be getting up to twenty four inches of Mother Nature's dandruff. I regret saying that." *[takes a piece of paper]* "Ahem. The following schools will be closed tomorrow."

**Me, Varie and the Loud kids:** *[hopeful]* "Royal Woods! Royal Woods! Royal Woods!"

**Patchy Drizzle:** "Beaverton, Hazeltucky, Huntington Oaks and…"

*[We all look on in awe.]*

**Patchy Drizzle:** "… that's it."

Me: Oh Pancake Stacks!

Varie: No Way!

**The Loud kids:** *[sad]* "Awwww…"

**Lola:** *[angrily]* "WHY YOU LOUSY-"

**Patchy Drizzle:** "I'm just kidding. You too, Royal Woods!"

*[Aerial view of the house and the whole neighborhood; we all start cheering and jumping up and down.]*

**The Loud kids:** *[excited]* "HOORAY! WOO HOO! Snow Day! Snow Day! Snow Day!"

Me: Snow Day! Snow Day!

Varie: Snow Day! Snow Day!

**Patchy Drizzle:** "Snow Day!"

*[Lisa appears and turns off the TV.]*

**Lisa:** "This just in. There will not be a snow day tomorrow."

*[Her sibling, me and Varie are surprised and stop cheering.]*

Laney: Why?

**Lisa:** "Once I spray my super strength salt across the city roadways, we shall have no trouble accessing school."

*[We all boo at Lisa and throw pillows at her.]*

**Lola:** *[angrily]* "WHY WOULD YOU RUIN OUR SNOW DAY?!"

**Lisa:** "Ahem." *[pulls a chart down]* "For every school day you miss, your brain functionality decreases by approximately point 0.006 %"

Me: Come on Lisa. Everyone needs to have some fun every once in a while.

**Leni:** "Yeah Lisa, snow days are F-O-N, fun!"

**Lisa:** *[presses a button and the chart goes up.]* "I rest my case. Besides, I fail to see how frolicking in frozen temperatures like a bunch of nincompoops is fun."

Laney: You're just saying that because you've never experienced a snow day yourself!

Varie: Snow days are awesome.

**Lincoln:** "Yeah! What if we could show you how fun snow days can be? Then would you call off the salt?"

Me: Good idea Lincoln.

Lily: I like that big brother.

*[The Loud kids agree with Lincoln and are excited to help Lisa]*

**Leni:** "Yeah! F-O-N! F-O-N!"

**The Loud kids:** "F-O-N! F-O-N!"

**Lisa:** "Fine! But only because I can't stand to hear you spell erroneously."

*[Me, Varie and The Loud kids cheer as they walk off.]*

**Leni:** *[stops walking]* "Wait, I thought we were spelling "fun"."

---

*[The next day, everybody is getting out of the house to have fun in the snow.]*

Laney: [Approaches Lisa] Hello Lisa, I'll be your guide through the many fun things you can do on a snow day.

**Lisa:** "Okay, you've got four hours. Dazzle me or it's back to school for you truants." *[puts on her snow goggles.]*

---

*[Lincoln runs while pulling Lisa on the sled.]*

Laney: Nothing screams snow day like sliding down steep hills on a sled. A recommended activity for young thrill seekers.

**Lincoln:** "Woo! Sledding! What do you think, Lis?"

**Lisa:** "I think my buttocks are cold."

*[The sled hits a rock and Lisa accidentally gets off it while yelping.]*

*Me: Ooh! Ouch!*

**Lisa:** "And now bruised."

---

*[Lincoln finishes building an igloo.]*

Laney: When you bury yourself in the snow, make yourself at home with an old-fashioned snow fort.

Lincoln: Come on in. You gotta check out the built in cup holders." *[goes in]*

**Lisa:** "Hmm… lacks crossbeams, low baring walls, a solid foundation…"

**Lincoln:** "All choices that I made."

**Lisa:** "Hardly up to code."

[After Lisa touches the igloo, it falls apart.]

**Lincoln:** "It's collapsible too."

Laney: Not a fan of forts huh?

Varie: Look at mine.

Laney, Lisa and Lincoln are amazed to see that me and Varie had built an exact replica of the Neuschwanstein Castle in Germany entirely out of ice and snow.

Me: Me and Varie built it.

Lincoln: Wow! J.D., Varie, this is incredible!

Lisa: The architectural structure is 100% accurate and the inside is 95.007% accurately replicated.

Me: Colorado is known for having gorgeous winter weather and the snow days are perfect. I had lots of fun there before moving here.

Laney: There's still lots to do on a snow day.

[Lana comes]

**Lana:** "How about letting old Lans take the reins?"

Laney: I don't see why not.

**Lincoln:** "Knock yourself out. My buttocks are cold. And bruised."

---

*[Lana made a snowman.]*

**Lana:** "Say hello to Mr. Twig Arms!"

Laney: Hi Mr. Twigarms!

**Lisa:** "Huh. So, what does Mr. Twig Arms do?"

**Lana:** "Uh… nothing. But, he's awful jolly."

**Lisa:** Perhaps if you valued your education, you could build something with more pizazz." *[presses a button and a robot appears out of the garage.]* "Say hello to Mr. Reinforced Titanium Alloy Arms."

Laney: Is that our mailbox?

*[The robot is searching for a target to destroy and thinks the snowman is the enemy and shoot lasers at Mr. Twig Arms.]*

**Lisa:** "Sorry, I forgot he has jolly seeking lasers."

---

*[Varie and Lola are ice skating.]*

**Lola:** "Here's the returning champion, Lola Loud! About to execute a triple salchow!" *[performs her triple salchow and sticks the landing.]* "Come on, Lisa! It's your turn!"

**Lisa:** *[counting formulas]* "Based on water density, air temp, and the weight of a small human, that ice should give way in 3, 2…"

*[The ice breaks and Lola falls into the water.]*

**Lola:** "Dang it."

**Lisa:** "Dang it's right. I was one second off."

Varie helps Lola out of the water and warms her up with warm water.

---

*[Lisa, Laney and Lucy are making snow angels.]*

**Lisa:** "What exactly are we doing?"

Laney: Making snow angels.

**Lucy:** "No we're not. We're playing corpsicle. It's my favorite snow game."

**Lisa:** "How do you win? By getting hypothermia?"

**Lucy:** "Yes."

---

*[Luan is holding a bucket full of snow.]*

**Luan:** "Watch this, Lis. You're gonna love snow pranks."

Laney: I don't remember snow pranks being an activity.

Luan: It's an activity to me! [The three *siblings walk up to Lincoln who is rebuilding his snow fort. Luan winks at Lisa, who is confused* *and puts snow balls on Lincoln's butt.]*

**Luan:** "FROST BUTT!"

**Lincoln:** *[panics and shivers]* "Cold, cold, cold, cold, cold, cold!"

Laney: [Laughs] That is funny!

**Luan:** *[laughs]* "Oh, man. Classic Luan."

**Lincoln:** *[still shivering]* "Cold, cold, cold, cold, cold!"

**Lisa:** *[researching on her phone]* "Uh… as the famous Shackleton expedition has shown us, losing a buttock to frostbite is no laughing matter."

**Luan:** "Eesh, I'd really like to make a *crack* right now. But, it's *snow* time to be *cheeky* ." *[laughing]* "Get it?"

Me: [Laughs] Good one. Talk about a FROSTBITTEN ENDEAVOR! [Rimshot]

Luan laughs.

Luan: Did you get that one?

**Lisa:** "Unfortunately, yes."

**Lincoln:** *[still shivering]* "Cold, cold, cold, cold, cold!"

---

*[Lynn and Lisa are on a bobsled while their siblings watch.]*

**Varie:** Oh boy. This is very dangerous.

Lily: Yeah.

**Lynn:** "Representing Royal Woods in the World Bobsled Finals, it's Lynn and Lisa Loud! Oh, yeah!" *[starts the sled on the slope.]*

**Lisa:** "Woah, woah, woah… Stop!"

**Lynn:** *[slips and accidentally lets the sled move away.]* "Uh-oh."

Me: Oh, crud!

**Lisa:** "I can't see this ending well."

*[Lisa goes really fast and gets off from her sled screaming in panic and falls in the snow. Her siblings gasp and come to her location.]*

**Lincoln:** "Umm.. Snow angels?"

Me: Are you alright, Lisa?

**Lisa:** "Yes, I'm okay, but it's over, guys. Snow days are both pointless and a health hazard. Ergo, I shall unleash the salt."

**Lisa's siblings:** "NOOOOOOOO!"

---

*[The Loud kids complain at Lisa.]*

Laney: Please Lisa! Give us one last chance!

**Lincoln:** "Aw, come on! Seriously?"

**Lisa:** "My decision is final. You cannot talk me out of it."

*[Someone throws a snowball at Lisa.]*

**Lisa:** *[angry]* Alright, who did that?"

Me: Wasn't me.

Varie: Me neither.

*[The Loud kids move away and reveal that it was Lana.]*

**Lana:** "Aw, you finks!"

**Lisa:** "You've poked a bear, my friend."

**Lana:** "Haha. What are you going to do…"

*[Lisa throw a snowball at Lana.]*

**Lisa:** "Huh. That was actually quite satisfying."

*[Lisa makes another snowball.]*

**Lynn:** *[helping Lana up with Lincoln]* "Here, Lana."

Me: Boy, she nailed you.

Varie: She got you good.

**Lincoln:** "Let's help you up."

*[Lisa throws a snowball at Lana again, and the others as well.]*

**Lisa:** "Hey, this is kind of…"

**Laney:** "Fun?"

**Lisa:** "Yes, F-O-N, fun."

Me: Oh it is on!

Varie: Bring it on!

*[The Loud kids are having fun with snowballs.]*

*We have done it! We turned Lisa's thoughts on snow days around.*

---

*[Later at nighttime, Lincoln is blowing hot air at his hot cocoa.]*

**Lisa:** "Hey, Lincoln, Laney, J.D., Varie, Thanks for today. You made a snow day convert out of me."

Me: Anything for our favorite little scientist.

Laney: No problem, Lisa. I'm just glad you had fun with us today.

**Lincoln:** "Me too. Especially since Patchy said back to school tomorrow."

Varie: I don't want this to end. This was too much fun.

*[Lisa gets surprised and smiles.]*

---

*[The next day, me, Varie and the Loud sisters come into Lincoln's room while he is still sleeping.]*

**Lynn:** "Lincoln, wake up! It's a snow day miracle."

**Lincoln:** "Lynn, what are you talking about?"

**Lori:** *[joyful]* "Look outside!"

*[Lincoln looks out the window to see it's another snow day.]*

**Lincoln:** "What in the what? How is this even possible?"

**Lana:** "Oh, my lucky booger worked again!"

**Lisa:** *[imitates buzzer]* "Incorrect. I called some friends at NASA. They pulled a few strings, and a little cloud-seeding later, we have ourselves another snow day."

**Lincoln:** "That is awesome! Thanks, Lisa."

Me: Right on, Lisa!

**Lana:** "Aw, I still think that was you, Lucky B." *[Kisses her booger]*

---

*[Outside, Lincoln is sledding.]*

**Lincoln:** "YEAH!"

*[Suddenly, Lisa blasts snowballs at him and Lincoln crashes into a tree where a pile of snow falls onto him.]*

**Lisa:** *[laughs]* "There's nothing like another whole day of lobbing frozen projectiles. WOO HOO! Snow day!"

---

*[Lana is making another snowman.]*

**Lana:** "Ah. Even better."

*[Suddenly, Lisa starts firing snowballs and makes a hole on Mr. Twig Arms Jr.]*

**Lana:** *[gasps]* "Mr. Twig Arms Jr.!"

**Lisa:** *[laughs]* "Look alive, Lana! Mr. Twig Arms sure doesn't."

[Laney is making snow angels when suddenly a shadow appeared and a big pile of snow falls on her]

Lisa: Heads up!

Laney: [muffled] Arrgh…

---

*Me, Varie and Lily are grinding on lines of ice made by me as I use my water powers to form them. We invented a new sport called ice grinding. Lily was wearing a dark blue coat with black snow pants.*

Me: [To the viewers] In case you're wondering why Lily has my old snow clothes on, I'm letting her wear them for a while until she has her own clothes. Her closet is full of baby clothes and she's too big to fit in them. The only clothes she has in her size are the ones she got during the whole April Fools Travesty.

Varie: YEE-HAW!

Lily: Yeah! Whoo!

But we then are under attack as we see Lisa firing snowballs at us with her tank.

Lisa: Yoo hoo! Go ahead! Snow my day!

Varie: Good shots Lisa!

Me: So that's how you want to play. Bring it on!

Me, Varie and Lily form lots of snow balls with our powers and rain them down on Lisa and she's buried.

Lisa pops out of the pile of snow and she sees that we have vanished. She sees us up in the air.

Me: Prepare to drop snowballs on my mark.

Varie: Right.

Lily: Roger.

We fly over the Loud House.

Me: Now!

Me, Varie and Lily drop snowballs from 50 feet in the air and Lisa gets pelted and buried.

Me, Varie and Lily had performed a successful snowball air strike.

Lily: Lisa had it coming.

[Lynn is riding her sled when suddenly Lisa appears on her own one.]

**Lisa:** "Hey, Lynn!" [busts out a snowball gatling gun] "Say hello to my not-so-little friend." [laughs as she throws snowballs at her sister.] Snow daaaaaaaaaaaaay!

[Lynn falls into Lincoln's fort.]

**Lincoln:** "Dang it."

---

*[Lisa comes by with a bazooka loaded with snow.]*

**Lisa:** "Hey, guys! I want to show you my latest invention: the Ultra Snowzooka! Patent pending." *[Looks around]* "Guys? Where'd they go?"

[Me, Varie and the other siblings are inside the house.]

Laney: Where did it all go wrong! All we wanted to do was show Lisa how fun snow days are!

**Lincoln:** "But now, We've created a monster!"

**Lori:** "At least we're safe in here."

**Lucy:** "Yeah. It's not like she can bring snow inside the house."

Me: [Looks at something and gasps] I wouldn't be so sure! Duck!

*[Lisa shoots snow at them and they yelp at their ambush.]*

**Lisa:** "Behold, my latest *latest* invention! Indoor snow! Patent pending!"

Me: RUN!

*[Lisa starts shooting snowballs and laughs while her siblings run off terrified and me, Varie and Lily form slingshots made of water and we fire Lisa's new snow at her]*

---

*[Lori is hiding in her room's closet.]*

**Lori:** *[to Bobby on her tablet]* "Boo Boo Bear, Lisa is literally out of control." *[pants in fear]*

**Lisa:** *[opens the door]* "On the contrary, I've never felt more *in* control, or more alive!" *[to Bobby]* "She'll have to call you back, Boo Boo Bear."

**Lori:** "I love you."

*[Lisa shoots Lori with snow, but before the snowballs could hit her, Lily flies in and grabs Lori and takes her out of the closet and flies out of the room with her.]*

Lori sees Lily flying with wings made of pure glowing blue water.

Lori: Lily, you can fly?

Lily: Yes, Lori.

Lily then forms her slingshot and fires more snowballs at Lisa. Pelting her.

---

*[Lana is checking outside of her room and runs to the bathroom. In the bathroom, Lisa shoots snow.]*

**Lana:** *[runs out of the bathroom with her dungarees down while screaming.]* "Is nothing sacred?!"

*[Lisa laughs evilly]*

Me: Hey Lisa!

Lisa sees me standing in the doorway of Lincoln's Bedroom.

Me: Don't you know anything about respecting someones privacy?

I form my slingshot and fire snowballs at her.

---

Lincoln and Leni are hiding in the fireplace.

Lincoln: We should be safe under here.

Leni: [holds up a bag of brown nuts] I brought chestnuts for roasting.

Lisa: [Up the chimney] YOO HOO! Here's Jack Frost nipping at your nose!

Lisa points the bazooka down the chimney and shoots snow down it

Lincoln: Aw, shoo!

I use the Force and pull Lincoln and Leni out before the snow could hit them.

Me: Are you two okay?

Lincoln: Yes. Thanks to you J.D.

*[Lucy is hiding in the vent.]*

**Lucy:** "That maniac will never find me here."

**Lynn:** *[Shows up]* "Mind if I join you?"

**Lucy:** "It's pretty crowded up here with me and the spirits. But I think there's room next to Great Grandma Harriet."

**Lynn:** *[sits next to her sister]* "Phew! Oh, safe at last!"

*[A giant snowball is rolling towards Lynn and Lucy. They panic and run away from it.]*

**Lynn:** "Move it, Grandma!"

Varie pulls the grate off the vent and Lynn and Lucy got out.

Lynn: Whew! Thanks Varie.

Varie: No Problem.

*[In Laney's room, Laney was hiding under her bed]*

Laney: Okay. Lisa can't find me. I'll just hide here until spring… [Just then, Lisa enters the room with her snow-zooka]

Lisa: [Ominous Voice] Laaaaaaaney… Come out and plaaaay. [Laney was petrified and tried not to make a sound. Lisa walks around Laney and Lucy's Bunk. She looks around, shrugs, then leaves]

Laney: Whew… [She turns around and Lisa's snow-zooka was pointed at her face]

Lisa: Peek-a-boo!

But before Lisa fired a ball of water enveloped Laney and phased through the floor and she disappeared as Lisa fired. Laney appeared in the kitchen and she sees Varie.

The ball of water vanished and Laney was a little wet.

Laney: Whew! Thanks Varie.

Varie: You're welcome, Laney.

Laney: How did you get me into the kitchen?

Varie: I have a unique power called Water Intangibility. It allows me to go through any object, the walls, ceiling or floor unharmed. I can also do this to other people.

Laney: Very clever.

*[Later at night, Me, Varie the Loud kids are at the living room and wish to end snow days.]*

**Lucy:** "Oh, spirit in the sky. End this madness."

**Lori:** *[fingers crossed]* "Please, please. No more snow!"

**Luan:** *[arms and legs crossed]* "Yeah, I can't take another day of this."

Laney: [shivering, with a blanket wrapped around her] I'm ready for Spring now…

**Lily:** No more snow days. Please.

**Lola:** "How do you reverse a rabbit's foot?"

Me: I don't think it works that way, Lola.

**Lana:** "Lucky B, You've gone too far!"

**Luna:** "Dudes! It's on!"

**Patchy Drizzle:** "Well, no one saw this coming but it looks like we're in for another foot of snow tonight! And that's gonna mean…

*[The Loud kids gasp.]*

**Patchy Drizzle:**… School closings!'

*[The Loud kids groan sadly.]*

*Varie: Oh no!*

**Lisa:** "YESSS! Thank you, NASA! You punks ready for tomorrow? 'Cause my snow powered tank sure is!" *[clicks a button]*

*[Outside, the tank sends more snow.]*

**Lisa's Siblings:** "NOOOOO!"

**Lincoln:** "Lisa, please, enough! You have to call off the snow day."

**Lisa:** "Sorry, bub. Cloud-seeding isn't exactly reversible."

**Laney:** "Then use your special salt!"

**Lisa:** "But I'm really looking forward to another snow day. You guys convinced me, they are F-O-N, fun!"

**Lincoln:** "I think we've had enough fun" *[The sisters beg Lisa to call off the snow day.]*

**Leni:** "Please! We gotta go back to school!"

**Luan:** "Bring on the learning!"

Me: I think we've all had enough snow days for a while.

Varie: Yeah but we all had a lot of fun.

Lily: I agree. This is my first ever snow day as a 10-year-old and I got to have a lot of fun.

Lincoln: I'm glad you had a lot of fun Lily.

**Lisa:** "Well, I'm quite crestfallen. But if that is the consensus, I'll submit to the will of the majority."

**Leni:** "So… going back to school?"

*[Lisa nods and me, Varie the sisters cheer.]*

**Leni:** "S-K-O-O-L! S-K-O-O-L!"

**Lincoln:** "Thanks, Lis."

**Lisa:** "No problem, Lincoln. Best get ready for bed. School day tomorrow."

---

*[The next morning, Lisa is sitting in her tank, which now shoots the salt.]*

**Lisa:** *[to the viewers]* "Well, Houston, mission accomplished. My master plan was a major success. I'm pretty sure my siblings won't be wanting anymore snow days." *[rises out of the tank]* "And now that I've repurposed my snow tank to a salt-spraying, snow-melting de-icer, it's time for some real F-U-N, spelled correctly, I might add."

*[Lisa makes the tank move forward and spray salt as me, Varie and her siblings follow her.]*

**Lisa's sisters:** "School day! School day! School day!"

**Lincoln:** *[to the viewers; confused]* "Wait. What just happened? "

Laney: I don't know, but I'm glad it's over.

Me: Me too.

Varie: Same here.

THE END

Snow days are fun but only when recommended because of the weather.

# The Woodpecker Friend

Today I want to do something different. I'm going to do a crossover with the Loud House and Woody Woodpecker. Woody Woodpecker will be a new addition to the show and my stories. Enjoy.

The Loud House - 12:00 PM

Me, Varie, and the Loud Kids are firing dart blasters at Lynn Sr. and Rita in the backyard.

Me: We're gonna get you guys!

We were hiding behind a barrier made of bramble vines from Laney's Plant Powers. We were firing a hail of rubber darts.

Lynn Sr.: Oh you missed me!

Me: Lori, Lily, fly above and let them have it.

Lily: Good flanking maneuver.

Lori: Got it.

Lori and Lily spread their wings and flew above Lynn Sr. and Rita and fired darts at them.

Lynn Sr.: Hey, that's not fair!

Me: Tell it to yo mama, Mr. Lynn! [Fires more darts]

Varie: There are no rules in war. [Fires Darts]

Then our games was interrupted by the sounds of sobbing and crying.

Me: Do you guys hear that?

Varie: Sounds like someone's crying.

Rita: It's coming from the front yard.

Lincoln: Lets go check it out.

We all go to the front yard and we find an unusual sight.

It was famous cartoon star legend Woody Woodpecker crying and sitting by the sidewalk.

Me: (Gasp) [In excitement] Woody Woodpecker!? What are you doing all the way out here?

Woody: Oh hello. I was made homeless 2 months ago because of my stupid next door neighbors Wally Walrus and Ms. Meany.

Lincoln: You were kicked out of your own house!? Why would they do that?

Woody: They said I was a total menace to them and… [Crying] They teamed up and kicked me out of my home and my town!

Lola: Those dirtbags!

Lana: We watch your show all the time and they threw you out like garbage?! That is completely disgraceful!

Me: I've known you and your show for years Woody and that is totally barbaric the way they treated you.

Varie: I agree.

Me: We're gonna help you. You can live here now if that's all right with all of you guys.

Lynn Sr.: That's fine with us.

Rita: You can live here Woody.

Me: By the way we never introduced ourselves. I'm James Knudson but call me J.D.

Varie: I'm Varie. J.D.'s Fiance.

Me: The marriage won't be official until we reach our mid 20's.

Lynn Sr.: I'm Lynn Loud Sr. and this is my lovely wife Rita.

Rita: Hello.

Lynn Sr.: These are all our lovely and wonderful children.

Lori: I'm Lori, The eldest. I'm 17 years old and I like texting on my phone.

Leni: I'm Leni. I'm 16 years old and I like fashions.

Luna: I'm Luna. I'm 15 years old. It's a Rockin' honor to meet you dude. I'm the rock star.

Luan: I'm Luan. I'm 14 years old. I'm the jokester of the family.

Lynn: I'm Lynn Jr. But call me Lynn. I'm 13 Years old and I'm the Sports Master.

Lincoln: I'm Lincoln. I'm 11 years old and I'm the only son.

Lucy: I'm Lucy. I'm 8 years old and I like the darkness.

Laney: I'm Laney. I'm 7 years old and I'm the Artist.

Lana: I'm Lana. I'm 6 years old and I'm the handyman.

Lola: I'm Lola. I'm 6 years old and I'm the Beauty Pageant Queen.

Lana & Lola: We're twins.

Lisa: I'm Lisa. It's a pleasure to make your acquaintance. I'm 4 years old and I'm the Scientist.

Lily: And I'm Lily Loud. Biologically I'm 15 months old but I look like I'm 10 years old because of special circumstances.

Woody: Well it's a pleasure to meet you all. Thank you for taking me in.

Me: No problem.

We got to work and built a nice treehouse in the front yard tree. It was an exact duplicate of Woody's old house in where he used to live. But with a bunch of added features. Lana has finished setting up all the internal and external plumbing.

Lana: There you go Woody. Plumbing's all set. But go easy on her first. No heavy meals. Kitchen sink and dishwasher is all set.

Woody: Thanks Lana. You're quite the handyman.

Lana: Thanks Woody.

Me: What do you say we call Wally and Meanie and rub it in their faces?

Woody: Count me in.

I set up my laptop computer in the living room and video call Wally.

At Wally Walrus's house in Indianapolis, Indiana, he heard the telephone ring and he picked it up.

Wally: (Swedish Accent) Hello?

But he saw a video call coming in.

Wally: Oh It's a video call. I've never got one of these before.

He answers it and It was me, Varie and the Loud Kids on the screen.

Me: Hello there. Wally Walrus. I've heard alot about you.

Wally: Well, J.D Knudson. I've heard alot about you. You won that huge multi-billion dollar jackpot in the Colorado Lottery, Ja?

Me: Nice to know that news of our wealth has traveled across the country. But we didn't call you to tell you that I have more money than you. It's not my style, Wally.

Wally: Well, What did you call me for?

Me: It concerns a certain woodpecker former neighbor of yours that use to live next door to you and Ms. Meanie.

Ms. Meanie then appeared into the room with Wally

Wally: WOODPECKER!? We kicked him out and we don't want him back!

Ms. Meanie: We're glad he's gone and we don't want him back in our lives ever!

Me: Try telling that to his face.

Woody comes in and sits in between Lana and Lola.

Woody: Hiya Wally, Meanie. I now have a new home and new friends.

Woody does his trademark laugh.

Me, Varie and the Loud Kids all do the eyelid pull taunt at Wally and Meanie.

Wally and Meanie: WOODPECKER!

Ms. Meanie: We will find you and pulverize you!

Me: Good luck with that you clods! You want to get to him, you got to get through us first!

Varie: And that won't be easy.

Me, Varie, The Loud Kids and Woody all blow raspberries at them and the call ended.

Me: What a dope.

Woody: You said it and I have a feeling that this is the beginning of a beautiful friendship with all of you guys.

Me: You said it.

We all did Woody's trademark laugh.

THE END.

Another fanfiction completed.

I wanted to add Woody Woodpecker to the series to show love and support and fandom to the Woody Woodpecker Show. One of my favorite shows that I've known since I was a kid.

Until next time this is J.D. signing off.

Woody Woodpecker is owned by Walter Lantz.

# The Windy Catfight

I wanted to do an original episode centered mostly around Lori and her rival Carol Pingrey. But this will be an action packed episode.

Me, Lincoln and Lily were playing video games in the living room and Varie and Laney were reading books when the door flew open and in came Lori, crying her eyes out.

Me, Lincoln and Lily grow concerned.

Me: Lori, what's wrong?

Lincoln: Lori, are you alright?

Lori: No I'm not alright! Just leave me alone!

She runs up to her room crying hard.

Me: I wonder what happened.

Woody Woodpecker came in.

Woody: J.D. I saw Lori running home as she was crying. What has her so upset?

Me: I don't know Woody. But we got to find out.

We went upstairs and found Leni, Luna, Luan, Lynn, Lucy, Lana & Lola and Lisa standing in the hallway.

Me: What's going on girls?

Luna: Lori and Carol had a nasty fight and Lori got hurt bad.

Me: Carol did this to her?! What is wrong with that girl?

Woody: Who's Carol?

Varie: Her name is Carol Pingrey and she and Lori hate eachother with a terrible vendetta.

Lola: Lori and Carol used to be best friends a while back.

Lana: But they started showing an extremely fierce rivalry about 2 years ago.

Me: I go to school with Lori and Carol and I've seen them both fight intensly. It gets really fierce. Carol has been better than Lori at everything.

Woody: Oh man. That's not a rivalry. That's a violent feud.

Leni: Yeah. But Lori looks like shes been mugged.

Me: Let us go talk to her.

Me, Varie, Lincoln, Laney, Lily and Woody open the door to Lori and Leni's room.

Varie: Lori? Are you alright.

Lori was still crying.

Lincoln: We were told everything and you can't let this go.

Me: Lori, you can't let Carol get away with hurting you like this.

Lori: [Crying] No matter what I do, Carol will always be better than me at everything!

Me, Varie and Lincoln sit with her on her bed and Woody, Laney and Lily sit on the floor.

Varie: Lori, you know that's not true.

Lincoln: Yeah, Lori. You're great at lots of things.

We see that Lori has some bruises and cuts and a black eye.

Varie: These injuries are bad. I can't believe Carol did all this to you.

Varie starts healing Lori.

Lily: She went from rival to a heartless sociopath.

Lincoln: What's a sociopath?

Me: It's someone that can't feel empathy, remorse or guilt. They do terrible things and don't care who it hurts.

Lincoln: That's terrible.

Varie: Lori you are the strongest person in this household both physically and mentally.

Laney: Also there's 5 things you have that Carol never will have.

Lori: [Calms Down] Like what?

Lincoln: 1) You've got 10 sisters and 1 brother that are always here for you.

Me: Carol doesn't have any siblings.

Varie: 2) You've got alot of best friends and a great boyfriend.

Lincoln: Bobby is like my big brother too.

Me: Carol only has popularity and that doesn't give you true friendship.

Laney: 3) You also have superpowers like me, Lily, J.D. and Varie.

Woody: Whoa! I didn't know you have superpowers.

Lily: It's a long story Woody.

Me: Carol doesn't even know what Lori is really capable of with superpowers.

Lily: 4) You have the love and support of everyone who cares about you.

Me: Carol will never experience what true love is all about.

Varie: And a true friend never hurts another friend and by the extent of these injuries I can tell that this was personal.

Me: Yeah. And the most powerful thing she'll never have is the drive and deterimination to protect everyone who they feel is precious to them.

Laney: That's right. A Heart of Darkness can never understand true love, friendship, compassion or remorse.

Lori feels better and decides that enough was enough.

Lori: You're right guys. I've been so worried about what I could be best at that I stopped believing in myself. Now I want to show Carol that I am strong and better at everything than her.

Me: That's the spirit, Lori!

Laney: Show her what you're made of!

Lincoln: We're with you all the way!

Lori then had eyes of determination.

Lori: Lets show that viper Carol that I am stronger than her.

In the park the next day, Carol was sitting on a park bench quite proud of herself for how she thrashed Lori. When she heard Lori call out to her.

Lori: Carol!

Carol saw Lori and she was ready to fight.

Carol: Well, well. Hello Lori. Haven't had enough I see.

Lori: You've humiliated me for the last time. I will now prove to you that I am stronger and better than you.

Carol: Yeah right. I have always been better than you.

Lori: True but I have something that you don't.

Carol: Oh yeah? What?

Lori: This.

Lori spread her blue angel wings and had mini tornadoes in her hands.

Carol: [Gasp] Lori what happened to you?

Lori: I've been given a gift and I have another thing you'll never have.

Carol: What?

Me, Varie, Laney, Lincoln, Lily and Woody arrive.

Me: You'll never have true friendship.

Varie: Or true love.

Lincoln: Or brothers and sisters.

Laney: Or true compassion.

Laney then floats in the air and vines grow from her hand and become a baton.

Lily: Or a loving family and the Drive and Determination to protect everyone you love.

Lily spreads her water wings and water spirals around her arms.

Woody: All you care about is no one but yourself and that is the sign of a truly worthless human being.

Lori: Get ready Carol. It's payback time.

Carol was enraged and she charged at Lori intending to kill her. But Lori punched her in the face and threw a ball of wind at her. It blew her into a nearby tree and she hit it and as she got up, Laney called a bunch of squirrels, chipmunks, and rabbits and they threw nuts and rocks at Carol. Laney then called a Round of Robins and they went after Carol like a bunch of divebombers and pecked her. Laney quickly called a bunch of skunks and they sprayed Carol and she screamed so loud that it could be heard all across the galaxy as the scene transitioned out of the Milky Way. It went back to the fight. Carol was drenched in skunk oil.

Varie: Here, Let me clean you up.

Varie then fired a torrent of water that smelled like raw sewage and it drenched Carol. Laney entangled Carol in some poison ivy vines and Carol was itching like crazy. Chrysanthemum flowers grew on the vines and Carol saw them.

Carol: I'm allergic to chrysanthemums! [Sneezing uncontrolably]

Laney let go and Lori fired a blast of arctic wind at Carol and Lily fired a torrent of glowing blue water and it froze Carol in a big block of glowing blue ice.

Me: Now that is a Frozen Defeat. [Rimshot] [Lori, Varie, Lincoln, Laney, Lily and Woody laughed]

Lincoln: Boy, we sure showed her.

Me: We sure did buddy.

Woody pecked the ice block and cracked it open and freed Carol and she was shivering.

Carol: I HATE YOU ALL!

Lori: Love is stronger than hate Carol.

Lincoln: You've brought all this on yourself Carol.

Me: You've had this coming for a long time Carol. Lori is a much better person than you ever will be.

Varie: Good riddence to bad rubbish.

Lori: Good-bye Carol Pingrey. Never come near me and my family again.

A woman then came to the site of the fight and it was my teacher

Mrs. Harrington.

Me: Mrs. Harrington. Small world huh.

Mrs. Harrington: Indeed J.D. I saw and heard everything. You all were fantastic. Lori, I'm very sorry. Carol cheated in the ranks for homecoming queen and I hereby name you Homecoming Queen of The Year.

Lori: Thank you Mrs. Harrington.

Mrs. Harrington: You're welcome. As for you Carol. You are going to be in alot of trouble when school starts next monday. Go to the principals office at the start of school.

Carol: [Defeated] Yes, Mrs. Harrington.

Mrs. Harrington: I'll see you next week J.D., Varie and Lori.

Me: Okay, Mrs. Harrington. Test 1st thing tomorrow, right?

Mrs. Harrington: You got it. But Lori, how did you get those wind powers?

Laney: Lori got them because of the Winds of Ga-oh, the Wind Spirit from Iroquois Myth.

Lincoln: Me and my family are 40% Iroquois in our ancestry.

Mrs. Harrington gasped.

Mrs. Harrington: So the legend is real. I've heard of the Winds of Ga-oh from members of my tribe.

Varie: I didn't know you're an Iroquois, Mrs. Harrington.

Me: Me neither.

Mrs. Harrington: Yes. My people have lots of history. Lori, you have been given a great gift and may you have the blessings, strength and knowledge of our people.

Lori: Thanks Mrs. Harrington. See you next week.

Varie: Same here, Mrs. Harrington.

Me, Varie, Lori, Lincoln, Laney, Lily, and Woody left the park and went back home.

As we sat down at dinner, and Lori explained what happened with Carol.

Lori: And then Carol got sent to the principals office first thing on Monday and Mrs. Harrington knew about the legend of the Winds of Ga-oh and gave me the blessings of the Iroquois.

Lynn Sr.: Well it sounds like Carol got what's coming to her.

Me: Yeah. Lynn, you've heard of that saying "Cheaters Never Prosper" right?

Lynn: I've known that saying for a long time, J.D. I may love sports but I never cheat.

Varie: That's good.

Lori: J.D., Varie, Lincoln, Laney, Lily, Woody, I can't thank you enough for everything you did for me.

Me: It's no problem, Lori. That's what friends and siblings do. They look out for eachother.

Laney: You would've done the same for us, Lori.

Woody: Friends are always there when you need them.

Woody then did his trademark laugh.

Lily: You said it Woody.

Rita: It sound's like you've all had quite an inspirational day.

Me: We sure did Ms. Rita.

The screen Irised In.

Carol Pingrey was suspended from school for three weeks and was banned from all social media web sites. She was also ordered to do some community service.

THE END

Another Fanfiction completed.

I noticed that Carol Pingrey had not been getting much attention in the show so I decided to do an original episode where Lori gets retribution on her for being better than her. I wanted to make it an action packed fight episode loaded with lots of inspiration.

The Moral of this story is that friends and brothers and sisters are always there to help you no matter what.

# Toads and Tiaras

It starts with Lincoln and Lola practicing for something.

[Lola is showing her posture.]

**Lincoln:** [on a megaphone] "Good. And turn…" [Lola turns to the viewers.] "… and wave." [Lola waves to the viewers.]"More teeth." [Lola gives an oversized grin.] "Less teeth." [Lola turns it down a bit with a nice pearly white smile.]"Excellent! Keep it up!" [wearing a headband that says "GO LOLA!" on it.]

Me and Varie walk to the Loud House and we see Lincoln helping Lola.

Me: Hey, Lincoln.

Lincoln: Hey J.D, Varie. You might be wondering why I'm helping Lola practice for a beauty contest. Well, tomorrow is the Little Miss Prim and Perfect Pageant, and the winner gets the greatest prize ever: two season passes to Dairyland A-Moo-sement Park! That's one for Lola and one for coach. I've been working my butt off all week to make sure she wins."

[A montage shows Lincoln prepping up Lola. First, he applies blush onto her face.]

**Lola:** "AHCHOO!"

[Her sneeze gets glitter all over Lincoln. Second, she spits out her two front teeth retainer for Lincoln to brush.]

**Lincoln:** [grossed out] "Oh… oh, Gah!"

[He starts brushing. Third, he irons her dress with his left hand, brushes her hair with his right, and paints her nails with his right foot as she lays in bed in a robe, with cucumbers on her eyes and white bunny slippers. End montage. Lincoln uses a lint catcher as Lola poses.]

**Lincoln:** "It's been a long, hard road. But once we get to Dairyland, it'll all be worth it."

Me: Boy it sounds like you've been busy.

Varie: I have a feeling that it will all pay off.

Me: I've never been to Dairyland before. It sounds like a really fun place.

Varie: Me neither.

[A frog passes by, and Lana is chasing it.]

**Lana:** "Get back here, Hops!"

[Lana passes by Lincoln and Lola, unknowingly splashing mud onto them. Lincoln quickly raises Lola to prevent her from getting dirty, causing him to get covered completely in mud. He lowers Lola, as she looks back at Lincoln.]

**Lincoln:** "Lana, watch out! Do you know how hard it is to steam clean chiffon?"

**Lana:** "Blah blah blah blah blah." [goes back in the house.]

**Lincoln:** [wiping off the mud and reading a book.] "Okay, Lola, let's move onto your walk. Remember what Gil DeLily says in his best-selling book: " **Unlocking Your Inner Pageant Queen** ", **To win the day, you must sashay.** "

**Lola:** "I know how to walk, Lincoln.

[As she practices her walk, Lincoln notices a loose bottle of hairspray on the ground.]

Me: Uh-oh!

[Lola steps and slips and the rest of the scene plays in slow motion.]

**Lincoln:** "NOOOOOOOOOOOOOOOO!" [tries to save Lola but is too late.]

Lola lands on the ground with a nasty thud.

Me: (Winces) OOOHH! That's gonna leave a mark!

Lola starts crying and Varie takes her inside and places her on the sofa.

Rita comes into the living rooms and she sees Lola crying.

Rita: What happened?

Varie: Lola slipped after stepping on a can of hairspray and she hit the concrete.

Lola: [Crying in pain] It hurts!

Varie: What hurts, Lola?

Lola: My arm and leg!

Varie looks at her left arm and right leg and they are purple and swollen.

Varie: Oh yeah. They're broken. This should make the swelling go down.

Varie used her water powers and made the swelling go down.

Me: Ms. Rita can you go get the first aid kit?

Rita: Sure. Varie are you a nurse?

Varie: No but I want to become one. I've been taking lessons from Lisa.

Rita: You definitely know what you're doing.

Me: Lisa, can you bring your X-Ray machine?

Lisa came with her X-Ray machine and took a picture of Lola's arm and leg.

Lisa: [Looks at the X-Ray] It appears to be a hairline fracture in the left ulna of the arm and the right fibula of the leg. She'll have to rest for 3 weeks.

Varie: Thank you Lisa.

Rita comes back with the first aid kit and Varie wraps Lolas arm and leg in a cast and takes her up to her room and put her leg in a sling.

Varie: Now you get plenty of rest Lola. Those bones need to heal.

Lola: [Sniffles] Thanks Varie.

Varie: Anytime, Lola.

Me: I know of a good solution.

I pull out a special remote control.

Me: This is a call buzzer, Lola. Now if you need anything just push this red button.

I press it and it makes a shrill buzz.

Me: It can be heard anywhere in the house and Mr. Lynn, Ms. Rita or one of your sisters will come to you.

Lola: Thanks J.D.

Me: You're welcome little princess.

---

[Lola is now severely injured and resting in bed.]

**Lincoln:** "Okay, minor setback. We can still win this thing."

**Lola:** "Wake up and smell the hairspray, Lincoln. It's over!"

**Lincoln:** [desperate] "You can't just quit! We worked hard on this!"

**Lola:** "There will be other pageants, you know."

**Lincoln:** [forlorn] "But not with Dairyland tickets."

**Lola:** "Lincoln, I need my beauty rest. As your pal, Gil DeLily would say, **I can't recover if you're going to hover.** "

[Lincoln is gathering up all of the pageant supplies.]

**Lincoln:** "I can't believe I learned to French Braid for nothing."

Me: I'm sorry, Lincoln.

Varie: But Lola's gonna be okay.

[Lana picks up the practice tiara.]

**Lana:** "Hey, Lincoln. You done with this? I could use the scrap metal for welding."

[Lincoln takes a look at Lana, gasps with inspiration, and switches her cap out with the tiara. A heavenly image with four comic strip characters as angels tooting horns appears as a choir sings.]

**Choir:** " **HALLELUJAH!** "

[Lincoln looks on with hope in his eyes.]

**Lana:** "Uh… why are you looking at me like that?"

**Lincoln:** "Lana, how would you like a season pass to Dairyland?"

[The same heavenly background appears again with Lana gasping with joy.]

**Choir:** " **HALLELUJAH!** "

**Lana:** [fighting the temptation] "Don't toy with me, Lincoln!"

Me: [In my head] Oh I see what he's gonna do.

**Lincoln:** "I'm not! All you have to do is one teensy, tiny, little thing."

**Lana:** [desperate] "What is it? I'll do anything!"

**Lincoln:** "You just have to take Lola's place in the Little Miss Prim and Perfect Pageant and win."

**Lana:** [nauseated] "Are you kidding me?! Bleh! Do you know who you're talking to?"

**Lincoln:** [determined] "Someone who's going to love Dairyland's newest ride…" [shows a pamphlet of the ride] "… the Milk Shaker. It's so fast, you can barf, fly around a loop, and get hit in the face with said barf."

Me: Whoa! That's like a NASA Gravity Simulator Centrifuge.

**Lana:** [giving in] "Darn you, Lincoln! I am in!" [worried with realization] "But wait. What if Lola finds out? You know what she's capable of."

[An image of Lola looking on demonically with hellfire in the background is shown as a Satanic cultist choir chants. Me, Varie, Lincoln and Lana shudder with terror.]

Me: [Gulps in terror] She will kill us if she finds out.

**Lincoln:** "She won't find out. I promise."

[They shake on it with Lana getting mud on Lincoln's hand.]

**Lincoln:** "Bleh. First off, we gotta clean you up. **Dirt on your face gets you last place.** "

---

[Lincoln sneaks into the twins' room and takes out one of Lola's dresses. She wakes up.]

**Lola:** "What are you doing with that?!"

**Lincoln:** [nervous] "Oh, this?" [chuckles] "Just, uh… getting it dry cleaned. You keep healing, sunshine."

[Lincoln leaves and Lola looks on still suspicious. Lana is now wearing the dress.]

**Lana:** "What is this weird sparkly towel?"

**Lincoln:** "It's called a dress, Lana. Now, hold still while I work my magic." [sprays and combs Lana's hair.]

**Lana:** "Ugh! It smells like princess farts!"

Me: It's supposed to smell like that, Lana.

[The spray makes its way over to the twins' room. Lola smells it and heads to the bathroom with a sinister look on her face. She barges in and finds Lincoln with his shirt off and spraying his armpits with the spray.]

**Lincoln:** "Oh, hey, Lola! Your hairspray makes a great deodorant. It really covers up that musky man smell."

**Lola:** "Hmm…" [leaves]

[Lincoln and Lana sigh with relief.]

Varie: Whew. That was a close one.

**Lincoln:** "Help me get my arms unstuck."

**Lana:** "You're gonna feel some slight discomfort and…"

[Lana rips Lincoln's arms apart from their pits which makes him scream in agony.]

Me: [Winces] Ooh! Ouch!

Varie: Yikes!

---

[Lincoln's room]

Laney, Lily and Woody are with us.

Laney: I don't know about this guys. If Lola finds out she will destroy us.

Woody: Yeah, Lola has a fiery temper.

**Lincoln:** "Don't worry. She won't find out. Time to work on what Gil DeLily calls the Three W's: **Walk, Wave, and Work it** ."

[Lana walks and waves with a smile.]

**Lincoln:** "Okay, we're walking, we're waving… but we're just not working it."

[Lana tries posing attractively, but some tools fall out of her dress.]

**Lincoln:** "Tools in your dress? Seriously?"

**Lana:** "Handyman's code, Lincoln. Always be prepared."

Varie: That's true. And a good doctor must know exactly what to do as well.

**Lincoln:** "You are not a handyman! You are a pageant queen!"

[A snow shovel pours out of Lana's dress and Lincoln looks at her disappointed.]

**Lana:** "What? It's supposed to snow tonight!"

Me: She's right. I can feel it.

[Lincoln facepalms. Now they're rehearsing the Q&A portion of the pageant.]

**Lincoln:** [using a hairbrush for a mic] "Lola, what can a six-year-old do to make the world a better place?"

**Lana:** "Um…" [starts scratching her butt]

**Lincoln:** "Lana, you can't scratch your butt!"

**Lana:** "What? It helps me think!"

**Lincoln:** "Well, knock it off! **Those who scratch lose the match** ."

[The talent portion]

**Lincoln:** "Okay, talent portion. Whatcha got?"

[Lana plays a ditty with her armpit.]

Me and Varie laugh.

Me: Good one Lana.

**Lincoln:** "Impressive, but I'm gonna pass." [pulls out something from his supplies.] "How about a ribbon dance? It shows elegance and poise."

**Lana:** [reluctant] "Excuse me while I go barf."

**Lincoln:** "Lana, I'm busting my hump trying to turn you into a pageant queen, and all I'm getting is lip. Do you want those Dairyland tickets or not?"

**Lana:** "Okay, okay, you're right!"

**Lincoln:** "As Gil says, **She who gives 'tude-** "

**Lana:** [slaps the book out of his hand.] "I ALREADY AGREED!"

[A training montage commences. Lincoln performs a perfect ribbon dance, but Lana gets tied up in her ribbon. He teaches her how to curtsy, and she lifts her dress up too high. He shows her how to walk elegantly, and she gets the hang of it but trips and regains her composure. She masters curtsying, the three W's, and the ribbon dance. Lincoln is so moved at her improvement and the toys all give her a perfect score.]

**Lincoln:** "Whoo-hoo! Lana, look at you! You've done it! You're prim and perfect."

**Lana:** "I never thought I'd say it, but this feels pretty good. I don't even mind the sparkly towel."

**Me, Varie, Laney, Lily, Woody, Lincoln and Lana:** "DAIRYLAND, HERE WE COME!"

---

[The next day at the pageant, Me, Varie, Laney, Lily, Woody, Lincoln and Lana arrive and Lana is a little worried about the competition.]

**Lana:** "Whoa. Look at those girls! They're all so clean and sparkly."

Varie: They are so cute.

**Lincoln:** "Well, so are you. You're as good as any of them!"

[A cameraman walks by.]

Me: Wow. It's gonna be broadcasted? Neat.

**Lincoln:** "I didn't know this was going to be on TV. Good thing we don't get the Princess Channel."

[Unfortunately, Mr. Loud has just ordered the Princess Channel so that Lola can watch the pageant and is treating her with milk and cookies to make her feel better.]

**Lola:** [sweetly grateful] "Thanks for getting me the Princess Channel, daddy!"

**Lynn Sr.:** "No problem, sweetie. It was either that or the Sports Channel. And who needs that, huh?" [walks off lamenting]

[The pageant starts]

**Donnie:** "Welcome to the Little Miss Prim and Perfect Pageant! I'm your host, Donnie Dufresne. Let's meet America's junior sweethearts. Hailing from Royal Woods, Miss Lola Loud!"

[Lana waves. Lola spits out her milk in shock and gasps.]

**Lola:** "What is going on?!"

**Lana:** "I'd like to thank my coach and brother, Lincoln!"

[Lincoln waves to her and the camera.]

**Lola:** [furious] "Lincoln! I should have known!"

**Lana:** "And I just want to say it is great to be here!" [belches] "Sorry you were downwind of that, Donnie." [nudges Donnie's arm]

**Lola:** "THEY'RE RUINING ME! AND THEY WILL PAY!" [lividly limps off to the pageant.]

**Lynn Sr.:** [changing the channel order] "WOO! Sports Channel, here I come!"

---

In the audience chairs I sense something.

Me: [Gasp] I sense a disturbance in the Force!

Varie: What is it?

Laney: Oh no! Has Lola found out?

Me: Yes, she has.

Woody: Oh boy. Here comes trouble.

Lily: Oh no. We got to get Lincoln out of here.

[Lana has finished up her introduction and heads backstage.]

**Lincoln:** "Lana, what were you thinking? Remember what Gil says, **If you belch on stage, the judges will rage.** "

**Lana:** "Gil actually has a rhyme for that?"

**Lincoln:** "That's why he's a pageant powerhouse. Now, the evening gown competition is next. If we wanna win those tickets, we cannot afford anymore slip-ups."

[Lana nods in agreement. As she performs her evening gown, she steps on a loose floorboard and stops.]

**Lana:** "Whoa. Hang on, everybody! Loose floorboard!" [takes out her hammer and nails it back into place.] "That'll hold. Carry on!"

[Her opponents condescendingly giggle at her handyman skills.]

**Lincoln:** "Lana! What was that?! We talked about the tools!"

**Lana:** "I couldn't help it! Fixing stuff is what I do!"

**Lincoln: "** You're supposed to be prim and perfect! Now, do you want to go to Dairyland and get hit in the face with your own barf or not? I know you can do this. The interview is next. Go out there and nail it!" [Lana takes out her hammer.] "Not with that."

[The interview portion]

**Donnie:** "Lola, what can six-year-olds do to eliminate the national debt."

**Lana:** "Um…" [prepares to scratch her butt to think.]

**Lincoln:** [frantic] "No, no, no, no, no, no, no, no, no, no!"

[Fortunately, Lana controls herself.]

**Lana:** "Plenty, Donnie. Just because we're six doesn't mean we can't make a difference."

[The audience applauds. Just then, Hops hops out of Lana's dress.]

**Lana:** "OH! HOPS!"

[The frog lands on the judge's desk and Lana lunges at him to get him back, causing a ruckus. Lola has made her way to the pageant hall still enraged.]

**Lincoln:** "Lana, what is the problem? We went over everything in Gil's book, and the companion DVD, and the podcast! How are you still not getting it?"

**Lana:** "I'm sorry, Lincoln. No matter what I do, I can't be prim and perfect like these girls. Maybe there's something wrong with me." [starts to feel bad about herself to the point where she'll cry.]

[Hops hops on top of her and looks on at Lincoln, ashamed of his behavior and intention. Lincoln realizes his follies.]

**Lincoln:** "Lana! Wait. There's nothing wrong with you. I'm the one who messed up. I got so caught up in winning those tickets, I turned into Gil DeLily… who, when you stop to think about it, probably needs to get a life."

**Lana:** "Yeah, but still, why can't I be like them?"

Me: Now's our chance to warn Lincoln. Come on.

Me, Varie, Laney, Woody and Lily sneak into the backstage.

**Lincoln:** "Because you're you. You're messy and muddy and keep a lot of reptiles in your pants. But that's what makes you awesome. And I was crazy to try and change you."

**Lana:** [hugs her brother in forgiveness] "Aw… thanks, Lincoln."

**Donnie:** "Ladies and gentlemen, Miss Lola Loud and her fabulous ribbon dance!"

**Lana:** "Well, that's me. I'll do my best."

**Lincoln:** "Forget the ribbon dance. Why don't you go do your own talent?"

**Lana:** "Really? Okay, but we can kiss those Dairyland tickets goodbye."

**Lincoln:** "I don't care about them anymore. Go be yourself."

[Lana takes off her prim and perfect outfit and returns to her own appearance, ready to take the stage.

Me, Varie, Laney, Woody and Lily arrive.

Me: Lincoln you're in grave danger. Lola is coming.

Lincoln: What? How do you know.

Me: The Force told me.

[Lola barges in and looks for Lincoln. Lana is on stage with Hops.]

**Lana:** "Yo, Hops! Give me a bassline!"

[Hops starts croaking and Lana starts doing a little jam while snapping her fingers, doing fart noises and scratching her butt.]

Varie: Come on, we got to get out of here Lincoln.

Lincoln: But I can't leave Lana. She's my sister.

But it was too late.

**Lola:** [grabs him and holds Lincoln against the wall with her crutch.] "AND THIS IS YOUR OTHER SISTER!"

**Lincoln:** "Wait! It's my fault, not Lana's! It was all my idea!"

[Lana finishes her talent act and the crowd goes wild.]

**Lola:** "I have worked four years to build my pageant reputation! AND YOU JUST RUINED IT!"

Laney: Lola, calm down.

**Lincoln:** "Lola! Listen!"

**Donnie:** "And the winner is… Lola Loud!"

**Lincoln:** "Whoo-hoo!"

[Lola smiles in amazement. Lana comes in with the victory tiara on her head and sees her twin.]

**Lana:** [gasps] "Lola! I'm so sorry I pretended to be you! Please don't be mad at me!"

**Lola:** "I don't like what you did, but you did win. And I respect a winner."

[Lana hugs her in relief.]

**Lana:** [takes the tiara off] "I think this belongs to you."

**Lola:** "No. You earned it. You both did. And the Dairyland tickets."

[Lincoln and Lana both look on in awe at Lola's magnanimous gesture with the heavenly image once again accompanying this triumph.]

**Choir:** " **HALLELUJAH! HALLELUJAH!** "

**Me, Varie, Laney, Lily, Woody, Lincoln and Lana:** [hug each other] "WE'RE GOING TO DAIRYLAND!"

The doors opened and a snowflake and a little flickering flame came in and they fly backstage. The snowflake landed on Lana and the flame landed on Lola and they glowed. Lana was in a tornado made of snow and ice and Lola was in a tornado of pure fire. Lola's injuries were being healed.

Me: What's going on?

Laney: Another choosing process is happening.

The tornadoes died down and Lana got up first.

Lana: Whoa. What happened? I feel weird.

Laney: Lana this is what happened to Lori and Lily. A snowflake touched you and you were in a tornado of snow and ice.

Lana: What? Let me see here. [Lana then threw a blast of snow and the wall became frozen in ice]

Lana: Wha? I have Ice Powers!? Awesome!

Me: Let me check here.

I check my Legends book and find something interesting.

Me: Lana you've gotten Ice powers because of the Snowflake of Khione, the Goddess of Snow in Greek Myth. Once every 500 years, Khione sends a snowflake that is imbued with her powers and winged flight and a worthy soul is chosen by the purity of their hearts.

Lana: Neat!

Lola got up next.

Lola: What hit me? [Sees that her arm and leg are healed] I'm all healed up. But I feel weird.

Lola touched the wood floor and they saw smoke coming from her hand.

Lily: [gasp] Lola, you're burning the floor!

Lola saw this and she saw a black burned handprint on the floor.

Lola: What's happened!?

Laney: Lola you went through the same thing as Lori and Lily. A small flame touched you and you were in a tornado of fire.

Lola: What? Are you sure, Laney?

Laney: I'm positive.

Lola: Let me see. [Holds out her hand and a fireball is shot out at the wall and it sets it on fire and Lily extinguishes it with her water powers]

Woody: Whoa! That is hot!

Lola: [Gasps] I have Fire Powers!

Varie: It appears you do.

I look through my book.

Me: Lola, you got fire powers because of the Flame of Gabija, the spirit of Fire in Lithuanian Mythology. It says that once every 750 years, a person that has intense rage and a massive fire burning inside their heart will be chosen and be imbued with the powers of fire as well as winged flight.

Lola: This is so weird. But how will I explain this to everyone back home?

Laney: We'll think of something. But Lana, Lola, the key to controling your new powers is love. It worked for me, Lori and Lily and it can work for you both as well.

Me: Come on guys, lets go to Dairyland.

---

[Dairyland. Me, Varie, Laney, Lily, Lincoln and Lana are getting on the Milk Shaker.]

Woody couldn't go because there was a height limit.

**Lincoln:** [to the viewers] "Well, I've learned two very valuable lessons. One: You should never try to turn someone into something they're not. And two: If you ever ride the Milk Shaker, keep your mouth closed."

Me: True to that.

[The ride starts and everyone on it gets green around the gills and Lincoln throws up and gets hit by his own barf.]

**Lana:** "Awesome!"

Me: Oh, Yuck!

**Lincoln:** "My mouth was open!"

THE END

Another Fanfiction completed.

Lola and Lana now have powers too.

I have some more things planned and I hope you like them.

Until next time this is J.D. signing off.

# The Loud's and The Ed's

WARNING: This Fanfiction contains mentions of Rape.

It starts at Royal Woods Elementary School as everyone was getting ready for the first period.

Lincoln just came in and sat down.

Mrs. Johnson: Okay class, I have a special announcement. We have 3 new students joining our class today so please give a warm Royal Woods welcome to Ed, Edd, and Eddy. They moved here from Peach Creek, Georgia so make them feel welcome. Ed, why don't you sit next to Liam, Edd, why don't you sit next to Lincoln and Eddy why don't you sit next to Zach.

Ed: Don't mind if I do.

Edd: I'd be delighted.

Eddy: Sure.

The Eds took their seats.

Lincoln decided to become friends with them.

Lincoln: [to Edd] Hello, I'm Lincoln Loud.

Edd: It's a pleasure to meet you Lincoln. My name is Eddward but with 2 "D"s. My friends call me Double D.

Lincoln: Good nickname. What was Peach Creek like before you moved to Royal Woods?

Edd: It was a great place to call home but due to recent events we decided to move away.

Lincoln: What happened?

Eddy: We don't like to talk about it very much. Anyway, the name's

Eddy. It's a pleasure to meet you Lincoln.

Lincoln: Same here Eddy.

Ed: My name is Ed. I can tell we're going to be good friends Lincoln.

Me and Varie were then having lunch with Lincoln, Ronnie Anne, Clyde, Rusty, Liam, Zach, Lucy, Laney, Lana & Lola and Lisa and the 3 Eds.

Me: So you guys moved here? That's cool. Welcome to Royal Woods.

Ed: Thank you J.D.

Varie: What are your favorite foods Ed?

Ed: I like Buttered Toast, Gravy and Jawbreakers.

Clyde: Are they those tiny jawbreakers?

Eddy: No way. Those are pathetic. We like the big ones that are the size of basketballs.

Laney: That big? Those must be really good.

Edd: They are delicious, Laney.

Liam: So Double D, why do you wear that hat all the time?

Eddy: He never takes it off because he has a hideous feature that he hides. Sorry Double D.

Me: It can't be that bad. Can it?

Edd sighed and he took off his hat and we saw a hideously horrific sight that's so hideous that we can't show it.

Me: [Screams and covers his eyes] AAAHH! MY EYES! THEY BURN!

Varie: I THINK I'M GONNA BE SICK!

Lincoln, Ronnie Anne, Laney, Lucy, Lily, Lola & Lana, Lisa, Clyde, Liam, and Zach went to the trash cans and threw up. Edd put his hat back on and we all sat back down.

Me: Okay, I stand corrected. I'm sorry we asked Double D.

Edd: No it's alright J.D.

Me: Okay, so what made you want to move to Royal Woods?

Eddy: Well it was because we had three delinquent sisters that lived in a trailer park not far from where we used to live.

Edd: Their names were Lee, Marie and May Kanker.

Me: The Kanker Sisters? I've read about them. They were arrested and sentenced to 4 years in the Atlanta Juvenile Correctional Facility for 1st Degree Attempted Rape.

Eddy: Yeah. That's them.

Lincoln: What's Rape?

I whisper what rape is into Lincoln's ear and he turned red and hid under the table.

Ed: We were chased out of the Cul De Sac when Eddy's latest scam for money to buy Jawbreakers went wrong because of me.

Varie: You scammed your friends to buy Jawbreakers?

Edd: Yeah and because of that we had to run.

Eddy: Kevin, Jonny 2x4, Rolf and Nazz set out to hunt us down like wild animals.

Me: The Vengeance Express was out to get you.

Lucy: And they wouldn't stop until they pulverized you into oblivion until there was nothing left.

Edd: We decided to seek Sanctuary in the house of Eddy's Brother.

Eddy: Jimmy and Sarah told the Kankers and they found us at Mondo A Go-Go Amusement Park.

Me: You went all the way to the Mondo A Go-Go Seaside Amusement Park all by yourselves? That's crazy.

Lincoln came back out from under the table.

Eddy: I know but we found my Brothers home in the amusement park. He lives in a mobile home that's shaped like a whale. But everyone in our neighborhood showed up and I was happy to see my brother when he came but he was a complete and total jerk to me throughout my childhood. The reason I became a greedy and selfish jerk was because my brother bullied me alot and it ruined me. I made everything up about my brother because I wanted everyone to think I was cool. He did teach me how to scam kids but everything else was a lie. He used to beat me up all the time when I was young.

Me: Eddy, that's horrible!

Ronnie Anne: It's times like these I'm glad that I stopped being a bully.

Varie: What your brother did, Eddy was completely unforgivable.

Lincoln: What a jerk.

Lola: That's horrible!

Lana: What a monster!

Lisa: Eddy's brother is not even allowed to be called a Homo Sapien, Street Name: Human Being.

Lily: I'm so sorry that happened to all 3 of you.

Ed: Yeah but the worst part came next.

Edd: The Kankers kidnapped us and took us into Eddy's Brothers Mobile Home and glued the door shut and started torturing us. Jimmy, Sarah, Jonny 2X4, Kevin, Rolf and Nazz tried to rescue us and they almost succeeded but the Kankers tied us all up. But at the last second Eddy's Brother came and saved us. He did love Eddy and the police was called.

Me: Boy you guys narrowly escaped having to endure a fate worse than death.

Laney: Those Kanker's were monsters and they make Attila the Hun look like a cute kitten.

Edd: That's a good analogy Laney.

Sarah sat with us.

Sarah: I'm glad those stupid Kankers got what they deserved.

Me: You must be Sarah, Ed's little sister.

Sarah: That's right. We're you talking about what happened to my friends and big brother?

Me: Yes we were Sarah.

Lucy: Sarah is in my class.

Varie: It's a pleasure to meet you.

Me: What can you tell us about your friends in Peach Creek?

Eddy: Well there's Jonny. He always talks to a piece of wood named Plank.

Lisa: Hmm. Inanimate Object Communication is a way to prevent Social Phobias.

Edd: Lisa, you are very smart for someone your age.

Lincoln: Lisa is the Genius in my family.

Eddy: Then there's Kevin. He was a total jerk. All he cared about was his bike. His father has a job at the Jawbreaker Factory and he has a garage full of Jawbreakers.

Me: Wow! That's a lot of Jawbreakers.

Edd: Nazz is a beautiful and extremely kind and lovely girl. She's an angel from heaven.

Zach: She sounds like a very nice girl.

Eddy: Then there's Rolf. He was from another country and he had a farm with Chickens, Pigs, Cows and Victor who is a Goat.

Liam: I sure would like him.

Ed: His chickens were very cuddly.

Lana: You sure like chickens Ed.

Ed: I LOVE Chickens Lana.

Sarah: Then there's Jimmy. He's my best friend. He loves doing all sorts of things with me.

Me: Sounds like you two were very close.

Sarah: We were. But our moms moved us here to get us away from the past.

Me: Oh yeah. I'm sorry we reopened old wounds like this but we want to do everything we can to help you. That's what friends are for.

Eddy: Thanks guys.

The bell rang and it was time for the next class.

On the walk back home, Ed, Sarah, Edd and Eddy showed us where they lived.

Eddy: We live in those houses over there.

Eddy pointed to 3 houses across the street from the Loud House.

Ed: The Green one is my house.

Edd: The Red one is my house.

Eddy: And the Blue one is my house.

Me: Wow. You guys live right next door to eachother.

Varie: That's cool.

Ed: Let me introduce you to our parents.

Ed took us to meet his parents at his house.

Ed: Mom, Dad?

?: In the Kitchen son.

In the kitchen we met Ed's Mom Angela and Ed's Dad Tim.

Ed: Mom these are my friends. We met them at school today.

Angela: It's a pleasure to meet you all. I'm Angela and this is my husband Tim.

Me: Pleasure to meet you. I'm James Knudson but my friends call me J.D. Me and my family moved here to Royal Woods 6 months ago.

Varie: I'm Varie. J.D.'s my fiance. We won't be married until we turn 25.

Angela: Congratulations you two.

Me: Thank you.

Lincoln: I'm Lincoln Loud. I live across the street from you.

Tim: It's a pleasure to meet you.

At Edd's House Edd had us remove our shoes.

Me: Why do we have to remove our shoes Double D?

Eddy: Double D likes being very tidy and clean.

Me: Oh, I get it. I respect that Double D.

We remove our shoes and come inside.

Edd: Mother, Father?

?: In the bedroom upstairs, son. Be right down.

We then met Edd's parents, Carla and Lennard.

Edd: Mother, Father, you know Ed and Eddy. I have more friends over from school.

Carla: It's a pleasure to meet you. I'm Carla and this is my husband Lennard.

Me: It's a pleasure to meet you. I'm James Knudson but call me J.D. Me and my family moved here 6 months ago.

Varie: I'm Varie. I'm J.D.'s Fiance. We won't be married until were 25.

Lincoln: My name is Lincoln Loud. I live across the street.

Lennard: It's a pleasure to meet you all. We usually aren't home most of the time so we communicate via sticky notes.

Me: I can see that. You guys got tons of sticky notes plastered all over the place.

Carla: It's a tradition we have.

At Eddy's House, we came in and in the Living room Eddy introduced us to his parents, Jack and Jessica.

Eddy: Mom, you know Ed and Double D. These are more friends.

Jack: It's a pleasure. I'm Jack. Eddy's Father.

Jessica: I'm Jessica. It's a pleasure.

Me: Pleasure's ours. I'm James Knudson but call me J.D. Me and my family moved here 6 months ago.

Varie: I'm Varie. J.D.'s Fiance, the marriage won't be official until we're 25.

Lincoln: I'm Lincoln Loud. I live across the street from you.

Me: Eddy's a great guy. I can tell we're gonna be best friends.

This was the beginning of a beautiful friendship.

THE END.

Another Fanfiction Completed.

I wanted to make Ed Edd and Eddy apart of the series and include them in many adventures to come.

Until next time this is J.D. Signing off.

Ed Edd N Eddy is owned by Danny Antonucci and Cartoon Network.

# Space Invader

[Me, Varie, Ed, Edd and Eddy and the girls are all in the bathroom getting ready to go to bed; Leni's brushing her hair, Luan's flossing, Lily, Lola and Lana are brushing their teeth, Lori's applying dabs of ointment, Luna's rubbing some purple facial cream, Lucy and Lynn are fighting over the toothpaste, and Lisa's jotting down notes.]

**Luna:** [singing] " I'm washin' my face, 'cause it makes me feel so beautiful. "

**Luan:** [gets floss stuck in her braces] "Hey, look! I'm at a floss for words!" [laughs]

*Me: (Laughs) Good one Luan.*

*Eddy: (Laughs) You are too funny Luan.*

*Luan: That's why I love you Eddy. [Kisses Eddy]*

*Varie: Eddy, you are one lucky guy.*

**Leni:** "I brush my hair exactly 50 times a night to keep it beautiful. 34… 35… 36…"

**Lori:** "Hey, Leni, how old was that boy that asked you out?"

**Leni:** [losing count thanks to Lori] "16… 17… 18…"

[Lori smiles slyly at her little joke, we see Laney at the sink trying to reach for her toothbrush]

Laney: Hey, Leni can you hand me my toothbrush? It's the orange one with the number 2 written on it.

Leni: [Gives Laney her toothbrush, but loses count again] 2… 3… 4…

Varie: How's control of your powers coming along Lana, Lola?

Lana: We have full mastery over them, Varie.

Lola: Laney's help really worked.

Varie: That's great.

Lily: I'm so glad you two.

Ed: I didn't know some of you have superpowers.

Lori: Me, Laney, Lana & Lola, Varie and J.D. have powers Ed.

Me: It's a long story Ed.

Ed: Oh. Mum's the word.

**Lynn:** "Hey! I had the toothpaste first!"

**Lucy:** "No, I did."

**Lynn:** "Keep your spooky hands off it!"

[While the girls get ready, Lincoln pops in and looks around and snatches the toothpaste out of Lynn's hand.]

**Lincoln:** "I'll take that."

**Lynn:** "Hey! Learn to share!"

Me: [To Lincoln] You excited for our sleepover tonight, Lincoln?

**Lincoln:** I sure am, J.D. [accidentally dabs toothpaste into the sink and hands the tube back to Lynn; to the viewers.] "Space… the final frontier. As you might imagine, with eleven sisters, space is limited." [notices he missed his toothbrush and gets the toothpaste out of the sink.]

Me: You sound like Captain Kirk at the beginning of Star Trek, Lincoln.

Lincoln: "I know. Everywhere you go, you gotta deal with the crowds."

Me, Varie, Ed, Edd and Eddy head to Lincoln's room.

Eddy: [to Lincoln] It must be really hard living in a huge family in a small house.

Lincoln: Yep. But being the only boy in the family comes with a perk." [enters his room and pauses] "You hear that?

Me: Nope.

Varie: I don't hear anything.

Ed: Uh uh.

Edd: No.

Eddy: Nope.

Lincoln: Me neither. While my sisters all have to share bedrooms, I get my own. Sure it's just a converted linen closet, but it's my own space. My own little oasis in the sands of the Loud House. And I wouldn't give it up for the world."

Eddy: I don't blame you Lincoln.

Ed: Sarah has to put up with me all the time.

Eddy: Shut up Ed.

[Before Lincoln starts brushing his teeth, at that very moment, a loud thud is heard, Me, Varie, Lincoln, Ed, Edd and Eddy go up to Lynn, Laney and Lucy's room where the other girls are listening; Lynn and Lucy are having a fight.]

**Lynn:** "You're always Miss Gloom and Doom! Like, would it kill you to smile once in a while?!"

**Lucy:** "It would."

**Lincoln:** "What's going on?"

**Lori:** "Lucy and Lynn are going at it. Again."

Laney: I wouldn't worry about it. This happens all the time.

Eddy: Does this happen alot?

**Luan:** "It's always like this Eddy. I'd make a joke about fighting, but I can't think of a good punchline." [laughs] "Get it? Get it?"

Eddy: (Laughs) Good one, Luan.

Me: (Laughs) Funny.

**Lisa:** [recording] "Human subjects seem to be proving Charles Darwin correct."

Edd: Violence is part of the Homo Sapien nature. It's been that way for thousands of years.

**Leni:** "I can't bare to watch!" [puts cucumber slices over her facial mask] "That's better."

Me: Incoming!

[A jock strap comes flying out of the room and the others duck in time to avoid it.]

**Lori:** "I'd hate to get in the middle of this one."

Me: Me too. I may be a fighter but I have my limits.

**Lincoln:** "I totally agree." [goes back to his room while the jock and goth of the family continue their quarrel] "Another perk to having my own room, guys? I don't have to get involved."

Me: Good for you, buddy.

[Before he starts to brush, someone's knocking on his door and it's revealed to be Lynn holding a pillow.]

Me: Hello Lynn.

**Lincoln:** "Hey, Lynn. What's up?"

**Lynn:** "There's no way I'm staying in the same room with the

Duchess of Darkness. Can I bunk in your bedroom tonight?"

Me: Well if you need to be away from Lucy for a while, I don't see why not. But it's up to Lincoln though.

**Lincoln:** "Uh… I'd say yes, but it's not really a bedroom, per se. There's barely enough space for me; tiny, small, cramped."

**Lynn:** [downtrodden] "Ugh… I guess I'll just go sleep in the bathtub."

**Lincoln:** "That's a great idea! Problem solved. Goodnight."

[Right before he closes the door, Lynn makes a sad baby doll eyed face.]

**Lincoln:** [relieved] "Aah…" [guiltily sighs and opens the door] "All right, you can stay. But just for one night."

**Lynn:** "Thanks, Lincoln!" [busts out fist]

**Lincoln:** [flinches] "Ah!"

**Lynn:** "Two for flinching!" [playfully punches his arm twice and goes in, laughing.]

**Lincoln:** "It's just for one night. What's the worst that could happen?" [goes in] "Okay, we'll have to establish a few ground rules. One, keep your hands off my…" [notices Lynn is using his toothbrush.] "… stuff."

[Lynn spits out the toothpaste into his wastebasket and hands them to him; Lincoln tosses his toothbrush in there now that someone else has used it.]

Me: Good thing I always carry a spare.

*I open my jacket and pull out a spare unused orange toothbrush and give it to Lincoln.*

*Me: Here Lincoln.*

**Lincoln:** "Thanks J.D. Now as I was saying-" [sees Lynn playing with his giant robot action figure and stops her.] "Let's just set this down." [Lynn messes with his doodads.] "Careful!" [Lynn touches his clock.] "Please don't!" [Lynn tosses Bun-Bun in the air.] "Bun-Bun!" [catches him] "You okay? Did the mean girl hurt you?"

**Lynn:** [looking around] "You know, I'm noticing a complete lack of balls in this room." [Lincoln makes a discomforted face at that remark.] "No Soccer balls, no footballs, no baseballs, no balls. Good thing I brought my own!" [dumps sports balls out of her pillow case onto the floor.]

**Lincoln:** [yawns] "Would you look at the time? Let's just turn in and get this night over with."

Me: Do we have to?

**Lynn:** "What do you mean? It's still early, and you have a fun new roommate!"

**Lincoln:** "Yeah-"

**Lynn:** [puts a wrestling mask over Lincoln's head] "Lucha Libre!"

**Lincoln:** "I can't see anything!"

Me: Oh it is on! [pulls out a red, orange and yellow wrestling mask and puts it on]

**Lynn:** "It's Lunatic Lynn off the third turnbuckle!" [leaps off the foot of Lincoln's bed]

**Lincoln:** "What? What? I can't hear anything, either!"

*Me: Here comes Fenix James! [Jumps and grabs Lynn and pins her. But Lynn reverse flips and grabs my leg and pulls on it and I start pounding on the bed]*

*Lynn: Say it J.D.*

*Me: Never! [Reverse flips and pins Lynn.]* "Uno, dos, tres! You're out. Yeah! Fenix James is El Campeón del Mundo!"

Lincoln: Can we please go to sleep? There's no pain involved.

**Lynn:** "Not when you're a sleep fighter like me!" [busts out fist]

**Lincoln:** [flinches] "Ah!"

**Lynn:** "Two for flinching!" [playfully punches his arm twice and laughs; Lincoln sighs.]

[Later, the four are ready to go to bed; but as Lincoln turns off the lights, Lynn starts ricocheting a tennis ball off the wall.]

**Lincoln:** [irritated] "What are you doing?"

**Lynn:** "What? It helps me fall asleep."

**Lincoln:** "Well, it doesn't help me. Can you knock it off?"

[Lynn throws the ball at Lincoln's head]

Me: [to the viewers] In case you're wondering where Ed, Double D and Eddy are, whenever we have a sleepover, they sleep in different rooms. [pans to Lisa and Lily's Room] Double D sleeps in Lisa and Lily's Room, [Pans to Lana & Lola's Room] Ed sleeps in Lana & Lola's Room, [Pans to Luna and Luan's Room] and Eddy sleeps in Luna and Luan's Room. Eddy and Luan have a budding romance going on after Luan and Benny broke up. It was sad to hear that.

[as they're starting to sleep, Lynn lets out a big fart from under the covers and laughs.]

**Lincoln:** "Ugh! Lynn!"

Me: [Senses what's gonna happen next] Uh-oh!

**Lynn:** [pulls the covers over Lincoln.] "DUTCH OVEN!" [laughs as Lincoln cries in distress over the gas she let out; sets him free as he breathes heavily.] "Goodnight, Lincoln."

Varie: [Sternful] Not funny, Lynn.

**Lincoln:** [agonized] "Goodnight…"

[Later, Lynn is snoring so loud and drooling so much, Lincoln just can't get any sleep and gets out of bed and takes his pillow with him.]

Me: [In my head] She snores just as loud as dad does.

[The next morning, Lori wakes up and goes into the bathroom and gets ready to take a shower, but as she turns on the water, someone is already in there and screams over the wet awakening; Lori opens the curtains to see that it's Lincoln who took Lynn's idea of sleeping in the bathtub.]

**Lori:** [irked] "Lincoln! What are you doing?"

**Lincoln:** [more irked] "Getting my room back." [leaves the bathroom]

Lincoln walks passed Luan and Luna's room dripping wet as Luan opens the door and Eddy is with her.

**Luan:** "Mornin', Linc. Wet's up?" [laughs]

Eddy: (Laughs) Good one, Luan.

[Lynn is getting out of bed and feels refreshed and sees Lincoln. I follow her.]

**Lynn:** "What a great night's sleep. You look terrible."

Me: Did you go sleep in the bathroom?

Lincoln: Yep.

Lynn: [Lincoln starts pushing her] "Hey!"

**Lincoln:** "Thank you for staying at Chateau Lincoln, where we have a one night maximum stay. Thank you." [pushes her back into her own room and his to his; but off in the distance… ]

**Lucy:** "What are you doing here?"

**Lynn:** "What am I doing here?" [gets kicked out]

Me: Uh oh.

**Lucy:** "Get out!"

**Lynn:** "What do you mean "get out"? Fine! I'll just stay in Lincoln's room again! He's a way cooler roomy, anyway!" [goes back in Lincoln's room]

**Lincoln:** "But-" [Lynn closes the door] "Lucy! Please make up with Lynn!"

**Lucy:** "I'd rather wear pink."

Me: Come on Lucy. Give her another chance.

Lucy: I'd rather wear pink and sparkle with pink glitter.

**Lincoln:** "But-"[Lucy closes the door and Lincoln sighs.]

Varie: This is crazy.

Me, Varie, Ed, Edd, Eddy, Laney, Lana, Lola, Lincoln, and Clyde are walking to school.

**Lincoln:** "What do I do, Clyde? I can't just kick her out. She is my sister, but she's invaded my space."

**Clyde:** "Can you blame her for staying, Lincoln? You're just too good a roommate."

Laney: This is madness Clyde. Lucy and Lynn won't make up and it's getting rather tough without Lynn in our room.

Lola: I hear you Laney.

Me: We got to think of something.

Varie: This is crazy.

**Lincoln:** [getting an idea] "But… what if I was a bad roommate? I've got a plan!" [runs back home]

**Clyde:** "Wait! But we still have school."

**Lincoln:** [turns around back to school] "Right. I'll just execute my plan after school."

Laney went to Lincoln's room where Lynn was bunking in. But once again she found herself in a weird situation.

Laney: Uhm Lynn? Do you… [she was speechless to find Lincoln in Goth Attire and reading poems like Lucy]

**Lincoln:** [despondently] "Hey, Lynn. Wanna hear my new poem? It's called "Space". [starts reading] **Space: deep, black, endless, like my heart. Space, mine invaded. Torn apart.** This is the real me, Lynn. I can understand if you don't want to be my roommate anymore."

**Lynn:** [upset] "Oh…" [suddenly laughs, surprising Lincoln] "Oh, that is the best impression of Lucy ever!" [wraps him around her arm] "You are so funny, roomy!" [laughs some more]

Laney: Uhm… Nevermind. [Closes the door]

[Lincoln chokes under her wrap; another sleepless night for him; the next night, as Lynn enters… ]

**Lincoln:** "Campeón del Mundo Loco Lincoln!" [with his wrestling mask on, surprise attacks Lynn and pins her down.]"One, two, three! You're out! Yeah! Rah! Whoo!"

**Lynn:** "Hey, that's cheating. I like the way you think!"[laughs]

[Lincoln sighs and has to put up with her some more; later, he lets out a really big fart like Lynn did before]

Me: [In my head] Now she's in for it. *[Lincoln pulls the covers over her.]*

**Lincoln:** "DUTCH OVEN!" [laughs as Lynn cries in distress this time.]

Varie snickers.

**Lynn:** [furious] "That is it!" [gets out of bed and leaves, making

Lincoln smile in belief that his plan finally worked and he has his space back]

Laney was reading a book called Hug & Make-up: Tips on how to Reconnect with Others. She was reading it to try and find a way to bring Lucy and Lynn back together.

Laney: [Lynn comes back in] Lynn! You..

Lynn: Hey Lanes, just here for my stuff. [grabs her stuff] Thanks!

Laney sighs as Lynn left and continued reading.

Lynn: [Returns with all her stuff; cheerful.] "You really are the best roommate ever! I'm moving in! Permanently!"

[Lincoln will now have to endure sleepless nights with Lynn as his roommate forever.]

Me: [Telepathically to Lincoln] I know it's rough Lincoln. But we'll think of something.

[The next morning, another showering awakening occurs courtesy of Lori; Lincoln goes out the bathroom and notices Lucy ricocheting one of Lynn's balls across the wall.]

**Lucy:** "Sigh…"

**Lincoln:** "Good morning, Lucy."

**Lucy:** [denying] "Ball? What ball?" [tosses ball away and it hits her head.]

[Lincoln starts to get suspicious and finds Lynn sighing sadly while reading Lucy's poetry.]

**Lincoln:** "Good morning, Lynn."

**Lynn:** [denying] "Book of Lucy's poems?" [tosses book away] "What book of Lucy's poems?"

[The book hits her head; Lincoln is extra curious about this.]

*Me, Varie, Ed, Double D, and Eddy were in the Living room playing video games while Laney was reading her book on the sofa. She bumped into Lincoln on his way upstairs.*

*[At the same time]*

*Lincoln: Laney!*

*Laney: Lincoln! So.. How was your day?*

*Lincoln: Fine. Yours?*

*Laney: I don't want to talk about it..*

*They both took a deep breath and said simultaneously…*

*Lincoln: I want Lynn out of my room!*

*Laney: I want Lynn back in my room!*

Lincoln: What?

Laney: I couldn't stand seeing my roomies fight like this. And also it's getting very uncomfy sleeping in Lynn's bed.

Lincoln: Why couldn't you just sleep in your bed?

Laney: Call it a friendly gesture. But I was just keeping Lynn's bed warm for her. Though even I think it was a bit unnecessary. I just want things to go back to the way they were… [Lincoln sees the book Laney was reading]

Lincoln: Hey can I see that book?

Laney: Oh sure. [Gives Lincoln the book, he flips through the pages until he finds something interesting]

Lincoln: Hey Laney. I think this little number may do the trick. [Shows Laney a certain page and she smiled] J.D., Varie, guys, I got a plan.

Me, Varie, Ed, Edd, and Eddy gathered and we hear Lincoln's plan.

Later that night, Lincoln executes his plan; he slips two little invitations into specific spots: one in Lucy's poetry book and the other under his door. As we go to hide, the two get the invitations and know why they're there and decide to get dinner over with and after a long pause.

**Lucy & Lynn:** "I'm glad you finally wanna apologize to me." [angry] "What? Me apologize to you? You're here to apologize to me!"

[Lincoln realizes his plan is now going south from there as they are about to go at it yet again.]

**Lucy:** "You are absolutely crazy."

**Lynn:** "What? Are you crazy? Absolutely not!"

**Lucy:** "I don't understand why you think this is my fault!"

**Lynn:** "I mean, really!"

**Lucy:** "You are absolutely wrong."

**Lynn:** "Just respect the space!"

[The commotion grabs the attention of the other sisters.]

**Lori:** "Yikes. I'd sure hate to get in the middle of that."

Laney: Do you think they like the dinner I made for them?

Lori: I doubt they're going to use it for eating.

Luna: Yeah, hate to be apart of that fight. Don't know how ya do it Lanes.

Me: This is ridiculous.

Laney sighs and went inside knowing what to do.

**Lucy:** "It's just ridiculous."

**Lynn:** "I'm not the one who started it! You're the one who started it!"

**Lucy:** "Please."

**Lynn:** "Don't even get me started!"

**Laney:** "ENOUGH!" [gets their attention] "I made this dinner so that you two would make up."

[The feuding roommates feel offended.]

**Lynn:** "You did this?"

**Lucy:** "Why?"

**Laney:** I've been in this family for quite a long time. And I know it can be hard to share a space, It's hard to share, period. But we're siblings, and we're always there for eachother. And I know deep down you two miss said eachother, you're just too stubborn to admit it.

[The two then see what he means.]

**Lucy:** "I guess I do have trouble sleeping without a ball banging against the wall."

**Lynn:** "And I guess I do miss hearing you sigh heavily as you write your poems."

Me: [I come in] It's very hard. I may not have a big family like all of you do. But you're all my friends and I care about you all just as much as my biological family.

**Lincoln:** "Laney and J.D. are right. Now you two make up, because if I have to spend one more night with "Snorezilla" over here, I'm going to go insane!" [Lynn throws a meatball at him.]

**Lucy:** "Ha! Nice throw."

**Lynn:** "You like that?" [throws another one at Laney.]

*Laney: Oh yeah?* [throws it back and Lynn ducks and it hits Lucy instead and Lynn laughs at it and Lucy hits her with one into her mouth.]

**Lucy:** "Ha ha."

[The two of them grab some spaghetti and look like they're about to take their fight to a whole new level.]

**Me, Lincoln & Laney:** [look at eachother worriedly] "Uh-oh…"

[But the fight is more for their enjoyment than their frustration and they start laughing. Me, Lincoln and join in on the fray.]

**Lori:** "Well… I'm outskies."

**Luan:** "Yeah. It's way pasta our bedtime." [laughs]

Eddy: [Laughs] Good one, Luan]

[The other sisters just sigh at Luan's pun as they head off to bed; the food fight is now over and the jock and goth are satisfied.]

**Lynn:** "So, I can move back in?"

**Lucy:** "Nothing would make me happier."

**Lynn:** [busts out fist] "Two for flinching!" [but Lucy didn't flinch] "Dang! It never works on you."

[They hug]

**Laney:** Well, I'm glad you two finally made up. But how are we supposed to sleep with all this mess?

[They made quite a mess from their food fight and it got all over their beds.]

**Lucy, Laney & Lynn:** "Lincoln?"

[Lincoln's room]

**Lincoln:** [to the viewers] "Space… the final frontier. Sure, I'm lucky enough to have a room to call my own, but in the Loud House, we all know when we need to share."

Me: You said it buddy.

Varie: I agree.

[It's revealed that both Lynn, Laney AND Lucy are sleeping with Lincoln in his room tonight until they have time to clean up the mess they made.]

**Lincoln:** "But just for one night!" [slips on his Loco Lincoln mask] "Buenas noches!"

Me: [Waves to the viewers] God Natt Venner. [Norwegian for "Good Night Friends"]

# Spell it Out

It starts with Lucy and Fangs returning home from their nightly walk.

*[Lucy and Fangs come walking home at night, and enter the house with lightning flashing for their entrance.]*

**Lucy:** *[content]* "I so enjoy our nightly strolls, Fangs."

*[Fangs squeaks in agreement.]*

*Me, Varie, Lily and Laney are sitting on the couch reading books.*

*Laney: Oh, hey Lucy.*

*Lucy: Hello Laney, J.D., Varie, Lily.*

*Me: Have a nice walk?*

*Lucy: Yes. It was quite enjoyable.* Anything happen while we were away?

Laney: Well, you could say that. Pro tip: Don't go in the bathroom.

Lucy: Why would I do that?

**Leni:** *[off-screen]* "Guys, this looks so good!"

**Lori:** *[also off-screen]* "We should literally be interior designers!"

Varie: You'll find out when you see it.

*[Lucy goes upstairs to see what they're talking about and finds her siblings painting the bathroom pink; Fangs flies away.]*

**Lucy:** "Hey, guys." *[her siblings gasp in surprise at her appearance.]* "Why are you painting the bathroom my least favorite color?"

**Lynn:** "Uh, duh! We all voted on it at the sibling meeting, remember?"

*[Flashback to the meeting; Me, Varie, and all the siblings but Lucy are gathered.]*

**Lori:** "So, based on the leftover paint in the garage, are options are pink…" *[giggles]* "… or black. All in favor of pink?"

**Lincoln, Leni, Luna, Luan, Lynn, Lana, Lola, and Lisa:** *[raise their hands]* "AYE!"

Lori: All oppose?

Me, Varie, Laney and Lily: Nay! [We Raise our hands]

**Lori:** "It's unanimous. *[squeals]* Pink it is!" *[End flashback]*

**Lucy:** "Sigh. Well, I wasn't there. But of course, as usual, no one noticed."

Me, Varie, Laney and Lily walk upstairs.

Me: Me, Varie, Laney and Lily voted against the pink and went for black.

Lucy: Why?

Me: I don't really like the color pink. No offense Lola.

Lola: None taken J.D.

Varie: We were outvoted.

Lucy: I know. No one noticed.

**Lola:** "Oh, come on! Exaggerate much?"

*[While Leni is painting, she accidentally hits Lucy, stroking her with pink paint.]*

**Leni:** "Whoops. Sorry, I didn't notice you." *[Pokes Lucy's nose. Laney wipes the pink paint off Lucy]*

Laney: Believe me, Lucy. I tried. But it was 9 against 4. Besides, they didn't notice me either.

Lucy: What makes you think that? [Leni accidentally strokes Laney with pink paint]

Leni: [offscreen] Oh, sorry Laney. Didn't notice you either. [sighs]

*[Lucy, Fangs, and the pets are performing a séance in the den.]*

**Lucy:** "Oh, spirits, I summon thee-"

*[Lori suddenly shrieks.]*

**Lori:** *[on her phone]* "What?! No, she did NOT!"

*[Lucy and the animals disregard it and resume their séance.]*

**Lucy:** "Oh, spirits, I summon thee-"

*[Lincoln comes screaming in with his laptop while wearing viking attire.]*

**Lincoln:** *[to his online friends]* "Okay, first we send in recon falcons to assess the enemy's firepower!"

**Lucy:** "Grr…" *[regains her composure]* "Oh, spirits-"

*[Enter Lynn practicing as crew coxswain with the twins rowing.]*

**Lynn:** *[on a megaphone]* "Easy on starboard! And stroke! Stroke! Stroke!"

**Lucy:** "Ugh!" *[goes into the living room to talk to her siblings who are doing their things at once.]* "Guys, could you keep it down? I'm trying to contact-" *[gets hit by Lily's oar and is sent flying back into the den.]* "Oof!"

Laney: Are you okay, Lucy?

Lucy: [Offscreen] What do you think?

Laney: [To her siblings minus Lily] Hey, what's the big idea? You can't just- [gets hit by Lana's oar] OOF! [Flies into the den.

*[The dinner table]*

**Lynn Sr.** "Last slice of pie." *[holds it up]* "Who wants it?"

*[Lucy raises her hand, but Lola comes rolling down the table.]*

**Lola:** "AY-YI-YI-YI-YI-YI-YI-YI-YI!" *[grabs the slice]*

*I take the slice from Lola.*

*Lola: Hey! I had that first!*

*Me: Sorry, Lola but Lucy called it first.*

*I hand Lucy the slice.*

*Lucy: Thanks J.D.*

*Me: You're welcome, Lucy.*

*Laney: You're a true friend J.D.*

*[The sofa area. Lisa is working on her chemicals and Me, Varie and the others are coming in to watch TV.]*

**Lynn:** "Excuse me."

**Lucy:** "I call left armrest."

*[Lana pounces on Lucy and takes the armrest. Lucy brushes herself off, places her book of poems on the coffee table and turns the TV on to her favorite show.]*

**Announcer:** " *Next on Vampires of Melancholia…* "

**Edwin:** "Griselda, I know you're only seeing that werewolf to make me jealous."

*[The others look bored at it and Lynn makes a buzzer sound on her megaphone.]*

*Lana: We want to watch a show!*

*Me: Tough cookies. Lucy was here first. So she gets to watch what she wants.*

*The siblings minus Laney and Lily complain.*

**Luna:** "We voted on tonight's TV show at the sibling meeting."

Me: Too bad. You know the rule. Lucy was here first.

Lucy: What about Lisa? She was in here before me.

Me: True. But she's doing her experiments.

Lucy: Laney, you like Vampires of Melancholia, Right?

Laney: It's a great show, Lucy.

Varie: This is a really cool show.

**Lucy:** "Will someone please hand me my poetry journal? I have some very strong feelings to express."

*[Lisa accidentally spills her chemicals. But I grab the book before they got on it and hand it to Lucy]*

*Me: Careful, Lisa. Here you go, Lucy.*

*Lucy: Thanks J.D. You're a true friend.*

*After the show ends, Lucy decides to go someplace else to write in peace. Me, Varie, Laney, and Lily couldn't help but feel bad for Lucy*

*[Lucy and Edwin go up into the attic and me, Varie, Laney and Lily decide to go check on her.]*

Laney: [Offscreen] Lucy? Are you up here?

Lucy: What do you want? [Me, Varie, Laney and Lily walk in] Oh. It's you guys.

Me: Sorry about your siblings unfair treatment towards you.

Laney: I'm sure they didn't mean to do it.

**Lucy:** *[groans]* "But they did guys. No matter what I do, my siblings walk all over me. At least when things get bad, I can go to my secret dark place." *[notices something wrong with her dark place.]* "Which they've filled with their junk. Typical. Sigh."

Laney: We'll help you with that. [Me, Varie, Laney, Lily and Lucy push all the junk away] Look, Lucy. Just because they don't listen to you doesn't mean they don't love you.

Lucy: "It's more than that, Laney. They barely notice me. I just wish I can get back at them somehow. [They come across an old chest and notice a tag on it] Oh, look. This trunk belonged to Great Grandma Harriet.

Varie: This was your great grandmothers trunk, Lucy?

Lucy: [Lucy opens it] She was a pretty cool lady." *[holds up a photo of Harriet, who looks identical to Lucy but in period-accurate clothes.]* "See?"

Me: Wow. She looks just like you, Lucy.

Laney: Well she does bare a resemblance.

Varie: No kidding.

Lily: You showed me an older photo of her when I was a baby.

*Lucy: Yeah. [takes out a crystal ball and skulls and notices a secret compartment.]* "Ooh. What's this?" *[opens it and finds a book, picks it up and blows the dust off.]*

Laney " **Ancient Book of Spells"?** .

Lucy: "Whoa." *[looks at the book's array of spells.]*

Me: She was into light and dark magic like me.

Lucy looks at me.

Lucy: You can use magic, J.D.?

Me: Yes. Watch.

I find a good object.

Me: **Menusteu Hestion Xanzia!** [A purple lightning bolt fired from my hand and it hit a bunch of old phonograph records and turned them into a huge pile of gold coins] Ta-da!

Laney: Whoa! That was incredible!

Lily: I didn't know you were capable of doing that, J.D.

Laney went over to the coin pile and picked one up.

Laney: [Notices a wrapper and peels it off] Chocolate Coins! My favorite!

Lily: Cool.

Me: I had a feeling you would like that.

Lucy: "Hmm. If I can't get through to my siblings, maybe a little magic will." *[starts reading]*

*Laney: Something tells me I'm not going to like where this is going.*

*[The living room]*

**Lori:** *[on her phone]* "It's like, Carol got eyelash extensions and suddenly she's too good for us?" *[pause]* "I know!" *[pause]* "I KNOW!"

*[Lucy is watching her from the den.]*

*Me: So Carol is trying to regain her social status even after the Homecoming Queen Scandal.*

*Laney: Yeah. Some people just can't take a hint.*

*Varie: She was suspended for 3 weeks and she is at it again.*

*Lily: I can't believe her.*

**Lucy:** "So, you like disrupting my séances with your inane phone calls?"

Laney: Do you think that spellbook actually works, Lucy?

*Lucy: Only one way to find out… [reads an incantation]* " **Eye of newt and toe of frog, Cease this endless dialogue!** "

*[Lori's phone suddenly hangs up.]*

**Lori:** "Whitney? Whitney? Hello? What? No! This can't be happening!"

*[She goes upstairs and Lucy smiles at the outcome while Me, Varie, Laney and Lily are bewildered on what just happened]*

*Me: Well I'll be.*

*Laney: I can't believe it! Those spells really worked! I never thought it would, but it did!*

*Lucy: Oh. You haven't seen anything yet…*

*[Lana is watching TV on Lucy's spot.]*

*Me, Varie, Laney, Lily and Lucy are on the staircase.*

**Lucy:** *[from the staircase]* "So, you like putting my muddy butt on my favorite seat?"

Laney: Lucy, are you sure this is a good idea?

*Lucy: [reads a spell]* " **Lizard's leg and howlet's wing, Bring vengeance with an itchy sting!** "

*[Lana suddenly jumps off the armrest and starts scratching her butt vigorously, Lucy smiles proudly.]*

*[Lisa is in her room working on her experiments and humming a tune while Lucy watches her from the vent.]*

**Lucy:** "So you can't help spilling your chemicals on my stuff?" *[reads]* " **Gall of goat, slips of yew, Turn clumsy fingers into glue!** "

*[Lisa spills another one of her chemicals.]*

**Lisa:** "Oopsie." *[picks it up and gets her hand stuck to her flask.]*

"Hmm. That's atypical."

*[She tries to get it off but keeps crashing into her chemicals while Lucy laughs at her misery. There's an explosion leaving Lisa in a mess.]*

**Lisa:** "Of course, now I have to tinkle."

As Lucy stood proudly on her revenge on her sisters, Laney begins to worry. Even if Lucy's Magic was real, it shouldn't be used to get back at someone. Later, Me, Varie and Laney were sitting by the staircase watching Leni and Lily watching TV in the Living Room. They then met up with Lucy again.

[Lucy walked downstairs]

Lucy: Laney, you should've seen it. I've used a spell on Lisa and made her all sticky. She's a total mess.

Me: I don't think you should abuse magic like this, Lucy.

Laney: Uh, yeah. Are you sure we should be using those spells to get back at our siblings just because they didn't notice you? I mean, this is the kind of stuff that has unexpected consequences.

Lucy: Don't be like that, Laney. Besides, you know very well they abused you too.

Laney: What are you talking about?

Lucy: I'm talking about all the times they walked all over you.

Laney: No. They would never do that to me.

Lucy: Oh yeah? What about the time Leni rooted through your chest?

[Flashback to Laney going into her room and shocked to find Leni using paint on her ballerina costume]

Leni: OM Gosh! This tutu totes looks prettier in Red [paints Laney's tutu red, Laney snatches the tutu from Leni]

Laney: What do you think you're doing?! You've ruined my tutu!

Leni: More like made it better! It is so your color, Lorraine. [Pinches Laney's cheek. Laney growls furiously.]

Cuts back to the present and Laney's face burns red with rage at the very memory

Me: Uh-oh.

Laney: [Furious] She called me Lorraine! [Lucy smiles and lends the book to Laney] Give me that! [Snatches the spellbook from Lucy and goes and gets up from the staircase and begins to perform a spell] I'll teach you to go through other peoples stuff! [Reads an incantation] **"Bird of fowl and feathers pluck, become a chicken, Cluck Cluck Cluck!"** [Leni gets up from the couch and starts acting like a chicken]

Leni: Bawk. Ba-ba-ba-Bagawk!

Lily Laughs Hysterically

Laney couldn't help but smile at this.

Laney: [laughs] That was incredible! These spells are great! With this I can finally get the respect I deserve!

Lucy: Welcome to the Dark Side.

Varie: I got a bad feeling about this.

[Laney spent most of her day using spells to get back at the other siblings minus Lily. She used one onLola and a patch of hair falls from her head and she screams. Laney giggled. Next she used a spell on Lincoln and he froze like a statue. Laney laughed even more wickedly. Lastly, she casted a spell on Luna and as she was playing her guitar, it stopped making sound. She strummed her guitar and no music played and she was distraught. Laney continues to evilly cackle. Later, Me, Varie, Lily and her were walking downstairs to see Lucy and Edwin]

Laney: Lucy! You should see what I did to Luna! I made her lose her jams and probably her mind!

Lucy: Can't talk. [As Lucy walks up to the attic, we notice the bald spots on the back of Lucy's head]

Me: Ooh! That stickiness spell on Lisa got on her.

We walk up to the attic.

Laney: Why the long face? You should be happy! Thanks to those spells, things are finally going our way!

Lucy: [Takes the book from Laney] Things are going YOUR way. But even if I use the spells, nothing changes around here for me.

Me: What's wrong?

**Lucy:** They backfired on me. Lori's talking to her friends in person instead of crying over her phone, Lana used Edwin as a butt-scratcher. [Points to her bust] Those lips touched her butt! [Groans] It's so frustrating! *[tosses the book which bounces off a trampoline and hits her in the face, revealing another spell.]* "Gasp! Laney, Lily, J.D., Varie, Look at this! [we look at the spell]

Varie: That's too extreme!

Laney: Ohhh! This spell is too perfect!

Lucy: I know! It has to work!" *[to the photo]* "Thanks for giving me a sign." *[rubs her head]* "Though next time, a simple flickering light will do."

*[She and Laney begin working on some kind of powder and are humming some kind of chant for it as several candles are arranged in a circle around her. Lincoln pops up.]*

**Lincoln:** "Hey, Luce! Hey, Lanes!"

*[Lucy quickly flips the circle for her powder below the floor and swaps it out with Lola's tea party set.]*

**Laney:** Oh! Hello Lincoln. We were just having a little tea party.

**Lincoln:** "Uh okay. Well anyway. Come on. Time to visit Pop-Pop."

**Luan:** *[pops up from under Lincoln who's now on her head.]* "We voted on where to sit in Vanzilla, and you got the soggy seat!"

Lincoln: Sorry, Laney. But the only seat we have left for you is the springy seat.

Laney: [angry] SPRINGY SEAT?! WHY YOU- [Lucy stops her]

**Lucy:** "You guys go without me. I'm in the middle of something important."

Me: But tell your grandpa we wish him the best.

Luan: We will.

*[Lincoln and Luan leave and Lucy flips the spot back to her powder and turns to the book.]*

*Me: [To the Viewers] In case you're wondering where Ed, Double D and Eddy are, They are out of town and won't be back until the day after tomorrow and Woody is over in his house watching TV.*

*Laney: [Steaming] Springy seat indeed…*

**Lucy:** "Don't worry, Laney. Once this is over, we'll see who sits in the soggy and springy seats from now on."

*[That night, the two starts sprinkling the powder on all of her siblings' minus Lily's pillows.]*

**Lucy and Laney:** " **Round about the bedrooms go, on their pillows, spell dust throw. By sunrise, they will have no choice, but to listen to my voice.** "

Laney: [In her Pajamas] Do you really think that spell will work?

*Lucy: [in her pajamas] Guaranteed.*

*Laney: [Climbs into her bed] Well, Goodnight Lucy, J.D., Varie and Lily.*

*Me: Good night.*

*Varie: Good night.*

*Lily: Good night.*

*Lucy: Good night guys. [to the Harriet photo]* "Night-night, Great-Grandma Harriet. Yawn." *[opens up her coffin only to find Lynn's sports equipment stored in it.]* "Ugh! Lynn!" *[dumps the equipment out]* "This spell cannot work fast enough."

*[The next morning, Me, Varie, Laney, Lily and Lucy go to the newly pink bathroom to see the others brushing their teeth.]*

Me: Morning girls.

*Laney: Morning. [whispers] Lets surprise them. [Lucy nods]*

**Laney and Lucy:** "Hey, guys."

*[The siblings are startled by their appearance as usual, but when they scream, no sound comes out, much to her content.]*

*Laney: It worked! [high fives Lucy]*

*Me: It did work.*

*Varie: Incredible.*

**Lucy:** "Yes! Now everything is gonna change around here."

*[Lucy is now holding a sibling meeting.]*

**LUCY'S SIBLING MEETING: REPAINT THE BATHROOM**

**Lucy:** "Next item of business: repainting the bathroom. All opposed to black, say "nay"."

*[Her siblings try to say something, but can't without their voices. Me and Varie are smiling.]*

**Lucy:** "No one?" *[shrugs]* "Black it is!" *[pulls up the tarp revealing black paint cans.]*

*[The others look on at them, upset. Later at dinner, Me, Varie, Lily, Lucy and Laney are eating the leftovers while her siblings glare at us.]*

*Laney: How's that leftover turkey leg?*

**Lucy:** *[talking with her mouth full]* "Num, num, num. I can't believe no one else wanted this."

Lily: Lola can you pass the mashed potatoes?

*[Now they're watching Vampires of Melancholia.]*

**Edwin:** "Griselda, you're back. I see you've come to your senses."

**Griselda:** "No, I just found out I'm allergic to wolf hair."

*[Edwin looks unimpressed at that revelation while Lucy's siblings look unimpressed at her for this decision. Laney's smiling as she watched this. Back in the attic.]*

Laney: Man. Today has been the best day ever.

**Lucy:** Yep and we have Great Grandma Harriet to thank for that

*[Suddenly… ]*

**Rita:** *[off-screen]* "Lynn, what's wrong?"

*[Lynn is beating on her punching bag which Rita is holding.]*

**Rita:** "Oh, now, come on, kiddo." *[Lynn delivers a mighty blow to the bag.]* "Whoa! Your crew meet can't have gone that badly."

Me, Varie, Lucy, Laney and Lily come in.

Me: What happened Ms. Rita?

*[Lynn takes out her phone to show them a recording of her crew meet where she couldn't tell her teammates to stroke while the opposing team passes them.]*

**Rival Coxswain:** "Stroke! Stroke! Stroke!"

*[Lynn's team's canoe goes in a circle and they lose the race. They get angry at Lynn, toss her off the canoe and into the lake.]*

*Varie: Those ingrates!*

**Rita:** *[furious]* "They literally kicked you off the team? That is not fair!" *[tosses Lynn her phone and starts punching the bag to let out all that tension her daughter did.]*

*[Lucy and Laney have witnessed that and hears her dad off-screen.]*

**Lynn Sr.:** "Lincoln, you got one of your friends killed?"

*[Lincoln shows his dad what happened in Swords & Cyborgs.]*

**Clyde:** "Commander Loud, what's our move?"

*[Lincoln couldn't say the command and tries to gesture incoherently.]*

**Clyde:** "You want us to… frost a birthday cake?"

*[Lincoln and Rusty are not amused.]*

**Rusty:** "I think he wants us to attack. I'm just gonna attack." *[as Lincoln tries to protest, Rusty has his character lift his sword and charge into the enemy fortress.]* "RUSTY SPOKES!"

**Clyde:** "RUSTY! NOOO!"

*[Rusty's character gets attacked by cyborgs.]*

**Rusty:** "Uh-oh."

**Clyde:** "It's an ambush! Oh, the horror!"

*[Lucy and Laney look on with worry and hears her mom talking to Lori.]*

**Rita:** "Lori, honey, I'm sure it's not the end of the world."

*[through mascara-smudged tears, Lori shows her mom the message.]*

**Voicemail:** " *What's with the silent treatment, Lori? Do you think you're better than us? Ugh! Whatever. Friendship… over.* "

**Rita:** *[trying to console her]* "No worries. You can always hang out with your old mom. You can join my book club."

*[Lori just wants to cry and covers her face with her pillow. Lucy and Laney look on with despair over what she has done.]*

[Back in the Attic]

Laney: What have we done Lucy? I knew those spells would have consquences and I casted them anyway.

Me: There has to be something we can do to fix this.

Varie: Yeah.

**Lucy:** I didn't mean to ruin everyone's life. I just hope there's a way to undo the spell." *[finds a shocking small printing]* "Gasp! Laney, Lily, Look **To put a spell back on the shelf, transfer the effects onto yourself.** Whoa. Lucy, Laney and Lily look at eachother]"

*[Lori and Leni's room for another sibling meeting, all Loud kids are assembled.]*

**Lucy:** "Okay, don't worry, guys. *[Her siblings glare at her and Laney]* We didn't call this meeting to force anymore resolutions on you. I just want to make a confession.

Laney: You see, Lucy and I were getting really fed up with the way you guys walk all over us.

Lucy: So we cast a spell to take away your voices."

*[The others look confused.]*

*Laney: I know you're mad at us for it, but there is a way to fix this. The Ancient Book of Spells says we can transfer the effects onto ourselves.*

**Lucy:** "We're really sorry, but don't worry. Yes, We'll never speak again, but I guess we deserve it for-"

*[Before she can finish, the others all silently show laughter.]*

**Lucy:** *[confused]* "Why are you laughing?"

Laney: Or at least I think it's laughter. Hard to tell because you don't have any voices.

*[Lincoln pokes to his throat and moves his hands up and down.]*

**Me:** You want us to frost a birthday cake?

*[Lincoln looks unimpressed. Lori takes out a pad and a pen and writes something down and hands it to Lucy.]*

**Lucy:** *[reading the message]* "We didn't take away your voices?"

*[The others shake their heads.]*

**Laney:** "Then why are you so silent?"

*[Luan hands her sisters her phone, showing a recording of Albert in a shuffleboard game with other people. Once their Pop-Pop wins, the siblings cheer loudly.]*

**Lincoln, Lori, Leni, Luna, Luan, Lynn, Lana, Lola, and Lisa:** *[lifting him up and chanting him]* "POP-POP! POP-POP! POP-POP!"

*[The video ends]*

**Lucy:** "You lost your voices at Pop-Pop's shuffleboard match?"

*[They nod]*

*Me: Your grandpa won! Way to go!*

*Varie: Congratulations to him!* But you all got Laryngitis from it?

[They nod]

Me: That stinks. You strained your voices too hard.

**Lucy:** "But what about my other spells? Lori, I killed your phone."

*[Lori points to her phone charging.]*

**Lucy:** "Oh. So the battery just died.

Me: Boy, I hate it when that happens.

Lucy: But Lana, what about my spell to make your butt itch?"

*[Lana shows her some poison ivy outside by a tree and makes a circular motion with her finger.]*

**Lucy:** "You rolled around in poison ivy again?"

Me: Ooh! That is painful. One time my dad took me onto the golf course to collect golf balls lost in the woods and I accidentally touched some poison ivy with my leg and I was itching like there's no tomorrow.

*[Lana starts dragging her butt across the carpet still suffering from the itch. Charles pops out from under Lori's bed and joins Lana in butt dragging.]*

*Laney: Okay.. But what about you, Lincoln? I casted a spell and turned you into a statue.*

*[Lincoln shakes his head and he and Lynn chased around the room, Lynn touches him and Lincoln freezes up like a statue]*

*Laney: Oh, you were playing Freeze tag? [Lynn and Lincoln nod]*

*Me: I love Freeze Tag. Play that all the time in gym class.*

*Laney: But What about Lola? I made her lose her hair.*

*[Lola shakes her head and holds out a green bottle]*

*Varie: What's that stuff? Hair gel?*

*[Lola points to Lisa]*

*Laney: Oh, Lisa's experimental Hair Gel. [Lola nods and uses Lisa's*

*Hair Gel and more of her hair falls out. Lola is silently shocked]*

*Laney: Wait! Luna! I made a spell to remove your music from your guitar.*

*[Luna shakes her head and pushes in the amp from her room and tries to play her guitar, but no sound was coming out. She banged on the amp]*

*Me: There's something wrong with your amp? Let me take a look at it.*

*I look at the wiring and I discovered that a wire has been burned.*

*Me: Here it is. Luna, this wire right here got burned bad. You shorted out the speaker.*

*Luna sees a green wire that leads to her speaker totally charred.*

*Me: [to Lisa] Lisa, can you get me some wire clippers, electrical gloves and a spool of green wire?*

*Lisa went and got me said stuff and I put on the gloves and cut out the burned wire and replace it with a new green wire* .

*Me: There. Try it now.*

*Luna strums on her guitar and it plays sound again.*

*Me: Hey it works again!*

*Luna and me High Five.*

*Laney: You're quite the electrician J.D.*

*Me: I help my dad alot around the house with the wiring.*

*Laney: But, Leni. I made you cluck like a chicken! [Leni shows Laney a cartoon about a chicken on her phone. Then acts like one to entertain Lily]*

*Lily: You do a really good chicken, Leni.*

*Varie: Oh, you were acting like a chicken for Lily? [Leni nods]*

**Lucy:** "Well, what about you, Lisa? Didn't my spell make your fingers sticky?"

*[Lisa shakes her head and brings in her board showing a complex equation.]*

**Lucy:** "I… don't understand any of that."

Me: Looks like some kind of formula for a new type of medicine.

*[Lisa holds out a tape recorder and plays a recording.]*

**Recording:** " *Day 1,482 in the lab: accidentally spilled new formula, but turns out to be excellent adhesive. Apply for patent immediately.* "

*[The recording ends]*

*Me: You inadvertently made some kind of new super glue. No wonder it was so strong.*

**Lucy:** "Okay. Well, I'm still sorry for casting those spells, even if they didn't work. I should have made more of an effort to tell you guys how I felt."

Laney: We were just so tired of you all treating us like we don't exist. And when I found out about the spellbook I… got a little crazy.

Me: It happens to some of us, Laney. It's called Temporary Insanity.

*[Lincoln then writes something on the other side of Lisa's blackboard and flips it over to show it.]*

**Lucy:** " **We're sorry, too.** " *[Luan adds something]*

Laney: [Reads] " **We'll try not to walk all over you anymore.** "

*[Leni goes up to the board and draws a Tic-Tac-Toe grid with an X in the lower left square.]*

**Lucy:** "Uh… okay. Thanks, Leni."

*[Luna notices the time on the alarm clock and signals Lucy by pretending to have fangs.]*

**Lucy:** "What? Oh! My show's on?"

*[The others signal her to come along.]*

**Lucy:** "You guys want to watch it, too?"

*[They give her a thumbs-up]*

*Me: Let me cure your voices. Watch this.* [Chant an Incantation] **Vestiga Piyona Serrisa!**

Rainbow light comes out of my hands and it hits Lori, Leni, Luna, Luan, Lynn, Lincoln, Lana & Lola and Lisa and their voices came back.

Lana: My voice. It's back!

Lori: What did you do, J.D.?

Me: I can use Light and Dark Magic for real.

Laney: Me and Lucy saw J.D. cast a spell up in the attic and it turned a stack of phonograph records into chocolate coins.

Lily: Let's show you.

We go into the attic and Lola takes alot of chocolate coins.

Me: See?

Lincoln: Wow! This is amazing!

Me: Lets go downstairs guys.

**Lucy:** "That's awesome. We'll be right down. I just have to take care of one thing."

*[Lucy and Laney are putting all the things she found in the trunk away.]*

*Laney: Well, I certainly learned my lesson. Next time I'll just talk to my siblings before doing anything rash like casting spells on them. Even though they never worked, but still. It sure was great to finally know that magic is actually real.*

*Lucy: For all it's worth, you would've made a great witch.*

*Laney: Thanks, but I wouldn't use the term "Witch". So, you coming?*

**Lucy:** Yeah, just a minute. I'll catch up. [Laney walks downstairs. Lucy then talks to the photo of Great Grandma Harriet] "Well, Great-Grandma Harriet, I guess this book of spells didn't work after all." *[holds up a photo of her and her siblings.]* "But that's okay. because I got a pretty magical result all the same."

*[She puts the photo of her and her siblings next to Harriet's. Just then, a lightning flash occurs, and the photo of Harriet mysteriously changes her expression from a frown to a smile.]*

*THE END*

*Another great fanfiction completed.*

*I decided to show that I can use Light and Dark Magic. I got the idea from my books at home.*

*See you next time.*

# Homespun

It starts at Me, Varie, Ed, Double D and Eddy walking up to the Loud House. I knock on the door and Lincoln answers it.

Lincoln: Hey guys. Come on in.

Eddy: So what's happening Lincoln?

Lincoln: Just doing my chores for the day.

Eddy: Snoresville!

Me: Need some help?

A Crash is heard.

Lori: "AAH! DANG IT!"

[In the kitchen, Lincoln is taking out the trash when we hear Lori scream.]

Lincoln: "Sounds like someone got trapped in the bathroom again."

Varie: Uh oh.

Upstairs, Laney runs out of her room and towards the bathroom.

Laney: Is everything okay in there?

[Inside the bathroom, Lori, wearing a bathrobe and towel on her head, is holding the doorknob to the bathroom door, which just broke off. She growls at this.]

Lori: "No! I'm locked in the stinking bathroom! Now let me out! Bobby's coming over to study, and I only have three hours to get ready!" [Laney tries to open the door, but the knob broke off and sees through the hole. Lori struggles to open the bathroom door, when suddenly, she slips. She grabs hold of the shower curtain, but it rips off. The pole holding the curtain bonks Lori on the head. Lori growls even louder at this string of events.]

Laney: [Bashes through the door] Hang on Lor- [falls down a hole in the bathroom floor] EEEEEEEEEEEEEEEEE!

I catch Laney as she fell.

Me: Are you alright, Laney?

Laney: Yes, J.D. Thanks to you.

Lori: "THIS HOUSE IS LITERALLY FALLING APART!"

Lincoln: [to the viewers] "Lori's right. With 12 kids, four pets… and two parents who insist on fixing everything themselves, our house is a bit of a, how do I put this nicely, disaster."

Me: It's sounds like you guys have alot of house problems.

Lincoln: Yep.

[Flashback to Lana and Lola brushing their teeth.]

Lincoln: [voice-over] "You've got the faulty water pressure."

[Lana puts her mouth under the faucet, and turns the water pressure on, but nothing comes out. Lola is ticked off at Lana's uncouth method of rinsing her mouth.]

Lana: [leaving the bathroom] "Eh. I'll go borrow some water from Charles' bowl."

Lola: "Try to have a little digni-"

[As Lola was talking, the increased water pressure from the pipes breaks loose, spewing water onto Lola, flinging her into the trash can. Flashback to Luna arriving home late at night with her music equipment.]

'Lincoln: '"And the creaky floorboards."

[As Luna enters the house, she gives a "hang loose" hand gesture and tiptoes over to the staircase. She steps on the first step, making a loud creaking sound. This alerts Lynn Sr., scaring Luna.]

Lynn Sr: "Lori? Leni? Luan?"

Lincoln: "Don't forget about the rotting wood."

[Luna tries to grab hold of the handrail, but the entire staircase breaks apart. As Luna stands back up, Lynn Sr. flashes a light at her.]

Lynn Sr.: "Luna!"

[Flashback to Lincoln adding the finishing touches to a model pirate ship.]

Lincoln: "Then there's the clunky furnace." [Lincoln has just added the captain on the ship.] "Well, Captain. After 13 weeks of careful construction, your ship is finally ready."

[As Lincoln looks on with pride, the furnace begins rattling. As Lincoln holds his model ship in fear, the furnace spews out some soot, covering Lincoln with it and damaging his model ship. Flashback to Lynn Sr. adjusting the TV antenna on a windy day.]

Lincoln: "And the crummy TV signal."

[Inside the house, the kids are complaining that the TV is fuzzy again. Rita is outside putting pillows on a trampoline just in case Lynn Sr. falls off. A sheet of foil lands on Lynn Sr.'s face, blinding him. His vest gets caught on the TV antenna, causing him to get tangled in the antenna.]

Lynn Sr.: [panic-stricken] "Something's got me!"

[Inside the house, the TV signal is back, as a "Peanuts"-esque show appears on the screen.]

Luan: "Wait! Wait! That's perfect!"

[As the Loud kids cheer at the signal being back, Lynn Sr. falls off the roof, along with the TV antenna, causing the signal to be lost again.]

Loud kids: "Aww."

[Flashback to a series of moments where doorknobs and door handles broke off.]

Lincoln: "And the doorknob situation."

Lisa: [doorknob] "Dang it."

Leni: [fridge door handle] "Dang it."

Lynn: [doorknob] "Dang it."

Lucy: [attic cord] "Dang it."

Lori: [doorknob] "Dang it."

Lily: [Faucet Handle] Dang it.

Luna: [flusher handle] "Dang it."

Lincoln: [doorknob] "Dang it."

Laney: [doorknob] OH COME ON!

[End flashback]

[Lincoln has just gotten the trash to the curb, where the mailbox is all banged up and patched up.]

Me: Boy it sounds like you guys are in need of some serious home repair.

Varie: Yeah

Eddy: No kidding.

Lincoln: "Yeah. [thinking] And I feel like there's something I'm leaving out." [The mailbox falls onto his foot.] "YAH! Right. The mailbox." [puts it back up] "Ridiculous. There wasn't even a breeze!"

[Cut to Lisa with a weather machine and wearing a slicker and hat.]

Lisa: "Actually, according to my meteorological instruments, a big storm's a-brewin'. Perhaps a tornado."

Me: [Gasp] A Tornado?!

Lincoln: [doubtful] "What? No way!"

[Cut to the TV with a weather report.]

Patchy: "Patchy Drizzle here with an urgent weather bulletin! A tornado watch has just been issued for the Royal Woods area!"

[Everyone except Lisa gasps]

Lisa: [sighs] "Try and keep up, Patchy."

Rita: "Alright, kids, everyone down to the basement. Your father and I have to secure the TV antenna."

Lynn Sr. "I call trampoline!"

[The basement. Lisa's weather machine is set and the kids and pets are all secured with pillows for comfort on the hard floor and chatting about the situation with concern.]

Me: This is bad. This is Bad. This is very, very bad!

Varie: Yeah.

Ed: [Holds up a pickle] Pickle?

Eddy: Shut up Ed.

Twins: [holding each other tight] "I'm scared!"

Lisa: "Fear not. A tornado watch doesn't mean a twister's coming, but rather that conditions are right for one. Besides, most residential structures can withstand wind speeds of up to 80 mph."

Luan: "Or, in the case of our house, 2 mph!" [laughs and everyone else, except Laney, laughs with her.]

Eddy: [Laughs] Good one, Luan.

Laney: What do you mean?

Lynn: "Maybe this old heap will blow away, and then we can get a new house!"

Laney: What?!

Lola: [sighs dreamily] "I'll finally get my castle!"

Lori: [texting on her phone] "Ugh. I can't believe I have to postpone my study date with Bobby after I did…" [showing her bod] "… all this."

Laney: Wait! Maybe you're being too hard on the house. This place has gotten us through some bad times.

Lori: Mostly because IT caused all those bad times!

Me: Come on guys. A mans home is his castle.

Varie: Yeah. You guys have lived here for a while.

Luna: "Dudes! Remember the first time Bobby came over to Casa Loud?"

[Flashback to Bobby's first visit to the Loud House. He is dressed maturely with a white shirt and tie and carrying an Italian gift basket. He approaches the door but falls through the porch and gets stuck. Lori and her parents open the door with the oldest sister looking on with concern.]

Bobby: "Mr. and Mrs. Loud. Heh. It's an honor to finally meet you." [extends hand which is now covered in marinara sauce.]

Lori: [gasps] "Boo-Boo Bear! You're literally bleeding!"

Bobby: "Oh." [chuckles and shakes sauces off] "No worries, babe. It's-it's just marinara sauce. Ahem. Could I please use your restroom?"

[In the bathroom, Bobby is trying to use the sink, but the water isn't coming out. Suddenly, a shake and rattle comes out and a jet of water blasts Bobby against the wall. Lucy can see him through the hole in the bathroom floor next to the toilet.]

Lucy: "So, you're Lori's new love interest."

[Bobby yelps and flinches and grabs the doorknob only for it to come off.]

Bobby: "Dang it."

[End flashback. Lori reminisces with passion and her siblings laugh.]

Lori: [sighs dreamily] "Fortunately, our love was strong enough to overcome any obstacle. [sternly] Including creepy sisters who spy on my dates." [referring to Lucy]

Lucy: "Please. You can't expect to have privacy in this house."

[Flashback to Lucy and Lynn trying to sleep.]

Lucy: [inhales] "Sigh." [inhales] "Sigh." [inhales] "Sigh."

[This wakes Lynn up]

Lynn: "Okay, you've been doing that for ten minutes. What's wrong, Luce?"

Laney: You can tell us.

Lucy: [rises up] "Don't tell anyone, but…" [shows Lynn a book called "Hungry Like a…" with a werewolf on the cover.] "… I've been reading this new book series about a werewolf, and it feels like I'm cheating on Edwin." [shows her Edwin poster with a little drawing of her taped to it.]

Laney: Well you shouldn't be, because you're not really cheating on anyone. I mean, Edwin's just a creepy old headpiece.

Lucy: You take that back!

Lola: [having overheard this from her room] "I'd stick with the vampire. Werewolves are hairy and gross. Yech!"

Lana: "Which is exactly why she should go for one!" [howls]

Lori: [having overheard it, too] "But Edwin was her first love!"

Me: [Also overhearing it] Yeah and even though Vampires and Werewolves are both awesome creatures of the night, Edwin is way cooler than a werewolf.

Varie: Mermaids are just as awesome as Vampires and Werewolves

Laney: How can you guys hear that?

Lori: These walls aren't exactly made of steel.

Lynn Sr. [also having overheard it] "Don't these books sound a little old for Lucy?"

[Rita is reading The Mom Jeans Ultimatum.]

Rita: "Of course not, dear. When I was a girl, I read a series about a cute lumberjack."

[Lucy places her pillow over her face and falls back.]

Lucy: "Groan."

[End flashback. Everyone except Lucy is laughing.]

Lucy: [inhales] "Sigh…"

Lisa: "I still fail to grasp your dilemma, as both would-be suitors of Vampires and Werewolves minus Mermaids are mythological beings."

Lucy: "My point was that our walls are ridiculously thin."

Me: Yeah, these walls in this house are as thin as paper. You can punch a hole in them and not get hurt.

Leni: "Yeah! Not to mention leaky !"

[Flashback to Leni working on a new dress. The roof starts to leak.]

Leni: "Uh-oh."

[She stops it with her ruler, but then the leak comes in through the wall. She stops it with her foot. Eventually, all different spots in the room are leaking and she covers the last one with her pincushion in her mouth.]

Leni: "Got it." [hears her phone vibrating] "Dang it!"

[End flashback]

Leni: "And it wasn't even raining! Someone just flushed the upstairs toilet!"

Luan: "Urine trouble then!" [laughs to rimshot] "Get it?" [her siblings groan for the umpteenth time, while me, Varie, and Eddy laugh] "Aw, come on. It was funny!"

[The weather machine is going off and Lisa has the results.]

Lisa: "Good news. Wind speeds have decreased significantly. We should be out of this asbestos-ridden dungeon soon."

[Her siblings and the pets cheer.]

Laney: Do we have to say goodbye to our home?

Lynn: Why not? Didn't do any good for us.

Me: Well if this house gets destroyed, you all can stay at my mansion. We got lots of room.

The Loud siblings hug me.

Lincoln: Thank you J.D. You're a true friend.

Lily: I love you J.D.

Me: Thanks guys.

Lori: "At least it's not flooding like it did in the last big storm."

Me: What happened?

[Flashback to the aftermath of the previous storm Lori mentioned. The entire basement is flooded with the faucet leaking.]

Lisa: "I'll get the buckets."

[Many buckets later]

Lori: "Last one."

[She passes it to Leni, who passes it to Luna, who passes it to Luan, who passes it to Lincoln, who passes it to Lucy, who passes it to Lana, who passes it to Charles, who passes it to Lola, who passes it to Lisa, who passes it to Laney, who dumps the water in the backyard. Pause flashback.]

Laney: "But don't you guys remember what happened after that?"

[Resume flashback. After the last bucket, Lynn gasps and notices something.]

Lynn: "Hey, guys! Check it out!"

[They made a swimming hole in the backyard from the storm water.]

Lynn: "CANNONBALL!" [dives right in]

[Everyone except Lori jumps in.]

Lori: "Ew! I'm not swimming in grody basement water!"

[Lynn resurfaces]

Lynn: "Hey, Lori! I found your missing earring!" [holds up said earring.]

Lori: [gasps] "The one from Bobby? CANNONBALL!" [dives right in]

[End flashback. The kids were happy to remember that time.]

Me: You guys made a swimming hole in your backyard with the flood water? Neat.

Ed: Cool!

Edd: If I saw it I would gladly build a fully functional swimming pool for you all.

Lincoln: Thanks Double D.

Lynn: "Yeah, I guess sometimes, living in a crummy house isn't all bad."

Lincoln: "Yeah, like the time possums got in through the holes in the roof and chewed up the wiring."

[Flashback to that time. The last possum has just fled through the hole. The family is up in the attic where Rita has some bad news.]

Rita: "Sorry, kids. Till we get new cables, there's gonna be no TV or internet."

[The kids respond with despair.]

Laney: Hm. I never needed TV or internet to have fun.

Lynn Sr.: "She's right, kids. In fact, I think I know how to possum the time. Ha-ha!" [His kids, even Luan, groans at his joke.]

Laney: Wow. Even Luan didn't think that was funny.

Lynn Sr.: "Guess what ol' Dad found?"

Lori: [hopeful] "A wireless hotspot?"

Lynn Sr. "Even better!" [shows them a series of books] "My old Pioneer Boy books from when I was a kid! They're about a plucky young lad and his family crossing this great nation in a covered wagon. You guys are gonna love 'em!"

[The kids except Laney all have unimpressed and bored looks on their faces. Later, they're seen reenacting the pioneer days inspired by the books and dressing the part. Lincoln is riding in a toy wagon with his Starship Groupers sleeping bag as a cover, Luna and Lana are playing bluegrass music with Lily dancing to the beat, Leni and Lola are trying on old showgirl outfits as Leni laughs, Laney was dressed as Annie Oakley and was shooting pop guns at aluminum cans, Lori has embroidered a hoop of Bobby, while Lucy has sewn one of a cow skull, Lynn is pushing a hoop with a stick, Luan is juggling horseshoes, and Lisa is making different kinds of old fashioned tonics. Luan drops one of her horseshoes on her foot.]

Luan: "Ow!"

Lisa: [in a Southern accent] "Fret not, lassie. One drop of my mugwump elixir will soothe every ache and pain."

[End flashback]

Lori: "That did turn out to be fun."

[The others agree]

Lisa: "Yes, indeed."

Lynn: "That was pretty cool."

Me: You guys will have to do it again sometime so I can see what it was like.

Eddy: I play a really good John Wayne.

Lola: "That was almost as fun as the time the air conditioner went crazy, and Dad couldn't turn it off."

[Flashback to that time where Lynn Sr. is struggling with the AC. It blasts a bit and he runs off in fear. Inside, the living room has become a winter wonderland for the kids who are in their winter clothes and having fun ice skating, building a snowman, and having a snowball fight. End flashback.]

Luna: "You know, dudes, maybe we've been too hard on the ol' crib. It's got some perks. Like the wicked slanty floors."

[Flashback to a good meal with Lincoln and his older sisters at the grownup table.]

Luna: [leaning chair toward the kitchen and the kiddie table.] "Yo, Lans! Pass the gravy."

[Lana puts the gravy boat on the floor and it slants over to Luna. End flashback.]

Luna: [laughs] "You never have to get up to grab some grub!"

Lynn: "Or a fresh roll of TP."

[Flashback to Lynn using the toilet while reading the sports section without any toilet paper.]

Lynn: "GUYS! I NEED A RELOAD!" [one of them tosses her a roll from the hole and she grabs it.] "And she makes the snag."

[End flashback with them all laughing.]

Eddy: [Raising his Hand] Oooh! Oooh! I have a memory I'd like to share and it's about that tree in the backyard.

Lincoln: Oh yeah, That tree has gotten us through some good times, hasn't it?

We all agree

Eddy: Well, this one is about me and Luan.

Luan: Really?

Eddy: Yeah, it was a few days ago. You had just showed me some good jokes for a special comedy company, but they didn't like them at all. They rejected you. You felt awful and you wanted to quit.

[Cuts to a flashback of that moment. Me, Varie, and All the Loud kids minus Luan are standing in the living room looking worried. Just then, Eddy comes in with a sign that says "WELL DONE, LUAN" on it]

Eddy: Woo-Hoo! Yay Luan! Yeah-(Eddy notices their worried looks) Uh, guys what's going on? Why do you look so worried? And Where's Luan?

Lincoln: [Worried] She's outside in the backyard, Crying.

Me: [worried] The people at the comedy company hated her jokes. [Angry] Bunch of Imbeciles! They wouldn't know good comedy if it hit them in the nose!

Lucy: She hasn't stopped crying since she got back.

Eddy: Oh no! Well let me go talk to her.

Eddy ran outside to the backyard with a box of tissues in his hand and sees Luan sobbing under the tree. Her joke notebook was right next to the tree. He goes up to her.

Eddy: Luan? Are you okay?

She turns and instantly hugs him

Luan: (Sobbing Hard) Oh Eddy! It went horrible! They said my jokes are stupid and atrocious! They're a total disgrace! Like the worst kind of jokes ever known!

She continues to sob and Eddy continues to hug her

Eddy: (sighs) I'm sorry Luan.

They touch noses

Luan: Do you think my jokes are funny, Eddy?

Eddy: They are more than just funny. They're Hilarious! You showed them to me yesterday and I thought they were comedy gold. And if that company can't see that, then they're just a bunch of humorless nimrods!

Luan: I don't know, They said I wasn't worth following in Comedy Footsteps. Maybe I should just quit comedy.

Eddy: (Gasp) Luan! Don't say that! You love Comedy and you're really good at it. Don't let those humorless nimrods at that company tell you that you're not good. Keep going, keep doing what you love. I would feel awful if you gave up.

Luan: (sniffs) Thank you Eddy.

Eddy: (hands her the box of tissues) Tissue?

Luan: Sure.

She uses the tissues and hugs Eddy.

Luan: Eddy, there's something I need to tell you.

Eddy: Sure Luan. You can tell me anything.

Luan: When I was at that building and I thought I was gonna bomb, there was only one person who I was thinking of, and it wasn't who I thought it'd be. It was you Eddy. I kept thinking: I hope I make it through this so I can see my little Eddy's face again.

Eddy: Really?

Luan: (moves closer to him and takes his hands) There's only one boy who's always been there for me. Who makes me feel like I'm more than I ever thought I could be. Who helped me get better after I broke up with Benny. That I'm just… Me. And that's okay. The truth is… I love you. (She gazes into Eddy's eyes and sheds a tear) Oh, I love you so much, Eddy!

She grabs Eddy and kisses him on the lips. This lasts for about 2 minutes. The moment she lets go he moans.

Eddy: Luan, I just have one thing for you.

Eddy goes up to her and starts making out with her again. Cuts back to the present where Luan's siblings are aw-ing at the flashback while Eddy and Luan hug eachother.

Loud Siblings minus Luan: Awwwwwwwwwwwwwwww!

I shed tears of happiness for them

Me: (Sniffs and wipes away the tears) That was beautiful!

Varie: Yes it was. I'll never forget that.

Ed: Isn't love beautiful Double D?

Edd: It sure is Ed. I can tell that Eddy and Luan were made for eachother.

Laney: I agree Double D.

Eddy: Best 2 minutes of my life.

Luan: (To Eddy) Me too.

They kiss again.

Laney: Lets review some more memories.

Lincoln: "The broken doorbell can come in handy, too."

[Flashback to a time they ordered pizza and the delivery guy presses the doorbell only to be shocked by its faulty wiring. He drops all the boxes meant for the Louds and runs off. The kids answer and smack their lips with hunger. End flashback.]

Lincoln: "I can't remember the last time we paid for pizza."

[The kids laugh some more.]

Laney: And don't forget the super springy couch!

[Flashback to when Laney was reading a book, when she got excited at a certain moment, she started to bounce lightly, when she noticed this she started jumping on it and she started to giggle, until it bounced her so high that she smashed a hole in the ceiling]

Luna: [offscreen] Occupado!

Laney: Sorry, Luna.

[Flashback ends and we all laugh again]

Lynn: "Guess that explains why we have that hole. And boy did that come in handy."

Lori: "Um, we got it, Lynn."

Lynn: "Oh. Okay. Just wanted to be sure."

Lily: [Walks up to the wall] I have a great memory, it was Mom and Dad's anniversary weekend."

[Flashback to said weekend. The parents are driving off and the kids wave goodbye.]

Kids: "BYE! HAVE FUN!"

Lincoln: "Okay, guys, it's time to put Operation Paint The Peeling House To Give Mom And Dad The Greatest Anniversary Gift Ever And Also Think Of A Shorter Name For This Operation… into action!"

[The kids go into the garage.]

Lucy: "I still think adjacent burial plots would have been a better gift. Nothing says romance like eternity." [The others just slowly inch away from Lucy after hearing that. Later, as Lincoln puts on the last coat, the horn sounds.]

Lincoln: "They're back! Paintbrushes down!"

[Their parents step out of the car and find their house completely covered in a rainbow nightmare.]

Loud Kids: "SURPRISE! HAPPY ANNIVERSARY!"

Lynn Sr. and Rita: [appalled] "Good… gravy…"

Lincoln: "So, you like it?"

Lynn Sr. and Rita: "Uh…"

[The kids are immediately painting the house back to the way it was before. Lily paints a hand print on the side of the quick, and the others follow suit, each colored handprint matching their themed color.]

Lynn Sr. [tear-stricken] "Best… anniversary gift… EVER!"

[End flashback]

Luan: "That was a great story, Lily."

Lily: Thanks Luan.

Me: That operation would've been Operation: Rainbow Anniversary.

Lincoln: That's a perfect name.

[We all laugh again. Just then, Lisa's weather machine goes off again.]

Me: Uh oh! I don't like the sound of that!

Lori: [concerned] "What's going on? Is the storm over?"

Lisa: "Uh. Actually, wind speeds have increased significantly. Meaning the tornado watch is about to become a tornado warning ." [The siblings gasp in fear, and a siren on Lisa's weather machine begins blaring.] "And there it is."

[Rita and Lynn Sr. enter the basement.]

Lynn Sr: "NOBODY PANIC!"

Thunder roars outside.

Varie: Here it comes!

Lynn: [regretful] "I guess it's not such a bad house after all."

Lisa: "Definitely."

[As the sisters agree with Lynn's statement, the sound of thunder begins roaring like crazy, causing the light in the basement to begin flickering and wind starts blowing violently.]

Lana: "I don't want our house to blow away!"

Lynn: "Me neither."

Lisa: "I take back what I said before."

Luan: "Yeah, we have so many memories in these walls."

Luna: "I'm sorry I ever ragged on this place."

Lynn: "Me too."

Leni: "We're so sorry, house!"

Lola: "Me too!"

Lana: "Me three!"

Laney: We've been through so much together! I don't wanna lose you!

Lincoln: Me neither! [confessing] "You might be old and creaky and full of leaks, but you're ours. And we love you!"

Me: It was a pleasure to be in your presence!

Varie: Same here!

[As the winds increase with power, Me, Varie, Ed, Edd, Eddy the siblings and the pets begin trembling in fear at the impending doom that's about to hit us. After eight seconds of cowering, the winds suddenly cease, the thunder stops roaring, and the light stops flickering. Lisa checks her machine.]

Lisa: "All clear!"

Me: Wow! That was quick.

Lincoln: "Let's go check on the house!" [the siblings expect Lynn all run upstairs out of the attic.] "I hope the house is okay!"

Lynn: [with a roll of toilet paper] "I'll check the hole in the bathroom floor."

[Outside. The neighborhood is littered with rubble all over. The siblings and parents are looking at their house with deep concern. A passing bicyclist approaches them.]

Bicyclist: "Yikes. You guys were hit hard."

[The house and Woody's house are revealed to be just the same.]

Lincoln: "Nope, this is how our house always looks. And we wouldn't want it any other way."

Me: You said it buddy!

Laney: And lets keep it that way.

Varie: I agree.

Ed: Me too.

Edd: I concur.

Eddy: Same here and I wouldn't have it any other way.

Me: Me and Varie are going out to survey the damage and see if anyone needs help.

Varie: We'll be back in a few.

Lynn Sr.: "All right. Be safe. Everyone, back inside."

Me and Varie fly off.

[Lynn Sr. attempts to open the door, only for the door handle to break off.]

Loud Family: "Dang it!"

Edd: Oh for the love of!

THE END

Two fanfictions done in one day.

That's a record for some. I want to thank ThomperFan for the idea for the romantic scenario to add for this one. This was truly an interesting one.

See you next time.

# Tornado Aftermath (Homespun Part 2)

It starts out with Me and Varie flying over Royal Woods. We see that there was only some minor damage done to some of the houses.

Me: Boy, hardly any houses got hit at all.

Varie: Yeah. We were lucky.

Me: [To the Viewers] The city had just been hit by a tornado and me and Varie are out surveying the damage and looking for anyone that might need some help. Luckily, Me, Varie and our friends the Loud's and the Ed's were in the basement of the Loud House when it hit. Tornadoes hardly ever hit Detroit and the last one we got was back in 1997.

Varie: Yeah. Thank goodness.

We fly over a bunch of houses and we see a shocking sight.

The Santiago residence was completely destroyed and Bobby, Ronnie Anne and their mom Maria Santiago are sitting on the sidewalk crying.

Varie: Oh, man. That's Bobby's house.

Me: What's left of it. It's gone. They took a direct hit.

Me and Varie land.

Me: Bobby, Ronnie Anne. Thank goodness you guys are alright.

Bobby: J.D. amigo. Thank you. But our house is not! (Crying)

Ronnie Anne: We lost everything in the tornado. We have no place to go.

Me: Varie, you better get Lori and Lincoln down here.

Varie: I'm on it.

Varie pulls out her clamshell cell phone and dials Lori's phone.

Lori: [On Varie's Phone] Hello?

Varie: Lori, it's Varie. Bobby and Ronnie Anne's house has been completely destroyed.

Lori: (Gasp) Are they alright!?

Varie: Yes. They are.

Lori: Me and Lincoln will be right over!

Varie: Okay. [Hangs up]

Me: Are Lori and Lincoln on their way?

Varie: Yes, they are.

10 minutes later, Vanzilla pulls up and Lori and Lincoln are in it.

Lori: Bobby Boo-Boo Bear!

Lori and Lincoln get out and Lori hugs Bobby.

Lincoln: Thank goodness you guys are okay.

Ronnie Anne: Yeah we are okay. But we lost everything. Look.

Ronnie Anne shows us the destroyed house.

Lincoln: Man. You guys got hit head on.

Me: Yeah. It was a direct hit on them. Lets search through the rubble and see if we can find some stuff that we can save.

Maria: Okay.

We dig through the remains of the destroyed Santiago residence and find the stove, refrigerator, and all the food in the pantry still intact. Ronnie Anne's room is still there but Bobby's is completely gone. Maria's room was half destroyed but some of her clothes and furniture were still intact. Bobby's work clothes are still intact.

Me: Well some of the house is salvageable. But the rest is completely gone. Mrs. Santiago, do you guys have Homeowners Insurance?

Maria: I'm afraid not, J.D. Bobby's jobs provide the money for my family including my job as a nurse at the hospital.

Me: Oh man. Well. Our only option is to have you guys live in the Loud house until you guys get back on your feet. Lori would like that. Right?

Bobby: I think she would. What do you think babe?

Lori hugs Bobby.

Lori: I would love that Bobby Boo-Boo-Bear.

Lincoln: I would like having Ronnie Anne in my house.

Ronnie Anne: Me too, Lame-o.

Bobby: J.D. we're other houses hit besides ours?

Me: No. We surveyed the whole area of Royal Woods and found that only your house was a near total loss.

Varie: We'll have to talk this over with Mr. Lynn and Ms. Rita.

Back at the Loud house, Vanzilla drives up with Lori, Lincoln, Maria, Bobby and Ronnie Anne. Me and Varie land and we all see that Double D had fixed up the entire Loud House completely good as new. It was also expanded and made bigger than before. We were shocked.

Me: What happened to the house while we were gone?

Edd: [Offscreen] I renovated the whole place while you were gone.

Varie: Double D. You are amazing. You should be a home contractor.

Edd: Thank you Varie. I figured because the Loud family lives under such small accomodations and poor housing mechanics, I decided to expand and upgrade the house.

Me: I'm not surprised. It looks great Double D.

Lincoln: I guess our home repairs have been fixed. What do we owe you Double D?

Edd: No charge Lincoln. I build alot of stuff so I figured I could help out.

Lincoln: Thanks Double D. You're a good friend.

Varie: Lets go check it out and get Maria, Bobby and Ronnie Anne settled in after talking to Mr. Lynn and Ms. Rita.

We all check it out and the living room had better furniture, larger television, a great video game system and nice decorative furniture. The kitchen now looked like a commercial restaurant kitchen, All the siblings rooms were bigger and Lincoln now doesn't live in a converted linen closet anymore. Lola and Lana's Room have a glass divider wall with a door in the middle. Lana's room is a jungle filled with all kinds of plants and her animal friends. Lola's room is now a pageant stage and princess castle. Lucy's Room is a dark vampire crypt. Lisa's room is now a fully functional high tech laboratory. Lori's room is now a make up studio. Leni's room is now a full fledge fashion design studio. Luna's Room is now a rock and roll recording studio. Luan's room is now a comedy gag studio and April Fool's pranking simulator. Lynn's room is now a sports practice room loaded with equipment. Lily's room is now a huge beautiful aquarium with lots of colorful fish. Laney's room is an art studio and library. Lincoln's room is now an arcade and has lots of space to have fun. The walls are thicker and sound can't get through them. The pipes are now stronger than ever and the air conditioner is fixed, and more.

Me: Wow! Double D. You've really made this house a great paradise.

Edd: Thank you J.D.

Me and Varie later told Lynn Sr. and Rita what happened to Maria, Bobby and Ronnie Anne.

Lynn Sr.: So their house has been destroyed?

Me: Yeah. Almost nothing left.

Rita: Well of course you three can stay here.

Lynn Sr.: Yeah. Welcome to the Loud House. Friends.

There were separate rooms down in the basement. Maria lives in the 2nd Master Bedroom. Bobby and Ronnie Anne each have their own room in the basement. Bobby's room is a special room that has all sorts of gadgets and his work clothes and more and it has a special communication view window that goes into Lori's Room. Ronnie Anne's room has all her stuff from home in it like her clothes, pictures of her and Lincoln and more.

It was a grand time for the Loud's and the Santiago's.

THE END.

Another Fanfiction Done.

I wanted to make a sequel to the episode Homespun. It's an original episode within an episode if you will.

Until next time. See you then.

# No Guts, No Glori

It starts out with Me, Varie, Woody and Eddy arriving at the Loud House.

I knock on the door and Lynn Sr. opens the door.

Lynn Sr.: Hello guys. Come on in.

Me: Thanks Mr. Lynn.

Eddy: Hey L Sr. What's up?

Lynn Sr.: Not much Eddy. Where's Ed and Double D?

Eddy: Oh they couldn't come today. They decided to spend time with their mom and dad.

Lynn Sr.: Oh that's okay.

We go up to Lincoln's room, where he is enjoying a nice glass of lemonade with a crazy straw.

Me: Hi, Lincoln.

Lincoln: Hey guys.

Varie: Whatcha doing?

Lincoln: "Well, it's Friday night. You survived another week of school. Now it's time to kick back, forget your troubles, and crack open a brand new video game." [gets out a copy of Super Mega Brawlers Turbo Fighter and smells it.] "Love that new game smell." [Suddenly picks up another scent; and we do too.]

Me: Uh, that doesn't smell like new video games.

Varie: It smells like fresh flowers in the springtime.

Woody: It smells really good.

Lincoln: "Wait a minute." [sniffs again] "Is that… Oh no!"

[Soon, his sisters start picking up the scent as well.]

Lucy: "Sniff. Sniff."

Lincoln: "Mom's expensive perfume. Which can only mean one thing." [checks the calendar and finds out what tonight is… ] "Date night! Which can only mean one other thing!"

Rita: "Lori's in charge! Do as she says! Bye!" [leaves]

Lincoln: "NOOOOOOOOO! She gets a sick thrill from bossing us around! In this house, we call her the Queen of-"

Lori: [from upstairs] "NO!" [unplugs Luna's amplifiers] "NO MUSIC!" [tosses Lana's mud pie in the trash] "NO MUD PIES!" [approaches Leni who's talking on the phone] "NO-"

Leni: "Way! That's totes cray cray!"

Lori: [hangs up Leni's call] "No phone calls." [Takes away Laney's book] No reading.

Laney: Hey! You can't just-

Lori gave Laney an intimidating look.

Laney: Nevermind…

Lori: [takes away Lincoln's game] "AND NO VIDEO GAMES!"

[Lori dresses up in a military uniform and blows a whistle that summons Me, Varie, Eddy, Woody and Lori's siblings, Bobby, Ronnie Anne and the pets to the front room. I stand in attention saluting her]

Lori: "At ease!" [Everyone feels calmer now and I still stand in attention] "JUST KIDDING! NOBODY IS TO BE AT EASE IN MY PRESENCE!" [the others regain their forms] "As you know, Mom and Dad left me in charge. That means, you have to do as I say, whether you're tall, short, or covered in fur and can only understand the word "sit"."

[Charles, Cliff, and Geo sit down on command, but Walt tips over in his attempt and knocks Geo's hamster ball to the side.]

Lori: [busts out a chart of tonight's schedule] "Now, here is our schedule for this evening. 6:00 to 7:00: Sitting on bed with arms folded. 7:00 to 7:30: Chow. 7:30 to 8:00: Thorough cleaning of mess hall. 8:00: Staring at wall until falling asleep. Everyone got that?"

Me, Varie, Woody, Eddy, Bobby, Ronnie Anne, Lincoln, Leni, Luna, Luan, Lynn, Lucy, Laney, Lola, Lisa, and Lily: "MA'AM, YES, MA'AM!"

Lana: "SIR, YES, SIR!"

[Lori glares at Lana for calling her "sir".]

Me: [I salute] General Lori Ma'am?

Lori: General Lori. I like the sound of that. What Is it soldier?

Me: You would make a great military commanding officer for the Army, Ma'am!

Lori: "[to me] THANK YOU! [To everyone else] Everyone but J.D., DISMISSED!"

[Everyone but me rushes back to their rooms while Geo hops in his ball up each step.]

Lori: Why did you call me General Lori, J.D.?

Me: Sorry, Lori. It's a force of habit. Whenever I get involved in a military type scenario I pretend like I'm part of the military.

Lori: Oh I get it. Well that's okay. Thanks for the military rank. Do you think I would be a good General?

Me: You definitely have what it takes. My grandfathers both fought in World War II and I carry them close to my heart and in memory.

Lori: That's very thoughtful. Anyway. DISMISSED!

I salute and march up to Lincoln's room.

In Lincoln's room, Me, Varie, Woody and Lincoln are sitting on Lincoln's bed with our arms folded.

Me: This sucks eggs. I thought we were gonna have fun tonight. I guess it's gonna be a boring day.

Lincoln: [Determined] Not if I have to say anything about it!.

[Lincoln opens his door and puts a note in Geo's hamster ball.]

Lincoln: "Hey, Geo. Want a snack, boy?" [tosses the snack over to Lola and Lana's door.]

[Geo rolls over, opens his ball, gets the treat, and gets the twins' attention; Lincoln does this with his other sisters; the note tells them to meet in Lincoln's room and they sneak over to Lincoln's room; Luan and Eddy had camouflaged themselves with the wall and sneak in; Leni is the only one who still hasn't snuck out of her room; she begins to sneak by her while wearing a scarf.]

Lori: [suspicious] "Leni, what are you doing?"

Leni: "I'm not Leni. I'm wearing a scarf."

Lori: [not fooled one bit] "You've got five minutes to do your business."

[Leni goes out and sneaks over to Lincoln's room to join the others for a big meeting.]

Lola: This better be good. You know how much trouble we'll be in if Lori finds out we're not in our rooms?"

Eddy: Lincoln, I didn't know Lori was so strict about having everyone in their rooms when she babysits.

Lincoln: "Rooms? More like prison cells! Every time Lori's left in charge, she makes our lives miserable. Well, I say no more! It's time to take back our Friday nights! Luna, do you like it when Lori unplugs your amp mid-jam?"

Luna: "It's way harsh."

Lincoln: "And Lana, how about when Lori throws out your mud pies?"

Lana: "I work hard on those!"

Lincoln: "And Lily, what about when Lori won't let you read about fish and talk to your mermaid friends when they visit?"

Lily: Those mermaids are like my sisters.

Lincoln: "Then let's do something about it!"

Me, Varie, Woody, Eddy, Leni, Luna, Luan, Lynn, Lucy, Lola, Lana, Lisa, and Lily: "YEAH!"

Laney: WAIT! [we all look at her] Um, I know you guys have a problem with Lori's rules but we shouldn't resort to breaking them.

Lana: Yeah right! Like we will take advice from a suck-up!

Me: [scolding] Hey! Lana, that was totally uncalled for!

Varie: Yeah. We have enough already to deal with.

Laney: Suck-up? What are you talking about?

Lana: You've never broken a rule in your life! Always puttin' on a goody goody routine for Lori.

Laney: Hey! I can be a rulebreaker to Lori.

Lana: Then why can't you?

Laney: Ummm. Maybe, because there are some specific rules…

Lana: Or maybe, you're afraid of her!

Lincoln, Leni, Luna, Luan, Lynn, Lucy, Lola, Lisa and Lily: Ooooh!

Laney: [Furious] THAT'S IT! COUNT ME IN!

Lincoln: All right now here's the plan…

[Back in Lori room, Lori is trying to paint her toenails like in Sixteen 1/2 Magazine, but she doesn't seem to have gotten it down; suddenly, Luna's jam is back on, which Lori does not take well as it's going against her orders.]

Lori: [sees Lily playing] "Lily? What are you-"

[Just then, there are some creaks and Lori notices that we are right behind her; we tackle her and she screams for help; just then, it's revealed that we tied her up to a chair.]

Lori: [furious] "Hey! What is going on?"

Lincoln: "Your power trip is over! We're taking back our Friday nights!"

Lori: "Power trip?"

Lincoln: "Just admit it. You get a sick thrill out of bossing us around."

[Me, Varie, Woody, Eddy and The other sisters concur.]

Lori: "You think I enjoy this?

Me: Well yeah. What else would we think?

Lori: Well, unfortunately, I'm the only one who can keep this house from ending up in a pile of rubble! It's not like any of you could do it."

Lana: "Yuh-huh. Lincoln could."

Lincoln: [surprised] "I could?"

Laney: Yeah! He's twice the better babysitter than you! We're thinkin' Lincoln!

Me: You can do it buddy.

Me, Varie, Woody, Eddy, Leni, Luna, Luan, Lynn, Lucy, Lola, Lana, Lisa, and Lily: "WE'RE THINKIN' LINCOLN! WE'RE THINKIN' LINCOLN!"

[Lincoln and Lori are flabbergasted at this.]

Lori: [condescendingly] "Lincoln in charge? Ha! He couldn't lead Cliff to the litter box."

[Cliff is right next to his little box and suddenly goes right on the carpet.]

Varie: We got three words for you: BRING. IT. ON!

Lincoln: "Challenge accepted!" [takes the whistle] "Take her away!"

[the other sisters carry her to her room.]

Lori: "You won't last five minutes!" [laughs maniacally] HA HA HA HA HA HA HA HA!"

Me: [shuts the door] "Lola, guard this door. No one goes in, no one comes out."

[Lola nods in agreement and gets a Golf club to guard the door while dressing up as a security guard.]

Lincoln: "Say goodbye to the Queen of No…" [tosses whistle on the floor] "… and hello to the King of Yes!"

[Me, Varie, Woody, Eddy and The sisters cheer in victory; Luna is finally jamming out.]

Lincoln: "Yes to music!" [cranks the tunes and puts a happy face on Lana's mud pie.] "Yes to mud!"

Leni: [on the phone] "Seriously?"

Lincoln: "Yes to phone calls! [Gives Laney her book] Yes to reading! And yes to video games!" [turns his game on]

SUPER MEGA BRAWLERS TURBO FIGHTER XXIV

Game announcer: "Round 1: Fight!"

[But just before Me, Woody, Eddy and Lincoln can finally start playing, Leni screams and Lincoln pauses the game and we go to see what's wrong; it turns out that Luan is chasing Leni around with a rubber spider.]

Lincoln: "Uh… okay. Have fun. Just don't get too crazy."

Eddy: [Laughs] Luan you always are so funny! That's why I love you!

Luan: [Chasing Leni] Thanks Eddy my Joker King.

[Just then, Luna's amps are at a really high volume.]

Lincoln: "RAD SOUNDS! MAYBE NOT SO LOUD!" [turns it down a little which Luna doesn't understand.]

[Me, Woody, Eddy and Lincoln try to get back to our game, but there's a suddenly explosion and the smoke alarm goes off and we go check it out; Lisa comes out of her room.]

Lincoln: [concerned] "What was that?!"

Lisa: "It's science. You wouldn't understand." [just then, a tentacle grabs Lisa and drags her back in.] "AAH!" [the door closes.]

Me: That was awesome.

Eddy: Geez louise!

Me: As Ed would say: Cool.

Lincoln: "Just keep it on a leash!"

[Just before we can resume his game, we finds Lana casts a fishing rod right into the fish tank.]

Lincoln: "Lana! You can't fish in there! Those are pets."

[Lynn comes in with a bucket of dirt and pours the dirt on the floor.]

Varie: "Lynn! What are you doing?"

Lynn: "Can't ride a dirt bike without dirt."

Laney: Dirt bike? You can't ride a dirt bike in the house!

Lynn: What are you gonna do? Tell Lori? [chuckles]

Lincoln: "Give me that bucket!"

Annoyed by the thought of her being a rule-following suckup, Laney went to the fridge and grabbed some leftover pizza and went to the dining room. She hid under the table and spotted Lana.

Laney: Hey Lana! Would a suck-up do this?

She then throws a slice of pizza, but Lana dodged it and it hit Lucy instead. It was silent for a moment. Then Lucy had some waffles in her hands.

Lucy: Game on.

They all smiled and they commenced a food fight.

[Suddenly, Me, Varie, Eddy, Woody, and Lincoln are in a crossfire of pizza slices and waffles tossed by Lana, Laney and Lucy who are having a food fight; he shields himself with a cookie sheet and the pizza and waffles plaster all over it and make a rather gorgeous painting which impresses him.]

Varie: Ooh. That's a colorful work of food art.

Meanwhile at the messed up table, Laney couldn't help but laugh at how much fun this was.

Laney: That. Was. GREAT!

Lana: I knew you'd come around.

Laney: Why stop here? We got the whole night to ourselves! What do you say we get reeeeeeeeally crazy!?

Lana: Now your talking!

[Lynn is pouring water from the hose all over the carpet and then gets pegged by an incoming gourd; the hose then starts going wild;

Leni is on the phone while Luan is still chasing her with her rubber spider.]

Leni: "Hi, exterminator guy! Do you do spiders?" [sees the hose] "Ew! What about water snakes?"

[The hose squirts Luan but she resumes chasing Leni; Lincoln trips over the telephone wire and lands in the mud and notices Lucy built a fort of Lily's spare diapers and me, Varie, Eddy, Lily and Woody are with her.]

Lincoln: "Lucy! What are you doing with all those diapers?"

[Lana screams like a madman and fires a barrage of meatballs.]

Lucy: "Incoming." [gets down]

Lincoln: [takes cover with her only for their fort wall to be damaged.] "Diaper wall breach!"

[I fire a ketchup squirt bottle gun at Lana as she fires a cupcake at them, but Lucy stops it by plugging up the hole with a bunch of spare diapers]

Eddy pulls out a gun that he, Ed, and Double D made at the Junkyard in Peach Creek while living Ed's favorite movie "Robot Rebel Ranch" and fired mustard at Lana and it drenched her.

Lily: Nice shot Eddy.

Eddy: Thanks Lily.

Luna: "FOR THOSE ABOUT TO ROCK!" [sets her amps to "Super Max" and has fireworks all set up for a big finale.]

Me: Duck and cover!

Lincoln: "LUNA!" [slow motion] "NOOOOOOOOOOOOOOOOOOOO-"

[Too late; Luna plays a chord and the noise blasts Lincoln right into the wall which leaves a dent of unsightly residue; just then, Lori's taunting words echo in his mind.]

Echo Lori: "Lincoln in charge? Ha! He couldn't lead Cliff to the litter box."

[Cliff is right next to his litter box, but I grab him and place him in the litter box.]

Me: Now you go in the litter box from now on Cliff.

Cliff meows and I pet him.

Lincoln: "Thanks J.D." [Sees the destruction and gets steamed up; unplugs Luna's amps] "No guitar playing…" [takes Lana's food]"… no food fights…" [stops Lynn from riding her bike in the house] "… no dirt bikes, and no science experiments!" [takes Lisa's beakers and tosses them, causing an explosion.]

[The others aren't too happy with Lincoln suddenly changing his mind.]

Lynn: "Who do you think you are? Lori?

[His sisters minus Laney and Lily start laughing at him and go back to enjoying their Friday night.]

Lincoln: "No. I'm not." [realizing] "Lori! J.D., Varie, Eddy, Woody, Laney, Lily! Come on! We got to get Lori!"

Me: We're right behind you.

Varie: I've had enough fun for one night.

Laney: Me too.

Lily: Same here.

Woody: Yeah.

Eddy: Sure. Why not. Luan?

Luan: Yes, Eddy?

Eddy: I've had enough fun for tonight.

Luan: Me too. I'll go with you.

[Me, Varie, Eddy, Woody, Luan, Laney and Lily head to Lori's room only to be stopped by Lola.]

Lola: "Hey! No one goes in, no one comes out! Boss's orders!"

Me: "Those were my orders! Let me in!"

Lola: "I'm gonna need you to step back. All of you."

Lincoln: "Sorry about this, Lola." [charges at Lola with a war cry; Lola is about to whack him with the golf club but I use the Force and pull it out of her hands and I grab it.]

Me: Sorry Lola. But Mr. Lynn would be really mad if we ruined his golf club.

Luan: Yeah. This wouldn't amount to a good slice! [Rimshot] [Laughs] Get it?

Me, Varie and Eddy Laugh.

Me: Good one, Luan!

Varie: Funny.

Eddy: That was a good one.

[Meanwhile, Lori has somehow already broken free of her rope bindings and is filing her nails when the door opens and in comes Me, Varie, Lincoln, Eddy, Woody, Laney and Lily.] Lincoln: "Lori! Lori!"

Lori: "Ha! I knew you wouldn't last five minutes."

Lincoln: [despondently] "It's only been five minutes?"

Laney: Actually it's been more than 5 minutes, Lori.

Lincoln: [gets it together] "It's a mad house down there! You've got to help me!"

Lori: "Nah. I'm thinkin' Lincoln. You handle it."

Lincoln: "I can't! You're the only one who can keep this house from ending up in a pile of rubble." [Luna's fireworks go off] "Or ashes."

Lori: "And?"

Lincoln: "I couldn't lead Cliff to the litter box."

Me: Actually I did and he knows where to go from now on.

Lori: "Oh. Well good work J.D. And?"

Lincoln: "I'm sorry."

Me, Varie, Laney, Lily, Eddy and Luan apologize too.

Lori: "That's all I needed to hear." [puts on military shades] "Let's roll!"

Me: [Salutes] Right with you General Lori!

[We open the door with Lola still standing guard.]

Lincoln: "I don't know how to get past her. She's an animal."

[Lori covers his mouth, holds up a pile of glitter, and blows it in Lola's direction.]

Lola: [giddily chases after the sparkly cloud] "GLITTER!"

Me: Very clever.

Lincoln: [impressed] "Glitter. Nice."

Luan: That sure SPARKLED. [Rimshot] [Laughs] Get it?

Eddy: [Laughs] Good one, Luan!

[We go downstairs where Lincoln shows Lori the chaos caused by their sisters' antics.]

Lincoln: [scared] "See what I mean?!"

Lori: "Observe." [busts out her whistle and blows it and gets their attention.] "MOM AND DAD ARE GONNA BE HOME IN 10 MINUTES!"

[The other sisters hurry and get to cleaning up the mess they made.]

Lincoln: "Brilliant."

Lori: "Yeah, you learn a few tricks as you get older."

Me: I misjudged you Lori. You really do know what you're doing.

Lori: Thank you. [hears her phone ringing and answers it] "Hello? Uh-huh. Sure. Okay. Bye." [hangs up]

Lincoln: "Who was that?"

Lori: "Mom and Dad. They're gonna be home in 10 minutes."

Me: UH OH!

Lincoln: [panicking] "WHAT ARE WE GONNA DO?!"

Lori: "I got this. Luna. A little clean up music?"

Luna: "You got it, sis!"

[Three colorful boxes, one red, one yellow, and one purple are shown with Luna preparing to start the montage; she is also colored in to match the boxes like in the show's opening.]

Luna: "1, 2, 3!"

[Lori blows her whistle and everyone does what they can to clean the house; Lana puts the fish back in the tank, Lisa scrubs up the living room with a soap cannon and the help of her tentacle friend; Leni and Luan untangle the phone wire; Lynn uses the hose to clean the kitchen and then puts it outside; Lola ties up some trash and Lynn yanks it up on her dirt bike; they do the finish touches and carry everything else away as if the house was the same as it was when their parents left.]

Luna: "GOODNIGHT, LOUD HOUSE!"

[The other sisters go back to their rooms after a crazy Friday night; their parents are approaching and just as it seems all is well, there's still a dent in the wall from Lincoln's impact caused by Luna's power chord.]

Lincoln: [gasps] "The wall!" [sees the painting from the food fight] "Lori! Catch!" [tosses it to Lori.]

[Lori catches it and puts it right over the dent; their parents enter.]

Lynn Sr.: "Wow! I can't believe the house is still standing!"

Lincoln: "What'd you expect? Lori's in charge."

Me: Mm-hmm! General Lori knows how to handle things.

Lynn Sr.: General Lori. I think that's a good title for her.

Rita: "So, what are you guys up to?"

Lori: "Oh, we were just about to play a video game. You can't say "no" all the time."

Rita: "Oh, and look at this lovely piece of food art the kids made."

[Me, Varie, Laney, and Luan read some books and Lori, Lily, Eddy and Lincoln begin to play some Super Mega Brawlers Turbo Fighter XXIV.]

Lana comes down and she had a look of guilt on her face.

Lana: Laney?

Laney: What's wrong Lana?

Lana: I'm sorry I called you a suck-up. It was so wrong of me to call you that.

Laney: Apology accepted Lana.

Laney and Lana hugged.

Lana: Eddy, J.D., I saw those cool sauce blasters you had. Did you make those?

Me: Double D showed me how to build stuff out of everyday objects and junk. I invented a Ketchup squirt gun that fires ketchup like a pistol.

Eddy: Ed gave me his old junkyard blaster from when we were living out one of Lumpy's science fiction movies. I turned it into a mustard blaster.

Lana: That is cool. Double D should teach me how to do that some day.

Me: I'm sure he would be happy to.

Woody: You got to admit this was one crazy night.

Varie: It sure was Woody.

Me: Well. It sure was fun though.

Woody does his trademark laugh.

THE END.

Another fanfiction done.

I wanted to do this one for quite a while. Everything about my grandfathers is true.

See you next time.

# Roughin' It

[Episode begins with the show Dream Boat playing.]

Narrator: "Will our captivating captain find her first mate, or will it be man overboard? Find out tonight as we set sail for love on… The Dream Boat."

[Shows Me, Varie, Ed, Double D, Eddy, Woody, Lincoln and his sisters watching, mouths open.]

Lori: [excited] "Eeeee! Karen should totes pick Bronson, he's… so gorge, I can't even…"

Luna: "No way, dude! What about Brock? He wrote her that sweet jam."

[Flashback to an episode where Karen is listening to Brock play the accordion.]

Edd: His talent with the accordion was neutral at best.

Varie: I play a good panflute.

Lucy: "I like Bram."

[Flashback to another episode; Bram comes out from behind a beach chair looking sneaky.]

Ed: Cool.

Lola: "Eww! He gives me the creeps!"

Lucy: "Exactly."

Me: I would pulverize that freak into next week because he looked like he would hurt Karen in any way, shape or form.

Laney: I like Barry. He made that beautiful painting for her.

[Flashback to another episode; Barry paints a picture of Karen in the beauty of the amber glow of an ocean sunset.]

Eddy: That painting was very beautiful. But not as beautiful as you Luan.

Luan: (Giggles) Oh Eddy. You know how to PAINT a picture of Love. [Laughs] Get it?

Eddy: [Laughs] Good one.

Me: [Laughs] Good one, Luan.

Leni: "I like Bryant!" [sniffs a rose] "He's so romantic…"

[Flashback to another episode; Karen is with Bryant on the ship's deck.]

Bryant: "Karen, I'll be your North Star." [sighs] "'Cause no matter where this journey takes you, I'll always be there to guide you home."

Lisa: "'North Star'? Ach, poppycock. Tree moss is a far more reliable means of navigation, given that it only grows on the north side of trees."

[The sisters grumble and toss their popcorn at her.]

Me: I agree with Lisa. The North Star Polaris hasn't always been extremely reliable over the centuries.

Varie: Plus. Bryant was making Karen feel a little uncomfortable.

Lily: I like Bruno. He caught a really big fish for her.

[Flashback to another episode; Bruno pulls in a huge Mahi Mahi as big as a car. Fast forwards to the two eating it]

Me: That was a really big fish, huh, Lily?

Lily: It sure was.

Lynn: "I like Blaine!" [Flashbacks to Blaine in another episode.] "I bet he can bench 300 pounds, maybe 320 with a spot!"

Me: Not to brag but that's nothing compared to what I'm capable of lifting.

Lincoln: "Blaine? But he wore flip flops to their first date! I mean, I can't even…"

[We all chatter]

Lori: "Lincoln, it's so much fun watching this show with you, you're like… literally one of the girls!"

Lincoln: [gasps in shock] "One of the girls?!"

[Flashback to Lincoln's time hanging with his sisters. First, he hangs out in the bathroom with Lori wearing their bathrobes.]

Lori: [applying mud to Lincoln's face.] "This mud mask is both cleansing and invigorating."

Lincoln: "Oh, my pores are tingling!"

[Now Lincoln is giving Lucy a manicure in her room while he has headlight over her painted nails.]

Lucy: "Thanks, Lincoln. I always mess up my right hand."

Lola: [suddenly in the room] "HEY! Someone put her funeral dress in the wash…" [shows her splattered dress] "… with all my pageant gowns!" [Growls and stomps over to Lucy, who pretends to die; she bonks her on the head.] "UGH! I can't rip you apart if you're already DEAD!"

[Now Lincoln is knitting something with Luna.]

Lincoln: "Back two over one."

Luna: "You got it, bro!" [tries on the headband she knitted.] "These accessories will make our outfits rockin'!

Lincoln: [having knitted fringes on the jacket he's wearing.]

"Rocking!"

[Now Lincoln is working on a poncho Leni is wearing.]

Leni: "Lincoln, how's that hem coming?"

Lincoln: "Almost done!"

Leni: "Thanks! I can wear this poncho for all five seasons!"

[Lincoln rolls his eyes at this; end flashback.]

Lincoln: [to the viewers] "Yikes! Is spending all my time around girls turning me into one? Nah, I'm sure It'll turn out fine."

Me: Me too Lincoln.

Lynn Sr.: [wearing a pink apron and holding pink muffins.] "What did I miss? Did Blaine finally put on some loafers?"

Lincoln: "This show's lame. Let's watch guy stuff." [changes the channel]

Sisters: "HEY!"

Male TV Announcer: "A lifetime in the extreme wilderness has made Rip Hardcore as tough as a two-dollar steak."

Lincoln: "Now this is my kind of show."

Lori: [scoffs] "Since when?"

Me: Now you're speaking my language, Lincoln.

Laney: This is more my kind of show.

Lily: Mine too.

Lynn Sr.: "Oh no, turn it back! We're gonna miss the anchor ceremony!"

[The sisters minus Laney and Lily start fighting Lincoln over the remote.]

[The next day, Me, Varie, Lincoln, Laney, Lily and Clyde are walking into the woods with our backpacks.]

Clyde: "Let me get this straight. You think living with the girls has made you unmanly so we're spending a weekend in the extreme wilderness so we can turn into steaks?"

Me: Something like that, Clyde.

Lincoln: "Eh, close enough. Now are you ready to get extreme?"

Clyde: "You know it!"

Me: Yeah!

[Me, Lincoln and Clyde chest bump each other]

Laney: I don't know guys. This looks dangerous.

Lily: Come on Laney. Where's your sense of adventure?

[Lincoln starts to continue his descent into the woods.]

Clyde: "Wait! I promised my dads I'd stay in their sight line."

[Camera pans out to reveal Howard and Harold at a nearby B&B.]

Clyde: "It's supposed to be a really nice B&B."

Me: It is a nice Bed & Breakfast.

Lincoln: [facepalms] "Clyde! How are we supposed to toughen up with your dads watching over us?" [drags Clyde into the woods]

Clyde: "But they were willing to bring us some of their complementary welcome scones."

[Me, Varie, Lincoln, Laney, Lily and Clyde approach a wooded area by a stream.]

Lincoln: "Now this spot looks perfect.

Me: Oh yeah.

Clyde: [reads the sign] "But the sign says 'No Camping here! Extreme Danger!'"

Lincoln: "Exactly. Extreme! Our first order of business: securing shelter."

Varie: Right.

Clyde: [gets out a tent] "My dads used this tent on a safari last year. It has it own veranda."

Laney: Neat.

Lincoln: "Tough guys don't sleep on verandas, Clyde." [picks up some twigs] "They build their own shelter."

[The next scene, Lincoln and Clyde's shelter simply consists of the twigs propped up against a tree.]

Clyde: "What a beaut."

Lincoln: "All in a manly day's work.

Me, Varie, Laney and Lily make a fort out of trees and leaves

Lincoln: Now that is better.

Laney: Thanks guys. My plant powers sure are useful.

Lincoln: Now, how about we rustle up some grub."

Clyde: "Great." [picks up a picnic hamper] "My dad made my favorite: Swiss Chard Frittata."

Lincoln: "Forget the frittata, Clyde. Tough guys eat beans." [holds out a can of beans]

[Clyde has prepared a stove and is now putting on an apron.]

Clyde: "Were you thinking chili or more of a cassoulet?"

[Cut to Me, Varie, Laney, Lily, Clyde and Lincoln eating the beans raw but they're clearly not enjoying it.]

Lincoln: [feigning delight] "Mmm-mmm-mmm! Good stuff, right?"

Clyde: "Very… tasty."

I form a flame in my hands and cook the can over it and the beans boil.

Laney: Very clever J.D.

Lily: Using your fire powers for that is genius.

Me: Thanks guys.

I do the same thing with Lincoln and Clyde's beans and they ate them.

Lincoln: "Well, we're burning daylight here. Better get started on our campfire."

Clyde: "Way ahead of you." [gets out an artificial campfire] "This baby's got LED lights, sick flames and realistic crackling sounds."

[Clyde turns on the artificial campfire but Lincoln turns it off.]

Lincoln: "Clyde, tough guys make real fires."

Me: I got this. [I make a ring of rocks and Laney gathers some sticks and I light them on fire]

Clyde: Perfect J.D.

[Clyde makes a farting sound.]

Me: [Laughs] Clyde.

Clyde: "Sorry! Must have been the beans."

Lincoln: "No need to apologize, Clyde. Tough guys let it all out." [lets out a fart.]

Varie: [Laughs] Lincoln.

Clyde: "Well, in that case…"

[Lincoln and Clyde have so much fun belching and farting. I join them until a bird drops from the sky.]

[The scene changes to nighttime as me, Varie, Laney, Lily, Lincoln and Clyde are laying their sleeping bags on the ground.]

Clyde: [yawns] "All this extreme ruggedness has worn me out." [set up an inflatable mattress.] "What level of firmness do you want?"

Lincoln: "We don't need that. The ground will be our mattress."

Clyde: "Oh, so extra firm."

Me: This is how I sleep when I go camping.

[Lincoln and Clyde proceed to get into their sleeping bags, start shifting around in them and ultimately end up lying down on top of the inflatable bed inside them.]

Lincoln: "We're tough guys, not animals." [Clyde nods] "I'm really glad we did this, Clyde. Out here in the woods, away from all the girls. I'm starting to feel like a real man."

Clyde: "Me toot." [Proceeds to pass gas as he makes the pun and starts laughing.] "Oh, I think I just found a way to stay warm." [Passes gas one more time as Lincoln gives him a disapproving look and turns away from him.]

[Scene switches to morning.]

Lincoln: [Yawns] "Nothing like waking up in-"

Clyde: "WATER! We're in the water!" [Both of them scream.]

Me: We're on a raging river!

Laney: Oh no!

Lily: Holy mackerel!

Lincoln: "How did this happen?"

[Flashback to our bed being taken away by rising water levels, then back to Lincoln and Clyde's un-amused faces. We notice a waterfall up ahead and scream in terror.]

Varie: WATERFALL!

Lincoln and Clyde: "Paddle!"

[As we frantically try to paddle, some familiar debris flows down the river.]

Clyde: "Hey, isn't that our shelter?"

Lincoln: "It's making a dam!"

[We celebrate]

Lincoln: "We're saved, and all because we built our own shelter like the-"

[Inflatable bed blows up and sends Clyde into a thorn bush]

Me, Varie, Laney and Lily are flying.

Clyde: "Lincoln! Are you okay?"

Lincoln: "I'm fine, I landed on a really soft rock." [Moose gets up in anger.] "Not a rock, moose!"

Me: Moose are very territorial! RUN!

[We proceed to scream in panic and run away from the charging moose, climbing a tree for safety in the process.]

Lincoln: "Ha, nothing two tough guys like us can't handle. Right Clyde?" [Moose starts ramming the tree, sending us flying.] "Clyde, are you okay?"

Clyde: "I'm fine, I landed on a really soft rock." [Bees come out of the hive.] "Not a rock, a bee hive!"

Laney: RUN!

[We proceed to running away screaming from the bees as Lincoln and Clyde get stung.]

Lincoln: "This is still nothing tough guys like us can't handle. [They stop running] At least it's not raining." [Rain starts coming down] "Is that all you got!?"

[Mud slide drags us down the mountain as we continue screaming. We then start panting.]

Clyde: "Lincoln, I know this probably sounds lame to a tough guy like you but I'm hungry and wet and cold and I kinda wish I were with my dads at the BMV eating welcome scones."

Me: Yeah.

Laney: This is really tough.

Lily: I'm no toughie like Rip Hardcore.

Lincoln: [Sighs] "I was kidding myself, Clyde. I'm no tough guy. After all those years around all those women, it's too late for me. Now if you don't mind, I'm gonna lie down on this nice, soft rock." [Rock turns out to be a bear.] "Not a rock! Bear!"

[We scream as the bear roars.]

Lincoln: [Gets an idea] "Guys, quick, play dead!"

[We pretend to be dead as the bear checks for signs of life, then leaves when he thinks we're dead. We proceed to run away as soon as the bear leaves.]

Me: Lincoln, that was genius buddy!

Laney: Way to go big bro!

Lily: Thanks big brother!

Clyde: "Lincoln, that was amazing! How did you know to play dead?"

[Flashback to the Lucy and Lola moment.]

Lola: "I can't rip you apart if you're already dead."

[Back to the present; Me, Varie, Laney, Lily, Lincoln and Clyde panting.]

Me: That was a close one.

Lincoln: "It's something I learned from Lucy."

Me: That's our little Vampiress.

Varie: We owe you one, Lucy.

Laney: Thank you Lucy.

Lily: Even though she's not here.

Clyde: [shivering] "Does she know anything about keeping warm?"

Lincoln: "No, but Leni does."

[Flashback to the Leni and Lincoln moment.]

Leni: "I can wear this poncho for all 5 seasons. The key is the faux fur lining."

[Back to the present; we are wearing ponchos made out of leaves.]

Me: Ooh. This is really comfy.

Clyde: "Wow, it is so toasty."

Laney: Yeah. This is perfect for fall weather.

Lincoln: "The key is the birch bark lining. Now come on, Clyde, we're going home."

Clyde: [Looks around] "Which way?"

Lincoln: "Why it's just…" [Look around lost] "… this way!"

[We start running]

Lincoln: [looks at the moss] "Lisa said that moss only grows on the north side of trees."

Varie: So it is far more reliable than the North Star.

Lily: Lisa was right.

Clyde: "My dads are staying at the North Valley B&B. Follow that moss!" [As we take off running, we later stop in front of a hill.] "How do we get up there?"

Me: Boy that's a long way up.

[Flashback to the Luna and Lincoln moment.]

Luna: "You got it, bro! These accessories will make our outfits rocking!

Lincoln: "Rocking!"

Luna: "And if you braid the strands real tight, they're strong enough to use as ropes. Right, Chunk?"

Chunk: [pulling on a rope] "Right as rain, love." [Notices the Piano is too big for the window.] "We're gonna need a bigger window, though."

[Back to the present]

Lincoln: "Back two, over one." [Pulls rope to test it.] "That'll hold."

Me: Brilliant idea, Lincoln.

[We start climbing up]

Laney: These ropes are really strong.

Clyde: "This is great, Lincoln. What did you make this rope out of?"

[Lincoln realizes what the rope is made out of and scene switches to us next to a mud pit.]

Lincoln: "This should help the poison ivy."

Me: This is very soothing.

[Flashback to the Lori and Lincoln moment.]

Lincoln: [With mud on his face.] "Oooh, my pores are tingling."

Lori: "It also soothes sunburn, poison ivy, and mild to moderate acne."

As we were running, I hear someone screaming somewhere in the forest.

Me: Guys, wait!

We stop and I put my hand to my ear.

Lincoln: What is it?

?: HELP ME!

Laney: It sounds like someone's in trouble.

Varie: [Points to a clearing] It's coming from over there!

Me: HELLO?! ARE YOU OKAY?!

?: HURRY! I'M SINKING!

Me: [Gasp] COME ON! LETS GO!

Me, Varie, Lincoln, Clyde, Laney and Lily run to the clearing and we saw a girl waist deep in quicksand.

The girl was Jessie Bannon from "The Real Adventures of Jonny Quest"

Me: [Gasp] Jessie Bannon! Hang on! Stay calm. Don't move.

Jessie: Help me.

Me: Laney, form a vine rope. Quickly.

Laney formed a vine rope and I tied it into a lasso and I swung it around and threw it at Jessie. It landed by her.

Me: Tie that around your waist.

Jessie did so.

Me: Everyone grab on. Pull!

We all pull on the vine rope and we pull her to the land.

We pull her out safely.

Me: Are you alright?

Jessie: Yes. Thanks to all of you.

Lincoln: You're welcome.

Me: We should introduce ourselves. My name is James Knudson. But everyone calls me J.D.

Varie: My name is Varie, J.D.'s fiancé.

Lincoln: My name's Lincoln Loud and these are my sisters Laney and Lily.

Laney: Pleasure to meet you,

Lily: Same here.

Clyde: My name is Clyde McBride.

Jessie: It's a pleasure to meet you all.

Me: How did you wind up here in Michigan?

Jessie: I'm in Michigan? I'm supposed to be with my dad, Dr. Quest and my friends in Colombia.

Me: Dr. Benton Quest, the world famous inventor?

Jessie: That's him.

Varie: I've heard a lot about his scientific achievements.

Me: Me too.

Laney: What's that medallion you have there Jessie?

Jessie: Oh this? I found it on a dig in some ruins in Colombia.

Me: I recognize the symbol on it. It's Quetzalcoatl the Feathered Serpent in Mayan Mythology.

Jessie: Yes. 2 men were after it and they chased me and I lost them and I met you guys.

Me: We're just lucky we heard you call out.

Jessie: Yes. I owe you all my life.

Me: A life is never owed when saved out of friendship.

Jessie: Thank you all. Laney, how did you form that vine rope?

Laney: Oh, I have plant powers because of a special circumstance.

Clyde: Laney got her powers from the Diamond of Gaia.

Me: It's a special mystical diamond that can bestow plant powers, the ability to talk to animals and flight to a person who is pure of heart.

Jessie: Wow. That's amazing.

Me: I don't know how you got here, but we got to find out and call Dr. Quest. But first we got to get out of this forest. Lets go.

[Me, Varie, Laney, Lily, Jessie and the boys come across a rock they can't move.]

Clyde: "How are we gonna move this bad boy?"

[Lincoln starts thinking of a solution.]

[Flashback to a Lynn and Lincoln moment, as the latter struggles to move a trash can and makes struggling noises as Lynn comes into the scene.]

Lynn: "Step aside, I got this." [spits on her hands and rubs them together, proceeding to grab the trash can.] "You gotta lift with your legs, not your back. you see?" [Throws the trash can out and hits her dad in the process.]

Lynn Sr.: "OW!"

[Flashback to the present as Lincoln and Clyde move the rock out of the way.]

Me: Lift with your legs. Never your back.

We keep running and we come across a log going across a cliff and Me, Varie, Laney and Lily fly over to the other side of the cliff.

Clyde: [Comes across a log over a cliff and tries to cross it.] "Whoa!" [Loses his balance and hugs the log to prevent himself from falling off while Lincoln tries to think of another plan.]

[Flashback to Lola and Lincoln moment as the former practices her catwalk as she curtsies her dress in her high heels while having three books on her head.]

Lincoln: "How do you balance in those?"

Lola: "Eyes forward! Chin up! Tushie clenched!" [Grunts after showing a balance method.]

[Back to present where the boys are walking across the log safely.]

Clyde: "Good tip, Lincoln. It really works!" [As he walks along the log smiling and waving.]

Jessie runs across the log with very little problems

Me: You're fast Jessie.

Jessie: I know.

Lincoln: "I don't think you have to do the wave, Clyde."

[Clyde shrugs, air kisses and takes off behind Lincoln. We run through the woods until they arrive safely at the B&B.]

Me: We made it.

Lincoln: "Clyde, we did it! We made it back!" [falls to the grass and sighs in relief.]

Laney: Thank goodness.

Clyde: "I'm pooped. I'm just gonna sit down, and wait for my dads on this nice soft rock."

[Lincoln and Clyde remember their experiences with "soft rocks" and panic as Clyde jumps into Lincoln's arms as they realize… ]

Clyde: "Oh, this one's really just a rock."

Me: [to Jessie] We had some run ins with a moose, a beehive and a bear and we thought they were rocks.

Jessie: That's rough. How did you guys know what to do?

Varie: We had to retrace our steps and overcome the obstacles with the help of everything Lincoln learned from his sisters.

Jessie: Good thinking.

Me, Varie, Lincoln, Laney, Lily and Jessie were over in Lisa's room and we explained what went down

Lisa: It was a portal from another dimension that teleported you here, Jessie.

Jessie: I'm in another dimension?

Lisa: Exactly.

Me: A Transdimensional Portal took her here?

Lisa: Precisely. Jessie was teleported here from another dimension through a Transdimensional Portal from Colombia in her dimension to ours.

Lincoln: That is very strange.

Me: I've read a lot about parallel universes, dimensions beyond all of time and space and all that.

Varie: How are we gonna get her back to her own dimension?

Lisa: That's the problem. It could be any one of them. There's an infinite number of dimensions across the fabric of time and space and she could've come from any one of them.

Me: That's like trying to find a needle in a haystack. A haystack that's as big as an infinite number of Universe's put together.

Lisa: Precisely.

Lily: That is really complex for me.

Laney: So Jessie is gonna be stuck here?

Lisa: Unfortuneately yes.

Jessie: [Voice breaking] I'll never see my family again.

She starts crying and Lincoln comforts her.

Lincoln: It's not the end of the world Jessie. You already have friends here in this dimension.

Me: Yeah.

Varie: We're your friends and we will do everything we can in our power to help you.

Jessie: [Calms Down] You will?

Lily: Sure.

Laney: That's what friends do.

Me: We will be there to help.

Laney takes Jessie's hands.

Laney: We will never give up on you and we will help you in any way we can.

Jessie: Thank you all. Thank you.

[Scene changes to the Loud House at night.]

Jessie was taken in by the Loud Family.

Lincoln: [Working on muffins; to the viewers] "I thought spending so much time around my sisters was a problem, when actually it's just the opposite. If it wasn't for them we'd probably be moose meal by now." [Walking in the living room towards me, Varie, Woody, Ed, Double D, Eddy, Jessie and his sisters.] "And now that I don't have to worry about what's manly or girly or any of that junk I can go back to enjoying this." [offers muffins to his sisters and dad, me, Varie, Jessie, Woody, Ed, Double D and Eddy.] "Who wants strawberry muffins?"

[Me, Varie, Woody, Jessie, Ed, Double D, Eddy, Loud Sisters and their dad all say "I do" multiple times as we completely clean up the tray. They proceed to start eating the muffins as Lincoln sits in between them to watch Dream Boat, he embraces Leni's legs, Lola hugs him and his dad rubs his hair.]

Me: You make really good muffins, Buddy.

Varie: Delicious.

Woody: Mmm. You make delicious muffins, pal.

Ed: Yum!

Edd: I concur. These muffins are sure tasty.

Eddy: These are delicious, Lincoln.

Jessie: Very tasty.

Lincoln: "Thanks guys. Oh Blaine, please tell me you're not wearing clogs."

Woody does his trademark laugh.

THE END!

Another Fanfiction completed.

I wanted to add a scenario from one of my books and from one of my favorite TV shows from the past. It was Hanna Barbera's The Real Adventures of Jonny Quest, Episode: "The Mummies of Malenque". One of my favorite episodes of that show. I've known it ever since I was a kid.

Until next time. J.D. signing off.

The Real Adventures of Jonny Quest and Jessie Bannon are owned by Hanna Barbera and Cartoon Network.

# Laney's Revenge

It starts out at Royal Woods Elementary School in the Cafeteria.

Me, Varie, Woody, Ed, Double D, Eddy, Lincoln, Ronnie Anne, Lucy, Laney, Lana & Lola, Lisa and Lily are having Lunch when a boom box starts playing. Into the Cafeteria comes none other than Chandler Henderson; mine, Lincoln's and the Loud's arch nemesis.

Me: [menacing] Chandler! I HATE THAT FREAK!

Varie: Me too.

Woody: That guy makes kids everywhere look bad.

Ed: He is so stupid.

Eddy: You got that right, Lumpy.

Laney: Oh no.

Chandler walks up to them.

Chandler: Hey K.D.

Me: It's J.D., for your information.

Chandler: I see you have Larry and scarfy with you.

Lincoln: My name is Lincoln.

I notice something involving Laney and Chandler.

[Flashback to when Lincoln's sisters came in to his room when he was being harassed by Ronnie Anne.]

Leni: I bet it was the same jerk who bullied Laney!

Flashback ends.

Me: So you're the one that's been bullying Laney!

Chandler: [Proudly] So what if I am?

Me: You just bought yourself a one way ticket to HURTVILLE!

Lola: You've been picking on Laney?!

Lana: You filthy little Parasite!

Lucy, Lola & Lana, Lisa and Lily pounced on him and pulverized him.

Me: Laney, how would you like to get your revenge on Chandler?

Laney: I'm not going to fight him.

Varie: Laney, he's tormented you alot. You're not gonna take that anymore are you?

Laney has flashbacks of all the torment she had to endure at the hands of Chandler and her face turned red with blazing rage and hatred.

Laney: [Furious] Let me AT HIM!

Laney walked around the table and Lucy, Lana & Lola, Lisa and Lily stopped fighting.

Laney: I've had it with you Chandler. You've tormented me for the last time and I will have my revenge!

Lincoln: Go get him Laney!

Everyone in the lunchroom gathered around them and chanted "FIGHT"

Laney takes her scarf off revealing her scar on her neck and she ties the scarf around her waist.

Laney: It's payback time.

Chandler gets up.

Chandler: So you've finally decided to face me like a tough girl. Well I bet you can't land a first punch.

Laney punched Chandler in the face and kicked him in the stomach, punched him in the mouth and knocked out some of his teeth, Laney bit his fingers, kicked him where the Sun doesn't shine and punched him right in the nose.

Laney: That was all for me. You've tormented my life for the last time. I'm not afraid of you anymore. You used my brother for your own selfish purposes, used and manipulated people into doing your bidding all for your own sick ways, you nearly got alot of kids poisoned at the sewer plant, the list goes on.

Chandler got up and then he started laughing psychotically.

Chandler: And I'm glad I did all that. I don't care about anyone. All that was too much fun. It was all part of my plan to get rid of this school once and for all.

Me: What do you mean by that?

Chandler: I am so sick of the same old thing all the time and I needed some excitement. Everything was going smoothly until you came J.D.

Me: How am I part of your insane scheme?

Chandler: My birthday was at the sewage plant because I wanted to poison as many kids as possible.

Everyone gasped.

Lincoln: Thank goodness me and Clyde didn't go.

Varie: You tried to poison some of our friends!?

Chandler: Yes. When that didn't work. I decided to have a celebration at the nuclear power plant. But you stopped it J.D.

Me: That would've caused Gamma Radiation Poisoning.

Chandler: My grand master plan was nearing completion until now. I was to trick Professor Thompson into doing it as a scapegoat, but you were on to me and I was about to burn down this whole school and frame you and Lincoln for the crime.

Everyone gasped

Me: You're a monster Chandler! People like you belong in a mental hospital.

Principal Wilbur Huggins then came in.

Principal Huggins: I agree with you on that J.D. I heard everything. Chandler Henderson, you are hereby expelled from Royal Woods Elementary!

Everyone cheered and picked me, Varie, Woody, Ed, Double D, Eddy, Ronnie Anne, Lincoln and his sisters up and we were all treated like heroes.

Chandler was arrested and put in a straitjacket, placed on a gurney in restraints and headed for the Kalamazoo Regional Psychiatric Hospital in Northville, Michigan.

[Scene change to the Loud House]

Me, Varie, Woody, Jessie, the Eds, Bobby, Ronnie Anne Lincoln and his sisters, Lynn Sr., Rita and Maria are watching the news on TV.

News reporter: In other news, Chandler Henderson, local former student of Royal Woods Elementary was arrested for attempted arson, attempted 1st Degree Murder, 1st Class Conspiracy and attempted Terrorism. He was expelled from the school and sent to the Kalamazoo Regional Psychiatric Hospital where he'll remain for the rest of his life. Local residents James Knudson, Varie Knudson, Woody Woodpecker, Ed, Edd & Eddy, Ronnie Anne Santiago, Lincoln Loud and his little sisters Lucy, Laney, Lana & Lola, Lisa and Lily Loud are being hailed as heroes for their brave and courageous actions and saving a local school from a terroristic plot. Principal Wilbur Huggins tells us that Chandler is a complete danger to everyone around him and himself and is now declared a violent psychopath and is extremely dangerous.

Lori, Leni, Luna, Luan and Lynn cheered.

Lynn Sr.: Wow! Way to go guys.

Me: Thanks Mr. Lynn. But the real hero is Laney. She finally got the courage to stand up to Chandler and put an end to his insane plans.

Laney: I had a little help. Thank you J.D. I owe you and Varie one.

Varie: No problem, Laney.

Lori: How did you all know the school and kids were in danger?

Me: We didn't. Lucky guess I suppose.

Varie: I guess you figure some things out as you go along.

Laney: We're lucky we figured it out before lots of people got hurt.

Rita: That's good. I can't believe that kid.

Me: I hope Chandler has a nice long life in a maximum security padded cell.

Lily: Yeah. He's a menace to society.

Scene changes to the Kalamazoo Hospital.

Chandler was locked in a Supermaximum Security Padded Cell. On his cell door were a bunch of evil symbols and more. These were his marks of eternal torture and an automatic eternity of torture and suffering in the Netherworld. His cell was to be kept under constant guard 24/7 becuase he is too extremely dangerous to be let out among the other patients. He was laughing, ranting and raving like a complete and total homicidal maniac.

Chandler: [Psychotic Laughter] I will destroy everyone and get my revenge. Especially you Laney!

Guard 1: Shut up in there!

THE END.

Another Fanfiction Complete.

To be honest I don't like Chandler. He is evil in it's purest form and I have a feeling that something is wrong with him in the show. I wanted to add the Star of Satan and symbols of evil but it would not be right. But nonetheless, this story probably gives us a clear view into the mind of a dangerous psychopathic insane patient. I got the idea for this story from Samtastic 3.0's Burning Secret and it became my source inspiration for this.

This is J.D. signing off.

# The Price of Admission

[Episode begins with a trailer of The Harvester opening up with a dismal farmer.]

Narrator: "He was a humble farmer until a drought ravaged his land." [the farmlands have dried out and a tumbleweed passes by.] "Now, he's found a new crop…" [the farmers eyes turn red with pure evil and he suddenly starts killing innocent victims by slashing them apart with his scythe, killing them and harvesting their organs in a cooler.] "… human organs! He is…

Me in a Diabolical Voice and the Narrator: "The Harvester!"

I laugh Diabolically.

Narrator: "Opens this Friday."

[The title of the movie is bloodstained on the blade of the scythe. Lincoln has shown his mother the trailer on his phone. I am sitting on the floor with Varie, Ed, Double D, Eddy and Woody.]

Rita: "Uh-uh, Lincoln, you are not seeing that movie. It is too scary for you. He pulls around a cooler full of organs!"

Lincoln: [disappointed and groaning] "Mom!"

Rita: "You know how you get. You'll have nightmares. You'll think something's out to get you. You're just like your father."

[As she walks away, Lynn Sr. comes out from behind the sofa with a teddy bear.]

Lynn Sr. "That is a total exaggeration! On a completely different note, that trailer is never to be played in this house again." [walks away fidgeting in fear.]

Me: [In my head] What a coward.

Ed: I love Slasher Horror Films.

Edd: Those kinds of movies can cause a very traumatic fear of certain aspects of the movie and make you think that.

Lincoln: "Come on, Mom. I'm not a baby. I can handle it."

Rita: "'No' is my final answer."

[Lincoln looks on disappointed.]

Rita: Great diabolical voice and laugh, J.D.

Me: Thanks Ms. Rita. I always add a Diabolical voice and Malevolent Laughter to add a horrific and scary effect to the movie. You know, to make it sound like the Devil himself made that movie.

Rita: That's really good.

Eddy: You have a great talent when it comes to Horror J.D.

[The Royal Woods Cinema. Me, Varie, Laney, Lily, Ed, Double D, Eddy, Woody, Lincoln and Clyde are inside.]

Clyde: "I'm fine not seeing The Harvester. It looks way too scary. And now, we get to see the new Blarney movie!"

Me: Slasher movies aren't really my cup of tea, Clyde.

Varie: Mine too. Those are sick people.

Ed: They are great.

Edd: I'm fine with J.D.'s decision.

Eddy: Halloween is usually when all the scary stuff comes out and we get some good candy.

Laney: Horror movies like that really scare me.

Lily: Me too.

[An usher is carrying around some Blarney hats.]

Usher: "Blarney beanies! Get your free Blarney beanies!"

Clyde: "Ooh, free Blarney hats? I'll take two!"

Lincoln: "One is fine."

[Clyde grabs and puts on a Blarney hat.]

Usher: "Get your free Blarney beanies!"

Lincoln: "It's not fair. My parents think I can't handle a scary movie."

[Rusty, Flat, and Papa all walk into the theater playing The Harvester.]

Lincoln: "Aw, man! Rusty gets to see The Harvester? That guy cried when a bird flew into the gym!" [gets an idea] "Maybe I should just go and not tell my parents. It's not like they'll find out."

Me: I don't think that's a good idea, Lincoln

Clyde: "You know, Blarney has a song about that, Lincoln. Every time you lie / A leprechaun will cry. "

[Two little girls join in]

Clyde and Little Girls: " A fib to Mom and Dad / Well that's just twice as bad! "

Lincoln: "Yeah, that decides it. I'm going to The Harvester."

Clyde: "Come on, fellow Blarnadoons!"

[He and the little girls go to the Blarney movie while Lincoln goes to The Harvester. The doors shut tight.]

Me: We'll wait out here until it's done.

Varie: Good idea.

Ed: Okay.

Edd: Good idea.

Laney: I brought some books.

Lily: Cool.

Woody: Neat.

Me: [I pull out my CD player] Here's some music for you to listen to Eddy.

Eddy: Thanks J.D. [Listens to the music]

97 MINUTES LATER

[All of the movie attendants except Lincoln come out talking about how much they enjoyed the movie.]

Me: Movie must be done.

Varie: Thank goodness.

[We see Lincoln slink out of the theater scared totally out of his mind and Clyde touches his shoulder.]

Lincoln: [screaming with fear] "PLEASE DON'T TAKE MY GALLBLADDER!"

Varie: Lincoln it's only us.

Clyde: "Guess I don't have to ask how the movie was."

Laney: Are you okay Lincoln?

Lincoln: "I had no idea a man in overalls could be that scary."

Edd: Lincoln is now in a total state of terror.

Eddy: I'm glad I didn't see the movie.

Lily: That movie must've scared you bad.

Lincoln: It did.

Clyde: "I'd say "I told you so", but Blarney has a song about that. When someone is wrong, don't make a note / The truest friends should never ever gloat "

[The little girls join in again.]

Clyde and Little Girls: " Just cause you're the wiser- "

Lincoln: "DUDE! I get it."

[Me, Varie, Ed, Double D, Eddy, Woody, Lincoln, Laney, and Lily have just gotten home and Lincoln is still shaken up from the movie.]

Clyde: "You gonna be alright?"

Lincoln: "My parents can not find out that I went to see The Har… Har… Har… you know, that movie."

Laney: We're here for you Lincoln.

Eddy: You're safe with us bud.

Clyde: "Good luck, buddy. If you need me, I'm here 24/7. But not on Channel 2. That's for Blarnadoons only. Later." [goes home]

[Me, Varie, The Eds, Woody, Lincoln, Laney and Lily step in]

Rita: "Hey guys, how was the movie?"

Lincoln: [frantic] "What? I didn't see the movie!" [calmly] "Oh, you mean the Blarney movie. Which I did see."

Lynn Sr. "Oh, terrific! Hey, can you go get the ceramic pumpkins? We're putting up the Fall decorations."

Lincoln: "Sure, Dad. Where are they?"

Lynn Sr. "In the basement."

Lincoln: [struck with panic] "The basement?"

Lynn Sr.: "Yeah, in the far back corner by the light that burned out. You know, where Lana's snake went to die."

Me: Oh, boy.

[Lincoln nervously gulps and opens the door to the basement. He tries to turn the light on, but it doesn't shine.]

Lincoln: "Seriously?"

[Me, Varie, the Eds, Woody, Lincoln, Laney and Lily go down the steps and we hear a voice.]

Voice: "I will get you…"

Lincoln: [screams] "Who said that?" [notices he's stepping on a talking doll.]

Doll: [in a deep voice] "I will get you…" [in a happy tone] "… another cup of tea."

Varie: Oh, that must be one of Lola's dolls.

Lincoln: [sighs] "Get a grip, Lincoln. It's just a doll."

Lily takes the doll and I ignite my lightsaber to provide some light.

Lincoln: Thanks J.D.

Me: No problem.

[We get to the bottom, and we see a giant cobweb]

Me: That's a big cobweb.

I strum it and it makes music like a harp.

Me: Wow. It's so tight that you can play music on it like a harp.

I play a melodic tune on it and when I stop everyone claps.

Varie: Great playing J.D.

Edd: You have quite the talent J.D.

Me: Not bad for someone whose never had a lesson, huh?

[Lincoln falls into a few things that sets a Hockey stick to come at him, screams and gets out of the way] "THE HARVESTER!"

Me: Calm down, Lincoln. It's just Lynn's hockey stick.

Lincoln sees me holding Lynn's Hockey stick.

Lincoln: Oh.

Lynn Sr.: [from upstairs] "Guys, come back up! I just remembered the pumpkins aren't in the basement." [Lincoln rushes back upstairs] "They're in the attic."

Lincoln: [frightened] "The… attic?"

Lynn Sr.: "You know, that far, far back corner where there's no windows or light?"

Me: Oh boy.

Varie: It's gonna be one of those nights.

[Lincoln gulps again. As we prepare to enter the attic, we notice one of the sisters.]

Lincoln: "Hey, Lola! Wanna go look for decorations in the attic with me?"

Lola: "No way. It's creepy up there."

Lily: Oh Lola, I think this is yours.

Lily handed Lola the doll.

Lola: (Gasp) Raggedy! I've been looking everywhere for you. Thanks Lily.

Lily: Anytime sis.

Lincoln: "How about you, Lucy? You might find a bat."

Lucy: "I know we will, but none of them are vampires. So what's the point?"

Me: Well. Here we go.

[We all go up and Lincoln reluctantly follows us into the attic and gets his shirt caught on a loose nail.]

Lincoln: "AH! THE HARVESTER'S GOT ME!"

[I ignite my lightsaber and see that he got his shirt caught in a loose nail and his shirt came off and he gets hit by a bunch of whoopee cushions.]

Lincoln: "AH! HE'S GOT MY SISTER'S COLONS AND THEY'RE STILL FARTING!"

Luan: [off-screen] "LINCOLN, STOP MESSING AROUND WITH MY WHOOPEE CUSHIONS! I MEAN, I KNOW THEY'RE A GAS!" [laughs]

Me, Varie, The Eds, and Woody laugh.

Me: [Laughs] GOOD ONE, LUAN!

Eddy: [Laughs] That was really good, Luan!

Luan: [off-screen] Thanks Eddy!

Woody: Luan always cracks us up.

Ed: She sure does.

Rita: [from downstairs] "Guys, I just remembered! Those pumpkins aren't in the attic! They're in the garage!"

[Lincoln gulps again and we sneak toward the garage.]

?: "I got hearts, kidneys, and ears!"

I ignite my lightsaber again we see Mr. Grouse tending to his garden.

Me: Oh hello, Mr. Grouse. Tending to your garden I see?

Mr. Grouse: "Yep. Hearts of romaine, kidney beans and ears of corn."

Varie: You grew lots of good vegetables.

Mr. Grouse: Thank you Varie.

We open the garage door and we find no decorations.

Me: No decorations.

We head back inside the house.

Lincoln: "They're not in the garage."

Lynn Sr.: "Oh, that's right. They're under the porch, in that dark claustrophobic crawl space where the walls feel like they're closing in on you the deeper you get." [Lincoln gulps once more.] "I'll just get them tomorrow. Sorry to make you run around, guys."

Me: That's alright Mr. Lynn.

Lincoln: "Phew."

[Later, everyone is going to bed and turning off the lights. Lincoln is making his way from the bathroom to his room.]

Lincoln: [to the viewers] "Well, better get to bed before Mom and Dad think of anymore infested places to send me." [gets to his room and turns off the light.] "You know, I think I'm doing better. It's been a full 10 minutes since I thought about the Har… Har… you know who I mean."

Me: Here Lincoln.

I hand Lincoln something

Me: This used to be my nightlight. Whenever I got scared I would turn it on to help me not be scared anymore.

Lincoln: Thanks J.D. [He plugs it in and turns it on] That's… [It flashes and it burns out] better.

Me: The light bulb burned out and all my replacement bulbs are at home.

Varie: Oh man.

[As soon as he's nice and safe in his bed with the door open and the hallway light on, the hallway light turns off.]

Me: Lincoln, don't turn on the hall lights.

Varie: Lets go see if one of your sisters will let you stay with them.

Lincoln: Good idea.

[Me, Varie and Lincoln go into Lola and Lana's room. On Lola's pink side Lincoln taps on Lola's sleeping mask and then stretches it and makes it snap on her eyes, making her growl and open her eyes.]

Lincoln: "Hey, Lola, wanna watch some of your pageant videos?"

Lola: [delighted] "Ah!" [suspicious] "Okay, weird. Why would you want to do that?"

Lincoln: "Because I'm a huge fan of youth-oriented, glamor-based competitions."

Lola: "Oh, cut the crud, Lincoln. What is up?"

Lincoln: "Okay, I saw a scary movie today and I'm afraid to be alone."

Me: He saw "THE HARVESTER"

Lola: That movie? Lincoln, why would you go see that?

Varie: He wanted to see if he could handle it. But it scared him badly.

Lola: "Oh that's a shame. Well, just go sleep with Mom and Dad. That's what I always do."

Lincoln: "Uh… that's not an option."

Lola: "Well, neither is losing my beauty sleep. Goodnight to you, sir!" [goes back to sleep snoring.]

[We go to Lana's jungle side and we see that Lana's bed is filled with different animals.]

Me: Wow. It's like Lana is one with the Jungle.

Lincoln: "Hey, Lana-" [the animals wake up growling at him.] "Never mind."

I roar like a lion and it scares the animals and wakes Lana.

Lana: J.D.?

Me: Sorry to wake you Lana but Lincoln has something to ask you.

Lana: Oh. Cool Lion roar by the way J.D.

Me: Thank you. Like I said with Lori, Predatory Animals are my specialty.

Lincoln: Lana, I saw a scary movie and I'm afraid to be alone.

Varie: He saw "The Harvester."

Lana: Oh man. That movie is scary. I'd let you sleep next to me but Ed is with me.

We see Ed by Lana's bed and he is awake.

Me: Oh, sorry Ed. We didn't see you there.

Ed: That's okay guys. Nighty Night.

[Next we goes over to Lori room and we find Lori texting in her bed.]

Lincoln: "Hey, Lori."

Lori: "Whatever it is, I'm busy."

Lincoln: "Too busy to give girl advice?"

[Lori gasps and eagerly pulls Lincoln right under her covers and we sit on the floor.]

36 MINUTES LATER

Lincoln: "Okay, question 63: What does "going dutch" mean? And does it have anything to do with Dutch ovens?"

Lori: "Hmm…" [hears her phone beeping and gasps] "Session's over, Lincoln. I have to talk to Bobby. He started his new pizza delivery job tonight."

Me: Cool. Tell Bobby we wish him the best.

Lori: I will J.D. Let me guess. Lincoln saw "The Harvester"

Me: You hit the nail right on the head, Lori.

Lincoln: How did you?

Lori: Intuition. I know you're scared but movies like that are not real. Now I have to talk to Bobby.

[shoves Lincoln out of her covers.]

Bobby: "Check it, babe. I spelled your name with pepperonis."

[The pepperoni says "LORY" which is incorrect, and the pizza slides right out of the box.]

Bobby: "That's coming out of my paycheck."

[Lincoln now has a groggy Lynn shooting hoops with him in his room. Lynn shoots a hoop.]

Lincoln: "That's 52-0, you." [notices Lynn is standing asleep] "Dang it."

Me: I'll take her back to her room.

I pick her up and use my super speed to take her back to her room.

[Now Lincoln is escorting Leni to the kitchen.]

Leni: "I don't get it. If it's morning, why is it still dark?" [yawns]

Lincoln: "It's, um… Daylight Savings Time."

Leni: [yawns] "Well, I love savings."

Lincoln: "So, what do you want for breakfast?" [looks in the fridge]

[Suddenly, he hears Leni going out the door with her backpack.]

Lincoln: "LENI!"

Leni: "I'm late for school. Bye, Linky."

Lincoln: "Leni, stop!" [immediately notices a cooler and a silhouette dragging him, making him believe it's you-know-who.] "IT'S HIM! WITH HIS COOLER FULL OF HARVESTED ORGANS!" [closes the door] [It's just Mr. Grouse with his fishing gear.]

Mr. Grouse: "What's the matter, Loud? Never heard of night fishing?" [leaves]

[Lincoln retreats back to his room and picks up his radio.]

Lincoln: "Clyde! Come in! I really need somebody to talk to!"

[Clyde is sleep singing.]

Clyde: " Close your eyes, go to sleep / Blarney helps you count the sheep "

Lincoln: "What happened to 24/7? Who else could be awake right now?"

[A little while later, there's a knock at the door and Me and Varie go see who it is.]

Lincoln: [answers door] "Bobby! Congrats on the new gig! What do you say we celebrate by splitting this pie?"

Bobby: "I wish, bro. I still got six more houses to hit." [gives Lincoln his pizza and drops another on the floor.] "Make that five."

[Back in his room, Lincoln's eyes are wide open from lack of sleep and he's now talking to his pillows that he drew faces on. Me and

Varie have earmuffs on and we're asleep]

Lincoln: [hysterical] "Thanks for staying up with me, guys. Hey, you cool with onions, Todd? No? How are you going to grow into a real man if you won't eat your onions, Todd? It'll put hair on your chest!" [whistles and hears a muffled banging.] "You guys hear that? Any volunteers to go check it out?" [the pillows obviously can't volunteer because they're pillows.] "Oh, sure. You'll eat my pizza, but when I need something, you sit there like a bunch of stuffed-" [hears the banging again and gasps.] J.D. Wake up.

[He shakes me awake]

Me: Huh. What is it?

[We sneak downstairs with the steps creaking, grab a fireplace brush, and look in the kitchen to find someone.]

?: "I'm gonna slice you right down the middle." [laughs evilly]

[Lincoln gasps and runs away and it turns out to be Lynn Sr. holding a snack. I pull out a flashlight and shine it on him and he was holding a Carrot Cake]

Me: AHA! I caught you red handed Mr. Lynn. That cake is for the school fundraiser.

Lynn Sr.: "I got a case of the munchies"

Me: [sternly] Mr. Lynn. Don't make me get Ms. Rita.

He panics and puts it back and runs back to his bedroom.

I smile proudly and head back to Lincoln's room

[Lincoln, with nowhere else to turn, goes up to his room, blocks the door with his chair, and hides under the covers.]

Lincoln: [trembling with immense fear] "There's no such thing as the Har… Har… Har…" [keeps trembling "Har" all the way to sunrise.] "… Har… Har… Har…"

I arrive at the door and discover that it's blocked.

Me: Boy he's really scared.

I turn into a puddle of water and slip under the door and reappear.

Lincoln screams.

Me: Shh! Lincoln it's me.

Lincoln: Oh sorry. Was that the Har… Har…

Me: No Lincoln, it wasn't the Harvester. It was your dad trying to sneak off with your moms carrot cake for the School Fundraiser.

Lincoln: Oh. Well that's a relief. [notices the sun is up and sighs with relief.] "Well, that was the worst night ever. But at least it's over."

[In the kitchen, Lynn Sr. is working on the ceramic pumpkins and Rita is checking the fridge.]

Rita: There's the carrot cake.

Me, Varie, Lincoln, Laney and Lily come in.

Me: Morning Mr. Lynn, Ms. Rita.

Rita: Morning guys.

Lynn Sr.: "Lincoln! There you are."

Rita: "Sweetie, your father and I have been talking and we think you're right. You're not a baby anymore, and it's time we stopped treating you like one."

Lynn Sr.: "Hey, look. If you say you're ready to see to see that horror movie, we believe ya."

Rita: "In fact, we bought three tickets. We're going with you."

Varie: Oh no.

Lincoln: [extremely afraid] "The Har… Har… Har…"

Rita: "Lincoln, what's the matter?"

Lincoln: "I can't do it!

Me: Ms. Rita, Lincoln has something to tell you

Lincoln: "Mom, Dad, I'm sorry. I saw the movie yesterday, even though you told me not to. And you were right. I'm not ready. I was so terrified I didn't sleep all night. Please don't make me watch it again."

Me: I tried everything I could to help him but he was just absolutely terrified.

Laney: I was against this idea.

Lily: Me too.

Rita: "Well, I'm not happy you saw the movie without our permission. But it sounds like you've been punished enough."

Lincoln: "I won't do it again."

Lynn Sr.: J.D. how come you didn't see The Harvester?

Me: Slasher films aren't really my cup of tea. Science Fiction Horror Movies are more my thing. Plus Me, Varie, the Eds, Woody, Laney and Lily waited outside the theater for Lincoln. By the way Lincoln, how did The Harvester end?

Lincoln: There was this brutal fight in the movie between a teenage kid and the farmer and it was extremely savage. In the end, he took the farmers scythe and cut the farmers head off. The police arrived and the credits rolled.

Varie: That's a gruesome way to die.

Me: No kidding. But at least the Harvester died in the end. [To Lynn Sr. and Rita] I'm sorry if we revealed any spoilers.

Lynn Sr.: No that's alright.

Laney: I'm glad I didn't watch that movie.

Lily: Me too.

THE END.

---

Another fanfiction done.

I wanted to do my own ending of the movie in the show The Harvester. It was a little gory but I hope it works out. This takes place before the events of Roughin' It. Sorry if I got a little ahead of myself.

See you next time.

# Darkness Falls

It starts out on a dark, rainy and stormy night at the Loud House.

Me, Lincoln and Lily are playing video games and Varie, Jessie and Laney are reading books.

Me: Boy it sure is coming down out there.

Thunder rumbles.

Lincoln: Yeah. It sure is.

Lily: The rain just keeps on pouring.

A scream was heard and it came from Lucy's room.

Laney: That sounds like Lucy.

Varie: She sounds like she's in trouble.

Me: Lets go!

We rush up to Lucy's crypt room and we see a strange sight. Lucy had her eyes showing and they were red like blood, her hair was deep orange and her skin was scaly.

Lucy: **(DEMONIC VOICE) Won't you join me?**

Me: That's not Lucy talking.

Her head turned around all the way and it snapped off and we screamed.

Lucy: **Oh. Can one of you guys give me a hand?**

At midnight Me, Varie, Jessie, Mr. Lynn, Ms. Rita, Lincoln and his sisters minus Lucy are in Lori's room for a meeting.

Lori: Guys, something is seriously wrong with Lucy. That is not her.

Me: I know. I've seen this before. We have a case of Demonic Possession on our hands.

[Low moaning comes from Lucy's crypt room]

Rita: Demonic Possession?

Varie: Yes. Have you guys seen the movie "The Exorcist"?

Rita: I have and that was a scary one.

Me: We need to exorcise the demon out of Lucy.

Luna: How do we do that dude?

Me: I know an exorcism incantation. Varie, Lincoln, Laney, you 3 come with me. The rest of you stand ready should the demon try to attack us.

Lori: Right.

Jessie: I hope you know what to do.

Me: Don't worry Jessie. Lucy will be fine.

Me, Varie, Lincoln and Laney go into Lucy's room and we approach her.

Demon: **Lincoln. Closer. [Lincoln comes closer] Closer. [Lincoln comes closer] I need a new word for my new… latest… POEM!**

The Demon pulls back the covers and reveals Lucy's poetry book in it's lap and Lincoln screams like Courage the Cowardly Dog.

Lincoln: AAAAAAAAAAAAAAAAAAHHHHHHHHH! What have you done with my sister Lucy!?

Demon: **She's in here with us.**

Lucy temporarily regains control.

Lucy: Guys Help Me!

The Demon takes over again.

Demon: **Whoops. Ha Ha Ha. That one slipped out.**

Laney: Let her go Demon!

Demon: **Never! She's mine.**

Me: You won't get away with this Demon!

Demon: **Oh yeah? What are you gonna do about it?**

Me: This.

I throw Holy Water onto her and it burned the Demon. Then a black lightning bolt hit Lucy and the Demon was expelled from her and Lucy was in a tornado of pure darkness.

Laney: Another elemental choosing.

Me: Yeah.

The demon revealed itself and it was really Pazuzu from "The Exorcist" in the form of Regan MacNeil who was possessed by him long ago.

Me: Pazuzu!

Pazuzu: **That's right. I'm back and here to get my revenge.**

Me: We won't let you.

I then fire a stream of blue fire at him and it burned him bad as I hold a cross up to him.

Me: The power of Christ compells you!

Pazuzu was burning in blue flames as Lucy got up and she saw the fight.

Lucy: So that was the freak that was possessing me. I feel weird. Gasp. Have I been given powers too?

Lucy then held out her hand and a bolt of black lightning fired from her hand and it hit Pazuzu and it hurt him badly.

Laney: Lucy you have Dark Powers!

Lucy: I do.

Lucy then felt a pain on her back and a pair of black angel wings sprouted out.

Lucy saw them and she knew she can now fly. She flew at Pazuzu and punched him and fired more Dark Lightning and it destroyed his head.

Me: Here we go.

Exorcizamus te, omnis immunde spiritus, omni satanica potestas, omnis incursio

infernalis adversarii, omnis legio, omnis congregatio et secta diabolica, in nomini et

virtute Domini nostri Jesu Christi, eradicare et effugare a Dei Ecclesia, ab animabus

Amen!

In an instant, Pazuzu turned into a ball of red light and exploded and went back to the Netherworld forever and the storm was gone too. Lucy walked up to us.

Lucy: Thank you guys for saving me.

Me: It was our pleasure. You got Dark Powers.

Lucy: I know. It feels great.

I look it up in my legends book and discovered something interesting.

Me: You've been blessed by the Black Lightning of Nott the goddess of the Night in Norse Myth. She bestows her powers of Darkness to anyone worthy. But they can only be given to someone who is possessed by a Demonic Force.

Lucy: That's unusual and I was possessed by that demon.

Laney: That was Pazuzu. The Demon from the movie "The Exorcist"

Lucy: That's weird. But this is a blessing for me.

Varie: You look like a true Angel of Darkness with those wings. Like J.D.

Lucy: Thanks, Varie.

We then explain what went down and everyone was shocked and we then went to sleep at 3:30 AM.

# One Flu Over the Loud House

It starts with Me, Varie and Eddy walking over to the Loud House. We knock on the door and no one was answering.

Me: That's weird.

We go in and see that everything is quiet.

Me: Hello? Anyone here?

Varie: Where is everyone?

Me: I don't know. It's usually never this quiet.

Eddy: That's weird. The van's still here. Maybe they're sleeping in today.

Me: Maybe, maybe not.

We walk upstairs to Lincoln's room and knock on his door.

Lincoln: Come in.

We open his door.

Me: Hey Lincoln. How's it going?

Lincoln: Hey guys.

Varie: It sure is quiet around here.

Lincoln: [yawns] "Ooh, the sweet sound of silence. That never happens on a Saturday. I must be the first one up." [notices the time] "Wait a minute! 10:00 AM? How could it be this quiet this late?"

Eddy: I don't know, Lincoln. It was quiet when we came in here.

Lincoln: That's weird.

[He opens the door as he puts his clothes on and we come out. We then notice the upstairs hallway is all wrecked.]

Me: Whoa. The hallway wasn't like this when we came in.

Lincoln: "Uh, hello?" [Suddenly, a strange noise is heard coming from Lola and Lana's rooms.] "Hey guys!" [Lola come out of her room and she looked sick, and looked like a zombie.]

Me: What's wrong with you Lola?!

Lincoln: [Lincoln laughs nervously and walks back to Leni.] "Oof! Leni, I think something's wrong with Lol…" [Leni looks sick and there were flies around her. Varie and Lincoln scream. There is a sick Lynn as well. He tries to back away and tries to open Lisa bedroom door. Lisa opens the door, and she pulls Me, Varie, Eddy, and Lincoln inside as we scream, with Lori, Luna, Luan, Ronnie Anne, Lucy, Laney, Lana, Lisa, Lily and Jessie holding us.] "What the?"

Me: [droning] Head toward the Light.

Laney: Are they okay?

Luna: "They look okay, but we better check them."

Lori: [checks us with a temperature scanner] "98.6 degrees. They're good. Let them go."

Me: Hey girls.

Eddy: Hey girls. Hey Luan.

Luan: Hi, Eddy.

Lincoln: "Will someone please tell me what the heck is going on?!"

Varie: Yeah, Everyone looks like a bunch of Zombies.

Lisa: "Haven't you heard? This morning our house became infested with an acute, febrile, contagious virus. Or, as it's known on the street," [suspenseful music plays] "The flu."

Me: THE FLU?! Uh-Oh!

Lincoln: [to me] "With 14 Louds, 3 Santiago's and 1 Jessie packed into 4500 square feet, when someone gets sick, it spreads like the plague. We're not just talking flu, we're talking… a zombie apocalypse!"

Eddy: A ZOMBIE APOCALYPSE?!

Lisa: "The first virus sighting was in Leni's room."

[An old time movie reel complete with countdown starts with Rita checking Leni's temperature with the scanner.]

Rita: "You have got a fever, young lady. You need to get right back in bed."

[Leni sneezes and her mucus gets all over Lynn's basketball. Lynn picks it up, spins it on her fingers, gets Leni's germs on her, sneezes, and catches the flu. As she groans, she goes down to the kitchen and drinks orange juice straight from the carton.]

Lola goes and gets a drink of orange juice and pours a glass and drinks it with germs in it and she gets sick and groans.

[End flashback]

Me: Oh, man. This is bad and I've never been sick a day in my life.

Varie: Me neither.

Eddy: Same here.

Lisa: "Okay, the only survivors are you three, me, Lori, Laney, Luan, Ronnie Anne, Luna, Lily, Jessie and Lucy."

[The group is shown altogether.]

Lincoln: [panicking] "Wait! Lucy's infected!"

Lucy: "Incorrect. I always look like this."

Lincoln: But what about Laney? Usually she's the first one with the flu.

Laney: Don't worry about me. I've never been better! [stretches]

Lisa: "If we wanna live to see another day, I suggest we initiate escape protocol ASAP."

Lincoln: "I'm on it." [gets his radio and calls Clyde] "Healthy Loud to Safe Haven. We've got a level four outbreak."

[Clyde spits out his cereal.]

Clyde: "The flu?! Lincoln, give it to me straight. Did Lori make it?"

Lori: I'm okay Clyde.

Clyde: "[Acts like a robot] System overload. Sys… [I snap my fingers] Thanks J.D. Sorry. I'll have everything ready. Cot, medical supplies, and my patented heal meals. How many survivors?"

Lincoln: "11." [Luan sneezes] "Make that 10."

Luan: "Guys, no! It's snot what you think!" [laughs and then turns sick and groans.]

Me: [Chants an incantation] Vestiga Piyona Serrisa!

Rainbow Light cures Luan in an instant.

Luan: Thank's J.D.

Me: No problem, Luan.

Lily: I wish I can learn magic like that.

Varie: "Guys, don't you think we should take care of the sick? After all, they're still our family."

Laney: I wish we could, Varie. But there's nothing we can do.

Luna: "She's right, dude. It's too late for them, but not for us."

Jessie: Yeah. We need to get out of here fast.

Ronnie Anne: I'm right behind you.

Lincoln: "Everyone, out of the house! Let's move."

Lisa: "Wait! We can't just go out there with our proverbial keisters hanging out." [presses a button that opens up her and Lily's closet equipped with water guns, grabs one, and fills it with some kind of substance.] "In case we're attacked, this concoction will slow down the infected." [blasts Lincoln]

Lincoln: [tasting the concoction] "Tastes like chicken soup."

Lisa: "That's because it is chicken soup." [hands gun to him]

I start loading a pistol with tranquilizer darts.

Jessie: What's in those darts, J.D.?

Me: Codeine. It's a narcotic. It will make them tired. But this is only a small dose so it should be okay. Here. [gives Jessie a gun] We only have 10 shots each so we have to make them count.

Eddy was filling water balloons with something.

Luan: What you filling those water balloons with, Eddy?

Eddy: Orange juice with extra pulp. It will slow them down a little.

Luan: Orange you glad you thought of that? [Laughs with Rimshot] Get it?

Eddy: [Laughs] I get it.

Lucy, Lana, Luan, Laney, Ronnie Anne, Lori, Lisa, Lily, and Luna each grab one of the remaining guns. Lisa gets more soup and puts on a headband. The remaining 10 are ready to take the fight.]

Varie: I'm ready guys.

Lisa: "LOCK AND LOAD, PEOPLE!" [her siblings follow suit]

Me and Jessie cock our guns.

Lana: Lets go kick some Zombie Butt!

Eddy: This is more Ed's department. But I love the excitement.

[Lincoln looks around and gives the clear signal and we move into the hall.]

Lincoln: "Look sharp. They can be anywhere."

Me: I'm always on the alert.

[We move onward and Luna signals them to stop. Luan's unicycle comes rolling out of her room and onto the floor. Just then, Lincoln spots something.]

Lincoln: "Luna! Three o'clock!"

[The infected Leni is coming toward them and Luna shoots some chicken soup into her mouth, causing Leni to fall over.]

Lincoln: "Lisa! Six o'clock!"

[The contaminated Lola is approaching in her car.]

Lisa: "EAT HOT SOUP!" [shoots it in Lola's mouth, causing her to crash while distracted by the taste.]

Lincoln: [notices another one] "Lori! Nine o'clock!"

[Lori sees Lynn coming and she fires soup into her mouth]

Me: Good shot Lori.

Laney: Guys, Trouble! [She points to Luna being surrounded by a sick Lynn and Lola]

Luna: [panicking] "Dudes! Help!"

[Me and Jessie fire darts and they hit them in the arm and they were knocked out]

Luna: Thanks J.D. and Jessie.

Me: No problem.

Jessie: You're welcome.

Lincoln: "EVACUATE!"

[We head for the stairs and go down them]

Me: We're almost there guys.

Laney: Yeah.

Lincoln: "We're tasting freedom in three, two-"

[As he opens the door, we discover that Charles, Cliff, Walt, and Geo are contaminated as well.]

Lincoln: "AAAHH! THE VIRUS HAS JUMPED SPECIES!"

Eddy: Eat orange juice flea bags!

Fires an orange juice bomb from his sling shot and it splatters orange juice all over the pets and they fall asleep.

Me, Varie, Eddy, Jessie, Ronnie Anne, Lincoln and his sisters run to the sidewalk.

Me: I'll quarantine the house. [Chants an incantation] Fenorica Vekouxa Gamseno!

A giant dome enclosed the Loud House and it was kept under tight quarantine.

Me: That should hold. Now lets get to Clyde's house where we can wait until the virus has run its course.

Laney: Yeah. Good thinking.

[Scene changes to Clyde's House]

Clyde: [to J.D.] It's good you all got out of there. I thought I lost you all.

Me: What started as a visit turned into a rescue mission from the Flu.

Varie: Yeah. But we should've stayed and watched over them.

Me: I know it was the right thing to do but nobody likes getting sick. Especially with the flu.

Eddy: I don't think the Loud House can get Flu Shots.

Lori: You're right Eddy. Dad is too scared of needles and he doesn't want us all to get them.

Me: Boy, he's got a nasty case of Belonephobia a.k.a. the fear of Needles. What about Ms. Rita? Is she scared of needles?

Lori: No. Mom is not.

Varie: Those two are the exact opposites of eachother when it comes to Horror Movies and Needles.

Lana: Yeah. Being sick is not fun. How long will it take for the Flu to go away?

Lisa: Influenza, street name: The Flu, usually goes away after about 2 to 3 days.

Ronnie Anne: I'm glad we got out of the house.

Jessie: Me too.

Luan: I'm glad we're safe.

3 days later at 8:00 in the morning, as we are all sleeping in the living room, the telephone rang.

Me: I'll get it. [I answer the phone] Hello?

Lynn Sr.: J.D.? It's Lynn Sr.

Me: Hello Mr. Lynn. Is everyone feeling better?

Lynn Sr.: Yes we're all okay now. You all can come back now.

Me: Oh good. But we'll stay protected just in case. See ya.

[Scene change to the Loud House]

Me, Varie, Eddy, Jessie, Ronnie Anne, Lincoln, Lori, Luna, Luan, Lucy, Laney, Lana. Lisa and Lily are standing outside the dome and I make it vanish.

Me: It looks safe.

We sneak up to the house and open the door and we see Lynn Sr., Rita, Leni, Lynn, and Lola all better.

Me: You guys are all better. Thank goodness.

Lynn Sr.: Yes we are.

Me: [Suspicious] But how do I know this isn't a biological trap?

Rita: There is no trap here, J.D. We're fine.

Me: I don't sense any lies. Okay.

We put our weapons away and head into the kitchen for some breakfast.

THE END.

I hope this one turned out good. It might not have gone the way you might've hoped but that's alright.

# Ed-Ventures of The Past

It starts at the Loud House.

Me, Varie, Jessie, Woody, Lincoln, his sisters, Ronnie Anne, Sarah and the Ed's were in the living room eating hamburgers, hot dogs, and french fries.

Lincoln: So what kind of adventures did you guys have in Peach Creek, Eddy?

Eddy: We had lots of crazy adventures, Lincoln. We call them Ed-Ventures.

We all laugh.

Sarah: Remember when you guys made Jonny into a pest?

Eddy: Oh yeah. That was funny.

Me: How did you guys turn him into a pest?

Eddy: I put a purple suit on him and Double D brushed his teeth with Anchovy Paste.

Laney: Anchovy Paste!?

Loud kids: EW!

Lana: Cool!

Edd: It smelled really bad.

Ed: I glued a block of wood to his foot.

Edd: Which I thought was disturbing.

Eddy: I told him that people like it when you say "Why" all the time and Ed told him that people like it when you poke them on the head. Jonny would yell "Yee-Haw" and blow fish breath out. The most terrible part was when Jonny cracked his knuckles.

Me: Like this?

LOUD CRUNCH!

I crack my knuckles really loudly and Ed covered his ears.

Ed: Yep, That's it.

Sarah: Boy, was that stupid.

Varie: It didn't work out in the end didn't it.

Edd: No it did not.

Eddy: Rolf had some unusual stuff from his culture tied in to Jonny being annoying.

Lincoln: Unusual. What else did you guys do?

Eddy: Kevin dared us to go into an abandoned house on our block for a jawbreaker.

Edd: It was all a trap set up by the Kankers for a forced wedding.

Lola: Boy, that is Crazy!

Sarah: I agree with you on that, Lola. And that was before the Vengeance Express was after them.

Jessie: What kind of scam did you guys do before you went into that house?

Eddy: We tried to sell Tacos made with paper plates, grass, and crayon for cheese. Plus I added my brothers special Armenian Secret Hot Sauce. [Pulls out a jug full of his brothers hot sauce] Here's the stuff.

Me: Ooh that looks tasty. Can I try some?

Eddy: Sure, why not.

I take the top bun off my burger and he puts some on and I take a bite and I start boiling red and steam shoots out of my ears like a steamwhistle.

TOOOOOOOOOOOTTTTTT!

Me: Mmm. Delicious. Your brother makes really good hot sauce Eddy.

Lynn: May I try some too?

Eddy: Sure, Lynn.

Eddy puts some on Lynn's sub sandwich and she takes a bite and her face turns red and fire blasts out of her mouth and she screams and runs outside and turns on the hose and drinks alot of water.

We all laugh.

Varie: Poor Lynn was no match for the level of spice from your brother Eddy.

Eddy: [Laughs] Yeah.

Luan: This was one story that SPICED things up! [Rimshot] [Laughs] Get it?

Me, Varie, Jessie, Woody and Eddy Laughed.

Eddy: [Laughs] Good one Luan!

Varie: What else did you do?

Ed: Well there was this time when we were in the Junkyard and we found a box of Turkey Basters.

Edd: Oh yeah. We called them Canadian Squirt Guns.

Sarah: We had lots of fun with those. Eddy was like a male version of Annie Oakley.

Eddy: Thanks Sarah. But those stupid Kankers ruined it later on.

Lily: Boy, those dumb Kankers loved ruining everything.

Ed: You said it Lily.

Woody: What was the worst thing that happened to the entirety of Peach Creek?

Sarah: That's easy. It was a terrible event called the Destruction of Rethink Avenue.

Lucy: The Destruction of Rethink Avenue?

Sarah: We all called it the Kanker Hissy Fit. Ed sleepwalked and accidentally took the Kankers Ship in a Bottle and the Kankers went on rampage and destroyed our entire neighborhood.

Me: Oh man. I've heard about that. That was destructive. Is this what happened?

I look up the event on my phone and it was devastating. The whole cul-de-sac was completely destroyed and all the houses were leveled.

Sarah: Yep. That's the very event.

Me: Boy, that was terrible. It's a miracle no one was hurt or worse.

Lincoln: Let me see.

I show Lincoln the picture.

Lincoln: Whoa. That was horrible.

Luna: That looked like a terrible event, dudes.

Woody: That sure was awful.

Me: No kidding. Was there anything that you guys did with Rolf?

Edd: Hmm. Let me see here. Rolf was feeling homesick and we decided to make him feel like he was back home and also learn about his culture by using the construction site and build a replica of an old world village. But it went south when Jonny showed up.

Ed: He taught us a really cool folk song called "That's My Horse".

Eddy: Ed loved to dance. [Laughs]

We all laugh.

Lana: Boy it sounds like you had alot of fun with that.

Ed: We sure did Lana.

Luna: What about with Jimmy, dudes?

Eddy: That's one I'll never forget.

Sarah: I had a ballet lesson that day and I put Ed in charge of looking after Jimmy while I was away.

Eddy: It was not working out until I started teaching him everything I know about scams. He made a good scam. He made a trampoline of old sheets and dolls and charged 25 cents for 25 seconds. But he kept all the money for himself and Ed blew the whistle she gave Jimmy and Sarah came and he made up a lie where we made him eat dirt and Sarah pulverized us.

Me: Wow. The student surpassed the master.

Edd: Indeed.

Lori: Double D. Was there any adventures around you?

Edd: Yes Lori, there was. I was tasked with delivering Ed and Eddy's report cards to their parents.

Eddy: I remember that. I can't believe me and Ed went after you to get them back Double D.

Edd: No hard feelings, gentlemen.

Leni: What happened?

Eddy: Ed and I were very upset that Double D was delivering our report cards to our parents. I called Double D a Low-Down, Miserable, Two-Timing, Double-Crossing Slimeball and a

Backstabbing Jerk.

Jessie: And you didn't want your report cards to be delivered to your parents?

Eddy: Yeah.

Lola: What was on your report cards that you didn't want your parents to find out?

Eddy: Me and Ed got all F's on our report cards and it was awful.

Ed: Me and Eddy got punished real bad guys. I was afraid I was gonna have to live with my aunt. She has a mustache, her cat makes me sneeze, she never butters my toast, she smells like cabbage and makes me use toothpicks.

Lincoln: Your aunt sounds like a more stricter version of our Aunt Ruth, Ed.

Ed: She is, Lincoln.

Eddy: I was sent to a reform school for 3 weeks. So to make sure we didn't want that to happen, I tried to change my grades with a hand me down from my brother. But Double D stopped me.

Edd: I know guys but I was trying to do the right thing.

Ed: We know Double D.

Lisa: What was the most strangest thing thats happened to you Ed?

Ed: Hmm. Well there was that time when I was sleepwalking and eating everyones food.

Edd: Oh I remember that. You were eating my food and I thought you were an intruder. I woke up Eddy and we followed you and you did all kinds of talented stuff.

Eddy: Yeah, Ed. You scarfed a whole fridge and ate Jimmy. But you spit him back out. You bilked the whole neighborhood of it's food.

Ed: Oh yeah. That was so crazy of me.

We all laugh.

Me: Boy it sounds like you guys have had alot of crazy adventures.

Eddy: We sure did, J.D.

Lynn: What was your most painful adventure?

Eddy: That was when we turned Jimmy into a Sumo Wrestler.

Lynn: Sumo Wrestlers are cool! What happened?

Eddy: Well Jimmy made a wish in our Wishing Well Scam. He said he wanted to be a star. So we helped him out.

Ed: It was because of me actually. I watched some Sumo Wrestlers on TV and Eddy got the idea.

Eddy: Yep. We fed Jimmy until he got big. I made him eat an entire fridge full of his private stash of Peaches and Cream. But we had another problem. Sumo Wrestlers are respected all the way in Japan. So we tried to go all the way to Japan by catapulting ourselves with a street light. But Jimmy was too big and heavy and he crushed me and Ed. I was in a full body cast and Ed only had a few casts.

Sarah: I got Jimmy exercising after that. He was dripping sweat like no tomorrow.

Me: That was cool.

Lana: What was the grossest adventure you had?

Edd: That's easy, Lana. It was when we were catching frogs for our Frog Jumping Derby.

Eddy: Oh yeah. We couldn't do that because Ed had a wedge of rotten cheese named Sheldon in his jacket pocket.

Me: Rotten Cheese?! That would smell like puke.

We all reville in disgust minus Lana.

Lana: Cool.

Eddy: We tried to get rid of it by having Ed take off his jacket and have Double D put it in a jar.

Ed: Yeah. I also had a fish carcuss named Angus that I wore around my neck like a pendant.

Everyone but Lana: "Ew!"

Lana: Cool.

Luan: What was your funniest adventure, Eddy?

Eddy: Oh man. That's a tough one. But I would say my funniest adventure would be the Prank Master Horrors.

Sarah: Oh yeah. I remember that.

Eddy: I made a bet that before sunset I could prank the cul-de-sac. Our first pigeon was rolf and he got trapped in a wooden barrel with a weather vane on him. It had a card on his head. It was a joker card with the Joker crossed out and replaced with the words Prank Master on it. Everyone claimed that the Prank Master was terrorizing the neighborhood.

Ed: The next victim was Jonny and we saw him in a diaper hanging from a tree and we laughed at him for that.

Edd: We then saw Sarah fall through a trap door.

Eddy: Kevin got hit with a big flyswatter.

Ed: Jimmy got scared by a huge clown balloon.

Laney: Ooh, I wouldn't like the sound of that. Sorry I'm scared of clowns.

Edd: I'm sorry, Laney. Jonny then got catapulted by a giant spring.

Eddy: And lastly, Kevin got his butt caught in a giant bear trap. We thought that me, Double D and Ed would be next so we armed ourselves for defense.

Ed: I found a jawbreaker on the sidewalk.

Eddy: But I thought it was a trap.

Sarah: Me and Jimmy found it and it wasn't a trap.

Ed: So me, Double D and Eddy wedgied eachother and everyone laughed at us. Turns out there was no Prank Master.

Eddy: That got me mad and I decided to get even by making the El Mongo Stink Bomb. My Brother showed me how to make it. We set it to explode in the street but it got stuck in my garage and exploded in there.

Ed: It had some of my stinky socks on it.

Me: That would smell like a thousand rotten corpses enhanced 1000 fold. No offense Lucy.

Lucy: None taken.

Edd: It did.

We laugh some more.

Luan: That's what I call a STINKY Defeat! [Rimshot] [Laughs] Get it?

We all laugh.

Eddy: [Laughs] I get it.

Lynn: What was the adventure where you got hurt the most Eddy?

Eddy: That's easy, Lynn. It was when I challenged Rolf for the hardest badge he had in the Urban Rangers.

Edd: The Hairy Chest of Resilience Badge. Jonny said that no one had earned that badge in 50 years.

Me: Boy that sounded like a really tough badge to earn.

Varie: What did you have to do to get it?

Eddy: I had to endure a series of tests.

Ed: The first test was The Wax of Wailing. We put wax on Eddy and Rolf's legs and pull the wax off with a leather strip on Jimmy's Signal.

Lincoln: That must've really hurt.

Me: That's like pulling super glue duct tape off of your leg and tearing your skin off.

Lana: Ouch.

Edd: Yeah. The second test was The Bumping of The Funny Bone. Eddy and Rolf had to slam their arms into an open file cabinet drawer.

Lynn: That must've hurt.

Eddy: It tickled a little. The Third test was called The Bramble Bush of Bellyache. Me and Rolf had to run through a bramble bush naked.

Lola: Yikes! That must've hurt. But that is gross.

Eddy: It did and I agree with you Lola. I came out with alot of bleeding cuts.

Edd: The fourth test was The Pendulum of Protest. Eddy and Rolf were in between three boulders tied to the swingset in a Newton's Cradle and Eddy and Rolf had to last as long as they can while the boulders swing back and forth with kinetic motion.

Lisa: Fascinating. A Giant Newton's Cradle Endurance Test.

Ed: The final test was the toughest one. It was called The Tour of Tears. Eddy and Rolf dove off a cliff, into a watertower into the path of an oncoming train down a railroad track into a sofa slingshot and they get launched and crash land in the Circle of Supremacy. He had a lot of broken bones because of it.

Me: Ooh. That must've really been painful.

Edd: Yes. But the good news is that Eddy won.

Me: Eddy won!?

We all cheer for him.

Lincoln: How Eddy?

Eddy: It turns out I passed out one second after Rolf.

Luan: You gave Rolf a PAINFUL defeat. [Rimshot] [Laughs] Get it?

We all laugh.

Eddy: [Laughs] I get it Luan.

Me: I will say this Eddy. You may have a love for Jawbreakers, but you have a body that's as tough as a block of reinforced steel.

Jessie: I agree.

Sarah: I saw the whole thing and it was extremely rough.

Woody: You guys have been through alot.

Ed: Yeah. But we all had fun.

Me: What happened to Rolf and the Urban Rangers after you won that badge Eddy?

Eddy: Rolf was so disgraced that he locked himself in his house and never came out. That is until our biggest scam went wrong and the Vengeance Express came after us. And the Kankers torturing us.

Lily: Well at least everyone forgave you and became your friends afterwards.

Eddy: Yeah that's true.

We continued to talk about all sorts of fun adventures and more throughout the rest of the day.

THE END

Another fanfiction completed.

The Episodes I had them talk about are as follows:

01: Shoo Ed.

02: Honor thy Ed.

03: Know it All Ed.

04: Run for Your Ed.

05: Wish You Were Ed.

06: Ed in a Halfshell.

07: Mission Ed-Possible.

08: A Glass of Warm Ed.

09: One Size Fits Ed.

10: Thick As an Ed.

11: Fool on The Ed.

12: The Good, The Bad, and the Ed.

The episode that made me laugh the hardest was Shoo Ed. That one was extremely funny. I wanted to do a special reminiscing episode of Ed, Edd, & Eddy's adventures in Peach Creek. I did a twist on The Good, The Bad, And the Ed by having Eddy win the Badge where in the show he lost. It's a shame that they can't make anymore episodes of Ed, Edd N Eddy. But it will always make us laugh in our hearts and in our memories.

See you next time.

# Enter Linka Loud

It starts with me and Varie at the Loud House watching cartoons in the living room with Lincoln, Laney, Lily and Jessie. Laney is reading a book.

Me: [Laughs] Boy, he sure got hit good.

Lincoln: Yeah. That coyote just won't quit going after that roadrunner.

Lily: Yeah. What a goof.

Lola: My name is Lola Loud. Who's my male side?

Linka: His name is Lexx and he likes to play rough and be clean. Plus he has a camouflage car.

Lisa: I'm Lisa Loud and it's a pleasure to make your acquaintance. Who is my male counterpart?

Linka: His name is Levi and he's a scientist too.

Lily: My name is Lily Loud. Biologically I'm 15 months old but because of special circumstances I look like I'm 10-years-old. Who is my counterpart?

Linka: His name is Leon and he's a baby.

Lincoln: My name is Lincoln Loud and I'm the only son. I guess you and I are both very similar.

Linka: Yes we are, Lincoln. I am the only daughter, my best friend is Claudia.

Varie: Sorry to interrupt but is that a female version of Clyde?

Linka: Yes she is. I like reading comics, playing video games, and peace and quiet.

Jessie: You and Lincoln have alot of things in common. Sorry I'm Jessie Bannon. I'm from another dimension too.

Linka: That's interesting.

Me: If I may ask how did you get thrown into that portal?

Linka: My brothers all were having a fight over a baseball card.

Varie: A Baseball Card?

Laney: Why something so petty like that?

Linka: It started with Loki and Loni getting the same card. It was a 1954 Ted Williams.

Me: I'm not into baseball cards, No offense Lynn, but that card is worth $50,000.00.

Lola: Wow! All that money on one baseball card!?

Me: Yeah.

Lynn: None taken by the way J.D. I don't collect baseball cards anyway. I play the sports.

Linka: Yeah. But the fight exploded into Erupting Volcano and they decided to [Sniffles, Voice Breaking] to get rid of me for good!

Linka started crying hard.

Laney came and comforted her.

Lori: They had Sister Fight Protocal too?

Me: Or in Linka's case, Brother Fight Protocal. And that is far worse than Erupting Volcano or DEFCON 1. I call that Jonestown Massacre or DEFCON 0.

Varie: What's DEFCON 0?

Me: It's something I made up. It means that there is no defensive readiness and everything has been totally destroyed.

Lisa: Technically it's not an actual DEFCON level but that is the correct way to put it.

Varie: We got to help Linka.

Jessie: I know. But like me it's like trying to find a needle in a haystack.

Varie: Linka is now stuck here. But don't worry Linka. We will do everything we can to help you.

Linka: You… [Sniffs] You will?

Me: Sure. That's what friends are for.

Linka came over to me and hugged me.

Linka: Thank you J.D.

Me: You're welcome.

Lynn Sr. and Rita came in through the door.

Lynn Sr.: Hey guys. We're home.

Me: Welcome home Mr. Lynn. We have a rather interesting development for you.

Me, Varie and Linka explained everything to them and Lynn Sr. and Rita were shocked.

Lynn Sr.: That's horrible.

Rita: What your brothers did was absolutely horrible.

Linka: Yeah but I feel like I'm happier here than I was at home.

Me: Let's see what's going on. Watch. [Chants an incantation]

**Litiumou Sepuxui Kylmyysis!**

Blue fire formed a dimensional viewing window into Linka's Dimension and we saw Lynn Sr. and Rita's counterparts crying as the older boys were taken away in police cars and the younger boys minus Larry and Leon were taken away by Child Protection Services.

Linka: My brothers minus Larry and Leon are being taken away?

Laney: Whoa. That is rough.

Me: This is probably what would've happened if we never got rid of the Sister Fight Protocal. From the looks of things, Me and Varie are not in that dimension at all.

Varie: Yeah. I can tell that this is really bad already.

Lola: You were right J.D. That protocal did only make things worse.

Lisa: And not just for us but for the entire neighborhood and our friends and relatives.

Lynn Sr.: And this version of you guys were fighting over a baseball card?

Me: Not just any baseball card Mr. Lynn. It was a 1954 Ted Williams. It's valued at $50,000.00 according to 2016 Standards.

Rita: That's a lot of money for one little card.

Varie: There's a difference between Loki & Loni and Lori & Leni. Lori and Leni were fighting because they had the same kind of dress. Loki and Loni were fighting because they both had 1954 Ted Williams Cards. That's $100,000.00 for both cards.

Laney: That is alot of money. But I'm glad we got rid of the Sister Fight Protocal.

Lily: Me too.

Everyone agreed and I closed the window.

Lucy: By the way J.D. Could they see or hear us through that window?

Me: No they could not, Lucy. It was a viewing window that lets us look into that dimension.

Lucy: Oh, I see.

Linka was now a member of the Loud Family in our dimension and she and Lincoln now share the same room.

THE END

Another Fanfiction Completed.

I wanted to make a special story where Linka comes into the Loud Family because of a disasterous Protocal. Linka wasn't getting anymore attention on the show. So let me know what you think.

See you next time.

# Lightning Strikes Twice

It starts in another dimension.

The Teen Titans were fighting their nemesis Slade Wilson AKA Deathstroke. He was proving to be one doozy of a challenge.

Robin: It's over Slade. Your terror on the city is over.

Slade: It's just beginning Robin.

Starfire punched Slade in the face and fired lasers from her eyes and burned his back. Slade screamed in pain. Robin, Beast Boy, Raven, Cyborg and Terra combined their abilities and blew him apart. Destroying him completely. Then without warning, Starfire was hit by a bolt of green lightning from out of nowhere and in a vortex opened up and she, Raven, and Terra were sucked into it and were gone.

Robin: STARFIRE, RAVEN, TERRA!

Beast Boy: Dude. Where'd they go?

Cyborg: That vortex lead to another dimension. Maybe we can find out where they have been taken to.

Me, Varie, the Eds and Woody were over at the Loud House as a thunderstorm was going on outside. It was raining a lot.

Me: Rainy days are sure boring, huh?

Varie: Yeah. But what can you do?

Laney: Hey, look over there.

We all see lightning bolts coming out of one spot in the storm. This was totally unheard of.

Me: I don't think I've ever seen lightning come out of a localized spot in a storm before. It's just coming out of that one spot.

Lori: Me neither.

Edd: That is strangely peculiar.

I sense something coming.

Me: [Gasp] EVERYONE GET DOWN!

Lightning struck through the window and hit Lincoln & Linka head on.

It vanished 2 seconds later and we get up and we see that Lincoln and Linka are unharmed.

Me: Lincoln, Linka, are you two alright?

Linka: Yeah. I'm alright.

Lincoln: Me too, but I feel strange.

Laney: That's weird. There's no tornado. Usually whenever one of us gets powers a tornado envelopes us. I was in a tornado of Leaves.

Lana: Mine was snow and ice.

Lola: Mine was fire.

Lori: Mine was Wind.

Lucy: Mine was Darkness.

Lily: Mine was Glowing Water.

Me: Lincoln, Linka, can you see if you can do anything?

Lincoln: We'll try.

Lincoln and Linka held out their hands and they fired a bolt of lightning that hit 2 chairs and reduced them to splinters.

Ed: Cool!

Eddy: Whoa!

We were all amazed.

Me: Lincoln, Linka, you both have Lightning Powers!

Lincoln: We do!

Linka: Yeah we do!

Lincoln: How is this possible!?

Laney: That lightning strike did it.

Me: Let me check. [I check my Legends book and find a rather peculiar discovery] Lincoln, Linka, you guys have lightning powers because of the Lightning of Hinon, the Iroquois God of Thunder. According to this, he will grant two people his powers of lightning when a hole in the fabric of time, space and dimensions is opened up during a thunderstorm. It also says that you will also gain winged flight, super strength, and the ability to travel through any electrical current. It is also said that it will give lightning powers to anyone struck by lightning on the other side of whereever the hole either leads to or is coming from.

Lincoln: That's incredible!

Linka: No kidding?

Luan: This is truly a SHOCKING development! [Rimshot and Laughs] Get it?

Me: [Laughs] Good one, Luan.

Eddy: [Laughs] Yeah. That was funny.

Varie: But where will this hole come from?

Me: Guess we'll have to go and find out.

Me, Varie, Jessie, Woody, The Eds, the Loud Kids, Bobby and Ronnie Anne went to the spot where the hole appeared over and we saw an amazing sight. It was actually a wormhole from another dimension leading into our dimension. Lightning was lining the spinning walls of the wormhole and putting on an incredible display. We also could see right into it. It was an extremely long tunnel that leads from another dimension to ours.

Me: Wow. What a sight! It's like a white hole!

Lisa: That is a good identification J.D.!

Me: This is a wormhole! I've seen these in Science Fiction movies!

Edd: This is absolutely amazing guys!

Varie: I can't see anything on the other end!

Lincoln: This is amazing! I thought these weren't real!

Linka: Me too!

Lynn: Wow! What a sight!

Lori: Boo-Boo-Bear, this is incredible!

Bobby: I know babe!

We heard screaming coming from the wormhole.

Jessie: Something's coming through!

I squint and I see three figures coming through.

Me: I see three figures!

They came closer and I recognized them immediately as the wormhole closed up and they fell from the clouds.

Me: [Gasp] That's Starfire, Raven and Terra! Varie, Lori, come on!

Me, Varie and Lori spread our wings and flew up and we caught them.

Lori: Lets take them back to the house.

Me: Right.

We take them back to the house and lay them on the floor and they start waking up.

Me: Are you okay?

Starfire: Yes. We are.

Raven: Where are we?

Me: You're in the Loud Residence in Michigan.

Terra: Michigan? How did we wind up here guys?

Starfire: I do not know.

Varie: You were taken from your dimension through a wormhole to our dimension.

Terra: [gasp] I remember. We were sucked in through that wormhole after Starfire got hit by that green lightning.

Lori: Green Lightning?

Me: I don't know how that happened.

Starfire: We should introduce ourselves. My name is Starfire. I come from the planet Tamaran.

Me: I've heard alot about Tamaran. It's a beautiful planet in the Centauri System.

Raven: Thank you.

Terra: My name is Terra. I was born here on Earth. I have Earth Powers.

Terra: Yes. My real name is Tara Markov and I originally came from the Kingdom of Markovia. I'm the lone survivor of an extinct country.

Starfire: What kind of powers?

Raven: That's cool. What powers do you have Varie?

Varie: Winged Flight, Shape-Shifting, Cosmic Hydrokinesis, Aquatic Communication and more.

Starfire: Glorius.

Jessie: My name is Jessie Bannon. I too am from another dimension.

Raven: How did you get here?

Me: We found Jessie in the forest sinking in quicksand while retracing our steps to get back to a bed and breakfast and rescued her.

Jessie: Yes. I don't have any powers but I am a 9th degree black belt.

Raven: That's interesting.

Raven: Same here.

Eddy: I don't have any powers but I do like making people laugh.

Terra: That's okay.

Lori: My name is Lori Loud. I'm the eldest child of my family. I have Winged Flight and Wind Control.

Lori spreads her wings and forms tornadoes in both her hands.

Starfire: Glorius. How did you get your powers?

Lori: I was blessed by the Winds of Ga-oh. Ga-oh is the Spirit of Wind in Iroquois Mythology.

Laney: We have Iroquois in our heritage.

Terra: That's cool. I have a strong curiosity when it comes to Native American Cultures.

Leni: My name is Leni Loud. I'm the 2nd child. I make great fashions.

Me: Leni doesn't have any powers but her fashion designs are awesome.

Starfire: I'll have to see them.

Luna: My name is Luna Loud. I'm the 3rd Child. I don't have any powers. But I like to play rock and roll.

Raven: That's cool.

Luan: My name is Luan Loud. I'm the 4th Child and I'm the jokester.

Eddy: Luan is my girlfriend. She and I have a POWER-ful bond! [Rimshot] [Laughs]

Luan: [Laughs] Get it?

Me, Varie, Starfire and Terra Laugh.

Me: [laughs] Good one Eddy.

Terra: You are funny, Eddy.

Raven: [laughs] Oh I just got it. That one was funny.

Lynn: My name is Lynn Loud Jr. I am the sports master.

Raven: You like playing sports?

Lynn: Yeah. It is Awesome!

Terra: That's interesting.

Lucy: My name is Lucy Loud. I have Dark Powers because of the Black Lightning of Nótt, the Goddess of the Night from Norse Mythology.

Raven: You are truly blessed Lucy. I have dark powers too. Watch. [finds an object and Chants an Incantation] Azarath Metrion Zinthos! [A stream of pitch black energy comes out of her hands and it turns a plant pot into a pile of dust]

Me: Whoa!

Lucy: Wicked. Maybe you can help me learn some more powers Raven.

Raven: I'd be happy to teach you Lucy.

Laney: My name is Laney Loud and I have plant powers. I got them from the Diamond of Gaia. Only those that are pure of heart can be granted them. Watch. [Laney grows vines from her arm and they became a sword]

Lily spread her Wings of Glowing Blue Water and she had water swirling around her hands.

Raven: That's cool.

Bobby: It's a pleasure to meet you all. My name is Bobby Santiago and this is my mom Maria and my little sister Ronnie Anne.

Raven: Pleasure.

Me: So what were you all doing in your dimension before you arrived here?

Starfire: We were fighting Slade.

Me: Slade Wilson AKA Deathstroke?

Raven: That's him. He was out to destroy the city and we destroyed

him.

Terra: Slade caused lots of problems for us back home. We combined our abilities and finished him for good.

Lincoln: Well that's good. I'm glad he's gone forever.

Me: Me too. I've heard a lot about his skills in martial arts and how cunning and evil he is.

Raven: Yes. He was our most dangerous enemy.

Terra: He got what was coming to him.

Raven: Robin, Cyborg, Beast Boy, Starfire, Myself and Terra combined our abilities and destroyed him for good.

Varie: Wow. He got what he deserved big time.

Starfire then felt a pain in her back and she suddenly sprouted green angel wings.

We all gasped.

Me: It's an effect of the Lightning of Hinon.

Back in the Teen Titans dimension Cyborg found out which dimension Starfire, Raven and Terra were in.

Cyborg: All right. I found the dimension and I built us a dimensional transporter into each of our communicators. But it's a one time use. Once we use it we will be stuck there forever.

Robin: That's a chance I'll take.

?: Wait!

In came Kole, Bumblebee, Volcana and Argent.

Kole: We're coming with you.

Bumblebee: Yeah. We got your message and we want to be with our friends again.

Robin: Okay, but what is Volcana doing here?

Argent: Me and her met up and I decided to help her renounce her criminal ways.

Volcana: I want to redeem myself and I want to help people in need.

Cyborg: Well you made the right choice.

Robin: All right. Lets go.

A dimensional portal opened up and they went in.

Back in the Living Room at the Loud House, everyone was talking when a portal opened up.

Me: Now what?

Out of the portal came Robin, Cyborg, Beast Boy, Kole, Bumblebee, Argent and Volcana.

Me: Robin, Cyborg, Beast Boy, Kole, Bumblebee, Argent and Volcana!

Starfire: Robin! [Hugs him]

Robin: I'm so glad you're okay Star and you look even more beautiful with wings.

Starfire and Robin kissed.

Kole: You too Raven.

Argent: Same here.

Bumblebee: Glad you're okay Raven.

Cyborg: We're glad you three are okay.

Starfire: [suspiciously] Why is Volcana here?

Argent: She wants to redeem herself for all the wrongs shes caused by helping people in need.

Raven: Well that's good.

We later sit down in the living room and had a nice chat and dinner. Lola asked Volcana to teach her some more fire powers and she accepted. Lots of stuff went down. The Teen Titans now live in the Loud House. I used my magic to make the Loud House bigger than before.

THE END

Another Fanfiction Done.

I wanted to add a crossover with Teen Titans and a little bit of Justice League to the mix. Also I wanted to have Volcana set on the path to redemption. Tell me what you all think.

See you next time.

All characters of Teen Titans and Justice League are owned by DC Comics and Cartoon Network.

# Fury of the Earth

This episode starts 2 days after a soccer match between Lynn and her enemy Betsy Davis. Betsy broke her leg and now it becomes personal for her. I would like to thank JFMstudios for the idea and inspiration.

Me, Varie, Eddy, Lynn's siblings, Volcana, Starfire, Argent, Raven and Terra, Jessie and Clyde were trying to help Lynn after Betsy Davis broke Lynn's leg with a powerful kick to her shin.

Lynn: This stinks! I can't play sports for 8 to 10 weeks! That stupid Betsy! I will destroy her for this!

Lynn had vowed to get revenge on her for breaking her leg.

Lincoln: Why would Betsy break your leg like this Lynn?

Lynn: She's jealous of me that's why.

Starfire: That girl needs to be taught a lesson in respect and friendship.

Me: I can't argue with that Starfire. What she did was completly unacceptable.

Varie: I agree. Lynn, I'm going after her.

Lynn looked at her with shock.

Raven: Why Varie?

Varie: Betsy needs to pay for this. She deprived Lynn the use of her leg and we can't let her get away with this. Sports are Lynn's life and we have to make sure Betsy gets what's coming to her.

Terra: I agree with you on that, Varie.

Me: She may have henchmen with her so we'll go with you.

Linka: Yeah! We'll be Lynn's avenging angels, so to speak.

Me: Avenging Angels. I like the sound of that.

I pick up the phone and dial Betsy's number and she answers it.

Betsy: Hello?

Me: Hello is this Betsy Davis?

Betsy: This is she.

Me: Hello Betsy. My name is J.D. Knudson and I'm a friend of Lynn Loud. The girl whose leg you broke.

Betsy: Oh. Called to congratulate me on breaking that losers leg?

Me: No. I called because we challenge you to a fight. [Taunting] Unless of course you're a LOSER CHICKEN! [Clucks like a chicken]

Betsy gets enraged.

Betsy: [Infuriated] Oh It is on! I will destroy you! Name the place and I will be there!

Me: Royal Woods Park 20 minutes. And bring some friends. Be there or be square! [Hangs up]

Me: Lets move out!

20 minutes later, Me, Varie, the Eds, The Loud kids, Starfire, Volcana, Argent, Raven, Terra, Jessie and Clyde were at the park and we saw Betsy coming and she had 10 friends with her. They were all delinquent thugs.

Lynn was with them in a wheelchair.

Me: So you all came. Good and we see that you know a street gang. Perfect.

Betsy: Yes. Now we will destroy you. I see Lynn is with you. Is she here to fight too?

Me: No. She's gonna sit back and enjoy the show while we fight you to the finish. [Cracks knuckles]

Varie: Luna, Leni, Luan, Lisa, Eds, you guys stay back and watch Lynn. The rest of you come with us. This is gonna be rough.

Luna: Kick their butts dudes!

Me: We intend to. Varie, you take Betsy. We'll take the rest.

Varie: You got it.

Betsy: GET THEM!

We charge and the fight erupts into a full scale massacre.

Battle 1: Jessie VS Max

Jessie delivered a punch to Max's face, a kick to his crotch and stomach and a haymaker to his back and an uppercut to Max's chin.

Max tried to fight back but Jessie blocked all his strikes with no problems. Max then pulled out a Jackal Dagger and tried to slash her but she hit his hand and knocked it out of his hand and leg sweeped him and kicked him in the back and sent him into the air and he landed on the ground with a big thud.

Max was knocked out.

Jessie took his knife and kept it as a trophy.

Lynn: Whoa. I don't think I've ever seen Jessie fight like that!

Luna: She's a 9th degree black belt dude.

Luan: She can PUNCH their lights out! [Rimshot and laughs] Get it?

Eddy: [Laughs] Good one Luan.

Battle 2: Lori VS Megan

Lori punched Megan in the nose and used her Wind powers and blew her into a tree. Megan got up and charged and Lori dealt multiple kicks to her face and Megan was weak and tired and Lori headbutt Megan and knocked her out.

Lori: Wow! That felt good.

Leni: Lori is amazing.

Lynn: No kidding. She pulverized her.

Battle 3: Lincoln and Linka VS Tori and Kori

Lincoln: You guys are twins too.

Tori: Eh. It's a living.

Kori: We make the best out of it. Now lets see what you got.

Linka: With pleasure.

Lincoln and Linka worked together and punched them in the face, kicked them in the stomach, uppercut their chins, kicked their arms, and electrocuted them with their lightning powers. Knocking them out.

Luna: Right on Bro and sis!

Lynn was proud of her little brother and sister.

Battle 4: Lucy VS Gaz (Not Invader Zim's Gaz)

Lucy: So you're a goth girl too.

Gaz: Yes I am and I will destroy you.

Lucy: Bring it.

Lucy spread her wings and punched Gaz in the mouth and knocked out her teeth and fired Black Lightning at her and it burned Gaz's burned a hole in her clothes and Lucy saw bruises and more.

Lucy: Gasp! The gang has been abusing you haven't they?

Gaz: Yes they have. How did you know that?

Lucy: I can tell because of the bruises on your back. These are bad. I can also sense pain in you.

Gaz: How would you know!? You've never had your parents beat you up on a daily basis! You've never had to run away!

Lucy: Gasp! That is terrible what you've been through. You're right. I didn't experience what you went through but I can tell that you've had it worse than most people.

Luna came over.

Luna: That is awful what you went through dude. Gaz I am so sorry for what your parents did to you. Lets go sit down and you can tell us what happened.

Gaz: Okay.

As Lisa was looking Gaz over, she explained her background.

Gaz: My past has always been a dark one. My family has always been abusive to me. I come from the Chicago Projects.

Luan: I've heard about the Chicago Projects. Living there is a death sentence.

Gaz: For me it was a nightmare. My father was a raging drinker and my mother was a drug addict. But they started all that when I turned 8 years old. My parents would beat me up all the time because they saw me as a monster that needs to be destroyed. [Crying] I ran away and I started a life of crime to vent my hatred towards my parents. I hate them!

Luan came and hugged and comforted her.

Luan: That is just awful. I'm sorry that happened to you Gaz.

Gaz: My real name is Shannon Deluthe.

Lynn: I'm so sorry Shannon. We'll do everything we can to help you. What your parents did to you was unacceptable.

Lucy: I agree. Do you have any family you can turn to?

Shannon/Gaz: No. My dad killed them all! [Crying hard] He destroyed and ruined everything for me!

Eddy: Oh man. That is horrible.

Edd: Shannon I am so sorry. No one should ever have to go through that.

Ed: I agree with you on that Double D.

Shannon let out all her pain and sadness and was starting to feel better.

Battle 5: Laney VS Yuki (a Girl that looks like Tenchi Universe's Yuki)

Laney was fighting Yuki and she headbutt her in the nose and punched her in the mouth. Laney kicked her in the stomach, punched her in the back and roundhouse kicked her in the leg. Laney used her plant powers and made a whip of poison ivy and lashed her across the back and poisoned her with the chemical in poison ivy. Yuki was itching like crazy. Laney then knocked her out with a spinning axe kick to her face.

Laney: How's that for girl power?

Lynn: Wow. That was awesome. Laney got her good.

Battle 6: Lana & Lola VS Boomer, Brick and Butch (No it's not the Rowdyruff Boys but some kids that look like them)

Lana & Lola fought the three boys and pulverized all three of them and blasted them with their fire and ice powers until they were knocked out.

Battle 7: J.D. VS Tone.

I was facing Tone and I punched him in the mouth and knocked out some of his teeth and kneed him in the chin and grabbed him and threw him into a tree. Knocking him out.

Me: That's for me, just for making me mad.

Final Battle: Varie VS Betsy

Varie punched Betsy in the nose, kicked her in the leg and sweeped her and kicked her in the back. Betsy went into the air and landed on the ground with a big thud.

Varie: That must've hurt.

Without warning, a massive earthquake rattled the park.

Me: An Earthquake!

I check my phone and see that the epicenter is right on top of where Lynn is and it measured at 9.5 on the richter scale.

Me: Terra you're not causing an earthquake are you?

Terra: No it's not me guys.

Me: If it's not you then who?

A tornado of dirt, rocks and dust swirled around Lynn.

Laney: Another elemental choosing!

When the tornado died down, Lynn was totally healed up.

Lynn: What happened? I feel weird. Wait a second!

Lynn held out her hand and caused a pillar of rock to form out of the ground.

Me: Lynn, You have Earth Powers!

Lynn: I do. Now it's time for some fun.

Lynn then had a bunch of rocks float around her she threw them at Betsy and they all hit her and she was knocked out.

Me: We all won!

We all start cheering as the cops arrive.

Betsy and her delinquent friends minus Shannon/Gaz were arrested.

Officer Paul: Nice work guys. We've been after this street gang for years.

Me: Thanks Officer Paul. Betsy called on that street gang and we fought them and Betsy. Betsy broke Lynn's leg and she should be getting the maximum penalty allowed.

Officer Paul: I can't argue with that. Are you guys okay after that earthquake?

Me: Yes we're all fine. Make sure those clods get it big time.

Officer Paul: Oh we will.

Me: We became Lynn's avenging angels and challenged Betsy and that gang to a fight after Betsy broke Lynn's leg and I can tell that all of our training literally paid off.

Officer Paul: It sure did. Well were off to file charges on these clowns.

Betsy: You will pay for this Lynn. I will break out of jail and I will get even!

I have my hand at her face.

Me: (Imitating Arnold Schwarzeneggar) Talk to the Hand.

The cops all drove off.

Back at the Loud House, I was explaining what went down at the park.

Lynn Sr: So you guys all fought and took down the ruthless Black Daffodil Gang?

Me: Is that the gang we fought?

Varie: Black Daffodil? These guys sound evil.

Rita: They caused a huge number of problems over the last 5 years and they terrorized Detroit.

Me: Whoa. That's terrible!

Varie: I had no idea we were fighting a vicious gang like that.

Jessie: Lynn, I had no idea Betsy was part of such a vicious gang.

Lynn: I had no idea either.

Me: None of us did. But I'm glad we took them off the streets and ended their reign of terror.

Terra: That's good. But how did Lynn get Earth Powers like me?

Me: Let me check here.

I look at my legends book and discover a very strange occurence.

Me: Lynn was blessed by the Earthquake of Guabencex, the Goddess of Volcanoes and Earthquakes in the Caribbean Tainos Tribe. Once every 100 years, Guabencex grants anyone worthy her powers of Earth. They are given the powers of the Earth and can form mountains, volcanoes, islands and hills as well as crystals, rocks and minerals and possess winged flight. But it can only happen 2 days after a worthy soul has been injured.

Varie: And Lynn got injured 2 days ago.

Lynn: Yeah.

Terra: Wow. That's amazing.

Raven: I had no idea there were so many legends around the world and most of these are how some of you guys got your powers?

Lori: It literally surprised us Raven. Laney was the first of us to get powers.

Volcana: This family has been blessed in more ways than one.

Me: Earth is a very destructive and powerful force.

Lynn: Yeah. Terra, do you think you can teach me how to learn more of my powers?

Terra: I'd be more than happy to.

Robin: When we first met Terra, she couldn't control her powers completely. We managed to figure it out.

Terra: Oh I had no idea Robin. I'm sorry.

Robin: It's okay.

Beast Boy: I was shocked myself.

There was a knock at the door and I answered it. It was the police Chief Douglas Molonex.

Me: Chief Molonex. What can we do for you?

Chief Molonex: The mayor has called you and everyone in this household to a special award ceremony at city hall.

Me: We're on our way.

At Detroit City Hall, The mayor had Me, Varie, Jessie, Starfire, Argent, Volcana, Raven, Lynn, Lincoln & Linka, Lucy, Laney, Lana and Lola there as he made his speech. My family was there too.

Mr. Mayor: It is with great pride in the city of Detroit that I give The Key to The City to you J.D. Knudson, Varie Knudson, Jessie Bannon, Starfire, Argent, Volcana, Raven, and Lynn, Lincoln & Linka, Lucy, Laney and Lana & Lola Loud for outstanding heroism in the capture and apprehension of the nefarious Black Daffodil Gang.

He hands us each a Key to The City and everyone applauded for us. My family is weeping tears of joy.

Me: Thank you Mr. Mayor. It's truely a great honor. In all honesty we had no idea that we we're fighting a dangerous and vicious gang thats been terrorizing the city.

Mr. Mayor: It happens most of the time.

The members of the Black Daffodil Gang were found guilty of numerous crimes including murder, assault and battery, arson, armed robbery, several weapons violations and numerous counts of theft. They were all sentenced to 5 consecutive sentences of life in prison without parole plus 4,982 years. Betsy Davis was found guilty of assault and battery and 1st class conspiracy. She was sentenced to 25 years in prison and ordered to pay the Loud House $3,000,000.00 in restitution. Shannon Deluthe had her former parents arrested and she testified against them. They were found guilty of 4 counts of 1st Degree Murder and were sentenced to 4 consecutive life terms plus 850 years for Child Abuse, Drug Possession, and more. Shannon was adopted into the Loud House and was in a new good home.

THE END

Another fanfiction completed.

I wanted to add an action packed fight to this story that involved everyone. Shannon's past was way dark but I hope it doesn't sadden some people. The adding of a dangerous gang was totally not planned but it was the first idea that came to my mind for the end of the story.

Anyway tell me what you all think.

See you next time.

# The Loudest Mission: Relative Chaos

This is going to be a hypothetical episode on what might've happened had that tornado didn't destroy the Santiago House. It takes place after the events of Homespun. Act 1

[Episode begins with Vanzilla driving away.]

Me, Varie, Eddy, Lincoln, Laney and Lori are driving to the Santiago House.

**Lincoln:** "Can't I just stay in the car?"

**Lori:** "No. You are saying goodbye to your girlfriend in person!"

**Lincoln:** "Ronnie Anne is my girlfriend but we aren't that close like you and Bobby and it's not good-bye. They're only going away for the weekend.

**Lori:** [sobbing] "It might as well be forever. I don't know what I'll do without my Bobby Boo-Boo Bear!" [takes her hands off the wheel and covers her face.]

**Lincoln:** [grabs hold of the wheel and steers.] "Lori! Get it together, woman!"

Me: Hold on tight Lincoln!

---

[The Santiago's residence. Lori and Bobby are holding each other while crying]

**Bobby:** "Here, babe. This is for you." [takes out a hoodie with a cat dressed as a businessman.] "I wore it all week under my uniform."

[A cat's meow sound is played.]

**Lori** : "Ah, Boo-Boo Bear." [embraces it] "It smells like love. And corndogs."

[As they cry again, Me, Varie, Lincoln and Ronnie Anne are watching them, having gotten tired of it.]

**Ronnie Anne:** [looks at her watch] "Ugh. It's been 20 minutes. I'm calling it."

[Lincoln nods in agreement and the two of them go up to their older siblings and me and Lincoln try to pull Lori away and Ronnie Anne tries to pull Bobby away, which proves to be a task with them holding each other tightly.]

**Me:** So Ronnie Anne, you excited to visit your grandparents?

**Ronnie Anne:** [to Me and Lincoln while prying Bobby] "Yeah. And my aunt and uncle, and their four kids. It's crazy. You'd like it."

Varie: I had no idea you have a big family like Lincoln does.

Ronnie Anne: Yeah. I know. It's crazy.

**Lincoln:** "How are you gonna deal with it?"

**Ronnie Anne:** "It's only two days, then everything's back to normal."

**Lori:** [wailing] "TWO DAYS!"

Eddy: Okay this is getting tiresome.

[Me, Eddy, Lincoln and Ronnie Anne finally pry their older siblings away, but just as Lincoln is leaving while dragging Lori, she sticks herself in the doorframe.]

**Lori:** [devastated] "BOBBY!"

**Bobby:** [dejected] "LORI!"

**Lori:** "I'LL THINK OF YOU EVERY MINUTE!"

**Bobby:** "EVERY SECOND !"

[Lincoln pries out Lori and the oldest Loud girl runs back to Vanzilla crying while Bobby looks out the window downtrodden.]

Eddy: Whoo. I thought we would never pry those two apart.

Laney: Yeah. But have a nice trip Ronnie Anne.

Ronnie Anne: I will Laney.

Eddy: Be safe out there.

Ronnie: Will do Eddy.

Me: Have a good time at your relatives Ronnie Anne.

Ronnie Anne: [Fistbumps me] I will Lame-o.

Varie: Bye, Ronnie Anne. You and Bobby have fun.

Ronnie: I will Varie.

**Lincoln:** "Well, have a nice trip."

**Ronnie Anne:** [punches Lincoln's shoulder playfully] "Smell you later, Lame-o."

**Lincoln:** [chuckles] "Not if I smell you first." [leaves]

[Ronnie Anne waves as she closes the door, Bobby walks away still sniveling over not seeing Lori, and Ronnie Anne's mother comes home.]

**Maria:** "Hi, sweetie." [hugs her daughter] "Oh, sorry I had to work a double shift again. I wish I didn't have to leave you on your own so much.

**Ronnie Anne:** "I don't mind. I mean, how many kids get to practice kick flips inside the-" [her mother looks at her suspiciously] "Uh, I'll get our bags."

**Maria:** [surprised] "You packed for us? How did I get so lucky with you?"

**Ronnie Anne:** "I also made us sandwiches and put a toy bag together for Bobby. You know how bored he gets in the car."

**Bobby:** [insulted and still sad] "You make me sound like a baby!" [sniffles] "Did you pack my sticker books?"

---

[In Toledo, Ohio at the Casa Grande Corner Market and Apartment Complex, the Santiago's arrive.]

**Maria:** "We're here!"

**Bobby:** [with his face covered in stickers.] "Ho-ho! The bodega's looking good!"

**Maria:** "Are you ready to spend two wonderful days with your family?"

[Inside the building, grandpa Hector is taking decorations from apartment 2A to apartment 2B with his toddler Carlitos mimicking him. His wife Rosa comes out of 2B with a pot and Carlitos starts mimicking her.]

**Rosa:** "Hector, you were supposed to put up all the decorations this morning!"

**Hector:** "I was helping customers."

**Rosa:** "You were gossiping with the customers."

**Hector:** "I do not gossip! By the way, did you hear Vito Filliponio whitens his teeth?"

**Rosa:** "Ugh."

[As they take care of business, pet parrot Sergio comes out of 2B with a bone.]

**Sergio:** [squawks] "Too slow!"

[Big dog Lalo chases after the bird.]

**Rosa:** "Sergio! Give Lalo back his toy!"

[Enter only daughter Carlota with her hair all frizzy.]

**Carlota:** "Carl! Did you use all my hair product again?!"

[Enter self-proclaimed stud Carl.]

**Carl:** "This kind of handsome doesn't happen on its own."

[Carlota grabs Carl and starts rubbing his hair against hers.]

**Carl:** "STOP IT! YOU'RE SMOOSHING THE FLAIR!"

[Their mother Frida takes a picture of them fighting.]

**Frida:** [overjoyed] "I love seeing my babies play so sweetly." [gets tears in her eyes and cries into the next apartment with Carlitos following and mimicking her.]

[Carl and Carlota fix their hair and go their separate ways. Enter one more kid named CJ wearing a cape.]

**CJ:** "I'm Super CJ!" [makes whooshing noises and pretends to fly with Carlitos mimicking that.]

[Enter the father Carlos reading a book.]

**Carlos:** "Okay, Super CJ, just watch where you're going." [walks into a wall] "Oof! Huh, whoopsie." [clears throat and reads his book.] "Ooh! Did you know that sea anemones glow when they're scared."

**Carlota:** "Dad, it's the weekend. You're not supposed to be doing professor stuff."

**Carlos:** "Oh, this isn't for work. It's just for fun."

**Sergio:** [squawks] "Nerd alert!"

**Rosa:** [hands Carlos a casserole dish] "Carlos, put this on the table for me, please."

[While Carlos is too busy reading his book, Lalo eats up the casserole which Carlitos imitates. CJ continues playing his superhero game.]

**Frida:** [with a curtain] "Where should we put this?"

[Everyone starts arguing about the arrangements.]

**Casagrande's:** "No no no!" / "Right here!" / "Why did we wait so long to do this?" / "They're gonna be here any second!"

**CJ:** [seeing someone] "Bobby!"

[The rest of the family gasps and CJ whooshes into Bobby's arms.]

**Bobby:** "CJ!" [catches CJ] "Oof! How ya doing, buddy? You grow anymore, and you're gonna have to carry me!"

[The rest of the Casagrande's take the Santiago's luggage while Ronnie Anne is with Rosa.]

**Rosa:** [pushes Ronnie Anne into her bosom.] "Oh, mija, I'm so happy I get to have you for two whole days!"

**Ronnie Anne:** [unenthusiastic with a fake smile] "Yay. Two whole days."

---

At the Loud House Me, Varie, Eddy, Lincoln and the Girls are all standing outside of Lori's room. Lori had been crying ever since we got back.

Me: Boy, I don't think I've ever seen or heard Lori cry this much. Shes been in there for 2 hours. Do you think she'll ever get tired?

Luna: Who knows, dude?

Lynn: The last time she was this upset, she stayed in her room for 2 days.

Lola: That girl has it bad for that guy.

Laney: I agree, Lola. Me and Joey never act like that.

Eddy: I'm glad I have you Luan. You know how to always make me happy.

Luan: Me too Eddy. By the way J.D. where did they go?

Me: They're going to see their grandparents, aunt and uncle and their four cousins. Ronnie Anne says it should be chaotic. Kinda like this family.

Leni: Ronnie Anne has a big family like ours? That is totes cool!

Varie: I hope Lori gets better soon.

Lincoln: Well, I'm out.

Me: I hope Lori and Bobby get back together soon. I don't know how much longer I can stand seeing Lori cry like this.

Varie: I wonder how they're doing now.

Back at the Casa Grande building in Toledo.

[In the apartment, a door is jutting.]

**Hector:** "There's room for your luggage in the hall closet." [opens the door and quickly tosses the luggage into the closet before it collapses.] "Plenty of room."

[In the living room, while the Casagrande's are getting things ready, Bobby gets some food from the table.]

**Rosa:** [gasps] "Roberto! You're all bones and skin!" [adds more to Bobby's plate] "Eat! Eat!"

[Bobby turns around and sees the parrot, much to his shock.]

**Bobby:** [scared] "Sergio…" [chuckles] "You're still alive."

[Sergio hisses at Bobby.]

**Ronnie Anne:** [laughs at Bobby] "Looks like your little buddy missed you."

[Lalo pounces on Ronnie Anne and starts licking her.]

**Ronnie Anne:** "Lalo, get off me!"

**Bobby:** [laughs at Ronnie Anne] "Looks like your little buddy missed you, too."

[Ronnie Anne gets Lalo off her and stands up with her hair sticking up from all that licking. Just then there's a knock at the door. Maria goes to answer it and opens the door to reveal two kids who look like Me and Varie except they're are dressed in Russian Attire and taller. The boy has a black Russian fur cap, red shirt and orange sweatpants and the girl has a white Russian fur cap, dark green summer shirt and a red skirt.]

Boy: [Russian Accent] Hey, guys!

Casagrandes: Hi, Johann! Hi Varya!

Varya: [India Accent] Hello guys.

Ronnie Anne: Uh, who're they?

Carlota: That's Johann and his fiance Varya. Johann moved into the neighborhood in the apartment next to ours a few months ago and he's been coming over ever since. He and his family moved here from Russia.

Johann: [to Carlitos] Hey Carlitos! How's my favorite little man doing?

Carlitos laughs and the 3 of them hug

Johann: [to Carl] Carl, my comrade! How's it going?

Carl: Eh, so-so.

The fist bump

CJ: Johann! Varya! I missed you!

CJ gives Johann and Varya a big hug and lets them go.

Johann: You're growing strong CJ.

Varya: You'll have to carry us if you keep growing.

Johann: Zdravstvuyte Carlota, how's my favorite fashion designer girlfriend doing?

Carlota: Oh (Giggles; sweetly) I'm fantastic now that you're here.

Johann, Varya and Carlota kiss.

Ronnie Anne: Uh, you three like each other?

Carlota: Yeah. It happened a month ago. He told me that he liked me and I realized I like him too. I'm okay with sharing him with Varya. [to Johann] Johann, Varya, this is Bobby and Ronnie Anne, the cousins we were telling you about.

Johann: These are Bobby and Ronnie Anne?! [to the Santiago Siblings] Hello my name is Johann Nyyozanovsky. I am 16 years old and I'm pretty sure we're gonna be best friends. Me and my family moved here from Russia.

He and Bobby shake hands.

Varya: My name is Varya Nahasapeemapetilon Nyyozanovsky. I met Johann in an ancient temple in the Bombay Jungle in India.

Ronnie Anne: Wow. It's a pleasure to meet you both.

Carlota: Oh, guys, there's this thing I wanted to show you.

As the kids leave, Frida and Maria are talking in the kitchen.

**Frida:** "So, have you told the kids yet?"

**Maria:** [closes the kitchen shutters] "No. Not yet. And please keep it a secret."

**Frida:** "Ay, don't worry. I won't tell anyone."

**Hector:** [opens the shutter] "Are you talking about the secret?"

**Frida:** "I might have told Papa."

**Rosa:** "Hector! I said to be quiet about the secret!"

**Frida:** "And Mama."

**CJ:** "Are we talking about the secret?"

**Frida:** "Okay, I told everyone!" [chuckles guiltily]

Johann: Are you guys talking about the secret?

Frida: And Johann and Varya.

**Maria:** "Guys, please don't say anything. I haven't found the right moment to talk to Bobby and Ronnie Anne. It would be such a big change. I want to make sure they're on board."

**Frida:** "I will help convince them."

**Maria:** "I appreciate it, but-"

**Frida and CJ:** "We'll all convince them!"

Johann: And me too!

**Hector:** "Great idea!"

**Rosa:** "I will light my…" [holds up a candle with a decoration of Elvis on it.] "… special candle. It works every time."

[Maria looks nervous about this.]

---

**Hector:** "You guys are going to love all the changes we've made to the bodega."

**Ronnie Anne:** "As long as you still got those ice pops I like." [gets pulled away by Carlota] "Whoa!"

**Carlota:** "Ronnie Anne, you don't wanna go to the boring bodega. Ugh."

[Bobby opens the door]

**Hector:** "No, Bobby!" [closes the door] "There's a vicious new street gang in the neighborhood!" [notices Lalo whimpering] "Even Lalo is terrified of them!"

[Lalo shows his fear. Hector gets out a tin of sardines and opens it up. He opens the door and tosses the tin outside. At that moment, a pack of vicious cats starts tearing at the tin.]

**Hector:** "Now's our chance!"

[The boys run for the bodega.]

**Bobby:** "So, the gang has cats?"

**Hector:** "The gang is cats!"

[They enter the bodega safe and sound.]

---

[Carlota's room]

**Carlota:** [looking through her wardrobe] "Check it out! I found some really cute dresses at the thrift store for you." [holds out two black blouses with yellow streaks.] "I even found two of these so we can match." [Transition to them wearing the outfits which consist of the blouse, a matching top, matching shoes, a matching hat, and hoop earrings.]

**Carlota:** "Ooh! Now you're gonna get all the boys' attention."

**Ronnie Anne:** [uncomfortable with the new look] "Uh, Carlota, this isn't really my-"

**Carlota:** [holding perfume] "Here. This covers up the moth ball smell." [sprays Ronnie Anne who coughs from the fumes.] "Wouldn't it be fun if we could do this everyday?"

**Ronnie Anne:** "That would be kinda hard since we live in different states."

[Frida takes a picture of the girls bonding.]

**Frida:** [excited] "Oh my gosh." [chuckles] "You two already look like sisters." [breaks out into tears]

**Ronnie Anne:** [confused] "Wait. What?"

**Carlota:** "Oh, hey, hey! I have a fun idea." [gets out some kind of papery substance.] "Let's wax our legs!"

[Ronnie Anne grasps her leg in fear.]

---

[The Bodega. CJ is playing around with the door which causes the bell to go off.]

**CJ:** "Look, Bobby! We got a new bell!" [closes door]

**Hector:** "Okay, CJ, let's not wear it out. It cost me $12."

**Bobby:** "Grandpa! I love what you've done with the place, but have you ever considered putting the milk in the rear of the store? Then, other people would buy other things on their way to it. It's called "impulse shopping". I learned that at my supermarket job."

**Hector:** "You're a genius!"

**Carl:** [scoffs] "Yeah, but can he do…" [grabs a watermelon, struggles to hold it, and lifts it up feebly.] "… THIS?!" [gives in and drops the watermelon on top of him while struggling to get up.] "LOOK AWAY!"

**Carlos:** [reading his book] "Did you know that male seahorses are the ones who give birth? Look at that."

---

[Back in the apartment, Ronnie Anne leaves Carlota's room after having her leg waxed.]

**Ronnie Anne:** [limping] "Ow, ow, ow."

**Carlitos:** [imitating] "Ow, ow, ow, ow."

Just then Johann and Varya come up.

Johann: Hello Ronnie Anne! Listen, now that we're gonna be new comrades, we need to show you something.

Ronnie Anne: Uh, What?

Johann: Come, we will show you!

Johann and Varya drag Ronnie Anne to Johann's apartment and up to his attic.

Johann: Behold.

Ronnie saw in amazment a miniature wood-carved replica diorama of the city of Moscow, Russia with buildings from all over Russia's History and it had a model train set in it.

Ronnie Anne: Wow!

Johann: It took me 3 months, some landscaping and almost all of the tables we had, but I finished it and this was the end result. So, what do you think?

Ronnie Anne: Wow. This is… Neat.

Johann: Come on, let's go play with it!

Johann drags Ronnie Anne and the 3 start playing.

LATER

Johann and Varya are happily playing with the trains while Ronnie Anne looks uninterested.

Johann: This was SO awesome. Wouldn't it be great if we could do this every day?

Ronnie Anne: Yeah, it sure would, but it would be kinda hard since we're going back in two days. Now I gotta go back to my apartment.

Ronnie Anne leaves but doesn't notice the stairs.

Johann: Watch out for the…

Ronnie Anne trips and falls down the stairs and lands with a thud

Johann: Stairs.

Ronnie Anne: [weakly] Ow.

Ronnie Anne goes to the kitchen in the apartment through the back window limping.

**Ronnie Anne:** [limping] "Ow, ow, ow."

**Carlitos:** [imitating] "Ow, ow, ow, ow."

**Ronnie Anne:** [from the kitchen window] "Shh, Carlitos! I'm just getting a snack. We don't want grandma to find out."

**Carlitos:** "Shh!"

[Ronnie Anne closes the kitchen shutters, opens the fridge and gets an apple, but when she closes the fridge, Rosa suddenly appears as if Lucy would.]

**Rosa:** "Aha!"

**Ronnie Anne:** [startled] "Aah!"

**Rosa:** "I always know when someone in my house is hungry."

[Rosa sits Ronnie Anne down at the table for food.]

**Ronnie Anne:** "But, but-"

**Rosa:** "Sit." [sits Ronnie Anne down and puts out the kitchenware and some food for her granddaughter.] "Don't you wish Grandma could cook for you everyday?"

**Ronnie Anne:** "It'd be great, but by the time it got to Royal Woods, it would be a little cold."

**Rosa:** [having misheard that] "What?! You've got a cold? You know what really opens up the sinuses? Hot sauce!"

[She pours the sauce on Ronnie Anne's food, and it causes a miniature explosion.]

---

[Back at the bodega, Bobby is dealing with a customer who did a little impulse shopping.]

**Customer:** "I just came here for milk. How did I spend $150?" [takes his groceries and leaves.]

**Hector:** "That milk trick really worked! You are a natural!" [hugs his grandson] "You'll be running this store in no time!"

**Bobby:** [suspicious] "Wait. What?"

**Hector:** [changing the subject] "I mean, did you hear Vito Filliponio whitens his teeth?"

---

[Back in the apartment, Ronnie Anne is stuffed from Rosa's food.]

**Ronnie Anne:** [nauseous] "Ugh… I think I have a stomachache."

**Rosa:** "I have an old Casagrande remedy for that: lick your finger…" [licks her finger] "… and put it in your bellybutton."

**Ronnie Anne:** [not wanting that and puts her sweater down.] "I'm suddenly feeling better!"

**Carlota:** "Ronnie Anne!" [comes into the living room] "I just had another great idea. Let's pierce your ears!" holds out the tweezers and piercing gun.]

**Rosa:** "Not now! She's eating!"

**Frida:** "Okay, smile with your eyes!" [takes another photo and looks at it] "Ronnie Anne blinked. One more!"

**Carlota:** "Now now, Mom! I'm about to pierce her bellybutton!"

**Ronnie Anne:** "Wait! You said ears!"

**Rosa:** "She's not done eating!"

**Frida:** "I only need two seconds. Come on!"

[While the Casagrande ladies are arguing, Ronnie Anne ducks out and goes to the sofa to relax, opens a magazine and sighs with relief.]

**Sergio:** [squawks] "Showtime!"

[The Casagrande's suddenly arrive and sit down.]

**Ronnie Anne:** "Uh… what's happening?"

**Carlota:** "Ooh! Our show's on! The Dream Boat!"

**Bobby:** [joins in] "This is Lori's favorite show. And so it's mine, too."

**Announcer:** "Next on **the Dream Boat**, who will Karen send overboard tonight?"

[Brock, Bryant, and Blaine are showcased.]

**Carlota:** "Ugh. I hope it's Brock. He has no style."

[Everyone starts arguing over that statement.]

**Frida:** [takes a picture of the argument; to Ronnie Anne.] "Oh, sweetie, wouldn't it be nice if we could do this everyday?"

**Ronnie Anne:** "Why does everyone keep saying that?"

[Lalo jumps onto the sofa and Ronnie Anne while the others in the sofa have made room for the big dog.]

**Ronnie Anne:** "I have to go to the bathroom." [pulls herself free from Lalo and goes.]

---

[The bathroom. Ronnie Anne is getting some peace and quiet with her magazine, but the family starts coming in unannounced.]

**Carlota:** "Ronnie Anne, you missed it! Blaine walked the plank."

Johann: Good riddence to him.

**Frida:** "How much do you love the show?"

**Johann:** "Who do you think Karen will pick tomorrow night?"

**Hector:** "It'd better be Brock!"

**Bobby:** "He doesn't deserve her!"

[They all start arguing again.]

---

[Later that night, Ronnie Anne is sleeping in the guest bed with Maria, who tosses and turns on her. Ronnie Anne grabs her pillow and goes to sleep on the sofa.]

**Ronnie Anne:** [exhales] "Finally, some peace and quiet."

[At that moment, a train sounds its horn and passes by the building, leaving a loud sound and some rattling in the apartment. Ronnie Anne sighs and tries to get some sleep, but the cat gang starts meowing and she shuts the window to shut the noise up. But then, she finds Lalo has taken the sofa while she was up.]

**Ronnie Anne:** [irritated] "Really, Lalo?"

[She tries to push him off to no avail, takes her pillow, finds Bobby sleeping in an awkward position on his bed, opens the closet, gets piled underneath the junk, goes to the bathroom to sleep in the bathtub and opens up the curtain to find Sergio who squawks at and startles her.]

**Sergio:** "I'm naked!"

[Ronnie Anne closes the bathtub curtain, goes under the table, and sighs as she goes to sleep.]

---

[The next morning, another train goes by and everyone's having breakfast.]

**Bobby:** "This weekend's gone by so fast. I'm really gonna miss everybody."

[Ronnie Anne smiles that at least she'll be going home soon.]

**CJ:** "Nuh-uh."

**Bobby:** "Yes-huh, CJ. I'm gonna miss you."

**CJ:** "Nuh-uh. 'Cause you're not leaving ever! Mom said so! As a secret!"

**Ronnie Anne:** [baffled] "Wait. We're not leaving? Mom, what is CJ talking about?"

**Maria:** "Okay. Well, here goes. Ronnie Anne, Bobby… I've been thinking about this for a long time. I hate that you guys have to be alone so much, and we have this great family here. So, when I found out that I could get a job at the city hospital, I thought maybe we could move here?" [beat] "What do you guys think?"

[Ronnie Anne drops her spoon from hearing that.]

**Ronnie Anne:** [flabbergasted] "But, but… where would we even stay?"

**Rosa:** "You can live with us! We have plenty of room!"

Johann: And we'll live right next door to each other, new comrade!

**Bobby:** "That sounds awesome! Maybe I could work at the bodega!"

**Hector:** "You can take over the bodega. I mean, after I retire."

**Carl:** "And after I retire. Until then, you work for me."

**Rosa:** "This calls for a celebration. A moving in party! I will make a feast and a giant cake!"

[The others are all in agreement with this decision and Frida takes another photo of Ronnie Anne, who looks on distraught and dismayed.]

Act 2

**Me, Varie, Eddy and Lincoln:** [shocked from hearing the news] "You're WHAT?!"

[We're talking to Ronnie Anne on video chat.]

**Ronnie Anne:** "Believe me. It's not my idea."

**Me:** "Well, did you tell your family you don't want to?"

**Ronnie Anne:** "They're not gonna listen to me. It's ten against one."

**Lincoln:** "I've been there before.

Me: Me too. We tried several times.

Varie: Yeah. It never works.

Eddy: Yep. Been there done that.

Lincoln: Well, don't worry. You've called the right person."

**Ronnie Anne:** "I know. Put Lori on."

[We're disappointed he's not the one she wanted help from, puts Lori, who is wearing the businesscat hoodie, on video chat.]

**Lori:** "Hey, Ronnie Anne. What's up?"

[Cut to outside the Loud House after she hears the unfortunate news.]

**Lori:** [furious] "YOU'RE WHAT?!"

[Lori angrily drags Lincoln to Vanzilla and Me, Varie and Eddy follow them. Just then Luan, Laney and Lily come up]

Luan: Hey Eddy. where you going?

Eddy: Me, J.D., Varie, Lincoln and Lori are going to the Casagrande house in Toledo, Ohio. You can come with us if you want Luan.

Luan: I'd be delighted Eddy.

Leni: Ooh. Can I come too?

Eddy: Sure Leni.

Leni: Yay!

[We follow Lincoln and Lori. Cuts to us driving all the way to the Casagrande's]

Lori: "[Furious] I don't know what Bobby's thinking, but I am gonna tell him what he should be thinking!"

**Lincoln:** "I still don't get why we have to come along."

**Lori:** [rioting] "BECAUSE RONNIE ANNE'S YOUR GIRLFRIEND!"

**Lincoln:** "She is my girlfriend but we're not that close!"

Me: Well we're coming with you just to make sure we don't get ourselves killed by Lori's rage. Plus Eddy and Luan wanted to come with and Laney, Lily and Leni wanted to come with to see this place. I've never been to Toledo, Ohio before so this'll be a first for us.

Varie: Yeah. It sounds cool but Lori, Ronnie Anne and Lincoln aren't as close as you and Bobby.

**Lori:** "Guys, we are literally crossing a bridge. Do you really want to get into an argument WITH ME RIGHT NOW?!" [makes an intimidating face to her brother, sisters and best friends.]

Me: Lincoln, Lori can be really scary at times.

[The 9 of us realize just how furious the oldest sister is and just stops. Eddy and Luan hug eachother]

Laney: Guys. When Lori is like this she can be a monster.

---

[Back at the Casagrande's, Rosa is finishing up the cake and everyone else except Ronnie Anne is getting ready. She hears Me, Varie, Eddy, Luan, Leni, Laney, Lily, Lincoln and Lori drive up and is happy to see them.]

Me: I sense a disturbance in the Force.

The vicious cat gang comes out.

Varie: I got this.

Varie roars like a Tyrannosaurus from Jurassic Park and it scares all the cats away.

We were all amazed.

Me: Wow! Varie I didn't know you can do dinosaur roars.

Varie: You learn some things from others as you go on.

**Ronnie Anne:** [acting] "Oh, I wonder who that could be. I'll just let them in."

[She presses the buzzer, hears the 9 of us knock, and lets us in.]

**Lincoln:** [coming in] "Did you guys know there's a vicious gang of cats trying to get in here?"

[Lalo whimpers in fear. Carl notices Lori and pretends to have done a lot of one-armed push-ups.]

**Carl:** [feigning] "Five thousand-" [sees Lori] "Oh. How embarrassing. I didn't see you guys walk in."

**Ronnie Anne:** [ignoring Carl] "Anyway, this is Lori, Bobby's girlfriend." [hearing that last part upsets Carl] "And this is Lincoln."

**Frida:** [excited] "Your boyfriend!" [takes a photo of them]

[Lincoln and Ronnie Anne start sweating nervously.]

Me: They're close but not as close as Bobby and Lori.

Ronnie Anne: And these are their sisters Leni, Luan, Laney, and Lily and their best friends J.D., Varie, and Eddy.

Me: It's a pleasure to meet all of you.

Varie: Same here.

Eddy: Hello to all of you.

Laney: It's a pleasure.

Lily: Same here.

Luan: Eddy is my boyfriend and he and I are close. What did the Chile Pepper say to the other Chile Pepper?

CJ: I don't know. What?

Luan: You really SPICE me up. [Rimshot and Laughs] Get it?

We all laugh.

Me: [Laughs] That was funny Luan.

Eddy: [Laughs] That had a lot of Spice to it. [Rimshot]

Varie: [Laughs] Good one.

**Ronnie Anne:** "[introducing the Casagrande's to the Loud's] "This is my mom's brother, Carlos, his wife, Frida, their kids Carlota, CJ, Carl, and Carlitos, and my grandma and grandpa. Oh and that's Johann and his fiance Varya, they live next door. Anyway, Lori, you must really miss Bobby. He's in the bodega. Let's go." [takes Lori to the bodega, leaving Lincoln with the rest of the family.]

**Rosa:** "Kids, after such a long drive, you must be famished."

Me: Why not.

**Lincoln:** "I could eat."

Eddy: I'm starving.

Varie: Me too.

Luan: Same here.

Laney: I'm hungry too.

---

[In the bodega, Bobby is labeling the items prices with a pricing gun, with his face covered in price tags. Enter his sister and girlfriend.]

**Ronnie Anne:** "Bobby, look! It's your beautiful, devoted girlfriend. She came all this way to see you." [leaves the two of them alone.]

**Bobby:** "Wow, babe, this is the best day ever. First, I get a sticker gun, and now you're here?"

**Lori:** [serious tone] "Bobby, what is all this about you moving away?"

**Bobby:** "I know it may seem like a shock, but don't worry. I have everything figured out. My grandpa said I could work in the bodega with him, and this place is really rad. Let me show you around. You're gonna love where I put the milk." [takes her]

**Lori:** [stammering over his talking.] "But-but-but…" [gets pulled into the tour.]

---

[Lori now has price tags on her face.]

**Ronnie Anne:** "What do you mean you didn't convince him?"

**Lori:** "He talked about the bodega for 40 minutes until the beef jerky guy showed up, and at that point, I had literally reached my limit."

**Ronnie Anne:** [sighs and ponders] "We need to do something to get Bobby's attention."

[Flashback to her wearing those outfits with Carlota.]

**Carlota:** "Ooh! Now you're gonna get all the boys' attention."

[End flashback]

**Ronnie Anne:** [gasps] "I know!" [grabs and pulls Lori's arm.]

**Lori:** "What is with this family and the arm pulling?"

---

[We have just finished Rosa's food and are feeling bloated.]

Me: [Satisfied] Mmm. Boy Ms. Rosa, You make really good food and the spiciness was Mucho Delicioso and Muy Caliente.

Rosa: Gracias!

Me: Denada.

Lincoln: I didn't know you speak Spanish, J.D.

Me: I know some words but not the full Language in its entirety.

Varie: [satisfied] Mmm. I'm full.

Luan: Boy that was delicious.

Eddy: You said it Luan.

Laney: Ah. I don't think I've ever had good food like this.

Lily: Me too.

**Lincoln:** [pats his belly and groans nauseously.] "I think I ate too much."

[Enter CJ acting like a pirate.]

**CJ:** "Hey, Lincoln, wanna play Pirates?"

**Lincoln:** "Aw, I'd love to play Pirates, CJ, but I have a stomachache."

**Rosa:** "I can take care of that." [licks her finger and puts it in Lincoln's bellybutton.]

**Lincoln:** "What are you-" [suddenly feels better] "Oh." [to CJ] "Let's do this!" [starts playing with CJ] "En garde!"

Me: Wow. That's an ingenius method.

The two start playing while Me, Varie, Eddy, Luan, Leni, Laney and Lily look at them.

Me and Varie: Awwwwwwwww!

Just then, Carlotta, Johann and Varya come up

Carlota: They do look cute don't they.

Me: Yes they do.

Carlota: You must be Leni and Varie.

Leni: Yeah that's us. I LOVE your outfit. It is totes chic.

Varie: It is beautiful

Carlota: Thanks! Your dresses look totes fabs too.

Varie: Thank you.

Leni: Oh, you're too kind!

The 3 girls giggle and run to Carlota's room. Me and Johann just stand there

Me and Johann: (In unison; sigh) What a woman. (We look at each other) You're dating her? No, we're getting married to her in 10 years.

Johann: Allow me to properly introduce myself. My name is Johann. I'm 16 years old.

Me: Oh, well, I'm J.D. I'm 15 years old.

We shake hands

Johann: You like Russia?

Me: I've done alot of history reports on Russia and I went there when I was 11.

Johann: Neat. Then come with me.

[Johann takes me to his apartment]

Meanwhile Carlota, Varie and Leni are trying on outfits when suddenly Ronnie Anne and Lori come in.

Leni: Oh! Hi Lori.

Varie: Hey Lori.

**Ronnie Anne:** "Carlota, I need you to do a makeover."

**Carlota:** [cheers] "Finally! We'll start by throwing out all of these clothes." [tugs on her cousin's clothes] "I usually donate, but nobody is gonna want these."

**Ronnie Anne:** "Not me, her!" [referring to Lori]

[Lori waves to Carlota.]

**Carlota:** "Oh. See, I didn't mean that. You have just a really… unique look. It's sorta rugged, yet-"

**Ronnie Anne:** [irritated and fed up] "Dude, move on."

---

Meanwhile Johann is taking me up to his attic.

Johann: OK, Here we are.

I look and gasp. It's his Moscow Train Set.

Me: [in awe] Awesomeness!

Johann: So you wanna play with it?

Me: Heck yeah I do!

[In the bodega, while Bobby is stocking some of the fruit, Carl takes a peanut out of his pocket and hits Bobby with it. Bobby turns and Carl whistles casually. As Bobby walks off, Lori comes in with an all new look, which catches Carl's eye.]

**Carl** [infatuated on a stool] "Va-va-voom! Bonita chiquita! Forget about Bobby. You're too beautiful for him. You're a ten! He's a four."

**Lori:** "You're very cute, but I really need to talk to Bobby."

**Carl:** "Ah, playing hard to get? Challenge accepted. You will be the gazelle, and I will be the puma." [roars playfully and then trips over the store, knocking over the flour and covering Lori in it.]

**Bobby:** "Whoa, babe! Are you okay?" [notices the mess] "Uh… I'm gonna have to charge you for that flour." [Lori looks annoyed by that.]

---

**Ronnie Anne:** [pounds her fist on the table.] "We need a new plan, and fast."

**Lori:** "But what?"

[A promo for the Dram Boat finale comes on.]

**Announcer:** "Tune in tonight for the finale of **the Dream Boat** . Can Bryant keep hope afloat with his one-on-one dinghy date with Karen? Or will it be man overboard?"

**Sergio:** [squawks] "Dinghy date!"

[This gives Lori and Ronnie Anne an idea.]

---

[On the rooftop, Lori, dressed in a sailor get-up, brings a blindfolded Bobby up and he takes the blindfold off.]

**Lori:** "Ta-da!" [shows him a replica of the dinghy date.] "A one-on-one dinghy date. Sort of."

**Bobby:** "Wow. Just like the Dream Boat. It's so romantic, babe."

**Lori:** "I know. Because we're so romantic. I mean, we literally have such a great connection. Don't you think?"

**Bobby:** "Totally. And I was gonna tell you-"

**Delivery Guy:** "HELP!"

[Bobby sees that the delivery guy's cargo is being attacked by the cat gang.]

**Delivery Guy:** "Ay, my mangoes!"

**Bobby:** "My mango guy's in trouble! I'm sorry, babe. Bodega business calls."

[He leaves and Lori sighs with disappointment.]

---

[Ronnie Anne and Lori sneak into her grandparents' room.]

**Ronnie Anne:** "You keep an eye out for my grandma." [checks under the bed and finds a case.] "She's got cures and potions for everything. There must be something for clueless boyfriends. Hmm." [holds up a bottle in a heart-shaped vale.] "This looks interesting."

[Later, they have a cookie with Bobby's name on it and Ronnie Anne dabs the love potion on it with a heart-shaped smoke cloud coming out.]

**Ronnie Anne:** "Remember, it's very important that you're the first person Bobby sees after he eats this."

**Lori:** "Got it."

[Outside the bodega, Lori goes to Bobby who is sweeping the area, sneaks up behind him and gives the OK to Ronnie Anne.]

**Lori:** [feigning casualty] "Hi, Boo-Boo Bear. I thought you might be hungry. I baked you a cookie."

**Bobby:** "Oh, chocolate chip! Score!"

[Enter another customer]

**Vito:** "Uh, excuse me. Can you tell me where you put the milk?" [smiles with his teeth giving off a gleam.]

**Bobby:** "You must be Vito."

**Vito:** "How did you know?"

**Bobby:** "Uh, just a lucky guess." [to Lori] "One sec, babe. I gotta help this customer." [goes to help Vito]

[Both Lori and Ronnie Anne groan in complete frustration and Sergio comes flying out the window, snatches the cookie off the plate, eats it, and sees Bobby.]

**Bobby:** "Alright, Mr. Filliponio, have a great rest of your day."

[Vito leaves with a big smile on his face. Bobby turns and sees Sergio eyeing him romantically.]

**Sergio:** [under the power of the love cookie; squawks passionately.] "Who's the hunk? Hubba, hubba!"

[Bobby doesn't like the sound of that and runs away with Sergio in hot pursuit.]

---

[Lori is dragging Lincoln by his arm. Me, Varie, Eddy, Luan, Leni, Laney, and Lily are following them]

**Lincoln, Me, Varie, Leni and Lily:** "We're leaving?

Lincoln: But Mrs. Casagrande's baking a cake."

Me: And Johann hasn't showed me the best part of his Russian train set yet.

**Lori:** [heartbroken] "Lincoln, I literally just lost my boyfriend." [angrily] "Do you really wanna argue with me right now?"

Laney: Come on Lori, he still Loves you no matter

[Enter Bobby covered in feathers thanks to Sergio.]

**Bobby:** "Babe, where are you going?"

**Lori:** [furious] "What do you care? Why don't you just go back to your precious bodega? You obviously care about it more than you care about me!" [starts sobbing]

Me: We'd better go back inside.

**Lincoln:** "I'm just gonna go help Mrs. Casagrande with the frosting." [chuckles and we rush back into the apartment following Lincoln.]

**Ronnie Anne:** "Guys, what's happening out there?"

**Lincoln:** "We don't know. But it was too much drama for me."

**Ronnie Anne:** [notices something] "Wait a minute. They're hugging, and Lori's smiling. She must have finally convinced him! Yes!"

---

[Lori comes back in and Ronnie Anne comes running up to her.]

**Ronnie Anne:** "Thank you, thank you, thank you!" [hugs Lori] "I knew we could do this! I'll go pack up my stuff."

**Lori:** [sheepishly] "Uh, actually…"

**Ronnie Anne:** [not happy] "What?"

**Lori:** "I know I came here to convince Bobby not to move, but after talking to him, I think he should stay."

**Ronnie Anne:** [aghast] "After he totally forgot about you?"

**Lori:** "But he didn't. He's actually been thinking really hard about how we can make this work. We'll only be apart for a year, and then we can both go to the college here where your Uncle Carlos teaches."

**Ronnie Anne:** "Well, that's great for you guys, but what about me? Lincoln, come on, help me out here."

**Lincoln:** [licking the leftover frosting on the whisk.] "I don't know, Ronnie Anne. I think your family's pretty awesome." [licks the frosting again] "I mean, who can make a cake like this?"

**Ronnie Anne:** [smacks the whisk out of Lincoln's hand.] "UGH!" [stomps away]

---

[Later that night, Ronnie Anne is sitting outside on the steps upset that nothing worked.]

**Maria:** [comes outside] "Are you okay, honey? Lincoln said you were out here."

**Ronnie Anne:** "Mom, I don't wanna move. I like my life back home. I have my own room. I can do my own thing. Here, I can't even go to the bathroom without an audience."

**Maria:** "I know it would be an adjustment, but think how nice it would be to be part of a big family, and they all love you so much."

**Ronnie Anne:** "I love them, too. I just…" [makes big pleading eyes]

**Maria:** "Honey, I would never make you move if you didn't want to. I really wanted this to feel like home for you, but if it doesn't, it doesn't. Why don't you pack up while I break the news?"

**Ronnie Anne:** "Thanks for understanding, mom."

[They hug and step back into the building, but they forgot to close the door with a note attached to it.] **DON'T FORGET TO LOCK THE DOOR !**

[At that moment, the cat gang sees this as an opportunity. Ronnie Anne runs to the closet to get her things, but to her surprise, it's been converted into her own room, just like Lincoln's.]

**Carlos:** "So, what do you think?"

[Frida takes a photo of Ronnie Anne in her new room.]

**Ronnie Anne:** "What is this?"

**Carlos:** "Well, we thought you might need a space of your own."

**Carl:** [referring to the skateboards and skateboarding posters.] "I put those up. And if you ever wanna go skating, I have been known to shred like a boss."

**Carlota:** "And I picked out some hoodies for you. We'll work our way up to dresses."

**Hector:** "And I stocked the fridge with those ice pops you like." [shows her a mini-fridge with them in it.] "You can pay me back later."

**Rosa:** [nudges her husband for that last statement and holds up an incense container.] "I cleansed the room of evil spirits." [holds up a container of bug spray.] "And spiders."

**Frida:** [showing her photos] "And I hung some pictures of our beautiful family." [points to a specific one] "I even put up one of you and your boyfriend."

Me: They're close but not as close as Lori and Bobby.

**CJ:** [holding up a sign] "And I made this. It says **Ronnie Anne's Room: Keep out!** " [gives it to her]

**Ronnie Anne:** [touched] "Wow, guys. This is incredible. I don't know what to say."

**Maria:** "Don't worry, honey. I'll handle it. I'm sorry, everyone, but I think we're going to-"

**Ronnie Anne:** [interrupting] "Need more snacks for the moving in party!"

**Rosa:** [screams in a panic] "THERE ARE NOT ENOUGH SNACKS?! I AM SO EMBARRASSED!"

[The others, Me, Varie, Eddy, Luan, Leni, Laney, Lily, Lincoln and Lori go to help with the snacks while Maria and Ronnie Anne stay behind.]

**Maria:** "So, you wanna stay?" [Ronnie Anne nods] "What changed your mind?"

**Ronnie Anne:** "You're right, Mom. It is gonna be an adjustment, but maybe it will be nice being part of a big family. Especially this one."

[They hug again, but the precious moment is cut when a thud is heard.]

**Ronnie Anne and Maria:** [horrified] "Oh no. WE LEFT THE DOOR OPEN!"

Me: AYE CARAMBA!

[Lalo hears it and the cats barge into the apartment much to the dog's horror. They shred up Carlos and go after the others. Rosa and Carlota attack with brooms, but the cats get them and they run away. Lincoln and CJ attack with their pirate play. The cats strip Hector of his pants, revealing he wears chili pepper boxers.]

**Bobby:** [notices them] "Grandpa, sick boxers!" [takes his pants off revealing a pair of his own.] "We should sell them at the bodega!"

**Hector:** "Great idea!"

**Frida:** [screaming and taking a quick photo.] "I'M ALLERGIC ON TOP OF EVERYTHING!" [wails] [The cats chase Lalo who runs under the table and knocks the cake into the air.]

**The Casagrande's:** "THE CAKE!"

**Ronnie Anne:** [runs in] "I've got it!" [catches it]

[The Casagrande's sigh with relief, but the cats pass Ronnie Anne, making her trip and drop the cake on her.]

Varie: I got this.

Varie fires a torrent of water that smells like fish and the cats follow it out the door and I close it.

Me: Whew!

[The next day, Lori and Bobby are hugging farewell.]

**Lori:** "I'm really gonna miss you, Boo-Boo Bear, but I'm so excited about our future together."

**Bobby:** "Me too, babe. I'll be counting down the days until I see you again."

**Carl:** [hugging Lori's legs] "As will I."

**Bobby:** [chuckles] "Carl, could we have a minute?"

**Carl:** "Fine. But remember, my gazelle, if he ever mistreats you…" [opens his jacket and reveals a tattoo of Lori on his stomach labeled "Mi Amor."] "… this puma will be ready to pounce!"

**Carlota:** [angrily off-screen] "WHO USED UP ALL OF MY LIMITED EDITION BLACK EYELINER?!"

**Carl:** [covers himself up and chuckles sheepishly.] "Gotta run!" [goes back inside]

[Lori and Bobby chuckle at that little moment and hug one more time. Lincoln is getting his and Lori's stuff into Vanzilla.]

**Lincoln:** [to Ronnie Anne] "So, I guess this is goodbye."

**Ronnie Anne:** [holds her fist out] "Yeah. Smell you later, lame-o."

Me: We'll miss you Ronnie Anne. But we'll always keep you in our hearts.

Varie: Yeah. But it's gonna different in Royal Woods without you.

Eddy: Yeah but it was fun.

Luan: I agree.

Laney: It was awesome with you.

Lily: Yeah. We'll miss you.

Ronnie Anne: I'm gonna miss you all.

Me: Maybe you'll come back to us one day for a visit. We would all like that.

Lincoln: Me too.

Leni: Totes!

[Lincoln flinches at the possible punch, and then Ronnie Anne hugs him instead, and he hugs her back.]

**Lincoln:** "Whoa. You've never hugged me before."

**Ronnie Anne:** "Don't get used to it."

[Lincoln prepares to leave but stops.]

**Lincoln:** "Oh, before I go, here's something that might help you out. It always helps me." [whispers it into Ronnie Anne's ear.]

**Ronnie Anne:** "Really?"

**Lincoln:** "Trust me."

---

Back at the Loud House at the present day we were doing a simulation in Lisa's virtual reality machine on what would've happened.

SIMULATION ENDED.

Me: I'm glad that was a simulation and not the real thing.

Ronnie Anne: I know. But I'm glad that my family is moving into a house across the street from you and Johann and Varya are with them too as roommate families.

Me: Me too Ronnie Anne. Now we're next door neighbors. Thank you for letting us use your Virtual Reality Simulator, Lisa.

Lisa: My pleasure J.D.

Me: [To the viewers] This turned out to be an amazing experience.

Not only are the Casagrandes and the Santiago's next door neighbors but also Johann and Varya now live with them. This is now the beginning of a beautiful friendship. Right Johann?

Johann appears and puts his hand on my shoulder.

Johann: Right comrade.

Me and Johann: [To the Viewers] DASVIDANIYA!

THE END

Another Fanfiction Done.

I wanted to do a hypothetical episode on what would've happened had the Santiago house not been destroyed by the tornado in Homespun. Also it doesn't tell us where the Casagrande building is located in the show or what city and state it's a part of so we had to use our imagination. I made this into a simulation episode to provide the hypothetical view. I know Johann is not a Russian name but I thought it would be cool.

This proved to be as big a challenge as Brawl in the Family.

See you next time.

# Fool Me Twice

It was March 31st and tomorrow was the most feared day in the Loud House: April 1st, A.K.A. April Fools Day; The Day where Luan tortures her family with deadly pranks that can land people in the hospital and she gets a good laugh from all of their pain.

[A Bus stops in the middle of a street and Lincoln comes out, wearing a coat, a hat, and a glasses with a fake mustache, he then hides behind a dumpster, then in a tree, (which he accidentally falls out of) then he rides a scooter to a local highway.]

**Lincoln** : [Makes a bird call] Ca-ca! Ca-ca! [Me, Varie, The Eds, Woody, Jessie and The Loud family sans Shannon and Luan appear out of our hiding places in our disguises]

**Lynn Sr.:** [slowly and with an affected deep voice] What animal does Mary have?

**Lincoln:** [also with an affected voice] A lamb with the fleece as white as snow.

[Everyone sans Lincoln, sighs in relief and they remove their disguises]

**Lynn Sr.** : Oh, good. It's really you, son. Are you sure Luan didn't follow you?

**Lincoln** : Definitely. I took 4 different buses. Plus, I've got Clyde doing some surveillance on her.

[At Sunset Canyon retirement home, Luan is entertaining the elders, with Clyde disguised an elder, monitoring Luan.]

**Lynn Sr.** : Great! Now let's get down to business. April Fools day is tomorrow, and we still don't have a plan to stop Luan from pranking our butts off! So, who's got an idea?

**Lori** : Oh, Bobby said we could hide in the basement of the bodega, we just have to watch out for the rat traps… and the asbestos. After we moved the Casagrande Apartment building here we had everything set up.

**Rita** : [unimpressed] You're really selling it, honey.

Me: Asbestos is poisonous insulation and it can destroy you.

Eddy: I had no idea that my girlfriend can cause all sorts of deadly pranks like this.

Varie: It's no pretty picnic Eddy.

**Lincoln** : There's an island off the southern tip of Guam. You can only get to it by submarine.

**Lynn** : [Imitates a buzzing sound] We don't have passports, Stinkin'!

Linka: Yeah.

Me: Guam is way too far away from here guys. Plus we have to worry about Typhoons in the Western Pacific Ocean.

**Lisa** : Pending some grant money, I could build a ship that could take us to Europa, one of Jupiter's moons.

Varie: That's way too risky.

Ed: Going to Europa would be cool.

Edd: I agree. I've always wanted to study Jupiter's Icy moon.

**Lana** : Or we can dig a system of tunnels under the house.

Woody: That would be really cool. I'm not much of a digger though.

**Leni** : Why don't we just ask Luan to stop, but like, REALLY nicely?

Jessie: It's not gonna work Leni.

Laney: Guys! You're missing the point! For far too long we let Luan make us her Pranking Targets! I'd say we prank her back!

Lori: Laney! You're literally forgetting the last time we did that. Luan just picked herself up after we grounded her and she vowed to get revenge.

Me: I remember that.

Laney: I know but maybe it will be different this time. I've been doing some planning since last year. [Holds up some blueprints] Okay, so the boxing gloves will go here, then the raccoons will burst out through the bathtub, then we…

**Lynn Sr.** : Laney, please. Nothing we do will ever stop Luan. Maybe it's hopeless!

Lily: No! It will never be hopeless as long as we work together!

[A movie producer appears]

**Producer** : Excuse me, do you folks mind? We're trying to shoot a movie here.

Me: Oh sorry sir.

[The family walk away]

**Lola** : Yeah guys! Outta the shot! [Lola poses] Okay, I'm ready for my close up!

**Producer** : Sorry, little girl, you need to get outta the shot, too. We're filming a dangerous stunt.

**Lola** : [Scoffs] Your loss!

[She walks away as well]

**Director** : And… ACTION!

[A man in a red suit and matching motorcycle come crashing through a boarded window on a high speed chase, and leaps over an area full of police cars with an explosion following suite. He crash lands to the ground.]

**Director** : CUT!

[The man recovers from the crash, and removes his helmet. His appearance is similar to Lynn Sr.'s.]

**Lynn** : Man, that guy can really take a beating!

**Leni** : He looks just like Dad!

**Lynn Sr.** : Too bad I can't just hire him to take all of Luan's pranks for me.

[Everyone stares at Lynn Sr.]

**Lynn Sr.** : I wasn't being serious.

Me: You know Mr. Lynn that's not a bad idea.

**Lincoln** : Yeah Dad, maybe that's the perfect plan! We hire a bunch of stunt doubles to take all the hits for us, and we get off pain free.

Varie: Yeah that's brilliant.

Laney: But Lincoln. What about our doubles? We don't really want them to suffer Luan's terrible pranks.

Lincoln: It'll be fine Laney. Besides, you haven't done a pretty good job stopping Luan. This plan is our only shot.

Me: Yeah. Lets do it.

[The family talks it over and agrees to the plan]

---

**Leni** : Wow, these doubles look just like us!

**Rita** : No, honey. Those are the doubles. [Points towards the actual stunt doubles]

**Leni** : Oh, well, they're good too.

Me: It's like looking at yourselves in the mirror.

**Lynn Sr.** : So, uh, what's this gonna cost me?

[Lynn Sr.'s stunt double hands him the bill]

**Lynn Sr.** : [Gasps] Is this in dollars?!

I look at the bill.

Me: That's considered small pocket change to me.

**Lincoln** : I don't understand. Why is my double old?

Linka: Mine too.

**Lynn Sr's stunt double** : You're 11 and you have white hair. I did the best I could.

**Lincoln's stunt double** : I came out of retirement for this gig. These days, I mostly just sit around reading in my underwear.

**Lincoln** : Never mind, he's perfect.

Varie: Got to give them an "A" for effort.

Jessie: Agreed.

**Lynn Sr.** : Okay, famo. Now that everyone's got a double, it's time to teach them how to look and act just like us. We gotta work fast! Luan gets home at 5, and if she finds the house empty… [Looks at his double] Are you picking up on this? I talk with my hands. Big hand talker right here.

---

[Later, the Loud Family are teaching the doubles what to do and how to act like them]

**Lana** : Really get that mud up in your face. Don't be afraid to eat a little.

**Lisa** : Now in addition to English, I speak Mandarin, Latin, Swedish, and West Cost Rap.

**Rita** : So, this is the novel I'm working on. In case Luan asks you about it, you probably read the whole thing tonight.

Laney: [Shows her double her paintings] Okay, so here's all my paintings. As you can tell I am a great artist.

Laney's Stunt Double: Well can't you tell me? Since I'm trying to be you and all.

Laney: Oh, well. Alright…

**Leni** : Okay, so let's see the walk.

[Leni's stunt double attempts to imitate Leni's walking motion]

**Leni** : Almost, but you forgot part of it.

[Leni walks and crashes into the wall; Leni's double repeats this]

**Lincoln** : First thing in the morning, I usually rush to the bathroom to beat the crowd.

**Lincoln's double** : Oh, same here! There're some pushy blue hairs at the senior center!

**Lincoln** : Then, before school, I'll sometimes stop for a Flipee. Watermelon Lime's my favorite.

**Lincoln's double** : It's my favorite flavor of gelatin!

---

**Lynn Sr.** : [Narrating] Okay gang, here's the plan, at Midnight, we sneak out of the house, and switch places with the doubles. They'll take it from there. J.D. Varie, Ed, Double D, Eddy, Woody and Jessie will be watching the house from the castle tower at the Knudson estate. [Rita and Lynn Sr. go to wake up the kids. When they go to wake up Luna, Lynn steps in to help.]

**Lynn** : I've got this! [Makes a paper airplane, and throws it at Luna.]

[The Louds sneak outside to switch places with the doubles]

**Lynn Sr.** : Good luck to you guys! Are you sure you're ready?

**Lynn Sr.'s double** : Don't worry about us, we're gonna be A-Okay.

---

[Morning. Inside the garage, the Louds peek out the garage, Lynn Sr. is making pancakes, Lily is sitting in on the floor, and Lisa is looking over a giant monitor.]

**Lisa:** "Family, gather 'round." [the family walks up to the monitor] "We can follow the action via the cameras I installed in everyone's room last year…" [the family look at Lisa with suspicion, and Lisa attempts to correct her blurt.] "Er… last night." [notices something] "Oh! We have movement in the twin's room!" [Lisa hits a button labeled "CAM 8", and the monitor shows Lana and Lola's stunt doubles about to leave the bedroom.]

**Lana and Lola:** "Here it comes!"

[Lana and Lola's stunt doubles exit the room, but mysteriously, nothing happens.]

**Lana:** "Huh. I thought for sure Luan was going to nail them with a bucket of grease."

**Lola:** "Or a sock full of quarters!"

**Lisa:** "Old Lincoln is on the move… slowly."

[Lisa switches the monitor to showcase Lincoln's room. Lincoln's stunt double sits up, cracking his back.]

**Lincoln:** Oh, man, I can't watch. What's happening? Did he get injured?"

[Lincoln's stunt double walks out of the room, and still, nothing happens.]

**Rita:** "Well, he did hurt his back, but it seems unrelated."

**Luna:** [suspicious] "What's the dealio? Why aren't they getting pranked?"

**Lucy:** "Any why are they leaving the house?"

Me: (On the Radio) Knudson Watchdog to Loud Birds, over.

Lynn Sr. picks up a walkie talkie.

Lynn Sr.: Loud Bird Sr. here, over.

Me: Something is not right. Your doubles aren't being pranked. I can see them going out of the house. Over.

[On the monitor, each one of the stunt doubles is seen leaving the house. Realizing something, the family gasps, and quickly rush to the garage door, and peek out the windows, seeing the doubles head off in different directions.]

**Lynn Sr.:** [peeved] "What the heck?! I paid good money for them to get their butts pranked off!"

[Rita has a sudden realization.]

**Rita:** "Wait a minute, I get it. Luan's prank was to not prank us at all."

**Lincoln:** What do you mean, Mom?"

**Rita:** Ha! She knew we'd go crazy trying to protect ourselves, so she just let us chase our tails."

**Lori:** "Oh, you're right. She is good."

[The family laughs, realizing the trouble they went through.]

**Lynn Sr.:** "Well, I may have burned through all our savings, but at least it's over!"

**Luan:** [off-screen] "Over? It's just getting started!" [the family turns around, and scream in horror when they see Luan on the monitor, looking on devilishly.] "You know, family, I had a whole different plan in mind for today, but I'll save that for next year, because once I saw the amazing doubles you guys found, I was inspired to do something even better. So stay tuned, because the rest of this day is going to be doubly special!" [laughs evilly.] "Get it? You don't now, but you will."

[The monitor shuts off.]

**Lucy:** [worried] "What is she talking about?"

**Lynn:** [panicking] Ah! Ah! Ah! We gotta stop her!" [she tries to open the door, but it won't budge.] "She welded the door shut!"

[Lincoln and Lana try the windows, but they too won't budge.]

**Lana:** "And the windows!"

**Lori:** "I'll try the garage door. Who's got the remote?"

**Leni:** [peeking out the garage window] "Oh, Luan does, she's outside!"

[The family rush to the garage door, and peek out the windows. They scream in horror upon seeing Luan with the garage remote. Luan, on her jester's chair, turns around, revealing to have Cliff on her lap.]

**Luan:** "Don't look at me, look at the monitors! I put cameras everywhere so you can enjoy the show. Ta-ta!" [Luan tries to roll away but she gets stuck] What the? [The Chair won't budge] Well this is embarrassing…

Laney's stunt double (?): So is this! [Throws a pie at Luan's face]

SPLAT!

Me: Whoa! We got some action guys.

Eddy: Laney's double nailed her good.

Varie: She sure did.

Ed: What is she gonna do?

Woody: Lets watch and see.

Lynn Sr.: What is Laney's Stunt Double doing?

Luan: You? But I thought I sent you to Joey's house! [Luan gets off her chair but she slips on a banana peel and down the garage road just as a truck full of trampolines passed by. She bounced off one and landed by the front door]

Varie: A truck full of Trampolines? That's unusual.

Jessie: Yeah.

Me: But it was convenient for her.

Luan: Grr! [Stands up] Listen you! The family may have paid you, but I gave you instructions to go over and humiliate Laney and…

A trap rope snags Luan's leg and pulls her inside the house. Edd switched to the monitors and we saw Luan getting hit by numerous pranks. Luan first crashed into the stove where she was mauled by raccoons, then a punching glove punched Luan into the basement and she landed in a bunch of pies. Then a rope pulled her back upstairs and into the living room where she got stuck on sticky flypaper. Then she was pulled upstairs where she got pelted with flour, garbage, rotten eggs and dust from the vacuum, and sprayed by a skunk. We all laughed as we witnessed this through our monitors as Luan was being pelted and pulverized by other pranks offscreen. She landed back on her chair completely bruised, gooped, tattered, skunked and shocked. Laney's Stunt Double (?) grabbed the remote and opened the Garage door. Me, Varie, Woody, Jessie and the Eds and the Louds came out and cheered.

Me: That was awesome!

Varie: Luan sure got a taste of her own medicine.

Lincoln: That was amazing! I can't believe that Laney's double is such a pranking genius.

Jessie: Me neither. She is awesome.

Lynn Sr.: How can we ever thank you stranger that looks like our daughter?

Laney's Stunt Double (?): No thanks needed dad.

Lynn Sr.: Uh okay. You can stop pretending now.

Laney: Who's pretending? [Laney wipes off the freckles revealing it was the real her. We all gasped]

Siblings: Laney? [Laney passed the tissue to her double and wipes off the paint revealing her freckles]

Lola: But how the heck did you pull it off? You were supposed to swap with your stunt double like the rest of us!

Me: That's what we're wondering too.

Laney: Simple… [Flashback to Last night; Voice over] Just as we all left with our stunt doubles in our places, I got a call from my double saying she overheard Luan's plans for April Fools. She was going to use our stunt doubles to humiliate us. And that wasn't a joke at all, more like incredibly cruel and horrible. [Cuts to Laney placing traps all over the house] That's when I got to work on my ultimate plan to prank Luan back a thousand fold… [Cuts to Laney shaking hands with her double and they walked away separately] And then I undid my switcheroo. [End Flashback] And I did it! I finally gave Luan a taste of her own medicine! [To Luan] How does it feel Luan? To be painfully messed with and humiliated for amusement? Not good huh?

We were amazed.

Me: (Amazed) Laney that was pure genius!

Varie: You beat Luan at her own game!

Edd: I agree. She used Reverse Psychology! [Pulls out a book on Reverse Psychology] We tried this before with the Kanker's. [Reads a verse] "In order to defeat your Enemy, you must become your enemy".

Laney: That's right.

Eddy: You sure showed her Laney.

Ed: That was cool!

Woody: That was impressive Lanes.

Me: You were as sly as a fox Laney.

Laney: Thanks.

Luan: I have to admit it Laney. You've really got into the pranking game. I didn't even know you had it in you.

Laney: Well I did. And what I did taught you a lesson. That your pranks are insane and harmful, even to your own family. And when you tried to humiliate my family, that was a step too far! I did this to you to show you how much your April Fools Day Rampages hurt each and everyone of us! To make sure that you never go this far to prank us ever again!

All: YEAH!

Me: That prank you were about to pull was not funny at all Luan. It was downright cruel and evil.

Woody: Yeah Luan.

Eddy: I can never stay mad at you for your bad pranks Luan but Laney sure got you good didn't she?

Luan: (Laughs) She sure did. Look guys, I'm sorry for all that I've done to you. I promise to tone it down next year.

Lily: Let me check something here.

Lily checked her phone and discovered another revelation.

Lily: Wait a minute. It's not April 1st. It's August. She duped us again.

Everyone checked their cell phones and saw that Lily was right.

Me: Just like last time with that hotel death trap.

Linka: But what about the rest of the doubles?

Laney: Oh I don't think you need to worry about them. I called them all and rerouted their destinations. They're now taking all of your places for the day. But hopefully you've learned your lesson Luan.

Lynn Sr.: I agree. You're in trouble young lady.

Rita: You're grounded for 2 months and no more pranks!

Luan: Aw man.

Me: Lets hope that you've learned your lesson Luan. That your pranks on April Fools are deadly.

Jessie: That's right.

Varie: Yeah.

Me: And don't even think about crossing your fingers behind your back.

I made the finger sign that said I'm watching you.

Me: But where's Shannon?

Luan: Oh I spared her from this because she's still recovering from her ordeal as a Black Daffodil.

Luna: That's very noble of you brah.

Luan: Thanks.

Me: But we're still watching you.

Woody: (Trademark Laugh)

THE END

Another Fanfiction Complete

I saw this episode 3 months ago and the prank Luan pulled was not funny at all. It was downright cruel and evil. Being humiliated like that is breaking someones dignity. Kinghammer's twist in the second half of this episode was genius and funny and was awesome. Laney sure gave Luan a run for her money and beat her at her own game. She used the saying "In order to defeat your enemy, you must become your enemy" which is a famous phrase from the famous Chinese Military Philosopher Sun Tzu. I can tell that Laney knows this phrase all too well because of how she can fight against Luan's pranks. Let me know what you all think.

See you all next time.

# The Light Shines Forth

It starts at the Loud House. Me, Varie, Jessie, Eddy, Starfire, Raven, Terra, Argent, Volcana, Woody, Shannon, Lincoln & Linka, Laney, Lily and Luan are in the living room watching TV and reading books.

Laney: Boy it sure is peaceful outside.

Volcana: Yeah.

Me: Lets hope it stays that way.

Luan then got a massive headache.

Me: Luan, what's wrong?

Luan: [groaning in pain] I don't know. It feels like my head is about to explode.

Me: [Senses something and gasps] I sense a dark force coming from Luan.

Eddy: What is it?

Me: I can't make it out.

Raven: Is it a demon?

Varie: I can sense it too and this is not a demon. This is something else.

Linka: Yeah. I feel it too.

A pitch black aura covered Luan and it came out of her as a big blob of black and took the form of another Luan but she had eyes that are red like blood.

Me: [To the 2nd Luan] Who? Who are you?

2nd Luan: **I am Luan's Dark Side but you can call me Dark Luan**

**and I am the source of all the turmoil that Luan caused to you all every April Fools Day.**

Lincoln: [Angry] So you're the cause of Luan's dangerous pranks!

Laney: This is truely a wonder all on its own. I had no idea Luan had a 2nd personality that takes over every April Fools.

Shannon: I had no idea Luan had this dark persona inside her.

Woody: Me neither.

Me: None of us did. I didn't even know that Luan had another personality inside her. I've seen this before on several TV Shows. The most prominent example is 2016's Split. That movie was freaky.

Dark Luan: **Yes. I was created when Luan was being bullied back in 6th grade.**

We gasp in shock.

Varie: Luan was being bullied back then?

Dark Luan: **Yes. They made fun of us because of the braces and what not. I was created as a result and Luan got into comedy and made lots of funny jokes. But I would surface on April Fools Day to do all those deadly pranks on all of you.**

Laney: You would take control of Luan and do all those pranks?

Me: That's insane.

Woody: You're a monster!

Eddy: You plagued my girlfriend and my best friends for too long! It's time to end it!

Eddy lunged at Dark Luan and they wrestled and Eddy put a Joy Buzzer to her head and zapped her.

Eddy: That's what Buzzes you! [Rimshot]

We all laugh.

Me: [Laughs] Good one.

Dark Luan throws a cherry pie at Eddy but he ducks and I get hit in the face.

I slurp off the cherry pie from my face.

Me: Mmm. Cherry. My favorite.

Eddy throws a whoopie cushion and it explodes in Dark Luan's face and covers her in garbage.

Eddy: Kind of gives you a Stinky Defeat huh? [Rimshot]

We all laugh again.

Varie: [Laughs] Good one Eddy.

Dark Luan had a box and it opened and in it was a spring loaded metal boxing glove with spikes on the knuckles.

Me: Duck!

We all duck and the glove punched a powerful hole in the wall and this alerts Ed, Double D, Lori, Leni, Luna, Lynn, Lucy, Lana & Lola and Lisa, Lynn Sr., Rita, Robin, Cyborg, Beast Boy, Kole, Ronnie Anne, Johann and Varya and they all come into the Living Room.

Lori: What's going on?

Luna: Dudes! Is that a 2nd Luan!?

Me: Yeah. That's Luan's Dark Side and she's responsible for all the deadly April Fools Days we all had to endure.

Varie: Luan had a split personality created inside her because she was bullied back in 6th grade.

Starfire: Eddy and Dark Luan are fighting right now.

Lynn Sr.: Luan was being bullied back in 6th grade?

Rita: Why weren't we told about this?

Me: I don't know Ms. Rita but we'll find out later.

Luan was on the floor and she suddenly started glowing in a faint rainbow light as she started opening her eyes.

Luan: [Weakly] I've got to help Eddy.

Eddy and Dark Luan got into a nasty fist fight and Eddy was fairing really well.

Me: Wow. Eddy's training is really paying off.

Eddy was then pinned to the wall and Dark Luan had a blackberry pie in her hand.

Dark Luan: **You faired really well Eddy. Too bad though.**

Dark Luan was tapped on the shoulder and she saw Luan glowing in rainbow light and she squirted hot sauce in her eyes.

Dark Luan let Eddy go as she was blinded.

Luan: No one hurts my brother and sisters and best friends on my watch! Especially my boyfriend!

Me: Look at Luan! She's glowing in rainbow light.

Lynn: Lisa this isn't another one of your Gloweos Experiments is it?

Lisa: Negative Lynn. I wish it was, but unfortunately it is not.

Me: This is the work of something else.

Woody: Look guys!

Luan then shocked us all by forming a pterodactyl of pure light and it squawked and picked up Dark Luan and took her outside. Luan followed suit and fired a beam of blue light from her hand and it burned Dark Luan.

The Light Pterodactyl went high into the air and dropped Dark Luan from a huge height and Luan sprouted wings that were Yellow and flew into the air and punched Dark Luan in the mouth and knocked out some of her teeth.

Luan fired a beam of green light and it went through Dark Luan's left leg and burned it off.

Dark Luan hit the ground with a tremendous thud.

Me: OOOHH! That's gonna hurt.

Woody: No kidding.

Dark Luan then exploded into red particles of shining glitter and was gone forever.

Luan landed on the ground and Eddy went out to her

Eddy: Luan!

Eddy held Luan close and he was amazed.

Eddy: Luan, you were incredible. You were…

Luan kissed Eddy and it was amazing for him.

In the Living room, We were all talking to Luan.

Me: Luan you were amazing!

Varie: Yeah. You have Light Powers and you destroyed your dark self.

Luan: Yeah. I don't know how this happened but somehow it did.

Me: Let me check here.

I pull out my legends book and make a surprising discovery

Me: Luan you were given Light Powers because of Sulis, the Goddess of the Sun in Celtic Myth. Her powers can only be given to anyone who has separated from his or her dark side persona. You have Cosmic Light Control, You can create beasts of light, have winged flight and can use light magic.

Luan: Wow. That's incredible.

Jessie: I had no idea such powers were possible.

Lincoln: Me neither.

Raven: What really horrified us was the fact that you were bullied back in 6th grade.

Lynn Sr.: Luan, why didn't you tell us this?

Luan: I was too afraid to tell you all.

Woody: Luan, We're your friends and you can tell us anything.

Me: Luan, you can tell us. We are always here to help you.

Luan: I know. I'm sorry. The bullying was so bad that I decided to hide my pain and tell funny jokes and make my own business as a result. This bully would always make fun of me because of my braces. Her name was Abigail Sanchez. She hates my guts completely. [Crying] I'm sorry guys! I didn't mean to hurt all of you! It's just that because of Abigail I vented my frustration on you through pranks! I'm so sorry!.

Eddy comforts Luan.

Eddy: Luan, I'm so sorry. I didn't know you were going through all that.

Kole: Luan has been through some very rough times.

Volcana: That is harsh.

Luna: [angry] When I see Abigail, I'm gonna deafen her so bad that she'll be in a clinic for the criminally deaf!

Lynn: Save seconds for me!

Lincoln: Now guys we can't resort to such acts.

Laney: Yeah. Lets let our parents decide what to do.

Rita: Lincoln and Laney are right. But we can't let Abigail get away with this.

Varie: Yeah.

Woody: Yeah. Violence is always not the answer.

Starfire: But Luan. We will gladly help you out when you have problems.

Robin: Star's right, Luan. You're not in this alone.

Cyborg: Yeah little missy. You are the funniest person I know next to BB. You definitely can make lots of people laugh.

Beast Boy: That's right Luan. You are funny.

Terra: I agree.

Raven: Me too.

Me: You're never alone in this Luan.

Luan: But I hurt you guys on April Fools Day and nearly hurt you all with dad and nearly got you all humiliated with stunt doubles!

Laney: That wasn't you Luan. That was that Dark Self of yours.

Lily: If anybody's to blame for all this it's Abigail. She was the match that lit the fuse to creating that evil persona inside you.

Jessie: Yeah. We need to make sure she doesn't get away with everything she did.

Woody: What she did makes her the lowest of the low.

Luan: You're right. Also Eddy, I saw that you fought to protect my siblings and my friends when my Dark Self separated from me. I thought that was extremely brave and heroic of you.

Eddy: I would do anything for you Luan.

Eddy and Luan Kissed

Everyone: AAAAAWWWWWWWW!

Lynn Sr. calls Abigail and reveals everything that happened to her parents and the police are called and they arrest Abigail for assault and battery.

Luan testified against her at her trial and Abigail got sentenced to 18 months in the Michigan Juvenile Correctional Facility and 3000 hours of community service (8 hours a day = 375 days). Abigail was also ordered to pay $500,000.00 in restitution to Luan.

At dinner the next week, we all sat at the table eating spaghetti.

Luan: Guys I can't thank you enough for giving me the courage to stand up to Abigail.

Me: No problem Luan. That's what friends and siblings do.

Laney: So Luan, how does it feel to have powers?

Luan: It feels awesome. But this is really ENLIGHTENING! [Rimshot and laughs]

We all laugh.

Me: [Laughs] Good one.

Eddy: [Laughs] Oh Luan, I love you.

Luan: I love you too Eddy.

Me: You got to remember Luan that with Great Power comes Great Responsibility.

Luan: I know.

Me: I got some books on Light magic that you can borrow Luan.

Luan: Thank's J.D.

Me: Anytime.

We had a great dinner and went into the living room to watch The

Dream Boat.

# The Light VS Magic (Simulator Test)

It starts at the Loud House and Lisa has gathered me, Varie, Jessie, Woody, The Eds, her siblings, the Santiago's, the Casagrande's, Johann, Varya and The Teen Titans for a special presentation.

Lisa: My friends and fellow siblings I have gathered you all here for a special unveiling.

She leads us all into a unique room.

Lisa: Behold my virtual reality training simulator room. With this we can use our powers and abilities in any kind of scenario, on any difficulty, and in any setting, time or in any planet, city, or environment.

Me: Cool! This is gonna be sweet! And you brought us all in here so we can give it a field test.

Lisa: Precisely. But one of you will be testing it today and if it works we will be using it more often.

Varie: Awesome.

Lisa: So who wants to try it out?

Me: How about we let Luan give it a test drive? She recently acquired her powers and just finished her training.

We all agree.

Luan: This is gonna be interesting for me.

Eddy: You can do it Luan. I know you can.

We all give her supportive sentences.

Luan: All right. I'll do it.

Starfire: Glorius.

Terra: This is gonna be so cool.

Lisa: Excellent. You stay in here Luan. J.D. do you have a scenario in mind?

Me: Yes I do.

The rest of us leave the room and Luan stays. In the control room Lisa is at the controls and I whisper everything in her ear.

Lisa: Excellent scenario, setting and danger.

Lisa punches in the settings and activates the room.

Luan was in the final battle scene of 1994's The Swan Princess where Prince Derek was about to fight the evil sorcerer Rothbart.

Luan: Cool. I'm in the Swan Princess. That's one of my favorites. I love this movie. It feels so realistic.

Outside the simulator in the control room.

Lisa: Excellent choices J.D. The Swan Princess is one of my favorite musical animation movies.

Me: I'm glad. I wanted to give your simulator a test run with this scene.

Varie: This is my favorite scene.

Volcana: This is gonna be awesome.

Cyborg: I see what Luan is going to do. She's going to fight Rothbart in Derek's place.

Me: Exactly. I wanted to test it with this.

In the Simulator.

Luan saw prince Derek about to confront Rothbart.

Derek: Don't let her die!

Rothbart: Is that a threat?

Derek: Don't you dare let her die!

Rothbart: Oooh! It is a threat!

Derek: You're the only one with the power. Now do it!

Rothbart pushes him to the ground and Luan comes out and faces him.

Luan: You're time has come Rothbart! You will pay for your crimes! Revive Princess Odette!

Rothbart: Only if you defeat… me!

Luan: With pleasure.

Rothbart then transformed into the GREAT ANIMAL, a horrific demonic animal that's a fusion of a wolf, a bat, an eagle and a lizard. It had a wolfs head, a bats wings, an eagles talons, and a lizards tail and it's eyes were red like blood and filled with pure evil. It screeched and roared with insane bloodlust.

Derek: The Great Animal!

Luan: Lets dance!

Luan spread her wings and punched him in the mouth and knocked out a tooth. Rothbart flew into the air and Luan chased him and Luan formed a flock of swallows made of pure light and they went at Rothbart like divebombers and went through his wings and Rothbart fell to the ground. He crashed through a tree and landed with a big thud.

Luan landed and she and Derek decided to team up and the Great Animal was a challenge.

Luan fired a beam of red light through its left arm and it jumped and slashed Luan's face over her right eye.

Luan: Ow! My face!

Luckily her eye wasn't cut.

Outside the simulator.

Me: Ooh! That's gonna hurt.

Varie: You can get seriously hurt in this thing.

Robin: No kidding.

Beast Boy: This is a perfect machine and it works really well.

Lisa: So far yes.

Lori: Lets wait for Luan to finish.

In the simulator.

Luan: No more Ms. Nice Girl!

She flew and grabbed Rothbart and took him over the lake and fired a beam of light that went through his black heart and he fell and hit the lake and exploded.

Rothbart was destroyed.

Luan saw Derek and Odette and she was revived.

The simulation ended and Luan came in and we cheered for her.

Me: Way to go Luan!

Eddy: You were awesome Luan!

Lisa: I agree. Your performance was one of amazing valor and courage.

Luan: Yeah! It was truely a Simulating Experience! [Rimshot] [Laughs] Get it?

We all laugh.

Me: [Laughs] I get it.

Varie: But lets take a look at that cut.

Varie looked at it and it was a good one.

Varie: Luckily it missed your eye.

Varie used her water powers and healed it and it was gone.

Me: Well Lisa. Your new training simulator is a 100% success. It works perfectly.

Lisa: Indeed. Thank you all for testing it.

Luan: It was our pleasure.

Me: I have a feeling that we can use the simulator more often.

THE END

Another fanfiction completed.

I wanted to add the use of a special Training Simulator to the story. I got the idea from my books that I write at home.

I have a special series of parts planned for the Simulator.

See you next time.

The Swan Princess is owned by New Line Cinema and Warner Bros.

# Simulator Part 1: Knudson VS Uchiha

It starts at the Loud House. Me and Varie are in the Training Simulator doing a special exercise. I am going to fight Sasuke Uchiha from my favorite Japanese Animation Series: Naruto.

Lincoln and Linka are with us.

Varie set the scenario settings and the simulator activated.

I was at the Final Valley where the Leaf's Founding Fathers Hashirama Senju the 1st Hokage and Madara Uchiha the Leader of the Uchiha Clan fought with everything they had.

Me: Wow. This is incredible. I've always dreamt about what it was like to be apart of my favorite anime show. It's everything I've always imagined. Maybe there's still time to help Sakura see the light.

I use my telepathic abilities and send a message to Sakura Haruno in the Hidden Leaf. Telling her everything about Naruto's achievements and everything he's done for her along with his past and background. Including his heritage and more.

I do the same with Fu in the Hidden Waterfall, Kakashi Hatake, Hinata Hyuga, Ino Yamanaka and Ayame Ichiraku in the Leaf.

Me: I hope they all got my message.

I see a figure on the statue of Madara Uchiha.

Me: There he is. Sasuke Uchiha. Soon he will know everything.

Just then, Naruto arrived on the scene.

Me: Naruto is here too. Perfect.

I telepathically talk to him.

Me: [Telepathically] Naruto. I'm talking to you inside your head.

Naruto: [In his head] Who are you?

Me: My name is J.D. Knudson. I came to help you. I stopped time for a short while to tell you that there's more you should know. Sakura's love for Sasuke is a lie.

Naruto: What do you mean?

Me: I sent Sakura a telepathic message and revealed everything about you. Let me explain. I know you're the 9-Tails Jinchuriki and you've been cursed with a big burden that no one wants. But the 4th Hokage did it for a reason. The 4th Hokage Minato Namikaze did it because he couldn't place this burden on anyone elses child. The reason for that Naruto is because Minato Namikaze, the 4th Hokage was your Father.

When I told Naruto this he was shocked about this revelation.

Me: I'm not lying Naruto and before you jump to conclusions let me explain. When your parents found out that they were expecting you they were so happy and they couldn't contain their excitement. When you were born they were just over the stars that you came into their lives. But then the 9-tails attack happened. It was caused by a Rogue Uchiha wearing a mask that was impersonating Madara Uchiha whose been dead for a long time. He was controlling the 9-Tails and he forced it to attack the village against it's will and made it kill 1,200 people including your father and mother. Your mother was the previous Jinchuriki of the 9-Tailed Fox before you, Naruto and the Rogue Uchiha used your delivery to his advantage. When a female Jinchuriki is pregnant, the chakra that normally nurtures the child is divided between it and the Seal and when she gives birth, so much chakra is directed to the child that the seal weakens and a Seal Master must be present to maintain and repair it afterwards. The rogue Uchiha used this to his advantage and held you hostage to get Minato away from your mother Kushina so he can rip the 9-tails out of her. The reason your heritage was hidden from you was because of your parents enemies. Your parents made quite a name for themselves during the 3rd Great War and if they found out that Minato and Kushina had a son they would come after you and get revenge by either kidnapping you or killing you.

It took Naruto 2 minutes to digest all the info I told him.

Naruto: Thank you for telling me J.D. Thank you. Now I know that my parents didn't die in vain.

Me: You're welcome Naruto and I would never think of you as a monster, demon or a freak. It's not my style and in my nature. I would gladly look after you like a big brother if given the chance. It's what your parents would've wanted.

Naruto: I appreciate that. Thank you.

Me: You're welcome. Now lets take down Sasuke together.

Naruto: Lets.

I resume time and fly over to Naruto.

Naruto: SASUKE!

Me: Are you gonna run away from us you Coward!?

Sasuke turned to face us and we saw a disturbing sight. He had black flame marks on part of his face and his left sclera was pitch black and his eye was yellow.

Sasuke: So it's you. Hopeless little knucklehead. I see you're not alone.

Me: Sasuke, before we fight I want to tell you why Itachi killed the Uchiha Clan.

Sasuke: He did it to test the limits of his power!

Me: No. That's not the real reason. He did it because he was forced to.

Sasuke: What do you mean?

Me: Your clan was going to launch a revolt to overthrow the Hokage and take over the government. This would've resulted in a Civil War and it would've left the vilage completely vulnerable to enemy ninja attacks and ultimately start the 4th Great Ninja War. The 3rd Hokage tried to talk them out of it peacefully. But all the talks failed. When Itachi swore the oath of the ANBU, he swore to protect the entire village from all threats inside and out. Itachi acted as a double agent for the Hokage and he would report to him the plans for the revolt. After all the talks failed there was only one action left: GENOCIDE. BUT, Lord 3rd originally wanted Itachi to kill only those that were going to launch the revolt. Not the entire clan in general. But one of the elders on the Council, Danzo Shimura, went behind the 3rd Hokages back and ordered Itachi to wipe out the entire Uchiha clan completely and leave no survivors and that included you. He gave Itachi an ultimatum: Protect the Village or Protect the Clan. And Itachi went with the village. But he begged to have you spared because he could never bring himself to kill you because he loves you too much. He wanted to atone for his deed by having you kill him and avenge the clan and be a hero. Danzo's act of treachery lead Itachi to become a False Rogue Ninja if you will.

Sasuke was in absolute shock.

Me: Whether you believe me or not is entirely up to you but it is the truth.

He now knows the truth and he breaks down crying.

Sasuke: [Crying] Itachi! I'm sorry! Please! Take me back!

Naruto makes Shadow Clones and they carry Sasuke and we all head back to the Leaf.

As we were running through the forest, Naruto looked at me.

Naruto: J.D. what did you tell Sakura?

Me: I told Sakura everything you did for her and more. I'm sure she'll accept you.

Sasuke: J.D. Thank you for helping me see the light.

Me: No problem, Sasuke. I'm sorry about your clan. I wish that some of them could've been spared. But it's too late now.

Sasuke: I know. But when we get back I'm gonna go to jail for desertion.

Me: I know.

Naruto: They'll put you in prison?

Me: They have to Naruto. It's the law. Also Naruto those imbeciles at the Academy minus Iruka sabotaged your education so they can make sure you never become a shinobi. Bunch of Buttfaces.

Naruto: I had a feeling they were doing something.

We arrive at the gates of the Leaf and we see Kakashi Hatake waiting for us.

Kakashi: Naruto, thank goodness you're alright.

Naruto: Thanks sensei. But thank J.D. here. He helped me get Sasuke back.

Me: It's truly a pleasure to meet you Kakashi. My name is J.D. Knudson.

We shake hands.

Kakashi: Likewise and it's a pleasure. You have my thanks in helping Naruto and Sasuke.

Me: Think nothing of it. We need to talk with the Hokage and don't worry I'll make sure that nothing happens to Naruto. If these villagers try anything. Well it won't be pretty.

Naruto: Thank you J.D.

Me: No problem, little brother.

We walk into the village and it was truely a sight to behold. The Hokage mountain was an amazing spectacle.

I saw some of the villagers looking at Naruto with a hateful nature.

Me: [Menacing] What are you looking at, Dummies?

Kakashi: It's been like this for Naruto since he was 3.

Me: I know and Naruto knows everything about his parents. I told him telepathically.

Naruto: Yes sensei. I know my heritage, my parents and why they did what they did.

Kakashi was shocked.

Sasuke: I was shocked too sensei. But I've come to accept it and also my Curse Mark is gone.

Sasuke showed that the Curse Mark on his neck is gone.

Kakashi: Well have to explain how this happened.

In the Hokage building we entered the Hokage's office.

Kakashi: Naruto and Sasuke are back safe Lady Hokage and they had some help.

Lady Tsunade: Send them in.

Me, Naruto and Sasuke came in.

Lady Tsunade: Glad your safe kid.

Naruto: Thanks Grandma Tsunade.

Lady Tsunade: Don't call me that. [to me] Now, Who are you?

Me: My name is J.D. Knudson and I helped Naruto get Sasuke back. No I don't have any ninja experiences but I managed to help Sasuke come back by revealing the truth about the Massacre. And I have a lot of sources about how I know about this because I'm from another dimension.

Lady Tsunade, Shizune and Kakashi were floored.

Naruto: It's true. J.D. is from another dimension and he helped me.

Me: Yes. I telepathically told Naruto who his parents are. He knows why they did what they had to do and more.

Lady Tsunade: I see. [To Naruto] (Sadly) Naruto.

Naruto: It's alright. I know they had to do what was right for the protection for the village.

Me: Also, Sasuke needs to have some answers.

Sasuke: Yes. Is it true Lady Hokage? J.D. told me everything. Was my clan going to launch a revolt and destroy the village? Was Itachi ordered to kill the Uchiha that were only going to launch the revolt?

Lady Hokage: [Sighs] Yes it is Sasuke. Everything J.D. said is correct.

Sasuke: [Sad sigh] Thank you.

Sasuke left the office.

Naruto: Sasuke?

Me: Let him go little brother. He needs to have some time to himself.

Lady Tsunade: Little brother?

Me: I made Naruto a part of my family because of his rough treatment at the hands of these doo-doo brains that are villagers. Also I have more bad news.

Lady Tsunade: What is it?

Me: I know who instigated the massacre. It was Danzo Shimura.

Lady Tsunade, Shizune and Kakashi were shocked.

Me: I wouldn't make any accusations to anyone unless I had proof. But Danzo has been behind a lot of terrible crimes. I know he's watching us.

I walk up to the wall and use my telepathic powers and pull out an ANBU with a blank mask.

Me: A Root ANBU. Got your hand caught in the cookie jar I see.

Shizune: So Danzo has his Root ANBU still active after he was told to disband it.

Me: Yep. But this is just one thing. Lady Tsunade can you darken the room? I want to show you something.

Lady Tsunade closed the blinds in the windows and my eyes glowed and projected the Root ANBU'S Memories like a movie projector. It showed everything from the Root ANBU's Point of View

Danzo: Has Itachi killed all the Uchiha?

Root ANBU: [Emotionless] Yes Lord Danzo. Sasuke Uchiha is in the Hospital healing as we speak.

Danzo: Excellent. Soon Hiruzen, I will be Hokage and you will obey me.

Root ANBU: What about Orochimaru my Lord?

Danzo: His usefulness is nearing completion. Soon his invasion will come and I will rule the Leaf and destroy our enemies. And with Lady Tsunade out of the village after I killed her brother and lover, our weapon will have no one to protect him. Continue your spying and report everything about the Demon Boy to me.

Root ANBU: Yes my Lord.

The projection disappeared and everyone was horrified.

Naruto: That was cool J.D.

Me: Thank you Bro. This was my first time doing that. I didn't know I had this kind of power. But from what we all saw, I uncovered some huge crimes Danzo had been doing.

Kakashi: You sure did J.D. He murdered Nawaki Senju and Dan Kato, Conspired with Orochimaru for the Sand-Sound Invasion and nearly destroyed the Uchiha.

Me: You want me to kill this Root scum Lady Tsunade?

Lady Tsunade: Please.

I break the Root ANBU's neck and kill him.

Lady Tsunade: J.D. you may have saved the entire village here. ANBU!

4 ANBU came out of the walls undetected.

Me: Wow. So these guys are the ANBU?

Lady Tsunade: Yes they are. [To the 4 ANBU] Have Danzo Shimura report to me at once.

They nod and head out.

5 minutes later, Danzo came in.

Danzo: You wanted to see me Tsunade?

Lady Tsunade: That's Lady Hokage to you. ANBU! Arrest him!

The ANBU slapped the Chakra Cuffs onto him.

Danzo: Tsunade what is the meaning of this?

Me: Danzo Shimura, you are under arrest for the murders of Nawaki Senju and Dan Kato, the Genocide of the Uchiha Clan, High Treason, and Conspiracy Against the Leaf Village. [To Lady Tsunade] I'm sorry Lady Tsunade. I hope those are the right charges.

Lady Tsunade: Yes. Those are all right.

Me: Oh good. Lets see what's under these bandages shall we?

I rip off Danzo's bandages and we see a horrific sight. Danzo had an ugly right arm and he had 10 Sharingan Eyes imbedded into it and in his right eye socket was another Sharingan.

Me: You truely are the worst of the worst Danzo. You made Itachi kill the Uchiha Clan and took their Sharingan for their Forbidden Jutsu and you took Shisui Uchiha's Mangekyo Sharingan for his most powerful genjutsu so you can bend others to your will without them knowing it. But I bet there's more to it.

I put my hands on his head and project his memories. He manipulated the Cloud, Mist and Rock villages into launching a joint attack on the Hidden Eddy Village which started the 2nd Great War and scattering the Uzumaki Clan across the world, Manipulated Hanzo of the Salamander to join him and more.

Lady Tsunade: Anything you want to say for yourself, Danzo?

Danzo: I did all that for the good of the village! I wanted to make it strong.

Me: Good of the village my butt. All you've done is make things worse because of your own selfishness and greed.

Lady Tsunade: Get him prepped for execution immediately.

They take him away.

2 hours later, everyone was gathered in the Chunin Exams Stadium.

Lady Tsunade came out and announced to the village populous the full extent of Danzo's treachery.

Danzo came out tied in chains and was put on the chopping block.

Lady Tsunade: J.D., we can't thank you enough for helping us expose this traitor.

Me: Glad I could help Lady Hokage.

Lady Tsunade: Sasuke, Naruto, since he affected you the most, would you like to help J.D. execute him?

Naruto: It would be a pleasure Grandma.

Sasuke: I would be honored.

Me, Naruto and Sasuke had swords and we stood in a triangle formation.

Me: Any last words?

Danzo: Everything I've done was for the good of the village. I'm trying to save it.

Me: I don't buy it. But you can have a lot of fun where you're going.

Me, Naruto and Sasuke slashed him to pieces. He died in an instant.

Me: Good riddence to bad rubbish. Sasuke would you like to burn the body?

Sasuke: It would be my pleasure.

Sasuke made the Tiger, Ram, Monkey, Boar, Horse and Tiger hand signs and used **Fire Style: Fireball Jutsu.**

It completely incinerated Danzo's body in seconds and his ashes blew away in the wind.

Me: Give my regards to the Netherworld.

Sakura then came down and was crying hard.

Naruto: Sakura what's wrong?

Sakura embraced Naruto in a tearful hug and was crying hard.

Sakura: [Crying] Naruto! I'm so sorry! I should've never hurt you all those times. I was so wrong. I now realize that you're the one for me. J.D. opened my eyes. He told me everything and I had no idea you were going through all that pain and suffering.

Me: I'm glad my message got through to you.

Hinata and Ino came down too.

Hinata: J.D. told me too. You see Naruto I've had a crush on you since we were in the Academy and I love you.

I smile in happiness.

Ino: I knew you were very special Naruto and I was wrong about you.

Sakura: [To Me] Thank you for opening my eyes J.D.

Me: You're welcome Sakura.

Sakura and Naruto kissed and Sakura's parents Mebuki and Kizashi Haruno came.

Mebuki: Sakura, I wanted you to be with Naruto. The reason I pulled you away from Naruto was to protect you and prevent you from having to endure the same treatment he was going through. I should've told you.

Sakura: Thank you mom and I forgive you.

Fu then arrived by flying in the air. She had green hair and was dressed in all white clothes.

Me: Fu. Did you recieve my message?

Fu: I sure did. Thank you for helping me get away from my former village.

Me: No problem.

In the Hokage's office Naruto was placed in the CRA of Clan Restoration Act and he already had Sakura, Ino, Hinata and Fu as his future wives. But it won't be official until he's 16 years old.

Suddenly a dimension wormhole appeared and sucked in Me, Naruto, Sakura, Ino, Hinata and Fu. We wound up back home in my dimension.

Naruto: Where are we?

Me: We're back home in my dimension.

Lisa: Yes. I created that dimensional wormhole and brought you and your friends here.

Me: Thank you Lisa. I'm glad you did.

In the living room I did introductions and Lisa surprised us by showing us that the Leaf I went to was on an island in Lake St. Clair. It was going to be a great feeling for all of us. The Hidden Leaf is now in the United States of America. Naruto, Sakura and Fu now live in my mansion.

THE END.

Another Fanfiction Done.

This is part 1 of my Simulator Saga. I'm sorry if it is not as action packed as you were hoping it to be. I wanted to bring the Hidden Leaf to the world so we can be closer. Also I'm sorry I haven't focused mainly on any Loud House Character but I will make it up to you.

I am a huge Naruto Fan as well as a huge Loud House Fan. I've known Naruto ever since 2010 even though it came out in 1999. I'm a die-hard Sasuke hater. I hate his guts to the 100th power. That was my main intention on this story but I wanted to give that a break. Just this once. Someday I plan on bringing one of the Loud Kids with me into the simulator. I have lots of things planned for the simulator in the future.

See you next time.

# Simulator Part 2: Lana & the Magiswords

Lana was in the Simulator and me, Varie, Lola and Lisa were at the controls.

The Simulator activated and Lana found herself in the Kingdom of Rhyboflavin in the world of Lyvsheria.

Lana: Wow. What a cool place.

She was walking through the Rhyboflavin Bazaar and she saw a long red hair man with a hat and mustache robbing stands with silly looking swords.

Lana: That is cool. But he's causing a lot of problems.

Lana spread her wings and went at him and punched him in the face and knocked the sword out of his hand.

Lana grabbed it and it was a sword in the shape of an Acorn.

Lana: Cool! I like this sword.

?: Hey! That's my Magisword!

Lana: Magisword? Is that what this thing is?

?: Yeah. Haven't you ever heard of them?

Lana: No I'm actually new here.

?: Oh I see.

Lana then had a memory flashback.

[Cuts to a flashback and we see me and her watching our favorite TV Show "Mighty Magiswords"]

Lana: Prohyas and Vambre sure kick butt with those Magiswords.

Me: They sure do.

[Flashback Ends]

Lana: [in her head] I'm in the world of Mighty Magiswords! Awesome! Now I can kick butt like Prohyas and Vambre! [Out Loud] I know you. You're Nohyas. Prohyas's imposter!

Nohyas: That's right and meet my sister Vambre.

Nohyas has a hand puppet that looks like Vambre for his left hand.

Lana: That's not Vambre. That's just a stupid hand puppet.

Hambre: That's mean.

Lana: I think you were born without a brain, Nohyas.

Nohyas: Boy you sure are mean.

Lana: Well get ready cause I'm going to kick your butt into the next century.

Nohyas: We'll see.

Announcer: CELERY MAGISWORD!

Lana: Try this.

Announcer: ACORN ARSENAL MAGISWORD!

Lana fired a bunch of Acorns at Nohyas and they hit him in the head and he was hurt bad.

The Celery Magisword flew out of his hand and Lana grabbed it.

Lana: Chew on this!

Lana fired a bunch of Celery sticks at Nohyas and he got a good beating.

Nohyas got up and he was mad.

Nohyas: You little girl!

Announcer: BACON MAGISWORD!

Nohyas fired lots of bacon strips at Lana and Lana dodged them all and fired a beam of ice lightning from her hand at Nohyas's hand and flew in and kicked the Bacon Magisword out of his hand and grabbed it.

Lana: You don't deserve to use Magiswords. Where did you get all these anyway?

Nohyas: We stole them from a House of Swords in another part of the world.

Lana: You're a fiend.

Nohyas: No. I'm evil and self-loathing.

Lana: You're pathetic.

Lana then shook him and took all the Magiswords he stole. Nohyas had stolen a huge array of Magiswords.

Lana: You know I've always wanted to start my own Magisword collection. And as for you-

Lana excapsulated Nohyas in a block of ice.

Lana: He's all yours officers.

The Rhyboflavin police took him away.

Lana: Well that takes care of that.

?: [Southern Accent] Thank you for saving the Bazaar.

Lana saw Buford, the owner of the Rhyboflavin Bazaar.

Lana: You must be Buford.

Buford: Yes in Broccoli-Pickin-deed.

Lana: It's a pleasure. I'm Lana Loud.

Buford: Pleasure to meet you young lady. Thank you for saving my Bazaar and here's a reward for ya.

Buford gave her a bag of Jemms, the currency in Rhyboflavin and Lyvsheria.

Lana: Thank you. But where are Prohyas and Vambre?

Buford: [sighs] Their landlord Mr. Packard kicked them out of their home and closed them down. We haven't seen them for 2 weeks. They moved back in with their parents.

Lana: I got to do something to help out.

Buford: If you can do that then I'm sure they would be forever grateful.

Lana: Where are their parents?

Buford: They own a broccoli farm up that way.

Buford pointed to the North Northwest direction.

Lana: Thank you Buford.

Buford: You're welcome Lana.

Lana then walked all the way and found the Warriors Broccoli Farm.

Lana saw a huge farm with a huge garden full of lots of broccoli.

Lana: Wow! That's a lot of broccoli and I always eat my vegetables.

Lana walked up to the front door and knocked on it and answering it was Norman Warrior, Prohyas and Vambre's father.

Norman: Yes?

Lana: Are you Prohyas and Vambre's dad?

He sees Lana.

Norman: Why yes I am.

Lana: My name is Lana Loud and I heard about what happened to Prohyas and Vambre.

Norman: It's a pleasure to meet you. I'm Norman Warrior. Yeah, they've been in a tight situation ever since that jerk Packard closed them down. Come on in.

Lana came in and she saw Prohyas and Vambre sitting on the couch crying.

Lana sat on a chair and decided to talk to them.

Lana: Prohyas, Vambre, my name is Lana Loud. I heard what happened from Buford.

Vambre: [British Accent] I know. Our lives are ruined.

Lana: It's not the end of the world. You guys are the greatest. I even defeated that clown Nohyas and his dumb hand puppet Hambre at the Bazaar.

Prohyas: You took down Nohyas?!

Lana: Not bad for a 6-year-old girl huh?

Vambre started to feel better.

Vambre: How did you do it?

Lana: I froze him in a block of ice with my ice powers after I took his Magiswords.

Lana showed them her magiswords.

Vambre: Where did Nohyas get all of these?

Lana: He said he stole them from another House of Swords in another part of the world.

Prohyas: THIS IS AMAZING!

Lana: I've always wanted to start my own Magisword collection and it's awesome.

In came their dragon friend, Grup.

Grup: Ooh! Are you guys feeling better?

Vambre: We sure are dear Grup.

Lana: You must be Grup. I'm Lana.

Grup: Ooh. Pleasure to meet you.

Lana: Same here. Vambre, how did this all start?

Vambre: It started dear Lana when that dastardly thief Phil the Pilferer stole all our Jemms and our rent was due that day.

Prohyas: That little pest ruined our lives. [Enraged] AND WHEN I FIND HIM I WILL RIP HIM TO SHREDS!

Vambre: Calm down dear brother.

Lana: Were any of your Magiswords taken?

Vambre: No thankfully but we lost our business.

Lana: That's terrible. But my guess is that Phil wanted to get revenge on you somehow.

Vambre: I have a feeling you're right Lana.

In came Prohyas and Vambre's mom, Kablamica

Kablamica: [Minnesota Accent] I see my darlings are feeling better Don't ya know?

Vambre: Yes mum, we're feeling better now that Lana came.

Lana: It's a pleasure. I'm Lana Loud.

Kablamica: Same here. I'm Kablamica Warrior.

Lana: Now it just became personal because we will find Phil and make him pay.

Prohyas: I agree. It's time to make that jerk pay.

Lana: Also we're gonna need some help from your friends.

Vambre: I see what you're gonna do.

Prohyas and Vambre pull out their Magimobile phones and made a few phone calls.

First call was to Princess Zange.

Castle Rhyboflavin

Princess Zange: What's up Buds?

Indistinct Chatter

Princess Zange: [Determined] Count me in.

Slug Burger

Witchy Simone: Prohyas what's up?

Indistinct Chatter

Witchy Simone: [Enraged] I will make that little twerp pay!

Her boss, Mr. Spoony, came.

Mr. Spoony: Witchy Witchy Witchy Witchy Simone! What's all this yelling!?

Witchy Simone: Sorry Mr. Spoony. But Phil the Pilferer destroyed my friends business and we're forming an angry mob to take him down for good.

Mr. Spoony: [Angry] Count me in too girl! No one messes with our friends and gets away with it!

Ralphio's House of Swords

Ralphio: Ralphio's House of Swords?

Indistinct Chatter

Ralphio: [Enraged] WHAT!? Wobbles! Lets go!

Printed Page Book Shop

Noville: Printed Page.

Indistinct Chatter

Noville: Anything for you Vambre!

Pumpkin House of Mysterious Hooded Woman

Mysterious Hooded Woman: Hello?

Indistinct Chatter

Mysterious Hooded Woman: Count me in my friends.

All the citizens and friends of Rhyboflavin were called in and they were armed with all sorts of makeshift weapons and torches. But while everyone was getting ready to join an angry mob, Morbidia and Gateaux of the Warriors Rival business Witch Way, Flonk, Mr. Packard, The Snowmanpires, Frostferatu, The Long Underwear wolves, Man Fish the Fish Man and the pirates of Keelhaul Cove teamed up with Phil to fight.

This was going to erupt into a full scale war.

Lana stood in front of everyone and made a speech.

Lana: Phil picked the wrong people to fight and it's time to show him and your enemies what you all can do. It's time to get rid of them once and for all! Are you all with me?

Everyone cheered.

Lana: We attack at Dawn!

As dawn broke the following morning, Lana and everyone in

Rhyboflavin were marching into battle.

They saw Phil and all the bad people on the next hill.

Lana: CHARGE!

Phil: CHARGE!

And so the Great War for Rhyboflavin begin. Lana and friends were called the Broccoli Allies and Phil and his army were called the Rotten Broccoli Axis.

Lana and her army quickly gained a strong foothold. Phil and his army had monsters with all sorts of powers on his side and they were nearly gaining to upper hand when suppenly out of the blue, a huge volley of spider web blasts pulverized the Rotten Broccoli Axis. Lana and army saw that Terry and all her children had arrived to help out. This became a decisive factor in the war and it turned the tide of the war in Lana and the Broccoli Allies favor and quickly brought an end to all the fighting.

After all the fighting had ceased, Princess Zange had all the villains gathered. The reason: to exile them to an unknown part of the world.

Princess Zange: You all have done unforgivable things to the entirety of Rhyboflavin. You all are hereby banished to the outlands forever!

But they all swore revenge.

Morbidia: You all will pay dearly for this!

Gateaux: Dearly.

Morbidia: We will come back some day and reclaim what is rightfully ours!

Gateaux: Ours.

Princess Zange pointed behind them and told them to go. Morbidia and Gateaux had been stripped of all their magic and were now rendered powerless.

All the baddies left, never to return.

Everyone cheered wildly for Lana, Prohya and Vambre and it was a joyous time for Rhyboflavin.

Lana was getting ready to head back home.

Prohyas: Are you sure you can't stay with us Lana?

Lana: I wish I could Prohyas but I have to get home to my sisters and my big brother and friends. I'm glad I was able to help you all out but I have family back home.

Vambre: We'll miss you Lana.

Lana: I'll miss you guys too.

A dimensional wormhole appeared and sucked Lana in.

The exercise ended. She has all the magiswords she took from Nohyas on a special bracelet on her right arm. She also had all of Morbidia and Gateaux books on dark magic in a bag.

Me: You did a really good job Lana.

Varie: You were amazing.

Lana: Thanks guys.

Lana gave all the books to Lucy and Raven.

This is part 2 of the simulator saga.

I wanted to add a crossover with Mighty Magiswords to add excitement. I love Mighty Magiswords. It's one of my favorite shows and I've seen all the episodes and they are awesome. I love the Magiswords and they are cool and funny. I started watching it back in 2016 and it is awesome.

Anyway. I got part 3 in development.

See you next time.

# Simulator Part 3: The Gem of Water

Varie is in the Training Simulator.

Me, Luna, Jessie, Starfire, Terra, Volcana, Lucy, Laney and Lisa are in the control room.

The simulator activated and Varie found herself in Beach City, California in the world of Steven Universe. This is Varie's favorite show.

Varie: Wow. I'm in Beach City. But where is everyone?

Varie walked around town and she saw that everyone was on the beach and the ocean was gone.

Varie: [Gasp] Where's the ocean?

She then sees a van, and a pink lion driving and running into the vast desert.

Varie: I'd better go with them.

Varie spread her wings and flew after them.

Varie caught up and to her surprise it was her friends Steven Universe, Connie and the Crystal Gems Garnet, Pearl and Amethyst.

Varie: Hey it's been a while.

Garnet: Varie. It has been a long time.

Amethyst: Neptune Varie! It's been a while!

Varie: It's good to see you again Amethyst and you too Pearl.

Pearl: Things sure have been different without you Varie.

Varie: I know. Who's that with you all?

Garnet: That is Steven Universe. He's the son of Rose Quartz and with him is Connie.

Varie: Wow. I missed out on a lot. Where's the ocean?

Garnet: This is all the work of Lapis Lazuli.

Varie: [Gasp] Lapis? She's alive?

Garnet: Yes. I take it you and Lapis are very close.

Varie: We are very close Garnet. We are like sisters and I'm so glad she's alright.

Pearl: Well her gem is cracked and we are on a mission to get the ocean back.

Varie: Oh no. I'm gonna do everything I can to help her.

Garnet: We would greatly appreciate it Varie.

Varie flew to Steven.

Varie: So you are Rose Quartz's son?

Steven: Yes I am.

Varie: My name is Varie Knudson. I used to be a member of the Crystal Gems before I left.

Steven: It's a pleasure. I'm Steven Universe. I'm a Crystal Gem in training.

Varie: You've inherited your mothers powers and you've already become so strong. I can feel it.

Steven: Thank you Varie. Are you from the Gem Homeworld?

Varie: No. I was born here on Earth. I was born in the ocean as a mermaid but I have very special powers. I joined the Crystal Gems before you were even born.

Steven: Wow. That's amazing.

Connie: I didn't know you were a Crystal Gem Varie.

Varie: Yes. Lapis is like a sister to me. We met a long time ago when I was a little girl.

[Flashback to Varies Past]

Varie: (Narrating) My parents were killed by 2 mermaids from the dark side of the legend. I managed to survive and escape and I wound up on a beach. That's when I met Lapis Lazuli and we became very close. We did all sorts of good deeds and our bond became stronger and stronger. But then the time came where she had to go back to the Gem Homeworld.

Lapis: Varie, You are more than just my best friend. You are like a sister to me. I will always treasure them very close to my heart.

Young Varie: Me too Lapis. I'll never forget you.

Lapis: Me neither.

Varie: (Narrating) I promised to always hold a very special place in my heart for Lapis Lazuli.

* * *

Varie: After Lapis went back home. I never saw her again. It's been almost 11 years since I saw her last.

Connie: Wow. I had no idea that you two were very close.

Varie: Yeah. I'm gonna try to help her in any way I can. She saved me from my pain and now It's time I save her.

Steven: I know you can do it Varie. But what does she need the ocean for?

Varie: My guess is Lapis is trying to get back home to the Gem Homeworld by using all the ocean water as a pillar to try and reach it. But the Gem Homeworld is 5 Lightyears away from Earth and getting there with little water like that would be impossible.

Steven: You're right.

Varie: Steven. If I may ask. How did you find Lapis?

Steven: Her cracked gem was on a mirror I found at home. I pulled it out and I freed her.

Varie: Hmm. That's weird.

20 minutes later Varie, Steven, Connie and the Crystal Gems arrive at an enormous column of water thay went miles up into the sky.

Varie: Whoa.

Connie: Whoa. It's like an aquarium.

Varie: Lapis is here. I can feel it.

Lapis: You shouldn't be here!

Garnet: She sensed us.

Steven: Lapis Lazuli! It's me Steven!

Lapis's face formed from the Water Column.

Lapis: Go away! Before I make you.

Steven: But we're beach summer fun buddies.

Lapis: [Steven's Voice] Nooooo! [Normal Voice] You're one of them. One of the Crystal Gems.

Amethyst and Pearl growled and Garnet held this back.

Garnet: Easy.

Varie: [In her head] Her gem is too cracked and it's warped her mind.

Steven: What do you mean? We're all Gems right? Just let us help you.

Lapis: You don't understand. Just leave me alone.

Steven walked up to the column.

Steven: We're not leaving Lapis. Not until you give us back our ocean.

A water hand grabbed Steven and a Water Steven materialized.

Lapis: [Through the Water Steven] I said Leave Me Alone!

She hurled Steven to Garnet and Garnet caught him.

A Water Pearl, Amethyst and Garnet materialized and it was a fight.

Varie: I'm going up to talk to Lapis.

Garnet: Okay. Be careful.

Varie nodded and jumped into the water column and turned into her mermaid form and swam up.

Varie swam up for what seemed like miles and she popped up out on top of the column and charged to her human form and was standing on top. The Column reached high into the upper atmosphere. She saw Lapis Lazuli.

Varie: Lapis.

Lapis saw Varie.

Varie: Lapis? Do you remember me?

Lapis: Do I know you?

Varie: It's me, Varie. We met 11 years ago.

Lapis gasped.

Lapis: But you can't be Varie. She's a little one.

Varie: I've grown up from those days Lapis. But I held you very close to me in my heart. You once taught me this: A true friend must always look after, protect and treat their friends like family.

Varie and Lapis: Even in times of great peril, danger or sadness.

Lapis suddenly remembered and instantly recognized Varie.

Lapis: It is you. Varie!

Lapis and Varie then hugged and were reunited for the first time in over a decade.

Lapis: I thought I would never see you again.

Varie: I'm glad you're okay Lapis and I'm gonna help you. Your gem is cracked and maybe I can fix it.

Lapis: How?

Varie: I have healing powers.

Varie put some water on Lapis's gem on her back and it glowed and wings made of pure water sprouted from her gem.

Lapis: Thank you Varie.

Varie: Anytime my sister.

Lapis hugged Varie again.

Varie: Lapis, I don't want us to be separated again. Will you come with me to where I live with my friends?

Lapis: I would be honored.

Varie: But first can you return the ocean to Earth?

Lapis then let the water column go and it was starting to collapse.

Varie: Shall we help our friends?

Lapis: Lets shall.

Varie and Lapis flew down the collapsing tower and created a ball of water that entombed the Universe Van, Lion, Connie, Steven, Mr. Universe, Garnet, Pearl and Amethyst inside it and got them out as the ocean started to fill up.

Back in Beach City, the mayor was crying as he futiily tried to fill the ocean back up with a garden hose. But the ocean came back in and Varie and Lapis had the van in tow and placed them back on the land.

Varie: Well. I'm glad the ocean's back and the best part is I'm now reunited with my best friend.

Lapis: Me too.

A dimensional vortex appeared and Varie and Lapis got sucked in as they waved good bye.

The Exercise ended and Varie revealed everything and more.

THE END

Another Fanfiction Done.

I wanted to do a crossover with Steven Universe in the 3rd part of the simulation saga. My favorite episode of the show is Ocean Gem. That's my only favorite episode of the series. I don't know why. It's just like that. Anyway. I got something special planned for part 4 of the Simulator Saga.

See you next time.

Steven Universe belongs to Rebecca Sugar and Cartoon Network.

# Simulator Part 4: Into Dante's Inferno

WARNING: This chapter contains alot of gruesome scenes and alot of blood, screaming, and more.

Me and Lincoln & Linka are in the Simulator for a special exercise

Me: [To the Viewers] Lincoln & Linka have to do a special history report at school in 2 days. I am going to help them out.

Lincoln: [To the Viewers] Our history report is about the people in Dante Alighieri's Inferno.

Me: So I figured we use the Simulator to take us to the very place of all evil: The Netherworld.

Varie, Lisa, Lily, Lola & Lana and Laney were in the control room.

The exercise Activated

The 1st Circle of the Inferno - Limbo.

Me, Lincoln and Linka were walking through a citadel.

Lincoln: What is this place?

Me: This is the 1st Circle of the Inferno - Limbo. Here suffer those that didn't sin or didn't have the required faith.

In the citadel we saw numerous famous people.

Linka: Who are all these people?

Me: These are the great rulers and philosophers of the Golden Ages

We met Hector, Orpheus, Pontius Pilate, Electra, Julius Caesar, King Latinus, Plato, Socrates and Aristotle.

Hector was the Chief of the Trojan Army and the greatest fighter for Troy in the Trojan War.

Orpheus was a musician that descended into the Netherworld to bring his beloved wife, Eurydice back from the dead.

Pontius Pilate was the man that ordered Jesus Christ to be Crucified.

Electra was the Princess of Argos that killed her mother Clytemnestra and stepfather Aegisthus for the murder of her father.

Julius Caeser was the famous Emperor of Rome

King Latinus was the Trojan Hero and king of Latium.

Plato, Socrates and Aristotle were famous Greek Philosophers.

Me, Lincoln and Linka walked down a hall and we see another soul.

Lincoln: Who is this?

Me: This is Saladin. The Sultan of Syria and Egypt. In 1193 AD during the Crusades he conquered the holy city of Jerusalem in Israel and is a very famous figure in Arabic Lore.

Lincoln: I didn't know that.

As they pressed on they saw numerous souls of the forsaken.

We then arrived at a huge monster.

Linka: What is that?

Me: That's King Minos. He was once a king of Crete before Daedalus boiled him in his own bath. Now he forever judges the forsaken and sends them to one of the 8 circles below.

King Minos: Who comes into my House of Pain?

Me: My name is J.D. Knudson and these are my friends Lincoln & Linka Loud. We're here to do a school report for Lincoln & Linka's school.

King Minos: Hmm. I understand. Proceed to the circles but be careful.

We proceed on to the next circle.

The 2nd Circle of the Inferno - Lust

As we descend into the 2nd Circle, storm clouds raged on and rain and strong wind blew around.

Lincoln: What is this place?

Me: This is the 2nd Circle of the Inferno - Lust. To this circle are condemned those that are total uh… You know.

Linka: I think I get it.

We walked on a tall bridge heading to a tower and we see lots of forsaken souls.

Me: See her? That's Helen of Troy, the Queen of Troy. Very famous during the Trojan War. There's Semiramis the Queen of Assyria, Francesca da Polenta and Paolo Malatesta, There's Paris the King of Priam, There's Marc Antony a Roman Politician that fell in Love with Cleopatra VII.

?: That's right.

Out came Cleopatra VII herself.

Me: Cleopatra VII, the Last of the Pharaoh's and one of the Greatest rulers of Egypt.

Cleopatra: That's right J.D. I have lived a glorius life until I was bitten by an asp in 30 BC.

Me: I've read about that. Your legacy still lives on and you have numerous amounts of inspiration in books, art, literature and entertainment.

Lincoln: What was it like to be a ruler in Egypt?

Cleopatra: It was glorius Lincoln. All the power and royalty. It was amazing but I let my lust control me.

Lincoln: You're also one of my favorite Pharaoh's. You made Egypt great.

Cleopatra: Yes. I did.

Me: Until the Battle of Actium destroyed everything you worked hard for.

Linka: The Battle of Actium?

Me: It was the Battle that destroyed the rule of the Pharaoh's back in 31 BC.

Cleopatra: Yes. I lost everything back then. And now here I sit in this tower.

Me: If I could I would gladly bring you back to life and you can share your history with everyone.

Cleopatra: Yes.

Linka: Thanks for sharing your time with us.

Cleopatra: You're welcome.

We pressed on.

The 3rd Circle of the Inferno - Gluttony

We were walking through a revolting landscape.

Me: Ugh! This place reeks.

Lincoln: No kidding.

Linka: It's like I'm walking through my own intestines.

Me: Yeah. This is the 3rd Circle of the Inferno - Gluttony.

We then ran into the legendary Cerberus - the 3-headed Dog that guards the gates of the Underworld in Greek Myth.

Lincoln: What is that!?

Me: That is Cerberus. The 3-headed dog that Guards this circle.

Me, Lincoln and Linka saw him eat numerous souls at a savage level.

Lincoln: I think I'm gonna be sick.

Me: I know it's unpleasent but we have to stay strong. The true Circle of Gluttony is inside of Cerberus.

Linka: Oh man. Well. Lets head in.

I use the Force and Cerberus opens up and we go inside him.

Inside was an extremely revolting, disgusting and gross place.

Me: This is gross. I can't believe the kinds of punishments these people have to endure for eternity.

Lincoln: No kidding.

?: J.D. I heard about everything you've done.

Me: I know you. You're Ciacco. An anonymous citizen from Florence, Italy.

Ciacco: That's right. Gluttony was my offense and here I remain mere skin and bones.

Me: That is just sick. I can't believe the Devil would be this evil and let all of you suffer like this. Let me try something.

I walk up to him and place my hand on his head and a blinding white light envelopes him and he returns to life in his clothes from the 13th Century.

Me: Wha? You've been brought back to life!

Ciacco: I have! [hugs me] Thank you J.D. You gave me a second chance at life.

Me: You're welcome Ciacco. I didn't even know I had this kind of power.

The forsakened screamed as the ground started shaking.

A black shadow figure with glowing blue eyes appeared.

It was the Devil, Lucifer himself in a shadow form.

Lucifer: How dare you free the fallen!? They deserve torment for wasting their pitiful lives.

Me: So you're Lucifer.

Lucifer: Yes I am.

Me: These people don't deserve this kind of pain. It's not fair.

Lucifer: They do deserve it because humans are demons.

Me: That's a lie. God made us in his own image. Sure we are all flawed but God gave us all challenges to overcome.

Lucifer: God is the true evil and his power wanes over the world.

Me: I don't believe you.

Lincoln: Yeah. You've cause enough problems and we will put an end to it for good.

Me: You better get ready for a fight Lucifer because that is exactly what you are gonna get.

Linka: We won't let you ruin our home any longer.

Me: You plagued our world that God gave us for far too long Lucifer. And it will end.

Lucifer: Then you better get me.

He vanished.

We pressed onward and Ciacco is with us.

The 4th Circle of the Inferno - Greed

We landed in some kind of factory.

Lincoln: Wow. There's a lot of gold here.

Linka: No kidding.

Ciacco: What is this place?

Me: This is the 4th Circle - Greed.

We saw countless souls being melted in molten gold, crushed and mutilated in a factory and buried in huge piles of gold coins.

Me: Greed is a cardinal sin and they say that The Love of Money is the Root of All Evil.

I walk over to a pile of coins and see that the fallen are being buried in ancient Florence Crown coins.

Me: These are Crown Coins. We haven't used these in a long time.

A hand reached out and I jump away.

?: That's my gold!

Me: Gessius Florus. You were a procurator known for your insatiable greed and you're also the main reason for the Great Jewish Revolt back in the 1st Century.

Gessius: That's right J.D.

Me: People like you make me sick.

I punch him in the face and fire a fireball at him.

Lincoln: Boy that guy was evil.

Linka: No kidding.

Me: I can't believe that people only care about themselves more than they care about others.

Lincoln: Yeah.

We press onward.

The 5th Circle of the Inferno - Anger

We were in some kind of dark swamp.

Lincoln: This place is bad.

Me: We are in the 5th Circle - Anger. This place is for the Wrathful and Sullen.

Linka: I can feel the rage that's flowing in here.

Ciacco: Me too.

Me: Don't let it get to you. Stay strong.

We walk on and we find Tarpeia - the daughter of Spurius Tarpeius who betrayed Rome to the Sabines and was crushed to death in a double crossing act.

We meet Hecuba the Queen of Troy and we get to the dock of the River Styx - the River of Hate.

I form a force field bubble and we float across.

We see another familiar face.

?: Who are you that comes here before your time!?

Me: Filippo Argenti. A 13th century politician known for having a nasty temper. You opposed the return of Dante Alighieri and exiled him.

Filippo: That's right! Come here J.D. and face an enemy of Florence!

Me: I don't think so.

We press on.

The 6th Circle of the Inferno - Heresy

We were walking through the 6th Circle of the Inferno - Heresy.

Everywhere we saw numerous tombs and countless heretics burning in fire.

Lincoln: Wow. This place is hot.

Me: Yeah. It's the Tombs of Heresy.

Ciacco: It's times like these that I'm glad I didn't do that.

Me: Me too. I would never join an evil cult or anything like that.

Linka: Me neither.

Along the way we encounter Emperor Frederick II. A King who had a neverending thirst for war.

We also encounter Cavalcante de Cavalcanti who was denouced as a heretic for his atheist beliefs.

?: Oh brave people who walks through this place so decorously know that I am Farinata.

Me: Farinata degli Uberti. An Italian Aristocrat and member of an Epicurus Cult.

Farinata: Know this: the fallen can foresee the future but can never know the present. Your future J.D. is filled with death and destruction. Lucifer will reign supreme over the world and you will join us forever.

Me: I wouldn't count on it.

I fire a beam of light at him and he explodes.

Ciacco: I don't like him at all.

The ground suddenly starts shaking violently.

Lincoln: What's happening?

Me: It's the Harrowing! Jesus Christ's death forever quakes this circle. Lets go!

We run as fast as we can and we got out of the circle.

## The 7th Circle of the Inferno - Violence

We have arrived in the 7th Circle.

Lincoln: Whoa. That river looks fierce.

Me: Yes. We are in the 7th Circle - Violence. This circle is divided into 3 parts. Those who have done violence against others forever boil in the blood they have shed. This is for those that have done murder and all that.

Linka: Boy this is really scary.

Ciacco: Incredible.

I form a force field bubble and we cross the Phlegethon River in it.

We see lots of people.

Alexander the Great the greatest conqueror whoever lived.

Dionysius I of Syracuse a Sicilian Tyrant.

Attila the Hun the Scourge of the Earth.

Timothy McVeigh, known for the Oklahoma City Bombing in 1995.

Napoleon Bonaparte the 19th Century Conqueror.

Countess Elizabeth Bathory the 16th Century Murderess

Peter the Great, the Tsar of Russia.

Ivan the Terrible, the 1st Tsar of Russia.

Vlad III of Walachia.

Many more.

We arrive at a weird forest and walk through it.

Linka: What is this forest?

Me: This is the 2nd part of the 7th Circle. Those that have done violence to themselves. This is the Wood of Suicides.

Lincoln accidentally breaks a twig.

?: Why do you break me? Have you no pity?

Ciacco: Bella Abati?

Bella: Yes Ciacco. I too am among the Forsaken.

Lincoln: Who is Bella Abati?

Me: She's Dante Alighieri's mother. When a soul takes it's own life, Minos judges it to this circle. Here it sprouts, shoots up like a sapling. No body. Only pain. But Bella from what I remember you died of a disease.

Bella: No J.D. I despised Alighiero's cruelty but I was too weak to defy him. And so I took my… I can tell that you all have gotten strong and you have the power to destroy Lucifer.

Me: I know. I want to make him pay for causing eons of death, destruction and sin.

Bella: You have a strong and pure heart J.D.

Me: I'm going to restore you and give you a 2nd chance.

I place my hand on her head and a blinding white light envelopes her and she is fully restored.

Bella: I am fully restored? How?

Me: I don't know exactly myself. But I somehow have the power to restore the dead.

Bella hugged me.

Bella: Thank you J.D. You gave me a second chance.

Me: You're welcome Bella.

We later press onward and we arrive at a desert with lots of ancient ruins and fire raining from the sky.

Lincoln: Are we still in the 7th Circle?

Me: Yes. This is the 3rd part, The Abominable Sands. It's here that the fallen commited violence against God.

A small earthquake was felt and we all saw multiple Crusaders from over 1,000 years ago rise out of the sand.

Me: It's the Crusaders from 1,000 years ago.

Bella: But why are they being punished?

Me: They thought the Crusades were done in the name of God.

A blast of sand exploded out of the ground and a figure started coming into view.

?: The Bishop Lied. Did he not J.D.?

Me: Francesco Portinari, I presume?

Francesco: God never condones violence of any kind. There was no holy war. Don't you understand? The priests lied.

Me: I've known that for years Francesco. But what lead you to be down here?

Francesco: It was you! You did this to me!

Me: Hey I wasn't even born back a thousand years ago!

But Francesco didn't believe it.

Francesco: You don't deserve the life given to you. You don't deserve anything. And now you will join us here forever where you belong!

Francesco unsheathed his sword and he came at me.

A white light shines down on me and a sword appears in front of me.

?: Take it.

I take the sword and I feel an incredible power increase. A huge golden yellow light erupts out of me and when it faded I had a golden yellow aura and my hair was golden yellow and my eyes were ocean blue.

Me: I… I feel incredible. What is this power surging through me?

Lincoln: J.D. What happened to you?

Me: I don't know Lincoln.

Me and Francesco clashed and my sword broke through his and slashed his head off and blood splashed out of him.

Me: Whoa.

Francesco and the Crusaders disintegrated into the sand.

Me: Well that was close.

I revert back to normal and get tired.

Lincoln and Linka came to me.

Lincoln: Are you alright J.D.?

Me: Yeah I'm okay. I don't know how this happened but I somehow got an incredible power boost.

Bella: You were amazing J.D.

We press onward.

The 8th Circle of the Inferno - Fraud

We were now in the 8th Circle - Fraud.

Bella: What is this circle?

Me: This is the Circle of Fraud.

Lincoln: Fraud?

Me: It means you lied and cheated in order to get what you want.

Linka: Boy. This circle looks really bad.

Me: Yeah. This circle has 10 parts. Everyone stay with me.

We walked over each part of the circle.

The Parts are as follows:

1) Panderers and Seducers - This is where prostitutes and people that gratify distastful desires or habits to such a person go.

2) Flatterers - People that give excessive and insincere praise are stewed in filth.

3) Simonists - People that buy or sell pardons or benefices are buried upside-down with their feet sticking up and lit on fire.

4) Diviners - Fortune tellers walk with their heads twisted backwards.

5) Grafters - Corrupted Politicians are boiled in black tar.

6) Hypocrites - People that claim to have moral standards to which one's own behavior does not conform wear super heavy lead cloaks and walk around the 6th part.

7) Thieves - Thieves are constantly attacked by snakes.

8) Evil Counselors - They are totally engulfed in flames and can only speak in fire.

9) Sowers of Discord - They walk around bearing horrible, disfiguring wounds on them inflicted by a demon with a sword.

Finally 10) True Falsifiers - They endure different punishments and use disease.

We made it out of the 8th Circle.

The 9th Circle of the Inferno - Treachery

We are now in the 9th Circle

Lincoln: Why is it so cold?

Me: We are in the 9th Circle of the Inferno - Treachery. This is home to the Traitors. The ice is Lucifer's tears for when he was casted out of Heaven. This circle has 4 parts.

Linka: Whoa. This place is scary.

Bella: It's gonna be okay Linka.

Ciacco: We won't let anything happen to you.

Me: Lets go.

We walked through the 1st part of the 9th Circle - Caina. Named after Cain who killed his brother Abel. Here are those that have betrayed their families. We saw lost of souls up to their faces in ice.

We walk through the 2nd part - Antenora. Named after the Trojan General Antenor who betrayed Troy to the Greeks even after they had ransomed him from the Greek Army. Here are those who betrayed their homelands. We saw the frozen giants of Legend. Nimrod - Builder of the Tower of Babel, Ephialtes of Trachis - who betrayed Greece in hopes of receiving a reward from the Persians. And Antaeus - The invincible son of Mother Earth.

We walk through the 3rd part - Ptolomea. Named after Ptolomy, son of Abubis who invited Simon Maccabaeus and his sons to a banquet and then killed them. Here are those who betrayed their guests.

We go through the 4th part - Judecca. Named after Judas Iscariot, who betrayed Jesus Christ. Here are those who betrayed lords, masters and benefactors.

We soon arrive at the center pit of the 9th Circle and we come across LUCIFER HIMSELF! He was a huge monstrosity with six bat wings, and 3 faces.

Lucifer: Welcome great J.D. Welcome to your final resting place: The Circle of Traitors.

Me: We'll see about that.

I unsheath my sword and fly up to him and slash him in half.

Lucifer: What have you done to me?

Lucifer fell down and we thought that I won. But a growth appeared on Lucifer and cracked open and out came his true form. He was an ancient, muscular, supernaturally tall humanoid demon with black skin and had several glowing scars around his body. He had glowing red/orange/yellow eyes, two large horns on his head and small spikes on his shoulders and chest. He wore a bronze/gold armlet on his right arm in the shape of a serpent and his legs appeared to be those of a goat (Similar to a Satyr). His angelic wings were torn off with only smoking stumps left and he was tremendously endowed.

Me: So this is your true form.

Lucifer: That's right. Thank you J.D. I am very impressed. Many have tried and many have failed me. Ulysses, Alexander, Attila, Lancelot, truely you are the greatest of all my minions.

Me: Sorry but I don't serve you.

Lucifer: You freed me from my eternal torment.

Me: This was originally supposed to be stuff for a school report.

Lucifer: Ah yes. Knowledge is important. But it was you I wanted all along. Don't you see? I was bound by God in this frozen pit. Only my shadow self was allowed to roam from. It took a mortal to release me. And that was you.

Me: So you lured us here? Hmm. Impressive. But like I said before. I'm going to make you pay for causing so much chaos and destruction to the very planet God gave us. Time for me to destroy you Lucifer.

Lucifer: Destroy an Angel of God? You arrogant gnat!

Lucifer forms a whip made of fire

Lucifer: Such vanity. Such pride. I could've slain you the moment you first came here.

I slash the whip and slash Lucifer's right leg off and kicked him in the face.

He goes crashing into the ice wall.

Lucifer sees the sword I have.

Lucifer: That's the Sword of Michael!

Me: Is that what this sword is?

Lucifer: Yes. It's the most powerful weapon created by God.

Me: Now I know. Archangel Michael is the leader of God's Angel Army.

I slash Lucifer in the left arm and slash both his eyes out and stab him right in his black heart.

Me: That's for everything you've done!

I spread my wings and ignite my Golden Yellow Aura and my hair turns Yellow and the sword glows white as I fly towards Lucifer.

Me: It's time for your corruption and terror to end!

I was overflowing with so much power that it was unbelievable and I slash Lucifer's head clean off and he explodes into absolute nothing.

Lucifer - the Devil and the Enemy of the Universe was destroyed forever.

Lincoln, Linka, Ciacco and Bella cheer wildly for me.

I power down and it was over.

Me: Come on guys. Lets go home.

A vortex appears and sucks us in and the exercise was over.

2 days later, Lincoln & Linka come home and they got A+ on their reports.

I was proud of them

Ciacco and Bella now live in my mansion.

THE END.

Another Fanfiction Done.

This was a crossover with the Loud House and Dante's Inferno. I beat that video game 10 times. I love Dante's Inferno and when I first started playing it I was scared but I was compelled to keep on going. Also I didn't want to use swear words in this because it's a kids story. History was one of my favorite subjects when I was in school along with science. They were also my strongest subjects. This was a very tough chapter. I had to use the internet and my books as guides to help me.

Let me know what you all think.

See you next time

# Simulator Part 5: Fire VS Adult Tyranny

Lola was in the Simulator for an exercise.

Me, Varie, Starfire, Volcana, Lana, and Lisa were in the control room

As the Simulator activated, Lola found herself in the World of Codename Kids Next Door.

Lola: Wow. So this is Sector V from Kids Next Door. I had no idea that they live in huge treehouses.

A figure flew by her and it was the Principal.

Principal: Parent Teacher Organization Of Eradicating Youngsters, attack!

Lola spread her wings of fire and flew after him and threw a ball of fire at him and incinerated him.

Lola: Now to help out.

She flew into the treehouse and saw five kids fighting Adult Villains.

Mad Dad: Mad Dad MAD! You get bad report card again!

Mad Dad is the archtype of the abusive Father.

Numbuh 4 hit him with a S.P.L.A.N.K.E.R. and Lola kicked Mad Dad in the back and fired a fireball at him and burned him bad.

Numbuh 4: Hey thanks.

Lola: No problem.

Lola flew out and saw the Terrible Tutor.

Terrible Tutor: You cannot defeat the Terrible Tutor.

He fired books at the treehouse and Lola kicked them away and threw a fireball at him and it exploded and blew him apart.

The Heliteacher came flying in and Lola flew up to her.

Lola: Hey Heliteacher, You should work in a fiery steel mill.

Lola fired a stream of fire and incinerated her.

Midwestern Mom slammed onto the floor.

Midwestern Mom: Naughty Children make Midwestern Mom ANGRY!

Lola lifted her up with no problems.

Lola: You give loving mothers everywhere a bad name!

She threw her a huge distance away.

They cheered for Lola.

Numbuh 1: Thanks alot. We owe you one.

Lola: No problem. My name is Lola Loud.

Numbuh 1: It's a pleasure to meet you. I'm Nigel Uno. But call me Numbuh 1. I'm the Leader of Sector V of the Kids Next Door.

Numbuh 2: I'm Hoagie P. Gilligan but call me Numbuh 2. I'm the 2x4 Technology Officer.

Numbuh 3: I'm Kuki Sanban. Call me Numbuh 3. I'm the Divisionary Tactics Expert, Medics specialist and Hamster Caretaker.

Numbuh 4: I'm Wallabee Beatles, Numbuh 4. Hand to Hand Combat expert.

Numbuh 5: And I'm Abigail Lincoln, Numbuh 5. Second in Command.

Lola: It's a pleasure.

Numbuh 1: So Lola, how did you get those Fire Powers?

Lola: I was blessed by the Flame of Gabija, the Spirit of Fire in Lithuanian Myth.

Numbuh 3: That sounds cool.

Lola: It is. My favorite color is pink but today I decided to wear fire clothes.

Numbuh 2: How old are you, Lola?

Lola: 6-Years Old.

Numbuh 4: Whoa. You sure kicked some butt.

Numbuh 2: More like Burned Some Butt.

Lola: [Laughs] You're funny, Numbuh 2.

Numbuh 2: Thank you Lola. I have a lot of good jokes.

Lola: My big sister Luan is the Jokester in my family. She would love your jokes.

Numbuh 2: I'm sure she would.

Lola: So what does the Kids Next Door Organization do?

Numbuh 1: We try to maintain a balance in the world for both kids and parents by fighting adult tyranny. The Adult Villains as they are called want to destroy all kids everywhere.

Lola: That's crazy! That's also Genocide. Wiping out all the kids will result in the extinction of mankind.

Numbuh 1: That's right. Without kids humanity has no future.

Lola: Who is the Leader of the Adults?

Numbuh 1: Follow me.

They went into the archive room and Numbuh 1 pulled up a file of their most dangerous enemy: FATHER.

Numbuh 1: This is him. Father.

Lola: He looks pure evil.

Numbuh 5: He is beyond pure evil. Those fire powers of his are dangerous beyond all known comprehension.

Lola: He has fire powers like me?

Numbuh 1: Yes. And your fire powers are just as strong as his. Maybe stronger.

Lola: I got some special training.

Numbuh 2: We faced Father before and he is one dangerous adversary.

Lola: That is terrible. We got to destroy him.

Numbuh 1: He's too strong for us. But we have a feeling that you can face him Lola.

Lola: I have a feeling I can too.

They walk back to the rec room and in came another enemy: GRANDMA STUFFUM!

Grandma Stuffum: [German Accent] Oh look at all the skinny childrens. You need to eat.

Grandma Stuffum pulled out a pot and made some disgusting food creatures.

Lola: Who is she Numbuh 1?

Numbuh 1: That's Grandma Stuffum. She is obsessed with fattening up kids by force-feeding her food to them, believing that fat kids can't get into trouble if they can't move.

Lola: That is disgusting but I could use a little snack.

Lola spread her wings and had fire in her hands.

Grandma Stuffum: Attack!

Lola toasted and fried all her food and she ate a Deep Fried Boar.

Lola: Mmm. You make really good food.

Grandma Stuffum: Why thank you dearie.

Numbuh 2: I'll say. [Eating some fried food]

Lola: But we've had enough.

Lola punches Grandma Stuffum in the face and it sends her flying into the Delightful Mansion.

They cheered for Lola.

Numbuh 5: Lola you are amazing.

Lola: She makes good food but her habits are gross. Whose house is that over there?

Lola pointed to the Delightful Mansion.

Numbuh 1: That's the Delightful Mansion. That's where Father and the Delightful Children From Down The Lane live.

Lola: Who are the Delightful Children?

Numbuh 2: They are another one of our most dangerous enemies. They were originally Sector Z's operatives until they vanished.

Numbuh 1: I found out why. Father kidnapped them and used the Delightfulization Chamber on them. It went wrong and enhanced the effects eleventy-billion-fold and created the Delightful Children.

Lola: So the Delightful Children are Kids Next Door operatives turned evil?

Numbuh 5: Yep. That's how the adults know how we work.

Lola: Father turned them into traitors.

Numbuh 1: They were made this way against their will Lola. Father was too strong for them. Sector Z was the most elite sector in the Organization.

Lola: Wow.

In the kitchen, they were having a nice snack when another voice was heard.

?: Kids Next Door! Prepare to be flushed by the mighty TOILETNATOR!

Lola: Toiletnator? That's a stupid name for a villain.

Numbuh 2: Yeah. Not all villains pose that much of a major threat.

The Toiletnater fired toilet paper at a branch in the room and climbed up and Lola grabbed the paper and yanked it off as he was near the window. She spread her wings and carried him out.

Toiletnator: Hey. Who are you? I've never seen you before.

Lola: A friend of the KND and someone who doesn't want to waste fire on you. Have a nice trip and see you next fall!

Lola let him go and he fell from 50 feet and landed with a big thud.

Toiletnator: Ouch.

Numbuh 3: That's showing him Lola!

Numbuh 2: Good jokes by the way.

Lola: Thank you. If you ask me that guy lost his brain somewhere in a dumpster far away from here.

They all laugh.

The alarm sounds and they go the briefing room.

Numbuh 1: We have just received word that our enemy the Common Cold is trying to make kids sick again. He's at a playground in our sector. Lets go!

Lola and Sector V went to the playground and fired decongestant and Orange Juice at him.

The Common Cold was firing snot blasts at them.

Lola was firing fireballs at him.

Common Cold: [Nasally] Surrender Kids Next Door! There's no cure for The Common C.. C.. KYA! I'm the Common Cold. (Sneezes)

Lola: Oh yeah? Well chew on fireballs!

Lola threw a bunch of fireballs at the Common Cold.

Common Cold was dodging them like crazy.

Common Cold: Whoa! You really shouldn't play with fire.

Lola: And you are one gross bucket of vomit!

Lola fired another fireball and it hit him and exploded.

Lola: Luckily I just got over the flu.

The Common Cold fell to the ground.

Lola fired another fireball and it hit his jet pack and exploded.

The Common Cold was sent flying and he hit a tree head on and crashed through it. He crashed into a street light and bent it badly.

Lola: Ooh. That's gonna hurt.

Numbuh 1: Nice work Lola.

Lola: Thank you.

Back at the treehouse, they were celebrating their victory.

But a big drill machine appeared inside and opened up and in a glass dome on top was the Delightful Children From Down The Lane.

DCFDTL: [All in Monotone] Well hello Kids Next Doomed.

Lola: So you five are the Delightful Children.

DCFDTL: That is correct and you are?

Lola: My name is Lola Loud and I incinerated some adults.

DCFDTL: So it was you that destroyed the PTOOEY Squad, Grandma Stuffum and the Common Cold.

Lola: That's right. Now it's your turn.

Lola fired a stream of fire and it broke through the dome and hit them and they changed.

The Delightful Children reverted back to the Sector Z Operatives.

Ashley: The Members of Sector Z thank you.

Numbuh 3, 4, and 5 were shocked.

Numbuh 5: I don't believe it! They really were Sector Z!

Numbuh 4: Unbelievable!

Numbuh 3: Will someone please explain what's going on here!?

Bruce: Father kidnapped us and Delightfulized us with the Delightfulization Chamber.

Lola: Father will pay for this.

Numbuh 1: How did you break their Delightfulization, Lola?

Lola: Fire is a cleansing and renewing force as well as a destructive and dangerous force.

David: We owe you a big debt of thanks, Lola.

Lenny: You broke our curse and freed us from Father's evil grasp.

Lola: How long were you guys Delightfulized?

Constance: 18 months.

Lola: A year and a half? Now it's personal.

Without warning gum wads busted in through the walls.

Numbuh 5: Stickybeard is at it again.

Lola saw the treehouse being fired at by a pirate ship called the Sweet Revenge.

Lola boarded the ship and formed a sword of fire and slashed all the pirates and kicked all their butts into the next millennium.

?: You clobbered me entire crew little lassie.

Lola saw the Nefarious Candy Pirate CAPTAIN STICKYBEARD!

Lola: So you're Captain Stickybeard.

Stickybeard: That be right little lassie. What be yer name?

Lola: My name is Lola Loud. I'm helping the Kids Next Door destroy the Adults before they destroy the entire Human Race.

Stickybeard was shocked.

Stickybeard: What? That's what Father is planning on doing?

Lola: Uh yeah. No kids means no humans and no humans means no candy or anything.

Stickybeard: I can't believe this. All this time I thought stealing candy for adults was a joy. But I was wrong.

Lola: How about doing it the other way around. Steal it from the Adults and give it to the children and keep some for yourself.

Stickybeard: Hmm. I like that little lassie. Men, we're leaving!

The candy pirates left and had a new oath.

Lola changed the pirates for the better.

At Gallagher Elementary School, Lola was having lunch with Sectors V and Z when a charge horn sounded and in came a bunch of men and they were stealing all the kids food. But Lola was fighting them all and protecting their lunch including Numbuh 1's Lunch with Rachel McKenzie who is Numbuh 362 the Supreme Leader of the Kids Next Door.

Numbuh 362: Wow. Lola is quite a fighter.

Numbuh 1: I told you she was good.

?: Yo-Ho!

Lola saw the leader of the men - ROBIN FOOD!

Lola: Robin Hood?! What are you doing here?

Robin Food: Ah alas my dear, I am not Robin Hood. I am Robin Food.

Lola: Are you stealing food from the rich and giving it to the poor?

Numbuh 362: It's the opposite. He steals lunch food from the kids here and gives it to the elderly at Sure Wood Forest Senior Center.

Numbuh 2: My grandma goes there and she doesn't like this guy.

Lola: I can tell. But Robin Hood is one of my favorite Princess Folk Tales.

Robin Food: Why thank you and he's my hero and inspiration.

Lola: Lets dance.

Lola forms a bo staff of pure fire

Robin Food: Yo Ho!

Robin Food charged and he and Lola clashed and more and the fire staff burned his bo staff and Lola kicked him in the face with extreme force and knocked out his teeth.

His men the Hungry Men grabbed him and retreated.

Lola: Yeah, you better run!

Numbuh 362: Wow. Lola you were incredible.

Lola: Thank you Numbuh 362.

Numbuh 362: I think we just found a way to get rid of Father once and for all.

Lola: I'd be more that happy to take him down.

That night as Sector V was getting ready for the fight against Father a dark swirl of darkness came in. It was the evil Spank Happy Vampire - COUNT SPANKULOT!

Count Spankulot: (Transylvanian Accent) Those who fight at schools and hurt alot of people are bad and must be punished. Prepare to feel the stingy wrath of Count Spankulot!

Lola: I don't think so!

Lola then enveloped herself in a ball of fire and became a blinding white mini Sun.

Sectors V and Z shielded their eyes because of the intense brightness.

The light from Lola blasted him and he screamed in excruciating pain as Lola's sunlight burned him and incinerated him.

Count Spankulot disintegrated into a pile of ashes and Lola scooped them up and threw him in the trash.

Lola: Another Vampire dead. My sister Lucy would hate me for what I did. She loves vampires.

A hole in the roof was punched in and in came THE PROPER PATROL!

Numbuh 2: It's the Proper Patrol!

Sergeant Sensible and Major Mrs. Manners were coming and Lola fired two streams of fire and they hit their jet packs and exploded and they both crashed through the floor and onto the ground.

Numbuh 1: How is it that you are not exhausted Lola?

Lola: I have cosmic pyrokinesis and my power never runs out.

Numbuh 3: That is neat.

Lola: Let's go get Father.

At the Delightful Mansion, Father was enjoying some peace and quiet when an explosion blasted through the ceiling of the living room.

In came Sectors V and Z and Lola.

Father: Kids Next Door, what an unpleasent surprise.

Numbuh 1: We aim to please.

He saw that Sector Z had been restored and he got angry and released a huge aura of fire.

Father: [Roar] You broke the Delightfulization!

Ashley: Yes. Thanks to Lola here we're now free from you.

Lola: Your reign of terror and destruction is over Father. Prepare to die!

Lola spread her fire wings and she had fire in her hands.

The Battle that will decide the fate of the Human Race has begun.

Lola flew and punched Father in the face with devastating force and sent him crashing into a wall.

Father got up and fired a stream of fire and Lola fired a stream of fire and their blasts collided and exploded with incredible power and blew half of the mansion apart.

Father: My beloved house!

He roared in extreme fury and threw numerous fireballs at Lola and she did the same at Father. The explosions were so powerful that they blasted the entire mansion to rubble. Lola was punching and kicking Father and they clasped hands and flared up their Fire Auras to an extreme intensity and the power they both had was so powerful that it caused the area around them to quake. People were running for their lives as houses, trees and grass were exploding into flames. Sector V was turning into a warzone. Sector Z was guiding everyone to safety. Sector V was being protecting in a powerful force field Dome that covered most of the neighborhood.

Outside the simulator Me, Varie, Starfire, Volcana, Lana and Lisa were cheering her on as the battle was getting intense and exciting.

Lola punched Father in the face and they both went at eachother with incredible power.

They separated and Father and Lola fired huge blasts of fire and the blasts collided and a massive explosion followed. The explosion was so powerful and so devastating that it destroyed the entire neighborhood. It carried the destructive power of a million fire bombs.

When the smoke cleared, everything in Sector V was completely destroyed and totally on fire. The only things left standing were Sector V Treehouse and a bunch of houses. Luckily Sector V and Z were in the Treehouse and had got their parents and all the local children in there safely.

Father and Lola were standing in the fiery rubble and Father was panting heavily from exhaustion and Lola didn't seem in the least bit tired.

---

CONTROL ROOM

Me: Wow. Lola is truly a force to be reckoned with. She has brought Father to his knees.

Volcana: Yeah. All that training is really paying off.

Varie: Lola has him right where she wants him.

---

SIMULATOR

Lola was walking towards Father and he was shaking in absolute fear and terror.

Lola: What're you so afraid of Father? My power is far stronger than yours and as you can see it rendered you homeless and more and now that you've seen it, you're afraid because you know that I'm going to destroy you!

Father then tried to fight back but all his efforts were in vain and Lola fired a powerful blast of fire right through his chest and in an instant he was incinerated.

Lola had won everyone was cheering for her victory.

Out of the blue came a bunch of ninjas. It was actually the TEEN NINJAS!

Lola: Who are all you guys?

One of them revealed themselves and it was Cree Lincoln, Numbuh 5's older sister.

Cree: We are the Teen Ninjas and we will now have our revenge on you for killing Father.

Lola: He got what he deserved and the terror of the Adults is over.

The Teen Ninjas charged and Lola fought all of them to an incredible degree. Lola punched a black haired boy in the mouth, punched and kicked a girl in the head and stomach, axe kicked another boy in the back, threw another girl into another girl with devastating force, dealt a spinning axe kick and uppercut punch to a blond hair boy and used several fighting techinques and more.

The Teen Ninjas fired lasers at her but Lola's flame hands deflected the blasts back at them and hit them.

The fight was extremely intense. All the Teen Ninjas were defeated. One of them, Maurice, former KND Operative Numbuh 9 was part of a top secret program to plant spys into the Teens and he was fighting the remaining Teen Ninjas.

* * *

After the battle, Lola was in the KND Moonbase for a special award ceremony.

Numbuh 362: Lola Loud, On behalf of the entire Kids Next Door Organization, I present you with our organizations highest honor, The Kids Next Door Medal of Supreme Valor. Including the title "Hero of the Kids Next Door."

Lola was awarded a 24 karat gold medal with the Kids Next Door Emblem on it and it was placed around her neck.

Everyone cheered.

Numbuh 362: This has never before been given to a person who is not in the Kids Next Door and its the first time ever.

Lola: I am truely honored Numbuh 362. I'm glad I was able to help out.

Numbuh 362: You saved not only the Kids Next Door but also the entire human race from extinction. We are all forever grateful to you.

Lola: I wish that the Kids Next Door can be apart of my dimension where I come from. And I have a feeling that we will meet again someday.

Numbuh 362: I know.

A dimension wormhole appeared.

Lola: I'll never forget our time together.

Numbuh 1: Me neither.

Everyone agreed.

Lola waved good-bye and left and the exercise was over.

Me, Varie, Starfire, Volcana, Lana and Lisa cheered wildly for her and we were so happy.

But a big surprise came when we saw all the Kids Next Door Tree Houses from all around the world in different spots across all of Royal Woods. The Moonbase was there too. Lola's wish had come true thanks to Lisa.

This was going to be an epic series of adventures with the Kids Next Door.

THE END

Another Fanfiction Done.

This maybe one of my most explosive and action packed chapters. I watched Codename: Kids Next Door and it was awesome and is one of my favorites. It will always carry a special place in my heart and my memories. I wanted to do a special chapter where Lola teams up with the Kids Next Door and destroy all the Evil Adult Villains and save Sector Z. This was a good one for me so let me know what you think.

See you next time.

# Simulator Part 6: Nature VS Pollution

Laney was in the Simulator doing an exercise.

Me Varie and Lisa were in the control room.

The Simulator activated and Laney found herself in a beautiful Tropical Rainforest.

Laney: I know this rainforest. I'm in FernGully. This was one of my favorite movies.

Laney walked around the forest and she saw a blue light coming towards her. It was a tiny blue light no bigger than the size of her pointer finger.

Laney held out her hand and it landed and the light was really a fairy.

Laney: Wow. A fairy. Crysta?

Crysta: Yes. How did you know my name?

Laney: I guessed.

Crysta: Are you really a human?

Laney: I sure am. But I also have powers.

Crysta: What kind of powers?

Laney: Plant powers.

Laney held out her hand and some tiny blades of grass became fully grown trees.

Crysta: That's amazing!

Laney: Yeah.

Crysta: You have a name?

Laney: My name is Laney.

Crysta: It's a pleasure. Have you ever been in FernGully?

Laney: No this is my first time.

Crysta: I was gonna see what it was like above the canopy.

Laney: Lets go together.

Laney and Crysta flew above the Canopy of the rainforest and saw a magnificent marvel. The forest went on for miles and they both saw smoke near a mountain.

Laney: I know that mountain. That's Mount Warning. FernGully is located in Australia.

Crysta: What's Australia?

Laney: It's where we are now. But that smoke is not supposed to be there.

Crysta: What's smoke?

Laney: It's bad air that comes from different things.

Crysta: Like what?

Laney: There are lots of things we have built, Crysta. That could be a fire though.

Crysta: Fire?

Laney: Yeah. We might as well check out where that smoke is coming from.

Crysta: Yeah.

Laney and Crysta then flew to the outskirts of the forest and into a grassland. They saw the smoke up ahead and went into a grove of trees and they had red X's on them.

Laney swiped one of them with her finger.

Laney: It's red paint.

Crysta: What's paint?

Laney: It's what we use to make good pictures.

Laney and Crysta saw red X's on most of the trees and knew what was going on.

Laney: Oh no.

Crysta: What is it?

Laney: This is a clear cutting area.

Crysta: What's clear cutting?

Laney: It's where we cut down an entire area of trees.

Crysta: That's terrible.

Laney: Yeah. It's one of the biggest ecological disasters on the planet.

Crysta: What can we do?

Laney: These trees have been here for a while.

Laney puts her hand on a tree and it glows neon red.

Laney: They're all in a lot of pain. Not just from pollution but from the dust of time.

Crysta: Can't you do something?

Laney: I could grow new ones in their place. But I don't think I've ever tried that before.

?: Hey what are you doing here?

Laney saw a tall man with blond hair, blue shirt and blue jeans.

Crysta hid in Laney's scarf.

Laney: Oh I'm sorry. I saw smoke coming from here and I thought a fire was burning.

Zak: No there's no fire here. My name is Zak by the way.

Laney: Laney. It's a pleasure to meet you. What are you guys cutting down these trees for?

Zak: It's just for a logging company. I came up here for a Summer job.

Laney: Oh I see. I was just concerned that's all. I thought a fire was burning.

Zak: No problem.

Laney then saw a tree about to fall on top of Zak.

Laney: Zak, look out!

Crysta had to act fast and she shrinks Zak to her size and Laney jumps out of the way and she grabs Zak and Crysta and flys back to FernGully.

Laney: Crysta, are you alright?

Crysta: Yes.

They arrive back in FernGully and Zak wakes up.

Zak: What happened?

Laney: Zak, Crysta here unintentionally shrank you.

Zak: Shrank.

He looked at Laney and saw that she was right.

Zak: [Screams] What happened to me? I'm only three inches tall!

Laney: Like I said. She shrank you.

Crysta: Yeah.

Laney: This was totally unintentional. But a tree was about to crush you and she had to think fast.

Zak: I see. Thank you both for saving me.

Crysta: Yes. But Magi Lune will fix you.

Laney: Good idea.

Laney, Crysta and Zak went to find Magi. But she was away from her tree and they had to wait. What they don't know however is that the machine that cut down the tree, The Leveler, cut down the tree that imprisoned Hexxus, the Spirit of Pollution and Destruction and released him. Hexxus took control of the Leveler and is now on his way to Fern Gully.

* * *

The next day, Laney felt a major disturbance.

Laney: Crysta, Zak, I sense an evil force heading our way.

Crysta: What is it?

Laney: I don't know.

Zak saw a tree losing leaves and the water was turning brown.

Laney saw this too.

Laney: Oil. That machine is coming.

Zak: It's the Leveler.

Laney: I can feel it. We got to warn everyone.

Laney, Crysta and Zak went to the center of FernGully and told everyone what's happening.

Magi then appeared.

Magi: The humans have released Hexxus.

Laney: Hexxus? Oh no. Magi, Let me help you all out.

Magi: Of course. Gather everyone in the circle.

Laney, Crysta, Zak and the fairies went to Magi's tree

Magi: Laney. Sit in the center of the tree and meditate.

Laney: Okay.

Laney did so and Magi made a speech.

Magi: Since the beginning of time, we have been the guardians and the healers of the forest. We have too long forgotten the Magic Powers of Nature. The time has come to call on them again.

Magi picks up a seed from a fig pod.

Magi: Remember: All the magic of creation exists within a single tiny seed.

The seed glowed and a choir singing and the rumble of thunder was heard. All the trees started glowing and green energy from all of the forest was pouring in to the tree and flowing into Magi and the tree twisted around and closed.

Laney was in a state of total concentration as all of Natures Life Energy flowed into Magi.

Crysta flew to Magi.

Magi: Look for the hero inside yourself Crysta. Look to the good and loving heart in you and all others. For just as every seed holds the power and magic of creation, so to do you and every other creature in this world. Laney, Protect Crysta and all my family with your life.

Crysta: Magi don't leave me.

Magi: I love you. [Echoing] I'll always be with you.

Magi turned into blue energy sparkles.

Magi: We all have a power and it grows when it is shared. Remember what you've learned Crysta.

Magi dispersed and all her power touched everyone. A Blue Sparkle landed on Laney's forehead and a green leaf appeared in the middle.

Laney: I… I understand Magi and I will protect everyone.

Zak realized that life is far too precious to everything plant, animal or human and he decided to stop destroying the environment and help protect, conserve and make it grow and last forever.

The tree unwound.

Crysta: Oh Magi.

Laney got up and Machinery Whirring was heard.

Laney: It's here!

Everyone saw on top of the Leveler a ghostly smoke creature. It was HEXXUS!

Hexxus: [Evil Laugh] I'm back!

Crysta: Hexxus!

Laney stood in front of the Leveler.

Ralph: Hey Tone. What's that little girl doing?

Tony: I don't know.

Laney put her hands on the ground and a huge tree lifted the Leveler off the ground and made it immobile.

Laney: My powers have gotten stronger.

Tony and Ralph didn't know that they weren't moving.

Hexxus talked to them through the windshield and they got out of the Leveler and vines formed and got them down to the ground safely.

Laney then felt a pain in her back and she saw wings made of flower petals sprout from her back.

Laney: I have wings now? H… How? I'll have to find out later.

Laney flew up to the Leveler door and opened it and went for the ignition key.

Laney: Sorry Hexxus. But your spree of destruction is over.

Laney turns off the Leveler and leaves.

Hexxus was getting weaker and weaker by the second.

Hexxus: What happened to the energy?

Hexxus disintegrated as Laney got back onto the ground.

There was an earthquake and the Leveler roof was on fire and out of the roof arose Hexxus in his true form.

He was a giant skeleton creature made of sludge and oil and burning with fire. Pollution was making him stronger.

Laney: So this is his true form. Hexxus just doesn't know how to quit.

Crysta knew what she had to do. She took a seed and went into Hexxus's mouth and plants started to grow out of him.

Laney: Now I see what Crysta's doing.

Laney flew up to Hexxus and grew plants out of him with the Magical Powers of Nature and all the fairie's joined in and Hexxus was now a tree again and he was sealed away. This time for good.

They all thought that Crysta was dead. But a flower bloomed and it turns out Crysta was okay.

Crysta and Zak hugged.

Crysta: We did it Zak. Now Hexxus can never harm FernGully again.

Zak: But humans still could. That's why I have to go back. There's a part of me that wants to stay.

Crysta: There's a part of you that will always stay.

Crysta gave Zak a seed and it glowed in his hand.

Crysta: Remember Zak. Remember everything.

Crysta flew up to Laney and Laney held out her hands.

Crysta: Laney, you were incredible.

Laney: I couldn't have done it without all of you. We all did it together.

Zak left and Crysta undid his shrinkage and he planted the seed.

Crysta: Laney, you should grow this one.

Laney: Thank you.

Laney touched the ground and her hand glowed neon blue and the seed started growing and the tree that Hexxus was sealed in started growing lots of life and the trees that were cut down all grew back and the forest was fully restored.

Zak, Tony and Ralph left the forest and Zak changed their ways.

Laney: Crysta, would it be alright if you come with me to where I live? I know this is your home and I would never take that away from you. But you are my friend and you hold a very special place in my heart.

Crysta: I've decided to go with you Laney.

All the fairies were confused.

Pips: Why Crysta?

Crysta: Laney and I are close. Very close and I want to learn more about humans and their world.

Laney: You all are like my family. I hold you all a special place in my heart. I love you all. But I belong in a place called Royal Woods, Michigan. It's my home and I have family there. I love all of you.

Pips: We love you too Laney. We will miss you both.

Crysta: I will miss you too. Bug brain.

Laney: We will miss you all.

A dimension vortex appeared and Laney and Crysta went in and the exercise ended.

Me: Laney, you were awesome.

FernGully was one of my first childhood movies. I love how Batty was played by Robin Williams and I'm sorry I didn't get him into the story. I've known this movie for years and a lot of people call it one of the forgotten movies. I figured that Laney and her plant powers would be perfect for this. I've also known all of Robin Williams movies. They were awesome. It's a shame that he died but I will always treasure his movies.

Rest In Peace Robin Williams. You will always be remembered in our hearts and our memories.

See you next time.

# Simulator Part 7: The Jedi Resurrection

I am in the Simulator doing an exercise.

Varie, Jessie, Lincoln, Linka, Lily, Laney & Crysta and Lisa are in the control room.

The simulator activated and I was on the Planet Naboo.

I was running through the palace of Queen Amidala and I saw Qui Gon Jinn and young Obi Wan Kenobi fighting the ruthless Darth Maul.

Qui Gon was fighting him alone as Obi Wan watched from behind a laser barrier. Darth Maul blocked a strike and just as he was about to deliver the fatal blow, I swooped in and blew him into a metal wall with the Force.

Me: Is this a private party or can anyone join?

I ignite my lightsaber and fired Force Lightning at Darth Maul and it electrocuted him.

Qui Gon: You can use Force Lightning?

Me: Yes I can.

Qui Gon: Who are you?

Me: J.D. Knudson, Gray Jedi from planet Earth.

Qui Gon and Obi Wan were shocked.

Qui Gon: That's impossible. No Gray Jedi has existed in over 4,000 years.

Me: Not until now.

Obi Wan came after the barrier deactivated and ignited his blue blade lightsaber.

Obi Wan: We appreciate you arriving.

Me: No problem.

Darth Maul got up and jumped and I fired more Force Lightning at him and he fell down a shaft and his double red bladed lightsaber landed on the floor.

I take his lightsaber as a trophy.

Me: Master Qui Gon. Anakin Skywalker is the Chosen One that will destroy the Sith. The Force told me. Make sure he doesn't fall into the hands of Darth Sideous at all costs or Anakin will be lost to the Dark Side.

Qui Gon: I will. Thank you.

Me: I got to go now. But we will meet again in the future.

The simulator fast forwarded to the battle of Geonosis in Petranaki Arena.

In the halls of the arena, I saw Master Qui Gon, Obi Wan, Anakin Skywalker and Padme Amidala tied to some posts about to be executed by a Ylesian Reek, a Cholgannan Nexu, and a Vendaxan Acklay.

Me: Oh no.

I jumped down, ignited my lightsaber and fired Force Lightning at the Viceroy and killed him and I saw that Count Dooku AKA Darth Tyrannus was up there.

Count Dooku: Master Knudson. I've heard alot of big things about you. You're the first ever Gray Jedi in over 4,000 years.

Me: The feeling is mutual.

Count Dooku: You are quite a formidable foe. You defeated Darth Maul.

Me: Nice to know I've made an impression and the Viceroy paid for his treachery when he tried to attack Naboo.

Numerous robot droids came out and fired and I deflected all their shots. Numerous Jedi came out and ignited their lightsabers.

On the Balcony was Jedi Knight Mace Windu and he ignited his purple bladed lightsaber.

I threw my lightsaber and with the Force I controlled it and cut Qui Gon, Obi Wan, Anakin and Padme free and tamed the Reek, Nexu and Acklay and they disappeared and became tattoos on my left arm. Lots more droids came and it was a brutal battle. It was also intense.

Jango Fett landed onto the battleground and fired blasters at me and I deflected his fire and slashed his head off.

Count Dooku was trying to get away and I chased after him as a Clone Ship arrived and got all the Jedi out safely.

I faced Count Dooku.

Me: You will pay for all the Jedi that were killed today Dooku.

I fire Force Lightning and it blew him into a rock wall and a rock point skewered him all the way through his heart and he died in an instant.

I take his lightsaber as a trophy.

Master Yoda arrived.

Me: Master Yoda.

Yoda: J.D. Knudson. So rumors are true I see.

Me: Yes. I am a Grey Jedi. First in 4,000 years.

Yoda: Long way you have come. The Light and Dark Sides I sense in you.

Me: I come from the planet Earth I actually pick up alot of stuff on the fly.

Yoda: Powerful you are.

Me: I have to stop the Sith at all costs.

The Simulator Fast Forward and I was on the planet Mustafar. A volcano world.

I sensed that Anakin had turned to the Dark Side and I warned Ahsoka Tano and Aayla Secura about it with my telepathy.

5 hours later I see Anakin Skywalker on the landing ports talking to Padme who was pregnant. Obi Wan was on the ship and he saw him and Anakin was enraged.

Anakin: You're with him! You brought him here to kill me!

Just as he was about to choke her I blow him into a bunch of barrels and land by her.

Me: Are you alright Padme?

Padme: Yes I am. Anakin, what's happened to you?

Me: That is not the Anakin that you know anymore, Padme. Hes been corrupted by Chancellor Palpatine, Darth Sidious himself and he now serves him.

Obi Wan: Yes. We've totally lost him Padme. He's now gone to the Dark Side.

Anakin got up.

Anakin: You turned her against me! All of You.

Obi Wan: You have done that yourself.

Another ship landed and it opened and out came Ahsoka, Aayla, Yoda, Qui Gon and Mace.

Aayla: We thank you for telling us what happened J.D.

Me: No problem Aayla.

Ahsoka: Master Anakin, what's happened to you?

Anakin: I've had a change for the better Snips.

Me: Your change is one of evil.

Anakin: You will not take Padme away from me!

Yoda: Too late for that it is.

Obi Wan: Your anger and your lust for power have already done that. You have allowed Palpatine to twist your mind until now you have become the very thing you've sworn to destroy.

Anakin: Don't lecture me Obi Wan. I see through the lies of the Jedi. I do not fear the Dark Side like you do. I have brought peace, freedom, justice and security to my new empire.

Me: By killing innocent lives? I don't think so.

Obi Wan: Your new empire?

Anakin: Don't make me kill you all.

Obi Wan: Anakin my allegiance is to the Republic. To democracy!

Me: Palpatine has filled your head with lies and poisoned your mind with wrong ideas. I will make sure that Palpatine pays the ultimate price for his crimes.

Anakin: I won't let you.

Me: Obi Wan. Let me face him.

Obi Wan: Of course.

Me: Only a Sith deals in Absolute. I will do what I must.

Anakin: You will try.

I ignite my lightsaber and Anakin opens his and we get into a savage lightsaber fight.

I kick him in the face and punch him in the stomach and he went flying down a hall into the Mustafarian control room.

I run after him and fire Force Lightning and he deflects it and it hits the controls for the heat blocking system and destroys them.

I run out onto a blocker and we fight over the lava and Anakin was on a blocker as it melted and fell into the lava and we were on it. I spread my wings and fly onto the land by the lava river. I sensed Anakin coming and he was not going to stop until he killed me.

I jump onto a hover platform on the lava and Anakin was on the head of a robot and we clashed some more.

We stopped for a bit.

Me: I don't understand you Anakin. How can you believe all of Palpatine's lies so easily? Are you really that gullible?

Anakin: He told me that the Jedi were trying to take over.

Me: That is a crock of lies. Palpatine is evil in its purest form. He's the Devil Incarnate.

Anakin: From my point of view the Jedi are evil!

Me: Then you are lost!

Me and Anakin were on the Lava river staring at eachother and ready to fight some more.

Anakin: This is the end for you my friend.

Me: It's just beginning.

Anakin and I were fighting some more. I jumped away as he tried to slash me and landed back on the land by the river.

Me: It's over Anakin. I have the high ground.

Anakin: You underestimate my power.

Me: Your overconfidence will be your undoing.

Anakin jumped over to me and I slashed his legs and left arm off and he rolled down the hill and was close to the lava river edge.

Me: How can you be that stupid Anakin? How can you fall for the lies of an evil man like Palpatine? Don't you see that he's using you and when he's done with you he will toss you aside like yesterdays garbage? You're a pawn in all his diabolical plans and ambitions.

But Anakin refused to believe it.

Anakin: I HATE YOU!

Me: You can hate me all you want. But like it or not that is the truth.

Anakin started to realize the error of his ways as the heat from the lava ignited his leg and started to burn him. I use my ice powers and put him out and picked him up.

Me: I'm sorry Anakin. But I can't let you fall farther into the Dark Side.

I walk over to the ship Obi Wan took and we all board it.

Obi Wan: You really did a number on him J.D.

Me: I know. But I have a feeling that he's gonna pay for his crimes.

Anakin: Master Obi Wan. I'm… I'm sorry.

He started crying.

Padme: Ane. I'm glad you're back.

Padme hugged him.

Ahsoka: Padme you should take a seat. We got to let Master Anakin rest.

Padme: Okay.

Anakin: Snips. I'm sorry.

Ahsoka: I know master. It wasn't your fault.

Anakin: I know. J.D.?

Me: Yes Anakin?

He held out his right prostatic arm.

Anakin: Thank you for saving me from the Dark Side. You have earned both my respect and support.

I give him a handshake of friendship.

Me: It's good you're back on the Light side.

Qui Gon: Now save your strength. We have a long journey ahead of us.

Anakin: Where are we going?

Me: We're going to my home planet: Earth. We can restore the Jedi there and ready our forces.

Mace: That sounds like a good plan.

A wormhole appears and we go in it.

The Simulator ended as we arrive at Earth and our ship lands in the Loud House Backyard.

We disembark and I find the perfect place for rebuilding the Jedi Temple. It was the sight of the Abandoned Baseball Stadium in Detroit.

Anakin was rushed to the hospital and given new prostatic legs. He has to go through rehab and burn treatments and all that.

As Anakin was getting fixed up, Padme went into labor and gave birth to Luke and Leia Skywalker.

I was with Varie and revealed everything to my friends.

Lincoln: So you all escaped from the Galaxy?

Me: It was to retreat until we have enough power to go back and destroy Emperor Palpatine once and for all.

Linka: Ah. You need to regroup and wait.

Me: Yes. It will take a few years. But we have all the time in the world.

A new Jedi Temple was built in place of the old Baseball Stadium and almost right away, a bunch of kids and people wanted to become Jedi.

The Jedi Resurrection was fully underway.

Another Fanfiction Completed.

I wanted to do the prequel trilogy for Star Wars and add it to the series. I loved Star Wars III Revenge of the Sith. I loved the battle between Anakin and Obi Wan on Mustafar. That was awesome. I wanted to include Mace, Qui Gon, Aayla, Ahsoka, Yoda, and Padme in this because I thought it would be cool to add some unique alien creatures and cultures to the story.

I hope you guys like it and tell me what you all think.

See you next time.

# Simulator Part 8: The Cyclone Avenger

Lori was in the Simulator.

Me, Varie, Bobby, Ronnie Anne, Lincoln & Linka and Lisa were in the control room.

The Simulator Activated and she found herself in the world of the movie Anastasia.

The year was 1917 and the February Revolution was underway. Luckily the simulator doesn't do time travel.

Lori: I've studied about this. This is the February Revolution and the abdication of Tsar Nicholas II.

Lori arrived at a train station and she saw the train about to leave and Tsar Nicholas' daughter Anastasia Nikolaevna was about to fall onto the tracks and hit her head when Lori spread her wings and flew and Anastasia vanished.

Lori had Anastasia in her arms and she was flying in the air.

Lori: Are you alright?

Anastasia: Yes. Thanks to you.

Lori: You're welcome. My name is Lori Loud and I'm from America.

Anastasia: It's a pleasure. My family ran because of Rasputin.

Lori: [Gasp] Grigori Rasputin? The evil sorcerer?

Anastasia: That's him.

Lori: That demonic freak! I will make him pay for this!

Anastasia: Me too.

Lori and Anastasia both vowed to get revenge on Rasputin and put an end to his evil for good.

At a house near St. Basil's Cathedral, Lori and Anastasia were hiding until all the fighting died down.

Lori: Anastasia how did this all happen?

Anastasia: It started with my family celebrating the 300th anniversary of the Romanov Dynasty. My grandma gave me this beautiful music box.

Anastasia showed Lori her music box and used her necklace to open it and it played a beautiful song.

It played "Once Upon a December."

Lori: That is beautiful.

Anastasia: Yes.

Lori: I've read alot about the Romanov Tercentenary Anniversary. It was celebrated in 1913.

Anastasia: Yes. That's right.

Lori: Why would Rasputin want to destroy Russia?

Anastasia: He was banished for treason and he casted a curse on my family.

Lori: He wants to destroy the Russian Royalty and he sold his soul to The Devil for the power to destroy the Tsarhood.

Anastasia: Yes. Rasputin fell through some ice on a lake and I took this.

Anastasia pulled out an evil Reliquary.

Lori: This has pure evil written all over it.

Anastasia: Yes. I've seen what it can do. It can create ice, lightning, fire beams of light, bring objects to life and create monsters.

Lori: And without a doubt Rasputin's life force is bound to this. If it were destroyed he would die.

Anastasia: Yes. I have a feeling you're right.

Lori: Rasputin you are truly a Satanic beast. Luckily I know someone that taught me how to purify and use it as my own.

Anastasia: You can do that?

Lori: Yes. Watch. [Lori chants an incantation] **Matteenma lumne Niinkyoyya Jatonna Sezframo Tomatine!**

A blast of wind magic fired from her hand and hit the reliquary and extracted Rasputin's Soul and it left and went back to his body. Lori can now utilize it at will and it turned into an amulet of wind.

Lori: Perfect.

Lori now has all of the Reliquary's powers and it can now find Rasputin.

At the Lake, Rasputin crawled out of the water and his soul went back into his body.

Rasputin: Aah! No! My soul is back in me. That little brat took my amulet and someone used magic to break my deal. I will make whoever did it pay with their life!

Back in Moscow, Lori and Anastasia were over at the Kremlin and they found it abandoned.

Lori: Looks like the people of Russia want the Tsarhood gone forever.

Anastasia: Yeah.

Lori: Lets see if we can find anything we can use to fight Rasputin.

Lori and Anastasia looked around and Lori found a medieval sword from England.

Lori: Anastasia, did your family like to travel alot? I found this longsword here.

Anastasia: Oh. Daddy found that when he went to England.

Lori: It's a Scottish Claymore. Nice quality.

Lori sheathed it onto her back. Lori also found an old 18th century Russian Flintlock.

Lori: I could use this.

Lori put it in her pocket and she was ready.

The doors bursted open and in came Rasputin.

Rasputin: Where are you you little brat?!

A gunshot was fired and a bullet went into Rasputin's leg and he screamed in pain.

He saw Lori with her gun and smoke was coming out of it.

Lori: That was for the Romanov Family.

Rasputin: You stupid woman! Do you have any idea what you've just done!?

Lori: Destroyed your reign of terror that's what. You will now pay for your crimes Rasputin!

Rasputin: Not if I kill you first!

Rasputin unsheathed his sword and Lori unsheathed her sword and she and Rasputin got into a powerful swordfight.

Sparks were flying and some of the Kremlin got set on fire.

Anastasia then got behind Rasputin and stabbed him in the back and Lori stabbed him in the head and killed him.

Lori: Give my regards to the Netherworld.

Anastasia then broke down crying and Lori comforted her. Lori and Anastasia both avenged the Romanov Dynasty and all of Russia.

Anastasia: [Crying] Lori! I don't have anywhere to go! I… I…

Anastasia was orphaned.

Lori: You can come live with us where I'm from.

Anastasia: You'd… You'd do that for me?

Lori: Sure. It's the least I can do for helping you out.

Anastasia hugged Lori and was so grateful.

Anastasia packed some of her things and a dimension wormhole appeared and Lori and Anastasia went in through it.

The exercise ended and Lori revealed everything. Anastasia now lives in Lori's room and Anastasia had everything from her Russian Heritage with her.

THE END

Another Fanfiction Done.

I wanted to do a tribute to the 1997 movie Anastasia. That movie is about Anastasia Nikolaevna - the Grand Duchess of Tsar Nicholas II of Russia and one of the biggest mysteries of the 20th Century. I've always been fascinated with the history of Russia and my favorite event is the Russian Tercentenary Anniversary and the February Revolution - 100 years ago this year. The 400th Anniversary of the Romanov Dynasty was back in 2013 and I love all of Russia's buildings and food. My favorite building is the Catherine Palace. Beautiful building. I hate Grigori Rasputin. He helped create the Soviet Union and lead Russia into the age of Communism. No offense to you Russia but communism stinks. I've always been truly fascinated with lots of things in Russia and it is neat.

Let me know what you all think.

See you next time.

# Simulator Part 9: 2 Lightning Rescuers

Lincoln and Linka are in the Simulator.

Me, Varie, Lynn Sr. Rita, Lori, Anastasia, Leni, Luna, Eddy, Luan, Lucy, Lana & Lola, Laney & Crysta, Lily and Lisa were in the Control Room.

Lynn Sr.: So how does this Simulator Work?

Me: It's been like our doorway across the very fabric of Time, Space and Dimensions. This is a very prominent tool to help test out our skills in our powers.

Lisa: Precisely father and this has proven to be a huge success.

Varie: Luan provided the testing stage and it worked perfectly.

Me: We decided to have Luan test it out because she acquired her powers recently.

Luan: I was in the Swan Princess.

Rita: Oh that is so cool!

Luan: It was truely a SIMULATING VICTORY! [Rimshot and Laughs] Get it?

Me, Varie, Lynn Sr. Rita, Anastasia, Eddy, Lily, and Crysta laughed while Leni, Luna, Lana & Lola, Laney and Lisa groaned.

Me; [Laughs] Good one.

Eddy: [Laughs] That is funny.

Varie: Luan's test was a success.

Luna: That is so sweet dudes.

Leni: I still don't get it.

Lily: I hope Lincoln and Linka do well.

Laney: Don't worry Lily. Lincoln & Linka will be okay. We have faith in them right Crysta?

Crysta: I'm with you on that, Laney.

The Simulator activated and Lincoln and Linka found themselves in New York City, New York in front of a Morningside Orphanage.

Lincoln: Morningside Orphanage? (Gasp) We're in the movie "The Rescuers"

Both: Our favorite movie!

Lincoln and Linka walk in and saw two mice talking to a cat named Rufus.

Linka: It's Bernard and Ms. Bianca. Lets go help them.

Lincoln: Come on.

Lincoln and Linka talked to them and help them out.

Bernard: We appreciate you two helping us out.

Lincoln: You're welcome Bernard.

Rufus: Yes. Please save Penny.

Linka: We will do everything we can.

Later at a pawn shop down the street, Lincoln & Linka, Bernard and Ms. Bianca went inside and looked around quietly.

The telephone rang and they hid in the closet. Out came a red hair woman named Madam Medusa.

She answered the phone.

Madam Medusa: Madam Medusa's Pawn Shop Boutique? Snoops! [excited] Don't tell me Snoops! Let me guess. You found it! [Laughs] You've found the Diamond?

Lincoln: [Whispers] What diamond?

Linka: [Whispers] I forgot.

Medusa: Give you time? You bungler! You have been down there for 3 months. [Snoops talking indistinctly] Bottles? What bottles? [Angry] You caught Penny sending messages in bottles!? You blundering fool! Can't you control a little girl!? Shut up! [Slams her fist on her desk] I am taking the next flight down to Devil's Bayou!

She slams the phone on the receiver.

Medusa packed a suitcase and left.

Lincoln, Linka, Bernard and Ms. Bianca looked around and in Medusa's study they saw a bunch of maps and books on Louisiana, a picture of an Old Abandoned Dixie Paddle Riverboat.

Lincoln looks at the Riverboat Picture.

Lincoln: This must be where she's holding Penny.

Bernard: But what is she after and what does she want with her?

Linka: [Gasp] I remember! She's after the largest diamond in the world: The Devil's Eye. It's as big as a human head and it's priceless.

Lincoln: That diamond is huge and it would make anyone rich beyond their wildest dreams.

Ms. Bianca: They couldn't find Penny because she's not in New York. She's in Louisiana.

Linka: That's over 1,300 miles away. I don't remember on how to get to it but we need to get to Devil's Bayou first.

Lincoln: Let's go.

Lincoln, Linka, Bernard and Ms. Bianca set out for Devil's Bayou in Louisiana.

---

They got there by Lincoln & Linka flying and they arrived in 1 hour and they saw the abandoned Riverboat.

Lincoln: That's the Riverboat all right.

Linka: Sure looks old.

Bernard: It looks like it's been here for years.

Ms. Bianca: It sure has. Penny must be in there.

Lincoln: She is. I know it.

Linka: How are we gonna get her out?

Lincoln: We'll think of something.

As they waited and planned they saw Madam Medusa driving a swamp-mobile to the riverboat. They met 2 local mice named Ellie Mae and Luke, a Dragonfly named Evinrude, a rabbit named Deadeye, a turtle named Gramps, a mole named Digger, and an Owl named Deacon Owl.

Ellie Mae: I'd like to give her a few whacks with my Rolling Pin!

Luke: We swamp folks are gonna run her clean out of our bayou.

Lincoln: If it's a fight she wants then it's a fight she'll get.

Linka: We are here to rescue Penny.

Deadeye: That little girl Medusa has with her?

Lincoln: Yes.

Linka: How is Penny part of Medusa's plan to get the Devil's Eye Diamond?

Gramps: Penny is small enough to squeeze down a small hole that goes into a pirates cave on the coast. But it's hard to get to because the tide comes in fast and floods the cave quickly.

Lincoln: Medusa really wants that diamond. Bad.

Linka: Probably either for herself or for selling it on the Black Market.

Bernard: We got to get Penny out of here and quick.

Lincoln: Guys, someone is coming out of the boat.

Lincoln pulls out his binoculars and he sees Penny trying to make a run for it.

Lincoln: That must be Penny.

Linka: Let me see. [Lincoln hands her the binoculars] Oh. She's so young.

Ms. Bianca: It's Penny. Oh how terrible.

The lights in the Riverboat came on.

Medusa: Penny? Penny? Penny answer me. Penny!

Lincoln: Medusa's calling out for her.

Linka: Ellie Mae. Do you know if there's a place where we all can hide?

Ellie Mae: There's a cave over there.

Ellie Mae pointed to a cave on a cliff above the coastline.

Lincoln: Perfect. Lets go.

Ellie Mae: Evinrude. Go with them.

Evinrude buzzed in agreement.

Ellie Mae: Send Evinrude back as soon as you need help.

Lincoln: Right. Lets go.

Lincoln, Linka, Bernard, Ms. Bianca and Evinrude went to Penny.

Lincon saw Penny hiding behind a tree.

Lincoln: Penny! Over here!

Penny saw them.

Linka: Penny we mean you no harm. Come on over here, quickly.

Penny did so.

Penny: Where'd you come from?

Lincoln: We'll explain later. Lets get over to that cave and hide.

Lincoln points to the cave and they went for it.

Suddenly, fireworks went off.

Linka: On no. They're using fireworks to illuminate the swamp to find us.

Lincoln: Hurry!

* * *

20 minutes later they all arrived and went inside the cave.

Lincoln lit a lantern and it lit up the room.

Penny: Thank you for saving me.

Lincoln: No problem. We should introduce ourselves. My name is Lincoln Loud.

Linka: I'm his twin sister Linka Loud and this is Evinrude.

Evinrude buzzed.

Bernard: My name is Bernard.

Ms. Bianca: And I am Ms. Bianca.

Bernard: We found the bottle with your message and we've come to rescue you.

Penny: Did you hear that Teddy? Our bottle worked!

Lincoln: Yes it did.

Penny: Didn't you bring someone big with you like the Police?

Lincoln: No. It's just the 5 of us.

Linka: I promise you Penny we will try and get you out of here. We got to work together.

Penny: I will help you.

Lincoln: Okay.

They felt rumbling.

Lincoln: What's that?

They heard water sloshing coming from behind a cave wall further down.

Linka: It's coming from behind this wall here.

Lincoln pressed his ear against it and heard the water splashing.

Lincoln: There's water behind here.

Bernard: There's water dripping from that rock sticking out.

Lincoln: Stand back.

Lincoln kicked the wall and it shattered and water splashed into the cave room and a human skull tumbled in.

Lincoln: That rock was a skull.

Linka: Wait a minute. I see something in it.

Lincoln picked it up and looked in it and they saw a huge diamond.

The Devil's Eye Diamond.

Lincoln: [Gasp] Jumping King of Lightning! It's the Devil's Eye!

Penny: We found the Diamond Medusa wants.

Bernard: Holy mackerel! That… That's it!

Ms. Bianca: The Devil's Eye.

Linka: It's enormous.

Lincoln shattered the skull and grabbed the diamond.

---

Outside the simulator we were shocked.

Me: Look at the size of that diamond!

Varie: It's huge!

Me: That diamond has to be worth a huge amount of money.

Lisa: A diamond of that size, color, clarity, and class would be worth $582,647,842,334,550.00

Me: Sweet mother of all things great and small. That is more money than anyone could ever imagine.

Varie: A Diamond like that belongs in a museum.

Luna: A high security museum dudes.

Lucy: I'd rather enjoy the darkness and if it was a black diamond I would keep it.

Lori: They do say "Diamonds are a girls best friend" but I would not want a diamond that big.

Lola: Yeah. That diamond would make us filthy rich but we would be the target of numerous thieves.

Me: I agree Lola.

Eddy: No kidding. I'm glad I saw the error of my ways and I don't want all that money. Besides I met and now love the girl of my dreams and I'm happy with what I got.

Luan: Aw Eddy.

Eddy and Luan kiss.

Everyone: AAAAAWWWWWW!

Me: Eddy I'm so happy for you.

Varie: Me too.

Anastasia: I come from a Royal Family and I don't want all the fame and notoriety. Money can be good or bad.

Me: I agree with you all. That diamond would attract more thieves than anything. We would have to have security as tight as Fort Knox in order to keep it.

Varie: Yeah.

Lynn Sr.: I'm proud of all of you. Having all the money in the world doesn't make you popular and all that.

Me: I agree Mr. Lynn. There are some things money can't buy. Like love, friendship, and more.

* * *

Lincoln: This diamond is huge.

Linka: We better hide this thing.

Lincoln put it in his backpack and the water receded.

Lincoln: Look.

They saw the Pirate Cave that Penny was going into.

Linka: Is this the Pirate Cave you were going into Penny?

Penny: Yeah.

Lincoln: We just found a back way into the cave. Lets check it out.

As they walked in Linka saw a big hole in the floor.

Linka: What's this hole?

Penny: That's where the water comes in. I'm afraid to go near it.

Linka: So this is how the cave gets flooded. High tide comes in and the water splashes into the cave.

Bernard: It sounds very dangerous.

Ms. Bianca: You can drown in here.

Lincoln: Yeah.

Lincoln and Linka flew over the hole and Penny was on Linka's back and they saw lots of chests full of treasure.

Linka: Boy there's enough treasure here to make anybody rich.

Lincoln: Yeah.

Bernard: Did Medusa have any need for these smaller diamonds?

Penny: No. She doesn't want those little ones.

Linka: Penny how did you know this was a pirate's cave?

Penny: Him.

Penny pointed to the skeleton of a dead pirate thats been in there for a long time.

Ms. Bianca: [Gasps in Horror] Oh dear!

Lincoln: Whoa! He looks like he's been here for a long time.

Linka: Centuries no doubt.

Me: Boy that skeleton looks hundreds of years old.

Varie: I don't recognize him. Mermaids are said to be immortal but I don't know anything about pirates.

Me: Pirates have been a huge problem in the Gulf of Mexico and the Caribbean Sea for Centuries just like pirates from Somalia have been terrorzing the Indian Ocean. Wait a minute.

I look at the skeleton closer and I recognize him.

Me: I don't believe it! That's the skeleton of Benjamin Hornigold. He disappeared back in 1719.

Lynn Sr.: Wow. That's amazing. It's a blast from the past.

Rita: Lincoln, Linka and Penny found the lost treasure of Benjamin Hornigold? Amazing. I'm so proud of them.

Luan: And they did it all without a map? Incredible! A TREASURE worth FINDING! [Rimshot and laughs] Get it? But seriously this is amazing.

Eddy: [Laughs] I get it and yeah. They will go down in history.

Laney: Wow. This is a huge discovery.

Lily: Lincoln and Linka should bring that skeleton to Lisa for analysis.

Me: I agree.

I send a telepathic message to them and teleport a body bag to them along with some gloves.

Lincoln and Linka put the skeleton in the bag and I teleport it to us. Lisa took it to her lab.

Lincoln: Lets take the treasure with us.

They gathered all the treasure and put it in a scroll.

Lincoln and Linka were taught how to store stuff in scrolls.

Linka: That's all the treasure.

Penny: There's some on the Riverboat that I brought to Medusa.

Lincoln: We'll have to wait on those.

Lincoln looked up through a hole leading to the surface and saw the Sun rising.

Lincoln: It's already dawn.

Linka: Have you thought of a plan of attack on Medusa yet?

Lincoln: Yes I have. Here's what we do. But first lets get out of here.

Lincoln, Linka, Penny, Bernard, Ms. Bianca and Evinrude went back to the cave they were hiding in as water splashed into the cave.

Lincoln: High tide just came back in.

Linka: Yeah. Close one. Okay bro. What do you got?

Lincoln whispered the plan and it was a good one.

Lincoln was going to lead a frontal attack with Ellie Mae, Luke, Deadeye, Gramps, Deacon Owl, Bernard and Ms. Bianca. While Linka and Penny launch an aerial attack.

At Ellie Mae's house Lincoln explained the plan.

Linka gave Penny a laser gun.

Lincoln: All right does everyone know what to do?

Ellie Mae: We sure do.

Lincoln: Ready?

All: [In Unison] Ready.

Lincoln: Evinrude, sound the charge.

Evinrude: (Buzzing) Da-Da-Da-Da-Da-Daaa!

All: [In unison] CHARGE!

Lincoln ran towards the boat and fired a bolt of lightning and it hit the boat and exploded when it hit the roof and the roof of the boat was on fire.

Medusa and Snoops came out.

Medusa was armed with a 12 gauge shotgun.

Deacon Owl plugged it with a firecracker and it exploded as she fired. Medusa's rifle was destroyed.

Linka: Eat lightning Medusa!

Linka fired a bolt of lightning and it electrocuted Medusa.

Penny fired laser beams at Medusa and Medusa ran.

Lincoln took all the treasure Penny brought up from the cave.

As he left Deadeye and Deacon Owl lit all the fireworks in the engine room at once and the area turned into a war zone.

Linka tamed Medusa's pet crocodiles Brutis and Nero and they vanished and went for Lana.

Linka was turning on Medusa's swamp-mobile and it wouldn't start.

Linka: What's wrong with this thing?

Lincoln was standing on the side and Penny was holding on to Linka's waist.

Linka finally got it to start and Medusa grabbed a rope and tried to get to Penny. But Ellie Mae hit Medusa's hands with her rolling pin and she let go and went flying and Medusa grabbed the rope. She was water-skiing without skis. The Riverboat suddenly exploded and sunk to the bottom of the river.

KABOOOMMM!

Lincoln: That did it!

Linka: Good riddance.

The explosion could be heard all the way to New Orleans.

Police boats were dispatched.

Linka: Lincoln, when I say "Now" Cut the rope.

Lincoln: You got it.

Linka turned to the Riverboat.

Linka: Now!

As Linka turned, Lincoln cut the rope with a lightning bolt and Medusa was skidding on the water and she hit the engine chimney of the sunk riverboat.

Lincoln: We did it everyone.

Linka: Yeah! Mission accomplished!

Bernard: We did it Bianca!

Ms. Bianca: Hooray! Oh Bernard! Bernard, You're wonderful!

Lincoln pulled out the Devil's Eye Diamond and Medusa saw that Lincoln had it and she was devastated as Lincoln, Linka and Penny drove off into the Morning Sun.

Medusa: There goes my [Crying] Diamond!

The police arrived and arrested Medusa and Snoops on the spot.

As they drove up to New Orleans, they went to the Police station and reported in.

Linka: That was lucky.

Officer: What can I do for you guys?

Lincoln: Yes officer. We just rescued Penny here from Devil's Bayou.

Officer: Devil's Bayou!? That place is a death trap. Wait a minute.

The officer recognized Penny.

Officer: You're the orphan girl that disappeared from New York. Penny right?

Penny: Yes officer.

Linka: Madam Medusa kidnapped her and took her to Devil's Bayou to find the lost treasure of Captain Benjamin Hornigold. She was after the Devil's Eye Diamond.

Lincoln pulled out the diamond and the Officer was amazed.

Officer: So the Legend is real. That diamond has be worth millions.

Lincoln: More than that officer.

Linka: You must've heard the explosion from Devil's Bayou.

Officer: We heard something.

On a radio a call came in saying that they've arrested Madam Medusa and Mr. Snoops.

Officer: You were right kids. We've been after Madam Medusa for years. She and her partner Mr. Snoops are wanted for the theft of priceless treasure from pirates caves all over the Gulf of Mexico.

Lincoln: Wow! That's amazing!

Madam Medusa and Mr. Snoops were brought in and taken into custody.

Penny: That's them officers. They kidnapped me and made me find the diamond.

Linka: And we rescued Penny from their clutches.

Officer: Well I'll be. You guys saved a young life and brought her captors to justice.

Lincoln: Yeah. My name is Lincoln Loud and this is my twin sister Linka Loud.

Officer: It's a pleasure to meet you both. Madam Medusa is also wanted in Mississippi, Alabama, Western Florida, Louisiana, and Southeastern Texas.

Lincoln: Wow! She's wanted practically all over the Gulf Coast.

Officer: Yeah. You all did a great job. Louisiana owes you big time.

Lincoln: We had to do what needed to be done officer. We're glad to help.

News of Medusa's capture spread across the nation like wildfire and the Devil's Eye Diamond and the Treasure of Benjamin Hornigold were donated to the Smithsonian Institution in Washington D.C. Turns out the Simulator took Lincoln and Linka to New York and Louisiana for real.

In New York City, Penny got the best news of her life the following week. She was getting adopted into the Loud Family. This was the best day of her life.

Lincoln and Linka were given rings for Distinguished Service for their heroic deed in the capture of Medusa.

Penny was now part of the Loud Family.

Me: Lincoln, Linka I'm very proud both of you.

Lincoln: Thank you J.D.

Me: Remember this: A true hero isn't measured by the number of good deeds they've done or by the size of his strength and power, but by the strength of his or her heart.

Varie: That's right.

Lynn Sr.: We're very proud of both of you son. You all saved a life.

Penny: I can't thank you enough. Big brother.

Penny hugged Lincoln and Linka.

We were all so happy that Penny is a part of the family.

Back in Michigan I beamed the Loud House over to my Mansion and Double D helped out and built an expansion to the home.

The Knudson Estate was forever transformed into the Knudson-Loud Estate. I beamed The Santiago-Casagrande house next door to us and it was great for them.

I couldn't be anymore happier.

Medusa and Mr. Snoops were both found guilty in 5 states of numerous counts of Grand Theft (10 counts of Grand Theft each in Florida, Louisiana, Mississippi, Alabama and Texas) They were both sentenced to 300 years in Florida, 200 years in Alabama, 100 years in Mississippi, 100 Years in Louisiana, and 990 years in Texas for Grand Theft for a total of 1,690 years. In New york they were found guilty of Aggravated 1st Degree Kidnapping. They were sentenced to Life in Prison. They were also ordered to pay $10,000,000.00 in restitution.

I got a special idea for the Rescue Aid Society organization. Bernard and Ms. Bianca now live in my mansion in a special room and I built a Pneumatic Tube system for them to get to New York very quickly should they be called in.

THE END.

Another Fanfiction Done.

I wanted to do a chapter with the Rescuers. This is one of my favorite childhood movies from back when I was a kid. I've seen this movie countless times and I still remember all the fun times with this movie.

I have some more good ideas planned.

See you next time.

The Rescuers is owned by Walt Disney and Buena Vista Distribution and Wolfgang Reitherman, John Lounsbery, and Art Stevens.

# Simulator Part 10: The Treacherous Cold

Lily was is the Simulator and she was wearing a fur parka.

Me, Varie, Lori, Lana & Lola, Laney and Lisa were in the Control room.

The Simulator activated and Lily found herself in the cold of Alaska.

Lily: I'm in Nome, Alaska.

Lily had a thermometer device on her arm and it said the temperature was -35 degrees.

Lily: 35 below. That's cold.

Lily walked around and saw that no one was on the streets.

She saw the local hospital and went in. Lily saw lots of children that were extremely sick and near the verge of death.

Lily: Oh man. I'm in the 1925 Diphtheria Epidemic. Good thing I've had a Diphtheria shot.

Lily went back outside and saw the famous wolf dog Balto.

Lily: Balto?

Balto: Yeah.

Lily: My name is Lily Loud and I want to do everything I can to help the children.

Balto: I had a feeling you would. Lets go.

Balto and Lily set out to find the lost sled dog team with the medicine for the children. The hospital urgently requested more Diphtheria Antitoxin from Anchorage, Alaska. They tried to send it by sea but pack ice from the Bering Sea came in and made that impossible. They tried delivering it by plane but Blizzards and Whiteout conditions made visibility zero and grounded all planes until conditions improve. The antitoxin was shipped by rail from Anchorage to Nenana, 550 miles away from Anchorage. The Sled Dog team that was sent from Nome to Nenana had to deliver it back from Nenana, 550 miles away from Nome and 550 miles back. The Sled Dog team was 100 miles away from Nome.

They walked over lots of snow and ice. The temperature was dropping the further they went.

Balto sniffed their scent.

Balto: Come on Lily. Steele and his team passed this way.

Lily: We've got to hurry.

As Balto and Lily kept going they went through blowing snow and extreme cold.

They eventually found the lost sled dog team at the bottom of an ice hill.

Lily: There they are.

Lily and Balto slid down the hill and the dogs saw them.

Star: Balto!

Nikki: Is that?

Kaltag: Balto, how did you find us and who is she?

Balto: Is anyone hurt?

Star: We're all okay but our musher hit his head and he didn't get up.

Kaltag: And he's not moving.

Lily: Oh man. I'm Lily Loud and we came to help you.

Balto: Where's Steele?

Ronul: He abandoned us.

Nikki: Steele is a traitor!

Balto: Typical. All right lets load up. Lily you be Musher.

Lily: Okay. I'll try.

Balto, Kaltag and Star load the musher onto the sled and Balto was lead dog.

Lily checked for a pulse on the musher and he was still alive.

Lily: Balto, being part wolf may have been a weakness for some. But for you it's a great gift.

Balto: Why do you say that, Lily?

Lily: Because you have the power and the strength to help and become a great inspiration. You can do it Balto. I believe in you. All you have to do is believe in yourself.

Balto then began to realize that being part wolf is not a weakness but a powerful strength.

Lily: Ready Balto?

Balto: Ready.

Lily: What about the rest of you?

All: Ready.

Lily: All right. Mush!

---

And off they went. They were braving the treacherous conditions of the Alaskan wilderness. The temperature was -50 degrees, whiteout conditions and blizzards almost made it impossible to see ahead of them, the wind chill was -85 degrees and it was cold.

They entered a forest and saw numerous scratch marks were in the trees.

Star: There's marks all over the trees.

Lily: It must be Steele. He's trying to throw us off the trail.

Balto was sniffing the air and he found the right road and pointed with his ear to the west northwest.

Balto: This way.

Lily: Mush!

They went on and they had to cross over the Rocky Mountains.

They crossed over an ice bridge and Lily heard the bridge cracking.

Lily: Uh oh! The bridge is cracking! Mush!

They ran and got off the bridge just in time as it fell apart.

Balto: Whew! That was a close one. Good call Lily.

Lily: Thanks guys. Lets keep going.

As they kept on going Balto accidentally tickled Star's nose and Star sneezed.

Kaltag: Gesundheit.

The sneeze triggered an avalanche of snow on a nearby mountain and Lily saw it coming.

Lily: Avalanche! Mush!

They all ran and the avalanche was closing in and Balto saw a cave entrance and they went inside it.

As they went deeper and deeper into the cave they saw that it was a big ice cave.

Lily: Wow. What an ice cave.

Balto: It truely is a beautiful sight.

Nikki: Yeah.

As they walked on a drop of water landed on Balto's head and saw that the icicles on the ceiling looked like they could fall with the slightest of noise.

Balto: Shh!

Lily: (Whispering) We have to stay quiet.

They went deeper into the Ice Cave and Lily was walking beside the sled.

The sled then made a thump as it landed off a step and it made an icicle fall and it hit the arch in the sled.

The ceiling was about to fall.

Balto: Mush!

Lily grabbed hold of the sled and got on as they ran and icicles fell and Lily used her Water Powers to swat away falling icicles from the sled and medicine.

They saw the exit and a bunch of icicles broke off and they got out just in time.

---

Back in Nome, everyone thought that the medicine wouldn't get there and hope was lost. Until Balto started howling.

Lily and the team came over the hill and they saw Nome up ahead and someone had created an artificial Aurora Borealis to be used as a signal beacon.

Hope has Arrived.

Lily: There it is. Hang on Children! We're almost there!

Balto: Jenna.

The lantern at the telegraph station was lit and all the lights in the town came on and all the townsfolk came to the track and cheered wildly as Lily and the team came in and parked in front of the hospital.

Doctor Curtis Welch came out and saw Lily on the sled.

Dr. Welch: Thank you. Thank you so much miss?

Lily: My name is Lily Loud and you must be the doctor.

Dr. Welch: Yes I am. Lily. You, Balto and the Sled dogs have saved us all.

Lily: We did what we had to do for Nome.

20 minutes later, the Antitoxin was administered to the children and a man came out.

?: Lily, Balto?

Lily: Yes?

?: I'm Rosy's dad. She wants to see you both.

He took them both into the hospital and Rosy just woke up.

Rosy: Mommy?

Rosy's mom: Rosy darling.

Rosy: I fell asleep.

Rosy's mom explained what happened and Lily was invited over.

Rosy: Are you Lily?

Lily: Yes I am.

Lily sat on Rosy's bed and Rosy hugged her.

Balto got Rosy's musher hat and brought it over to her.

Rosy saw Balto.

Rosy: Balto. I'd be lost without both of you.

Lily: I'm so glad that you're okay Rosy. We had to do what we had to do.

Rosy was so happy.

---

At the White House, President Calvin Coolidge awarded Lily and Balto the Congressional Gold Medal for their heroic deed in saving all of Nome from total destruction. Even though Alaska wasn't made an official state until 1959, it was still part of the US Territories.

In a local newsstand in Washington D.C., Lily saw herself in the paper and purchased one.

A vortex appeared and she left and the exercise ended.

---

At dinner Lily revealed everything that went down and Lynn Sr. and Rita were so proud of Lily. Lily was sitting by the fireplace warming up.

Lynn Sr.: Boy I'm so proud of you Lily.

Lily: [Shivering] I h-h-had to do w-w-w-what I had to d-d-do dad. I'm so cold.

Rita: Alaska gets really cold during the winter. But you were very brave out there.

Lily: I know m-m-mom.

I walk over and put 2 blankets on her and give her a cup of hot cocoa.

Lily: Thanks J.D.

Me: No problem Lily.

Lily was shivering and really cold. But Lily is a true hero.

THE END.

Another Fanfiction Done.

I've loved the movie Balto since I was a kid. It literally was truely a masterpiece. I love Siberian Huskies, Alaskan Malamutes and Wolves. Alaska is an amazing state. I also love the Iditarod Dog Sled Races. They race 1100 miles from Anchorage to Nenana to Nome and it is truely a magnificent wonder. I brought the idea of commemorating the 1925 Serum Run and the Iditarod Races to Skycliff where I go with my friends. It is so cool.

See you next time.

# Simulator Part 11: Power of the Earth

Terra and Lynn are in the Simulator.

Me, Varie, Starfire, Raven, Laney & Crysta, Lana & Lola and Lisa were in the control room.

The Simulator activated and Terra and Lynn found themselves in a cave. It went on for miles and they trekked until they reached an enormous air pocket and it had lots of life and more.

Terra: Oh wow.

Lynn: We're in Journey to The Center of The Earth. One of my favorite stories.

Terra: Mine too.

They explored the pocket and found lots of magnificent wonders. They saw glowing blue birds, enormous fossilized mushrooms, giant plants everywhere. Even some prehistoric life.

Lynn: Terra have you ever seen a place like this?

Terra: No I haven't. But I've read alot of stories about it.

They continued to explore and they saw a vast ocean.

Lynn: Shall we cross?

Terra: Lets shall.

Terra and Lynn lifted big rocks up and they were on floating rocks and they crossed the ocean.

A blue glowing bird was on Lynn's shoulder and Terra had one too.

They got to the other side in 20 minutes and when they got there they saw mysterious blue plants on the side of the cliff and Lynn spotted a girl with red hair looking at them curiously.

Lynn: Terra, I see someone up there.

Terra: Yeah. I see her too.

Lynn and Terra climbed the cliff and saw the girl heading into a blue plant forest. This was unlike anything they've ever seen before.

Lynn: Whoa. Terra this is incredible.

Terra: Yeah. I've never seen plants like these before. But lets see if we can find that girl.

Lynn: Yeah but stay close. I have a feeling that there's something dangerous in this forest.

Terra: Yeah. I have a feeling you're right.

Terra and Lynn went deep into the Blue Jungle and it was an amazing sight.

There were blue palm trees, ferns, grass, and more.

Keeping their senses on full alert.

Unknown to them, something was watching them with Inferred Vision.

Terra and Lynn were following the forest further and further down and they saw a small village.

Terra: This must be the village where that girl came from.

Lynn: Yeah. Think they're friendly?

Terra: Lets go find out.

Terra and Lynn go into the village and they are approached by the warriors.

Terra: Whoa! Take it easy. We mean you no harm.

The Chief came out.

Chief: You talk with the language of the surface.

Terra: Yes.

Chief: What are your names?

Terra: My name is Tara Markov. But everyone calls me Terra.

Lynn: And I'm Lynn Loud Jr.

Chief: Ralna here says that she saw you two on floating rocks.

Terra: Yes. We have earth powers. Watch.

Terra and Lynn lift up some rocks and threw them into the jungle and one hits something and tumbles down a hill. It was a reptilian man.

Terra: That is one ugly man.

Chief: He is one of the Solaroids.

Lynn: Solaroids?

Chief: Yes. They are evolved ancestral life forms. They hunt by the fire of our bodies.

Terra: They hunt by seeing our heat.

Chief: Yes. Our tribe is at war with them. We've been at war with them for centuries.

Lynn: That's a long time.

Chief: It is.

The Solaroid suddenly woke up and Terra kicked it in the back and Lynn and Terra fired beams of yellow energy and pinned it to the wall and it turned it completely to stone.

Lynn: Whoa! We just petrified it.

Terra: Yeah. I didn't know we could do that.

Chief: You both are indeed very powerful.

They celebrated a feast in their honor 20 minutes later.

There was tribal dancing, singing and more.

Terra: So chief how did you all come here?

Chief: That was a long time ago Terra. It was because of an event call the Spanish Conquest.

Terra: That was back 500 years ago.

Chief: Yes. Our people were dying and when we tried to do human sacrifices to appease the gods it only made things worse. We are what's left of the Mayan's, Incan's and Aztec's of Central and South America.

Terra: But that's impossible! The Mayan's, Incan's and Aztec's were all wiped out by extreme drought, and deforestation back 500 years ago during the Spanish Explorer era.

Chief: That's correct. Because of that and with the arrival of Spanish Explorers we all had no choice but to go deep underground in exile. Never to return.

Lynn: So you went into hiding out of fear?

Chief: No. We did everything we could. But it wasn't enough.

Lynn: It sounds like you all have been around during that time.

Chief: That's correct. These blue plants here have a special property that grants immortality. We have been here for over 500 years.

Terra and Lynn were amazed.

Terra: Wow. That's incredible.

Lynn: That is amazing.

Chief: It is.

Terra: I have so many things I want to know. Have there been any other people besides us that have been here?

Chief: Yes. There is. A girl explorer arrived before you did. She went to that pyramid over there.

The Chief pointed to a pyramid off in the distance.

Terra and Lynn levitated two rock chunks and floated on them and they saw the pyramid.

Terra: That pyramid over there?

Chief: Yes. It's in Solaroid territory.

Terra: Lynn, we got to go see that pyramid.

Lynn: Right.

Terra: Chief, we're gonna go check out the pyramid.

Chief: Be careful my friends.

Terra: We will.

Terra and Lynn were off and they went into the pyramid and saw some incredible statues and hieroglyphics.

Terra: These Hieroglyphics all tell a story.

Lynn: What do you think they say?

Terra: I'm no archaeologist but lets see here. It says "Long ago when the great asteroid crashed into the Earth, many of our ancestors were destroyed and our race went deep underground. We continued to evolve into the people called Solaroids and have lived here ever since the great asteroid."

Lynn: Whoa. So the Solaroids are the descendents of the Dinosaurs from the Chicxulub Extinction.

Terra: It would appear so.

Lynn: So these Hieroglyphics tell us about the history of the Solaroids.

Terra: Yes. The asteroid that killed the dinosaurs slammed into the Yucatan Peninsula in Mexico 65 million years ago.

Lynn: There has to be some kind of connection between the Solaroids and the Mayan's, Incan's and Aztec's that live here.

Terra: There might be. But who knows?

Lynn: Look at this one. What can you make of this one?

Terra: Lets see. It says "We had dug up the asteroid that destroyed our ancestors and found a mysterious crystal inside it that contains a powerful energy that makes us immortal and invincible. We built this pyramid to protect it and the statue that houses it is full of dangerous traps."

Lynn: So the Solaroids have this crystal and the Mayan's, Incan's and Aztecs have the blue plants.

Terra: Yeah. This is so strange.

Terra and Lynn continued exploring and in the main room of the pyramid they saw a huge statue with a big red Crystal in the claws.

Lynn: That is a huge crystal on that statue.

Terra: Yeah. I've never seen a crystal that big.

Lynn: What do you think that is?

Terra: If I had to guess I'd say that's the crystal from the asteroid that crashed into the Earth 65 Million years ago.

Lynn: Wow. It's beautiful.

Terra: Yeah.

The red crystal glowed and fired two beams at Terra and Lynn and it hit them and they somehow got an immense power boost.

Terra suddenly sprouted angel wings.

When it died down Terra and Lynn got up.

Terra: Wha? What happened?

Lynn: I don't know Terra. [Sees Terra's wings and Gasps] Terra you have wings.

Terra saw them.

Terra: [Gasp} I do!

They heard a voice cry out for help.

?: Help!

Terra: Sounds like someone's in trouble.

Lynn: It's coming from down over there.

Lynn pointed to a room with sand waterfalls.

Terra: Lets go!

They flew over and in the room they saw a blonde hair girl sinking in quicksand.

Terra: Hang on! Stay calm and don't move!

Terra and Lynn flew over to her and grabbed her hands.

Terra: Pull!

They pull her out and carry her back to the statue.

Terra: Are you alright?

?: [British Accent] Yes thanks to you.

Lynn: You must bt the explorer we heard about.

?: Yes. My name is Gabrielle. I don't have a last name because I'm an orphan.

Terra: Oh no. I know how you feel. My name is Tara Markov but everyone calls me Terra.

Lynn: I'm Lynn Loud Jr. Call me Lynn.

Terra: How did you lose your parents? I'm sorry if it's too painful to talk about.

Gabrielle: No it's alright. My parents died in a tragic fire. I had no one to turn to.

Terra: That's terrible. I know how you feel. My entire country was destroyed in a destructive war. My people are all gone. I am the lone survivor of the Markovia Genocide.

Gabrielle: I'm so sorry Terra.

Terra: It's okay. I have lots of great friends that call me part of their family.

Gabrielle: That's good news.

Lynn: What are you doing in this pyramid?

Gabrielle: I was looking for that red crystal.

Gabrielle pointed to the crystal.

Terra: That's the Chicxulub Heart. It's a crystal that was inside the asteroid that destroyed the dinosaurs 65 million years ago.

Lynn: The Solaroid's found it and they keep it here in this pyramid.

Gabrielle: That's incredible.

Lynn: We got hit by beams of light from it and it affected our powers somehow.

Terra: I got wings.

Gabrielle: I didn't know it could affect you like that.

Lynn: Me neither.

The Crystal fired another beam and it hit Gabrielle and she got angel wings too.

Terra: Gabrielle you now have angel wings!

Gabrielle saw the wings.

Gabrielle: I do!

A bunch of Solaroids came in and with them was their leader, the King of the Solaroids.

King Solaroid: **You Humans have tainted our sacred pyramid!**

Terra: We did no such thing. We went to find Gabrielle here and we saved her.

King Solaroid: **Kill them!**

All his soldiers charged and Terra and Lynn caused a wave of Lava to explode out of the ground and it melted some them.

Gabrielle flew into the air and fired lightning at the Solaroid King and he ran away.

Terra: You've been given lightning powers Gabrielle.

Gabrielle: I sure have.

They left the pyramid and went back to the Mayan's village and revealed everything.

Chief: I see. I find this hard to imagine. But it's good you all came back safely.

Terra: Me too Chief. I wish we could stay but we got to get back to the surface.

Chief: I understand. Travel safe my friends. Maybe one day we will meet again.

Lynn: I have a feeling we will someday.

Terra, Lynn and Gabrielle left for the surface and a dimension vortex appeared and they went in and the exercise was done. Gabrielle was adopted into the Knudson-Loud Family.

THE END.

I wanted to add a special Journey to the Center of the Earth theme. This style was a fusion of 1999 and 2008's versions. The one from 1999 was a 3 hour 2 part miniseries that showed on NBC. The one from 2008 had Brendan Fraser and that one was cool. I've loved Journey to The Center of the Earth ever since I was a kid. My favorite one was the original movie from 1959 with James Mason, Arlene Dahl, Pat Boone and Peter Ronson. That movie was filmed in Carlsbad Caverns National Park in New Mexico. It's one of my dads past movies from when he was a kid. I hope you guys like it and tell me what you think.

See you next time.

Journey to The Center of The Earth from 1999 belongs to Thomas Baum and Hallmark Entertainment

Journey to The Center of The Earth from 2008 belongs to Beau Flynn, Walden Media and New Line Cinema.

Journey to The Center of The Earth was made by Jules Verne.

# Simulator Part 12: Humans & Dinosaurs

Me, Fu, Lincoln and Laney were in the Simulator.

Varie, Starfire, Jessie, Padme, Anakin and Lisa were in the control room.

The Simulator Activated and we found ourselves in a prehistoric landscape.

Me: Oh wow. We're in the Land Before Time.

Lincoln: This is one of my favorites.

Laney: Mine too.

Fu: I've heard about these movies. They were awesome. What year does this all take place?

Me: From the looks of things Fu, I would have to say about 100 million years ago.

Laney: It's a magnificent wonder.

As we walk around we heard some screaming and we saw a young apatosaurus and triceratops and a human girl being chased by a huge Tyrannosaurus.

Me: That's Littlefoot and Cera.

Laney: Who's that with them?

Fu: I don't know. But that Tyrannosaurus is malevolent. The Murderous Intent coming off of him is unbelievable.

Me: I remember him. That's Sharptooth.

Lincoln: Oh no. I remember this. Littlefoot's Mother fights Sharptooth and is wounded badly.

Me: Come on.

We ran to the fight and Littlefoot's mom hit Sharptooth with her tail and he went into a cliff wall with huge force. As Littlefoot's Mother, Littlefoot, Cera and the girl were trying to get away, Sharptooth jumped into the air and as he was about to land on Littlefoot's mother's back, I punched Sharptooth in the face and sent him flying down a hill and we ran to safety. Fu and Lincoln fired bolts of lightning and electrocuted Sharptooth. Fu now has sprouted butterfly wings.

Me: Are you all alright?

?: Yes. Thanks to you all.

Without warning a massive earthquake rattled the land.

Laney: An earthquake!

The earthquake measured at 10.8 on the richter scale. It was so strong that it tore some of the land apart.

Sharptooth got up and tried to chase the girl, Littlefoot and Cera and they were running up a crumbling cliff and the girl fired an arrow into Sharptooth's left eye.

Me: Wow. Good shot.

Littlefoot's mother whacked Sharptooth and he fell into a deep canyon that was as deep as a mountain.

Laney rescued the girl and we got to safety again.

The destruction the earthquake was causing was terrible. Mountains were upheaving, canyons were forming, cliffs were rising and more. The families and heards were greatly affected. Families and heards were separated and divided. Littlefoot, his mother and cera were separated from their heards and parents.

When the earthquake stopped we regrouped and set up camp.

Me: Are you all okay?

Littlefoot: Yes. Thanks to you all and Aylene here.

Me: I'm glad. We should introduce ourselves. I'm James Knudson. But everyone calls me J.D.

Aylene: I've heard about you. You moved to Royal Woods after winning all that money. Sorry I'm Aylene Carter. I moved to Royal Woods 2 months ago.

Me: I thought you looked familiar. I saw you at my school a while ago. It's a pleasure to meet you.

Lincoln: My name is Lincoln Loud. It's a pleasure.

Fu: My name is Fu. I don't have a last name. I'm a ninja.

Aylene: Neat.

Laney: My name is Laney Loud. I'm one of Lincoln's 14 sisters.

Aylene: Wow! You have a big family.

Littlefoot: My name is Littlefoot and I'm a Longneck.

Cera: I'm Cera, a Threehorn and Threehorns never play with Longnecks.

Sona: And I'm Sona, Littlefoot's mother.

Me: It's a pleasure to meet you all. Why was Sharptooth after you all?

Sona: Sharptooth is known as the Walking Terror. No one knows why he became like this and he has killed anyone that got in his way.

Me: Whoa. You guys are very lucky to escape him.

Fu: Aylene how did you get here in the time of the dinosaurs?

Aylene: It was because of my necklace. It's called the Time Stone.

Me: That's cool. Let me check here.

I pull out my legends book and found the Time Stone.

Me: Here it is. It says here that the Time Stone was forged from a human that went to the age of the dinosaurs under mysterious circumstances. The woman's name is Elaine.

Aylene: That's my grandmother. She's been here before?

Me: That's what it says in the book and it appears so. Only a worthy bearer can possess its power and can travel to and from their own time to this time.

Aylene: Incredible.

Littlefoot: So humans have been here before?

Aylene: I think so.

Me: Where are you all trying to go?

Sona: We're are heading to the Great Valley. It is filled with lots of good food, fresh water and many of our kind.

Me: Wow.

Sona: We have to follow the Sun passed the Great Rock that looks like a longneck and passed the mountains that burn.

Me: It sounds like a long way.

Fu: But we will help you get there.

Aylene: You will?

Lincoln: Sure. Friends always are there for eachother.

Laney: Yeah.

Cera: Okay.

Littlefoot: Lets do it.

The next morning the 5 Humans and the 3 dinosaurs set off for the

Great Valley.

Fu: Aylene? How do you like it in Michigan?

Aylene: It's totally different than where I used to live Fu. My family and I moved in with my Grandparents. We used to live in Charleston, West Virginia. Michigan is totally new to me.

Me: I know how you feel Aylene. Michigan was new for me too. But I met Lincoln and his sisters and we've developed a very strong bond.

Lincoln: J.D. is like a big brother to me and he is a great friend.

Aylene: That's awesome.

Laney: You have a good shot in archery too, Aylene.

Aylene: Thanks Laney. Oh. I saw you and Fu shoot Lightning from your hands Lincoln. How did you do that?

Lincoln: I have Lightning Powers.

Fu: And I have Lightning Magic.

Aylene: Cool! Fu can you teach me how to do Lightning Magic?

Me: I have the perfect magic for you.

I pull out a book on Fire Magic.

Aylene: Fire Magic? Neat.

Aylene studyed the book.

We arrived at a small lagoon by a lake to rest.

Me: Cera why can't Threehorns play with longnecks?

Cera: I don't know. My dad never really told me the reason.

Fu: That's strange.

Lincoln: If you ask me, I think being with only one of your kind doesn't seem very fair.

Cera: I agree with you Lincoln.

Sona: I'll try to see if we can get together.

A swimmer jumped out. It was Ducky.

Ducky: Hello.

Me: Oh hello.

Ducky: What are you all doing?

Me: We're resting before we continue on to the Great Valley.

Fu: Have you been separated from your family too?

Ducky: Yep. I lost my family in the big earthshake.

Lincoln: Oh no.

Laney: I'm sorry.

Aylene: The earthquake took your family away too? That's terrible.

Sona: I'm sorry little one.

Littlefoot: You want to go with us?

Ducky: Yeah! Oh. Oh yes, yes, yes. I do. I do.

Sona: All right but you have to keep up.

Ducky: I will keep up. I will.

After they introduced themselves they continued on.

Along the way they met an aerophobic Pteranodon named Petrie and a baby Stegosaurus Ducky named Spike.

There had never been such a heard before. 5 humans, 2 Longnecks, a Swimmer, a Flyer, a Threehorn and a Spiketail all together.

After having some food they rested for the night.

In the morning Cera woke up and heard a Tyrannosaurus roar.

I heard it too.

Me: It can't be.

I fly up and I see Sharptooth alive.

Me: Guys wake up! It's Sharptooth! He's still alive!

We ran and got away from him.

Me: [Panting] That was close.

Aylene: How could Sharptooth have survived a huge fall like that?

Lincoln: I don't know.

Littlefoot: I don't know but we're safe now.

Sona: Thank goodness.

They wound up at a sight they were supposed to go to.

Littlefoot: Hey. It's the rock that looks like a Longneck.

Me: One of the landmarks we're supposed to go passed in order to reach the Great Valley.

Aylene: We're on the right track.

Sona: Yes we are.

We climbed up a rocky hill and we saw a huge canyon.

Me: This place is creepy.

Aylene: Hey look. Those footprints.

Lincoln: These tracks belong to other dinosaurs.

Littlefoot: You're right Lincoln.

Me: We're getting very close.

Sona: We still have to pass the Mountains that Burn.

We pressed on and we arrived in a big volcano field.

Me: These are the Mountains that Burn? This is a volcano field.

Aylene: Yeah. This place is really dangerous.

Sona: Everyone stay together. We can't get separated.

Aylene: Okay Mrs.

Littlefoot: Yes mother.

We made it passed the Volcanoes and crossed a big pond but then we heard a familiar roar.

Petrie: AAAHH! SHARPTOOTH!

We hid behind a rock and Sona hid in the mountains.

Littlefoot: It's Sharptooth all right.

Aylene: He must've followed us.

Cera: Of course he followed us! I told you: once Sharptooth chooses his prey, he won't stop until he gets it!

Aylene: Oh I believe you on that one.

Me: I don't know about you guys but I have had it with this creep.

Fu: Me too.

Littlefoot: Lets get rid of him once and for all.

Aylene: I'm with you Littlefoot.

Me, Fu, Lincoln and Laney agreed.

Cera: Are you guys crazy?! No one has ever defeated Sharptooth before! Sure we've managed to escape from him, but that was mostly pure luck! We should just find a way around him.

Me: No. If we do that he'll just continue to chase us, even if we get to the Great Valley.

Aylene: I agree with you J.D. and frankly, I'm sick of this monster. I'm not going to let him hunt us down anymore.

Fu: Me neither.

Lincoln: If we work together, I'm sure we can defeat him.

Laney: Yeah. There's strength in numbers.

Ducky: But what'll we do?

Littlefoot scanned the area around them. Once he had a good view of what was available to them he got an idea.

Littlefoot: Look. We'll coax him to the deep end of the pond. He can't swim with those scrawny arms. Cera, Spike and I will go up there and push that big rock on top of his head and then he'll fall off into the water.

Me: Good plan Littlefoot. The rest of us will provide cover fire.

Aylene: Good idea. Petrie, you whistle when he's just at the right spot: where the water gets dark.

Petrie: You can count on Petrie.

Cera: What about you Aylene?

Aylene pointed to a ledge just above the pond. It was the opposite of the ledge with the boulder that Littlefoot was planning to use.

Aylene: I'll station myself up there and cover you guys with my fire magic and arrows. If Sharptooth attacks you, we'll distract you.

Me: Good idea, Aylene. Me, Fu, Lincoln and Laney will provide aerial cover fire.

Littlefoot: Perfect. Now we just need some bait.

We all turned our heads to Ducky.

Ducky: ME?! Oh no! No, no, no, no! No, no, no, no!

Cera: Relax, Ducky. All you have to do is lure him out here and we'll take care of the rest.

Aylene: Besides, once you get out here, you'll be in your element. You can swim and he can't. You'll have the advantage.

Aylene looked out from behind the rock and saw that Sharptooth was climbing up higher toward the peak of the small mountain. She followed the line of his intended direction and saw a black opening in the side of the mountain.

Aylene: Looks like he's heading for that cave, If we're going to do this, then we better get ready while we can.

Lincoln: Okay. Operation: Destroy Sharptooth Once And For All, is a go.

Me: Lets do it.

Cera: Wait. Where's Littlefoot's mom?

Me: Oh she's over there.

I pointed to where she's hiding.

Me: Okay. Lets go.

Ducky was all alone as she made her way up towards the cave where Sharptooth had just entered. Keeping herself in the shadows, she tip-toed to a rock big enough to hide herself and ducked down.

She shivered and crouched as Sharptooth suddenly stopped and growled. She peeked over the rock and noticed that he was looking in the opposite direction. She knew she had to get him out of the cave and down near the pone where the others were waiting. The question was how to do it without becoming his next meal.

She took a deep breath and prepared to do something that would be considered desperately stupid.

Ducky: AAAAAHHHHH!

She quickly fell behind the rock again as her scream caught Sharptooth's attention. He jerked up in alert and began to scan the cave.

Shivering and her heart pounding hard, Ducky peeked over the rock again. This time Sharptooth was gone. She didn't hear him make any steps, but he had somehow snuck away. She began to listen for him, but the sound she heard was water dripping down from the ceiling.

She thought that Sharptooth had just vanished. As she stepped back slowly she was losing her nerve and decided to leave. When she was about to turn…

BOOM!

Sharptooth had leapt behind the little Swimmer from out of nowhere!

Ducky ran and they both slid down the slope and she and Sharptooth crashed into the Shallows of the pond.

Ducky swam underwater and hid under some rocks.

Petrie gave the whistle to alert Littlefoot, Cera and Spike that Sharptooth was where they needed him to be. After about four tries he finally succeeded.

Littlefoot, Cera and Spike started pushing.

I fired a a red beam of light and it hit Sharptooth in the side and burned him.

Me: Take that!

Fu fired a lightning bolt and it him in the mouth and made his jaw hang open numb.

Aylene fired a stream of fire and it hit him in the leg and burned him.

Laney entanged Sharptooth in bramble vines that were sharp and they were hurting him like crazy.

Sharptooth's tail hit the rock Aylene was on and nearly knocked her off.

But she got back on and she saw that Littlefoot, Cera and Spike had almost pushed the rock off.

Aylene was looking at the intense battle with terror and knew she had to do something or it would spell disaster for her friends. She got to her hands and knees, Shook her head and looked up fearfully and saw the situation. She had to do something and she had to do it now.

Aylene: I promised!

She desperately reached deep inside and seized her inner strength.

Aylene: I PROMISED!

She grabbed her bow, quickly stood up took out an arrow and strung the arrow with all the strength she had.

Sharptooth was in just the right position she needed to make this shot work. She only has one chance at this. She had to make it count.

Aylene: SHARPTOOTH!

Sharptooth turned in her direction and she released the arrow and it hit it's target.

Right through Sharptooth's heart.

Me: Bullseye!

Lincoln: Yes!

Laney: All right Aylene!

Fu: Way to go!

Sharptooth let out a howl of pain and the monster staggered. Littlefoot, Cera and Spike pushed the rock off the ledge and it hit Sharptooth in the head. The T-Rex's life was just about drained.

Me: Laney, now!

Laney: You got it!

Laney lifted Sharptooth up with her vines and threw him into the water with a tremendous splash.

We all watched as Sharptooth sank down to the bottom of the pool. As the giant ripples faded, there was a stream of dark red emerging from the depths.

Me: We did it. We won!

But then the sound of crackling was heard and I saw the rock Aylene was standing on beginning to topple. The rock tipped over and Alene plummeted into the water along with the ledge disappearing under the surface.

All: AYLENE!

We all raced towards the pool and Sona came out.

Cera: Can Aylene swim?

Littlefoot: I don't know! I hope so.

Aylene's bow was floating on the surface. But there was no sign of Aylene herself. Sadness began to grow as we thought we lost her.

But suddenly, from the center of the pool, small bubbles began to form. With each second more and more appeared. We all stepped back fearful about what might come from those bubble.

Finally to our amazement, Aylene bursted out of the water like a mermaid and gasped for air.

Me: Aylene!

Laney: She's alright!

We all cheered for joy and relief as Aylene grabbed her bow and swam to shore. When she got there, she crawled out, coughing up water and struggling to fill her lungs with air again.

Me: Aylene!

I hugged her.

Me: Thank goodness you're alive!

Aylene: Of course… I'm alive. [Shivering] It'll take more… than a drop in the water… to keep me down.

Littlefoot: We're so glad you're alright. You had us worried there.

Aylene: I'm sorry.

Aylene embraced all of us.

Aylene: I'm just glad you're all okay.

Lincoln: Me too.

Cera: What about Sharptooth?

Aylene: He's dead. I saw him sink to the bottom. He won't be troubling us anymore.

We went to the cave in the mountain to rest for the night. At long last: Sharptooth, the "Walking Terror" of the land, was finally defeated.

The greatest miracle was that Petrie can now fly.

The next morning we continued on and we went up a hill and we saw an enormous landscape. Just below them was a huge valley with lush green meadows, lots and lots of trees of varying sizes, and several waterfalls flowing down crystal blue rivers and streams. A sweet, heavenly smell of wildflowers swept up in the wind as if to welcome them to their new home.

It was the GREAT VALLEY.

Littlefoot: The Great Valley!

Me: We found it!

Cera: We sure did!

Ducky: Yep, yep, yep!

Sona: Welcome home everyone.

Littleffoot: We did it! We did it together!

We rushed down the cliffs and spread out.

Ducky and Spike headed straight towards a stream of fresh water and plunged in.

?: Ducky, is that you?!

The little swimmer snapped her head up and looked at the voice that called her name. Happiness rushed through her as she saw her mother and siblings near the edge of the river. She had found her family and they were safe.

Spike skidded to a stop near the family of swimmers and smiled.

Ducky: This is our new brother Spike!

Spike was adopted into Ducky's family.

Petrie flew up to the top of the trees and found his mother as well as his siblings. All of them were safe and sound.

Petrie: Mama! I a flyer!

Petrie's mom caught him as he flew into her arms and embraced him with joy and happiness. The flyer's siblings all cheered as they all saw that their brother had finnal returned.

Cera: Daddy!

Cera's Dad: Cera?!

Cera raced straight through a patch of flowers and when she reached her father, he looked at her with astonishment. He then gave a genuine smile and lovingly nuzzled her, and she returned the gesture.

Me, Fu, Aylene, Lincoln, Laney, Sona and Littlefoot found Littlefoot's Grandma and Grandpa.

Littlefoot: Grandma! Grandpa!

Both: Littlefoot! Sona!

Littlefoot's grandpa and grandma were happy that they were both alright.

Littlefoot: Aylene, J.D., Fu, Lincoln and Laney helped get us both here.

We bowed modestly.

Me: We we're happy to help.

Grandma: Thank you so much.

Aylene: You're welcome.

I revealed how to use the Time Stone for Aylene and it proved to be a way to travel back and forth from our world to the age of the dinosaurs.

A vortex appeared and sucked Me, Fu, Lincoln and Laney in and the exercise ended.

Surprisingly I discovered that Aylene and her family live right next door to us.

Me and Varie walk over and she saw me.

Aylene: J.D.!

She hugged me.

Me: I didn't know you live right next door to me, Aylene.

Aylene: Neither did I. [Sees Varie] Oh, I don't believe we met.

Varie: My name is Varie. I'm J.D.'s fiance.

Aylene: Congratulations you two.

Me: Thank you.

Aylene: Let me introduce you to my family.

Aylene took me and Varie into her huge mansion.

Aylene: J.D., Varie, This is my father Jonathan.

Me: Pleasure to meet you.

Varie: Same here.

I shake his hand.

Jonathan: Likewise J.D. I've heard so many big things about you.

Me: I can tell alot of people have heard about us.

Aylene: This is my mom, Elinor.

Varie: It's a pleasure.

Elinor: Same here. Are you and J.D. close?

Me: We are engaged and we have 10 years to prepare.

Jonathan: Congratulations you two. You have alot of planning.

Me: I know.

Aylene: This is my brother Derek.

Me: I know your brother. We go to gym class together.

Derek: Yeah. J.D. and Varie are truly a force to be reckoned with.

Aylene: That's cool. These are my grandparents Elaine and Richard.

Me: It's a pleasure to meet you both.

Elaine: Same here J.D.

Aylene: Grandma, we need to talk. You, Me, and J.D.

Me: Varie can come too.

In Aylene's room, Aylene told Elaine what happened with her in the Dinosaur World and how we all defeated Sharptooth.

Elaine: Did you say his name was "Sharptooth"?

Me: Yeah we did. Did you encounter him before?

Elaine: Just continue on. I'll tell you once you are done.

Aylene continued on with her story. She told her how we met, Sona, Littlefoot, Cera, Petrie, Ducky and Spike, our Journey to the Great Valley, our Encounters with Sharptooth, and how we defeated Sharptooth for good.

Aylene: After that, we found the Great Valley and the Time Stone allowed me to come home.

Elaine was bewildered and amazed.

Aylane: Grandma?

Elaine: Aylene, you, J.D. and your friends are going to become legends in that world.

Aylene: What do you mean?

Elaine: Sharptooth has plagued that land for many years. Many have tried to take him down. But they were unsuccessful. That is until now.

Me: Whoa. I had no idea Sharptooth was that ruthless.

Varie: Me neither.

Aylene: How do you know that?

Elaine: Because, I fought Sharptooth before.

Aylene gasped.

Me: I did not know that.

Elaine: Yes. When I was a little bit older than you Aylene, my dinosaur friend - who was a Diplodocus - and I tracked Sharptooth down and found him attacking the Great Valley.

Aylene was shocked. Sharptooth had been to the Great Valley before?!

Elaine: It was a long battle, but I managed to get a few shots in him and my friend managed to knock him down into the gorge.

Me: Wow. That's incredible. So we aren't the only ones that went to the Dinosaur world.

Aylene: Yeah. But wait, I didn't know you knew archery.

Elaine: Believe me, you didn't just get your skills from grandfather.

Aylene: Does grandpa know about this?

Elaine: No. I met him after all these events happened. I have thought about telling him several times, but I just never knew how. Plus, I can't exactly show him either.

Aylene: Why not.

Elaine: When my friend and I found out that Sharptooth was still alive, we planned to track him down and defeat him once and for all. Although he was injured from our previous battle, he was still a threat to that world. But before we could do anytrhing, the Time Stone stopped working for me. I couldn't go back no matter how hard I tried. The only thing I could think of was that I had become too old or that… it was time to pass the stone onto the next successor.

Me: And we helped Aylene after she arrived there and helped her, Littlefoot, Cera, Ducky, Petrie and Spike defeat Sharptooth once and for all. Finishing what you couldn't accomplish.

Elaine: That's right. And I am truely grateful for that.

Aylene: I know how you feel grandma.

Elaine: Oh Aylene, you're still young. The Stone should still work for you.

Aylene: What, Really?!

Elaine: I didn't just use the Time Stone once, you know. I may not know why it stopped for me, but you should still have the ability to use it.

Elaine taught Aylene to use the command "Portal Open" and it will help her get to the Dinosaur World and back.

Aylene now called that world **The Land Before Time.**

THE END.

Another fanfiction completed.

I wanted to do a Land Before Time themed chapter. I've known the Land Before Time since I was a little kid and it was one of my first movies as a child. The sad part with Littlefoot's Mother dying was really sad. So I made it turn out differently. Also her name was never revealed in the series so I made one up. I got permission from EliseLowing to use her OC Aylene in my stories. Thank you for that Elise. You Rock.

I'm going to add more adventures with Aylene in the future.

See you next time.

The Land Before Time series is owned by Don Bluth, Amblin Entertainment, Universal Pictures, Steven Spielberg and George Lucas.

# Simulator Finale: The Dark VS Evil

Lucy was in the Simulator.

Me, Varie, Lori, Lynn Sr., Rita, Lori, Laney & Crysta, Aylene, Starfire, Raven, Silas and Lisa were in the control room.

The Simulator activated and Lucy found herself in a Parking Garage.

She walked around and she heard someone screaming.

Lucy turned the corner and saw a girl being pulled into a puddle.

Lucy: I'm in Poltergeist III. Wicked. That's Carol Anne Freeling!

Carol Anne: Hurry! Help me!

Lucy: Hang on!

Lucy spread her black angel wings and flew to her and grabbed her hand and pulled her out of the puddle.

Lucy: Carol Anne, hang on to me and don't let go.

Carol Anne: Okay.

Lucy fired black lightning at the puddle and out came the spirit of Henry Kane, an insane priest and leader of a 19th Century Satanic Utopian Cult that wants to destroy the world.

Lucy: Henry Kane.

Kane: Yes. How did you know my name?

Lucy: I have my sources.

Kane: Carol Anne, don't be afraid. You are the only angel who can lead us into the light.

Carol Anne: No! You only want to use me for evil!

Kane: I don't want to hurt you.

Lucy: I won't let you have her you monster!

Lucy then pushed her bangs back and revealed that she had red evil eyes!

Lucy: You want to get to Carol Anne, you got to go through me.

Me: Whoa! I didn't know Lucy had Red Demon eyes.

Laney: That's the reason why she hides them? I had no idea.

Silas: Lucy's eyes are beautiful.

Lynn Sr.: The reason we grew her bangs out was because her eyes… [Terrified] Really scared us!

Rita: They could give you nightmares for life!

Me: I don't think that at all. Lucy's eyes could literally scare the living daylights out of the most evil of people.

Varie: I agree.

Aylene: Me too. I think Lucy is gifted in all things that are dark.

Lori: You guys really care for all of us.

Laney: Yeah. I don't care if Lucy has red scary eyes. I think they're perfect for her.

Silas: Me too.

Starfire: Friend Raven, Lucy is very talented in the Dark Arts. Isn't she?

Raven: She's more than that Star. She has lots of unique powers that make her very special to the family.

Aylene: I agree Raven.

Me: Me too.

Varie: Same here.

Lucy was ready to face Kane.

Lucy: Kane, you're crimes against the world and the Spirit World will never be forgiven. You will pay for everything you've done.

Kane: I'm not afraid of you.

Lucy: You should be.

Lucy fired a black fireball at Kane and it hit him in the leg and burned it off and he screamed in pain.

Kane: How? I'm dead.

Lucy: My powers can kill a spirit.

Kane growled and regrew his leg and vanished. But Lucy's demon eyes glowed and she saw him trying to get behind her and grab Carol Anne.

Lucy grabbed Kane's hand and he was still invisible.

Lucy: Nice try Kane.

Kane: How? No human can grab a spirit.

Lucy: Guess I'm special.

Lucy threw Kane into the wall behind the puddle and fired Black Lightning and electrocuted him.

Kane got up and he was infuriated and he changed into his true form.

Lucy: You are really a monster Kane.

Kane roared and Lucy fired a Black Fireball and it hit his head and blew it off.

Lucy: You are going back where you belong you monster!

Lucy fired a huge blast of black fire at Kane and it started ripping him apart. Carol Anne put her hands on Lucy's shoulders and concentrated and it made Lucy's powers stronger.

Bruce Gardner, Pat Gradner, Donna Gardner, and Tangina Barrons arrived.

Lucy: Join your hands and channel your power into me. Come on, the fate of the world depends on it!

Tangina: She's right. Lets go.

Bruce, Pat, Donna and Tangina put their hands on Carol Anne's shoulders and concentrated and it made Lucy's power stronger than ever and Kane was forever obliterated completely.

Lucy: Enjoy oblivion Kane. You're finished forever.

Lucy, Carol Anne, Bruce, Pat, Donna and Tangina killed Kane.

Lucy turned to them and smiled.

Carol Anne hugged Lucy and cried hard into her.

Lucy comforted her and Carol Anne and her family were finally free of Kane and his evil forever.

In Carol Anne's room, Carol Anne decided to reveal the truth.

Carol Anne: The truth is I've actually had an encounter with Kane before.

Lucy: When was this Carol Anne?

Carol Anne: It was 6 years ago. My family used to live in Cuesta Verde in California. It was a good time for me, my brother Robbie, My big sister Dana, and my mom and dad. But Cuesta Verde had a dark secret. It was built over a cemetary and the bodies were never moved. A storm rolled in and me and Robbie were in bed with mom and dad. The TV was done broadcasting for the night and I heard some voices calling me. I touched the television screen and a ghostly figure came through our TV and went into our house.

Strange things happened. During another storm, A tree came to life and took my brother and I was taken into the spirit realm through my closet.

Tangina: Yes. I remember that. I assisted a team of Parapsychologists and saved Carol Anne that night.

Carol Anne: But then our house got destroyed and we went to live with my grandmother. But Kane found us and he would not stop tormenting us. I was sent to live here in Chicago.

Lucy: That's terrible Carol Anne. I'm glad Kane is gone forever.

Pat: Me too. He sounded extremely evil.

Bruce: Yeah. You saved Carol Anne and you may have saved everyone. But we never got your name.

Lucy: Oh I'm sorry. My name is Lucy Loud.

Carol Anne: How are you able to communicate with spirits, Lucy?

Lucy: I have heightened Spiritual Awareness and I can see, talk, and hear the dead and I was given special powers that can kill ghosts.

Tangina: You are truely one talented girl Lucy.

Lucy: Thank you Tangina. I'm glad I was able to help out. But what happened to Carol Anne's Mom and Dad?

Pat: Diane and Steven were both found to be insane and were sent to an insane asylum.

Bruce: Robbie and Dana were placed into the foster care system.

Lucy: Whoa. That's bad. Carol Anne, I'm sorry.

Carol Anne: It's okay, Lucy. Thank you for your concern though.

Lucy: You're welcome. Carol Anne, I hope all this doesn't scar you for life now that Kane is gone.

Carol Anne: I have a feeling it will. I've been through so much over the past 6 years.

Lucy: I wish there was something I can do to help.

The lights started flickering.

Pat: Is that Kane again?

Lucy: No. This is someone else.

A light came in and it was the spirit of Carol Anne's Grandmother, Jessica Wilson.

Pat: Mom.

Carol Anne: Grandma!

She hugged her and cried.

Jessica: You've grown so much Carol Anne. I'm very proud of you. It's thanks to you and Lucy that we can now rest in peace.

Carol Anne: I know Grandma. I miss you so much. But Kane destroyed my family.

Jessica: I know. He ruined our lives. But he's gone now and he will never terrorize our family again.

Carol Anne: I know. But I miss everyone.

Jessica: I know. [to Lucy] Lucy, you have saved not just my family but the entire afterlife.

Lucy: I'm glad I could help out Jessica.

Pat: Mom. I miss you so much.

Jessica: I know Pat. I miss you and Diane too. Donna, You are growing up really fast. I wish I could see how you will progress.

Donna: Me too grandma. We all miss you.

Jessica: I know. Carol Anne? You are a strong girl and never forget that I will always be with you. I will never leave you wherever you go.

Carol Anne: I know. Thank you Grandma. I love you.

Jessica: I love you too. I have to go now. Never forget that I will always be with you.

Carol Anne: I won't grandma.

They hugged one last time.

Jessica: Take care of Carol Anne, Pat.

Pat: I will mom. I love you.

Jessica: I love you too Pat.

Jessica then vanished and went back to the Afterlife.

Me: That was beautiful.

Varie: I'm glad that everyone can rest in peace now that Kane is gone forever.

Aylene: Me too. Carol Anne and her family have been through so much.

Raven: Kane deserves to stay in oblivion for all eternity. He destroyed that family beyond repair.

Starfire: That man is a monster.

Me: No kidding Star.

Lynn Sr.: Well now Kane can enjoy Oblivion forever.

Rita: I agree.

Lucy went back home and a wormhole appeared and she went in and the exercise was done.

The simulator was now running at maximum power.

THE END

Another Chapter Completed.

This is the final chapter of the Simulator saga.

I wanted to do a Poltergeist III themed chapter for Lucy. Poltergeist was a very strange movie trilogy for me. I never really understood the full concept of it completely. That curse that reered it's ugly head with it ruined the lives of the cast and crew. I wasn't scared of this series hardly at all. Surprisingly these three movies were the only Supernatural Paranormal Horror Films that did not scare me.

But this 13-part series was truely a huge amount of work. I hope you all like it.

See you next time.

Poltergeist I, II & III are owned by Steven Spielberg and Metro-Goldwyn-Mayer.

# Sound of Silence

[The title card has a ton of noise going on over the intro music such as objects breaking and crashing, dog barking, cat yowling, Luan laughing, and Lola and Lana yelling; enter Lincoln who is holding a new comic book.]

**Lincoln:** [kicks off shoes] "Shoes off." [takes off shirt] "Shirt removed." [removes belt and drops pants] "Pants, be gone." [enters room] "Whoo-hoo! It's New Comic Wednesday! And there's no better way to read comics than in my undies! Ultra rare comic? Check. Optimal reading attire? Check." [puts on gloves] "Comic protection? Check. Well deserved and much desired peace and quiet? Check."

[However, Lucy is on his bed's headboard.]

**Lucy:** "I have to tell you about this dream I had last night." [Lincoln yelps at her presence.]

**Lincoln:** "I'd love to hear it, but as you can see, I'm-"

**Lucy:** "So, I'm hanging out in this coffin, and all of a sudden…"

[Lincoln knows she won't stop and goes under the grownup table to read his comic.]

**Lincoln:** "Peace and quiet? Check. Again."

[But suddenly, a lizard comes crawling over his comic.]

**Lana:** "Izzy! Where are you?"

[Lincoln screams and hits his head under the table.]

**Lincoln:** "Ow!"

**Lana:** [looks under the table] "There you are! Oh, hey, Lincoln! I see you met my new lizard, Izzy. Wanna pet him?"

[Lincoln glares at her and moves to the houses vents.]

**Lincoln:** [growing irritated] "Peace and quiet. Check. Again."

[All of a sudden, Luna plays a really loud guitar riff and causes Lincoln to fall out of the vent and into her room.]

**Luna:** "NICE STAGE DIVE, BRO!" [continues playing, making Lincoln shake over the noise's vibrations.]

[Lincoln is now in a dark place where only his eyes can be shown.]

**Lincoln:** [starting to lose it] "Finally, peace and quiet! Check! AGAIN!" [turns on a flashlight]

[It is revealed that he is reading in the garbage can outside, and Luan lifts up the lid with a garbage bag.]

**Luan:** "Oh, hey, Lincoln. What has four wheels and flies? A garbage truck!" [laughs] "I would talk trash, but I refuse." [laughs again as Lincoln just rolls the garbage can away in frustration.] "Now we're both on a roll!" [laughs some more and bangs the lid on her walks into the living room picking trash off him]

Laney: [Is seen reading a book with Penny] Lincoln? Are you alright.

Lincoln: How can I be? There's no place in this house where I can read without any interruption!

Penny: I know big bro. It's very hard.

Laney: Well, here's qu-

**Lincoln:** Is it too much to ask for a little peace and quiet so that a guy can read his comic in his undies?" [walks over to the sofa to sit down; to the viewers.] "Sadly, when you've got 13 sisters, it's almost impossible to get a moment's peace."

[An ad comes on TV.]

**Announcer:** "Do you find it almost impossible to get a moment's peace?"

**Lincoln:** [exasperated] "Yes." [suddenly intrigued] "Wait! Yes!"

**Announcer:** "Then you need the Noise-B-Gone 2000 Earbuds! With 12 different soothing sounds, tune out that noisy world and enjoy a little me time. Only $19.95. Call now."

**Lincoln:** "SOLD!" [Goes around looking for some of his money he has been saving up in various places he would keep it and gets the exact total he needs and gets on the phone with customer service.] "Same-day delivery? How much more is that?" [As he's told, he gets out some more money and has enough for the same-day delivery.] "Yeah, let's do it."

---

[In just a short amount of time, a delivery drone comes by with Lincoln's package; Lincoln answers the door and picks up his package.]

**Lincoln:** "Ah, Noise-B-Gone 2000. Take my money!" [Hands the drone the amount due.]

[The amount is too much for the drone to lift and it crashes down on the porch; Lincoln opens up the buds and puts them in while seeing the ruckus his sisters are causing.]

**Lincoln:** "Noise… be gone." [presses buttons on buds and suddenly gets a wind chime sound over his sisters' commotion; tries other settings like trickling water, chirping birds, and waves crashing and is relieved.] "Goodbye, pesky, noisy sisters. Hello, me time."

[Lori comes in to talk to Lincoln about something, but since Lincoln's earbuds have canceled out her dialogue, it is unknown what she is telling him.]

**Lincoln:** [not paying attention] "Whatever you say, sis!"

[Next, Luna comes in to show off a rocking solo, but Lincoln doesn't hear it.]

**Lincoln:** [ignoring] "Cool jams!"

[Finally, Lana and Izzy come in and Lana has something to tell Lincoln, but she is muted out like Lori and Luna.]

**Lincoln:** [too focused] "You know it, girl!" [takes buds off as Lana leaves.] "Noise-B-Gone, you… are… AWESOME!

Me, Varie and Aylene come in.

Me: Hey Lincoln.

Lincoln: Oh hey guys.

Varie: What are you doing?

Lincoln: I was reading comics in my underwear. I bought these Noise Cancelling earbuds. [Lincoln shows them to us] See?

Me: I've heard about those. They really work.

Lincoln: When I put them on, I hear Wind Chimes, a Peaceful Pond, the ocean and more.

Me: Hmm. That's like a White Noise machine in the form of earbuds.

Lincoln: That's kinda what it is.

Aylene: You need peace and quiet when reading comics? You and I are alike Lincoln. My brother Derek bugs me whenever I read about Dinosaurs.

Lincoln: That's too coincidental.

Varie: Where's Linka?

Lincoln: Downstairs playing video games.

Me: Eddy is with Luan so we wanted to come and see you like always.

Lincoln: That's fine.

Me: Can we come with and see if these work?

Lincoln: Sure. So, why stop at comics?" [puts them back on] "Let the quiet times roll!" [while working on a model plane with Eddy and Luan telling some of her comedy material.] "Funny! Funny stuff!"

Me: [To Eddy] Just so you know, he's not ignoring you. He only wants some peace and quiet. He bought these really cool White Noise ear buds that tune out all the noise. He just want's some time to himself.

Eddy: That's understandable. I had a lot of noise problems back in Peach Creek and it was not pleasent.

Luan: Thank you for telling us this J.D. It sure is NOISY in here [Rimshot and Laughs] Get it?

Me, Varie, Aylene and Eddy laugh.

Me: Good one, Luan.

Eddy: [Laughs] I got it!

Raven was with them too.

Raven: [Laughs] NOISY. [Laughs] I just got it.

Lincoln: [while Me, Varie, Aylene, and Linka play video games with him and Lynn is watching.] "You betcha, Lynn-arino!" [while working on a magazine puzzle; we walk by Lucy.] "Uh-huh!" [past Leni] "I hear that!" [across Lisa who is holding some beakers.] "Abso-tutely!" [goes into his room to shoot some hoops.]

Laney comes in and I tap Lincoln on the shoulder and he turned off the ear buds and looked at her.

Laney: Hey, Lincoln. I know you find it tough to find a moments peace in this house and don't get me wrong, I know what that's like so I just want you to know that you can come to me for some quiet time.

Lincoln: Thanks Laney. I appreciate that.

Laney: You're welcome. Hey, maybe you can help me with my hobbies. Tomorrow morning sound good?

Lincoln: Sure.

Laney: Thanks, Lincoln. [Walks off]

Aylene: Laney is a great sister.

Me: Oh yeah. She's the voice of reason for the Loud's.

Aylene: I heard that she beat up a kid and got him expelled for Terrorism.

Varie: Yeah. She beat up an insane lunatic and got him put away.

Lincoln: His name was Chandler Henderson. He was a very popular kid at my school.

Me: He was also a psychotic sociopath. He hated the entirety of Royal Woods Elementary with a terrifying vendetta and he tried to hurt alot of our friends. He had his birthday party held at the sewage center. We didn't go.

Varie: Next he tried to throw a party at the Nuclear Power Plant. But we stopped that.

Lincoln: Lastly, we got Laney to stand up to him and she beat him up bad and we inadvertantly made him spill the beans about his evil plans.

Me: He was going to start a fire in the science lab and burn down the school and make us take the blame. But luckily that didn't happen.

Aylene: Whoa! When you said he was insane you weren't kidding.

Linka walks in.

Linka: I heard about that. You guys are true heroes.

Me: Well. It was an accidental heroic deed. We had no idea that he was going to pull something that heinous.

Lincoln: Me neither.

Me: Lincoln, We're going to the kitchen to get some water. Do you want us to get you anything?

Lincoln: No thank you.

[Me, Varie, Aylene and Linka leave the room and Lola comes in to talk to Lincoln about something important, but thanks to the buds, he can't understand her; what Lola's talking about is worrying her, but he just tunes her out more.]

**Lincoln:** "Aah…"

---

[Bedtime]

Me, Varie and Aylene are in our sleeping bags ready for bed.

**Lincoln:** [takes buds off] "Thanks for a silent day, guys." [polishes them] "You're my new best buds." [puts them away and awaits to use them again tomorrow.]

Me: Night, Lincoln.

Lincoln: Night guys.

I sense something.

Me: [In my head] I sense a disturbance in the Force. It's probably nothing.

We go to sleep.

---

[The next morning]

**Lola:** [barges into Lincoln's room] "LINCOLN!" [Lincoln screams and falls out of bed]

I am in a sleeping bag on the floor.

Me: Oh, morning Lola. You need help setting up another beauty pageant practice run?

Lola: No thank you J.D. but thanks for offering. But Lincoln, don't forget you promised to do that thing for me by 3 o'clock today!"

**Lincoln:** [obviously confused] "Huh?" [notices his ear buds are on the floor and quickly hides them.]

**Lola:** [Suspiciously irked] "You didn't forget, did you?"

**Lincoln:** [chuckles] "Of course I didn't forget, Lola."

I notice Varie and Aylene's sleeping bags are empty.

Me: Where's Varie and Aylene?

**Lola:** "Good, because you wouldn't want to make me MAD! Oh. Varie and Aylene are in the kitchen eating breakfast J.D.

Me: Ah. Thank you Lola.

Lola: You're welcome. [walks off]

**Lincoln:** [worried] "Now, what did I promise?"

[enter Lynn]

**Lynn:** "Hey, Lincoln!"

**Lincoln:** "Hey, Lynn. You don't happen to know what I promised-"

**Lynn:** [grabs him] "Come on, it's go time!"

**Lincoln:** "For what?"

Me and Linka follow them and Lily accompanies us.

[Lynn takes him out into the backyard and we arrive seconds later.]

**Lincoln:** "Lynn, what's happening?"

**Lynn:** "HIYAH!" [hits Lincoln with a dropkick but I block it.]

**Me:** You have a great kick, Lynn. But what's all this about?

**Lynn:** "Thanks. Practicing my kickboxing! HUAH! Yesterday, you said you'd be my sparring partner." [throws more kicks at me and I block them.] "Remember? HIYAH!"

**Me:** "I guess I did. [Lynn delivers a powerful kick to me but I block it.]

Lincoln: "So, uh, do you know where Lola went today?"

**Lynn:** [hits me with another powerful kick but I block it.] "Nope. Why?"

**Lincoln:** "Well… I guess I promised to do something for her, but I sort of forgot what it is."

**Lynn:** [jumps over me and punches him, but Lincoln blocks it ] "WHAT?! You'd better remember! You know what happens when you make Lola mad! Did I ever tell you about the pudding incident?"

**Lincoln:** "No."

Me: Pudding Incident? What happened?

[Flashback to the pudding incident.]

**Lola:** [notices there's no more pudding in the fridge and Lynn has the last cup.] "So, you ate the last pudding, huh?"

**Lynn:** [realizing] "Oh, did I? I don't know. Guess so."

**Lola:** [with a demonic grin on her face] "Oh, that's okay…"

[Later, as Lynn is getting ready for bed, she notices something under her blanket, lifts it up, and discovers that Lola popped her Soccer ball with a soft knife and screams in horror; end flashback.]

Me: Lola popped your Soccer Ball with a soft knife and hid it under your covers?

**Lincoln:** [terrified] "And all because you ate the last pudding?"

**Lynn:** [suddenly calm] "Yep. Now stay focused. HIYAH!" [kicks Lincoln right into her Soccer goalie net.] "GOAL!" [runs off]

**Lincoln:** "Whew."

Varie: You alright Lincoln?

Lincoln: Yeah.

[Enter Leni]

**Leni:** "Lincoln, come on! I need you."

**Lincoln:** "For what?"

**Leni:** "Don't be a dope. We talked about this tomorrow. I mean, yesterday."

[Lynn seems content about this.]

Me, Linka and Lily follow them.

---

[In Leni's room, Leni is using Lincoln as a mannequin for a new design.]

Me, Varie, Aylene, Linka and Lily are watching.

**Leni:** [sewing] "I think my design for the Manotard is really working. Thanks for agreeing to be my model." [pokes Lincoln with needle.]

**Lincoln:** "Ow! Yeah, sure. So, um, let me ask you a hypothetical…" [realizing Leni would not know what "hypothetical" means.] "… I mean, a what-if question. Say you promised Lola you'd do something for her, but you forgot what it was."

**Leni:** [shoving needle into Lincoln in shock.] "LANDON! You're in huge trouble!"

**Lincoln:** "My name is Lincoln."

**Leni:** "You know what happens when you make Lola mad. Did I ever tell you about the tiara crisis?!"

Varie: Tiara Crisis?

Aylene: What happened?

[Flashback to the tiara crisis; Leni sits down in the chair only to hear a crunching sound and finds out she sat on Lola's favorite tiara; Lola sees the aftermath.]

**Leni:** "Oops. Sorry, Lola."

**Lola:** [with the same demonic grin from Lynn's flashback] "Oh, that's okay…"

[In Lori and Leni's room, all of Leni's stuff is gone.]

**Leni:** "WHERE'S ALL MY STUFF?!"

**Lola:** [outside] "Step right up, ladies and gentlemen! Free stuff!"

[Leni looks outside and notices that Lola is giving away all her stuff and gasps in demise.]

**Lola:** "My sister doesn't need this stuff, but you do!"

[End flashback]

Me: Lola sold all of your stuff!?

**Lincoln:** [petrified] "All because you accidentally broke her tiara?"

Linka: Lola is a madgirl!

**Leni:** [finished] "And viola! Okay, girls, fashion show!"

**Lincoln:** [embarrassed] "What? Girls? No way!"

**Leni:** "You promised."

[Leni's friends pop in and ogle Lincoln in the manotard; one of them even takes a selfie with him much to his embarrassment.]

I shield Lincoln in a dome of darkness and cover him.

Me: Sorry ladies, Fashion show is over.

Ladies: Aww!

They left.

In Laney's room.

Lincoln: Are you sure you can do this? [Laney is seen wearing a ballerina tutu]

Laney: Totally! Just like you said! [Laney takes a running start and then leaps to Lincoln, where he catches her and then falls] Oof! We should really work on that.

I am playing on the violin, Varie is on the flute and Aylene is playing the Clarinet.

We are playing Igor Stravinski's the Rite of Spring.

Lincoln: You're all really good at playing that.

We stop.

Me: Violin is one of my favorite instruments and to be honest I've never had a lesson in my life.

Laney: You are really talented J.D.

Me: Thanks Laney.

Lincoln: You're all talented. But Laney, when did you even start ballet?

Laney: Just a hobby I'm working on. You said you'd help me.

Lincoln: Yeah I did. You're very graceful Laney.

Laney: Thanks.

Crysta: Laney has quite the talent. She can dance really well and gracefully.

Laney: Thank you Crysta.

Lincoln: Well anyway, I promised Lola something and-

Laney: WHAT?! Do you remember what it was?

Lincoln: I was hoping you knew.

Laney: Oh no. This is not good! You should never make Lola mad! Have I ever told you about… The Slip?

Me: Oh no. I have a feeling I'm not gonna like this one.

[Flashback to The Slip, Laney was painting something in the hallway and some red paint dripped as Lola was on her pagaent walk and she slipped on the paint getting it all over her back]

Laney: Oops! Sorry, Lola!

Lola: [With the same demonic grin from Leni's flashback] Oh, that's okay. I can wash that off…

[Minutes later, after Laney washes her hands in the bathroom, she gasps in horror to see that her painting was destroyed. Then she followed a trail of paint footprints to see that her chest was smashed to pieces with the easel, which made Laney scream in horror. End Flashback]

Me: Holy ketchup stains!

Varie: Lola is a monster.

Lincoln: [trembles in fear] She did that?

Laney: Yes. And I don't even wanna know what she's gonna do to you if you don't do what she asks you to!

Me: Let her try.

Aylene: I won't let her.

Lincoln: Thanks guys!

[Lincoln runs off but Laney stops him]

Laney: Wait. We have one more performance.

Me: I know just the song for it. Be right back.

I run out and I bring in a cello.

Me: Luna's letting me borrow her Cello. My grandma on my dads side played the cello.

Lincoln: Neat.

We play Pyotr Ilyich Tchaikovsky's Arabian Dance from the Nutcracker Suite.

Laney: Ooh. That's one of my favorites.

Me: Mine too. The Arabian Dance from Tchaikovsky's The Nutcracker Suite is an amazing dance.

Laney: Yeah.

Lincoln and Laney continue dancing.

---

**Lincoln:** "You sure I agreed to do this?"

**Lori:** "I believe your exact words yesterday were, "Whatever you say, sis"."

[We are in Lori's room It is shown that Lincoln is being used as an ottoman for Lori to paint her toenails.]

Me: Trust me, Lincoln. My sister uses me as an Ottoman to paint her nails all the time and I'm used to it.

Lincoln: Oh. That's all right.

**Lori:** "So, I hear you got a little Lola problem."

**Lincoln:** [surprised that she knew] "How did you-"

**Lori:** "Word gets around. Now, listen to me, Lincoln. You know what happens when you make Lola mad, so you'd better figure out what you promised her! Did I ever tell you about… Sneeze-ageddon?"

[Flashback to Sneeze-ageddon; Lola and Lori are sitting on the couch bored; Lola suddenly sneezes.]

**Lola:** "Achoo!" [notices Lori right next to her and clears throat.] "I didn't hear a 'bless you'!"

[Lori ignores her and Lola gets that demonic grin again; cut to a pot of boiling water on the stove that Lori passes by.]

**Lori:** "Has anyone seen my phone?" [notices the pot, opens the lid, uses tongs to pull out a familiar object, gasps to see that it's her phone now destroyed and screams in panic; end flashback.]

Me: Lola destroyed your phone because you didn't say "Bless You"?

Lori: Yep.

Me: Geez! This is like that one episode of The Twilight Zone!

Lori: The Twilight Zone? What's that?

Me: It was an old show that was made back from 1959 to 1964. It was created by Rod Serling. It's one of my dad's favorite shows from his past. It's about what happens to people that go through paranormal, futuristic or supernatural events. Sometimes too complicated for the human mind to fully comprehend. These incidents involving you guys and Lola remind me of the episode "It's a Good Life".

Lincoln: What was that about?

Me: It's was made back in 1961. It's about a young boy the same age as Lola & Lana and he has omnipotent mental powers, including Mind-Reading. He can do anything with his mind. He lives in a fictitious town called Peaksville, Ohio and he isolated the whole town from the rest of the Universe. He ruled over that whole town and everybody fears him and if they don't show respect for him, he banishes them into a neverending cornfield from which there is no return.

Lori: Whoa. That is terrible.

Me: Yeah. Lola has Fire Powers but she doesn't use them like that.

Varie: Thank goodness.

**Lincoln:** [fearing immensely] "If she did all that stuff to you guys, what is she gonna do to me?"

**Lori:** "Maybe you should talk to Lana. I'm sure she'll be able to help you."

**Lincoln:** [relieved] "Of course! Thanks!" [gets ready to go]

**Lori:** "Ah ah ah! I haven't done my top coat yet."

[Lincoln resumes his ottoman position.]

---

[Lana's room]

**Lana:** "You… WHAT?! You know what happens when you make Lola mad! I don't know what she wants you to do, but you'd better figure it out. Did I ever tell you about… the Frog Fiasco?"

**Lincoln:** [fearing immensely] "Do I wanna know about the Frog Fiasco?"

[Flashback to the frog fiasco; Lola is trying to apply some mascara when a frog croaks from behind her and makes her mess up.]

**Lana:** "Aww! You're a burpy-durpy today. Isn't he the cutest?"

**Lola:** [chuckling menacingly under demonic grin] "So cute…"

[Later, Lana is getting ready to feed her frog.]

**Lana:** "Who's hungry?" [notices he's not in his tank] "Seymour? Where'd you go?" [hears Lola whistling and notices her carrying a shovel, seeing that Lola killed and buried Seymour.] "NOOOOOOOOOO!" [end flashback]

**Lana:** "I mean, I can't prove she took out Seymour… but I never saw him again."

Me: This is turning into a Nightmare.

**Lincoln:** [desperate and scared] "Lana, what am I gonna do?! It's almost 3:00! YOU GOTTA HELP ME!"

**Lana:** "Okay, okay. Take it easy." [thinks for a second] "I know! Why don't you just think of everything she might want you to do and then do it?"

**Lincoln:** "Everything?"

**Lana:** [despondently] "Remember Seymour?"

[Lincoln realizes he has no other choice and gives it a try; we polish Lola's tiaras and beauty pageant trophies, clean her side of the room and princess mobile, mow the lawn, and clean the gutters.]

**Lincoln:** "Why does Lola care whether the gutters are clean?"

**Lana:** "I know. It's crazy, right?"

Varie: Well, this'll prevent water from pouring over the side.

[Lincoln has even repaved the driveway.]

**Lana:** "Lola does love a smooth driveway."

[Lincoln even makes topiary sculptures in Lola's honor to the point where he's too tired to keep doing these tasks.]

**Lincoln:** [fatigued] "Phew… I did it…"

Me: Whew! I'm beat.

**Lana:** [sees the time] "One minute to 3:00. Good luck, guys." [prepares to leave]

**Lincoln:** "Wait! Where are you going?"

**Lana:** "Somewhere safe. You know… just in case." [closes door and leaves]

[The time has come, and… Lola is not pleased… ]

**Lola:** "LINCOLN! IT'S 3 O'CLOCK! YOU'VE FAILED ME!" [bursts in] "YOU KNOW WHAT HAPPENS WHEN YOU MAKE LOLA MAD!" [sports her demonic grin and has flames of fury in her eyes and an aura of fire around her.]

Me, Varie, Aylene and Linka stand ready to defend Lincoln

**Lincoln:** [begging for mercy] "I'm sorry! I would've done what you asked me, but I didn't hear you!" [reveals the buds] "I was wearing these. All I heard was the sound of waves. Or was it crickets? Doesn't matter! The thing is-"

**Lola:** [goes from blind with rage to suddenly calm and merciful.] "I know you didn't hear me."

**Lincoln:** "Huh?"

[Eddy, Jessie, Lapis, Starfire, Raven, Terra, Volcana, Woody and The other sisters sans Lisa pop in with satisfied smiles. But Laney and Luan didn't have smiles on]

**Lola:** "You're not as clever as you think, Lincoln Loud."

Me: Okay. What's going on?

[Flashback to what Lola was trying to tell Lincoln yesterday.]

**Lola:** [comes into Lincoln's room] "Lincoln, is this too much mascara? Be honest. It's super, super, super important!"

**Lincoln:** [having muted Lola out] "Aah. I couldn't agree more!"

**Lola:** [confused] "Agree with what?"

**Lincoln:** "Right back at ya!"

**Lola:** "Okay, you're weird."

[Lincoln's basketball shoots out of bounds and knocks over his wastebasket revealing the Noise-B-Gone package, which Lola notices, making her make that demonic grin she made in all those other flashbacks.]

**Lola:** [slyly] "So, Lincoln, are you the biggest dork in the world?"

**Lincoln:** [unable to hear her] "You can say that again!"

**Lola:** "And do you love the taste of dog poop?"

**Lincoln:** "You know it!"

[Lola slyly smiles and tells the other sisters about the earbuds.]

**Lori:** "So, he's been tuning us out all day?"

[Lola nods]

**Luna:** "No wonder he didn't help me restring my guitar."

**Lucy:** "Or come to my séance."

**Luan:** "Eddy and I knew about it."

Eddy: J.D. told us about it and we respected his wishes.

**Lynn:** [violently] "I'm gonna go rip out those earbuds and-"

Laney: Wait! There's gotta be a non-violent way to teach Lincoln a lesson.

**Lola:** "Oh, there is!

Laney: You can think of it but I'm out.

Luan: Me too.

Eddy: Friends don't hurt friends.

[End flashback]

**Lincoln:** "So, all that stuff you guys made me do today… that was all made up?"

[the sisters minus Luan and Laney nod]

**Lola:** "Yep."

Laney: Mine wasn't. Your part was true and I didn't want to participate. Lola threatened me but I knew she was using that as an incentive.

Luan: I didn't want to do it because it was wrong.

Eddy: I didn't want to do it either.

Me: You guys did the right thing. This was a very elaborate setup.

Aylene: This was pure genius.

Varie: I agree.

Linka: Me too.

Jessie: This was truely a good plan.

**Lincoln:** "I can't believe you guys pranked me like that."

**Luna:** "You had it coming, little bro. You can't just ignore us. We're your family."

**Lori:** "And remember, you're not the only one who has to live in a noisy house. We all do."

Lily: I didn't want to participate either. Because I can never hurt my big brother.

Varie: Good for you Lily. But Lincoln. Family comes first. Always.

**Lincoln:** "True."

Me: Hey, where's Lisa? Was she part of this too?

Penny: No. She was doing some strange stuff.

Me: Oh she's in her lab.

[But then Lisa rushes in in a panicked state.]

**Lisa:** "LINCOLN! LINCOLN! YOU WERE SUPPOSED TO HELP ME WITH MY LAB EXPERIMENT!"

**Lincoln:** [thinking she's in on it] "Okay, Lisa, you can give it a rest. I know all about your little joke."

**Lisa:** "What joke?" [notices earbuds] "I'm gonna need those." [takes them, puts them on, and hides under Lincoln's bed]

[There's a rumbling going on in Lisa's room and it causes a giant explosion that blows the entire roof off the house and it lands back on top the house, upside down.]

When the smoke cleared, I had everyone protected in a force field that cancelled out the loud noise of the explosion.

I release the force field.

Me: Is everybody okay?

Woody: Yeah. We're fine.

Aylene: But the explosion flipped the roof upside-down.

Lisa comes out.

Lisa: Is everyone alright?

Me: Yes, we're okay Lisa.

Lynn Sr. and Rita walked in.

Lynn Sr.: Why is the roof Upside-Down!?

We all walk down to the living room.

Me: Lincoln, you explain everything and I'll go fix the roof.

Lincoln: Okay.

I fly up and Lift the roof off and flip it right side up and put it back on the right way.

10 minutes later Lincoln finished explaining what went down.

Lincoln: And that's what happened, and all because I just wanted some quiet. I wasn't trying to ignore anyone, I just wanted to read my comics in peace. I could've just left the house and do that if I didn't need to strip down to my underwear to feel more comfortable doing it.

Eddy: J.D. told me and Luan and we respect his need for quiet L Sr. In Peach Creek I had alot of noise problems and it got on my nerves.

Laney: Lisa, Me, Penny and Luan had no involvement in all this.

Me: Neither did Lily, Lapis, Jessie, Woody, Starfire, Raven, Volcana or Terra.

Lynn Sr.: Lola, did you honestly think that was necessary?

Lola: He needed to be taught a lesson.

Rita: I think some need it more than others, Lori, Leni, Luna, Lynn, Lucy, Lana, and Lola, you are grounded for a week. So no Texts or calls unless it's an emergency, and no music. As for you Lincoln, you're off the hook.

Lincoln: Really? But, I'm the one that caused all this.

Lynn Sr.: After what you've been through, that'd be beating a dead horse.

Lincoln: What does that mean?

Me: That means you've been through enough already and adding a grounding to that would be like having to endure a fate worse than death.

Lynn Sr.: That's right son. That's a bit extreme but that's right.

Lola: THAT'S NOT FAIR! [Jumps onto the coffee table]

Me: You did all this Lola. It's called Karma.

Rita: J.D.'s right. You can't take these matters into your own hands, Lola. Now you march up to your room and think about what you've done.

Lola stomped away in a huff.

Lori: Lincoln, I'm sorry I used you like an ottoman.

Lincoln: I forgive you Lori. Next time you should trim your toenails.

Lori: Noted and Dad, J.D. said this whole thing was like an episode of The Twilight Zone.

Lynn Sr.: The Twilight Zone? I haven't watched that show in a long time.

Rita: Me neither. What episode was it like, J.D.?

Me: It was like "It's a Good Life."

Lynn Sr.: I remember that one. That was about the little boy with omnipotent mind powers?

Me: Yep. That one was weird.

Lynn Sr.: I loved that one.

Me: Great minds think alike huh Mr. Lynn?

Lynn Sr.: They sure do.

Rita: This was all very similar in some sort of way to that episode.

Me: Yeah. But Lola doesn't have mind powers and we don't have a cornfield.

Lynn Sr.: True.

Me: Dad got me hooked onto that show and it was weird.

Laney: I never heard of that show.

Lori: It was made back in the 1960's Laney.

Laney: Oh.

Leni: Linky, I'm sorry about what I did. Pricking you with those needles hurt me as well.

[Leni leaned in and gave Lincoln a kiss on his forehead, Making Lincoln smile]

Lynn: Me too. I thought beating you around like that would be fun, but being made to do it pretty much killed it.

Lincoln: I'm feeling a little reluctant about forgiving you now.

Me: Lynn you are a good fighter. I know I said that when you did all that stuff to me when Ronnie Anne was hurting Lincoln. But you definitely have what it takes to be a world championship kickboxer.

Lynn: Thanks J.D. That means alot to me.

Me: No problem.

Lincoln gave Lily the earbuds.

Lily: Why are you giving me these, Lincoln?

Lincoln: Because I figured you could use them for getting some quiet with tranquil sounds. You need them more than I do.

Lily: Thank you Lincoln.

After the whole Earbud Incident, I decided to build Lincoln a big treehouse in the backyard to help him have his own little sanctuary to read comics and have some peace and quiet. Lincoln loved it. It had everything. It was like a little mancave outside for him.

Lincoln: [To the Viewers] If you have a problem, don't try to avoid it, especially if you're family has the same problem. It definitely helps to keep your ears open when someone needs your help. And definitely don't try something to "teach someone a lesson", both just might bite you in the backside.

Lincoln then pulled a cord that extended a slide from the back which he went down and made his way in the house while Lisa watched from the Kitchen Window.

Lisa: And that's why it's always a good idea to get the smart one involved in your plans.

Me: You said it Lisa.

Varie: That's our little scientist.

Lapis: I agree.

Aylene: Me too.

THE END

Another Fanfiction Done.

I did this one earlier but I lost everything when my computer went to sleep. But I got it all back. The Twilight Zone was one of my dad's favorite TV shows back when he was a kid. In the episode summary references I put the Twilight Zone in as a reference.

See you all next time.

The Twilight Zone is owned by Rod Serling and CBS.

# Lincoln Loud: Girl Guru

It starts out with me, Varie, Lincoln, Aylene, Linka, Laney, Lily and Clyde in the Kitchen

**Me, Lincoln and Clyde:** " Ohhhhhhhhh… Mama's little baby loves short'nin'. Short'nin' Mama's little baby loves short'nin'… "

**Clyde:** " Breeeeeeeaaaaaad! "

**Lincoln:** "Very nice, Clyde!" [to the viewers] "Clyde and I have a week to start a successful business for class. So we're gonna sell homemade chocolate pie!"

**Clyde:** "We've never baked before. But how hard could it be? Everybody loves chocolate pie. My nana says that if they don't, you can't trust them."

Laney: I agree Clyde. Pie and Chocolate are the 2 best things ever. [Slurps]

Linka: I love chocolate as much as anyone.

Me: Me too. Anybody that doesn't like them both is not human. [To Starfire] No offense Starfire!

Starfire: None taken J.D.

Me: No offense guys.

Varie: None taken J.D.

**Lincoln:** [opens shelf, seeing nothing but… ] "What? Empty wrappers. I should have known."

**Clyde:** "It wasn't me! I was with you the whole time."

Laney: I didn't have any chocolate either. I may love chocolate like everyone else but I control myself.

Me: Me too.

Varie: Same here.

Lily: I didn't have any chocolate either.

Aylene: I love chocolate too but I control myself.

**Lincoln:** [closes shelf] "I know guys. It was the rest of my sisters. They're well-known chocoholics."

Me: Don't forget Ed, Double D and Eddy. They love all sweets as much as Jawbreakers.

[Flashback to the sisters enjoying the chocolate bars.]

**Lori:** "Mmm."

**Luna, Eddy and Luan:** "Mmm."

**Edd, Leni, Penny, Lynn, Lucy and Lisa:** [sighing]

**Ed, Lana and Lola:** "Mmm."

[Flashback ends]

**Clyde:** "Well, what are we gonna do? I already rolled out 84 pie crusts!"

Me: Luckily I came prepared.

I have a Magisword Bracelet like Lana's on my right arm and spin it and pull out a Magisword.

Announcer: CHOCOLATE BAR MAGISWORD!

I restock the chocolate bars and we get baking.

Linka: You can use Magiswords now?

Me: Lana got me into it.

At Royal Woods Elementary.

We sell our pies like hot cakes and raked in a lot of dough.

At the Knudson-Loud Estate.

Me: Whoo-hoo!

Lincoln: Boy, we sold all of our pies and made all this money.

Linka: Yeah.

Laney: Maybe we can sell lots of other stuff too.

Varie: Good idea Laney.

**Clyde:** "How about we sell hugs? My dads say I'm an excellent hugger."

**Lynn Sr.:** [frustrated cleaning the van] "Aw, dang bird poop! Don't you feather-brains have somewhere else to hang out?"

**Lincoln:** [gets an idea] "Clyde, that's it!"

**Clyde:** "Bird poop?"

**Lincoln:** "We can sell birdhouses!"

**Clyde:** "Oh! Great idea! But wait. We don't know anything about woodworking."

**Lincoln:** "Eh, how hard could it be?"

Me: I make some really good birdhouses guys.

Laney: Lets give it a try.

[pounding and whirring' We made multiple luxurious birdhouses that look like mini-multi-million dollar mansions]

Lincoln: Whoa! These birdhouses are incredible guys.

Me: I do a lot of wood work in the woodshop at school. Plus, I help dad with the woodworking.

My birdhouses look like the Biltmore Estate in North Carolina, the Lace House in Blackhawk, Colorado and the Antilia Billion Dollar home in India.

Laney: We have a lot of talent don't we?

Laney's Birdhouses look like the Taj Mahal in India, The Great Pyramids in Egypt, and The Saint Basils Cathedral in Russia.

Varie's birdhouses looked like Atlantica from Disney's the Little Mermaid, The Neuschwanstein Castle in Germany and the Sagrada Familia in Spain.

And many more.

Linka: Let's get selling.

Back at school, we sold all our birdhouses and made a fortune.

At home I was counting all the money.

Me: $9997, $9998, $9999, $10,000.13.

Laney: Wow! We made alot of money selling all those birdhouses!

Aylene: We sure have a lot of booming business.

Linka: Yeah. No kidding.

Lincoln: Yeah. What else can we sell?

**Clyde:** "How about we sell smiles? My dads say I have a million-dollar smile." [smiles]

Me: You have a smile that's $1,000,001 Clyde.

Clyde: Thank you.

**Lincoln:** "Well…"

[door clicks and thuds.]

Luan and Eddy come in.

**Luan:** [dressed as a clown, counting money earned.] "98, 99…"

**Lincoln:** "Whoa! Where'd you get all that money, Luan?"

**Clyde:** "Did you sell… laughter?"

**Luan:** "Ha! Laughter? It's my pleasure to give that away for free. This is from selling balloon animals. Observe. [She blows a large pink balloon and shapes it into… ] "A dog! Now pick up the pace, Fido! It's the leash you can do!" [laughs as she goes upstairs; comes back for a minute.] "No charge."'

Eddy: I heard you guys have been very busy.

Me: Yep. We sold Chocolate Pies and we sold hand crafted birdhouses. We made $10,000.13.

Eddy: Wow! That's a lot of moolah!

Varie: Did you just get back from another birthday party?

Eddy: Yep. Luan and I are in business together. We're funny stuff. See you guys.

Me: See ya Eddy.

**Lincoln and Clyde:** "We'll sell balloon animals! How hard could it be?"

Me: It takes a lot of practice.

---

[However, it's not as easy as Luan makes it look. Lincoln tries to work on a balloon until it pops.]

**Lincoln:** "Ah!"

**Clyde:** "Lincoln! Look professional! We've got a customer!

**Liam:** "Uh, I'll take the, uh, cheeseburger?"

**Clyde:** "It's a bunny rabbit."

**Liam:** "Even better!" [whispers] "It's for a girl I like."

**Lincoln:** "You know, Liam, if it's for a girl, you should get her chocolate. All my sisters love it."

Me: Trust me. They do.

**Liam:** "Oh, cool! Thanks Lincoln." [runs off]

**Clyde:** "Lincoln, you just lost our only customer."

**Lincoln:** "Relax, Clyde. There's still plenty more."

Me: Let me see if I can make some.

I take some balloons and make lots of balloon animals.

Varie, Aylene, Lincoln, Linka, Clyde, Laney and Lily are shocked.

Lincoln: [Flabbergasted] You can make balloon animals, J.D.?!

Me: Luan has been teaching me. She is a pro.

Clyde: Perfect timing too cause we have more customers.

The kids all flock to us and we hand out more balloon animals and make lots more money.

Liam comes back.

**Liam:** "Hey, Lincoln!"

Me, Varie, Aylene, Lincoln, Linka, Clyde, Laney and Lily see him.

**Liam:** "She loved the chocolate! We have a date this Friday!"

Me: Way to go Liam!

**Lincoln:** "Oh, great! I guess with 14 sisters. I've learned a few things about girls."

**Liam:** [grabs Lincoln's face] "Oh, don't be so modest. You're like a girl guru." [leaves]

**Lincoln:** "Clyde, I think Liam-" [picks up Clyde] "I think Liam just gave us our next business idea."

**Lincoln and Clyde:** "How hard could it be?"

**GIRL GURU: $1.00 PER QUESTION**

**Clyde:** "Step right up and ask the Girl Guru. He's got the goods on the gals, the facts on the females, the lowdown on the ladies."

[exotic instrumental music]

I play a sitar, Varie and Laney play the bongos.

**Customers:** [gasping] "Me! Me!"

**Andrew:** "Oh, Girl Guru, I'm hanging out with Jordan later, and I really want it to go well. What do girls think is fun?"

**Lincoln:** "Hmmm."

[A flashback shows Lynn doing the Dutch oven on him while he's playing video games in a blanket.]

**Lynn:** "Hey, Lincoln. What's more fun than a Canadian microwave? A Dutch oven!" [wraps herself with Lincoln and blows a fart so big it inflates the blanket with them underneath it.]

**Lincoln:** [yells]

**Lynn:** [laughing]

**Lincoln:** [grunting]

[flashback ends]

**Lincoln:** "Dutch ovens."

**Andrew:** "Really?"

**Clyde:** [pushes Andrew away] "The Girl Guru has answered your question, and as you can see, many other boys await his wisdom." [to Lincoln] "You do know what you're doing, right?"

**Lincoln:** "I don't know. Why don't you ask Liam?"

[Liam and his girlfriend pass by; Liam's girlfriend, who's chewing on a chocolate bar at the moment, kisses him on the cheek, leaving a heart-shaped chocolate smudge.]

**Liam:** "Hee-hee!"

**Clyde:** "And that's why you're wearing the robe and I'm wearing the fanny pack. Who's next?"

**Rusty:** "How do I get a girl to fall for me?"

**Lincoln:** "Omm…"

[A flashback shows Lynn Sr. telling a bedtime story to Lola.]

**Lynn Sr.:** "And so the young knight returned Princess Taylor to her tower five minutes before curfew, and no one was punished, and everything worked out great. The end. Good night, sweetie."

**Lola:** [wakes up] "Hey, where do you think you're going? More knight and horsey stories!"

[flashback ends]

**Lincoln:** "You're going to need a stallion and a suit of armor."

**Rusty:** "Oh, thank you, Girl Guru. Thank you. Thank you."

**Zach:** "Oh, Girl Guru, I like this girl. But she doesn't think I'm good enough for her. How do I change her mind?"

[A flashback shows when Lisa was talking to Lily about a boy.]

**Lisa:** "Dylan Cornheiser tried to hold my hand at recess. I told him, learn basic chemistry, and then we'll talk."

[Lincoln was listening on the side of the door; flashback ends.]

**Lincoln:** "Simple. Learn basic chemistry."

**Zach:** "Oh, man, I stink at chemistry. What about kickball?"

**Clyde:** [pushes Zach away] "The Girl Guru has spoken."

---

**Lincoln:** [speaks to Papa Wheelie] "Nothing makes my sister Lana happier than a frog in her pants." [speaks to Flat Tire] "Take her to a funeral. My sister Lucy swears by it." [speaks to Coach Pacowski] "Roses are fine, but squirting flowers will really make her day." [Speaks to a random kid] "Read a good book." [Speaks to another random kid] "Read comic books."

**Coach Pacowski:** [writing that down] "Squirting flowers… make… her… day. Thanks, Loud. See you in gym."

---

[bell rings]

**Lincoln:** "Clyde, our business is killing it! I think we're looking at an A." [spins with Clyde] "Worst-case scenario, A minus."

**Clyde:** "Tell me about it. I had to triple up on fanny packs just to hold all the money we made."

Me: I got a bad feeling about this guys. I have a feeling that Lincoln's advice is not gonna work.

**Andrew:** [farts]

**Jordan:** [screams and coughs] "You jerk!"

Varie: Uh-oh!

**Andrew:** "But the Girl Guru said you'd love a Dutch oven."

**Jordan:** "Maybe you'd love an American wedgie!"

**Andrew:** [screams and runs]

**Lincoln:** "Well, you can't expect advice to work 100 percent of the time." [closes locker with Clyde]

[frog croaking and jumping on Joy's head.]

**Joy:** "Ew, ew, ew, ew! Gross! Get it off!"

**Papa Wheelie:** "But the Girl Guru said-"

**Joy:** "Get him, girls!"

**Girls:** [growling] "Get him!"

[They chase Papa Wheelie across the hall.]

**Lincoln:** "That is not on us. He must have picked a bad frog."

**Clyde:** [popping out of a trash can] "Let's just get back to class before they come back."

---

[Mrs. Johnson's classroom]

**Flat Tire:** "Hey, Mollie, you want to go on a date with me?"

**Mollie:** "Um, yeah."

**Flat Tire:** "Great! I'm gonna need you to wear this." [puts veil on Mollie] "Ah, there's the hearse. We're going to a funeral. How strong are you? They might need an extra pallbearer."

**Mollie:** [disgusted] "Ew! Yuck! Get away from me, you morbid weirdo!"

[Flat Tire stares at Lincoln and Clyde who gulp in response.]

**Coach Pacowski:** "This is for you, Agnes."

**Mrs. Johnson:** "Daisies are my favorite!" [gets squirted] "Ah!" [pushes Coach Pacowski away] "You yokel! I just had my hair done."

**Coach Pacowski:** "But, Agnes, the Girl Guru said-" [points at Lincoln and Clyde] "Hope you boys like push-ups!"

Me: Oh no.

**Lincoln:** "Uh, Mrs. Johnson, can I have the boys' bathroom pass?"

**Clyde:** "And I'll take the girls'."

[They're both running down the hallway.]

**Kat:** [yells]

[explosion]

**Zach:** "I was trying to impress you with my basic chemistry skills."

**Kat:** "You burnt my braids, you doofus!"

**Zach:** "He told me to do it!"

**Kat:** "What?"

[Lincoln and Clyde laugh nervously and run to the boys' room.]

**Clyde:** "Lincoln, I'm starting to lose feeling in my toes. I think it's a panic attack."

**Lincoln:** "It's okay. Just breathe into your paper bag."

**Clyde:** [picks up paper bag and gasps] "Mmm. Oops." [chuckles] "Wrong bag. That was my lunch." [switches bags and inhales and exhales sharply.] [Horse neighs]

**Rusty:** [wearing a suit of armor] "Whoa, White Lightning, stop! Sadie, do you want to go to the movies?"

[picks up Sadie]

**Sadie:** [screams]

[White Lightning crashes and Rusty's armor flies everywhere.]

Me: Looks like your advice didn't work.

Aylene: Yeah.

Laney: This is bad.

**Lincoln:** "Let me have the bag." [Clyde hands it to him and he starts breathing heavily.]

**Clyde:** "Lincoln, we gotta get out of here."

**Kat:** "The next time I see that Girl Guru, I'll totally destroy him!"

**Joy:** "Yeah, and his weird little friend too."

I walk up to them.

Me: You'll have to go through me first.

Laney: And me!

Aylene: Count us in too!

Varie and Lily join in.

Kat and Joy back away slowly and run away.

[The trash cans sprout legs and move across the hallway; reveal to be Lincoln and Clyde hiding in them popping their heads out and seeing their customers groaning in pain; they hide and a girl puts a plastic water bottle in Clyde's trash can.]

**Clyde:** [pops out] "Um, excuse me. That goes in the recycling."

**Lincoln:** "Clyde! Keep it down!"

**Student:** "Hey! It's them!"

**Student:** "Stop!"

**Lincoln:** "Give them their money back." That'll stop them.

[Clyde throws their money.]

**Clyde:** "Here! Take it, you wild animals!"

[The enraged males ignore their refunds, too determined to get back at Lincoln and Clyde.]

**Lincoln:** "Huh, didn't stop them."

**Clyde:** "I know what to do." [stops running] "Free hugs!"

[The mob doesn't seem eager to stop for free hugs.]

**Clyde:** "Uh, on second thought, there may not be enough of me to go around." [continues running]

Laney forms a wall of bramble vines and it provides an opportunity for us to escape.

---

[Later that night at the Knudson-Loud Estate, the girls are watching TV and Starfire, Raven, Terra, Volcana, Argent, Kole, Bumblebee, Lapis, Jessie, Ed, Edd and Eddy are with them. until they notice Lincoln and Clyde panting and covering the curtains and Me, Varie, Aylene, Linka, Laney and Lily come in and we are panting and we fall to the floor.]

Me: [To the group, Exhausted] Oh, hey guys.

**Lori:** "Oh, boy. What did you all do now?"

**Clyde:** "L-L-L-Lori?" [breathing sharply and moaning and I snap my fingers and snap him out of it] Thanks J.D.

Me: Don't mention it.

**Lincoln:** "Um, you wouldn't be interested."

**Lola:** "Oh, we're interested. Spill!"

**Lincoln:** "Well, Clyde and I had to start a business for school, so we kind of, uh, charged boys for my advice about girls."

Me: Now, before you start making any judgements, let us explain. This wasn't our original idea to begin with.

Varie: Our original plan was to sell homemade chocolate pies, but you ate all the chocolate bars.

Me: Luckily, I had the Chocolate Bar Magisword and restocked the chocolate bars and we made alot of pies and it was a successful business. We made $500.00 as a result.

The Loud girls minus Laney and Lily all started to look slightly guilty after I said that.

**Varie:** Our second business was birdhouses and we made beautiful birdhouses that raked in the money. We made $10,000.13 because of that.

Aylene: We tried making balloon animals and we thought it wasn't going to work. But J.D. made lots of Balloon Animals in the end thanks to Luan's teachings. We made $1675.62 in the end.

Linka: Then one of our friends Liam, came and ordered one because he wanted to impress a girl that he liked. Lincoln suggested that he should give her chocolate and it worked.

Laney: Liam said that Lincoln was like a girl guru, and that's what gave us the idea.

Lily: But for some reason the advice we tried to give people didn't work and now our customers are gonna kill us!

The Loud Sisters all had sympathetic looks, then they all sigh sympathetically. Lori puts her arms around Me, Clyde and Lincoln and Leni puts hers around Varie, Aylene and Laney and Luna hugs Lily.

**Lori:** "Guys, we understand completely. But really, what do you guys know about girls?"

**Lincoln:** "Well, I just thought that since I had 14 sisters-"

**Luan:** "Look, Lincoln. What's true for us isn't gonna be true for every girl. We're not all the same."

Luna: Yeah dudes. All girls are different just like all boys are different.

Penny: That's right.

Eddy: Luna's right. Everyone has a different personality that sets everyone apart.

Lisa: Precisely.

Lincoln: Whoa. I never thought of it that way.

Me: I completely forgot about that.

Aylene: Me too.

**Lola:** "I'm not like Lana!"

**Lana:** "And thank goodness for that." [high fives Lola]

**Lincoln:** "Oh, man, you're right. What have I done? I've doled out terrible advice, and now everybody at school hates us."

Lynn: [Sighs] Lincoln, don't be so hard on yourself. It was kind of our fault too.

Leni: Yeah. We were the ones who ate the chocolates that you were going to use for your business.

Lucy: Sorry, guys. We feel ashamed.

Lily: It's not your fault guys. I know you guys like chocolate and you just couldn't control yourselves.

We all hug.

Me: It's alright guys. We don't care about that anymore.

Starfire: If those kids are going to hurt you, I won't let them!

Raven: Me neither.

Me: But we still need to figure out what to do.

Linka: Yeah or we will get an "F".

**Lynn Sr.:** "A kitchen full of pie? I guess it's ol' Dad's lucky day!" [laughs and takes a bite as his stomach grumbles in nausea.] "Ooh, bad!"

Me: Those were the back up pies we made just in case.

Varie: They're made with salt and vinegar.

**Lincoln:** "We went a little overboard on the salt."

**Lynn Sr.:** "I'll say. It's an as-salt on my senses!" [Rimshot]

Me, Varie, Aylene, Eddy, Luan, Raven, Terra and Bumblebee laugh.

Luan: [Laughing] Good one, dad.

Me: [Laughing] Yeah, good one, Mr. Lynn.

Eddy: [Laughs] Funny, L Sr.

Terra: [Laughing] That was funny.

Raven: [Laughs] That's funny.

**Lynn Sr.:** "Ah, sorry, J.D. We're just gonna have to toss the whole batch."

**Licnoln:** "Toss them? That's a great idea, Dad. Guys, we're back in business."

[Dollar sign transition]

---

**Lincoln:** "[To the viewers] How hard can it be to start a business? Pretty hard, actually. The key is to find something you're really good at, and it turns out for me that thing is…" [gets hit with a pie] "Taking a pie in the face."

**Clyde:** "Step right up and get your revenge on the Girl Guru. 2 dollars a pie."

[people start paying Clyde while speaking at once.]

**Mrs. Johnson:** "Great job, guys! This is a fantastic business idea!"

**Clyde:** "Thanks, Mrs. Johnson."

Me: Thanks Mrs. Johnson.

Laney: Thanks Mrs. J.

**Mrs. Johnson:** "One pie, please." [pays]

**Coach Pacowski:** "And two for me." [pays]

**Clyde:** "You know, we're running a special. Buy four and get the fifth free!"

**Coach Pacowski:** "Ah, even better." [throws more money] "Heck, I'll take them all!" [cackles]

**Lincoln:** [worrisome] "Clyde!"

**Clyde:** "Business is business, Lincoln. Let 'er rip!"

[An iris is about to close on Lincoln but stops; Lincoln gulps and pies splatter on him and he falls off his seat.]

The day is over and everyone has left except for me, Varie, Aylene, Lincoln, Linka, Clyde, Laney and Lily. Lincoln is still lying down from all the pies that were pelted at him. Me and Varie come to help him up.

Me: You alright buddy?

Lincoln: Yeah. I'm fine. At least it worked. But now everyone at school still hates me.

Clyde: Don't worry, Lincoln. I'm sure they hate us too.

Me: Yeah. But if they try something we'll defend you.

Laney: Yeah. We won't let them hurt you.

Lincoln: Thanks, guys.

Varie: That's what friends are for.

We share a hug.

Lincoln: Come on guys. Lets go home.

We all walk home. Inside, the rest of the siblings, Starfire, Raven, Terra, Volcana, Kole, Argent, Lapis, Jessie, Bumblebee, Ed, Edd, and Eddy are all doing their own things, when we come in. They all crowd around us.

Lynn: Guys, you're back!

Lana: How'd it go?

Leni: Are you guys OK?

Lola: Do you guys need any help?

Lincoln: Guys! Guys! I'm fine!

Me: Yeah, although Lincoln will probably need to take a bath.

Varie: I don't think you would want to smell like salt and vinegar for a while.

Lincoln: Yeah, you're right.

We all laugh.

Luna: Come on bro. I'll help you.

Lincoln: Thanks, Luna.

Lincoln and Luna go upstairs.

THE END

Another fanfiction completed.

I didn't know how I was gonna do this one but I hope everyone likes it.

See you next time.

# Louds and Ninjas

Me, Lincoln, Laney, Naruto, Sakura and Fu are in the Simulator.

Varie, Lana & Lola, Sasuke and Lisa are in the control room.

The Simulator activated and we are in the Leaf village on the day Naruto tries for a 3rd time to become a genin. Naruto has improved greatly ever since I revealed everything to him. I taught Naruto lots of good things and he improved in all the shinobi fields. He even learned stuff never before thought possible.

Same with Sakura and Fu.

We are in the academy waiting for Iruka-Sensei to show up.

Me: So this is the Leaf Ninja Academy.

Naruto: Yep. This is where we had to start in order to become a shinobi.

Sakura: In order to become a shinobi we have to take a test to see if we qualify to become a Genin.

Me: I see.

Lincoln: This is totally new for me. So you'll have to walk us through it.

Laney: Me too.

Naruto: Okay.

The kids started walking in and started getting settled in.

In came Sasuke Uchiha himself and this was an extremely evil version of himself.

He looked at me and he had a look of pure hate, overconfidence, arrogance and evil directed at me and Naruto.

We ignore him.

Naruto: [Whispers] I can't believe Sasuke is that evil.

Me: [Whispers] Just ignore him little brother. He'll get what's coming to him in time.

Lincoln: [Whispers] This Sasuke must be extremely evil.

Laney: [Whispers] Yeah. I can feel it.

Sakura: [Whispers] It's all right guys. This Sasuke is gonna get it in time.

Fu: [Whispers] It's just a matter of time.

Iruka-sensei and Mizuki came in.

I look at Mizuki.

Me: [In my head] I forgot about him and today's the day he tricks Naruto into stealing the Forbidden Scroll of Sealing.

Iruka: All right class. Today is the genin exam.

They start with the Written Test. On it was a series of questions.

Me: [whispering] Interesting questions.

I go through them 1 at a time and answer them all right.

I notice a chakra signal on Naruto's Paper. Naruto could tell there was a genjutsu on his test and he got rid of it and he looked at me and I gave him the thumbs up.

Lincoln and Laney figured it all out.

Sakura and Fu got all the answers right.

Me: Iruka-sensei, I'm done.

Naruto: Me too.

We finished ten minutes in.

Iruka: That was quick you two. Take a break and wait while everyone else finishes.

Me and Naruto pull out some books.

I was reading a book on Fire Magic and Naruto was reading a book on Sealing Jutsu.

As I was reading, I saw Mizuki come in and he handed Sasuke a pre-written test with all the correct answers on it.

Me: [In My Head] So that's his little game. Sasuke is cheating. Wait till the 3rd Hokage hears about this.

I send a message to him telepathically.

20 minutes later the Written Test was done and we were now in the Weapons Test.

Iruka: All right. Time for Shuriken and Kunai. First up, J.D. Knudson.

I walk up and take the weapons and threw them all at the training post and it hit their mark on the Head, Arms, Legs, Chest, Feet and even the crotch.

Me: There are more points to hit than just the heart. The key is to immobilize your opponent so they can't attack or get away. You hit the legs, they can't run. You hit the hands they can't use jutsu. If they have visual jutsu you hit the eyes. An immobile and sightless shinobi is a dead shinobi.

Iruka was floored.

Iruka: That's… That's true. Well done J.D. You get a perfect score and bonus points for identifying other key points to hit.

I bow and Naruto is up.

I manage to see something attached to the kunai and shuriken Naruto has.

I spotted little chakra strings attached to them and they were being controlled by Mizuki.

Me: [In my head] Not so fast, Mizuki.

I cut the strings with my telepathy and Naruto threw the Shuriken and Kunai and hit them all in the same spots as me.

Me: [In My Head] I'm watching you Mizuki. You're not hurting my little brother on my watch.

Sakura, Fu, Lincoln and Laney got the same scores.

Everyone elses scores varied.

In the Taijutsu part Iruka had the class divided by Boys VS Boys and Girls VS Girls. The Civilian girls were pathetic and they were in more like a catfight than a real fight.

Sakura won against Ino and Fu won against a random fangirl.

Laney won against a random fangirl.

Me and Naruto were facing Sauke.

Sasuke: You both should give up and quit. There's no way you can beat me, an Uchiha. We are the elite and the best there is.

Me: Are you done yapping or are we gonna fight?

I vanish from sight and reappear in front of Sasuke and punch him in the face with powerful force and kick him in the chest and punch him in the mouth and I dealt him a huge number of punches and kicks to his face and body and I kick him in the stomach and send him flying toward a training post.

Naruto kicked him in the back of the head and Sasuke belched out a big amount of blood along with some of his teeth.

Iruka: This is incredible. Their teamwork is amazing and they're overwhelming Sasuke.

Me and Naruto do a combined punch and punch him in the face and Sasuke went flying and he crashed into a cart full of melons.

Iruka: Winners, J.D. and Naruto.

Everyone but Sasuke's fanclub cheered.

Sasuke's Fanclub screamed bloody murder.

Lincoln was facing Kiba and he won with ease.

In the Jutsu part we demonstrated some of the jutsu we know.

Me: This one is a little destructive so you may want to hold on to something.

I focus on a training post and cup my hands to my side.

Me: **KA! ME! HA! ME! HA!**

I thrust my hands forward and a blue beam of energy fires from my wrists at the training post and it hit it and obliterated it in a huge explosion.

When the smoke cleared all that was left of the training post was a small black charred crater. Everyone was floored.

Iruka: What was that?

Me: That was the Kamehameha Wave. A blast of Ki.

Iruka was flabbergasted.

Iruka: Ki!? That's impossible! No ninja alive has ever been able to utilize the Physical Component of Chakra.

Me: Not until now. Me, Naruto, Sakura, Fu, Lincoln and Laney can use Ki. And we can use Spirit Energy and Chakra. Ki is far more destructive than Chakra and it possesses enough power to destroy an entire planet. But luckily I have full control over my power. I have another technique.

I hold out my right hand and form a sword made of pure black and green fire.

Me: **SWORD OF THE DARKNESS FLAME!**

I slash another training post into a thousand pieces and they were incinerated in seconds.

Me: This is one of my Spirit Energy techniques, Sword of the Darkness Flame. It forms a sword made of pure fire from the Netherworld and it's hotter than the surface of the Sun. Anything it cuts through will be incinerated in an instant.

Iruka and the class were flabbergasted.

Iruka: That's insane. I never even knew you were capable of all that.

Me: Naruto, Sakura, Fu, Lincoln and Laney have the ability to do so too. Here's another one.

I envelope myself in an aura of Lightning and channel it into my hand and it made the sound of birds chirping.

Me: **LIGHTNING STYLE: CHIDORI MISSILE!**

I fire a beam of lightning from my hand and it pierces through the last training post and it exploded with incredible power.

It was reduced to nothing but toothpicks.

Iruka: Wow! You invented a variation of Kakashi's Chidori?

Me: Yes. It's called Lightning Style: Chidori Missle. The Chidori when you use it relies on extreme speed and creates a tunnel vision effect on the user. So I invented a way to get around that. By turning it into a ranged assassination jutsu.

Iruka: That's incredible. You earned extra credit for this great demonstration.

Naruto decided to demonstrate a jutsu.

Naruto channeled Chakra into his right hand and it spiraled around very fast and Naruto channeled Lightning and Wind Chakra into it and it became a pitch black Rasengan crackling with thunder and Lightning.

Naruto: **STORM STYLE: RASENGAN!**

Naruto slammed it into the ground and it became a huge thunderstorm crackling with lightning and really loud thunder that shattered all the windows near the academy.

Iruka and the class were covering their ears.

When it died down, Naruto came back.

Iruka: [Shocked] Naruto you know the 4th Hokage's Jutsu?

Naruto: I do Iruka-Sensei and I completed it. It's a Triple S-Rank secret.

Iruka: I understand.

Sakura demonstrated her Earth Style: Earth Dragon, Fu used Water Style: Water Dragon, Lincoln demonstrated his Lightning Powers and Laney demonstrated her Plant Powers.

In the Ninjutsu test, we did the 3 Ninjutsus: Transformation, Substitution and Clone.

Iruka: Okay, J.D. First do the Transformation Jutsu.

Me: Okay. Let me see here. Ooh! I know.

I transform into Tobirama Senju the 2nd Hokage.

Iruka: Great job J.D. Bonus points for no handsigns. Now do the Substitution.

Me: Okay. Ready bro? Naruto is gonna help me with this one is that okay?

Iruka: That's fine just as long as it's part of the test.

Naruto: Ready.

I stand ready and Naruto threw a Paper Bomb with the kanji for spicy on it and I substitute with Mizuki and the Paper Bomb exploded and Hot Sauce splashed onto Mizuki's face and into his eyes.

Mizuki: [In pain] AAAHHH! My Eyes!

The Entire class was laughing at him. Except for Sasuke.

Iruka saw me on the desk.

Iruka: What was that?

Me: Our patent pending Hot Sauce Paper Bomb. We made lots of different paper bombs that do different things.

I pull out lots of different Paper Bombs and they have different Kanji on each of them.

Me: I have one for, Acid, Lava, Garbage, Toxic Waste and the list goes on.

Iruka: You guys thought of everything. Now do the Clone Jutsu.

Me: Okay. I can't do the regular Clone so here's a different version. **FIRE STYLE: CLONE!**

A bunch of flames appeared and became copies of me.

Iruka popped one and they exploded into a huge pillar of fire.

Iruka: Whoa! These are like Shadow Clones!

Me: Whenever they pop, they explode with the power of 2 pounds of Napalm.

Iruka: That's deadly. But you pass.

Everyone cheers for me and I take a headband and put it on my arm.

Naruto transformed into his dad

I threw a bear trap Paper Bomb at him and Naruto substituted with Sasuke and it exploded and a Bear Trap snapped onto Sasuke's butt.

He screamed in huge pain.

We all laugh at him and Iruka takes the trap off.

Naruto used Shadow Clone and passes.

Sakura, Fu, Lincoln and Laney pass too.

The simulator fast forwarded to the day of team placements.

Me, Naruto, Sakura, Fu, Lincoln and Laney walked into the Academy classroom and we see Sasuke looking at us with extreme hate.

Me: Nice try CHEATER.

Naruto: Your little helper Mizuki is now in prison for his crimes CHEATER.

As we sat down, Sasuke wondered how we found out about how he cheated.

Iruka came in.

Iruka: All right. Today is the day you are placed on teams. Before I announce Team Placements, lets announce this years Rookie Shinobi and Kunoichi of the year. First us is Rookie Kunoichi of the Year. We have a 4 way tie. This years Rookie Kunoichi are Sakura Haruno, Ino Yamanaka, Fu and Laney Loud.

We cheer for them.

Naruto: Way to go girls.

Sakura: Thanks Naruto.

Ino: Thank you Naruto.

Fu: Thanks Naruto.

Me: Way to go Laney.

Laney: Thanks J.D.

Lincoln: Way to go sis.

Laney: Thanks Lincoln.

Iruka: Now then lets move on to who earned the Rookie Shinobi of the Year.

Sasuke's fangirls squealed believing that their Sasuke had the Rookie Shinobi in the bag.

Naruto: [Whispers to Me, Lincoln, Kiba, Choji, and Shino] Guys, I don't know who will actually take the award but I did manage to get wind of who wasn't going to get it.

Me: [Whispers] I have a feeling I know who it is too.

Iruka: This years Rookie Shinobi are… Well we have another tie. This time with 3 people. They are Lincoln Loud, J.D. Knudson and Naruto Uzumaki.

The boys, Sakura, Hinata, Ino, Fu, and Laney cheered but Sasuke's fangirls were outraged.

Sasuke: [Seething] Excuse me?

Me, Naruto and Lincoln accepted the award and went back to our seats.

Sasuke: You better have a good explaination why that deadbeat is Rookie of the Year instead of me!

Iruka had enough of Sasuke.

Iruka: Do you honestly think that I would give such a prestigious award to a **cheater** ?

Sasuke froze in horror.

Kiba: So THAT'S what Naruto and J.D. were talking about earlier.

Iruka: If they hinted at something earlier then yes, that's what they meant, Kiba. That's not all Sasuke. The Hokage is well aware of what transgressed last week and he is HIGHLY displeased with you, with not only last week but your entire Academy Career. Apparently Mizuki has been giving you perfect scores throughout your time here. I can't bar you from becoming a genin since there seems to be no proof that the other instructors did the same. However in the meeting I attended this morning, it was decided that not only were you to be taken out of the running for Rookie Shinobi of the Year, but as of now your records will show that you have the worst grades in the class. In other words, you are this years dead last.

Me, Naruto, Lincoln, Laney and Fu blow raspberries at him.

Sakura: I guess that makes you the BRAINDEAD LAST! [Rimshot]

The Class Laughs.

Me: [Laughs] Good one Sakura.

Lincoln: That was funny Sakura.

Sakura: Thank you.

Iruka: [Laughs] That was pretty funny. Now onto teams.

Teams 1 - 6 are not important.

Iruka: Team 7 will be J.D. Knudson, Naruto Uzumaki, Sakura Haruno, Fu, Lincoln Loud, Laney Loud and Sasuke Uchiha.

Me: Oh shoot!

Iruka: I know you guys don't like eachother but you'll have to put up with it. Your sensei will be Kakashi Hatake. Team 8 will be Hinata Hyuga, Shino Aburame and Kiba Inuzuka. Your sensei will be Asuma Sarutobi. Team 9 with Might Guy is still in circulation. Team 10 will be Ino Yamanaka, Shikamaru Nara and Choji Akimichi. Your sensei will be Asuma Sarutobi. Your senseis will pick you up after lunch. Take care.

After lunch all the other senseis and teams have left but us.

We are waiting for Kakashi to arrive.

Lincoln: When is Kakashi-Sensei gonna get here?

Laney: Yeah it's been over an hour and a half.

Me: [Sighs] It's something we're gonna have to put up with for a while. Kakashi-Sensei has an extremely annoying habit of showing up late to everything by 2 hours.

Naruto: Yeah. It really gets on our nerves. Right Sakura?

Sakura: Yep.

Me: Luckily I have a bargaining chip should it arise. But also, I'm willing to bet 100 bowls of Ramen that those dumb Buttfaces on the Civilian Council ordered him to train Sasuke and ONLY Sasuke.

Laney: I have a feeling you're right J.D.

Lincoln: Me too. Those people are total menace's to this entire village.

Sasuke: If it will please me in getting ultimate power than so be it. So SHUT UP.

Me: Go suck on a doorknob you idiot.

The door opened and in came Kakashi Hatake.

Kakashi: Are you all Team 7?

Me: Yes we are.

Kakashi: My first impression is that you're all slow and I hate you.

Me: Sticks and stones sensei.

Naruto: You're late sensei.

Kakashi: Sorry, I got lost on the road of life.

Me: I know what you mean. That road has a lot of twists and turns that make it very easy to get lost.

Kakashi: I know. Meet me on the roof in 5 minutes.

Kakashi vanished and we run up to the roof.

We got there in 30 seconds.

Kakashi: You guys are fast.

Me: Speed is an important part. Also, Sasuke is a menace.

Kakashi: Why do you say that?

Me: You saw how Sasuke was deprived of his Rookie Shinobi rights I take it. I have a very strong feeling that Sasuke will go Rogue in the next couple of months.

Kakashi: What is the chance?

Me: 98.5%

Kakashi: That bad huh?

Me: Yep.

The door opened and onto the roof came Sasuke.

Me: What kept you Turtle Duck?

Sasuke: Shut up!

Kakashi: Okay that's enough. Let's start by introducing ourselves. I want you to tell us your name, likes, dislikes, hobbies if any and goals for the future.

Lincoln: How does it go?

Kakashi: My name is Kakashi Hatake. My likes… My dislikes… My hobbies are personal. Goals for the future…

Me: Sheesh. Some resumé. All right. My name is James Knudson but everyone calls me J.D. I like my friends, my family, and hanging out with my friends and family. I don't like bullies, perverts, rapists, murderers, corruption, gangs and especially SASUKE! [I look at Sasuke with intense hate] My hobbies are training, playing games, reading, helping my family around the house and more. My dream is to become the greatest fighter and force for good in the world.

Kakashi: You definitely have what it takes J.D.

Naruto: My name is Naruto Uzumaki Namikaze. I like ramen, my dad, my mom, my friends, Sakura, Fu, Ino, Hinata, my tenant, learning new techniques, swordfighting, gardening, reading, writing, quilting, archery and dancing. I HATE murderers, thieves, traitors, rapists, perverts, corruption, oppression, and SASUKE! My hobbies are trying new ramen, playing games, pranks, hanging out with my friends, and well, that's it. My dream is to become Hokage in honor of my father Minato Namikaze, have a loving family and bring the world together in a new era of peace, love and unity.

Kakashi was floored.

Kakashi: [In his head] He knows who his parents are along with his Jinchuriki status?! I'm gonna have to have a talk with the Hokage about this.

Sasuke: There's no way that loser is the son of the 4th Hokage! He can't be!

Me: Shut your trap Sasuke! No one asked for your opinion Ducklicker!

Sakura: My name is Sakura Haruno. I like Naruto, Gardening, Reading, Writing, my mom, Quilting, and Cooking. I HATE, traitors, murderers, thieves, perverts, rapists, corruption and SASUKE! My hobbies are training, archery, swordfighting, playing games and hanging out with my friends. My dream is to become the most powerful Kunoichi in the world and have a family with Naruto.

Lincoln: My name is Lincoln Loud. I like my 14 sisters, my friends, comics, games, some sports and flying. I don't like sibling fights, and I agree with J.D., Naruto and Sakura's dislikes. Plus I HATE Sasuke! My hobbies are collecting comics and playing video games. I don't know what my dreams for the future hold.

Laney: You'll think of something big brother. My name is Laney Loud. I'm one of Lincoln's little sisters. I like reading, writing, my sisters and brother, gardening and all of nature. I don't like murderers, bullies, perverts and Sasuke. My hobbies are gardening and making things grow. I don't know what I want to do for the future.

Me: You guys will think of something. There's plenty of stuff to do out there.

Lincoln: That's true.

Kakashi: Wow. You two have a very big family.

Fu: My name is Fu. I don't have a last name. I like bugs, butterflies, dragonflies, my tenant, gardening and reading. I agree with Naruto's Dislikes. I also hate my former village the Hidden Waterfall and I HATE SASUKE! My hobbies are flying and swordfighting. My dream is to become one of the most powerful kunoichi in the world and have a family with Naruto.

Sasuke: My name is Sasuke Uchiha. I hate everything and I don't like anything at all. My only hobby is getting power. What I have is not a dream because I will make it a reality. I'm going to restore my clan and destroy 3 certain someones.

Me: [In my head] Like that'll ever happen.

Naruto: [In his head] What a monster.

Kakashi: [In his head] I've got an interesting group. A powerful lover of his friends, Sensei's son, A Flower Princess, An Insect Queen, A Hobbiest, A Gardener and Mr. Dark and Broody. [Out loud] All right now we will have our first mission. Survival exercise.

Me: Ha! I know what you're trying to do sensei.

Kakashi: And what might that be?

Me: You're going to give us our True Genin Test. The Academy was to see if we had what it takes to qualify as Genin. Your test will see if we are worthy to be Genin. 66% failure rate and only 9 of us will pass. But because we're a team of 6, that makes 12.

Kakashi: How did you know all that?

Me: Doesn't take a rocket scientist to figure you out Kakashi-Sensei. Also…

I pull out from my tool pouch a Make Out Paradise Book.

Me: You like these books right?

Kakashi looked in his tool pouch and saw that his book wasn't there.

Kakashi: That's mine! How did you get that?

Me: That's my little secret. Now [I snap my fingers and my thumb has a little flame on it like a match] You will give us our test today or your book burns.

Kakashi was scared.

Kakashi: Okay, okay, okay! Meet me at training ground 7 in 10 minutes! Just don't hurt my book!

Me: Wise choice. Don't be late.

I hand the book back to him and we all leave for the training ground.

Me, Naruto, Sakura, Fu, Lincoln and Laney arrive.

Lincoln: Was that your bargaining chip you told us about?

Me: Yep. But that was only half of it. Listen.

I snap my fingers and Kakashi screamed in sadness.

Kakashi: [From a distance] NOOOOOOOOOOOOO!

Me: [Sinister Chuckle] Stooge.

Sasuke arrived 5 minutes later.

Kakashi arrived another 5 minutes later and he was not happy.

Kakashi pulls out 5 bells from his tool pouch.

Kakashi: Now for your test. You have until 6:00 PM to get these bells from me. If you don't, you fail and you'll be sent back to the academy. Ready? Begin!

Naruto, Sakura, Fu, Lincoln, Laney and Sasuke hide while I face Kakashi.

Kakashi: You know you're supposed to hide right?

Me: I know. But I want to show you what I'm capable of. Just a forewarning, I won't be holding back.

Kakashi: Well in that case, [Lifts up his headband and reveals that he has a Sharingan in his left eye] Neither will I.

Me: So that's the Sharingan or Copy Wheel Eye. Now I've got something to show you.

I start charging up my power and my aura flares up and it turns yellow.

Me: HAAAAAAAAAAAAAAAAA!

I transform and my wings are spread and my hair is golden yellow and my golden aura was active.

Me: I didn't know it was gonna be that kind of fight.

Kakashi was floored.

Kakashi: [In his head] What is he? I've never seen this kind of transformation. The level of chakra I'm sensing off of him is mindboggling. He makes even Madara Uchiha look like a joke.

Me: I can tell by your reaction Sensei. This is my ultimate transformation. I unlocked this somehow when I was fighting in the Netherworld. I call it Super Angel.

Kakashi: Incredible.

Sasuke was seething with extreme rage and jealousy.

Sasuke: [In his head] How can he have more power than me!? It's not fair! I should have all this power! I'm an elite! I deserve everything! I will go to the council and make him give me his power!

Me: [To Sasuke] You will not have my power Sasuke even if you get the Council to make me give it to you!

Sasuke was floored.

Sasuke: Did you just read my mind!?

Me: Yes I did. Here's how I got these powers. When I was a baby, I was playing in my backyard at home when a storm come in. Suddenly out of nowhere, I was exposed to Cosmic Radiation, Radiation from Outer Space. I was forever changed. I have immortality, invincibility, winged flight, element control and numerous other powers. I trained at a rigorous and extremely hard level to control my powers and it was a brutal process.

Lincoln: Whoa. J.D. was born with these powers because of Cosmic Radiation? Amazing!

Laney: Unbelievable.

Sakura: Cosmic Radiation? I had no idea such a thing even existed.

Fu: Me neither.

Naruto: Same here.

Me: It's confusing guys. I know. Cosmic Radiation travels all over the infinitely vast distances of the Universe. It's incredibly powerful and its effects are completely unpredictable. You never know what could happen.

Kakashi: That's incredible. Lets continue on.

Me: Sorry.

I dash toward Kakashi and punch him in the face and he went flying and skidded and I leg sweeped him and kicked him high into the air and teleport up to him and axe kick him in the stomach. It sent him crashing into the ground.

Kakashi got up and Naruto grabbed him and threw him into the air and Sakura punched him in the stomach and face.

Fu punched Kakashi in the stomach and crotch and threw him into the ground.

Laney used her plant powers and swung Kakashi around at Mach 1 and it made him sick and he threw up in his mask.

Lincoln fired some lightning at Kakashi and it electrocuted him and Laney threw him into the ground.

Kakashi was knocked out cold and I took the bells and we passed.

The simulator ended and I powered down and we turned in for the night.

THE END.

Another Fanfiction Complete.

I wanted to do a Naruto exercise where we do some elements from my books and I added the techniques from Dragonball Z, and Yu Yu Hakusho into my arsenal of powers. I even made some of my own techniques. You'll see some more of those later on. In these stories I got all my powers because of Cosmic Radiation and I got the idea for that from Cow & Chicken. The episode "The Legend of Sailcat" sparked the idea. Sailcat got his powers from "Strange Radiation from Outer Space" or Cosmic Radiation. So I got the idea from that. I hope you guys like it.

See you next time.

# The Problem with Trolls

It starts in Lori's room and Lori and Naruto were on the computer.

Lori and Naruto had just created a video of Lori flying in the sky and she made a message to Bobby saying "Bobby, Will you Marry Me?" in the clouds. They recently uploaded it on social media.

Lori: Thanks for helping me with this video for Bobby, Naruto.

Naruto: No problem Lori. When you can fly, you can do anything in the air.

Lori: That's true. [Beep] Finished uploading. I hope I receive alot of likes.

I am on my computer and I saw Lori's video.

Me: Wow. This is really good. Lori and Naruto did a great job. I got to send them a comment.

I type on my laptop.

Lori got my comment.

My profile name is FlyingCosmos3001.

Lori: It's from J.D. "Great video Lori. You and Naruto did a fantastic job. I hope Bobby likes it." He left a thumbs up and a happy face emoticon. Aw. That's so sweet of J.D. to comment. [Beep] Another one.

It was from Bobby. His profile name was RobertoBusyBee6000.

Lori: It's from Bobby!

It was actually a video comment.

Lori: Oh it's a video comment.

Naruto: Lets watch it.

Lori clicks the link.

Bobby: [On the computer] Hey babe. I saw your video and of course I will marry you. I love you more than anyone in the world.

He turns the camera and it shows him proposing to her and he had a beautiful ring.

Lori was crying in tears of happiness.

Naruto: Congratulations Lori.

Lori: Thanks Naruto. I couldn't have done this without you. [Beep] Another one. From J.D. "Congratulations, Lori. I saw Bobby's proposal and I'm so happy for you. I can't wait for the wedding." Thank you J.D. [Beep] Another one. It's from no one I know.

But this one was going to ruin everything.

Lori: "This message is so stupid." [Gasp] Who would say such a thing!?

Naruto: I don't know. [3 Computer Beeps] Three more came in.

Lori: Lets see. "You two are so pathetic it makes me sick." "Lori is a dumb blonde idiot" "Bobby belongs in a Mental Hospital"?

Lori broke down crying and cried into her pillow on her bed.

Naruto: That guy's a monster! [Beep] Another comment from J.D. "Hey! Who the heck do you think you are?! You can't talk to Lori and Bobby like that! I oughta come over there and bash your brains in!"

Lori: [Crying] That creep! He ruined me!

Me, Varie, Aylene, Lincoln and Laney come in.

Me: Lori! We saw those comments and you are dealing with an Internet Troll.

Lori: An internet troll? What's that?

Varie: It's a slang term for someone that upsets people on the internet by being a total jerk and post mean comments and all that stuff.

Aylene: Trust me. They are pests.

Lincoln and Laney came to her and comforted her.

Lincoln: Lori you should ignore people like that. They will only make things bad for you if you paid attention to them.

Laney: Lincoln's right. I saw your video and I thought it was pretty good.

Lincoln: Me too.

Varie: I saw it too.

Aylene: Same here and congratulations Lori.

Lori: Thanks Aylene. But who is this guy?

Me: Let's see here.

I look at his account name and it was a kooky one.

Me: His name is PizzaPocket666?

Lincoln: That's a stupid name.

Me: He has the Armageddon Number in it. Fitting. Let me see if I can trace him.

I type in a code and trace the account name to the computer it came from and it gave me a map and it drew a line all the way to an unknown address.

Me: 2123 Kirby Dr.?

Lori knew that address.

Lori: That's Carol's house.

Varie: But I thought she was banned from all social media sites.

Me: She must've found a loophole in her ban and got a friend to do it. That cunning little viper.

Lori: [Infuriated] When I find Carol, I'm gonna grind her into dust!

Varie: She's now an internet troll.

The doorbell rang and I answered it and it was a boy with blonde hair, glasses and dressed in a shirt, tie, blue jeans and fancy shoes. It was my computer club friend Charlie McDonnell.

Me: Charlie. How's it going man?

Charlie: [As Eddie Deezen] I've been monitoring the computer signals and found an internet troll sending messages to Lori.

Me: Yeah. I found out too. It's Carol Pingrey.

Charlie: Carol?! I thought she was gone after the Homecoming Queen Scandel.

Me: That's what I thought too. Come on in.

We head into Lori's room.

Lori: Charlie.

Charlie: Hello Lori. I saw your video and I thought it was beautiful. Congratulations on the future wedding.

Lori: Thank you.

Lincoln: Hey Charlie.

Charlie: Hey Lincoln. How have you been doing?

Lincoln: Great thank you.

Charlie: You're welcome. Laney, you're doing well.

Laney: Thanks Charlie.

Varie: Good to have you here Charlie.

Charlie: Thanks Varie.

Lori: Carol's been sending me mean messages.

Charlie: Yeah. J.D. told me. Carol needs to be taught a lesson.

Aylene: I agree.

Me: Lets brainstorm.

We start thinking and just when I was about to get an idea, an RV Slams through the wall and opened up and out on a slide came Uncle Grandpa.

Uncle Grandpa: Good Morning!

Me: Uncle Grandpa! Wow!

Uncle Grandpa: That's right J.D. I heard you guys got an internet troll problem.

Me: It's worse than that. The troll is Carol Pingrey, Lori's arch nemesis.

Uncle Grandpa: Well I'm more than happy to help out. Lets pay Carol a visit. Mr. Gus, Giant Realistic Flying Tiger, Pizza Steve, Tiny Miracle, it's action time.

Me: Lets go.

We all rush over to Carol's house and I knock on the door. Uncle Grandpa hid Varie, Aylene, Naruto, Charlie, Lincoln, Laney, Mr. Gus, Giant Realistic Flying Tiger, Pizza Steve and Tiny Miracle inside Belly Bag and Belly Bag was on my waist.

Her dad answered.

Mr. Pingrey: Oh hello, J.D.

Me: Hello Mr. Pingrey. Can I talk to Carol?

Mr. Pingrey: Sure. Come on in.

Me: Thank you.

I walk in and saw Carol's room down the hall.

Belly Bag: That must be Carol's room.

Me: It sure is Belly Bag.

We tip toe up to the door and I knock on it.

Carol: I'm busy.

Me: [In my head] I better disguise my voice. [Out loud and imitating Pat Sajak] Carol Pingrey you won an appearence on America's Game, Wheel of Fortune.

Carol let out a squeal of joy and opened the door and found us all outside and ready to fight. Uncle Grandpa changed the room into a medieval castle with lots of warriors.

Carol: Lori, what are you doing here?

Lori: You sent those evil messages to me and you will pay big time!

Carol: You deserve it Lori! I hate your guts after everything you did to me!

Me: You had it coming Carol!

Uncle Grandpa: Carol what you're doing is wrong. You hurt Lori's feelings. Bobby and Lori are getting married in a while.

Mr. Gus: Internet Trolls should never use the internet.

Pizza Steve: Pizza Steve can't argue with that. You are one nasty dumb blonde!

Carol: WHAT DID YOU JUST CALL ME!?

Pizza Steve: You heard me! Pizza Steve called you a nasty dumb blonde!

Carol: [Enraged] YOU'RE ALL GONNA GET IT!

I unsheathe my sword, Lori, Lincoln, and Laney spread their wings and destroyed all the warriors and Lori fired a blast of tornadic wind and it hit Carol and blew her into a wall and she crashed through.

Uncle Grandpa: Here Lincoln.

Uncle Grandpa hands Lincoln one of his magic swords.

Lincoln: Thanks Uncle Grandpa.

Lincoln slashes more warriors and they explode into balls of lightning.

Lincoln: Cool!

Charlie: Chew on this.

Charlie fired a bunch of lasers from a laser gun and vaporized some of the warriors

Naruto: Eat all of us! Believe It!

Naruto formed a bunch of Shadow Clones and formed a bunch of Rasengan and destroyed most of the warriors.

Aylene: Eat these!

She fires lots of arrows into the warriors and skewers them.

Uncle Grandpa: Laney, you could use this.

He hands Laney another magic sword and she slashes more warriors and they turn into numerous types of fruit and vegetables.

Laney: A produce sword. Cool!

Pizza Steve: Eat this!

Pizza Steve throws globs of hot cheese at the warriors and they cover their view.

Giant Realistic Flying Tiger: [Roars]

Giant Realistic Flying Tiger flies and splatters the warriors with a rainbow trail.

Mr. Gus: Eat This!

Mr. Gus blows fire from his mouth and fries the warriors.

Tiny Miracle turns into a killer cyborg and blasts them with lasers.

Lori and Carol were ripping eachother apart.

Carol: I have always been better than you Lori.

Lori: Not anymore Carol.

Lori fired a blast of wind and blew Carol through more walls and knocked her out.

Lori: Don't ever use the internet again.

Me: We did it.

Later we told Carol's parents what went down and Carol was taken away to a special reform school.

Uncle Grandpa was getting ready to leave.

Me: Thanks for all your help Uncle Grandpa. We all owe you one.

Uncle Grandpa: Anytime J.D. Lincoln, Laney, you can keep those swords.

Lincoln: Thanks Uncle Grandpa. This is awesome!

Lori: Thank you for helping me Uncle Grandpa.

Uncle Grandpa: Anytime Lori. And congratulations to you and Bobby. Well see ya.

Uncle Grandpa's RV flew away.

Me: Wow. That was awesome.

Varie: It was. Uncle Grandpa is a great guy.

Me: Yeah. I just hope that Carol learns a lesson from all of this.

Lori: And what's that?

Me: Never be a jerk on the internet or there will be terrible consequences.

Lincoln: You said it.

Laney: True to that.

Aylene: Mm-hmm.

Naruto: Believe it.

THE END.

Another fanfiction done.

I got the idea for this one from the Uncle Grandpa Episode "Internet Troll". I also love Uncle Grandpa. He's funny and has alot of awesome adventures helping kids. I did a crossover chapter with Uncle Grandpa because I thought it would be cool. Let me know what you all think. Also the account names I put on were made up.

See you all next time.

Uncle Grandpa is owned by Peter Browngardt and Cartoon Network.

# An Evil in the Past

I am in the Simulator doing an exercise.

Varie, Lady Tsunade, Shizune, Kakashi, Naruto, Sasuke, Sakura, Fu, Lincoln, Laney, Lori, Anastasia, Penny and Lisa are in the control room.

The Simulator activated and I found myself at the Kannabi Bridge.

Me: I'm in the 3rd Great War during the Kannabi Bridge. Maybe I can save Rin.

I see a young Kakashi and his teammate Obito Uchiha about to head off to rescue Rin Nohara.

Me: I better follow them.

I sneak around quietly and arrive at the mouth of a cave as Kakashi and Obito go in. They rescued Rin from the Rock Ninjas and one of them causes a cave in and I see Kakashi do an act of pure evil and treachery.

Kakashi pushed Obito under a boulder and Obito got crushed.

Me: That monster!

I run and kicked Kakashi in the back.

Kakashi crashed into a bunch of rocks and landed onto the ground. He got up and saw me.

Me: Kakashi, you little monster! How could you betray your team like this?

Kakashi: [Insane Laughter] Obito is just a deadbeat idiot in my way in my path to power and Rin is just a slave to me.

Me: You are insane Kakashi. Rin is not a piece of property for your own selfish needs. Obito is your friend and you betrayed him.

Kakashi: I don't care.

Outside the simulator, Lady Tsunade and Kakashi were shocked.

Lady Tsunade: This version of you Kakashi is pure evil.

Kakashi: He's more than that Lady Hokage. He's a homicidal maniac. He cares about no one other than himself.

Fu: No kidding. He is a monster.

Naruto: He is a true demon. No offense Fu.

Fu: None taken.

Sasuke: I didn't know Obito Uchiha was on your team Kakashi-Sensei.

Kakashi: Obito was more than just a teammate Sasuke. He was my best friend. He was a goofball idiot like Naruto was. He's the one that taught me what I told you.

Naruto: "Those who break the Rules are Trash. But those that abandon their teammates are worse than trash." Right Sensei?

Kakashi: That's right Naruto. He too wanted to become Hokage like you.

Naruto: I've got alot to learn about my predecessor teammate. He and I have a lot in common. Minus the Jinchuriki stuff.

Shizune: You sure do Naruto.

Back in the somulator I was facing Kakashi. Rin threw a tri-prong kunai and in a flash of yellow light came Minato Namikaze the Yellow Flash.

Minato: I'm here Rin. Where's Obito?

Me: He's under that rock Minato. Kakashi here pushed him under it as the Rock Ninjas caused a cave in.

Rin: It's true Minato-Sensei. Kakashi pushed Obito under a falling rock and crushed him. This stranger here kicked Kakashi into the rocks.

Minato: I see. [To me] Who are you by the way?

Me: Oh I'm sorry. I'm J.D. Knudson. You want me to kill this traitor?

Minato: Be my guest. Kakashi, you are no longer my student and you are no longer a ninja of the Hidden Leaf. You are now an S-Rank Criminal.

Kakashi: NO! I am a ninja of the Leaf and I won't let you stop me on my path to power!

Me: Enough you Freak!

I go Super Angel and Minato and Rin are astounded by my Transformation.

Me: Kakashi Hatake, Your time has come.

I teleport and kick him in the face and Kakashi crashes into the rocks and out the other side of the mountain.

Kakashi is on the rubble.

Kakashi: Dang him! [Gets up and Growls with rage] He's so dead!

Kakashi dashes to me and I teleport as he punches and I teleport behind him and I teleport again as he kicks.

I teleport in front and I grab his punch and kick him in the face and he throws a kunai with a paper bomb and it explodes. Kakashi skidded and saw the smoke from the explosion.

When the smoke cleared, I was completely unharmed.

Minato: Wow. His power is incredible. He took a Paper Bomb and it didn't even phase him.

Rin: Incredible.

Kakashi: [Infuriated Growl] I HATE YOU!

My aura flared to extreme intensity.

Me: You hate the fact that you're completely powerless to stop me. That you're completely outmatched. Your father was a total disgrace just like you are now. Imagine feeling what he felt when he returned home from his mission after he abandoned his team. Fool! How do you think he felt when he returned home to the village and was shunned for abandoning his team? He was a total disgrace and he killed himself because of it. Well now it's your turn. I hope you enjoy it.

I dash and kick him in the face and flip into the air.

Me: YAH! [Fires a Ki Blast]

The Ki Blast hit Kakashi head on and completely obliterated him in a huge explosion.

Me: See you in the Netherworld Kakashi.

I powered down and Minato and Rin were okay.

Minato: You are incredible J.D.

Me: Thank you Minato.

Rin: Is Kakashi?

Me: Yes. Kakashi's energy signal has completely disappeared. He's dead.

Rin was devastated and she broke down crying and I comfort her.

Me: I'm sorry Rin.

Minato: I created a monster. Kakashi was one of my best students and I…

Me: Don't blame yourself Minato. You had no idea that Kakashi was that evil to begin with.

Minato: I know. But lets go see Obito.

We walk over to the cave in and saw that he was alive but he was hanging on by a thread.

Obito: [Weakly] Is Kakashi?

Me: Yes. Kakashi is dead.

Obito: Good. Rin. I'm so sorry. I wish I could be here for you. But I guess I'm not.

Rin: [Crying] It's okay Obito.

Me: Obito, I can't believe Kakashi did this to you. He was a monster.

Obito: Yeah. Who are you?

Me: My name is J.D. Knudson.

Obito: J.D. I want you promise me something.

Me: Name it.

Obito: Please take care of Rin for me. I love her more than anything and I want her to be safe with you.

Me: I promise Obito. You have my word of honor.

Obito uses the last of his strength and lifts up his hand and I take it.

A yellow light glows around Obito and I feel some strange power flow into me.

Obito: J.D., I transfered all of my abilities and my Sharingan into you through my Chakra.

Me: I had no idea all shinobi had this kind of power.

Obito: It's my first time doing it actually. We can only use it when we're near death. Rin, I love you and I will always be with you.

And with that Obito died.

Rin was crying hard.

Minato was comforting her as I lift the rock off of him and I knelt down and closed his eyes in respect.

Me: I promise I will look after Rin. [Tears drip down] Goodbye Obito Uchiha.

I fire a blast of fire and incinerate the body.

We head back to the Leaf and I deliver the bad news to Kushina and she cried too.

Me: I'm sorry Kushina.

Rin was crying hard.

As they grieved for Obito, I remembered something.

Me: Minato, Kushina. I have some strange news to tell you.

Minato: What is it?

Me: I actually come from another dimension in the future. In my dimension where I come from, Obito is still alive and he was fixed up by Madara Uchiha.

Kushina: Madara was alive?

Me: Yes. I don't know how but he survived. He fixed Obito up by infusing the cells of Hashirama Senju the 1st Hokage into him and Obito went out to be reunited with Kakashi and Rin. He saw Kakashi kill Rin after she was made the 3-Tails Jinchuriki against her will and she was to be used as a trojan horse to unleash the beast when she got into the village. Madara did all that and made Obito fall into despair and Obito was gonna get revenge on Kakashi for killing her. In 2 and a half years you're going to have a boy named Naruto. You name him after the main character in Jiraiya's book that didn't sell well: "The Tale of the Utterly Gutsy Shinobi." When Naruto was delivered on October 10th, Obito held Naruto hostage in order to get you Minato away from Kushina and he rips the 9-Tailed Fox out of you Kushina. He unleashes the beast onto the village and it kills 1200 people. You had no choice but to sacrifice yourselves and made Naruto the 3rd Jinchuriki of the 9-Tailed Fox. I don't know what you were thinking when you wanted Naruto to be viewed as a hero for containing the fox, but Naruto should've had his Jinchuriki status kept secret at all times.

Minato: Wait. He's been born in your dimension?

Me: Yes. He is 13 years old now and is an incredible shinobi. He inherited your looks Minato and he inherited Kushina's personality and knack for creating jutsu. But his life wasn't a very pleasent one. He was kicked out of the orphanage at the age of… Well. I might as well have him come and explain.

A vortex appeared and Naruto came in.

Naruto: Hello Mom. Hello Dad. It's nice to finally meet both of you.

Minato: Naruto? You are our son!

Minato and Kushina hugged him.

Naruto met his parents for the first time in his life.

As we sat down, Naruto revealed everything. The 3rd Hokage Hiruzen Sarutobi was with us.

Naruto: My life has been horrible from day one. I was kicked out of the Orphanage at age 3. I was forced to live on the streets and dig through the garbage for food. Everywhere I went the villagers would look at me with extreme hate. They would talk behind my back, call me names like freak, Demon, 9-Tails Brat, Monster, the works. They would say hurtful things like You need to die, Go back to the Netherworld, Die, I will kill you, and more. They would throw stuff at me like rocks, sticks, and more. Deny me service at restaurants and stores and overcharge me for expired food. But the worst of it was the Angry Mobs. I spent most of my life in the hospital because of those attacks. The worst of them happened on my birthday, October 10th, the anniversary of the 9-tails attack. I also had numerous assassination attempts on my life. Some of them were from enemy shinobi and ANBU with blank masks.

Lord 3rd: Danzo's Root ANBU.

Me: Yeah. Danzo still has his Root ANBU active and he's done numerous crimes around the world. But we'll talk about that later.

Naruto: So to hide my pain, I put on a mask and did all sorts of pranks. I dyed the Hyuga's hair pink, I put itching powder in the Inuzuka Kennels, I vandalized the Hokage Mountain, I did it all.

Me: I saw Naruto's pranks and they were funny.

Kushina: Naruto has my prankster habits? [Laughing]

Lord 3rd: [Laughing] That takes me back. Kushina used to be a great prankster. Always made me laugh. But you are right. Jinchuriki usually are never looked at as normal people but the monsters that they carry.

Naruto: That's right Grandpa. But I have lots of friends and J.D. here is my big brother.

Me: That's right little bro. We have a lot to tell you about the dimension we now live in. But we'll take you all there if you like.

I snap my fingers and merge the Leaf with the Leaf in Lake St. Clair and the exercise ended. We explained numerous events that have taken place in Naruto's dimension. Numerous things happened that made sure those events never came to pass. Rin was now one of Naruto's future wives.

THE END

Another Fanfiction Done.

I wanted to do a Simulator exercise where I travel back in time in a simulator environment and use my powers to make the events that happened not happen. I won't bore you with the details. It turns out I have omnipotent powers in my stories. I used a scenario from Dragonball Z where Trunks kills Android 17 & 18 in the future he came from and made it my style. I saw an evil Kakashi in a bunch of fanfiction stories and incorperated that into this. I hope you all like it.

See you next time.

# The Lion's Angel

Varie is in the Simulator.

Me, Aylene, Jessie, Anastasia, Woody, Naruto, Sakura, Fu, Ino, Rin, Hinata, Lincoln, Laney, Lana & Lola, Penny and Lisa are in the Control Room.

The Simulator activated and Varie found herself in the Shinjuku District of Tokyo, Japan. She saw half of the Shinjuku City Hall Tower engulfed in a weird red mass.

Varie: Oh man. I'm in the battle against the D-Reaper.

Me: The D-Reaper? This is terrible.

Lana: What is the D-Reaper?

Me: It was a program created to control the growth of Artificial Intelligence. The D-Reaper was created and programmed to delete programs that exceeded their original perameters. It was based on the Reaper Program that was designed to destroy the Morris Worm Virus back in the 80's by the United States Department of Defense.

Lisa: Exactly. The Reaper Program was designed for that purpose. But this D-Reaper sounds like it poses a serious threat to the world.

Lola: Technology is not my strongsuit, no offense Lisa. It's interesting but not for me.

Lisa: None taken Lola.

Aylene: Technology was never my strongsuit. It's too complicated for me.

Laney: I know how you feel Aylene.

Lana: This is really weird.

Penny: This is really fascinating for me. Computers are neat.

Jessie: I find all this interesting. But why would the D-Reaper want to attack the world?

Me: I don't remember the full story but we'll find out in time. Let's watch and see.

Varie walked up to the red mass of the D-Reaper.

Varie: This is bad. I got to destroy this thing.

?: Human beings are insignificant creatures and don't deserve to live.

Varie: Who said that?

Out of a bush came Jeri Katou but there was something wrong with her.

Varie: Jeri? Wait a minute. You're not Jeri. You're one of the Agents of the D-Reaper.

ADR 001: Correct, subject Varie Knudson.

Varie: What have you done with the real Jeri?

ADR 001: Your concern is illogical. The D-Reaper has therefore concluded that all humans only desire destruction. Emotions such as love, sadness, anger and happiness do nothing more than make you weak.

Varie: I don't believe that. Love makes you stronger.

Varie dashed and punched the clone in the face and sent her crashing into a building.

She arose from the rubble and was in her true form.

Varie: So this is your true form. You sure are ugly.

ADR 001: Yes. Human beings do not deserve to exist. Humans are worthless creatures that only cause destruction. They created Digimon to fight battles and load data so that they'll get stronger in strength in ability. Humans and Digimon must be deleted immediately.

Varie: Shut up! You have no right to decide that! We have a right to live and to protect the people we care about! That's something a warped freak like you can never understand!

ADR 001: Human beings wage war, destroy other human beings and therefore their existence is pointless.

Varie: SHUT UP!

The Agent continued to talk its head off and Varie got angrier and her hair flashed Aqua Blue and back to Aqua Green. Her eyes were flashing to purple and back to blue. The ground started shaking violently and lightning was striking the ground around her.

She then unleashed a new transformation in a massive explosion of Aqua Blue light and Varie became a Super Angel. She had Aqua Blue Hair, Purple Eyes and an Aqua Blue Aura that was emitting extreme power and her energy levels had skyrocketed dramatically and her Wings were spread.

---

In the Control room we were flabbergasted.

Me: [Gasp] Varie became a Super Angel!

Lana: Whoa! Varie looks awesome!

Anastasia: She looks amazing.

Lola: How did she unlock this power?

Me: It must've been the constant babbling done by the agent about how the D-Reaper will wipe out Humanity. It triggered something in Varie. Her power is incredible. She can win now.

Hinata had her Byakugan active and she looked away.

Fu: What do you see Hinata?

Hinata: Her energy is so strong that it's like looking at the Sun.

Rin: Wow! Varie's power increased dramatically.

Ino: Incredible.

Sakura: Yeah. Incredible. We've seen J.D.'s Super Angel transformation and he overwhelmed Kakashi-Sensei without any problems.

Naruto: Yeah.

Jessie: This is unbelievable.

* * *

Back in the battle.

Varie: I won't let you destroy the planet you monster!

Varie fired a Ki blast and it hit the Agent in the head and the Agent was destroyed.

Varie: That takes care of that. Now to find Jeri.

Varie looked around and sensed something in between the two towers of Shinjuku City Hall and flew out to it.

As she flew, she saw a big fight going on. Lots of explosions destroyed numerous agents and more.

Varie: Looks like the Tamers have their hands full. I hope they pull through.

Varie felt something invisible.

Varie: There's something here.

Beelzemon and Calumon show up.

Varie: Beelzemon and Calumon? What are you doing here?

Beelzemon: Same thing you are. Calumon thinks he knows where

Jeri is.

Calumon jumps onto the invisible field.

Calumon: Can you break this open?

Varie: We'll try. Get on me quick.

Calumon did so and Varie fired a Ki ball and Beelzemon fired his guns and they saw a giant red sphere appear and it was suspended in mid air between the towers of the Shinjuku City Hall building.

Varie looked into a crack and couldn't see anything.

Varie: Beelzemon can you widen this crack big enough for me and Calumon to get through?

Beelzemon: I can try.

Beelzemon widened it big enough with his strength.

Beelzemon: There. Varie, bring Jeri back safely. I did a horrible thing to her and I want to redeem myself. I can't change the past. But I can try to help her.

Varie: I will try to help her.

Varie and Calumon got through and swam down and they saw another orb and inside it was Jeri Katou.

Varie: Jeri. Thank goodness.

They got into the orb and landed by her.

Varie: Jeri, thank goodness you're alright.

Jeri didn't look up.

Varie: Jeri what's wrong?

She didn't answer.

Calumon: Jeri it's me Calumon. Aren't you glad to see me?

Varie: She's sad for some reason.

Varie then decided to go into her mind and see what's wrong.

Varie used her psychic powers and entered her mind. She saw a horrific and dark past. Her mother died of a terminal disease when she was 5 and it devastated her. Her father Tadashi tried his very hardest to look after her, but it was never enough for her and he remarried and Jeri never got along with her stepmother or her stepbrother. She wore a mask to hide her pain and made Lots of Friends. Takato Matsuki has a crush on her and she became a tamer and her partner was Leomon. But a tragic day befell her in the Digital World. Beelzemon destroyed Leomon and it devastated her a lot. She blamed herself for what happened and thought her destiny was to always be alone.

Varie snapped out of it.

Calumon: Varie, what's wrong?

Varie: Jeri, are you sad because of what happened to your mother and Leomon?

Jeri got up and looked at her.

Jeri: How did you know all that?

Varie: Because like you I too have a dark past. When I was 5 years old, My parents were killed by Evil Mermaids from the Dark Side of the Legend.

Jeri: But mermaids aren't real.

Varie: Mermaids are real. But I have special powers that enable me to do all sorts of things. But I saw your past and I can tell that you've been through a lot.

Jeri: You've never had your Digimon Partner destroyed by an evil Digimon! How would you know!?

Varie: You're right. I don't have a Digimon Partner but I can tell that you and Leomon were very close. I also can tell that you and your mother were close too. I know how hard it is to lose a member of your family and I know how much it hurts. The pain never goes away. I can tell. But your destiny is to never be alone. That's not how it works. Everyone has the power to change their destiny and it lies within your heart. Everyones destiny is never set in stone.

Jeri: Maybe my destiny was to always to be alone.

Varie: No. That's not true. You have a lot of friends and you made them apart of your life. Takato loves you more than life itself. Hes always been there for you. Takato has strong feelings for you. He just never showed it. You can't let the past haunt you like this. Losing my parents was rough but I know that they will always be with me in my heart and in spirit. I have learned how to let go of the past and move on towards the future.

Jeri: How can I?

Varie: You can start by being with your friends and let go of your sadness, guilt and regret. You can't live your life in sadness. You can't blame yourself for what happened to your mom and Leomon. It wasn't your fault. Beelzemon is on the path to redemption. He feels so terrible about what happened and he wants to save you. I know how much Leomon meant to you but he will always be with you in heart and in spirit as long as you remember everything he and your mother taught you. You'll never be apart as long as you believe in yourself and keep them in your memories and your heart and spirit.

Jeri then started to realize everything Varie said and she broke down crying and hugged Varie.

Varie: Just let it all out Jeri. Let it all out.

Jeri: I hate being alone! [Crying hard] I want to be with everyone!

Varie: I know Jeri. It's okay.

---

In the control room.

Sakura: Oh poor Jeri.

Fu: She's been through a dark life too.

Hinata: That's sad.

Ino: Poor girl.

Rin: Oh man.

Naruto: I feel her pain. She's had dark past too. Like most of us.

Me: I know little bro. Her past was a tragic one.

Lola, Lana, and Penny were crying and Aylene was comforting them.

* * *

Varie was comforting Jeri as she cried for 30 minutes. She began to feel better.

Jeri: Thank you for helping me get over my grief Varie.

Varie: It's no problem Jeri.

Calumon floated over to Jeri.

Calumon: Jeri you're back!

Jeri: Calumon. It's so good that you're okay.

Calumon: Thanks to Takato and my friends. You too Jeri.

Varie: Jeri, Calumon, lets get out of here shall we?

Jeri: Lets.

Varie: Stay close to me.

Varie and Jeri held hands and Varie flared up her aura and outside, aqua blue beams of light ripped through the red orb and it exploded with incredible power. When the smoke cleared Beelzemon saw that Varie, Jeri and Calumon were okay.

Beelzemon: Thank goodness you're all okay. Jeri, I'm so sorry. What I did is beyond forgiveness. I don't need anyone to tell me that. But I can't change the past.

Jeri: I forgive you Beelzemon.

Beelzemon felt grateful.

Varie: Lets go.

Varie, Jeri, Calumon and Beelzemon flew to the Building where the Monster Makers are at.

They arrived and went into the office and everyone was shocked to see Jeri okay.

Beelzemon reverted back to Impmon and Varie explained everything.

Everyone was horrified.

Mr. Yamaki: That's terrible. Jeri I'm very sorry about what happened to you. Losing a family member is really tough. Take it from me.

Riley: I know how you feel Jeri.

Tally: Me too.

Takato, Henry, Rika, Ryo, Kazu and Kenta came in and Jeri was reunited with them.

Henry: Jeri, thank goodness you're back.

Rika: Wait a minute. Didn't we see Jeri go home?

Varie: No Rika. That was not Jeri. It was one of the D-Reapers Agents that was made to look like her. She was planted as a spy to gather information and learn how humans work.

Suddenly a massive earthquake rattled the area and the D-Reaper changed into it's true form: The Mother D-Reaper.

Varie: That must be it's main core. It's power is unreal. I don't think we've ever faced a monstrosity this powerful before.

Takato: What to we do?

Varie: What else? We fight.

Then a golden light shined down on Jeri and a sword appeared. It had a golden yellow blade with a lion etched into it and the runes were in a strange language that were in the word Lionheart.

Leomon's voice was heard.

Leomon: Jeri, can you hear me?

Jeri: [Gasp] Leomon? Is that you?

Leomon: Yes Jeri. It's good to hear your voice again.

Jeri: Me too.

Leomon: Jeri take the sword. It belongs to you.

Jeri: But I don't know anything on how to fight with a sword.

Leomon: Trust me and remember, you have a lions heart.

Jeri took the sword and she suddenly sprouted yellow angel wings and on her forehead was a lion symbol. She was imbued with all of Leomon's strength and power as well as the knowledge on how to fight with and without a sword.

Jeri: I'm ready.

Varie: Lets go!

Suzie & Lopmon: **CHERUBIMON!**

Varie: Humans and Digimon working together. Perfect. Lets go!

The Battle that will decide the Fate of Humanity and Digimon has begun and they went out and fought with incredible power.

MegaGargomon: **MEGA BARRAGE!**

Numerous green energy missiles were fired and they hit numerous agents with lots of explosions.

Sakuyamon flew up.

Sakuyamon: **AMETHYST WIND!**

Sakuyamon released a purple energy flower petal wind and it obliterated some more agents.

HiAndromon: **ATOMIC RAY!**

A blue energy beam went through numerous agents and destroyed them. A huge explosion followed afterward when it hit the D-Reaper mass.

Cherubimon: **STORM OF JUDGEMENT!**

A huge lightning storm appeared and numerous lightning bolts struck the D-Reaper mass and lots of agents. The Mother D-Reaper was hit lots of times.

Gallentmon: **SHIELD OF THE JUST!**

A huge blast of red energy fired from the Shield and hit the Mother D-Reaper in the face head on with a huge explosion.

Varie, Jeri and Beelzemon were flying over the mass.

Varie: Let's attack it together with our strongest attacks.

Beelzemon: You got it!

Jeri: Right.

Varie: **KA! ME! HA! ME!**

Beelzemon formed a pentagram with his blaster.

Beelzemon: **CORONA DESTROYER!**

Jeri: **FIST OF THE BEAST KING!**

Varie: **HA!**

They fired at the same time and the attacks combined and when they hit the Mother D-Reaper the powerful attack exploded with incredible power.

The Explosion was so powerful that the Mushroom Cloud covered 1 tenth of the area.

Jeri: Did it work?

When the smoke cleared, the Mother D-Reaper had been 75% blasted apart.

Varie: That did it.

Mother D-Reaper: **Negative, subject Varie Knudson.**

A figure emerges from the remaining structure of the Mother D-Reaper and it was the Jeri Agent. But this time it was faceless.

Varie: This one again? Wait a minute. It's different and it's more powerful than when I faced it. Let me face it.

Varie went out and she and the Agent clasped hands.

Mother D-Reaper: [Through the Agent] **Humans and Digimon exist only to destroy or be destroyed. An exercise in futility. Humans desire total annihilation therefore their existence is pointless.**

Varie: Like I said before. You have no right to decide that.

Varie punched the agent in the face and a vicious and ferocious fight began.

Varie punched it in the stomach and the agent punched Varie in the face and Varie kicked it in the mouth. The Agent punched Varie in the face again.

Mother D-Reaper: **You are persistent.** [Punches Varie in the head] **But you're only delaying the inevitable!**

The Agent kicked Varie in the stomach and kicked her in the head.

Varie belched out a small amount of blood.

Jeri: Varie!

Jeri flew in.

The Agent punched Varie in the face and kicked her into the D-Reaper Mass.

Mother D-Reaper: **YOU DO NOT DESERVE TO EXIST!**

Varie exploded out of the mass and Jeri slashed the agents cable.

Varie: We do deserve to exist!

Varie punched the agent in the stomach with devastating force.

Varie: You don't!

The agent disintegrated.

Varie: Thanks Jeri. Now. [turns to the rest of the D-Reaper] I've had enough of this.

Varie raised her hands into the air.

Varie: People of the Earth and Digimon of the Digital World, share your energy with me.

* * *

In the Control Room.

Me: Varie's using the Spirit Bomb.

Aylene: Spirit Bomb?

Me: It's the ultimate attack. I saw it on Dragonball Z. It draws energy from every living thing around. The trees, water, all life and even the Sun and the Moon. When it's strong enough, It's released as one massive ball of energy.

Aylene: Incredible.

Lana: But will it be strong enough to take out the D-Reaper for good?

Me: Yes it will Lana.

---

Everyone on Earth raised their hands and everyone in the Digital World channeled their energy and the energy from both worlds poured into Varie at an accelerated rate.

A massive energy ball the size of the Moon formed and Varie condensed it to the size of her hand. Making it more concentrated and more powerful.

Varie: D-Reaper, this is the power of Humans and Digimon working together. Now perish! **SPIRIT BOMB!**

She threw it into the heart of the D-Reaper Mass and it exploded with enormous power.

The explosion was so powerful and so devastating that it completely obliterated the entire D-Reaper on Earth. The explosion also went down to the Digital World and obliterated it completely there. The explosion traveled throughout the network and erased all traces of the D-Reaper from it completely.

When the smoke cleared, a huge crater with a tube hole was where the mass was. It was a hole that led to the Digital World.

Varie powered down and she was a little tired.

Varie: At last, it's finally over. The D-Reapers energy signal has completely disappeared.

Luckily, the building everyone was in was protected by a heart bubble created by one of MarineAngemon's heart bubbles.

The merged Digimon changed back and they all cheered.

The city was under repair and Varie, Takato, Henry, Rika, Jeri, Kazu and Suzie were heroes.

---

In the control room, we were cheering wildly.

Me: She did it!

Aylene: Way to go Varie!

Anastasia: You rock girl!

Jessie: She is awesome!

Lisa: Affirmative. She is awesome.

Varie, Takato, Henry, Rika, Jeri, Kazu, Kenta, Susie, the Monster Makers and the Digimon were heroes.

Varie offered to have the Tamers, the Digimon and their families move to Detroit and they accepted.

The exercise ended.

Jeri now lives in my mansion. Turns out she, her stepmom and stepbrother now have a close bond. The Digimon Sovereign Zhuqiaomon, Azulongmon, Baihumon and Ebonwumon now live in castles at the Cardinal Points on the Detroit and Royal Woods City Perimeter. Takato and Jeri are now boyfriend and girlfriend after Jeri revealed her feelings for him.

Another Fanfiction Done.

I watched Digimon back when I was a kid. Seasons 1, 2, 3 and 4 really were exciting. I had numerous favorite Digimon so it was extremely hard to pick just one. The reason is because there's over 1190+ species of digimon and the number is still growing with each season. Digimon also have a name derived from a subject at random. One of my favorite is BurningGreymon from Season 4. His Japanese name Vritramon is derived from Vritra - the Evil Dragon God of Fire in Hindu Mythology. I started watching Digimon back in the year 1999 and it was the Advertisments that got me hooked on it. I stopped after season 4. This chapter was a little dark when Jeri's past was revealed. I had no idea that Jeri went through all that. She had a dark background. The strangest episodes I remember were Season 1 Prophecy and Season 3 Azulongmon Explains it All and His Kingdom For a Horse. Prophecy was very enigmatic. Let me know what you all think.

See you next time.

Digimon series is owned by Akihoshi Hongo, Toei Animation, ViZ Media, Bandai, Fuji Television and more.

# The Ed's Strike Back

It starts out with me, Varie, Aylene, Lapis, Jessie, Woody, Anastasia, Jeri, Starfire, Raven, Terra, Volcana, Argent, The Eds and the Loud siblings, Sam, Ronnie Anne and Bobby watching TV. It was interrupted by a Special News Report.

News Announcer: We interrupt our regularly scheduled program to bring you this special report.

News Reporter: The Kanker Sisters - May, Marie and Lee Kanker have escaped from the Atlanta Juvenile Correctional Center and are now on their way to Detroit, Michigan.

We all gasp.

Me: The Kankers busted out of prison!?

Varie: Oh no!

News Reporter: It is unknown how they did it but they are going after their boyfriends Ed, Edd, & Eddy and these girls are considered armed and extremely dangerous. They were known for destroying the Peach Creek Neighborhood and the torture and attempted rape of the 3 boys. They are now in Nashville and the Police are in pursuit. We will keep you posted.

I turn off the TV.

Aylene: I've heard about the Kanker Sisters. They are ruthless.

Jessie: Yeah. I was told about them too.

Jeri: How can those girls be that despicable?

Me: I don't know. But come on guys.

We all head to downtown Detroit and go into the Mayor's office.

Mr. Mayor: So the Kanker Sisters pose a serious threat?

Me: Yes Mr. Mayor. The Kankers are extremely dangerous and once they set their sights on something they will stop at nothing to get it and they will destroy anyone or anything that gets in their way. They destroyed the entirety of Peach Creek in Atlanta to retrieve their Ship-in-a-bottle and they completely reduced it to rubble.

Mr. Mayor: This is bad. The whole city is in danger.

Me: We need to block off all the streets leading into the state and the city and evacuate everyone in Detroit.

Mr. Mayor: I have a feeling I know what you're all about to do. Be careful guys. This state owes you big time.

Me: We'll be all right Mr. Mayor.

And with that the Mayor officially declared a state of emergency and ordered for everyone in Detroit to evacuate immediately. The roads leading into the City were blocked off and the National Guard and the military were called in. Evacuation was completed and tanks, missile tanks, laser tanks, and more came in.

Me: All right guys, start building your weapons. The Kanker's want a fight, we'll give them World War III!

Aylene: Yeah.

Anastasia: Those Kanker's are gonna wish they were never born.

Lincoln: You said it.

Laney: Those Kanker's are going down.

Lucy: Their funeral will be one never remembered.

Lori: By the time we're done with them their names will be Mud.

Leni: Are their names really Mud?

Luna: No dude. It's a figure of speech.

Luan: What a MUDDY development. [Rimshot] [Laughs] Get it?

Me, Varie, Eddy, Jessie, and some of the Military laughed.

Lisa: Now's not the time for jokes, Luan.

Raven: [Laughs] Muddy development. [Laughs] I just got it.

Starfire: The Kanker's will meet their end.

Volcana: That's right.

Terra: You ready to have some fun Lynn?

Lynn: I was born ready.

We start building our weapons out of everyday objects. We built guns and blasters out of all sorts of stuff.

2 hours later.

Me: Everything is ready General?

General Rhoda: Yes. We're all set.

Me: Okay.

We all kept a close eye out for the Kankers. Naruto, Sasuke, Sakura, Rin, Fu, Kakashi, The Kids Next Door and the Digimon were with us. Radar was watching out for them in a 200 mile perimeter.

Suddenly on the radar we spotted 1 red blip moving in fast.

Lisa: It's the Kankers! Their signature has been detected moving toward us at 120 miles per hour. South, Mark 180 degrees.

General: To all units, to all units, Contition Red. Target approaching South on I-75. Repeat. Target approaching South on I-75. Repeat, Condition Red.

Me: Battlestations everyone!

We see a car driving toward us and it was plowing through multiple road blocks. It was the Kankers and they had stolen a car.

Me: Fire at Will!

General: Fire at Will!

We fire everything we got at the car.

We bombard it with lasers, missiles, bullets, energy blasts, fireballs, rocks, water balls, lightning balls and more.

Explosions rang out and set everything on fire. The Kankers got out of the car as it exploded.

Me: General, hold fire.

General: Hold your fire!

Me: Let us face them now.

General: Be careful guys.

Me: We will.

Me & Varie, Eddy & Luan, Double D & Linka, and Ed & Leni went out to face them. We were ready.

We walked up to them and we were facing Lee, Marie and May Kanker.

Me: Kanker Sisters right?

Lee: That's right. Who are you dummy?

Me: My name is J.D. Knudson. Your worst nightmare.

Marie: I see you have our boyfriends with you.

Varie: For your information, Ed, Double D and Eddy are not your boyfriends.

Eddy: Yeah, so go back to prison and get lost Kankers! I have a loving girlfriend, Luan Loud here.

Luan: Yeah, so make like a rocket and TAKE OFF. [Rimshot]

[Laughs] Get it? But seriously, leave!

May: Your jokes are terrible!

Luan: Why you littl…

Me: Luan, calm down. They like to talk and get you worked up.

Lee: You little metalmouthed freak! Eddy is my boyfriend and you can't have him!

Luan: Shut up you red headed freak! Your mother blows sand into your mouth!

Lee: Oh that's it!

Lee tried to punch Luan but Luan punched Lee in the face and she crashed into Marie and May.

Marie: Oh that's it! You girls are dead! We're taking back our boyfriends and finishing what we started back at that Amusement Park!

Me: You want to get to them, you'll have to go through us. Normally I don't fight girls but in this case I'll make an exception.

Ed: Me too!

Edd: Same here!

Eddy: Yeah! Your times have come Kankers!

Varie: Don't expect any mercy from us.

Leni: People like you give us girls a bad name.

Linka: Yeah. You 3 make me sick!

Me: Come on guys. It's Butt-kicking Time!

A nasty and ferocious fight broke out.

The fight was extremely savage and brutal. They were punching, kicking, pulverizing, sucker-punching and more. Using every dirty trick and ferocious fighting move in the book.

The fight was so savagely ferocious and brutal that it was unbelieveable.

Then in a surprising twist, we got the drop on the Kankers. Lee, Marie and May were hogtied.

We had lots of bruises, bleeding cuts, blood was dripping out from different spots and our mouths.

Me: You Kanker's are under arrest. Again.

Everyone cheered wildly and we were rushed to the hospital.

1 week later, everyone was allowed to come back to Detroit.

The Kanker's were sentenced to Life Without Parole for causing lots of destruction in the country and were relocated to another prison built in Lake Vostok Antarctica, the Coldest Place in the World. They were declared to huge a danger to roam around the country and were banished from the country forever. The Kanker's were also ordered to pay $300 Billion in damage restitution.

THE END!

Another Fanfiction Completed.

I wanted to do a chapter in which the Ed's fight back against the Kankers. I hated the Kankers on Ed Edd N Eddy. They made me sick! Lake Vostok is the coldest place in the world. The Temperature can drop to -130 degrees Fahrenheit. I hope it all turned out good. Let me know what you think.

See you next time.

# IT'S RIPPING TIME!

Luna and Lincoln are in the Simulator.

Me, Varie, Sam, Jessie, Anastasia, Ahsoka, Starfire, Raven, Terra, Volcana, Lori, Eddy, Luan, Lynn, Lucy, Linka, Laney & Crysta, Lana & Lola, Penny, Lily and Lisa are in the control room.

The Simulator Activated and Luna and Lincoln found themselves by RIPCOT (The Really Impressive Prototype City Of next Tuesday) and the home and laboratory for the legendary RIPPING FRIENDS.

Lincoln: We're in the Ripping Friends! One of my favorite shows.

Luna: Mine too bro. This is gonna be rockin'!

They heard a loud Fart and saw the Ripping Friends Chunk, Slab and Rip under attack by Citracett who had now been transformed into Stinky Butt.

Lincoln: That's Citracett!

Luna: Yeah bro! And he's using farts as dangerous weapons.

Lincoln: I remember this episode! This one with Stinky Butt always made us both laugh the hardest.

Luna: Me too. Lets help them out.

Lincoln and Luna ran to them.

The Ripping Friends stood ready.

Stinky Butt: [European Accent] Have a taste of my Hot Pepper Grenades, Ripping Fellows!

Stinky Butt farted out farts that looked like chili peppers at Slab, Chunk and Rip and Luna and Lincoln appeared and Lincoln fired a bolt of lightning and ignited the peppers and they turned into flames and fizzled out and the lightning hit Stinky Butt and electrocuted him.

Stinky Butt fell to the ground sizzling.

Chunk: Did you see what that kid just did?

Slab: Yeah. He got Stinky Butt with lightning.

Rip: Way to go kid!

Lincoln: Thanks guys! Me and my sister Luna here watch your show "The Ripping Friends" all the time and it is awesome!

Luna: It is rockin' dudes! [Makes the rock on hand sign]

Crag came down.

Crag: Looks like you guys need some help.

Lincoln: Crag! I'm glad you came. By the way I'm Lincoln Loud.

Luna: And I'm his big sister, Luna.

Stinky butt got up.

Stinky Butt: You little bratty urchins! Prepare to feel the power of my invincible arsenal!

Luna: I don't think so!

Luna punched Stinky Butt in the face and kicked him in the stomach and punched him in the nose and mouth.

Luna: You need to lay off the beans for a while stinky dude!

Luna kicked him and he went flying and crashed into a tree head on.

Rip: Oooh! Man that's got to hurt.

Chunk: Your sister is one good fighter Lincoln.

Lincoln: We've had a lot of training Chunk.

Stinky Butt got up and he was infuriated. But out of the blue a ball of water with a rainbow music note inside it appeared out of nowhere and touched Luna and she was in a tornado of water and glowing musical notes.

In the Control Room.

Me: Another choosing process.

Laney: Yeah. I can sense it.

Ahsoka: How did you guys get all of your powers if I may ask?

Laney: We were given different powers from the gods of different Myths from all over Earth. I got my plant powers from the Diamond of Gaia. But only those that are pure of heart can get them.

Lori: I got my Wind Powers from the Wind of Ga-Oh, the Spirit of Wind in Iroquois Myth.

Lily: I got my Glowing Water Powers during the April Fools Travesty from the Glowing Water of Coventina, the Celtic Goddess of Water in Irish Myth. It made me into a 10-year-old as a result.

Lana: I got my Ice powers from the Snowflake of Khione, the Goddess of Snow in Greek Myth.

Lola: I got my Fire Powers from the Flame of Gabija, the Spirit of Fire in Lithuanian Myth.

Lucy: I got my Dark Powers from the Black Lightning of Nott, the Goddess of the Night in Norse Myth.

Linka: Me and Lincoln got our Lightning Powers from the Lightning of Hinon, the Iroquois God of Thunder.

Lynn: I got my Earth Powers by the Earthquake of Guabencex, the Goddess of Volcanoes and Earthquakes in the Caribbean Tainos Tribe.

Luan: And I got my Light Powers from Sulis, the Goddess of the Sun in Celtic Myth.

Ahsoka: Wow. This family is like a magnet for superpowers of different types.

Me: Yeah it sure is. I was given my powers because of Cosmic Radiation.

Sam: Well now it looks like Luna will have Superpowers too.

Varie: Lets see what happens.

The Water tornado was emitting divine singing and rock music. When it died down, a blue comet appeared by Luna and it was a sea dragon. It was the Skylander, Echo.

Luna: [Groan] What hit me? I feel strange.

Echo: You've been chosen by an Unknown force Luna Loud.

Luna saw Echo.

Luna: A sea dragon? Cool!

Echo: It's a pleasure to meet you Luna. I'm Echo.

Luna: Same here dude. Wait. I've been given powers too. I wonder what I got.

Luna held out her hand and a stream of Water singing Divinely shot out and hit Stinky Butt and he was enchanted by it. In encased him in a ball of water and it was emitting Rock and Roll Music.

Echo: Rock on Luna! That is some awesome noise.

Luna: Thanks Echo. This is Rockin'!

Echo: That's like my Call of the Siren technique.

Luna: Rockin'!

Lincoln: Luna, That. Was. AWESOME!

Luna: I know bro. Echo this is my brother Lincoln.

Echo: Nice to meet you.

Lincoln: Same here.

The Ball of water popped and Stinky Butt was madder than ever.

Stinky Butt: I've had it with all of you! Prepare for the dying. I will now finish you all Twice and For Once!.

Lincoln: That's "Once and for all" you brainless farting monkey!

Crag: Let us help you all.

Lincoln: Sure Crag.

Crag: Come on guys!

All: IT'S RIPPING TIME!

They all slammed their fists together and a powerful surge of power was felt in them and they charged.

Stinky Butt fired a big stream of fart gas and Lincoln fired a lightning bolt and ignited it and the flaming gas followed Stinky Butt right back to him and exploded in his butt with a powerful force at point blank range. It sent him crashing into a nearby building. Crag, Chunk, Slab and Rip began pulverizing him in a brutal manner and Stinky Butt blew them away with a cloud of stinky fart gas. Luna and Echo fired a stream of music and it hit him and Stinky Butt screamed in pain as his ears began bleeding.

Lincoln fired a ball of lightning and it hit Stinky Butt and electrocuted him.

Echo: Good shot Lincoln.

Lincoln: Thanks Echo.

Crag: How did you like that Stinky Butt?!

Crag punched him in the nose. (BLAM!) Kicked him in the stomach. (CRASH!) Kicked him in the crotch. (WHAM!)

Chunk: Take this you menace to the Earth!

Chunk punched Stinky Butt in the mouth. (BIFF!) Headbutted him. (CRACK!) Kneed him in the stomach. (ZONK!)

Rip: You Like that? How about some more?

Rip punched Stinky Butt in the back. (SMASH!) Leg sweeped him (TRIP!) and kicked him into the air. (WHAM!) Rip jumped up and Pile Drived him into the ground with incredible force. (KRABLAM!)

Slab: Take this you Living Whoopie Cushion!

Slab punched Stinky Butt in the multiple times. (POW BIFF CRACK BASH THWACK ZONK WHAM KATOW WHOMP BLAM CHOMP QUACK!)

Lincoln: Try this on for size. It will shock you to the core.

Lincoln formed some lightning on his fist and punched him with a 1 billion volt shock. (ZAP!)

In the Control Room.

Me: Ooh! That must've really hurt.

Luan: That was truely SHOCKING! [Rimshot] [Laughs] Get it?

Me, Varie, Eddy, Ahsoka, Starfire, Sam, Jessie, Raven and Anastasia laughed.

Me: [Laughs] Good one!

Eddy: [Laughs] Good one, Luan.

Raven: [Laughs] Shocking. I just got it.

Ahsoka: That was funny. Luan you know how to make people laugh.

Luan: Thanks Ahsoka.

Sam: Luan is always a hoot.

Then the door opened and in came a small flame and it touched Sam and she was inside a tornado of fire and a red light came in and it was the Skylander, Sunburn.

When it died down, Sam got up.

Sam: What happened and I feel weird.

Sunburn: You have been chosen by a force Sam.

Sam saw Sunburn.

Sam: A phoenix dragon? Cool!

Sunburn: My name is Sunburn. It's a pleasure.

Sam: Same here. I must've gotten powers of Fire too. Like Lola.

Me: That could be the case. I'll have to look this up later.

Stinky Butt was defeated and he was laying on the ground in total defeat, disgrace and humiliation. He returned to Citracett.

Rip: He's back to Citracett again.

Crag: Yes. When we all defeated him he was stripped of his powers and reverted back to his weak and powerless self.

Lincoln: Good riddence.

Citracett got up and he was weak. He didn't hear the whole conversation.

Citracett: You haven't… Beaten me yet Ripping Fools. I still have my invincible arsenal.

Citracett let out a fart but nothing formed or happened.

Citracett: Wha? What happened? Where is my fart monster?

Luna: You lost your powers dude.

Lincoln: You've now been rendered powerless dude.

Luna: It's over Citracett. You're finished.

Citracett: I will never surrender to the likes of you all! Euroslavia will conquer everything!

Lincoln: You should learn how to accept defeat like a man instead of always fighting like a coward.

Citracett: I will never stop fighting!

Crag: Are you really that desperate, Citracett?

Slab: How can you be so stupid?

Rip: Yeah man. What's your deal?

Chunk: Yeah.

Echo: You're starting to sound like a stupid annoying pipsqueak buffoon we all don't like in Skylands.

Luna: Who is that, Echo?

Echo: I'll explain later, Luna.

Citracett: I will not stop until I destroy all of you and then the world will be mine!

Luna: We'll see about that.

Police cars drove up and arrested Citracett and took him away.

Citracett was sentenced to Eternity in the Los Angeles CryoPrison. Never to be released ever.

Crag: Luna, Lincoln, Echo, we can't thank you three enough for helping us defeat Citracett.

Luna: It's no problem dudes.

Echo: We did what we had to do for the world.

Slab: We all owe you one big time.

Lincoln: It's no trouble guys.

Rip: You guys are awesome man.

Chunk: Yeah. You guys are amazing.

Crag: We couldn't have done it without all of you.

Crag gave Luna and Lincoln brown rings with the Letter R on them.

Crag: Luna and Lincoln Loud, you are now honorary members of the Ripping Friends.

Luna: Thanks Crag.

Luna and Lincoln put the rings on and they were happy.

A vortex appeared and Luna, Lincoln and Echo left.

The Exercise was done.

In the Living Room I looked up what had happened to Luna and Sam and it was interesting.

Me: Luna, you were given Water Music Powers by the Water of the Sirens of Greek Myth. Whoever gets these powers will have the same powers as the sirens as well as the ability to control water. They will also get Sound Control and a divine singing voice and well as winged flight and the ability to breath and fight underwater.

Luna: Dude. That's amazing.

Echo: No kidding. She has powers that are very similar to mine.

Me: Yeah. Sam was given Fire Powers because of the Fire of Pele, the Hawaiian Goddess of Fire and Volcanoes in Hawaiian Myth. Once every 100 years, Pele sends a small flame to someone who has a massive love for music. That person will have fire powers such as cosmic pyrokinesis, Winged Flight, Volcano Synthesis, Lava Control, Immortality, Invinciblility, Flaming Teleportation, Create Beasts of Fire and more.

Sunburn: That's incredible. Some of those powers are very similar to mine.

Me: But one thing still puzzles me. How did some of the Skylanders end up here on Earth?

Echo: We were fighting Kaos and he banished us here. Kaos was once Master Eon's apprentice and he became powerhungry and driven to conquer all of Skylands no matter what the cost was. We banished him to the Outlands but in the process he banished us all here. He destroyed the Core of Light which was our tool to keep an evil force called The Darkness at bay.

Sunburn: Kaos has been a huge problem for all of us for years. He will stop at nothing to take all of Skylands and kill us all.

Me: That's pure evil!

Lincoln: We got to stop Kaos for good!.

Varie: Are there anymore Skylanders besides you guys?

Echo: Yes. There's lots of us.

Me: That's the key then. If we team up, we can take him down for good.

Echo: I like that.

Sunburn: Lets do it.

Me: First we got to find your friends and comrades, go to Skylands and take Kaos down for good. He picked the wrong people to mess with. It's gonna take some time but we can do it.

Varie: Kaos will pay the Ultimate Price for his crimes.

Me: You hear that Kaos?! We're Coming FOR YOU!

THE END

Another Fanfiction Done.

I love the Ripping Friends and the Skylanders Video Games. All the episodes of the Ripping Friends were really funny. They all made me laugh. I've played the Skylanders Video Game Series since it came out in 2011. I beat all 6 games and they are awesome. I hate Kaos with a terrible grudge and he talks way too much. He's a stupid malignant bald-headed buffoon as I call him and I wish he would just shut up. But yeah. My favorite Skylanders Game bar none is Skylanders Imaginators and it is awesome. I love how you can create your own Skylanders and it is awesome. It's a shame the Ripping Friends hasn't been on that long. I would've loved it if they made more episodes. Let me know what you all think.

See you next time.

Me: All right. Lets go. Mission Begin!

The Simulator Activated and it took all of us to Skylands.

Our first priority was to repair the Core of Light.

We trekked across all the floating lands and repaired it with lots of different pieces.

Lynn used an Earth Trap and trapped the Stone Golem that was terrorizing Stonetown. Lana used a Tech Trap and trapped the Troll Super Tank from the Battlefield. Lily trapped the Evil Water Minions which are evil versions of the Skylanders Zap, Gill Grunt and Slam Bam into 3 Water Traps. Lola trapped the Evil Fire Minions which are evil versions of Sunburn, Eruptor and Flameslinger into 3 Fire Traps. Laney trapped the Evil Life Minions which are the Evil Versions of Stump Smash, Stealth Elf and Zook into 3 Life Traps and Shannon trapped the Evil Undead Minions which are the Evil Versions of Chop Chop, Ghost Roaster and Hex into 3 Undead Traps.

The Core of Light was put back together. Now it was time to go after Kaos.

We arrived at his lair and we saw Kaos himself and he was expecting us.

Kaos: Well, well, well. Isn't this a treat. The Skylanders have returned and this time they have some ridiculus help.

Me: Are you Kaos?

Kaos: Yes that's me fool! I take it you've come to stop my Reign of Awesomeness!

Aylene: Reign of Awesomeness my sorry little butt!

Varie: It's over Kaos. Your Finished!

Spyro: We are gonna stop you once and for all Kaos!

Gill Grunt: Yeah!

Sprocket: Your done for Kaos!

Lola: Prepare to burn you freak!

Kaos: Oh I don't think so fools! For I Kaos will be the one that burns you all! For I Kaos will be sending you all to Oblivion! Meet my ultimate creature of destruction the Hydra! (Evil Laughter)

Me: This guy literally can talk his mouth off alot.

Naruto: Yeah and I thought Sasuke's evil self was all talk. This guy is worse.

Sasuke: No kidding.

Then a 4-headed Hydra appeared and it had four heads representing Fire, Water, Life and Undead.

Me: Lets Power up Team.

Me and Varie went Super Angel and we fired a combined energy blast that hit the Hydra and immobilized it.

Me: Now for the finale!

I pull out a special Kaos Trap and trap the Hydra into it. But Kaos got away.

Me: Kaos Got away. But lets go get him.

We all trap many villains in Trap Crystals and foil all of Kaos's evil plans. In the Final Battle with Kaos it was just me and him.

Me: It's over Kaos. You have nowhere left to run and I have a special trap just for you.

I pull out a special trap that had his head on it. I captured his mother Kaosandra earlier.

Kaos was enraged and he went at me and tried to punch me and I punched him in the face and Kaos went flying and he rebounded and I kicked him in the back and crippled him.

Me: Now. It's time for your Reign of Terror to end.

I trap him in the crystal and Skylands was now free.

We all cheer wildly.

Me: Who's the Minion Now!?

We all laugh.

We all stood before Master Eon.

Master Eon: We can't thank you enough for all of your heroic deeds done for all of Skylands, J.D.

Me: It was no trouble at all Master Eon. Kaos is now trapped inside this Traptanium Crystal.

Master Eon: I see. I can now officially say that we have now seen the last of Kaos and The Darkness.

Varie: We had no idea that The Darkness was out to destroy not only Skylands but also the Entire Universe.

Starfire: I've heard legends about The Darkness.

Raven: He makes my father Trigon look like a saint compared to him.

Terra: I'm glad they're both gone. I hope they never surface again.

Argent: Me too.

Fu: Kaos deserves to be trapped in Traptanium. I hope he learns to like it.

Sasuke: Yeah.

Spyro: Skylands is now officially at peace thanks to all of us.

Me: Yeah. But it won't last forever. There are more villains out there and there will always be more bad guys that will threaten the balance.

Master Eon: That is true.

Me: We would love to stay but we have to get back to Earth. It's our home.

Flynn: I got to say J.D. You are one Awesome Guy! BOOM!

Me: Yeah Flynn. BOOM!

Varie: Yeah. Cali, it was great to work with you.

Cali: Same here Varie. Congratulations to you both on the future wedding.

Varie: Thank you.

Cali: Lori, congratulations to you too.

Lori: Thanks Cali.

Me: Well we got to get back.

Master Eon: J.D. I have something for you.

Master Eon gave me a special bracelet.

Master Eon: Should Skylands be in trouble again, this bracelet will glow red and it will let you know.

Me: Thank you Master Eon.

A vortex opened up and we went through it. This was an awesome adventure. The Traptanium Crystal containing Kaos and his Mother were placed in a wall safe with a big thick door and only I know the combination to get into it. Plus it has a Retina and Fingerprint scanning system.

THE END

This turned out to be really good for me. I played Skylanders for more than 6 years now and it is still an awesome game. I can't wait to see what Skylanders 2018 will hold. Skylanders took a break and did not release a game in 2017 because they decided to take a break. But let me know what you all think.

See you next time.

# The Ocean of Te Fiti

Lily was in the Simulator.

Me, Varie, Starfire, Laney & Crysta and Lisa were in the Control Room.

The Simulator Activated and Lily found herself in the Middle of the Ocean.

She walked on the water and she saw a blue light on a boat. The boat was a Polynesian Sailing Canoe.

Lily: I'm in the movie Moana. One of my favorites. I love this movie.

Lily walked over to the boat and she saw Moana hugging the spirit of her Grandmother.

Moana: I tried, Gramma. I couldn't do it.

Lily: Moana. You can't give up. You've come this far and you can't give up on your people.

Moana: Who are you?

Lily: My name is Lily Loud. I came to help you.

Lily got onto the boat.

Moana: Lily I tried my hardest but it was too much for me.

Lily: I know. But you have a strong spirit and a strong will and love for everyone on your island.

Moana: I know. But the question is Who am I?

Lily: [Singing Divinely] You are a girl that loves your Island and a girl that loves the sea.

Moana: [Singing] It calls me.

Lily: You are the daughter of the village chief. You are descended from voyagers who found their way across the world.

Moana: They call me.

Glowing Blue Polynesian Sailing Canoes appeared and they had the spirits of Moana's Ancestors on them.

Lily: You've delivered them to where you are. You have journeyed farther. You are everything you've learned and more.

Moana: Still it calls me. And the call isn't out there at all it's inside me.

Lily: It's like the tide always falling and rising.

Moana: [to her Grandmother] I will carry you here in my heart you remind me that come what may.

Lily: You know the way.

Moana: I am Moana!

Moana dove into the water and swam down to the bottom and retrieved a glowing green stone. It was the Heart of Te Fiti. The song ended.

Moana got back on the boat.

Moana: Lily. Thank you for reminding me.

Lily: It's no trouble at all. Now we got a job to do.

Moana: Right.

Lily: Lets do it, Together.

Lily extended her hand and she and Moana shook hands.

They both fixed Moana's boat and Lily made a horse of Glowing Water.

Lily: Ready?

Moana: Lets go.

They both went to the island where Te Fiti is said to be.

---

When they got there they saw black clouds with ash and soot blowing around.

Lily: Is this it?

Moana: Yes. We have to go passed the Barrier Islands. We do that, we make it to Te Fiti. But Te Kâ the Volcano Demon is going to prevent us from getting there. Te Kâ can't follow us into the water.

Lily: Okay.

As they approached, Ash clouds, lava and red hot smoke billowed up and they saw a fiery monster.

Lily: Is that Te Kâ?

Moana: Yes.

Lightning flashed in Te Kâ's ash clouds and smoke and she was going to make sure they don't get passed her.

Lily fired a blast of water and it hit Te Kâ in the chest and cooled her down and she screeched in pain.

Lily: That oughta cool you down!

Ta Kâ reheated her chest and threw a ball of lava at them and Lily threw and ball of Water at it and cooled it down.

It hit the rocks nearby.

Lily: Is that all you got you overgrown sack of hot air!?

Te Kâ got mad and the lightning in her clouds intensified as she roared.

Moana: Lily here she comes!

Te Kâ fired a stream of Fire and Lily fired a blast of water and the blasts collided and the fire turned into steam and the water hit Te Kâ in the face and she screeched in pain.

They made it passed the Barrier Islands and Te Kâ extended her arm out and was about to grab them when an Eagle came and transformed into the legendary demigod Maui and slashed off Te Kâ's arm and he landed on the boat with us.

Moana: Maui. You came back.

Maui's chest tattoo friend smiled in proudness.

Lily: Maui I presume?

Maui: That's right and you are?

Lily: My name is Lily Loud.

Maui: It's a pleasure.

Moana: But your hook. One more hit and…

Maui: [Chuckles] Te Kâ has got to catch me first. Now get to the island chosen one. Go save the world.

Moana: Maui, thank you.

Lily: We owe you one.

Maui: You're welcome.

Maui then transformed into some kind of bug and flew up to Te Kâ and turned into a whale and made a big splash.

It hurt Te Kâ and Lily and Moana made it to the island and went up the mountain and in the lagoon they saw a hole that looked like someone was resting.

Moana: Te Fiti. It's gone.

Lily: What happened?

Lily and Moana saw Te Kâ and in her chest was a spiral pattern and it matched the spiral on the Heart of Te Fiti and they instantly connected the dots.

Lily: Te Fiti and Te Kâ, they're both one in the same. Te Kâ is Te Fiti.

Moana: Yeah. Now we know.

Maui got Te Kâ extremely angry and Moana held the heart up and it emitted a bright glow and a loud hum.

Lily and Moana walked to the ocean edge.

Moana: Let her come to us.

The ocean in the lagoon split and allowed Moana and Lily to cross and Te Kâ rushed to them without feeling any water.

Lily and Moana were walking on the sand of the ocean floor.

Lily: [Singing] We have crossed the Horizon to find you.

Te Kâ was getting closer.

Moana: [Singing] We know your name.

Lily: They have stolen the heart from inside you.

Moana: But this does not define you.

Lily: This is not who you are.

Te Kâ began to realize that she was made into someone she was not.

Lily and Moana: You know who you are?

Te Kâ leaned in closer and Moana put her head on her head as the song ended.

Moana: Who you truly are.

Te Kâ closed her eyes and Moana placed the heart in the spiral and it glowed green and began cracking apart as leaves, flowers and life grew on Te Kâ and after the rocks broke off they saw Te Fiti, fully restored.

Lily and Moana: Te Fiti.

They were amazed. Te Fiti the spirit of life was fully restored and bringing new life to the island.

Te Fiti was forever indebted to Lily and Moana and she forgave Maui for his recklessness and actions and his hook was repaired. Maui left to go see the world.

As Lily and Moana left for Moana's island, Te Fiti went back to her rest.

Lily and Moana arrived back at Moana's island Motonui and her mom and dad, Sina and Chief Tui arrived onto the beach as they got on.

Moana: Mom! Dad!

Sina: Moana!

Moana hugged her mom and dad.

Moana: I may have gone a little ways past the reef.

Chief Tui: [Chuckles] It suits you.

Moana: Oh mom, dad. This is Lily Loud. She helped me on my journey.

Lily: It's a pleasure to meet you.

Sina: Lily, we can't thank you enough for helping Moana.

Moana: Lily was a big help.

Lily: You are so welcome Sina.

The villagers came and were excited to see Moana back safe and sound.

They cheered for both Lily and Moana.

Moana: Lily. I couldn't have done all of this without your help. I thought I was gonna have to turn back but you helped me regain my courage and strength.

Lily: True courage and strength only comes from what's inside your heart. Never forget that.

Moana: I won't.

Moana surprised Lily by taking off her necklace and placing it around Lily's neck.

Lily: You're necklace? But this is yours.

Moana: It's yours now Lily. You helped me save the world and I couldn't have done it without you. You will always have a friend here on Motonui.

Lily was surprised and hugged Moana.

Lily: Thank you Moana.

A vortex opened up.

Lily: I have to go home now. But I will never forget you Moana.

Moana: Me neither.

Chief Tui: Take care, Lily. You will always be welcome at our island.

Lily: Thank you Chief.

Lily waved as she entered the vortex and arrived back home.

The Simulator turned off.

Me: Lily, you were amazing and I didn't know you can sing really well.

Varie: I didn't know either.

Lily: It's a hidden talent I guess.

Starfire: You were amazing Lily.

Laney: I'm so proud of you Little Sis.

Laney and Lily hugged.

Lily: Thank's Laney.

Crysta: I agree with Laney.

Lily: Thank you. All of you.

THE END.

Another Fanfiction Completed.

I recently saw 2016's Moana with my friends and it is Awesome! I loved the epic battle with Te Kâ. The Singing in this movie was awesome. I wanted to start the chapter at the Dark Part of the movie where Moana nearly gives up on her journey. This was a good chapter in my opinion. Let me know what you think.

See you next time.

Moana is owned by Disney Studios.

# The Case of the Missing Riley

It starts in my room at the Knudson-Loud Estate.

I am looking at my computer and in a California news web site I saw a strange story.

Me: "Riley Anderson runs away from home. Police baffled." [Gasp] That's awful. "Riley Anderson moved to San Francisco, California from Minneapolis, Minnesota and she is believed to be running away from life." Oh no. We got to help her.

I rush over to Lincoln and Linka's room and explain everything.

Lincoln: (Shocked) What?! Why would she run away from home like this?

Me: My guess is she wants to go back to Minnesota and have her old life back.

Lincoln: That could very well be the reason. But it's not right to run away.

Linka: That's awful and you moved here from Colorado and you are fine with it.

Me: Yeah. I know. Come on lets find her and help her out.

Lincoln: Yeah. Lets do it.

Linka: Lets get the girls involved.

We gather the rest of the Loud Siblings, Varie, Aylene, Starfire, Jessie, Woody, Ed, Edd and Eddy and explain everything.

Lori: That poor girl.

Luna: That is awful dudes.

Laney: I don't blame her. I'd be really sad and upset too if I moved away from home.

Lola: Me too.

Luan: We got to help her.

Eddy: But how? The USA is a big place. She could be anywhere.

Lisa: Siblings and Friends, I have the solution. Follow me.

Lisa took us to her laboratory and we were in front of a super high tech computer.

Me: Wow. This is a huge computer.

Lisa: Yes. It's my super Q-4000 Quatroplex 500 Pentabyte Supercomputer. With it we can find Riley Anderson.

Me: Wow! That is a fancy schmancy computer. Lets see it action.

Lisa: All right. Lets type in her name and where she was from and her personal information.

In seconds it pulled up a map of Minnesota and a photo of her appeared and a red blinking dot appeared and it showed that she was already at her old house in Minnesota.

Me: She's over at her old house already.

Varie: Poor girl.

Lisa: Hang on. It says she's on the move.

Me: She must've gone to a friends house.

Lisa: She's on the move again.

Me: They must've turned her down for a place to stay.

Lori: Shes got nowhere else to go.

Lana: She's miles away from home.

Lily: What are we gonna do?

Me: Only one thing we can do: We got to help her by bringing her here and take care of her until her parents come and get her. Lets go!

I teleport us all to Riley's former home block

We arrive at Riley's old home block.

Me: Hmm. Interesting place.

We see her.

Me: There she is.

Riley was crying hard.

Riley: (Crying) Mommy, Daddy!

Me: Riley.

Riley saw us.

Me: It's all right. We mean you no harm.

Varie: Riley, I know it's hard to move away and it can change you.

Riley: How would you know?

Me: Because like you I had to move from Castle Rock, Colorado to Royal Woods, Michigan. It's a suberb of Detroit. I know it's tough but I quickly adjusted to it. I know you miss everyone here and it's tough to adjust in a new place that you don't know but these things take time.

Lincoln: That's right, Riley.

Linka: Yeah. Just give it some time to adjust.

Riley: Wait a minute, I've seen you all before. You're J.D. Knudson and the Loud Siblings.

Me: That's right.

Riley: You guys are awesome! I heard you all defeated the evil Black Daffodil Gang.

Varie: That's right.

Riley: Let me see if I can figure you out. (to Lori) You're Lori Loud, the eldest.

Lori: That's right. I'm 17 years old.

Riley: Cool. I heard you have awesome wind powers.

Lori: That's right.

Me: Show her Lori.

Lori spread her wings and had mini tornadoes in her hands.

Riley: Awesome! (To Leni) You're Leni Loud. I saw your fashions in magazines and they're awesome.

Leni: Thank you. I'm totes glad!

Ed: Hello my name is Ed. Leni is my girlfriend.

Leni: That's right Ed.

Riley: Aw. That's so sweet. (To Luna) You're Luna Loud.

Luna: That's right dudette. It's rockin to meet you.

Riley: Same here. I love your music. You rock! (Makes the Rock On hand sign)

Luna: I'm glad I have a fan. I also have Water Powers from the Sirens. Watch.

Luan spreads her wings of Water and she fired a ball of water at a tree and it entombed it in a ball of water and sang to drumbeats. The singing was so enchanting that it attracted criminals from all over like a magnet and pulverized them and police cars arrived and arrested them and drove off.

Riley: That was awesome! (To Luan) You must be Luan. You are the funniest person in the world. I love your jokes.

Luan: I'm glad you think so. This is one thing you can never RUN AWAY from. [Rimshot and Laughs] Get it?

Me, Varie, Aylene, Starfire, Ed, Edd, Eddy, Jessie, Woody, Riley and Leni laugh while the other siblings sigh.

Riley: (Laughing) Luan you are hilarious!

Luan: Thank you. I also have Light Powers. Watch.

Luan spread her Yellow Wings and formed a Fairy, a Mermaid, an elf and a Dragon of pure light and they spiraled around and went up into the air and exploded into a dazzling display of fireworks.

Riley: Awesome!

Eddy: Luan is my girlfriend. By the way, the name's Eddy. I like Jawbreakers and Jokes.

Riley: It's a pleasure. Are you talking about the tiny jawbreakers?

Eddy: No way. Those are pathetic. I'm talking about the jawbreakers that are as big as basketballs. Those are the best.

Riley: Wow! Those are huge and they must be really good. (To Lynn) You must be Lynn.

Lynn: That's right. I'm the sports star of the family.

Me: When it comes to sports for Lynn, Riley, there's no stopping her.

Riley: Wow! You have a lot of talent in sports. I play Ice Hockey.

Lynn: Cool. That's one of my favorites too.

Riley: Awesome!

Lynn: Yeah. I also have Earth Powers. Watch.

Lynn spread her wings and an earthquake shook the area and formed a bunch of crystal clusters of many colors.

Riley: Whoa! That was awesome!

Lynn: It was huh. I got my powers when we fought the Black Daffodil Gang.

Riley: Wicked cool! (to Shannon) I don't think I've seen you before.

Shannon: I was adopted into the Loud Family. My name is Shannon "Gaz" Loud. Former member of the Black Daffodil Gang.

Me: Shannon's parents were serial killers and they abused her terribly. She became a member of the Black Daffodil to get revenge on them.

Riley: Oh man. That's terrible.

Shannon: It's okay. It's all water under the bridge. I've forgiven them.

Riley: That's good. (To Lucy) You must be Lucy. The Dark Goth of the Family.

Lucy: That's right. I'm into vampires and everything dark.

Riley: I heard you destroyed Henry Kane in Chicago.

Lucy: That's correct. He was an evil monster that needed to be destroyed forever. I have Dark Powers. Watch.

Lucy spread her black wings and her eyes turned into the Demon Eyes and she found a man holding a woman at knifepoint and she fired a blast of Black Lightning at him and zapped him and the woman got away.

Lucy: Let fear consume you for your crimes.

The man started seeing everything as a horrific place and a paddy wagon arrived and 2 men wrapped him in a strait jacket and took him away to a mental institution.

Riley: Wow! That was awesome. What did you do to that man?

Lucy: I competely destroyed his mind and sanity with fear and paranoia. I zapped him with my Black Lightning and it consumed him with fear, distrust and paranoia.

Riley: Whoa. That is powerful. I heard you can also kill spirits.

Lucy: Only when they deserve it.

Riley: Wow. That is cool. (To Laney) You must be Laney.

Laney: That's right. I'm the bookworm, artist and gardener of the family.

Riley: Neat. I like reading books and gardening too. I heard you have awesome plant powers.

Laney: You heard right. Watch.

Laney spread her wings and touched the ground and grew a tree that actually grows money in the middle of the cul de sac.

Riley: Laney, that's amazing. I've heard of that expression "Money Grows on Trees" and you made it literal.

All the kids and people came out and grabbed alot of money.

Laney: That's not all. Watch.

She then grew a bunch of fruit trees and bushes.

Riley: Wow. Laney you have an amazing green thumb.

Laney: That's what I get told by everyone. Oh. This is my friend Crysta.

Laney had Crysta on her left shoulder.

Riley: Oh wow. It's a pleasure.

Crysta: Same here.

Laney: I can also do this.

Laney called a bunch of Loons with her animal communication powers and they flew in and did all sorts of aerial tricks and Laney flew up and she and the Loons did a message in the air. It said Lori and Bobby 4Ever.

Laney: What do you think?

Riley: That was awesome!

Lori: Laney that was so sweet.

Laney: Thanks Lori.

Riley: (To Lana) You must be Lana. The little handyman.

Lana: That's right. I do toilets, sinks, showers and cars.

Riley: You're quite the mechanic.

Me: When it comes to the houses internal and external plumbing, Lana can fix it all.

Lana: Yep. I have ice powers. Watch.

Lana spread her wings and she had ice and snow swirling around her hands. She saw a policeman chasing after an armed robber and she fired a blue beam and froze him in ice.

Policeman: Whoa. (Sees Lana wave at him) Hey thanks a lot!

Lana: You're welcome!

The Policeman called for a truck and the truck came and they lifted the ice block into it and went off.

Riley: Wow. That is awesome.

Lana: I know. It's a perfect way to freeze the competition.

Luan: (Laughs) Good one Lana.

Me: (Laughs) That was funny.

Riley: (Laughs) That was a good one. (To Lola) You must be Lola, the Beauty Pageant Queen.

Lola: That's right. I have won lots of Beauty Pageants and more. I also have fire powers. Watch.

Lola spread her wings and saw a burgler trying to break into a home in broad daylight.

Lola: Oh no you don't.

She fired a flame laser at his sneakers and set them on fire.

Burglar: Aaaahh! Fire!

Starts running around and the family comes out and put him out and wrestles him to the ground.

A Police car shows up and arrests him.

Riley: Wow! Lola that was intense.

Lola: I know. Fire is a very dangerous force. It can destroy everything in it's path.

Riley: I know.

Penny: My name is Penny. I was adopted.

Riley: Oh wow. It's a pleasure.

Penny: I was saved by Lincoln and Linka.

Riley: I heard about that. You were kidnapped from New York to find the largest diamond in the world.

Penny: That's right.

Me: Madam Medusa and Mr. Snoops were known as the Gulf Coast Bandits. They stole treasure from pirate caves all over the Gulf Coast from Florida to Texas.

Riley: That's big. (To Lisa) You must be Lisa, the scientist.

Lisa: That is correct. It is a pleasure to make your acquaintance.

Riley: Same here. I heard alot about your achievements in the scientific and medical world.

Lisa: That's correct. Being a genius is both a blessing and a curse though I believe in neither.

Riley: I can understand that. (to Lily) And you must be Lily.

Lily: That's right. I'm 15 months old but I look like a 10-year-old because of the Glowing Water of Coventina.

Riley: Wow.

Lily: Watch.

Lily spread her wings and fired a blast of glowing blue water at a kid bullying a kid and it got him all wet to the bone. The bully ran away screaming for his mommy.

Lily: Yeah you better run!

Riley: Whoa! That water has the same kind of light as Chel.. Cherne..

Lisa: Cherenkov Radiation. It's the blue glow of an underwater nuclear reactor.

Riley: Cherenkov Radiation. Thank you Lisa.

Lisa: You're welcome.

Lily: Yeah. That's unusual isn't it?

Riley: Yeah. But that's awesome. (To Lincoln) You must be Lincoln.

Lincoln: That's right. I'm the only son in my family.

Riley: Oh wow. I may not have a big family like yours but you guys are totally gifted.

Lincoln: Thank's Riley. I have lightning powers.

Linka: Me too. I'm Linka Loud by the way. Lincoln's twin sister from an alternate dimension.

Riley: That is too complicated for me.

Linka: It was complicated for me too.

Lincoln: But watch this.

Lincoln and Linka spread their wings and they see a man and woman driving a car and shooting at police as they drove by and fired lightning from their hands at the car and melted it and their guns. The police arrested the couple.

Lincoln: That showed them.

Riley: Wow! That was electrifying!

Lincoln: I know.

Varie: My name is Varie Knudson. I'm J.D.'s fiance.

Riley: Wow. It's a pleasure to meet you. Congratulations by the way.

Varie: Thank you. The wedding is not for 10 years.

Starfire: It's a pleasure to meet you Riley. My name is Starfire.

Riley: THE Starfire? You're one of my favorite superheroes.

Starfire: I am honored that I have a fan.

Riley: You are an awesome superheroine.

Aylene: My name is Aylene Carter. I moved to Royal Woods from West Virginia.

Riley: It's a pleasure.

Aylene: I'm the dinosaur adventurer and archer.

Riley: That's cool.

Jessie: My name is Jessie Bannon. I'm an adventurer and future scientist.

Riley: Cool.

Woody: I'm Woody Woodpecker.

Riley: Woody Woodpecker!? Awesome. I watch your show all the time. It's awesome.

Woody: It's nice to know I have lots of fans.

Riley: It's really nice to meet you all. But I don't think I'm ready to go back to San Francisco.

Me: Well. You can come stay with us until you're ready to go or you can wait until your parents come and get you.

Riley: Thank you J.D.

5 different color lights shined out of Riley and out came the embodiments of her emotions: JOY, SADNESS, ANGER, DISGUST, and FEAR.

Riley saw them.

Riley: Wha? Who are all of you?

Joy: We are your emotions. I'm your Joy.

Disgust: I'm your Disgust and is that a money tree? Ew!

Anger: I'm your Anger! Hey shut up over there!

Sadness: I'm your Sadness. I'm sorry.

Fear: And I'm your Fear. (Screams) What's that?

Me: This is amazing. These are the physical embodiments of her emotions.

Lisa: Indeed.

Riley: But how are you guys out here and not inside me?

Joy: We don't have any idea ourselves. But running away is not a good idea. Its ruined your parents.

Riley: I know. But I can't go back to San Francisco. It's so hard for me.

Sadness: It's sad. (Crying)

Me: Come on. Lets all go back to our house.

We all beam back to the Knudson-Loud Estate and Riley was amazed at where we live. Riley was given a tour. She was allowed to stay in one of the guest bedrooms for a while or until her parents came.

I got on the phone and called Riley's parents.

San Francisco, California.

At the Anderson's house, Riley's mom and dad were very nervous.

The phone rang and Mr. Anderson picked it up.

Mr. Anderson: Hello?

Me: (On the Phone) Hello is this Mr. Anderson?

Mr. Anderson: This is he.

Me: Good day to you. My name is J.D. Knudson and I have good news. We found your daughter Riley. She was all the way up in Minnesota.

Mr. Anderson let out a sigh of relief knowing Riley was safe.

Mr. Anderson: That's wonderful news. Wait. Did you say you're J.D. Knudson as in J.D. Knudson and the Loud Siblings that defeated the Black Daffodil Gang?

Me: That's Right.

Mr. Anderson: It's an honor to talk to you. I'm so glad that Riley is safe. She must be with you in Royal Woods, Michigan.

Me: That's right. Would you like to talk to her?

Mr. Anderson: Please.

Me: Riley.

Riley picked up the phone.

Riley: [On the Phone] Hello dad.

Mr. Anderson: Thank goodness you're safe sweetheart.

Riley: (Crying) I'm sorry I ran away dad. I hate San Francisco and I want my old life back in Minnesota. I went back to Minnesota to get it back but it was all for nothing. My old friends don't want anything to do with me anymore! I don't want to go back to San Francisco! I want my old life back!

Mr. Anderson: Honey I know it was a big adjustment and I'm sorry. I never should have pushed you into liking it. We love you honey and I tell you what. We'll pack up and move to Michigan with you.

Riley: Really?

Mr. Anderson: Of course. We love you honey.

Riley: Thank you dad.

Mr. Anderson: You're welcome honey. Put J.D. back on.

Riley: Okay.

Me: (On the Phone) I'm so sorry Riley ran away Mr. Anderson.

Mr. Anderson: Call me Bill. We're going to move to Royal Woods and be with Riley. I can tell she likes you guys.

Me: That's wonderful Bill. We like Riley too. She's a huge fan of ours and I can tell she has a strong spirit. If I may make a suggestion, how about moving into one of our guest houses. We would love to add another family to our estate.

Bill: That's wonderful. It will take some doing but we'll be right over in 1 week.

Me: I'll talk it over with my mom and dad and we'll see… Actually here's my dad. Here dad.

Sumner: (On the phone) Hello.

Bill: Are you J.D.'s dad?

Sumner: Yes, I'm Sumner Knudson.

Bill: It's a pleasure to talk to you. I'm Bill Anderson, Riley's dad. J.D. and the Loud Siblings found our daughter in Minnesota and she is with you guys.

Sumner: That's right.

Bill: J.D. suggested that we move into one of the guest houses to be with Riley. Is that all right with you?

Sumner: That's fine with me. I can tell Riley is happier here than in San Francisco.

Bill: Oh great. We'll be right over in a week.

Sumner: See you then. Bye.

1 Week Later.

Bill and Jill Anderson, Riley's mom and dad were reunited with Riley and Dad showed them around the 1st Guest House and they loved it. They moved in immediately and Riley felt right at home. Riley now goes to Royal Woods Elementary School in the 6th Grade. Joy, Disgust, Sadness, Anger, and Fear have the ability to change into jewelry and they chose a bracelet. Riley met Raven, Terra, Argent, Kole, Bumblebee, Volcana, Robin, Cyborg, Beast Boy, Jeri, the Jedi, Naruto, Sasuke, Sakura, Fu, Rin, Hinata, Ino, Tenten and our friends Clyde, Rusty, Liam, and Zach.

Riley was fast adjusting to her new home in Royal Woods. It was great for her.

I got the idea for this chapter from 2015's Inside Out. This was an interesting movie. Psychologists called this movie a textbook example of what a person is thinking. I didn't see this movie but I heard it was a great movie. I saw the ending at WalMart and it was sad. No spoilers to those that have not seen it. This was truely a fascinating one for me. I was having a nasty case of Writer's Block until I got the idea for this chapter. Let me know what you all think.

See you next time.

Inside out belongs to Disney and Pixar Studios.

# Snow Way Out

It was a snowy day and it started at the Knudson-Loud-Anderson Estate.

[Inside the house, Leni turns on her dryer and points it to a pot of goulash, as her way of defrosting it.]

**Leni:** "Dinner's almost ready, guys!"

[The camera zooms out, showing Me, Varie, Aylene, Riley, Jessie, Starfire, Raven, Terra, the Ed's, Naruto, Sakura, Fu, Rin, Ino, Hinata and the Loud siblings (except Lana and Lily) watching what Leni is doing.]

**Lincoln:** "Uh, Leni, what are you doing?"

**Leni:** "Defrosting the goulash Dad left us."

Me: I don't think a hair dryer is gonna do you any good.

Laney: Yeah. That'll take hours.

Jessie: I tried this once and it didn't work.

**Lori** : "Maybe you should try the stove."

**Leni:** "Good idea. I was worried this would give goulash split-ends, anyway."

**Lana:** "Forget the goulash! My favorite racecar driver Bobbie Fletcher is holding a contest tonight at the Burpin' Burger!"

Me: Bobbie Fletcher? The world famous NASCAR Racing Champion?

Lana: That's right J.D. [fantasy of Lana winning the wrapper appears.] "Whoever finds a burger with a tire mark wrapper gets to be an honorary member of her pit crew!"

**Bobbie** : [in Lana's imagination, opens the window of her car and the window of her racing helmet.] "I see you got the winning wrapper! Welcome aboard, Lana!"

[Lana, in a racing outfit, holds a burger wrapper with tire tracks that reads **WINNER** . End fantasy with Lana in the same pose]

**Lana:** "I know what you're gonna say. Mom and Dad left us plenty of food to eat while they're away for the weekend, but-"

[The horn on Vanzilla honks. Lana notices her we all left and are now in the car. Starfire, Naruto, Sakura, Fuu, Rin, Ino and Hinata are flying and Terra is on a chunk of floating rock]

**Lincoln:** "You had us at "Burpin' Burger"!"

**Lana:** [eagerly grabs her coat] "HOPS! JACKET JUMP!"

[Hops hops right into Lana's jacket and winks at Lana]

**Lana:** [rushes out the door] "Whoo-hoo! Yeah!"

**Lisa:** "Everyone, I'd like to call your attention to the rapidly descending ice crystals, street name, snow!"

**Lana:** "Fine, Lis. You can stay here and eat the goulash."

**Lisa:** "I call shotgun!" [rushes in]

Me: Wait. Where's Lily?

Lori: Oh, she's got a small cold and Sasuke is taking care of her.

Me: Oh man. That stinks. I hate it when people get sick.

Lincoln: Yeah. It's no fun.

Naruto: That's very nice of him. I'll have to tell him Thank you when we get back.

---

[Burpin' Burger. Lori parks Vanzilla and the we get out to the promotion stand]

**Announcer:** "Please welcome racing champion, Bobbie Fletcher!"

[Bobbie's car comes up onto the stage with the crowd cheering. She gets out and takes off her helmet]

Me: Whoo-Hoo! Bobbie!

**Lana:** "Yes!"

**Lola:** "There she is!"

**Bobbie:** "Thanks for coming out, racing fans! I wanna give a huge thanks to my sponsor, Burpin' Burger. Let me tell ya, you can't get past the starting line without quality fuel, and mine is right here." [holds up a burger] "The Big Belcher with extra pickles." [takes a bite]

[The crowd cheers some more]

**Bobbie:** "I can't wait to have one of you folks on my pit crew. All you gotta do is find the burger wrapper that looks just like this." [holds up the wrapper with tired tracks that reads **WINNER** ] "Ladies and gentlemen, start your stomachs!" [waves the green flag]

[A horn blares and the crowd rushes into the restaurant]

Employee: Welcome to Burpin Burger.

**Lana:** "We'd like 30 Big Belchers please."

**Employee:** "Okay, that'll be $50. Wait a minute. J.D. Knudson?"

Me: That's right. (I am in a fur parka covering my head leaving my face visible)

Employee: Oh wow! You are a legend all over Michigan and the United States. I almost did not recognize you.

Me: Sorry. It's cold out there.

Employee: That's alright. Heroes get a discount. That'll be $25.

**Lana:** "Uh, don't worry, guys. I got this." [rummages through her pocket and picks out a gross wad with a bunch of stuff stuck to it] "Let's see. My gum collection… banana peel… owl's foot… ah, here it is." [gives the employee a coupon]

**Employee:** "Oh. One of our Kids Eat Free coupons. Great." [beat] "Wait. Did you just say owl's foot?"

**Luan:** "Yeah! Isn't she a hoot?" [laughs]

Me, Varie, Aylene, Riley, the Ed's, Raven, and Terra laugh.

Me: (Laugh) Good one Luan.

Raven: (Laughs) Hoot. I just got it.

**Employee:** [unimpressed] "Next."

---

[We are waiting and Lana brings them their burgers]

Laney: Oh boy. I love these burgers.

**Lana:** "I know you do Lanes. Alright, guys, dig in."

[We all chow down on our burgers. When we finish, Lana looks for the wrapper, but none of them are the one]

**Leni:** "Sorry we didn't find the winning wrapper, Lana."

Terra: Yeah. It's not here.

Me: Sorry, Lana.

[Hops wipes a tear from Lana with his tongue. Lisa is observing the snow]

**Lisa:** "The frozen precipitation is accumulating rapidly. I suggest we skedaddle."

**Lana:** "Wait! Don't you guys want another round?"

**Lynn:** [astonished] "We can have seconds?"

Laney: Why not. I'm still hungry.

Me: Me too.

Varie: I could go for another round.

**Lincoln:** "How are we gonna pay for it?"

---

[Lana peeks out from behind the trash bin and notices the coupon still jutting out from the register]

**Lana:** "Hops. Sticky snag."

[Hops grabs the coupon with his tongue]

**Lana:** [snatches it] "Bull's eye." [goes to the counter] "I'll take more burgers, please. And I have another coupon." [gives it to the employee]

**Employee:** [groans with the coupon stuck to his hand] "Why is it so sticky?"

[Lana and Hops wink. Another round of burgers later, everyone except Me, Varie, Aylene, Laney, Starfire, and Lana look queasy from eating their seconds. Lola belches]

**Lana:** "Ugh. Still nothing. We have to order more burgers!"

Laney: Lana, I think I've had enough.

**Lisa:** "Uh, in light of the worsening meteorological conditions…" [burps] "… perhaps we should follow the lead of the other patrons and amscray."

[The others are leaving]

**Hefty Blonde:** "Come on. Hurry, hurry, hurry."

**Unknown Woman:** "I do not like the look of that sky."

**Lana:** "Oh, let them leave. That'll make our chances even better. Come on, you guys, one more round."

[The others groan in nausea]

**Lincoln:** [queasy] "I can't eat anything else."

**Luan:** [nauseated] "I can't even joke about burgers right now."

**Lana:** "You don't have to eat 'em. Hops and I will take them home for breakfast."

[Hops burps and the others minus Naruto, Fu, Starfire, Hinata and Riley sigh]

Me: Good thinking Lana. I could use a little snack for down the road.

Varie: Me too.

Aylene: Same here.

Riley: I'll take some home.

Laney: Good thinking Lana.

**Lana:** "Great. Be right back. Don't move." [grabs Hops and steps on Leni's legs out of the booth to the dumb blonde's shock]

---

[Lana is behind the bin again and the coupon is still jutting out. Hops fires his tongue, but this time, the employee puts a meal on the counter, causing his tongue to hide the shake dispenser, pouring shake on the floor and making the employee slip and fall]

**Lana:** "Let's try that again, buddy."

[Hops lands his tongue on the coupon this time, but the employee grabs it]

**Employee:** "Hey, you little sneak!" [tears up the coupon] "You want more burgers, you gotta pay for them!"

Lana: [nervous] "Okay, um, not a prob." [gathers up loose change under the booths, in the potted plants plus a worm for Hops, under the table with some gum, and in the ball pit; pours little change and some junk on the counter] "30 more burgers, please."

**Employee:** [grossed out] "Jeez." [reaches for one of the pieces of junk]

**Lana:** [grabs it] "Whoops. That's my chicken beak."

[The employee, disgusted, takes the rest, puts it in the register, and gives Lana the burgers]

**Employee:** "Are you guys almost done? I wanna get outta here. I rode my bike to work."

**Lana:** "Don't worry. We'll be leaving soon. I got a great feeling about this batch."

---

[All the wrappers are unwrapped]

**Lincoln:** "Sorry, Lana. I don't have it."

**Luna:** "Me neither, dude."

Laney: It's not here either.

**Luan:** "Same here. I guess that's a wrap!" [laughs and realizes the bad timing] "Oh. Sorry."

[Only one wrapper left. Lana opens it up, and it's not the winner]

**Lana:** [heartbroken] "Dang it. I guess I'm not gonna be on Bobbie Fletcher's pit crew."

**Me:** Lana, is this the wrapper you're looking for?

[I am actually holding the winning wrapper]

**Lana:** [overjoyed] "J.D.! YOU FOUND IT! YOU FOUND IT!" [takes it and laughs]

Laney: All right J.D.!

**Employee:** "Finally." [puts on his helmet and closes up the counter]

**Lana:** [laughs some more] "Finding this wrapper means the world to me. Thanks for all your help, guys."

Me: No problem Lana.

Varie: It was our pleasure.

Aylene: I'm glad we could help out.

Riley: Me too.

Starfire: It was Glorius.

Raven: I'm glad we could help too.

Eddy: Same here.

Laney: Glad to help sis.

**Lynn:** "Alright, now let's get home so I can let 'em rip in privacy."

**Lucy:** [gags; to Luna and Luan] "Can I bunk with you guys tonight?"

[They're about to leave. Leni opens the door and walks into some white stuff, making us all gasp]

**Leni:** "Oops. This must be the closet where they keep their snow."

**Lincoln:** "No, Leni. We're snowed in."

[Outside shows that they are indeed trapped]

Me: The snow piled up really fast and now we're trapped!

**Luna:** "Aw, man. Are we gonna be stuck here all night?"

**Employee:** [devastated] "No! I just worked a 12-hour shift! I can't take another second in this greasy dungeon!"

[He tries to cycle his way through the snow, but it's useless. The kids pull him out and put him in a chair]

**Luan:** "Sorry, buddy, there's snow way out!" [giggles]

[The employee starts crying.]

Me: Don't worry guys. I got this. Stand back. Lola, care to help?

Lola: You bet J.D. (Lola spreads her fire wings)

Me: How about you Starfire?

Starfire: It would be my pleasure. (Her eyes glow green and her wings are spread)

Me: Let's Fire it Up!

Me and Lola fired Fire blasts and Starfire fires her laser vision at the snow and it melts some of it and it clears the doorway.

Aylene: Let me help.

Aylene fires a stream of fire and it hits the snow and clears the way.

Employee: Wow! You guys are incredible!

Lori: I know. We get that alot.

Lisa: This snow is still fresh.

Naruto: Let me blow some of it away!

Me, Lola, Starfire and Aylene stop.

Me: Go for it little brother.

Naruto: **WIND STYLE: GREAT BREAKTHROUGH!**

Naruto fired a huge blast of wind and it blew some of the snow away.

Lori: Nice job Naruto. Let me help.

Lori spread her wings and fired a wind blast and blew some of the snow away.

Employee: Wow! You guys have lots of superpowers.

Terra: We're all unique in a sort of way.

Terra and Lynn form a scoop-shape rock each and they shovel the snow away.

Fu: Let me help out.

Naruto: Go for it Fu.

FU: **THUNDER FUNERAL: FEAST OF LIGHTNING!**

Fu fired 3 lightning bolts and they melted the snow on contact.

Me: Good shot Fu!

Raven and Lucy use their dark powers to move, melt and blow the snow.

Lucy: Raven you are incredible.

Raven: Thank you Lucy.

Laney uses her plant powers and forms giant bulldozers and they push the snow away.

Crysta: Good thinking Laney.

Laney: Thanks Crysta.

Luan: Let me light things up.

Luan spread her yellow wings and fired a light beam and melted some of the snow.

Eddy: Go Luan!

Edd took a flashlight out.

Edd: Drat! I left my Magnifying Glass at home!

Lana: Here try this Double D.

Announcer: MAGNIFYING GLASS MAGISWORD!

Edd: Bless you Lana.

Lana: You're also gonna need a stronger flashlight. Here.

Annoucer: FLASHLIGHT MAGISWORD!

Edd: Perfect.

Edd held the Flashlight Magisword and shined the light into the Magnifying Glass Magisword and it focused the beam of Light and created a powerful laser that melted all the snow on contact.

Edd: That was pure genius Lana.

Lana: Thanks Double D.

Lincoln: I admit it was. Linka, lets do this!

Linka: You got it.

Lincoln and LInka spread their lightning wings and fired lightning at the snow and melted some of it.

Sakura: Lets help out Ino!

Ino: You got it Sakura!

Sakura and Ino use Lady Tsunade's Super Strength and use an outdoor dining table as a plow and push the snow away.

Hinata: I got this.

Fu: Get em Hinata!

Hinata: **GENTLE FIST!**

She landed a Gentle Fist Strike and it blew some of the snow away.

Me: Nice job Hinata.

We melt all the snow around the area and Vanzilla is visible.

Me: We're free!

---

[We are now in Vanzilla]

**Lori:** "We literally did it guys!"

Me: Aw. It was nothing.

**Lola:** Good thinking J.D.

Me: Thank you.

Varie: We sure did a good job huh?

Ed: You said it Varie.

Edd: I concur.

Eddy: This was awesome guys!

Laney: We all pulled together and got out.

[Lori tries to start the engine up, but it doesn't start]

**Lana:** "Hmm… better check the engine block." [opens the hood] "Of ice?"

[The others groan]

Me: This engine is totally frozen solid.

**Lori:** [groans while looking at her phone] "There's no signal here! I'm gonna warm up inside and use the landline!"

Lola: Don't worry guys we got this.

Me and Lola use our fire and thaw the engine out.

Lola: Lori! The engine's thawed out!

Lori gets in and starts Vanzilla.

Lori: It works again!

We all cheer and we were driving down the road home when we see a car broken down on the side of the road and the driver is none other than Bobbie Fletcher.

**Lana:** "Wait! That's Bobbie Fletcher! Stop, guys! We have to help her!"

Me: Let's go.

We drive back.

**Lana:** "Excuse me, Ms. Fletcher? What happened?"

**Bobbie:** "Engine died. This baby can hit 210 in the straightaway, but throw a little snow at her and she conks out."

[Lana looks at the engine]

**Lana:** "Mind if I-"

**Bobbie:** "It's all yours."

---

[Lana is working on the engine]

**Lana:** "See if she'll turn over now."

[Bobbie tries it and it works]

**Bobbie:** "Dang. My pit crew isn't even that fast. What's your name, sport?"

**Lana:** [proud] "Lana Loud."

**Bobbie:** "Well, thank you, Lana Loud." [gives Lana her business card] "Give me a call when you're 18. I could use someone like you on my team. Congratulations on winning the contest. Hold onto that when you're 18. You're going far."

**Lana:** "Wow! Thanks! I will!"

[Her siblings cheer]

**Lori:** "Way to go, Lana."

Me: That's our Little Handyman. She has lots of talent.

Bobbie: Thanks for all your help guys. You guys are amazing with those powers. I saw you guys melting the snow. It was awesome.

Me: Thanks Ms. Fletcher.

Varie: I'm glad we were able to help get everyone out of the snow.

Aylene: Me too.

Bobbie: You're welcome. See you next race.

Me: Go burn some rubber!

Bobbie: I will.

Bobbie zooms off.

We all cheer for her as she races off.

We arrive back home and warm up by the fireplace drinking hot cocoa. I am drinking hot tea with Lola and Sakura.

Me: This was an amazing winter experience.

Varie: You said it.

Jessie: This was an adventure all on it's own.

Aylene: No kidding Jessie.

Riley: The best part was that Lana got a job offering on Bobbie Fletcher's Pit Crew. She is gonna rock NASCAR.

Lana: You said it guys. Thanks for all your help.

Me: It was our pleasure.

Laney: You said it.

Laney winks at the camera and it iris in.

THE END.

Another Fanfiction Done.

I wanted to do this one after some thought. The snowstorm in this one reminded me of the March 2003 Snowstorm. When I used to live in Perry Park, Colorado near Larkspur, 6 feet of snow fell in 3 days. It was intense. We called it the Storm of the Century back then. It broke a lot of trees and damaged a lot of houses. Also what really surprised me about this episode was that Bobbie Fletcher was voiced by Karsyn Elledge, the niece and granddaughter of NASCAR Racing Legends Dale Earnhart Sr. and Dale Earnhart Jr. She is amazing. I also love Danica Patrick. She is awesome. I hope you guys like this one. This one was a good challenge for me. Let me know what you all think.

See you next time.

# The Nature Sisters Cometh

It starts with Riley and Laney were reading books in Laney's Jungle Room while listening to music on the Radio.

Laney: This sure is peaceful huh Riley?

Riley: You said it Laney. Reading is a perfect way to take your mind off everything stressful.

Laney: True to that.

As they read, the music was interrupted by a news report.

News Reporter: Attention! Attention! We interrupt this program to bring you this urgent warning. Chandler Henderson has just escaped from the Kalamazoo Regional Mental Hospital. He is extremely dangerous and the police believe he is out for revenge. Lock all your doors and windows immediately.

Laney: (Panicked) Chandler has escaped?!

Riley: Who is Chandler?

Laney: You would hate him Riley. He's a kid that went to my school a while back. He is the worst bully in my school. His favorite target was me. He used to beat me up all the time until I stood up to him. I beat him and he revealed a diabolical plot to burn down the school and frame J.D. for it. He is a homicidal maniac and he tried to hurt some of my friends by having his birthday party at the Sewage Treatment Plant and have another party at the Nuclear Power Plant.

Riley: Whoa! This guy sounds like he's a monster.

Laney: He is really bad. He makes the worst kid killers look like saints compared to him. Even though he hasn't killed anyone.

Riley: We have to stop him!

Laney: Yeah. Lets. But lets tell everyone first.

Laney & Crysta and Riley went to tell us.

Lori: Are you serious!?

Luna: That narcissistic psycho Chandler escaped and is out to get us!?

Luan: That little jerk just can't take a hint!

Lynn: I'm gonna go pulverize that arrogant little jerk into oblivion!

Leni: Save seconds for me!

Laney: Guys! This is my fight. It's me he wants. I'm the one that beat him up so it's my fight.

Lincoln: Okay. Lets let Laney fight him. She beat him before and she can do it again.

Linka: I agree.

Starfire: If Laney can do it then we can't stop her.

Robin: I agree.

Cyborg: Me too. You can do it Little Missy.

Laney: Thanks guys.

---

20 minutes later, Laney was standing outside in the block where the Loud House once stood and she was ready for action. She had her scarf tied around her waist and her wings were spread.

As she waited everyone in the block was locking their doors and closing their windows tight.

?: Laney.

Laney saw her neighbor Mr. Grouse.

Laney: Mr. Grouse. Good to see you again.

Mr. Grouse: You too. Go pulverize that menace to society.

Laney: I will. I'll make him pay for everything he has done.

Mr. Grouse closed his window and locked it tight.

Laney was waiting until she saw a fence shatter and out of the dust was Chandler.

Laney: Hello Chandler.

Chandler: Scarfy. How nice of you to save me the trouble of having to hunt you down.

Laney: I thought we were rid of you for good Chandler. How did you escape from the Asylum?

Chandler: It's quite a story if you don't mind my bragging. [Cuts to a flashback. Chandler sees that his cell was left unguarded for a while and he used a lockpick made from a discarded bobbypin that he kept in his pants pocket and he picked the lock and open the door and knocked out a guard and took his billy club. Then he disabled the guards and got out fast as the Lockdown alarm sounded. Flashback ends]

Laney: That was genius. You surprised me. But I will not be holding back like I did in the school!

Chandler: I won't go easy on you either.

Laney: Bring it on you Psycho!

Laney charged and punched him in the face and kicked him in the nose. Blood was pouring out of Chandler's nose.

Chandler: You bratty girl! You broke my nose!

Laney: I'm about to break more than that!

Laney kicked him in the stomach and punch him in the mouth and knocked some of his teeth out. Laney then used her plant powers and vines wrapped around Chandler and they threw him into the sky and Laney flew up and pile drived him into the street with incredible force.

KRABOOM!

Me: Holy mackerel

Varie: Unbelievable!

Aylene: Laney destroyed him!

When the dust and smoke cleared Chandler was in a crater mangled up.

Laney: You're finished Chandler. You will never terrorize all of Royal Woods again.

Laney started walking away. But Chandler somehow got up out of the hole and was in a lot of pain. Laney saw this.

Laney: How did you survive that beating?

Chandler: I've gained some new tricks since we last fought. You see, I made a deal.

Laney: What deal?

Chandler: I sold my soul to the Devil for the power to destroy all of my enemies. I now can do this.

Chandler then shocked everyone by forming evil plant monster vines that were thirsty for blood and they had spit dripping from their mouths that was acid.

Laney: You now have plant powers like me!

Chandler: Yes I do. But the name Chandler Henderson is no more. Call me Carnivora! (Evil Laughter)

Laney: So this is what it's like to have an Arch Nemesis.

Chandler/Carnivora: So it is.

Laney notices something around Chandler's neck. It was an evil looking medallion.

Laney: [In her head] That medallion must be the source of his power and I'll bet that his life force is linked to it. Destroy it and Chandler dies.

Laney formed a plant vine and ripped the monster apart.

Riley was watching the battle in sheer amazement from a different angle. But she started thinking about how to help Laney.

Riley: (In her head) I have to do something to help Laney. I wish I had the power to help her out.

A leaf suddenly appeared out of nowhere and touched Riley on her forehead and leaves, flower petals, and blades of grass swirled around her in a tornado.

When it died down Riley was forever changed. She had green clothes that were like Rey's in Star Wars VII and she had wings made of leaves and she had a green leaf emblazoned on her forehead.

Riley: Whoa. I feel strange and why does my back feel so heavy?

Riley's eyes were now emerald green and she saw her wings and she was in shock.

Riley: Where'd these wings come from!? Wait a second.

Riley then grew a blueberry bush with her left hand.

Riley: I have plant powers like Laney. This is awesome! (Sees her clothes) I have awesome clothes. Green was never my favorite color but I like it now. Now it's time to help out!

Riley flew over to Laney and she formed a cactus pistol and fired a cactus ball and it hit Chandler in the head and he screamed in excruciating pain.

Riley: Laney!

Riley landed by Laney and Laney gasped in shock.

Laney: Riley, you have plant powers too?

Riley: Yeah. I just got them. I don't know how this happened but I now have plant powers like you do.

Laney: I can see that. Maybe J.D. can look this up when we get back. He has a really cool book about all the legends of the world and he may tell you how you got your powers.

Riley: Maybe. But lets kick Chandler's butt into oblivion!

Laney: Yeah!

Chandler pulled the cactus ball out of his head and Laney and Riley dealt him a flyswatter kick and sent him flying and they both formed vines and they entangled Chandler and two more vines appeared and they had mouths and they squirted acid into Chandler's eyes and burned him as he screamed in excruciating pain.

Laney and Riley flew up to him and punched and kicked him into the next century.

Laney ripped the necklace off of him and the vines let him go.

Chandler felt that his necklace was gone.

Chandler: Give me my necklace back!

Laney: Not this time. Join the rest of your family in the Netherworld!

Laney dropped it onto the ground and crushed it. Shattering it into a thousand pieces.

A beam of light hit Chandler and he became a skeleton and became a pile of dust.

Riley: Whoa. What happened to him?

Laney: When I destroyed the necklace the deal he made was broken. His life force was linked to it and the Devil took him to the

Netherworld.

Riley: Well good riddance

Laney: Yeah. I'm finally free.

Laney broke down crying and Riley comforted her. Her nightmare was finally over.

Riley: It's all right Laney. Just let it all out. Just let it all out.

Me, Varie, Aylene, Jessie, Woody, Jeri, Naruto and the girls, Sasuke, Kakashi, Robin, Cyborg, Beast Boy, Starfire, Raven, Terra, Kole, Bumblebee, Volcana, Argent, The Ed's, The Loud Siblings, Lynn Sr., Rita and Joey came over. Riley revealed everything.

Laney was still crying and I looked up how Riley got her powers in my Legends book. The police were with us.

Me: I found it. Riley was given plant powers because of the Leaf of Ninsar, the Goddess of Plants in Sumerian Mythology. She gives her powers over all of plants to anyone who is more than willing to help others in need. But they can only be given to that person when they are witnessing a battle with another who has been given plant powers because of the Diamond of Gaia.

Lori: That's amazing. Riley, this must be a huge shock to you.

Riley: Yes it is. I now have powers like most of you.

Bill: This is quite a shock. Jill what do you think?

Jill: I think Riley looks awesome with plant powers.

Lynn Sr.: Trust me Bill. We were shocked to discover that Laney got Plant Powers because of the Diamond of Gaia. But soon some more of our family started getting powers one by one.

Bill: I can believe it Lynn. Your family is amazing.

Luna: Poor Laney. She must be so overjoyed now that her nightmare is over.

Riley: Actually, she destroyed Chandler. Not only is her nightmare over but she technically made her first kill.

Laney: (Crying hard) It's true guys. I killed Chandler. I'm so sorry.

Luna: Oh Laney, it's not your fault dude.

Me: Laney, you had to do what was right. You saved a lot of people today.

Naruto: J.D.'s right Laney. I know what it's like to make your first kill. When you're a shinobi, killing is part of our job. We have to do whatever it takes to protect everyone.

Sakura: That's right. We may not like it but sometimes we will have no choice but to kill.

Sasuke: Yeah. I know it's hard but we are still human.

Kakashi: It's hard Laney. Sometimes people will have to kill to not only protect themselves but also to protect those that they care about the most.

Officer Paul: I know how you feel Laney. But the truth is that Chandler was one of those people that will never change.

Officer Stacy: He's right. Chandler was a total maniac and a criminal that will never be rehabilitated. You and Riley saved us all Laney. We can't thank you enough for it.

Laney starts to feel better.

Laney: Yeah. You know your right. I am still human with or without plant powers. Thank you guys. I feel much better now. But I think I may need to go see a counselor at school.

Me: That's a very wise decision Laney.

Officer Paul: I agree.

Officer Stacy: Me too.

Varie: Nonetheless I'm glad Chandler's gone for good. In all honesty his parents created a monster.

Lincoln: I can't argue with that. He was a jerk and I'm glad he got what he deserves.

Linka: I think his parents were spoiling him rotten big time and it destroyed his mind. He was a terrorist in the making.

Luan: I agree with you on that Linka.

Luna: Me too Dudes.

Lucy: Me too. The spirits told me that he's in the Netherworld as we speak suffering for the consequences of his crimes.

Lisa: I concur with Lincoln on this one. Chandler was a ferocious homicidal maniac and I also concur with the officers. Some criminals cannot be changed or reformed in the criminal justice system.

Lana: Yeah. They just keep ruining everyones lives and the world is better off without them.

Lola: Yeah. Those creeps are monsters that need to be destroyed!

Lily: Indubitably.

Penny: I can't argue with that.

Officer Stacy: Well have a good rest of your night everyone.

Me: Bye officers. Thank you again.

The next week, Laney went to the school Counselor every day for the week at 1:30 PM and she was cured after some sessions.

Laney was now the biggest hero of the 2nd Grade and a big celebrity but she didn't let the fame and notoriety go to her head. Laney and Riley were now known as the SISTERS OF NATURE!

THE END.

Another Fanfiction Complete.

This idea just came out of the blue. I found this to be an interesting one for me. But the ending of this chapter was a little dark. This was a challenge for me. Let me know what you all think.

See you next time.

# Loud's and Ninjas Cont

This chapter is going to continue where Loud's and Ninjas left off. Only this time, Rin, Riley and Jeri will be joining the frey.

---

In the Simulator, Me, Lincoln, Laney, Naruto, Sakura, Fu, Rin, Jeri and Riley are continuing where we left off after our Genin Test was done and we passed. Lisa calibrated the Simulator to where 1 day is 1 minute and more.

The Simulator Activated and we were doing the preposterous D-Rank Chore missions.

We did it all and Kakashi took our training very seriously and only focused on Me, Lincoln, Laney, Naruto, Sakura, Fu, Rin, Jeri and Riley. Kakashi trained us except for Sasuke in everything he knew and we were getting stronger and stronger at an accelerated rate. He trained us in all the fields of the Shinobi. For 3 agonizing months, which is an hour and a half, we learned and did it all.

In the forest we were out to catch Tora, the cat that belongs to the wife of the Fire Daimyo. This cat has been the bane of all Genin in the Leaf ever since it started.

Kakashi was communicating to us via a radio set as we hid behind some trees.

Kakashi: Incredibly Cool Kakashi here. What's your distance from the target?

Me: Divine Cosmos here. 15.4 feet. I'm ready and awaiting your orders. Over.

Lincoln: Thunderbirds Lightning here. I'm ready. Over.

Laney: Garden of Beauty here. I'm ready. Over.

Naruto: Foxflame Knight here. I'm in position.

Sakura: Cherry Blossom Storm here. I'm ready.

Fu: Hurricane Locust here. In position.

Rin: Firestorm Justice here. Ready.

Jeri: Lion's Blessing here. Ready.

Riley: Garden of Virtue here. Ready. Over.

Sasuke: (Snarling) Loser of Evil and Darkness here. Ready. I hate you J.D.

Me: Go kiss your brother Sasuke.

Kakashi: Focus everyone. Okay… NOW!

We all jump out and Laney and Riley trapped it with a cage made of vines.

Laney: We got her.

Kakashi: Can you verify the ribbon on the right ear?

I look at the Cat and confirm it.

Me: Confirmed, we have a positive Identification. It is lost pet Tora. Completed in 12 minutes and 52.9 seconds.

Kakashi: Excellent. Lets head back to the Hokage Tower.

At the Hokage Tower we return the cat and see Madam Shijimi hugging Tora too tightly.

Me: Um, excuse me milady. You're hugging Tora way too tight. That's why she's running away so much. Here.

I take Tora from her and show her the proper method.

Me: Pet her gently like this [Pets Tora perfectly] and scratch behind her ears like this. [I scratch her ears and she purrs.] See?

Madam Shijimi: Oh is that why Tora is running away? Oh Tora, I'm so sorry. I should've been gentler with you.

I give Tora back to her and she does what I showed her and Tora was happy.

Madam Shijimi: Thank you young man. I'm so glad Tora is happy.

Me: Happy to help milady.

Madam Shijimi gave Team 7 a bonus for it and left. The Hokage and Iruka were floored.

Lord Hokage: J.D., Tora has literally been the Bane of All Genin since this village started. You are great with cats.

Me: I may not own a cat but they are cute. I know how to handle them right.

Lincoln: Me and Laney have a cat back home Lord Hokage and we care for him a lot.

Laney: Yes sir. His name is Cliff and we love him.

Lord Hokage: I can see that. You saved all of our Genin from having to catch Tora.

Me: Yeah. We did didn't we? No thanks to the Civilian Council Buttfaces Pet over there. (Points to Sasuke)

Lord Hokage, Iruka, and Kakashi laugh.

Sasuke: Shut up! All of you!

Me: Your clan bites noses!

Sasuke: I WILL KILL YOU!

Lord Hokage: Sasuke that's enough! You're already on thin ice. One more outburst and you will be removed from the Shinobi Program permanently.

Sasuke: You can't do that!

Me: He is the Hokage, He makes the rules and his word is law. You got a problem with that, you can go jump off a cliff.

Lord Hokage: That's right. Thank you for backing me up J.D. But I've got things under control.

Me: Sorry sir. I just wanted to remind Mr. Arrogant Loser here that you are in charge.

Lord Hokage: That's alright. Now your next mission is to harvest potat…

Naruto: Um with all due respect Grandpa but these chores aren't what people call missions for Shinobi of our caliber.

Me: I agree. Chores are for… Hey I've got it. Iruka-Sensei, do you think it would be perfect for the Students at the Academy to do these Chore Missions? This will be a perfect way for the students to earn some money to get supplies and tools for their future shinobi careers and buy the everyday essentials like food, clothing and more.

Iruka: Hmm. That's not a bad idea. What do you think Lord Hokage?

Lord Hokage: I think it's a great idea. Iruka, from now on you are to have your students do D-Rank Missions.

Iruka: Yes Sir. Good thinking guys.

Me: Thank you Iruka-Sensei.

Lord Hokage: Kakashi are they ready for a C-Rank?

Kakashi: I think they are ready sir.

Lord Hokage: All right. I've got just the mission for you. Tazuna you can come in now.

The door opened and in came Tazuna from the Land of Waves.

Me: [In my head] Oh man. I remember him. His village is under turmoil because of that tyrant midget, Gato.

Tazuna: This is the protection I get? A bunch of kids?

Me: I assure you Tazuna that we are more than capable of handling things. Plus Gato will pay for his crimes against the Wave.

Lord Hokage: Gato? As in Gato of Gato Shipping and Transport? He's one of the richest shipping magnates in the 5 Great Nations.

Me: Yes. But that's just a front. He is one of the meanest crime bosses in the Criminal Underworld. He went to the Land of Waves and cut off all Shipping Connections to the mainland. Hes been ruling over the village with an Iron Fist and has been taxing everyone in the village to the point of poverty.

Tazuna: Yes. The last person that faced him was executed in front of the village and he took all of our hope. I'm actually building a bridge that will connect us to the mainland.

Naruto: And it will bring Gato's Empire crashing down.

Sakura: He sees you as a threat to his operation and has hired rogue ninjas to kill you.

Tazuna: Yes. I only had enough money to afford a C-Rank because Gato nearly bankrupted our treasury.

Lord Hokage: That's terrible. This mission is now an A - S-rank Mission.

Me: And Team 7 will answer the call for help.

Naruto: Yeah. We will do everything we can to help you.

Sakura: That's right.

Fu: We won't let Gato get away with this.

Rin: Yeah. He will pay for his crimes.

Lincoln: Gato must pay.

Laney: Yeah. Sic Sempur Tyrannus!

Riley: What does that mean?

Me: It's a very famous latin phrase. It means "Thus Always to Tyrants." It was used a lot over the centuries.

Riley: Oh. We will make him suffer for this!

Jeri: Yeah. The Lion will destroy him.

Tazuna: Oh thank you all so much. You don't know how much this will mean for the Wave.

Kakashi: All right then. Meet me at the gate in 45 minutes.

Me: Yes sensei. And don't be late or else.

Sasuke: Just don't get in my way or I'll kill you.

Me: Shut up Sasuke.

Tazuna: What's his problem?

Laney: Don't ask.

* * *

45 minutes later.

Kakashi arrived on time and we were off. As we got to the edge of the Land of Fire 20 minutes later, we saw two puddles and it had not rained in a while.

Me: Wait. I got this.

I fire a Ki blast and it hit the ground and exploded and out of the explosion came two figures: Gozu & Meizu, the Demon Brothers.

Kakashi: Gozu & Meizu, the Demon Brothers. C-Rank Rogue Ninjas from the Mist.

Gozu and Meizu got up.

Me: Dead ones now. [Points to Them] **DEATH BEAM!**

A red Ki beam fired from my finger and it went right through their hearts and killed them instantly before they could even react.

Naruto: Good riddence.

Kakashi: Good job J.D.

Me: Thanks sensei. Not to sound arrogant but that was just a small sample of my power.

Kakashi: I believe it. I can tell that you have many more tricks up your sleeve J.D.

Tazuna: J.D. is a true force to be reckoned with.

Me: Thank you.

Sasuke: (In his head) How can that freak have more power than me? I'm an elite. I should have all that power so I can kill my brother and kill Naruto!

Me: Sasuke shut up. I can read your thoughts. Remember? I will never let you have my power.

Naruto: Yeah. So back off.

Lincoln: If you know what's good for you.

Naruto sealed the bodies of Gozu & Meizu into a scroll.

Sakura: What are you doing Naruto?

Naruto: Sealing them into scrolls for their bounties. They have a bounty of 20 Million Ryo on their heads and a 5 Million Ryo bonus with their weapons included.

Sakura: I see.

Me: Good thinking little brother.

Naruto got done and we pressed onward. We took a boat to the Land of Waves and came in quietly. We saw Tazuna's bridge that he was working on and it was truely a sight to behold.

We got to the mainland and were walking to Tazuna's house.

Naruto: (In his head) This is the meeting spot where we faced Zabuza and Haku.

We hear rustling in the nearby bushes and I walk over and pick up a little white rabbit.

Me: Oh it's a little bunny.

We hear a whooshing sound getting closer.

Kakashi: GET DOWN!

We all duck and we see a giant sword spinning past us and it embedded itself into a tree. And standing on the handle was none other than Zabuza Momochi.

Zabuza: Well isn't this a treat. Kakashi Hatake the Copy Ninja. I take it these kids you have are your genin team.

Kakashi: Zabuza Momochi, the Demon of the Mist. A-Rank Rogue Ninja wanted for the Attempted Assassination of the 4thh Mizukage.

Me: Zabuza. I've heard a lot about you. You killed your entire graduation class at the Mist and became a deadly member of the Seven Ninja Swordsmen of the Mist.

Zabuza: That's right kid. What's your name?

Me: My name is J.D. Knudson. I have a message for Gato. Tell him this: We are his angels of death and we are coming for him and we are going to kill him and send him off to the Darkest Parts of the Netherworld.

Zabuza: I will tell him. Who are the rest of your friends?

Naruto: My name is Naruto Uzumaki Namikaze - Son of Minato Namikaze the 4th Hokage and Kushina Uzumaki the Red Death. I'm also the 9-Tails Jinchuriki.

Zabuza was floored.

Zabuza: I had no idea that Kushina was your mother kid. She was extremely powerful and was the most incredible Swordmaster that ever lived. She became the 1st person in history to take on all the members of the Seven Ninja Swordsman and win.

Naruto: That's wicked. I had no idea mom was that strong.

Zabuza: Indeed. I've also heard about the terrible calamity of the 9-Tails Attack on the Leaf. That was awful.

Naruto: I know and it nearly ruined my life because of Bias-Motivated Corruption.

Zabuza: I can tell.

Sakura: My name is Sakura Haruno.

Zabuza: Civilian born right?

Sakura: That's right. I'm the first ever shinobi from a Civilian Clan.

Fu: My name is Fu. I'm the 7-Tails Jinchuriki.

Zabuza: Don't you live in the Hidden Waterfall?

Fu: No. I hate that village and I want nothing to do with it anymore.

Rin: My name is Rin Nohara. Veteran of the 3rd Great War.

Lincoln: I'm Lincoln Loud.

Laney: I'm his little sister Laney Loud.

Riley: I'm Riley Anderson.

Jeri: And I'm Jeri Katou.

Zabuza: Its a pleasure. Now hand over the bridge builder and you'll all live. Wait. Who's the broody kid?

Me: Oh that's Mr. Dark, Depressing and Vengeful Loser, Sasuke Uchiha.

Zabuza: An Uchiha? I heard that clan was wiped out by one of their own, Itachi Uchiha.

Me: That's Sasuke's older brother. He wants to kill him but Sasuke is the Civilian Council's Pet and a total arrogant Megalomaniac.

Zabuza: I know how that feels. Those Civilian Councils are a menace to the 5 Great Nations.

Me: I can't argue with that and I agree.

I get ready to fire at Zabuza and I flare up my aura and fire a powerful shockwave from my hand and it hit him with devastating force and sent Zabuza crashing through 5 trees and he skidded on the water and he had nasty bruises in some spots.

I go Super Angel and fly at him and elbow him in the face and he got sent flying and I kick him in the back and send him up into the air and I teleport and deal an axe kick to his stomach and he hit the water with incredible force and made a huge splash that went hundreds of feet into the air.

Kakashi was floored.

Kakashi: (In his head) J.D. your power is unbelievable. You defeated Zabuza like he was nothing.

Me: (In my head) I know sensei. But I'm not letting overconfidence and all that cloud my mind.

Zabuza surfaced and collapsed on dry land.

I land in front of him.

Me: Have a nice swim Zabuza?

Zabuza: Ha. You are incredible J.D. You defeated me. Go ahead. Kill me.

Me: Ha. Nice try. Even I'm not that naive. You were waiting for me to walk over to you so I can deliver the fatal blow and you will strike at me without warning when I'm least suspecting.

Zabuza: Ha. Can't blame me for trying.

Me: However I will let you live. Just be sure to deliver my message to Gato and we'll see you in a week.

Zabuza: See you then. Haku! We're going!

Haku Yuki who was disguised as a Mist Hunter Ninja appeared by Zabuza and they both left.

I powered down and teleported back to Kakashi and group.

Me: Sorry about that Kakashi-Sensei. I hope I didn't go overboard.

Kakashi: No you didn't. Great job J.D.

Sasuke then walked up to me.

Sasuke: I demand that you give me your power and techniques.

Me: Not in a million years you imbecile!

Sasuke: I deserve that power! I need it to kill my brother!

Naruto: You are not getting my big brothers power Sasuke. So back off!

Sasuke: Then I will take them from your dead corpse!

Sasuke pulled out a kunai and he charges and he was aiming to kill me.

Laney and Riley wrap Sasuke in bramble vines and they hurt him.

Sasuke: Ow! Let me go! I will kill him!

Kakashi: Sasuke that's enough! You are completely out of control and you are not fit to be a shinobi.

Laney: I agree Kakashi-sensei. Sasuke is totally mentally unstable. From the looks of things he has Antisocial, Narcissistic, Borderline and Histrionic Personality Disorders.

Kakashi: I think you may be right Laney. Are you interested in psychology?

Laney: Psychology is one of my interests. Yes. It fascinates me.

Kakashi: I can believe it.

Me: But you'll need 12 years in Medical School for that Laney.

Laney: Yeah.

Naruto sealed Sasuke into a scroll until they got back to the Leaf.

Naruto: In all honesty sensei I think he should've been barred from being a Genin for a while.

Sakura: I agree Naruto. Sasuke is evil in it's purest form.

Fu: I agree too.

Rin: Same here.

Lincoln: I can't believe Sasuke is that evil. What do you think made him this way?

Kakashi: It was the pandering of the Civilian Council, Lincoln. They poisoned his mind with so much powerlust.

Tazuna: I can't believe those people on the council. They need to be stripped of their power.

Me: I agree Tazuna. They've taken too much power from the Hokage and they've been abusing it for their own selfish purposes. But we'll talk about this later on. How much farther is it to your house Tazuna?

Tazuna: (Points over a hill) Just over that hill, half a mile up over there.

Kakashi: All right. Lets go.

We all arrive at Tazuna's house and Tazuna entered the door.

Tazuna: Tsunami I'm home!

Tazuna's Daughter, Tsunami came and she hugged him.

Tsunami: Dad, I'm glad you're back.

Tazuna: Thanks to these brave super ninjas that escorted me back.

Tsunami: You have my eternal thanks for helping my dad. I'm Tsunami.

Me: It's a pleasure to meet you. I'm J.D. Knudson.

Naruto: I'm Naruto Uzumaki Namikaze.

Sakura: I'm Sakura Haruno.

Fu: I'm Fu.

Rin: I'm Rin Nohara.

Lincoln: I'm Lincoln Loud.

Laney: I'm his little sister Laney Loud.

Jeri: I'm Jeri Katou.

Riley: And I'm Riley Anderson.

Kakashi: And I'm their sensei Kakashi Hatake.

Tsunami: It's a pleasure. I was just going to start dinner. Come take a seat.

Me: We also have another member of our team. His name is Sasuke Uchiha and he is pure evil. Trust me.

Tsunami: I see.

We waited for dinner and Tsunami's son Inari came in.

Tsunami: Inari welcome home.

Inari: Hey mom. Grandpa!

Tazuna: Inari.

They hugged.

Tazuna: Inari these are the brave ninja's that are here to help us.

Inari looked at us with disdain.

Inari: You all should leave and get out of here while you still can.

Tsunami: Inari that was rude! Apologize now.

Inari: Well it's true! No one can stand up to Gato.

Inari walked up to his room.

Me: Man what's his problem?

Tazuna: Gato killed his stepfather Kaiza. He and Inari were very close. Gato took all our hope.

Naruto: Oh no.

Jeri: Let me go talk to him.

Jeri walked up to Inari's room and found him crying.

Inari: (Crying) Daddy!

Jeri went in and sat by him on his bed.

Jeri: Tazuna told us what happened. I'm so sorry Inari.

Inari: Gato is too strong! He killed my father and no one can stand up to him.

Jeri: You're wrong Inari. Gato will pay for his crimes. We've been sent to kill him. You've suffered long enough.

Inari: What do you know about suffering!? You've never had to experience what all of us have been through! There's no such thing as heroes!

Jeri: You're wrong about that too Inari. Like you I too know what it's like to lose a member of my family. My mother died of a terminal illness and I was devastated. My dad tried his hardest to take care of me. But it was never enough. He remarried and I didn't like my stepmother and stepbrother because I thought dad was trying to erase mom from my life. I wore a mask to hide my pain and I made a lot of good friends. I then became a powerful force of good and went out to save a friend with my friends. My friend was killed by a force of evil and I was devastated even more. I always thought that my destiny was to always be alone. But now I know that the power to change our destiny lies within our hearts. I will never let what happened to my friends happen to anyone else. I know now that my mother and my friend will always be with me in my heart, in my memories and in my spirit.

Inari was shocked.

Inari: I had no idea you've had such a dark past.

Jeri: It's been a very dark one. But I promise you that Gato will pay with his life. I promise on the Heart of The Lion.

Inari: Thank you. But I don't know your name.

Jeri: It's Jeri. We will never forgive Gato for his crimes.

Inari: Jeri, thank you for helping me see that there is hope. I want to help you all fight Gato.

Jeri: You're welcome and I'm sure we would be more than happy to help you get strong. Lets go eat.

Inari: Okay!

Jeri and Inari came down to the table.

Me: I see you're full of hope Inari.

Inari: Yes. Jeri gave me my hope and courage back.

Tsunami: That's great Inari.

Inari: I'm sorry I lashed out at you all like that.

Naruto: It's alright, Inari. Trust me. I know how hard it is to lose a member of your family.

Inari: You do?

Naruto: Yes. Have you ever heard of the 9-Tails Attack on the Leaf?

Inari: I don't think so.

Tsunami: I've heard of that event. That was terrible.

Tazuna: That was a terrible event. The Leaf was almost wiped out by the 9-Tailed Fox. But the 4th Hokage killed it from what I remember.

Naruto: Yes. But my dad did not kill it. You can't kill a creature made of Chakra.

Tazuna and Tsunami were shocked.

Tsunami: The 4th Hokage, Minato Namikaze was your father!?

Tazuna: Now that you mention it Naruto you look exactly like your father. The resemblence is completely uncanny.

Naruto: Yes. October 10th, was the night I was born and that was the night a Rogue Uchiha killed my mom and dad along with most of our village. You can't kill a creature made of pure chakra. So the only option dad had was to seal the 9-Tails.

Kakashi: That's right. Minato Namikaze was my Sensei. Me and Rin were his students.

Rin: Minato-Sensei treated me, Kakashi and Obito like we were part of his family and Kushina loved me like her own child.

Inari: That is a very strong bond.

Kakashi: It is.

Naruto: Yeah. Dad and Mom were awesome. But after the calamity was over, I was made the current 9-Tails Jinchuriki. For 13 years I was viewed as an outcast in my village because of Bias-Motivated Corrupted Counselmen and Women and imbecilic villagers that will believe anything. My Jinchuriki status was supposed to be kept a secret but some doo-doo buttflakes leaked it to the public and fabricated all those lies about me being the "9-Tails Reincarnated." They did all kinds of terrible things to me. Called me names, Threw things at me, Talked behind my back, denied me service at stores, restaurants and more, overcharged me for expired food and what's worst is that I've had numerous assassination attempts on my life. Angry mobs, some of the ANBU, Genin, Chunin and Jonin and even enemy ninja's from outside the village. Mostly it was shinobi that were from the Uchiha Clan. Itachi Uchiha was one of the ANBU that was protecting me. The attempts stopped when I became a shinobi.

Me: If anybody tries anything on Naruto I will destroy them.

Sakura: Naruto's life has been a constant nightmare ever since he was a baby and we're going to find that Rogue Uchiha and bring him to justice.

Fu: Yeah. I'm the 7-Tails Jinchuriki and my life was a nightmare too.

Me: Jinchuriki are not viewed at as normal people but the monsters that they carry.

Inari: That's horrible!

Tsunami had tears trickling down her face.

Tsunami: Naruto, is everything you said true?

Naruto: Yes.

Me: We will find that rogue Uchiha and we will make him pay the Ultimate Price.

Inari: What's the Ultimate Price?

Me: Your life. He will pay dearly for everything hes done.

Lincoln: Yeah. Anybody that can do that to someone on the night they were born is just pure evil.

Laney: Yeah. That rogue Uchiha is a monster and he must pay.

Riley: Yeah.

Inari: Well I hope he does. No one should ever be without their parents!

Me: I agree.

After dinner we went to bed.

The next Day Kakashi was training us some more over the week and Inari joined us. He was already at B-Rank power by the time the week was over. During the course of the week I went over to the Hidden Mist to stop the Bloodline Holocaust while some Shadow Clones of Me trained with Kakashi. I saw a girl being attacked by Mist Shinobi. I fly in and rescue her.

Me: Are you alright?

?: Yes. Thanks to you.

Mist Shinobi 1: We will kill you Pakura!

Me: Pakura of the Scorch Style? I've heard alot about you. You stopped the Sand-Rock feud and were hailed as a hero to the Hidden Sand.

Pakura: That's right. But now I know the Sand sent me to my death.

Me: It was those bozos on the Sand Civilian Council that did it. The Civilian Councils of the 5 Great Nations have taken too much power from the 5 Kage and they are abusing it for their own selfish purposes.

Pakura: I have a feeling you're right.

Me: Oh I'm sorry. My name is J.D. Knudson.

Pakura: Pleasure.

Me: The Bloodline Holocaust is going on right now.

Pakura: That's what I heard.

Me: I got this.

I fire a Ki ball at the 3 Mist Shinobi and it hit the ground and exploded and vaporized all 3 of them in the explosion.

Me: Have a nice time in the Netherworld. Pakura, how would you like to have asylum in the Leaf?

Pakura: I'd like that. I can't go back to the Sand.

Me: Okay. We'll talk to the Hokage about it. But first lets end the Bloodline Holocaust.

We both go into the village and we see that the village is in total turmoil.

Me: This village is a mess. I wonder why the 4th Mizukage would let it go this far.

Pakura: I don't know. But lets find out.

We fly over to the Mist Administration Building and go in. We walk over to the Mizukage's office and I knock on the door.

?: Come in.

We go in.

Me: Excuse me? Are you the 4th Mizukage?

He turned around in his chair and it was Yagura, the 3-Tails Jinchuriki and the 4th Mizukage.

Yagura: Yes I am. My name is Yagura.

Me: It's a pleasure to meet you Lord Yagura. I'm J.D. Knudson. (In my Head) I sense a genjutsu on him. The chakra signature is that of the Rogue Uchiha's. I'd better do something.

Pakura: And I'm Pakura of the Scorch Style.

I activate my newly acquired Sharingan and release the genjutsu.

Yagura was on the floor and he woke up disoriented.

Yagura: What? What happened?

Me: Lord Yagura, you were being controlled by a genjutsu. It made you plunge the Hidden Mist into a war against all the users of Kekkei Genkai. Look. (I point behind him)

Yagura saw that I was right.

Yagura: This is bad. I've got to stop this. [Yagura gets on to the P.A. System] Everyone stand down! This whole Civil War was completely out of my control. I was being controlled by a genjutsu that made me start this false war.

Yagura then gathered everyone in the Mist for a speech.

Yagura: My people of the Mist Village, J.D. Knudson of the Village Hidden in the Leaves here sensed that I was in a genjutsu that made me launch an all out war against all people that have Kekkei Genkai against my will and the genjutsu was that of a Rogue Uchiha. This Rogue Uchiha was believed to be responsible for the 9-Tails Attack on the Leaf 13 years ago. I humbly apologize for launching this Holocaust and I accept full responsibility for this act of irresponsible leadership. Therefore I have decided to step down as the 4th Mizukage. My final act as the 4th Mizukage however is to name J.D. Knudson here the Hero of the Mist for his Valor in saving me from my own false ill will against users of Kekkei Genkai. I also award you this. (Yagura had a blue starfish medal with a sapphire heart in the middle and I kneal down) J.D. Knudson, I award you the Village Hidden in the Mist's highest honor, the Sapphire Star of the Heart of Water.

He places it around my neck and I stand up and everyone applaudes for me.

Me: I'm honored Lord Yagura. Thank you.

Yagura: You have the eternal debt and gratitude of the Hidden Mist Village. Also my people I have decided to seek asylum in the Hidden Leaf because I fear that some people will try to kill me for my false crimes. Therefore I have named my Successor: Mei Terumi will you come up here please?

A woman with long red hair dressed in all blue beautiful clothes comes up to where we are standing.

Yagura: Mei Terumi you are now the 5th Mizukage.

Everyone cheered for her.

Mei: I'm honored and I promise to lead the Village Hidden in the Mist down the path of peace. J.D. will you give this to Lord Hiruzen? [She hands me a piece of paper] It's an alliance treaty. My first act as Mizukage is to reinstate our alliance with the Hidden Leaf.

Me: I will see that he gets it Lady Mei. I'm glad that I arrived when I did. If I hadn't Pakura would've been killed because of the foolishness of the Sand's Civilian Council and Yagura would have still been under that Genjutsu. I wish I could stay to help out in repairing the village but I have to get back to my team. We're on a mission in the Land of Waves to destroy Gato. He has the Wave under his tyrannical rule and we have to make sure that he pays for his crimes.

Mei: I understand J.D. Yagura, you be safe.

Yagura: I will Mei.

Me: You two ready?

Pakura: Yes we are.

Yagura: I'm ready.

I place my fingertips on my forehead temple and me, Yagura and Pakura beam over to the Land of Waves with INSTANT TRANSMISSION.

We appear in the middle of training with Kakashi and the rest of the team and my Shadow Clones dispelled.

Kakashi: J.D. you're back.

Naruto: Where'd you go?

Me: I went to the Hidden Mist to stop the Bloodline Holocaust. We'll explain everything inside.

Kakashi: Lord Yagura, it's an honor to meet you.

Yagura: You too Kakashi. I'm no longer the Mizukage, I've stepped down.

Kakashi: I see. Pakura of the Scorch Style. I've heard many good things about you.

Pakura: Same here Kakashi.

Me, Yagura and Pakura explained what went down over lunch and everyone was floored.

Back in the present Me, Naruto, Sakura, Fu, Rin, Lincoln, Laney, Jeri, Riley, Inari, Kakashi, Yagura and Pakura were on the bridge ready to fight Gato. Naruto left some Shadow Clones back at Tazuna's house to make sure that Tsunami is safe.

We saw 2 familiar faces on the bridge.

Zabuza: Well, nice of you all to show up.

Me: Zabuza. Did you deliver my message?

Zabuza: Yes I did and Gato is extremely infuriated with you all. He's on his way here as we speak.

Me: Good. Let him come.

Naruto: Gato has tormented this land long enough.

Sakura: He will pay.

?: I will pay with what?

We all see a short little man with an army of thugs by his side.

Me: So you are Gato.

Gato: That's right you stupid kid.

Me: You are gonna pay for everything you've done to the Land of Waves.

Gato: I don't think so. You are all going to die.

Me: Gato I will give you this one chance. Surrender and leave these lands immediately and never return.

Gato: That's very sporting of you but I'll pass. This land is mine and will always be mine. Tazuna, this bridge you're building is nothing but an illusion to a dream that can never come true. You will now die along with the rest of this Lands freedom.

Inari: SHUT UP YOU STUPID MIDGET! You killed my daddy and you will pay for it!

Gato: Why you little brat! Kill them all! Zabuza included!

I fire a Ki wave and it obliterated some of the thugs instantly.

Me: You're not getting to Tazuna under my watch!

I go Super Angel and the fight for the Liberation of the Wave began. We all killed the thugs until Gato was left.

Inari decided to face him.

Gato: So you will be avenging your dear daddy huh?

Inari: I will never forgive you for everything you've done!

Gato: You little brat! [His unsheathed his cane sword] DIE!

Inari unsheathed his sword and he and Gato engaged in a deadly swordfight. Inari surprised Gato by knocking his sword out of his hand and he carved his name into Gato's forehead.

Me: A "Mask of Zorro" move. Well done Inari.

Inari: That was for my dad and this is for the village!

Inari slashed Gato's eyes out and cut off his left leg and Gato screamed in excruciating pain.

Gato: YOU WRETCHED LITTLE BRAT! I WILL KILL YOU!

?: I don't think so Gato!

We all turn and we see that all the villagers had risen up against Gato and they want him gone for good.

Fu: Everyone has risen up against Gato.

Lincoln: Yeah. We have him beat.

Me: Yes. Gato, you're all washed up. Inari you did a great job. Me and Naruto will take it from here. Come on little brother. Lets finish this monster for good.

Naruto: With pleasure.

We both charge at Gato and kick him into the air and flew up after him and dealt a hand chop to both sides of his ribs. Then we had out hands out in front of his face.

Me: Good bye Gato!

Naruto: Go to the Netherworld and stay there!

Me and Naruto: **GENOCIDE BREAKER!**

Me and Naruto fired a Ki blast and it vaporized Gato instantly.

Gato's reign of terror had been silenced forever.

The entirety of the village cheered wildly for all of us.

Me: Zabuza, I ended the Bloodline Holocaust in the Mist and it's safe for you to go back there now..

Zabuza: I appreciate that. I'll go back to the Mist but on one condition.

Me: Name it.

Zabuza: Take Haku with you back to the Leaf. She deserves a much better home with you guys.

Me: I understand.

Haku: But Master Zabuza I must stay by your side.

Zabuza: I know Haku. I did teach you some good things. You are like the daughter I've always wanted. But I have taught you all that you needed. You deserve a better life in the Leaf. We can't keep running.

Haku: I understand Master Zabuza. [Haku hugs Zabuza] I will miss you.

Zabuza: I know.

Me: I will not let anything happen to her Zabuza. You have my word of honor.

Zabuza: I know you won't J.D. Thank you.

I nod.

Yagura: Zabuza, I'm so sorry for my actions against you and the Seven Ninja Swordsman. My actions were not of my own.

Sakura: He was under the influence of a genjutsu that was controlling him.

Riley: It was from the same Rogue Uchiha that killed Naruto's parents.

Zabuza: That's terrible. Thank you for telling me Lord Yagura.

Yagura: I am no longer the 4th Mizukage, Zabuza. I stepped down.

Mei Terumi is now the 5th Mizukage.

Zabuza: Lady Mei is the 5th Mizukage? I always had a feeling she would become the Mizukage.

Yagura: (Chuckles) I did too.

Zabuza: Thank you for telling me. I'll see you all around.

Zabuza left for the Mist.

3 weeks later, the Bridge was done and Tazuna called it the Great Leaf Bridge of Hope and a bronze statue was erected in our honor. It had all of us standing in a formation and holding 7 diamonds of each of the 7 colors of the rainbow in our hands. On the statue was a plaque and it said "Dedicated to the heroic actions and valor of the brave Shinobi of Team 7 from the Village Hidden in the Leaves: J.D. Knudson, Naruto Uzumaki Namikaze, Sakura Haruno, Fu, Rin Nohara, Lincoln Loud, Laney Loud, Jeri Katou, Riley Anderson, Kakashi Hatake, Yagura, Pakura and Haku Yuki." Tsunami and Inari decided to come with us to the Leaf so they can be with Naruto.

We all head back to the Leaf and we arrived in 2 hours. When we approached the gates we unsealed Sasuke and had him chained up.

Sasuke: You can't chain me up! The council will hear of this offense!

Me: Shut up Sasuke! It's your own superiority complex that got yourself into this. When you tried to kill me that was the final straw that broke the camels back, so to speak. You brought all this on yourself.

We walk to the gates and the guards Kotetsu and Izumo stop us.

Kotetsu: Halt!

Me: Hello Kotetsu, Izumo. Team 7 returning from a mission to the Land of Waves.

Kakashi: All right everyone. You head to the Hokage and I'll sign us back in.

Me: Yes sensei.

We made it to the Hokage Tower and I knocked of the Hokage's Office door.

Lord Hokage: Come in.

We head in.

Lord Hokage: Welcome back Team 7.

Me: Good to be home Lord Hokage. The Mission to the Land of Waves was a success and we've had some bonus scenarios come in. We headed out and had a run in with the Demon Brothers of the Mist. They were using the Hiding in Water Jutsu in the road for an ambush style attack. I fired a Ki ball and the explosion drew them out.

Lord Hokage: I thought I heard an explosion when you all left.

Me: Sorry about all the noise sir. I killed the Demon Brothers with 2 Ki lasers through their hearts. [I pull out the scrolls containing the Demon Brothers bodies] Here's the bodies of the Demon Brothers. [I hand the scrolls to Lord Hokage]

Lord Hokage: Ah, Thank you.

Naruto: We crossed the ocean to the Land of waves and had a run in with Zabuza Momochi.

Lord Hokage: (Shocked) The Demon of the Mist?

Naruto: That's right Grandpa. He was hired by Gato to kill Tazuna.

Me: I told Zabuza to deliver a message from me. I told him to tell Gato that we are his Angels of Death and we will kill Gato and send him to the Darkest Parts of the Netherworld. Surprisingly we found out that Kushina Uzumaki fought all the members of the Seven Ninja Swordsman of the Mist and won.

Lord Hokage: (Laughs) Yes. Kushina was a force to be reckoned with. Please continue.

Me: I fought Zabuza and overwhelmed him and let him go. We promised to meet in a week. Tazuna and his family gave us good food and a place to stay while we help him with the bridge.

Tsunami: Yes. My name is Tsunami and this is my son Inari.

Inari: It's a pleasure to meet you sir.

Lord Hokage: The pleasure is all mine.

Tsunami: Naruto is an amazing young man and we came with Team 7 to be with Naruto. I've developed feelings for him.

Lord Hokage: I'm happy for the 3 of you.

Naruto: Thank you Grandpa.

Lord Hokage: Please continue.

Jeri: Inari has a dark past like I do and he was distraught over the loss of his stepfather Kaiza. I cheered him up by revealing my past and how I become a good person after overcoming my grief. Inari is now full of hope and courage.

Inari: Yeah. I also got some training in by Kakashi-sensei and he is a great teacher.

Lord Hokage: (Laughing) I'm glad for you.

Me: We trained for a week and I left some Shadow Clones to train while I did a daring feat: Stopping the Bloodline Holocaust. When I got to the outskirts of the Hidden Mist I saw Pakura here being attacked by 3 Mist Shinobi. She was sent on a Fake Envoy mission to her death by those buttlickers on the Civilian Council in the Sand. I saved Pakura and blasted the 3 Mist Shinobi and we went into the Mist and saw it in total turmoil because of the Bloodline Holocaust. We went into the Mist Administration Building and into the Mizukage Office and I sensed that Yagura was under a Genjutsu and it was making him do the Bloodline Holocaust against his will. I sensed that the Chakra Signature on the genjutsu was that of the Rogue Uchiha that unleashed the 9-Tails onto the village on the night Naruto was born.

Lord Hokage: (Shocked) Are you serious!?

Yagura: He's telling the truth Hiruzen. That Rogue Uchiha made me do the terrible things I've done to the Mist.

Lord Hokage: That's awful. I had no idea.

Me: For my deeds in saving the Mist and Yagura I was awarded the Sapphire Star of the Heart of Water. Yagura and Pakura here decided to seek asylum in the Leaf because Yagura will be hunted down for his crimes and Pakura can't go back to the Sand because of their Bias Actions. Oh! [I pull out the Alliance Paper] Here's an Alliance reinstatement treaty from the newly appointed 5th Mizukage Mei Terumi. [I hand him the treaty]

Lord Hokage: Ah. Thank you J.D.

Me: When we got back to rejoin the team we faced Gato and his thugs. I offered him a chance to surrender and never return. But he refused and we destroyed all his thugs and me and Naruto blasted Gato into oblivion completely. Inari slashed off Gato's leg and cut his eyes out and carved his name into Gato's forehead before we killed him. 3 weeks later the bridge was completed and it was called the Great Leaf Bridge of Hope and a bronze statue of us was erected in our honor. Here's a photo of it. [I hand him a photo of us standing in front of the newly constructed bridge and the statue.]

Lord Hokage: Well it sounds like you all have made quite an inspiration for the Land of Waves. Well done to all of you. Now why is Sasuke wrapped in chains?

Naruto: Well that's the bad bonus scenario that we have acquired.

Me: Sasuke tried to kill me after I overwhelmed Zabuza in my fight with him. He demanded that I give him all my power and techniques and I told him not in a million years and he decided to try and kill me.

Laney: Me and Riley entangled him in bramble vines and I found him to be completely mentally unstable. In my view he has Antisocial, Narcissistic, Borderline and Histrionic Personality Disorders. Sasuke is completely out of control. He doesn't care about anyone except himself.

Lord Hokage: I see. I think you have what it takes to be a great psychologist Laney. Good thing you all came and saw me instead of the council. Unlike them I do not tolerate having my own shinobi hurt my own shinobi. ANBU! Have Sasuke's chakra sealed and stripped of his Shinobi Status and have his shinobi license revoked permanently. Also place Sasuke into the ANBU Prison until I decide the appropriate sentence for him.

Sasuke: YOU CAN'T DO THIS TO ME! I'M THE BEST OF THIS VILLAGE! I NEED MY POWER TO RESTORE MY CLAN!

Me: There is no future for the Uchiha. They had their chance and they blew it.

Lord Hokage: It is obvious that you are not the appropriate role model for a shinobi of the right cause and we will be restoring your clan our way. Take him away.

Sasuke: You will pay for all of this! I will kill all of you!

Me: Go kiss your brother!

I activate my Sharingan and Sasuke saw this and he was enraged.

Sasuke had to be restained with a strait jacket.

Me: You don't deserve to be a shinobi. **TSUKUYOMI!**

Sasuke found himself in the Tsukuyomi realm. I had him strapped to a table and had an illusion of Itachi torment Sasuke with his clan being killed over and over and over again times 10,000. The Torment would last for 120 hours.

Sasuke was taken away for good.

Lord Hokage: Well done everyone. The bounties of Gozu and Meizu will be added to your pay and you all get S-Rank Mission Pay.

Me: Thank you sir.

Lord Hokage: You're welcome. Everyone but Kakashi, Yagura, Pakura and Haku may go.

After we left Naruto took Tsunami and Inari on a tour of the Leaf.

As the days pass, we continued training. Things became hectic after Sasuke was put into prison. The council demanded he'd be released and reinstated as a shinobi. But Lord Hokage refused and disbanded the Civilian Council. Itachi was called back and he was reinstated as a Leaf shinobi. It was then decided that Sasuke was to spend the rest of his life in the Leaf Prison without possibility of parole under 24/7 watch and guard. But Sasuke swored revenge. He vowed that he would break out of prison and leave the Leaf and get stronger so he would come back and destroy everything and kill everyone. I promised to make sure that would never happen. I sent telepathic messages to some of the kunoichi and they agreed to become part of Naruto's family. The simulator ended and everyone in Naruto's family now lives in one of my guest houses in my mansion.

# Fire in the City of Cats

Aylene and Lola are in the Simulator.

Me, Varie, Naruto, Sakura, Fu, Rin, Konan, Lincoln, Linka, Laney, Lana, Penny and Lisa are in the control room.

The Simulator activate and Aylene and Lola found themselves in a city populated by Anthropomorphic Cats.

Aylene: (Gasp) I know this place. It's Megacat City from "Swat Kats: The Radical Squadron." I love this show.

Lola: What is it about Aylene?

Aylene: It centers around a city full of Anthropomorphic Cats and two mechanics that are really the Swat Kats.

Lola: What does Anthropomorphic mean?

Aylene: It means that they are animals that have human characteristics. [An explosion was heard] Sounds like we've got big problems!

Lola: Yeah. Look!

Aylene and Lola saw a bunch of police cats called The Enforcers fighting two villainous robot cats.

Aylene: Oh man. It's the Metallikats, Mac and Molly Mange, the most ruthless husband-and-wife criminal team in all of the city.

Lola: Why are they robots now?

Aylene: They drowned while trying to escape from Alkatraz prison when their boat was hit by a larger boat. Their bodies were found by Professor Hackle and he made them into robots. They're out to get revenge on Mayor Manx.

Lola: We got to stop them!

Aylene: Lets. Come on!

Aylene and Lola ran to the scene and The Enforcers were firing bullets at the Metallikats and they couldn't stop them.

Mac: You cannot stop us Feral!

As Mac was about to fire his laser gauntlet, a fireball hit him and blasted his arm off and he screamed in pain or whatever robots feel.

Molly: Mac! Are you alright!?

Another fireball hit the ground and exploded and blew Molly into a dumpster 1 block away.

Mac saw Aylene and Lola with smoke coming out of the palms of their hands.

Lola: The game is over you stupid tin cans!

Aylene: You two should've stayed dead when you both tried to escape from Alkatraz!

Mac: Who are you kids?

Aylene: My name is Aylene Carter.

Lola: And my name is Lola Loud.

Aylene: And we've come to destroy you both.

Mac: Oh yeah. Not if we destroy you first.

Lola then lunged at Mac and ripped him apart piece by piece and she crushed his head with a powerful jump stomp and she blew him up in a huge fiery explosion.

As Lola was fighting Mac, Molly got out of the dumpster and she saw Lola destroy Mac in the explosion.

Molly: MAC!

When the smoke cleared Lola was standing on Mac's melted robot body victoriously and Molly was enraged and she charged toward Lola and she was going to kill her. But Aylene unsheathed her sword that she had found in the Land Before Time and it was a sword made from a meteorite with indestructible properties in the blade. They both clashed and Aylene and Molly were fighting in a nasty and savage swordfight. Sparks were flying everywhere and some of the buildings in the area got set on fire. Molly surprisingly was a good swordfighter and Aylene was getting tired. She was covered in sweat.

Molly: You can't win you foolish little girl! You will be gone like Mayor Manx.

Aylene: (In her head) She's too strong. I can't beat her like this. I need more power.

An enormous explosion blasted out of a nearby oil refinery and a snake made entirely of pure fire emerged and flew to Aylene. It entered her body and she was in a powerful tornado of pure fire and it blew Molly into a nearby building.

Lola: It's a choosing process!

Aylene's energy levels were rising exponentially and when the fire tornado died down, Aylene was forever changed. She had sprouted wings made of pure fire and her sclera in her eyes were glowing orange.

Aylene: What happened to me? I feel strange.

Lola: Aylene, you now have fire powers like me!

Aylene: I do? [Aylene swings her hand and she threw a fireball and it hit a nearby building and the building exploded into flaming splinters] (Gasp) I do have fire powers and it looks like my powers are stronger. [She looks behind her and sees a pair of fire wings] I have wings too.

Molly got up and was even more enraged and the Swat Kats - T-Bone and Razor arrived, and they saw Aylene with fire wings.

T-Bone: Razor are you seeing this? That girl has wings of fire and she's fighting one of the Metallikats.

Razor: Yeah. I see it T-Bone.

Lola spread her wings too and the Swat Kats and the Enforcers were amazed.

Razor: That little girl has wings of fire too?

T-Bone: Incredible! Those two are like living infernos. Lets help them out.

Razor: Affirmative!

T-Bone and Razor arrived and were ready to fight.

Aylene: Wow! The Swat Kats! T-Bone and Razor!

T-Bone: That's right.

Razor: You've both did a great job fighting the Metallikats.

Aylene: Lola destroyed Mac there. [Aylene pointed to the melted remains of Mac]

Lola: Not bad for a 6-year-old girl huh? My name is Lola Loud.

Aylene: And I'm Aylene Carter. We are now known as the SISTERS OF THE INFERNO!

T-Bone: Not a bad name for you two. Now lets destroy this tin foil criminal.

Lola: With pleasure.

Aylene: Lets get her!

Lola and Aylene fired fireballs at Molly and blasted her arms off.

Razor: Mini-Slicer Missiles, deploy!

T-Bone and Razor fired small missiles and the metal shells opened up and some razor sharp blades came out and they sliced off

Molly's legs. She fell to the ground in a clanging mess.

Aylene: Now to finish her off with teamwork. Ready guys?

T-Bone: Always ready.

Aylene and Lola charged up a big fireball.

Razor: Mini-Matchhead Missiles, Deploy!

T-Bone and Razor fired missiles with red heads on them and they ignited and Aylene and Lola fired the big fireballs and the fireballs and missiles combined and formed a powerful power move: FLAMING IGNITION BOMBS!

The Fireball Missiles hit Molly and exploded with incredible power and Molly was vaporized in an instant. But in the process a small part of the city was incinerated.

When the smoke cleared, nothing was left of Molly. The Metallikats were destroyed.

Aylene: That takes care of that.

Lola: Yep.

The Spirits of Mac and Molly were on standing before them.

Mac: Hey Molly, we're dead again.

Molly: I can't believe we were beaten by those meddling Swat Kats and two stupid kids.

Aylene: You may want to look below you.

A bunch of evil demonic hands erupted out of the ground and grabbed Mac and Molly and dragged them down into the Netherworld and a malevolent laugh was heard.

T-Bone: Whoa. That was scary.

Razor: You said it buddy and the good news is that Mac and Molly Mange are gone forever.

Aylene: Indubitably.

Lola: Good riddence.

T-Bone: Thanks for helping us defeat the Metallikats Aylene.

Aylene: It was no problem at all T-Bone, Razor.

A vortex appeared and Aylene and Lola went in and the Simulation ended.

In the Living room I look up how Aylene got fire powers in my Legends book!

Me: Here it is. Aylene got fire powers because of the Fire Snake of Hino Kagutsuchi - the God of Fire in Japanese Myth. Once every 500 years, the snake of fire will answer the call of a person fighting an extremely formidable foe. That person will be given Wings of Fire and winged flight, Enhanced Cosmic Pyrokinesis, Superhuman Strength, night vision hence the glowing orange sclera, create beasts of pure fire, immoratality, invincibility, and other powers associated with fire. But they can only be given to someone that has learned fire magic. That's interesting. When we were in the Land Before Time I gave you a book on Fire Magic and you got it down in a matter of hours.

Aylene: That's true. This is a really big change for me.

Lincoln: No kidding.

Linka: With great power comes a great responsibility.

Aylene: Yeah. But I need some training and I need to learn how to control my powers.

Me: No sweat. Volcana and Lola can train you.

Lola: It's what friends do Aylene.

Aylene: Thank you guys.

Aylene's life was forever changed.

THE END.

Another Fanfiction Completed.

I wanted to do a fanfiction with the Swat Kats. This was one of my favorite shows growing up. I liked most of the episodes. My favorites were Destructive Nature, The Metallikats, Chaos In Crystal, The Ghost Pilot, The Ci-Kat-A, Mutation City, Volcanus Erupts and Caverns of Horror. I have a series of chapters planned for the Swat Kats. I hope you all like it and tell me what you think.

See you next time.

# Muscle Beach Loud's

It starts at the beaches by Lake Michigan

Lynn Sr. is driving Me, Varie, Aylene, Jessie, Riley, Jeri, The Teen Titans, Minato, Kushina, Kakashi, Naruto and the girls, The Ed's and the Loud Siblings in a modified and larger Vanzilla. We call it Vanzilla 2.0. Woody is driving in his car and his nephew and niece Knothead and Splinter are with him. The Santiago's and Casagrande's are driving in their purple Minivan and Clyde and his dads are driving in their van.

Me: Thank you for taking us to the beach Mr. Lynn.

Lynn Sr.: No problem J.D. You are going to love it.

Me: I have a feeling I am. Lake Erie and the Great Lakes are like miniature oceans in the North America mainland.

Lisa: That is the exact term to describe them. Like you said. Everyone needs to have some fun in a while.

Leni: Totes! I'm gonna have some F-O-N, Fun.

Varie: We all are.

Aylene: Yeah. This is gonna be fun.

Shannon: This is gonna be really fun. I've never been to the beach before.

Laney: You will love it Shannon.

We all arrive at the beach and unload and set up spots for us to sit back and relax.

Lynn Sr.: All right guys lets put on your sunscreen.

Me: Okay.

We all put on our sunscreen to avoid getting burned by the sun.

Me: [To the Viewers] Remember kids, always put on your sunscreen when you're at the beach or outside having fun. The Sun's Ultraviolet Radiation can hurt you and is a bad cause of skin cancer.

Lisa: Exactly. The Sun may be a sphere of burning hydrogen and helium gases but its radiation is considered a dangerous thing.

Me: Can't argue with that Lisa.

Naruto: This is gonna be so cool J.D.

Me: I know little brother. This is gonna be fun. [to the viewers] In case you're wondering where Sasuke is, he's sick with a cold and he couldn't come with.

Naruto: Yeah. That stinks. But we'll tell him all about it when we get back.

Me: Yeah. This is gonna be fun.

Sakura: You said it J.D.

Fu: This is gonna be fun.

Jeri: You said it Fu.

Rin: I love the beach. Right Minato-sensei?

Minato: We all do Rin.

Kushina: As long as Jiraiya isn't here with us. Last time we were here, I caught him peeking on Mikoto and pulverized him badly.

Me: Boy he really is a pervert. I can tell that he is a menace to all women in general. Let me check and see if he's here.

I concentrate and scan the surroundings for Jiraiya's energy signal and it shows that he is on the beach hiding.

Me: I sense his signal. [I point to a nearby bush 200 yards away] He's over there hiding in that bush.

Kushina: Are you sure?

Me: My energy sensing abilities have never proven me wrong. If I may ask though Kushina how did you pulverize Master Jiraiya?

Kushina: Oh, I found a sign at the beach that said that Jiraiya was not allowed on the beach due to harassment of women and I found him in a bush and beat him to a pulp ya know.

Me: I can believe it and I find that to be coincidental. Master Jiraiya is here at this beach like he was at the beach you went to.

Lincoln: Has Master Jiraiya ever been beaten up by Lady Tsunade for his antics?

Me: Oh yeah. Lady Tsunade told me so herself. She pulverized him practically into oblivion when she caught him at the hot springs and he had both his arms and legs and 6 ribs broken and a handful of organs were ruptured.

Laney: Holy mackeral! That is unbelieveable!

Me: I know Laney. I was floored when I heard it from Lady Tsunade. It's a shame she couldn't come with us. Lady Tsunade and Shizune both deserve a vacation.

Kushina: You're right about that. But all that paperwork is making it impossible ya know.

Me: I can believe it. If only… (I Gasp as I get an idea) I just got an idea! I'll be right back.

I run over to Lynn Sr.

Me: Mr. Lynn? I got to make a quick stop to the Leaf.

Lynn Sr.: Okay J.D. Be back in 10 minutes

Me: Okay.

I use Instant Transmission and beam over to the Leaf.

In the Leaf.

Lady Tsunade is overworked doing all the paperwork when I appear.

Lady Tsunade: J.D. you sure surprised me.

Me: I'm sorry to appear like this Lady Tsunade but I have some good news for you. I've figured out a way for you to defeat the most dreaded enemy of all Kages: Paperwork. I can tell its been piling up in here.

Lady Tsunade: I know and it's giving me a small headache.

Me: Well worry no longer. Have you ever thought about using Shadow Clones to get the job done?

My idea sparked some thought in her and her face turned red.

Lady Tsunade: I had no idea that can be done. Would you please leave the office for a second?

Me: (Fearful) I have a feeling I know what you're about to do. One sec. [I pull out a walkie-talkie] Naruto! Code Red-Brown! Code Red-Brown! [I put my walkie-talkie away] Okay. Let her rip!

I run away quickly out the door and covered my ears and the ANBU and Shizune joined me and they covered their ears with me.

Lady Tsunade went into a blind rage and loudly ranted and it could be heard from over 5 miles away.

Lady Tsunade stopped 3 minutes later.

Lady Tsunade: You can all come back in now!

Me: [Opens the door] Are you feeling better Lady Tsunade? [Sees multiple Tsunade Clones working] Sweet Mother of French Toast! You broke out 20 clones!

Lady Tsunade: Yep. And I figured I deserve a vacation. Shizune. We're going to the beach!

Shizune: Yes Milady.

Lady Tsunade: J.D., we're going to change into our swimsuits and we'll be right out.

Me: Okay. I'll wait outside.

I left the office and five minutes later, Lady Tsunade and Shizune came out. Lady Tsunade was in a beautiful purple one-piece swimsuit and Shizune had a black bikini.

Me: You two look amazing.

Lady Tsunade: Thank you.

Me: Just a forewarning. I sensed that Master Jiraiya is at the Beach we are at and he's up to his old tricks as usual.

Lady Tsunade: Thank you for telling me J.D.

Shizune: We appreciate it.

Me: No problem. Stay close to me.

Lady Tsunade and Shizune put their hands on my shoulders and I use Instant Transmission and beammed us to the beach.

Back at the Beach.

Me, Lady Tsunade and Shizune all appeared.

Me: Hey guys! I'm back and Lady Tsunade and Shizune are with me.

Naruto: Hey Aunt Tsunade! Shizune!

Lady Tsunade: Hey Naruto. J.D. is an amazing guy. I now have lots of free time thanks to the Shadow Clones.

Sakura: That's great Tsunade-Sensei. We got Naruto's warning.

Lady Tsunade: That reminds me. J.D. what was Code Red-Brown?

Me: Oh. I mean no insult Lady Tsunade. But that's a color code for a Lady Tsunade Temper Rant. Lincoln introduced me to a special Color Code Warning System he and Clyde created and I introduced it to Naruto and everyone.

Lady Tsunade: I see. Good thinking J.D. Lets now relax.

Me: Lets.

We were relaxing and Naruto made some Shadow Clones to protect Lady Tsunade from Jiraiya.

As me and Varie were relaxing, it was interrupted by the loud crashing of a huge heavy weight bar being lifted and slammed onto the ground by a heavy lifting body builder named Hunk Hardbody and he was trying to get the attention of a lot of beautiful girls in swimsuits.

Hunk: Yeah! Pump it up! [Twirls the weight on his fingertip] Well what do you girls think!? Is this great or what?

Ladies: (Bored) Great.

Hunk: Lets hear it for Hunk Hardbody! (He flexs his muscles) Pump it up! (Train Whistles on his back and arms) I'd be so great. I'd be so great.

Me: Looks like those girls are bored with that big behemoth.

Varie: Yeah. They sure are.

Me: I think I'll show that oversized palooka a thing or two about how to not overexert your pride and narcissism.

I walk over to the spot.

Varie: Go get him J.D.

Me: I will. [To the viewers] I may not look strong on the outside. But I'm a superpowered powerhouse on the inside and I have a feeling that I will have a huge fanclub by the time I'm done here.

Hunk: What the matter with you girls!? Don't you know greatness when you see it? I am the most Colossal, the most Stupendous, the most Sensational…

I make the scene.

Me: [To Hunk] And the most obnoxious, overinflated palooka that ever lived. [Hunk's body deflated to hanging fat] Sorry to intrude like this, but you were interrupting our relaxation. Put a sock in it please. Thank you. [to the girls] Hello ladies.

Lady 1: Oh he's so dreamy!

Lady 2: He's so cute!

Ladies: Our hero!

Hunk was enraged and he turned red and blew his stack.

Hunk: [To Me] Hey you little punk! I'll pulverize you into mush for stealing my girls!

Me: I'd like to see you try you overgrown tub of bad protein.

Steam shot out of Hunk's nose and red face and he tried to punch me and I grab his punch.

Me: Ladies you may want to stand back. [The girls got out of the way and I slammed Hunk into the floor on both sides of me. I yawned as I was doing it. Then I tied him into a ball and made some giant sand bowling pins.] Watch this Ladies. J.D. Knudson for a perfect game. [To the viewers] What can I say? Sometimes I like to show off. [I roll Hunk down the beach and he hits the sand pins with incredible force and knocks them all down and the CRASH onomatopoeia appeared as he crashed and the Ladies cheered for me] Thank you, thank you.

Lifeguard: [Clapping] Bravo J.D.! Bravo!

Naruto, Lady Tsunade and everyone was cheering for me.

Luan: That was one to Strike Up! [Rimshot to Laugh] Get it?

Varie, Eddy, Starfire, Leni, Ed, Lincoln, Lynn Sr., Rita, Lady Tsunade, Shizune, Rin, Sakura, Fu, Ino, Hinata and Naruto laughed and the rest of Luan's siblings sighed

Lynn Sr.: [Laughs] Good one!

Eddy: [Laughs] Funny Luan!

Hunk had birds and stars swirling around his head as he was in a pile of sand.

Me: Thank you. Thank you. [to the viewers] If this were a real bowling tournament I would surely win.

Announcer: All right Beach goers! It's time for the Lake Erie Muscle Beach powerlifting competition!

Me: Ooh! Sign me up!

Hunk then came to me.

Hunk: You think you can lift more than me!? I'm the greatest thing since Beta Caratene!

Me: We shall see. Right ladies?

Lady 1: Go get him J.D.!

I wave and the competition started.

ROUND 1: The Weight Bars

Hunk was lifting a bar that weighed 200 pounds.

Hunk: Beat that wimp! [Weight crashes as he drops it]

I lifted up a heavy weight that had 6 ton anchors for weights with ease.

Me: Ta Da! [Everyone cheered for me]

Announcer: J.D. Knudson wins!

Hunk: Oh yeah!? Watch this! [Hunk walks over to a weight bar that had 9 ton giant weights on it and he was having trouble lifting it]

Me: Let me try. [I walk over and lift it up without any problems and everyone cheered wildly]

Varie: Way to go J.D.!

Lincoln: All right J.D.!

Lynn: Whoo! That's my friend there!

I put the weight down.

Me: [To the viewers] I may love to show off, but I don't let it go to my head and I'm not in it for the fame and fortune, I just like doing it for fun.

ROUND 2: Weight toss.

The next game was to toss a heavy weight as far as you can into Lake Erie and whoever throws the farthest wins.

Me and Hunk along with 4 other muscle bound guys had one 10 ton weight each. The weights had a red buoy tied to it.

Announcer: First up, Don the Whale Lift.

Don threw his weight and it splashed far into the lake.

A man rowed out on a kayak and measured the distance.

Measurer: 200 Yards!

Announcer: Fantastic! Next up. Larry the Typhoon Blower.

Larry spun the weight around and he threw it out a huge distance and it splashed.

Measurer: 210 yards!

Announcer: Great job! [3rd contender not important] Next, Sandy the Texas Bull!

Sandy threw the weight into the air, spun around and kicked it and it splashed into the lake at a huge distance.

Measurer: 510 yards!

Me: Wow! Great throw Sandy!

Sandy: (Southern Accent) Thanks J.D. Good luck.

Me: Thank you.

Announcer: Fabulous! Next, Hunk Hardbody!

Hunk threw his weight and it splashed near the same spot where Sandy's weight was.

Measurer: 510 Yards!

Announcer: Wow! It's a tie!

Hunk: Let's hear it for Hunk Hardbody!

The crowd did not cheer and the sound of crickets was the only thing that was heard.

Announcer: Last Contestant, J.D. Knudson.

Everyone cheered wildly for me.

Me: All right. Here goes.

I grab my weight and twirl it around at a fast speed and kicked it far. It splashed down farther than Sandy's and Hunk's.

Measurer: 725 yards!

Announcer: Unbelieveable! What a throw! J.D. Knudson wins the Lake Erie Muscle Beach Championship!

Everyone cheered wildly for me and I was lifted up in a mesh net by the ladies and Sandy was with them.

Hunk: I will never give up against you J.D.! I am still the greatest!

Me: Sheesh buddy give it a rest already.

Hunk Hardbody's name was now Mud.

In Vanzilla, we were driving home and I had a nice solid gold trophy with a muscular arm on it and I was given a check for $500,000.00.

Lynn Sr.: Boy, J.D. you really dominated that whole competition! Awesome job!

Me: Thanks Mr. Lynn. But I wasn't in it for the fame, fortune and notoriety. I did it because it was fun.

Lynn: You were awesome J.D. I don't think I could've won that contest.

Me: You can do it Lynn. You just have to train hard and believe in yourself and show them how it's done the right way.

Rita: That's right Jr. You already are great at sports. You can be great at everything with a lot of training.

Lynn: Thanks mom. Thanks J.D.

Me: No problem.

Varie: J.D. you were incredible.

Me: Thanks Varie. This was a great trip to the beach.

Lori: You said it J.D.

Aylene: This was fun.

Naruto: You said it.

Laney: This was a fun trip to the beach. One I will never forget.

Crysta: Me neither.

Lana: Same here.

Laney: None of us will ever forget this one. [Winks and the screen iris in]

THE END

Another Fanfiction Completed.

I wanted to do a Muscle Beach chapter for a while now. I got the idea for it from the Tom & Jerry Kids episode "Muscle Beach Droopy." I've added some elements from the Spongebob Squarepants Season 1 episode "MuscleBob BuffPants" and I thought it would add some excitement. That's one of my favorites. I watched Tom & Jerry and Tom & Jerry Kids all the time when I was growing up. My favorite segments are the Droopy episodes. I have some more past cartoons chapters coming up. Let me know what you all think.

See you next time.

Tom & Jerry Kids elements belong to Hanna-Barbera and Turner Entertainment Co.

SpongeBob Squarepants elements belong to Nickelodeon Studios and Stephen Hillenburg.

Me: [Whispers] Sorry Ms. Rita.

**Lynn Sr.:** "Hut hut!"

[Finds a certain book and gasps] "John Ruby and the Strange Time Capsule"?! My favorite mystery series! [Runs over to the librarian] Oh, Ms. Wetta. I'd like to check this book out.

Librarian Wetta: Ah. A "John Ruby" book huh?

Laney: Yeah, I'm a bit of a fan. [Librarian Wetta checks out Laney's book]

Librarian Wetta: Here you go.

Laney: Thank you.

As Laney leaves she notices Lisa wearing a cowboy hat and a mustache.

Laney: Huh?

**Librarian Wetta:** [suspicious] "You look familiar."

**Lisa:** "Oh, uh-" [fake Texan accent] "No, ma'am. I'm brand new to these here parts."

Laney: [Thoughts] Really, Lisa?

**Librarian Wetta:** "Hmm… I swear I've seen you somewhere before."

[We all come in with a plethora of books to check out.]

Me: Wow. We practically cleaned out the whole library.

Varie: Yeah. We sure did.

**Librarian Wetta:** [on desk phone] "Emilio, I'm gonna need backup."

---

[Back home]

I was reading my book on the sofa.

Lincoln: What book did you get J.D.?

Me: I got a book on Volcanoes of the World. Earth's Volcanoes have always been very fascinating to me ever since I was little.

Lincoln: I can tell.

Lincoln walked around the house and everyone was reading different books. He decided to ask what they got starting with Lori.

In Lori's room.

Lincoln: Hey Lori. What book did you get?

Lori: A great mystery novel. "Rumor Has It!"

Lincoln: Sounds neat.

In Leni's Room

Lincoln: Hey Leni. What's your book you got?

Leni: "The Story of Fashion" It is totes amazing!

Lincoln: I can tell.

In Varie's Room.

Lincoln: What book did you get Varie?

Varie: "Legends and Myths of the Ocean". It's really interesting. The one that really fascinates me is the Bermuda Triangle.

Lincoln: I've heard about that legend. Lots of planes, ships and boats from over the centuries disappeared because of it.

Varie: Yeah.

Lincoln asked everyone what books they got until he got to Lola.

**Lincoln:** "What did you get from the library, Lola?" [Lola shows him a roll of stickers.] "Stickers? Uh, I'm not sure those count as something to read."

**Lola:** "Hmph. Reading's boring."

**Lincoln:** "No, it's not. And we can't win the pizza party unless everyone in the family reads at least one book."

**Lola:** "Well, tough tiaras, 'cause I'm not gonna do it!" [goes upstairs]

Me: I didn't know Lola doesn't like to read.

Varie: Yeah.

**Luna:** "Dudes, Lola's gonna blow our pizza party! What are we gonna do?"

Aylene: Yeah and I love pizza as much as all of you guys.

**Lucy:** "Easy. We chain her up in the attic and tell the librarian she never existed. Lana just has to pretend she has a split personality."

**Lana:** "I can do it!"

**Lynn Sr.:** [unsure] "Seems a little extreme?"

Terra: Yeah that sounds a little too drastic.

**Rita:** [shakes her husband] "Honey, there's pizza at stake here!"

Laney: No! Isn't there another way we can get Lola to read?

**Lincoln:** "Maybe there is. You heard Lola; she just thinks that reading is boring. So we need to help her see that it's not."

Naruto: Good plan Lincoln.

Fu: It's worth a try.

**Rita:** "You're right. That makes more sense." [whispers to Lucy] "Just in case, keep your chains handy."

---

[The kitchen. Lynn Sr. is reading the cookbook he checked out as Lola comes in.]

**Lynn Sr.:** [stagily excited] "Whoa! You can make pancakes with just eggs and a banana? Boy, I tell ya, these cookbooks are a nonstop thrill ride. You wanna read one?"

**Lola:** [with a bowl from the fridge] "No. But when you've made those pancakes, give me a holler. Lola out." [leaves for the dining room]

**Luan:** [stagily laughing] "This book is a hoot! I'm gonna have to get some ice for my knees, I've been slapping them so hard! Care to read one?"

**Lola:** "Sorry. Mom says I do too much slapping already. And biting. And shin kicking. And hair pulling." [leaves]

Eddy: [Laughs Hysterically] Hey Lola, you got to check out this book on candy jokes. They are loaded with Sweet Humor! [Rimshot]

Luan: [Laughs] Good one Eddy!

Eddy: Thanks Luan!

Lola: I do love candy but jokes aren't my thing. [leaves]

Laney walks over to Lola holding her book

Laney: Wow! I just came back from reading the latest "John Ruby" book. And it blew my mind! Especially the part where it was revealed in the picture frame John found in the principal's desk that… Oh, look at me being a spoiler. Wanna read it for yourself?

Lola: No thank you. Mysteries hurt my brain.

[Upstairs, Lana is fixing up Lola's car with the aid of her mechanic manual.]

**Lana:** "All fixed! It is amazing what you can learn from these auto repair books. Wanna read one, Lola?"

**Lola:** "Why? That's what I pay you for." [tosses Lana a sack] "Eight crickets, as agreed." [goes to her room, puts her bowl on her tea party table and sits down.] "Ugh."

[Lucy appears right behind her.]

**Lucy:** "Hey, Lola." [Lola yelps and falls out of her seat.] "Wanna check out volume one of the greatest romance of all time? He's a dark, brooding vampire. She's a misunderstood girl from the wrong side of the cemetery."

**Lola:** "No thank you. I prefer Prince Charming to Prince Alarming."

[Enter Lincoln dressed as Ace Savvy and Linka dressed as Lady 10.]

**Lincoln:** "Well, how about volume one of the greatest crime-fighting duo of all time? He's an undercover hero with an ace up his sleeve." [holds up the Ace of Spades on cue.] "His sidekick is-"

**Lola:** "Ugh! Stop!" [shoves Lucy, Linka and Lincoln out of her room.] "For the last time, I am not interested in reading any of your books!"

---

Edd: I've never seen Lola not wanting to read any books. What has gotten into her?

Riley: I don't know Double D.

Starfire: We've got to do something for friend Lola.

**Lincoln:** "We were going about this all wrong! Of course Lola's not interested in any of our books. We need to find ones that are right for her."

[The others agree with that statement. Lola is in the basement steam pressing her dress when Lincoln pops his head out of the mannequin.]

**Lincoln:** "Hey, Lola! I know you don't want to read about Ace Savvy, but this time I have something that's perfect for you: the Bossy Twins!" [gives Lola a Bossy Twins book.] "They're first graders just like you and Lana, and they solve mysteries!"

**Lola:** [looking at the cover; snidely] "Do they ever solve the mystery of who gave them those hideous haircuts?"

[Lincoln looks frustrated. Lola is making tea on the dining room table when Lincoln pops up.]

**Lincoln:** "Hey, Lola, I've got the perfect book for you! It'll answer all of your burning questions about tea party etiquette."

**Lola:** [scoffs] "I don't have any questions. I'm an expert."

**Lincoln:** "Oh yeah?" [opens a page] "Do you know the proper serving temperature for Earl Grey?"

**Lola:** "208 degrees Fahrenheit."

[Lincoln looks it up and, judging by the look on his face, finds out she's right. Lola is now watching TV and Lincoln pops up with another book.]

**Lincoln:** ""Frankie the Friendly Fairy"?"

**Lola:** "Pass. I'm into unicorns now."

**Lincoln:** "Aha! Then you love…" [takes out another book] "…"Unicorn University"!"

**Lola:** "I've already seen the movie. Ugh. That's 99 minutes I'll never get back." [gets up and walks away] "Now, if you'll excuse me, I gotta tinkle."

[Lincoln goes upstairs and blocks the bathroom door.]

**Lincoln:** "Come on, Lola! The contest ends tomorrow and you're letting everyone down! I'm not moving until you agree to read a book!"

**Lola:** " [reluctantly grabs one] "Fine. Just give me the princess one." [goes into the bathroom and shuts the door.]

---

[The library]

**Loud Family:** "WE'RE FINISHED!"

Me: We're all finished too.

**Rita:** "The Knudson-Loud-Anderson Family would like to report 517 books read."

**Librarian Wetta:** "Very impressive. The next highest family total is 23, and the contest ends at 5:00." [adds the Louds' name and total to the board in the lead.] "You've got this wrapped up."

[We all cheer except Lola.]

**Librarian Wetta:** "I'll just need you all to prove you read the books by giving you a book-by-book quiz."

**Lynn Sr.:** [determined] "We're ready for anything!"

**Librarian Wetta:** [takes Lynn Sr.'s cookbook.] "You. Bread crust in a meatloaf: how much?"

**Lynn Sr.:** "Half a cup!"

Laney: Let's do it.

---

[The rest of the family is leaving Lola, Me, Varie, Aylene, Eddy, Luan, Laney and Lincoln at the library.]

**Leni:** "You got this."

**Lisa:** "We'll be back in two hours."

[Vanzilla drives off]

**Lincoln:** "Alright, what's the deal, Lo? Won't you just read one book?"

**Lola:** "Ugh!" [mockingly] "Won't you just read one book? No! I won't!"

**Lincoln:** "Well, why the heck not?"

Laney: Don't you understand how much pizza is at stake here?

Luan: Yeah. It's a Cheesy Situation! [Laughs] Get it?

Me, Varie, Aylene and Eddy laugh and Lincoln, Lola, and Laney sigh.

**Lola:** "Okay, Lincoln, I guess it's time I told you the truth." [beat] "I just don't like pizza."

Laney: Seriously?

[Lincoln suddenly recalls photographic memories of Lola actually liking pizza, such as her eating a slice on the table, tucking a slice into her toy bed like a doll, kissing a pizza box, and fighting Charles over a slice.]

**Lincoln:** [doubtful] "Yeah, not buying that.

Me: Me neither.

Varie: I don't believe that.

Aylene: I don't believe one word of that either.

Lincoln: I know you don't like reading books, but everyone's counting on you. It's time to be a team player."

**Lola:** "Well, I'm not moving. So, good luck getting me back in there."

Me: Our hands have been forced.

[Lincoln brings Lola inside the library by pushing her on a book cart.]

**Lola:** "NOOOOOOOOO!"

[Now Lola is on the floor.]

**Lincoln:** "Alright, you're not leaving until you read this whole book in front of me." [gives her the princess book]

Me: And we're going to watch you do it.

Laney: Don't be so hard on her guys! [Kneels down to Lola's level] Come on, Lola. Take it from me when I say that reading is a wonderful experience. Maybe you'll understand it better in the form of a song.

Lola: Please don't.

Laney: [Sings]

You may think books are boring and mild,

But it makes your imagination run wild!

You can be whatever you want to be my dear child.

In your case, you could be a princess,

Longing for a prince to bless,

'Cause that's how amazing books can be,

Take it from me! [I play my violin]

All you got to do, is read!

Luan: [Sings]

Sure, you'd rather watch TV all day, When you can read the day away.

There's the fun in the pages than a shiny screen.

Lincoln: [Sings]

You can learn a lot from reading these things,

Like Cooking, Building, even how to sing.

Eddy: [Sings as Aylene play her Ocarina]

It all comes down to using your head,

Just say the words and you'll see what I mean.

Eddy, Luan, Lincoln and Laney: [Singing as Varie plays her panflute]

So now you see the importance of books,

There is more to it than the looks.

Open up one and you'll have everything you'll need!

And all you have to do is reeaaaaaaaaaaaad!

Librarian Wetta: Shh!

Me, Varie, Eddy, Luan, Lincoln and Laney: Sorry.

[Through the song, Eddy, Luan, Lincoln and Laney toured the library showing Lola books about princesses, pirates, mermaids, spacemen, superheroes, cooking and how to sing. And imagining what it would be like to be in the story]

Laney: So. What do you think? Ready to give it a try? [Hands Lola her book]

**Lola:** Wow, guys. I never realized how important reading is. I guess all I can say is… [Points the other way.] "BOOKS!"

**Me, Varie, Aylene, Eddy, Luan, Lincoln and Laney:** [turns around] "Where?" [realizes Lola distracted him and ran away.] "Dang it."

Me: Pickle Slices. She got away.

Laney: I told you the Ad-libbing won't work! We rehearsed this!

Lincoln: We never rehearsed this.

Me: Who cares? [sees her running past a shelf.] "Hey, get back here!" [We give chase]

**Lola:** "I told you, I ain't reading, okay?!" [comes to a dead end]

**Lincoln:** "We have you now!"

**Lola:** "Like heck!" [attacks us]

Me: Lola, why won't you read a book?

Laney: Please Lola. Just read the book already! We want pizza!

**Lincoln:** "What is wrong with you? Is it that hard to read one measly book?!"

**Lola:** "Yes, it is!"

[The fight stops]

**Lincoln:** [surprised] "Wait, what?"

Varie: What do you mean Lola?

Aylene: I don't understand.

**Lola:** [sad] "It's too hard for me to read, so I never do.

Laney: Wait. You mean you… can't read? [Lola sadly nods] That's terrible.

Lola: Don't you think I wanna read about American princesses and unicorns and the bossy twins, even if they have terrible hair?"

Me: Oh Lola. It's all right. That's nothing to be ashamed of. Lots of kids don't know how to read yet.

Aylene: That's right.

Varie: Trust me. I know how you feel.

Eddy: Me too Lola. I didn't like reading either. I know how to read but I found it boring until I started reading joke books.

Luan: I didn't know how to read either. I found reading fun after reading some joke books.

**Lincoln:** "What if we helped you?"

**Lola:** "Are you sure? I'm so slow. And we don't have much time. Doesn't it end at 5:00?"

**Lincoln:** [looks at his watch to see that it's now 4:00pm.] "We'll get through it together. And you'll see, the more you read, the easier it gets. Come on, sis. I'll show ya."

[We all take Lola to show her how to read.]

---

[The library's study room]

**Lola:** [trying to read the book] " **O-o-once… yew…** "

**Lincoln:** "You got it! Once uh-puh…"

**Lola:** " **Upon! Once upon a t-t-t**… okay, this word looks weird."

**Lincoln:** "Sound it out. There's the T, so "tuh". Then I…"

**Lola:** "Tuh… I… oh, time! **Time** ! **Once upon a time.** "

[Lincoln looks at the clock to see it's a quarter to 5:00. Soon, the clock changes to 5:00pm, the deadline.]

**Lola:** [still reading] " **And-and**…" [sees the time] "Oh, Lincoln, it's 5:00 o'clock! What are we gonna do?"

**Lincoln:** "Don't worry about that. Let's finish reading."

[Later]

**Lola:** [reading] " **And they lived hap-pee-lee… ever…** " [gasps] " **Happily ever after! The end!** " [closes book] "I can't believe it! I read a whole book!" [hugs us] "Oh, thank you, thank you, thank you!"

Laney: [Hugs back] Don't mention it Lola. I'm just glad you finally know how to read.

Me: We're proud of you Lola.

Varie: That's our beauty pageant princess.

Aylene: You've made us proud.

Eddy: We knew you had it in ya. Right Luan?

Luan: You've READ my mind! [Rimshot and Laughs] Get it?

Me, Varie, Aylene and Eddy laugh.

Me: [Laughs] Good one.

Varie: That was funny.

[They step out of the study room.]

**Lincoln:** "So proud of you, sis."

[Everyone else is right there angry for missing the deadline.]

**Luna:** "Lincoln, it's 5:30! The contest ended half an hour ago!"

**Lincoln:** [taking blame] "Totally my fault. It's just so quiet here. I must've fallen asleep."

**Lori:** "Well, you literally blew it."

**Lynn:** "Lincoln, you lost the contest for all of us!"

**Lincoln:** "Yeah, We know."

Laney: We're sorry.

Me: It was totally our fault everyone and there's a reason for it.

**Lola:** [to the family] "This is my fault. They spent the whole time helping me to read, 'cause, well, it's hard for me. But I like it now. And I'm going to keep practicing because it's not as hard as I thought!"

[Everyone apologizes and forgives Lola.]

**Lana:** "We're so sorry."

Starfire: We understand Lola.

Terra: I know how you feel Lola. I didn't like reading either. It was hard for me too.

Argent: It's hard to read for some people and it can be frustrating for them.

Kole: It was tough for me too.

Edd: Lola, it's nothing to be ashamed of. Lots of people in your age group don't know how to read.

Linka: That's right and it was hard for me too when I was 6 years old.

Gabrielle: I found reading to be difficult for me too. But now I love it and it's a fun activity for me.

Shannon: I had problems reading too. But I found reading to be fun. But when I became a Black Daffodil, I forgot how fun some things were.

Me: And that was before.

Shannon: Yeah. Now I have everything fun back in my life again.

Penny: Me too.

Ed: I used to not read too, Lola. I now find reading fun.

Jessie: The point is Lola, even though some kids don't like reading, reading is a doorway into the vivid wonders of the imagination.

Woody: And it is a fun activity.

Jeri: Reading is essential for the mind to grow.

Naruto: Yeah. I love reading now.

Sakura: I've always been the bookworm in the Academy and I love to read.

Ino: Me too.

Hinata: We're sorry Lola. We had no idea you didn't know how to read.

**Lola:** "It's okay. I'm sorry I cost Spunk E. Pigeon for you guys."

**Rita:** "Aw, sweetie, that doesn't matter now."

**Lisa:** "Yes. The important thing is that you're now able to enjoy the wonders of literacy." [takes off her disguise]

**Librarian Wetta:** [furious] "I knew I recognized that voice! The one with the fines!"

**Lisa:** [aware she's busted] "Peace out!"

Me: Wait Lisa. Ms. Wetta, how much does Lisa owe?

Librarian Wetta: $50,000.00.

We were floored.

Me: Jumping Tomato Slices! Well. Luckily it's good to be filthy rich. Checks or credit cards?

Librarian Wetta: Credit Cards work. It's nice of you to pay Lisa's fines.

Me: I know.

Lisa: Thank you J.D. You are a true friend.

Me: You're welcome Lisa. [I pay Lisa's fines and her Library record was flaw free]

Librarian Wetta: Thank you J.D.

---

[The Spunk E. Pigeon commercial is playing again.]

**Spunk E.** [metallic tone] " Ooh, girl, if I could- "

**Spunk E. and Anamatronic Skunk:** " Ooh, girl, give you the, world, girl "

**Announcer:** "The fuzz-a-rockin' explodaganza appears every six minutes!"

[We are all watching it]

Lana: I'm sorry you gave up the Pizza Party J.D.

Me: I know Lana. But helping Lola read was much more important than the contest.

Varie: I agree.

Aylene: Me too. Lola needed our help.

Laney: Maybe it was for the best. Those anamatronics really creep me out.

**Leni:** "You know, this commercial is so realistic, I totally smell pizza."

[We all sniff around and find the smell to be coming from Lola's room which is packed with toy ovens. Lola is in a chef's outfit and reading one of her dad's cookbooks.]

**Lola:** "Hey, guys! Now that I can read, I thought I'd make us all some pizza! Pepperoni's in the oven, and next up is…" [looks at the book] "… pineapple!"

Me: Wow! You really broke out the Pizza oven's.

Varie: This is amazing!

[The timer goes off much to our delight. Later, everyone is eating Lola's pizza.]

**Rita:** "Well, isn't this just great?"

**Lincoln:** "Just as good as Spunk E. Pigeon's!"

Me: You said it.

Varie: Mmm! Delicious Lola.

Aylene: Yummy.

Terra: Just as good as the pizza we like back in our dimension.

Argent: Mm-hmm.

Laney: Lola you make great pizza.

Eddy: That's our little princess.

Luan: This is a good SLICE of Life for Lola. [Rimshot and Laughs] Get it?

Me, Varie, Aylene, Eddy, Terra, Jessie, Naruto, Sakura and Leni laugh.

Me: I get it.

Raven: [Laughs] Slice of life. I just got it. Great pizza Lola.

Lucy: This pizza is delicious. If I had a heart it would be jumping with joy.

Gabrielle: An extraordinary and flavorful enjoyment.

Shannon: It taste's just like the great pizza we ate when I was a Black Daffodil. We ate pizza all the time.

Linka: I don't even want to know what being a Black Daffodil was like. No offense Shannon.

Shannon: None taken Linka.

Penny: Good.

Lynn Sr.: Our little princess is growing up fast.

Lisa: Indeed father unit.

Laney: Guess we had our own little pizza party after all huh?

Me: Yep we sure did. [to the viewers] Reading is both a fun adventure and a great learning experience for your brain and everyone around you. It's your ultimate doorway into the vast power of your imagination.

Lincoln: [To the Viewers] That's right. Reading is a great thing for you. It builds up your smarts and your memory.

Laney: [To the Viewers] That's right because Knowledge is Power! (Winks and the screen iris in)

THE END

Another Fanfiction completed.

This one was on my mind for a while. I wanted to add some of my strongest subjects in school to the books. I had to look up on the internet some of the answers to the questions Librarian Wetta was asking and it was not easy. I haven't been giving much attention to Gabrielle lately and I'm sorry about that. But I have plans later on. Let me know what you all think.

See you next time.

# End of the Terror of the Snake

I am in the Simulator.

Varie, Aylene, Lori, Lola, Lana, Lincoln, Laney, Crysta, Riley, Gabrielle, Naruto, Sasuke, Sakura, Ino, Hinata, Fu, Rin, Lady Tsunade, Kakashi, Karin, Konan, and Lisa are in the control room. Lisa calibrated the Simulator so that 1 day is like 1 minute.

The Simulator activated and I found myself on the day Lady Tsunade went out to heal Orochimaru's arms.

Me: This is gonna be good. [I see Lady Tsunade about to hand a ball of Chakra to Orochimaru] Oh no you don't! [I fly over and kick both Orochimaru and Kabuto away from Lady Tsunade] Is this a private party or can anyone join?

Lady Tsunade: Thank you. I did not want to do this anyway.

Me: You're welcome Lady Tsunade. My name is J.D. Knudson by the way.

Lady Tsunade: It's a pleasure to meet you. Thank you for saving me from having to make a stupid decision.

Me: You're welcome. Now we got a traitorous snake to destroy. But first… [I snap my fingers and Lady Tsunade reverted back to when she was 15-years-old and she has red angel wings with green feathers and a longsword.]

Lady Tsunade: What happened to me? I feel young and stronger than ever and why does my back feel so heavy?

I create a water mirror and Lady Tsunade gasped.

Lady Tsunade: I… I… I'm young again! How!?

Me: This is my first time doing this. But I used my omnipotent powers to make you young again and give you wings.

In the Control Room

Lady Tsunade: I must admit, I look really cool with wings.

Lori: I agree Lady Hokage.

Lincoln: I always wondered what you were like back when you were a kid Lady Tsunade.

Laney: Me too. You were beautiful as you are now.

Lady Tsunade: Thank you Laney.

Kakashi: Lady Tsunade is a very skilled woman. She was very powerful back then as she is now.

Varie: I can't argue with that Kakashi.

Naruto: I don't think any of us can.

Sakura: No kidding. Tsunade-sensei you were beautiful then as you are now.

They all agreed.

Back on the battlefield

Shizune: LADY TSUNADE!

Shizune, Naruto and Master Jiraiya arrived on the scene and they were shocked by her transformation.

Jiraiya: Tsunade!? Is that really you!?

Lady Tsunade: It's still me Jiraiya you pervert.

Jiraiya: It is you. But you look as you were back 35 years ago.

Me: I used my omnipotent powers and made her young again.

Lady Tsunade: I also have some bonus features.

Jiraiya: I can see that. The wings make you look like an angelic goddess among all women. I've got to write th…

I elbow Jiraiya in the stomach and he fell down.

Me: Sorry Master Jiraiya but there will be none of that here. Right now we've got a traitorous snake and his right hand man to destroy.

Jiraiya got up.

Jiraiya: Yeah you're right. By the way. What's your name kid?

Me: I'm J.D. Knudson. I have some new tricks up my sleeve. I now have the ability to go beyond a Super Angel. Watch. [I get in my stance and flare up my power to an extreme intensity and lightning flickered around my body. The ground started shaking violently as Orochimaru and Kabuto got up and they saw my hair turn golden yellow and my wings sprout.] HHHHAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA! [The light from my power was so bright and powerful that it blinded everyone. When the dust cleared, I was emitting a power that was so extremely powerful and mindboggling that it made all the most powerful shinobi in the world combined together look like civilians without chakra compared to it. My yellow aura now had lightning flashing around my body] Well here it is. What do you all think?

Jiraiya: Unbelieveable! What are you?

Me: I'm just a normal human. But I was given my powers because of Cosmic Radiation, Radiation from Outer Space. I have all sorts of powers now because of it. I was given the Super Angel Transformation when I fought in the Netherworld.

Lady Tsunade: Your level of Chakra is intense. But I also sense something else.

Me: Yes. I can use Ki and Spirit Energy.

This revelation flabbergasted them.

Shizune: But that's impossible! No ninja alive can use Ki or Spirit energy.

Me: Not until now. Jiraiya, Naruto, Shizune. You 3 will take Kabuto. Lady Tsunade, you come with me. Orochimaru is ours.

Lady Tsunade: With pleasure.

Naruto then started feeling intense pain.

Jiraiya: Naruto, what's wrong kid?

Naruto: I.. I don't know Pervy Sage.

A huge array of Seals appeared on Naruto and Master Jiraiya analyzed them.

Jiraiya: Hinderence and Power Limit Seals. The Council and a few shinobi did this to him.

The Seals broke and Naruto's true power was unleashed. He also had the intelligence and IQ beyond that of a Nara. His energy levels were 20,000 times stronger than that of Master Jiraiya and he had sprouted orange angel wings. He became taller and his orange jumpsuit was replaced with a black sleeveless battle gi, black ANBU pants, a dark orange shirt and black shoes. He went unconcious afterwards.

Me: My energy must've destroyed the Seals put on him and unleashed Naruto's true self.

Lady Tsunade: Maybe. We'll have to figure this out later.

Orochimaru and Kabuto walked up to us.

Orochimaru: Tsunade I thought you wanted to be reunited wi…

Lady Tsunade: Shut up you Snake Traitor! You killed Sarutobi-Sensei and ruined so many lives! You will now pay the ultimate price for your crimes!

Me: You're time has come Orochimaru!

Orochimaru: I don't know who you are but your body is far more powerful than that of Sasuke. With your body I will become a god!

Me: Not gonna happen you Homicidal Megalomanic Pedophile!

I dash and I punch Orochimaru in the stomach and kick him in the crotch and uppercut punch him in the chin with devastating force and Orochimaru went skidding and he was in a lot of pain and it hurt really bad. Orochimaru tried to get up but he was almost without breath. He tried to get up again but he fell back and belched up a huge amount of blood.

Orochimaru: This can't be happening! How did one brat knock me down so quickly and why do I feel so damaged?

Kabuto was frozen in absolute terror.

Kabuto: (In his head) How horrifying! He dealt 3 powerful attacks and Lord Orochimaru is knocked down. What is this kid?!

Me: (In my head) I'm someone you don't want to face Kabuto.

Lady Tsunade appeared behind Orochimaru and kicked him in the back of the head with devastating force and I jumped onto Orochimaru's stomach and dealt him an extremely powerful stomp kick that had devastating power.

Orochimaru was so badly mangled up and he looked incredibly sick.

Orochimaru: What have you done to me? [Orochimaru's face, chest and stomach puffed up and he looked like he was gonna throw up]

Jiraiya: Something's happening to him.

Shizune: He's sick.

Orochimaru's life force was dropping fast and his neck inflated and then he puked out the contents of his stomach times 10.

Me: Yuck! [Orochimaru puked out a young woman with Neon blue hair and she had a purple sleeveless shirt, a purple skirt with purple cherry blossoms on, purple arm sleeves and no shoes and he also puked up a longsword] Oh man!

Jiraiya: What!? Who is that!?

Shizune: I don't know but she was inside Orochimaru!

Me: Lady Tsunade help that girl and get her to safety fast!

Lady Tsunade: Right! [Lady Tsunade grabbed the girl and got her to Jiraiya and Shizune]

Orochimaru then started to change. His hair turned as white as a ghost and he started getting wrinkles and an old and decrepit appearence.

Me: Whoa. He became really old and his energy levels had decreased tremendously and his life force is still fading.

Jiraiya: Look at Orochimaru!

Shizune: He is really old now.

Lady Tsunade: Yes. J.D. has won. Orochimaru was no match for him.

Kabuto was absolutely petrified with horror and fear.

Orochimaru got up and he was enraged.

Orochimaru: You wretched monster! YOU'VE MADE A FOOL OF ME!

Me: And I show no remorse in doing so.

Orochimaru then tried to power up his jutsu and suddenly without warning he belched up a tremendous amount of blood and died on the spot. Orochimaru's reign of terror had been silenced forever.

Me: Orochimaru's energy signal has completely disappeared. He's gone. But we still have a lot of loose ends to tie up.

Me, Master Jiraiya and Shizune faced Kabuto.

Me: You're next Kabuto.

Suddenly a Chakra Chain appeared out of nowhere from behind them and wrapped Kabuto up and electrocuted him and incinerated him. We all see that the chain came from Naruto who had just woke up and he had fox ears and 9 flaming fox tails.

Naruto: Am I too late to join the party guys?

Me: Nope. We were just starting to finish up.

Lady Tsunade: You look amazing Naruto.

Naruto: Yes. I am now a Kitsune Hanyou and my power is now infinite. Me and Kurama the 9-tailed Fox are now one. My mom and dad's Sealing Jutsu was designed to merge me and Kurama into one. My mom and dad believed in me and I will always love them and keep them very close to my heart. I met my parents while I was unconcious. They sealed a small amount of their chakra into me and revealed why they chose me as the 9-tails Jinchuriki and their background stories. I am now the proud son of Minato Namikaze the 4th Hokage and Kushina Uzumaki the Red Death and I will always be proud of my parents too. I love my parents and my love for Sakura Haruno is real and I will never deny that.

Jiraiya: You are one amazing shinobi kid. Minato and Kushina would be proud of you.

Naruto: I know Jiraiya-Sensei. They already are and I have told them everything and they understand the reasons why you weren't around and they've forgiven you. And you too godmother.

Naruto let out tears of happiness for them and hugged them both.

Me: The good news is that Orochimaru and Kabuto are now gone for good.

Shizune: Yep. Good riddence.

We got back to the Leaf and Lady Tsunade straightened out the entire village by revealing what went down during the Uchiha Clan Massacre, the corruption of the Civilian Council and the treachery and crimes of Danzo Shimura and the elders. She disbanded the Civilian Council and threw Danzo, Koharu and Homura into prison to await punishment. Naruto was awarded the rank of Elite Jonin. I was with Naruto and we found Sakura heading for the hospital.

Naruto: Sakura.

Sakura saw Naruto and she gasped.

Sakura: Naruto? Wha… What happened to you?

Naruto: I'm now an elite Jonin and me and J.D. here killed Orochimaru and Kabuto.

Me: They're gone for good and Orochimaru's reign of terror has been silenced forever.

Sakura: That's awesome! Naruto I'm so happy. Congratulations on your promotion.

Naruto: Thank you Sakura.

Sakura: Maybe Sasuke will go back to normal.

Me: That's one of the reasons we came to find you Sakura.

Naruto: Instead of telling you I'll show you.

Naruto went Kitsune Hanyou and Sakura gasped in sheer amazement.

Sakura: Naruto you look amazing!

Naruto: I'm now a Kitsune Hanyou. Now let me show you what I know. [Naruto placed his hand on Sakura's forehead and she saw everything that Naruto did and more. She saw Naruto saving her from bullies years ago, Transforming into Sasuke during the Academy and complimenting her on her forehead and looks, saving her from Gaara's Rampage during the invasion, showing her that Sasuke is an evil, arrogant, heartless, cold-blooded, remorseless, pitiless, monster and how Kakashi was only focusing on Sasuke and only Sasuke because of those buttfaces on the council including her own mother, how Sasuke could care less about Naruto, Sakura or anyone in the village and wanted nothing more than to see the entire world burn, and how Naruto and J.D. killed Orochimaru and Kabuto and ended their reign of terror for good. In the Process a seal on the back of Sakura's neck disintegrated and vanished and all of

Sakura's correct memories came flooding back to her. Naruto took his hand off and Sakura hugged Naruto and cried really hard into his shirt] Sakura, what's wrong?

Sakura: [Crying] I remember everything! Sasuke didn't save me from bullies. It was you and you did everything for me! Naruto I'm so sorry I was such a jerk to you! I never should've done all those things to you! I'm so sorry Naruto! Please forgive me!

Naruto's heart ached seeing her cry.

Naruto: Sakura, I've already forgiven you. I know you weren't yourself and I've been trying to help you since the Academy.

Sakura: You were?

Naruto: Sure. Because you are the smartest and most beautiful girl I know and you also have the greatest potential to become the most powerful kunoichi in the world. I love you Sakura.

Sakura was overjoyed to hear that.

Sakura: I love you too Naruto.

Naruto and Sakura kissed and they were now officially boyfriend and girlfriend and I had tears of joy for them.

Me: Naruto, I'm so happy for you both.

All three of us went into the hospital and our first stop was Kakashi Hatake.

Lady Tsunade was there and she healed him from Itachi's Tsukuyomi.

Kakashi: Wha… Lady Tsunade? Is that really you?

Lady Tsunade: It sure is Kakashi. You sure have grown from that little squirt I knew from all those years ago.

Kakashi: But how? You look like you're a kid again.

Me: I used my powers and made Lady Tsunade 35 years younger. It was my first time doing that. Sorry, I'm J.D. Knudson. It's a pleasure to meet you Kakashi Hatake.

I shake his hand.

Kakashi: It's a pleasure to meet you too J.D. [Sees Naruto and gasps] Naruto is that you? You look like a seasoned veteran shinobi.

Naruto: It sure is Kakashi-Sensei. I'm now an Elite Jonin.

Kakashi: Congratulations Naruto. I'm very proud of you.

Naruto: Thanks sensei. Me and J.D. killed Orochimaru and Kabuto.

Kakashi was floored.

Kakashi: You both killed Orochimaru!?

Me: Orochimaru was totally overwhelmed by my power. He didn't stand a chance against me.

Lady Tsunade: J.D. dealt him 5 powerful attacks and brought him to his knees and he died trying to power up his chakra.

Me: That reminds me. How is our mysterious friend doing?

Lady Tsunade: She's in a coma and she will wake up in a few days.

Naruto: That's good news. [to Kakashi] Kakashi-sensei. I understand your reasons on why you trained Sasuke and only him. You were ordered by those buttfaces on the Civilian Council.

Kakashi: Yes. I was ordered to pass "Lord" Sasuke no matter what and I was told by my teammate Obito Uchiha to train his legacy. I made a promise to him. I also saw alot of myself in Sasuke and I felt I could understand him and turn him away from his evil ways and revenge. I know what it can do and how it tears you apart and I did not want to see Sasuke go through the same pain I did.

Sakura: I had no idea you were like Sasuke, sensei.

Kakashi: I was a milder version of Sasuke, Sakura.

Naruto: I understand your reasons sensei but I don't like them. Instead of dwelling on your past, you should move on and look forward towards the future. As for Sasuke. I can understand honoring a vow to your dead teammate and I respect that. But Sasuke is not worth it sensei. Let me show you.

Naruto went Kitsune Hanyou and Kakashi was shocked.

Kakashi: Naruto, you look amazing.

Naruto: I'm now a Kitsune Hanyou sensei. I'll explain later. [Naruto put his hands on Kakashi's head and Kakashi saw how evil and ruthless Sasuke really is and he also saw how Naruto met his parents and how he and J.D. killed Kabuto and Orochimaru. Naruto let go of Kakashi]

Kakashi: Naruto. That was unbelieveable. I should've never trained Sasuke. He's a monster. I should've focused on just you and Sakura.

Naruto: Don't blame yourself sensei.

Lady Tsunade: If anybody is to blame Kakashi it's the Civilian Council. Their corruption had gone on long enough and I disbanded it.

Kakashi: That's good. Now I can redeem myself.

Me: Good thinking Kakashi.

Naruto: Yeah. As to how I became a Kitsune Hanyou, J.D. powered up to an incredible level and I had lots of Hinderence Seals placed on me.

Me: My energy from my power broke them and unleashed the true Naruto. He and Kurama the 9-Tailed Fox merged and Naruto became a Kitsune Hanyou. His power is now 20,000 times stronger than Master Jiraiya's.

Lady Tsunade, Shizune, Kakashi and Sakura were floored.

Sakura: That's unbelieveable. Naruto you truly are the most unpredictable shinobi.

Shizune: Now he's a hanyou to boot.

Naruto: That's right Shizune. It's good that you're all right sensei.

Kakashi: Me too Naruto and I promise I will make up for my blatent show of forced favoritism.

Sakura: Okay. See you later sensei.

We go to Sasuke's room next and Lady Tsunade healed Sasuke and he woke up.

We saw that his Curse Mark is gone.

Sasuke: Wha? What happened?

Naruto: Welcome back to the land of the living Sasuke.

Sasuke: Naruto? What happened?

Me: Lady Tsunade healed you.

Sasuke: You're Lady Tsunade? But I thought you were much older.

Lady Tsunade: I was made young again because of J.D. here.

Sasuke: How?

Me: It's was my first time doing it actually.

Sakura: Get some rest Sasuke. You'll be out of here shortly.

We all left the hospital and sat at Ichiraku Ramen for a quick bite and Asuma Sarutobi was with us.

Teuchi: Congratulations on your promotion Naruto.

Naruto: Thanks Teuchi.

Me: I'm also glad that we killed Orochimaru and Kabuto.

Asuma: I'm glad they got what they deserved, but you two should probably lay low for a while.

Me: Why Asuma? What's wrong?

Asuma: Anko wanted to kill Orochimaru herself and you took that away from her.

Naruto: Uh oh.

Sakura: Why did Anko want to kill Orochimaru?

Me: From what I remember, Anko was once Orochimaru's student years ago. When Orochimaru placed the Curse Mark on her, she was found and brought back to the Leaf and was treated like an outcast because everyone thought she was the student of a traitor. She had a terrible vendetta against Orochimaru for all the things hes done.

Naruto: And we took that away by killing him and Kabuto. She gonna be infuriated.

Sakura: That's terrible.

Me: Thank you for warning us Asuma. We'll keep our eyes on alert.

Asuma: You're welcome.

Ayame: I've known Anko for a while and I can't believe she went through all that.

Me: That was terrible. I have a feeling Orochimaru and Kabuto are now paying for it in the Netherworld for all eternity.

Sakura: I have a feeling you're right J.D.

45 minutes later after they ate their lunch and paid for it, they went back to Naruto's apartment to talk things over.

Me: I have a bad feeling about this. I think Sasuke is gonna go rogue in the next 24 to 48 hours.

Naruto: I have a feeling you're right J.D.

Sakura: Me too. Why do you think he's gonna go rogue J.D.?

Me: Because we killed Orochimaru and robbed him of the power of the Curse Mark. When Sasuke first used the Curse Mark's power he was exhilarated by it. He wants more power in order to kill Itachi and he will stop at nothing to get it. When Itachi put him under the Tsukuyomi Genjutsu, that set the events into motion that Sasuke will leave the village. Sasuke cares about no one other than himself, to him everyone is beneath him and simply pawns in his mind. He holds no loyalty to the village or us.

Naruto: Yeah and it infuriates him every time I show myself to be better than him and I would not put it past him that he will try to kill me when I stop him on a future mission.

Sakura: I also have a feeling that Sasuke is going to fight you down the road somewhere.

Me: I have a feeling you're right Sakura. My guess is he's going to fight Naruto on the roof of the Hospital. When he felt that his Curse Mark was destroyed he must've known right after we left that Orochimaru is dead. I also have a very strong feeling that Orochimaru sent some of his followers to get him.

Naruto: Yeah. You're right. I can sense them. They're hiding their chakra really well.

Me: Lets play the Sound Ninja's game.

I whisper my plan to Naruto and Sakura and we set it into motion.

At the Hospital, Sasuke was resting in his room and he was having thoughts about Itachi and everything he said. He also was having thoughts of pure hatred toward Naruto.

As we walking down the hall, Lady Tsunade announced on the P.A. System about Naruto's heritage.

Me: Sasuke is gonna be enraged when he hears this.

Naruto: Yeah. I can feel it.

Sakura: Me too.

Me: Lets go.

When it was finished announcing, Sasuke was enraged beyond all known imagination and we came in.

Me: Hello Sasuke. Getting enough rest?

Sasuke: (Snarling) Why do you care?

Naruto: We just wanted to check up on you.

Sakura: Yeah. Like teammates should.

Sasuke: [Points to Me] I know you killed Orochimaru! He was the source of my power to kill Itachi and you ruined my revenge! FIGHT ME!

Me: You want a fight? I'll give you one. Lead the way.

Sasuke lead me to the hospital roof.

Once there I was facing Sasuke and he had his Sharingan active and he had a look of furious hatred directed at me.

Sasuke: How did you kill Orochimaru!?

Me: That's none of your business. Orochimaru got what he deserved and I show no remorse for killing him.

Sasuke: You don't deserve that kind of power! I'm an elite! I deserve everything! I'm an Uchiha!

Me: You're just an arrogant little punk from a clan of thieves, murderers and traitors that needs to be destroyed completely. The Uchiha was doomed from the start and their own greed, selfishness, hatred, and delusional ambitions lead to their own demise.

Sasuke: How dare you talk about the Uchiha that way!? I am your superior and you will do as I command you to!

Me: I can talk about them however I please and I don't take orders from a worthless little piece of dirt like you!

Sasuke: (Enraged) I WILL KILL YOU!

Sasuke charged and I block all his punches and dodge all his kicks with lightning fast speed and I punch him in the stomach with incredible force and knocked all the air out of him.

Me: Just look at you. Knocked down by one punch. You're pathetic. If your clan could see you now they would laugh at you.

Sasuke: (Growls Furiously) YOU'RE DEAD! [Jumps up and flies through hand signs] **FIRE STYLE: FIREBALL JUTSU!**

I blow the fire away and teleport away.

Sasuke saw that I had disappeared and he looked around for me. I was right behind him standing on one of the pillars of the Hokage Tower with my arms crossed and smiling at his humiliation.

Me: Ha! What an idiot and a total coward.

Sasuke saw me standing on the tower and dashed after me screaming like a madman.

I fire a psychic wave at him and it hit him in the mouth with incredible power and sent him flying and he crashed into a water tower on the hospital roof and it exploded and splashed all over the roof and drenched him.

I teleport and stand on the fence of the hospital roof and Sasuke saw me. I have lightning flickering around my body.

Me: If this is all you're made of Sasuke, it's pathetic. Just give up Sasuke. You can never defeat me.

Naruto appeared by me and was standing on the fence.

Naruto: I'm also not the same as I was before Sasuke. [Naruto goes Kitsune Hanyou] I am now a Kitsune Hanyou and my powers have far surpassed yours and all the most powerful shinobi in the world combined.

Me: [I go Super Angel 2] I have now become a Super Angel 2 and I destroyed Orochimaru with this power. He was completely powerless against me.

Sasuke was completely infuriated and he was completely inferior.

Sasuke: I WON'T LOSE TO YOU! I WILL TAKE YOUR POWER EVEN IF I HAVE TO KILL YOU BOTH! [Sasuke went through hand signs] **CHIDORI!**

Me: You stole that move from Kakashi-Sensei didn't you?

Sasuke dashed toward us and Kakashi appeared and grabbed his arm and slammed it into the wall.

Naruto: Nice timing Kakashi-Sensei.

Kakashi: Thanks Naruto. Sasuke you are no longer my student. I was a fool to teach you and pass you. As of right now you are hereby being sent back to the Academy and starting over from Day 1 and you're no longer fit to be a shinobi.

Sasuke: YOU CAN'T DO THIS TO ME! I'M AN UCHIHA! I NEED MY POWER TO KILL MY BROTHER!

Me: You are completely out of control Sasuke. You deserve to be punished to the full extent of the law.

Sasuke: I AM THE LAW!

Naruto: No you are not. [Naruto teleported to him and placed his hand on his head and stripped him of his Sharingan, Chakra and all his jutsu]

Sasuke tried to activate his Sharingan but nothing happened.

Sasuke: What have you done? I can't use my Sharingan!

Naruto: I took away your Sharingan, Chakra and all of your Jutsu and made them my own. You're now completely powerless and you don't deserve to be a shinobi.

Sakura came out.

Sakura: And that means I can now do this. [Sakura punched Sasuke in the face with incredible force and knocked out most of his teeth] I don't know what my mom was thinking when she said I should marry you but you are a worthless little cretin and a disgrace to the Leaf.

Me: Nice shot Sakura.

Sakura: Thank you.

Naruto: You're finished Sasuke. The days of the Uchiha Clan are finished forever. They had their chance just like you did and you all blew it. You're now a civilian and you will never be able to become a ninja ever again.

The ANBU Came and took Sasuke away. Lady Tsunade then decided to call a meeting and the Shinobi Council decided that it was time for Sasuke to be punished for his crimes. It was time to show that it doesn't matter who you are, what you are or what clan you are from that you can't do whatever you want in the village. Sasuke was to be sent to the Blood Prison for all Eternity and if he escapes, he will be marked as a Triple S-Rank Rogue Ninja and an International Criminal with a kill on sight order. Rumors had flown around the world that the inmates of the Blood Prison hate the Uchiha Clan with a terrible vengeance and they will probably kill Sasuke when he enters the prison. As everyone was gathered at the gates they saw Sasuke being held by the ANBU.

Taka: Any last words Uchiha?

Sasuke: Yes. I've decided that I will not only get revenge on my brother but the entire Leaf village too. I will destroy everything and kill everyone! Including you J.D. and Naruto! I will get you Hidden Leaf! I swear it!

I go Super Angel 2 and Naruto goes Kitsune Hanyou.

Me: It will be a cold day in Oblivion before we let that happen you buttface! Also if you ever escape which I highly doubt, I will look for you, I will find you and I will kill you! I swear it!

Sasuke was taken away never to be seen again. Sasuke was now the true demon and everyone saw that. They didn't want him back at all. Itachi was called back and reinstated as a Leaf Shinobi. I beamed the Blood Prison over to the Bang Kwang Maximum Security Prison in Thailand when Sasuke got there. Sasuke was placed in an underwater cell and kept under 24/7 watch at all times. If he ever tries to escape he will be killed on the spot. I merged the prisons into one. I resurrected Mikoto Uchiha, Itachi and Sasuke's mother with a snap of my fingers. The girl that was in a coma woke up after Sasuke left and her name was Mikari Shijoin and she has the Crystal Style Kekkei Genkai and the Rinnegan. She became one of Naruto's future wives.

Naruto was now merged with Naruto outside in the control room and he now has all of the skills the Naruto in the Simulator knows. The simulation ended and we all went into the kitchen for a snack. Sasuke and Itachi were reunited with their mom and it was joyous for them. Kushina and Mebuki had their best friend back. The Young Tsunade now lives in my mansion with us. Same with Mikari.

THE END.

Another Fanfiction Completed.

I got the idea for Super Angel 2 from Dragonball Z and the similar fight and lines I got were from Gohan's fight with Cell. I got the idea of me powering up like this from when Gohan powers up to Super Saiyan 2 at the Tournament. The Blood Prison is like Alcatraz Island Prison in San Francisco, California. I've been to Alcatraz with my family when we went to San Francisco on vacation and it was amazing and terrifying at the same time. It was awesome. Let me know what you all think.

See you next time.

# 11 Loud's a Leapin'

It starts out with me working in my room and I see the viewers.

Me: [to the Viewers] Oh hello everyone. Today is December 24th, AKA Christmas Eve and I can't wait for tomorrow. I'm just putting the finishing touches on all my gifts to Varie and my friends. I've been working on them since early November. This is my 1st ever Christmas here in Michigan. My grandma, Aunts and Uncles and relatives are coming over from Colorado and my dad went to go pick them all up at the airport. Varie is helping mom with cooking the Christmas dinner and Naruto is helping around the Loud House [I get back to work and finished my work] Perfect. Everything is ready. Now to go see my friends and get ready for Christmas.

I slide down a tube that leads from my room into Lincoln's Room.

[the whole mansion and the guest houses are decorated with a whole bunch of Christmas decorations, then zooms into Lincoln and Linka's room.]

**Lincoln:** [pulls on his snow pants and talks to the viewers.] "It's the day before Christmas" [puts an orange sweater on over his head.] "and there's no better time to be in the Loud House." [puts on a Charlie Brown Christmas-esque cap. I slide in and greet him]

Me: Hey Lincoln. Are you excited to have the greatest Christmas ever?

Lincoln: I sure am J.D. I can't wait.

Me: Where's Linka?

Lincoln: She's around. Lets go look for her.

[Me and Lincoln exit his bedroom and pulls off Lana's scarf, causing her to spin into the bathroom. I use the Force and stop her from spinning.]

Lana: Thanks J.D.

Me: No problem Lana.

**Luna:** [singing] " Christmas time is totally rad / I want those gifts, so I won't be bad! " [stops her song and groans] "Aww! Come on!"

Me: I thought that was pretty good Luna.

Luna: Oh thank you J.D.

**Lincoln:** "Having trouble with this year's Christmas song, Luna?"

**Luna:** "Bros, I'm stuck like Santa in a chimney!" [inspired] "Ooh! That's not bad!" [starts singing a new song] " I'm stuck like Santa in a chimney! I've been good all year, so gimme, gimme, gimme, gimme! " [stops yet again] "Aww, rubbish!"

Me: You'll figure something out Luna.

**Luan:** [pops out, dressed as a reindeer. Luna glares at her] "I'll say! Those lyrics make no frankincense! [chuckles in a Santa Claus tone] "That's one!" [clicks on a remote resulting in a counter appearing with the number 1 on a Christmas tree.]

I laugh at Luan's pun.

Me: Good one Luan.

Luan: "Thanks. My twelve puns of Christmas are off to a great start. I've only got to come up with eleven myrrh!" [chuckles] "Make that ten!" [clicks her remote and the counter now says 2.]

I laugh again and Eddy appears.

Eddy: Don't worry Luan! Yule get to 12! [Chuckles like Santa] That's three of our 12 Puns of Christmas.

[Counter with a 3 appears]

I laugh at Eddy's pun.

Me: Good one Eddy. Is Christmas your favorite holiday?

Eddy: [Sighs] No it isn't J.D. Christmas got bad for me because all I ever got was clothes.

Me: Oh. That can get pretty monotonous can it?

Eddy: Yep. But that doesn't matter anymore cause the greatest gift I've ever got was moving here to Royal Woods and being with Luan.

Luan: Oh Eddy. [Eddy and Luan Kiss]

Me, Lily and Lincoln: AAAAWWWWW!

Lily: You two are so cute together and I can tell you both were made for eachother.

Eddy: Thanks Lily.

**Leni:** [walks up the stairs wearing a red and green dress and ornament earrings.] "Hey, J.D., Lincoln! I just made the perfect Christmas outfit."

Me: You look beautiful in that dress Leni. Where's Ed?

Leni: He's in the Living Room helping mom put up the decorations.

Me: Oh. Okay.

**Rita:** [off screen] Hey, has anyone seen my plaid Christmas table cloth?

[Leni looks down and notices that she used the table cloth, then shushes Lincoln as she walks into her room.]

Eddy: Double D is downstairs in the kitchen helping L Sr. with the Christmas dinner.

Me: Okay. We were just about to head downstairs anyway.

**Lori:** [on her phone, talking to Bobby] "Oh, don't worry about buying me a gift, Bobby Future Hubby Boo-Boo Bear. I mean, sure, it's our very first Christmas together" [split screen widens to show Bobby, Lori's voice is still heard over the phone.] "and I'll probably remember what you give me for the rest of our lives, but no pressure."[zooms away from Bobby in the calendar section of the mall, holding two calendars. He switches his phone to his other ear.]

**Bobby:** [on his phone, talking to Lori] "Right. Uh, no pressure, Babe." [chuckles and hangs up before falling on his knees and crying.]

[return to the Knudson-Loud-Anderson House where Lincoln is at the bottom of the steps. He pulls out two different boots out of a pile that are each one of his sisters.]

[Laney is seen in the Living Room writing a letter and Crysta is watching her]

Laney: "Dear Santa, I've been a very good girl this year and I think I should get…" Hmm… What do I want this year…? Ooh! "A new fashionable beret"… No wait I already got that one. [Crosses it out from the letter] Maybe a… no got that too.

Crysta: Asking for stuff from Santa must be tough.

Laney: It sure is Crysta. I don't know what to ask for. I'm trying to think. [Me and Lincoln come down the stairs and Laney and Crysta come to us] Hey guys. Can you help me? I'm writing a letter for Santa, but I can't decide what should I get this year.

**Lincoln:** "Relax Laney. I'm sure you'll think of something.

Me: You've been awesome this year Laney. I have a feeling he will give you something good.

Laney: I have a feeling you're right J.D. Thank you.

Me: You're welcome. [to Crysta] Is this your first ever Christmas, Crysta?

Crysta: It sure is. What is Christmas again?

Me: It's the day we celebrate the birthday of our Lord and Savior, Jesus Christ. He was born on December 25th the year Zero. I am a very religious person and a strong follower of Jesus Christ. [Scene transits with me standing under the cloudy sky with light rays shining through the clouds and the divine chorus of angels from Heaven sings as I stand with my hands in a prayer position and I have a halo over my head.]

Laney: Wow. I can see that.

Crysta: Me too.

Lincoln: [Pulls out two different boots out of a pile that are each of one of his sisters.] Oops! Wrong ones!" [throws the boots out of the way; to the viewers.] "Excuse me. This might take a while."

Me: No problem Lincoln.

[Lincoln prepares to dive into the boot pile when Lola zooms in.]

**Lola:** [appearing very innocent] "Hey there, favorite big brother! Allow me to dive into that pile of smelly sweaty footwear and find your winter boots for you. "[curtsies, then dives into the pile.]

[Lincoln looks on in confusion. Lola then emerges from the pile with two brown boots.]

**Lola:** [gasps for air] "Here you are, good sir!" [puts Lincoln's winter boots on his feet.] "Two big brother boots. Boy, these are stylish!"

Laney: Wow, Lola. That's oddly nice of you?

Lola: Why thank you, dear sister.

**Lincoln:** [suspicious] "Okay, what do you want?"

**Lola:** [quiet voice with an evil grin on her face.] "To get a good haul from Santa." [normal voice] "See, contrary to popular belief, I am no angel. So, if I'm going to get on Santa's nice list, I have one day to undo twelve months of naughty!"

Me: Technically you already are an angel because of your powers.

Lola: That's true. I do have wings and I have done some good deeds but I want to undo all my naughty stuff.

**Lisa:** [off screen] "You're wasting your time." [wheels in a whiteboard with equations as she comes on screen and begins pointing to sections with a candy cane.] "Factoring in sleigh speed, time zone changes, and reindeer bathroom breaks, it is scientifically impossible for this so-called Kris Kringle to deliver gifts to the approximately one billion qualifying children. As you can see, X equals no stinkin' way." [bites into her candy cane.]

Me: Actually there's currently 1.7 billion children around the world according to the 2016 census and the number is still growing.

Lisa: Ah. You are correct about that. Thank you.

Laney: [Gasps] Are you saying there's no such thing as Santa?

Lisa: Precisely.

**Lola:** [growls] "You're lucky I'm being nice right now!"

Me: Don't listen to her guys. Of course there is such a thing as Santa. I've always known.

Laney: Really?

Me: Sure. As long as you believe and have a strong faith. Also, lets just say that I've even met him personally myself along with several other children that didn't believe it at first.

Laney: [Shocked] You've met Santa Claus!?

Me: Yep. Not to brag but I've had an awesome event happen to me back when I was 7. I'll tell you all later.

Laney: Okay.

[Geo, in a Santa cap with a bell on it, rolls on screen and passes the Christmas tree. Charles is sleeping underneath, dreaming of sugarplums, and Cliff is batting at the lights on the tree. Both of them are in Christmas sweaters. The screen pans to Walt in a scarf flying to a partridge in a pear tree decoration. He lands on the branch and flirts with the fake partridge before it falls down.]

Ed and Lily are helping Rita with the decorations.

Lily: Here mom. [Hands Rita her purple stocking]

**Rita:** Thank you sweety. [nailing a purple stocking for Lily to the wall at a distance from the fireplace where the other Louds' stockings are hung and next to a pink one for Lola.] "You know what I want for Christmas? A bigger fireplace."

Me: I think I can arrange that Ms. Rita. Stand back. [Rita stands back and I Chant an Incantation] **Lecaria Nexmortun Rylium!**

I fire a rainbow stream and the fireplace grew to the size of a mansion grand fireplace. It was the same size as my Grand Fireplace in the main living room of my mansion.

Rita: Thank you J.D.! This is incredible! It's absolutely breathtaking.

Me: You're welcome Ms. Rita.

Ed: This is a beautiful fireplace.

Me: It's an exact replica of my grand fireplace in my dads study.

Rita: It's amazing.

**Luan:** [pops up, holding a holly berry] "What's that, Mom? I can holly hear you!" [chuckles and clicks her remote] "That's four!"

[The counter says 4]

Me and Ed laugh.

Me: Good one Luan.

Ed: Funny!

**Lily:** Very funny.

**Luan:** "Lily, are you [picks up her yellow stocking] stocking me?" [off screen after the screen pans to Lincoln, chuckles and clicks her remote.] "That's five!"

[Counter says 5]

Laney walks over still deciding her gift and Crysta is flying by her.

Laney: Maybe I can get a new canvas? Hmm…

[Laney joins up with me and Lincoln and they turn around a corner to find Lynn lifting a dresser and Lucy looking underneath.]

**Lynn:** "See anything?"

**Lucy:** "Nope."

[Lynn puts the dresser down and winds her arm.]

Laney: Are they looking for gifts too?

Me: Looks like it.

**Lincoln:** "Mom and dad's gifts specifically. [whispers] Have you checked Dad's underwear drawer?"

**Lynn:** [sarcastically, walking away] "Have we checked Dad's underwear drawer?"

**Lucy:** "Lincoln, please. This is not our first rodeo."

Me: I can tell you want gifts from your mom and dad Lynn, Lucy.

Lynn: Yep.

Laney: At least you guys don't have trouble finding gifts. [Smells something from the kitchen] Mmm. What's that smell?

Me: (Sniffs) It smells delicious.

[Me, Lincoln and Laney walks in the kitchen wondering what the smell was. We see Lynn Sr., Anastasia, Gabrielle, Double D, and Linka cooking in the kitchen]

**Lynn Sr.:** [singing] "Dashing to the stove… [stops singing] Hey J.D., kids! You're just in time to try the Crown Jewel of Ol' Dad's Christmas Eve feast… [Opens the pot and smoke comes out all over the kitchen.]… The Figgy Pudding!"

[Smoke comes through the window.]

Me: It looks delicious Mr. Lynn but I want to wait until dinner.

**Lincoln:** [chuckles] "And ruin the surprise at dinner? I don't think so!"

Laney: [Coughs] I think it may be a bit- [Lincoln covers her mouth]

Lincoln: Better than last year! [nervously grins; whispers to Laney] He's very emotional when it comes to Christmas cooking.

Laney: [Whispers] Oh, Sorry.

Anastasia: Here guys. Try my blintzes. Romanov recipe. [Anastasia comes over with a plate of blintzes filled with cream cheese and jelly]

Me: Ooh. I haven't had blintzes in a while. [I try one and it was delicious] Vkusno.

Anastasia: Spasibo.

Me: Pozhaluysta.

Linka: I didn't know you learned how to speak Russian J.D.

Me: Johann has been teaching me how to speak Russian. It's a hard language, but he is a great language teacher.

Linka: I can believe it. I'm making an India Allahabadi cake. It's an Indian Christmas Rum Fruit cake. Varya taught me how to make India Food of different holidays.

Lincoln: That looks really tasty Linka.

Linka also has a big pot by her.

Linka: I'm also making Louisiana Shrimp and Crayfish Gumbo.

Laney: Oh boy! I love Louisiana food.

Linka takes a spoon and dips it in the pot and hands it to Laney.

Linka: Try some.

Laney slurps it and licks her lips and loves it.

Laney: Yummy. Spicy and delicious.

Linka: Thank you, Laney. I want to be a chef like dad and hes been teaching me. So I wanted to help him with our dinner.

Me: That's awesome. [I see Naruto cooking a big pot of ramen and Teuchi and Ayame are with him] Hey little brother, Teuchi, Ayame.

Naruto: Hey J.D.

Teuchi: Hey J.D. Naruto called us over to cook dinner for you all.

Ayame: We were honored to help out.

Me: I can see that. We have an international flare going on this year don't we?

Edd: We sure do. And I think it's wonderful to share different foods for Christmas Dinner.

Lynn Sr.: It sure is Double D.

A teapot starts whistling and Gabrielle takes the tea pot off and pours a couple of cups of tea. She brings one over to me.

Gabrielle: [British Accent] Here J.D. It's Darjeeling Tea.

Me: Ohh. Very strong British tea. I haven't had this in a while. [I extend my pinky and take a sip and it was good] Good tea Gabrielle. [British Accent] Jolly Good.

Gabrielle: Thank you J.D. darling.

Lynn Sr.: Everyone is loving Christmas huh?

Me: You said it Mr. Lynn

**Luan:** "Look at Dad getting figgy with it! [chuckles and clicks her remote] Number six!"

[Counter says 6]

Me: [Laughing] Good one.

**Lynn Sr.:** Ah, I love the 12 Puns of Christmas. Luan, you wanna try my pudding?"

**Luan:** "Sorry, Dad. Yule have to ask someone else. Get it? Yule? That's seven!

Eddy: We just sleigh ourselves! Ooh, eight!" [Luan clicks her remote twice]

[The counter goes to 7 and 8 as we laugh.]

**Lynn Sr.:** "Sleigh!"

Me, Naruto, Eddy, Anastasia, Linka and Gabrielle laugh.

Me: That was funny.

**Lincoln:** [to the viewers] "Yup. Everyone around here is full of Christmas cheer".

**Mr. Grouse:** "[From down the street] LOUDS! What's that awful stench?"

**Lincoln:** "Well, everyone except for our crabby old neighbor, Mr. Grouse. He really lives up to his name. Especially around Christmas."

Me: You're former Next Door Neighbor?

Lincoln: Yep. He is crabby every time.

Laney: Don't say that guys. No one can be that grouchy during the holidays.

**Mr. Grouse:** "LOUDS! Turn down that annoying music! LOUDS! Shut off all those horrible lights!"

Lincoln: You were saying?

Crysta: [To Laney] What is wrong with your neighbor?

Laney: I don't really know Crysta. I think he just doesn't like us for some reason.

**Lincoln:** "Sheesh. [Walks outside] Well, I'm not gonna let Mr. Grouse take away our Christmas cheer. We've got a week off school, ten inches of fresh snow, and this guy! [referring to a snow sled] The Fearsome Flyer 8000! Or as I affectionately call him, "Big Red".

Me: Right on! And me neither.

Lincoln: Yep. We've been waiting all winter for the perfect sledding conditions. So if you'll excuse us…" [runs off shouting but suddenly gets caught in a net.]

Me: Lincoln!

**Lana:** "Woo-hoo! My reindeer net worked! Sorry, Lincoln. I'm just getting ready for tonight. [gets her brother out of the net] I'm gonna catch one to keep as a pet!"

Me: I hope you succeed Lana.

[Car tires screech and then crashes and the horn blares.]

**Lana:** "Woo-hoo! My reindeer pit worked! Uh, don't worry, buddy! I got a winch!" [Runs off to the car with her winch.]

[Later, Laney is seen once again in the Living Room trying to write her letter to Santa]

Laney: Maybe I should try for a more chill approach. [Writes] "Hey, Santa. What's up? How's the wife doin'?" Oh! [Crumples up the paper and throws it away] That will never work. [Just then, Lynn and Lucy come in]

Lucy: We need the sofa. [Lynn picks Laney up and sets her away from the sofa. Lynn and Lucy begin to look under the cushions. Lynn lifts the couch to see if there's any presents under it] No presents for us under here.

Laney: Still trying to find mom and dad's presents huh?

Lynn: Yeah. [Drops the sofa] And we still cant find anything!

Lucy: We could look in the basement. How do you feel about lifting up the water heater?

Lynn: [Tightens her belt] Lets do this!

Lynn and Lucy leave as Varie comes in and sits by Laney.

Varie: Hey, Laney.

Laney: Oh hey Varie. Did you just finish helping J.D.'s parents with the Christmas Dinner?

Varie: Yep. They're still working on it but Sakura, Hinata and Fu decided to take over for me. You writing a Christmas Letter to Santa?

Laney: [sighs] Yep. But it's so hard. I don't even know what I want.

Varie: I know it's tough. But you'll think of something.

[Lori pops up as the Waltz of the Sugar Plum Fairy plays. She tiptoes to the row of stockings and takes a yellow and red present out of her mother's pink stocking. She sniffs it and sighs in satisfaction. Laney grows suspicious]

Laney: Uh, Lori? What are you doing with that present?

Lori: Uh… [Hides the present behind her back] Nothing.

Laney: Hmm… [Slowly walks away]

**Lori:** "I don't think Mom will mind if I just peel back the corner a little." [tugs on the ribbon]

**Luan:** [off screen] "Hold it! [camera pans to show her] You are mistletoe-tally busted!" [Lori's eyes narrow as Luan chuckles and clicks her remote.] That's nine!"

[The counter reads 9]

Varies laughs at Luan's pun.

Laney: Ah-ha! I knew it! You're trying to get an early start on presents again, aren't you?

**Lori:** [high-pitched sigh] "I can't help it. The sound of the paper tearing, the smell of the tape, that moment when you stick the bow in your hair. [tackles Luan] Gimme that! [Laney pulls her back]"

Laney: Heel!

**Luan:** "You gotta kick this habit, Lori. We don't want a repeat of last year."

Varie: Does this always happen alot with Lori?

Laney: Lori is very impatient when Christmas comes around.

[Lori's eyes widen as a flashback of the previous Christmas starts: tearing sounds are heard as the Loud siblings, sans Lori, look on. The view changes to show Lori, rocking in an unwrapped box with several bows in her hair. Many unwrapped presents are in the background.]

**Flashback Lori:** [laughs] "You guys got some great stuff!"

[Flashback ends]

Laney: I wanted to unwrap that present. You spoiled the surprise.

**Lori:** "You're right, Luan. I gotta fight this!"

**Luan:** "Well, there's no time like the present! [chuckles and presses her remote] That's ten."

[Counter reads 10]

Varie laughs at Luan's pun.

Varie: That was funny Luan.

**Lori:** [returns the present to her mother's stocking] "I can be strong. I will not open another gift until Christmas morning."

Laney: That's the spirit, Lori! Besides, how hard can it be?

[The doorbell rings. Lori opens the door.]

**Short Delivery Man:** "Delivery for Miss Lori Loud." [stuffs a giant green and red present through the door.]

**Lori:** [reads the tag] " **To Lori. Open immediately.** [stops reading and groans] Universe, you are literally testing me."[The Short Delivery Man walks away but yells as a crash is heard. Letters fly off and Lana comes outside.]

**Lana:** "Woohoo! [runs over to see the Short Delivery Man in a metal cage.] My reindeer cage works!"

[Lori is now pushing her big present inside.]

Laney: Uh.. I'm gonna go see what J.D. and Lincoln are doing. [Walks over to the front door, puts on her coat and heads outside]

Varie: I'll come with you.

Outside, Me and Lincoln are having fun in the snow doing some sledding, snowball fights, building igloos and grinding on Ice Rails made by Lily.

Laney and Varie arrive and decide to join the fun.

Mr. Grouse: LOUDS! STOP SPLASHING SNOW ON ME!

Me: Sorry Mr. Grouse.

Mr. Grouse: Sorry's not good enough sometimes.

I walk over to Mr. Grouse's house to speak to him.

Me: [Defensive] Mr. Grouse why do you hate the Loud's so much? We haven't done anything to you.

Mr. Grouse: You wouldn't understand J.D.

Me: What would I not understand? Wait a minute. You have a big family like we all do and you seeing us reminds you of them?

Mr. Grouse: Yes. That's right.

Laney: Oh no.

Lincoln: Is that all true Mr. Grouse?

Mr. Grouse: Yes, Lincoln. It is.

Me: I'm sorry.

Mr. Grouse: JUST LEAVE ME ALONE!

Me: Come on guys.

Back at the Knudson-Loud-Anderson House, everything was hectic.

**Leni:** [comes down the stairs in a white dress made of tinsel.] "Hey guys! Forget what I was wearing before. This is the perfect Christmas outfit."

**Rita:** [from the dining room] "Has anyone seen all my tinsel?"

**Leni:** [shushes Lori and Luan]

**Luan:** "Oooh! I'm gonna tell!"

**Leni:** "No no no!"

**Luan:** [pulls on the ribbon on Leni's dress.] "Just ribbon ya! [chuckles as Leni sighs and presses her remote.] That's eleven! One more to go!"

[Counter says 11]

Eddy: You can do it Luan!

[Lola has approached her mother in the dining room.]

**Lola:** [feigning kindness] "Oh, mother. You've done so much to make this glorious holiday perfect. Allow me to look for the tinsel and after I find it, I'll rub your tired, aching tootsies."

**Rita:** [pulls paper dolls out of a box] "Thank you, Lola. That's very nice of you."

**Lola:** [gasps and faces skyward shaking her fist.] "Did you hear that, Santa? She said "nice"!"

**Lisa:** [walks in the background with her candy cane, speaking in a sing-song tone.] "Wasting your time…"

**Lola:** [to herself] "Control yourself, Lola. She's not worth it."

**Luna:** [strumming and singing] " Merry Christmas, honey / If you don't have a gift, I'll gladly take money / I wrote it down on my Christmas list / If I don't get my prezzies, I'm gonna get- [gets cut off by Mr. Grouse.]

**Mr. Grouse:** "LOUDS! KNOCK OFF THAT RACKET!" [leaves his house]

ACT 2

[Inside the Loud House, Lola is vacuuming and dusting, Luan is making a popcorn string, Lisa is still reading her book, and Lucy is contacting spirits as Lynn watches on with hope.]

**Lucy:** "Oh, Ghost of Christmas Past… reveal to us where the presents are hidden."

**Lynn:** [anxious] "What'd he say? What'd he say?"

**Luan:** "You two definitely have the Christmas spirit!" [chuckles and presses her remote] "YES! That's Twelve! We did it!"

[The counter now reads 12.]

Eddy: All right Luan! [Eddy and Luan kiss]

[Cliff avoids a bear trap Lana laid out.]

**Lori:** [stir-crazy] "Can't take it any longer! MUST OPEN!" [rushes toward her present]

**Lana:** [lassos her with the lights] "Whoa, girl!" [drags her back]

**Luna:** "Guys, can you chill? I'm trying to write and I'm down to the wire!" [inspired] "Ooh! Maybe that's it!" [starts playing and singing] " Down to the wire / Santa's on fire " [groaning] "I'm never gonna get this!"

[Me, Varie, Lincoln Laney and Lily come inside]

**Lincoln:** "Guys!"

[Little does he know that a lot has been happening since he was outside upon seeing the insanity. Enter Leni with yet another new Christmas outfit.]

**Leni:** "Okay, forget that old rag I was wearing before. This is the perfect Christmas outfit!"

**Rita:** [noticing something amiss by the chimney.] "What happened to the stockings? Seriously, why does everything keep disappearing?"

[Leni shushes everyone again]

**Lincoln:** "GUYS!"

[He still can't get their attention and Lily pops out of one of the stockings on Leni's outfit.]

[Enter their dad with the figgy pudding.]

**Lynn Sr.:** "Hey hey hey! I need a taste tester for my figgy pudding!"

**Lola:** "I'll do it, Daddy! Your figgy pudding is always the highlight of my Christmas!" [looking skyward desperately] "You're seeing this, right, Santa?"

**Lisa:** [almost done with her candy cane] "Truly pathetic."

'[Her dad feeds Lola some of the pudding.]

**Lola:** [chews it forcefully] "Mmm… figgy!"

**Lincoln:** "GUYS! WOULD YOU JUST STOP AND LISTEN TO US FOR A SECOND?!"

[The girls stop and notice their brother, sisters and friends.]

**Lincoln:** "We were just in Mr. Grouse's House…"

[The girls start complaining about their neighbor.]

**Lola:** "That big meanie?"

**Leni:** "He dresses, like, horribly!"

**Lori:** "He is literally awful!"

Laney: Guys, please! He's not that bad.

**Lincoln:** "Well, he is, but now we think we know why."

Lily: Here's what we learned.

[Cut to an exterior shot of the house as time passes and back inside with Lincoln finishing explaining to everyone why Mr. Grouse is the way he is.]

**Lincoln:** "… And then he told us to leave."

[His sisters' heartstrings are tugged at upon hearing this.]

**Lori:** [on the verge of tears] "That is literally so sad!"

**Lana:** [downtrodden] "I can't believe he has a big family, too."

**Luan:** [heartbroken] "And he can't be with them? That's awful!"

Eddy: I had no idea he has a big family either.

Gabrielle: That is sad. I had no idea.

Linka: Me neither.

Edd: I don't think any of us knew about this.

**Leni:** "Seeing all of us together must make him miss them even more."

Shannon: I know.

Ed: That's sad guys.

**Lisa:** "Usually, I'm impervious to human emotions, but…" [bursts into tears and sobs over the news. Laney comforts her]

**Lola:** [remorseful] "No wonder he's such a grumpy-butt this time of year."

**Luan:** "How did we not notice this?"

**Lori:** [pushes her present aside] "Maybe because we've been so caught up in the hustle and bustle of the holidays."

**Lynn:** "Yeah. We were so worried about what we were getting."

**Lucy:** [blows out her candles] "When we should have been worried about what we were giving ."

**Lola:** "And isn't that what Christmas is all about?"

Laney: Exactly! Someone needs to show him that you need presents to have a holiday.

**Luna:** [gasps with inspiration] "Dudes! That's it! No wonder I couldn't nail my song! I've been going about it all wrong!" [goes upstairs to write it]

**Lincoln:** "We need to do something for Mr. Grouse."

Me: I agree.

Laney: All in favor?

**Sisters:** "Yeah!"

Lily: Lets do it!

**Lori:** "But what can we do?"

**Lincoln:** "I have a plan!" [huddles up with them] "Okay, the first thing we do…"

After the plan was revealed I run to my mom and dad. My Aunt Mikki, Aunt Cheryl, Uncle Tony, Aunt Ginger, Grandma Mayme, cousins Ciera, Lauren and Nick and tell them everything. I tell Riley and her parents, the Teen Titans, Jessie, Aylene and her family, the CasaGrande's and Santiagos Woody, as well as everyone in the Leaf our plan and we got ready.

---

[Later that night, Mr. Grouse is getting some sleep in his lounger until a mysterious sound wakes him up.]

**Voices:** " Oooooooh "

**Mr. Grouse:** [waking up] "Huh? Who? What? Can't get a moment's peace." [turns on the light and goes outside to see something that surprises him.]

[The Knudson's Loud's, Andersons, McBrides, Leaf Shinobi, The Ed's and Sarah, the Teen Titans, The Santiagos and CasaGrandes and everyone are all caroling in front of his house.]

**Everyone:** " Oooooooh "

**Luna:**

" I used to think that Christmas was

About the wish list filled with stuff

I never really needed, anyway "

[Lori presses a button and lights up Mr. Grouse's house and yard with decorations.]

**Luna:**

" But as long as we're together

It's a holiday "

[Everyone joins in as Luna starts strumming her guitar.]

**Everyone:**

" It's not what you get, it's what you give

We've got the spirit, clear and loud

Ditch the list, hug who you're with

'Cause that's what Christmas is all about!

It's what you give, not what you get

We've got the hard part figured out

This year will be the best one yet

'Cause that's what Christmas is all about!

Merry Christmas from the Louds!

HO!"

[Mr. Grouse is still standing surprised from their caroling.]

**Lincoln:** "Merry Christmas, Mr. Grouse."

Terra: We all heard about what went down.

**Lana:** "So We all chipped in and got you something."

[Lincoln gives him the present and Mr. Grouse opens it.]

**Lynn:** "It's a bus ticket."

**Luan:** "So you can go see your family for Christmas tomorrow."

**Rita:** "And since you can't be with them tonight we're bringing our family to you."

**Lynn Sr.:** "How 'bout it, neighbor?"

Me: How about it friend?

[Everyone huddles together and smiles.]

**Mr. Grouse:** [sternly] "EVERYONE!" [thankfully] "You've made this the best Christmas ever. Thank you. I'd say you all landed permanent spots on Santa's nice list."

**Lola:** [joyfully] "Even me?"

**Mr. Grouse:** "Even you."

Me: Think nothing of it Mr. Grouse.

[Lola runs up and hugs Mr. Grouse's leg.]

**Lisa:** "Once again…" [bursts into tears and sobs again.]

I comfort Lisa.

**Mr. Grouse:** "Well, what are you waiting for? Everyone inside!"

---

[Inside Mr. Grouse's house, to the tune of We Wish You a Merry Christmas, the twins are setting the table for Christmas dinner, Lily flew up and put the star on top of the tree, and everyone is doing what they can to make the house more festive.]

**Luan:** "There, Mr. Grouse. Now it's not so gloomy in here."

**Lucy:** "Yeah, you ruined it."

**Leni:** "Guys, I finally made the perfect Christmas outfit!"

[Everyone looks at the outfit wondering why it's not Christmas themed.]

Laney: Not so Christmas-y, don't you think?

**Leni:** "It's not for me. It's for Mr. Grouse. You can wear it on your trip tomorrow." [puts it on him]

**Mr. Grouse:** "Well, thank you." [notices something] "What happened to my curtains?"

[Leni shushes him]

**Lynn Sr.:** "Chow time in five, people!"

**Mr. Grouse:** "Before we sit down, there's something I'd like to say."

**Lynn:** [chanting] "Speech! Speech! Speech!"

[Lori nudges her to stop]

**Mr. Grouse:** "Well, I know I haven't always been the friendliest neighbor, and I'm sorry about that. You've all given me so much tonight, now I'd like to give something to you."

**Lola:** "We take checks."

[Lori nudges her for that statement. Mr. Grouse opens his closet and reveals all the stuff that landed in his yard and he took as his own.]

**The Loud Sisters:** [gasp] "ALL OUR STUFF!"

[They all gather to get their stuff back with cheers.]

**Lana:** [holding up her plunger] "PLUNGEY!"

Me: Wow. That's a lot of Stuff Mr. Grouse had taken before we all merged houses.

Starfire: You said it J.D.

**Howard:** [overjoyed] "Oh, Hare-Bear. Isn't this the most wonderful thing you've ever seen?"

**Harold:** "Now, Howie, remember what Dr. Lopez said about-" [shaking it off] "Oh, forget Dr. Lopez! This is the most wonderful thing I've ever seen!"

[Both Clyde's dads walk off sobbing with happiness. Lori walks up to Clyde.]

**Lori:** "Clyde, you know what you're standing under, don't you?" [points to a mistletoe]

[Clyde realizes this and starts shaking. Lori gives him a smooch on his cheek.]

**Lori:** "Merry Christmas, Clyde."

**Clyde:** [blushing and lovestruck] "And to all a good night." [faints]

**Lynn Sr.:** "Come on, everybody, sit! Dinner is served! And save some room for the figgy pudding!"

[Everyone rushes over to the table to join for dinner.]

Lincoln: Oh really? What's it about?

Me: It's about all of us and how we went on great adventures all over the world. Fighting numerous bad guys and more. Read the back. There's a special dedication.

(Lincoln reads the dedication on the back)

Lincoln: "This book is dedicated to a great man, Lincoln Loud. A great, kind-hearted, intelligent, happy-go-lucky man of lightning who keeps his cool and has a plan for every situation and my true best friend." [Lincoln's eyes tear up and he hugs me.] Thank you J.D.

Me: You're welcome buddy.

Ronnie Anne approached Lincoln.

Ronnie Anne: Lame-o this is from me.

Ronnie Anne kissed Lincoln.

Everyone: AAAAAWWWWWWW!

Me: That is so adorable. For you Lori, I made you a picture.

Lori opens the package and gasps. It was a picture of Lori and Bobby Flying and Ronnie Anne was hugging her and holding on tight.

Lori: Aaaaawwww! "Lori and Bobby, Husband and Wife and loving family." Thank you J.D.! I'll treasure it forever! [Lori kisses me on the cheek]

Me: You're welcome Lori. Leni I made you a beautiful winter dress.

Leni opens the package and gasps. It was a Sea Foam Green Russian Style Fur Coat.

Leni: Thank you so much J.D. [She kisses me on the cheek too]

Me: You're welcome. Luna, this for you.

Luna opens her gift and it's a CD.

Luna: A CD?

Me: Listen and you'll see.

Luna puts in the CD and it was Mick Swagger.

Mick Swagger: [Brittish Accent] I'd like to dedicate this song to my Number 1 fan Luna Loud and here to help me sing it is J.D. Knudson.

Me: Merry Christmas Luna Loud! YEAH!

Mick: [Singing] It was a hot June night when she saw the light.

Me: [Singing in British Accent] Up until then she didn't know what was right.

Mick: She showed up at the show all confused and alone.

Me: She had no idea what was about to unfold.

Me and Mick: TRANSFORMATION / TRANSFORMATION.

Mick: A Citizen of the Rock and Roll Nation.

Me and Mick: TRANSFORMATION / TOTAL MUTATION.

2 minutes later we all cheered and Luna was in tears of joy and she hugged me.

Luna: Thank you dude. You are awesome.

Me: I went to a Mick Swagger concert on December 22nd and told Mick it was for you. I sent copies to all your friends. It was awesome going to a Mick Swagger Concert.

Luna and Me did the Rock on Hand Sign.

Me: For Luan I made you a joke book. I put in every single joke I know. You can use them for your next gig.

Luan: Thanks J.D. [Luan hugs me]

Eddy: I have something for Luan too. [He walks up to Luan and gives her a rose] I also have a poem for you. Lucy helped me make it. I call it the Prank Shop Angel.

"You're as funny as clowns at the fair, yet your jokes raise me higher than the air, You are an angelic light that shines in the prank shop of love and I will always treasure you my funny little turtle dove."

Everyone: AAAAWWWW!

Luan: Eddy I love you!

Luan jumps into Eddy's arms and kisses him passionately.

Me: [Sniffs and wipes away a tear] That was beautiful.

Starfire: Robin that was so romantic.

Robin: It sure was.

Kole: That was sure beautiful.

Me: For you Lynn.

I give her the present, she opens it and gasps.

Lynn: Wow! It's a bunch of golf balls! They're the only balls I don't have.

Me: Those are some extra golf balls I've had in my golf bag for a while. I found those years ago and I figured you might like them.

Lynn: Thanks buddy!

Lynn gives me a great hug.

Me: [Squished] Don't mention it.

She lets go of me.

Me: Gabrielle, this is for you.

Gabrielle opens the package and gasps.

Gabrielle: A music box. [It was shaped in the form of Planet Earth. She winds it up and it opens and it shows Terra, Lynn and Gabrielle in a crystal cave going around different areas and it plays Celine Dion's "My Heart Will Go On" from "Titanic"]

Terra: That is so cool!

Lynn: That is beautiful.

Gabrielle: love it!

Me: I made that myself in woodshop at school before Christmas break. It took me 7 days to make it. What gave me the idea for it was when Terra and Lynn went into Journey to the Center of The Earth.

Gabrielle hugged me.

Gabrielle: Thank you J.D.

Me: You're welcome. Shannon, I got you this.

I hand Shannon a big package and she opens it and gasps.

Shannon: It's a punching bag and it has a picture of the Black Daffodil Gang on it.

Me: I put that on there so you can vent out frustration on your old gang. Think of it as a stress reliever.

Shannon: Cool! Thanks J.D.

Me: You're welcome. Linka, this is for you. But it's outside.

We all head outside and Linka saw a tesla ball there.

Linka: Oh I see what I have to do.

Linka put her hands on the ball and channeled Lightning into it and fireworks went off and spelled a message in the sky. It said "Merry Christmas Linka from J.D. and Double D."

Me: Me and Double D planned this all out for you.

Edd: It was mostly my idea Linka. I wanted to tell you that I did this gift all from my heart.

Linka: Oh Double D. I love you!

Linka and Double D kissed.

Everyone: AAAAAAWWWWWWW!

Back inside I resumed my gifts for everyone.

Me: Lucy I have this for you.

Lucy opens my gift and it was a spellbook on Dark Magic.

Lucy: Gasp. It's a spellbook.

Me: Yep. I found that one and figured you might like it. I also have a poem written for you. Ahem. I call it: "Lucy the Dark Angel."

"You're as Dark as night, have hair like tar. And Sometimes we may forget where you are. You're an angel of darkness that killed Reverend Kane and some people may find that you are insane. But you are you. You are the only one who knows how to turn dark things into fun. So here's a poem for my very best friend. Who I will continue to root for and support until the end. Evil spirits better watch out, for Lucy Loud the Dark Angel is out and about."

Lucy had tears in her eyes and she ran and hugged me.

Lucy: Thank you 2nd brother.

Me: Anytime my Angel of Darkness. I also have someone here to see you.

The door opened and in came Silas.

Lucy: Silas.

Silas: Merry Christmas Lucy. I brought you this. [Silas pulled in a handcrafted coffin.]

Me: I helped Silas build that coffin for you. It's made out of mahogany and walnut wood and look on the side there. I added something special.

Lucy and Silas saw a piece of duct tape hiding something. They pulled it off and it was a skull with a black heart in the middle of it's forehead and it said "Lucy and Silas forever in darkness and love" in white letters.

Silas: Thank you J.D. If I had a heart, it would die with joy.

Lucy: Same here.

Me: You're both welcome. For Laney I made this.

Laney opens up the package and it was a painting of all of us standing under the beauty of the curtains of the Aurora Australis over Torres del Paine in Patagonia, Chile.

Laney: J.D. this is beautiful!

Me: I drew that in art class and I started it on November 5th and finished it on December 18th. I call it "Family in Patagonian Beauty".

Laney: Thank you J.D.

Laney hugs me and I hug her back.

Me: You're welcome. Now for the twins. I made you each something. Here's yours Lana.

Lana opened her present and it was a picture of an ice castle in an ice cave. Lana is with Elsa from 2013's "Frozen" and they are using their ice powers to fight off an evil army of Snow Demons.

Lana: This is awesome! I look amazing with Elsa!

Me: I figured you and Elsa would be perfect. I made that image on the computer. Those snow demons you two are fighting are evil monsters from the Netherworld. There's a message on the bottom left.

Lana: "Lana, you are the strongest handyman I've ever known and you definitely can get the job done. Your love for animals is as strong as your heart. The Cold will never bother you as long as you believe in yourself. My little Handyman of Ice." This is awesome! [Hugs me] Thanks J.D.

Me: You're welcome. Now for Lola.

Lola sees that it's a picture of her with 2010's Rapunzel from "Tangled" and they are fighting Gothel in a Volcano field and Lola is using fire powers and Rapunzel is using a frying pan during the fight.

Lola: I look awesome fighting with Rapunzel! Princesses VS Evil Villains.

Me: There's a message on the bottom right.

Lola reads it

Lola: "Lola, you are an awesome princess and beauty pageant hero. Keep winning all those beauty pageants and make all your friends and family proud and your tea parties will forever be awesome. My little Princess of Fire." [Lola hugs me] Thank you J.D.

Me: You're welcome Lola. Here's your gift Penny.

Penny opened her gift and she gasped.

Penny: A friend for Teddy! [It was a grey hand-sewed teddy bear]

Me: I made it myself. Teddy looked a little lonely so I decided to make him a friend.

Penny: Thank you J.D. and Teddy thanks you too.

Me: You're both welcome Penny. Look on his left arm.

Penny saw a diamond and two mice under it and a message saying "Merry Christmas Penny from the Rescue Aid Society".

Penny: I love it. Thank you. [She hugs me]

Me: You're welcome Penny [I look at a hole in the wall and saw Bernard and Ms. Bianca and winked at them.] Lisa, this is for you.

Lisa opened a small package and it was a ceramic trophy and in it was a 14 karat gold class ring with the insignia for Michigan State University on it and it had an emerald stone.

Lisa: "And the award for the Smartest Person I know goes to Lisa Loud."

Me: I made that trophy in Ceramics Class and I bought that Class ring for you. Your fingers are too small now but you'll grow into it.

Lisa: Once again… [Bursts into tears and sobs again and I comfort her]

Me: Let it out Lisa. Let it all out.

Lisa calms down.

Lisa: Thank you 2nd big brother unit.

Me: You're welcome my little scientist. Last but not least Lily. I have this for you.

Lily opened a small package and it was a ring with the symbol for Gamora on it.

Me: That is a very special ring Lily. It's a back up call ring.

?: It's used to call me.

Out of the shadows came Gamora from Guardians of the Galaxy.

Lincoln: Oh my gosh! Gamora the Most Dangerous Woman in the Universe!

Lily: Wow! You're my favorite Superhero!

Gamora: I'm glad I have some fans. Lily, you can now call me should you get in a tight spot. But only do so when it's like that. Just shine the ring up to the sky and I will arrive.

Lily: I will Gamora. I promise. [Lily puts the ring on her right ring finger and Gamora disappears]

Raven: So the Marvel Superheroes are real?

Me: Yep. I found that ring a long time ago.

Lily got up and hugged me.

Lily: Thank you J.D.

Me: You're welcome kiddo.

Everyone had some presents to give.

**Rita:** "Well, that's all the Christmas presents. Time to start decorating for Valentine's Day!"

**Lori:** "Wait! I still have one more!" [shows her giant present she's been waiting to open.] "I saved the best for last!" [shakes it]

**Present:** "Ow!"

[Everyone looks on awkwardly over what made that noise. Lori opens it up and reveals it to be her boyfriend.]

**Bobby:** [weary] "Merry Christmas, Babe…"

**Lori:** [gasps] "Boo-Boo Bear?"

**Bobby:** "I couldn't find anything good enough to buy you for our first Christmas together, so I decided to give you myself."

**Lori:** "Ah. That's literally the perfect gift." [hugs him] "Oh, I got you a present, too."

**Bobby:** "I hope it's food and water."

Varie: Come on Bobby, I'll heal you up.

Bobby: Thanks Varie.

Varie takes Bobby to the couch and Lori sits by him and Varie ran to the kitchen and she brought out a warm turkey leg and some water.

Varie: Here Bobby.

Bobby: Thank you Varie.

Bobby starts eating.

Laney: [Off-screen] Wait! There's something in my stocking! [Laney reaches into her stocking and pulled out a letter and she reads it.]

"Dear Laney, I've been hearing about what's been going on with you and your family. And I am very impressed. What you did was a very nice deed. And I'd like to say thank you for believing in me. I guess there's still a little holiday magic in your house. Even when I'm not there. Never stop believing in yourself.

- Santa Claus"

We were at awe by this letter

Lincoln: Wow, Laney. You got a letter from Santa!

Laney: Not a letter, Lincoln. A reply! I wrote him a letter saying what we did for Mr. Grouse! And by the looks of it, he's very happy!

**Lisa:** "Indeed, Santa sure was good to us this year."

**Louds:** "SANTA?!"

Laney: Whatever happened to "There's no such thing as Santa"?

**Lola:** Yeah. I thought you didn't believe in him."

**Lisa:** "I didn't until I spied him leaving a present behind the couch last night." [shows a picture of what appears to be Santa labeled "SANTICUS CLAUSIMUS".] "Behold!"

[Everyone gasps at the photo]

Laney: Wow! It really was Santa. He really wrote the letter!

Me: He sure did.

Laney: By the way J.D. how did you meet Santa?

Me: That is an adventure I will never forget. It was 8 years ago today. I was standing outside at midnight when I saw the legendary Polar Express come. The Polar Express is the train ride to the North Pole for kids to meet Santa. I was one of the lucky ones to meet him. I still have my ticket. [I pull out a golden ticket with some marks on it and it was a ticket for the Polar Express]

Everyone: Whoa!

Lori: So the Polar Express is real?

Me: It sure is.

Lincoln: That's incredible!

Jessie: I agree. A train to the North Pole sounds like fun.

Aylene: I think it's really cool.

Jeri: Same here. I've read the book the Polar Express and it was amazing.

Beast Boy: That does sound awesome bro.

Cyborg: Yeah it does.

Me: Trust me. It was. This has been the best Christmas for all of us and the best part of it all was I got to share it with Varie and my very best friends. Merry Christmas everyone!

Everyone hugged me.

Everyone: Merry Christmas J.D!

[The end credits play an instrumental version of That's What Christmas is All About in a snowy field.]

THE END

Another Fanfiction completed.

I've had this one planned ever since Thanksgiving. I love Christmas. It's my favorite time of the year. One of them. I wanted to include some of my relatives in my story. I'm sorry I couldn't write some quotes from them but I wanted it to center around me and my friends. Let me know what you all think. I'm gonna take a little break for a while but have a Happy Holidays, Merry Christmas and a Happy New Year.

See you all next time.

Frozen and Tangled mentions belong to Disney Studios and Gamora belongs to Marvel Comics.

# Dance, Dance Resolution

[Lincoln's school; the cafeteria. Me, Varie, Riley, Aylene and the Eds. are having lunch with Zach, Liam and Rusty. Zach, Rusty, and Liam are grooming themselves. Suddenly, the doors open up and some girls approach.]

**Rusty:** "Oh, here they come! These ladies are definitely gonna ask us."

[They pose for the girls, but they just walk right past them to their disappointment.]

**Liam:** "Man, we're never gonna get dates."

Zach: Hold it! Here comes a girl.

Rusty: No, it's just one of Lincoln's sisters. [Laney walks by]

Laney: What's the occasion boys?

Liam: Tonight's the school's Sadie Hawkins Dance and we boys are trying to score hot dates.

Laney: A dance? [Thoughts] If Joey sees my dance moves, he'll see that I'm cooler than before!

Rusty: I don't suppose you want to reconsider asking me?

Me: Sorry Rusty, Laney's already spoken for.

Rusty: Aw.

Eddy: I remember going to a school dance when we lived in Peach Creek. I didn't have a date. So we went to impress everyone.

Edd: Oh yeah. I get really nervous and scared at these kinds of things. But the best part was I got to dance with Nazz at the dance.

Me: I'm happy for you Double D.

Ed: I got to dance with Rolf's pig Wilfred. It was weird and strange.

Eddy: I'm gonna see if I can ask Luan to the Dance.

Me: I'm sure she would love to Eddy.

Riley: I know how you feel guys. I don't have a date either. But I have someone on my mind.

Varie: Neat.

Me: This is gonna be fun. I've never been to a school dance before.

Varie: Me neither.

Aylene: I've been to one and I like to dance.

Me: This should be fun for all of us.

Liam: I hope we all can get dates for the dance.

**Lincoln:** [from under the table] "Don't give up hope, guys. And can someone pass the ketchup?"

[Lincoln is under there with Clyde, I hand Lincoln the ketchup bottle and Rusty looks under.]

**Rusty:** "Why are you guys under the table?"

**Lincoln:** "I'm hiding from Ronnie Anne so she can't ask me to the dance."

**Clyde:** "And I'm here for moral support."

**Rusty:** "Lincoln, I thought you love Ronnie Anne."

**Lincoln:** "I do, but there's a two-for-one deal at the arcade tonight, and there's no way I'm missing it."

Me: I know you like the arcade but you should ask Ronnie Anne to the dance Lincoln. I'm sure she would be more than happy to dance with you.

Lincoln: Maybe you're right J.D. But what if everyone teases me?

Me: We won't let that happen buddy.

Varie: We promised to protect you no matter what.

Lincoln: Thanks guys. [Ronnie Anne enters the cafeteria.] "GAH! Here she comes. Okay I'm gonna ask her."

Lincoln pops out from the table.

**Ronnie Anne:** "Hey, guys. Hey Lincoln"

Lincoln: Hey Ronnie Anne. I was thinking maybe you would like to go to the Sadie Hawkins Dance with me tonight?

Ronnie Anne blushed when she heard that and a bunch of other kids ran over to tease them. Sarah joined me.

Me and Sarah: Back off Fish Faces!

The kids ran away frightened.

Me: Wow. That was great Sarah.

Sarah: Thanks J.D. Ed did some weird stuff when we lived in Peach Creek so I figured I could help you out.

Me: Neat. Thanks Sarah. [To Ronnie Anne and Lincoln] Sorry you two. Continue.

Ronnie Anne: That was cool. I would be glad to go with you Lincoln.

Lincoln: Thank you Ronnie Anne.

Liam, Rusty, Zach and Sarah cheered for Lincoln.

Me: Way to go buddy.

Varie: I knew you could do it.

Aylene: You are gonna have a really fun time.

Laney: I'm so happy for you big brother.

Rusty: I'm so happy for Lincoln. But we don't have any dates.

Me: No sweat guys. I know some people that can help you out.

---

Me, Varie, Aylene, Riley, Lincoln, Laney, Clyde, Zach, Liam, and Rusty were walking home.

Me: Okay. Zach, Liam, Rusty and Clyde, We're gonna try to hook you all up with dates. [We walk up to the front door] Clyde you'd better stay out here because of how you get around Lori.

Clyde: Okay.

Laney: Just in case though I brought a bottle of smelling salts. [Laney pulls out a bottle from her backback]

Clyde: Thanks Laney.

Laney: You're welcome, Clyde.

I open the door and we see that all of Lincoln's Sisters are there.

**Lincoln:** "YAH!"

[His sisters are there eagerly awaiting to hear the news.]

**Leni:** "So? Did Ronnie Anne ask you to the Sadie Hawkins Dance?"

**Lori:** [jubilant] "I bet she was so excited. The Sadie Hawkins is literally the most important dance in a girl's life."

Lincoln: She is and J.D. and Sarah stood up for me when we were about to be teased.

The Loud Sisters cheered.

Luan: Way to go little brother!

Lynn: All right J.D.!

Me: Thanks Lynn. But also we have another reason why we're here. [I turn and reveal Zach, Liam and Rusty. Clyde is standing outside on the porch.] You all remember Zach, Liam and Rusty?

Shannon: Oh yeah. Awesome guys.

Me: [to Lori] Clyde is outside because of how he gets around you Lori.

Lori: Thank you for telling me J.D. Hi Clyde.

Clyde: [Goes into Robot Mode] SYSTEM OVERLOAD ABOR… [I snap my fingers and he reverts back] Thanks J.D.

Me: No problem Clyde.

Luna: Boy that really does work dude. I wish we all could do that.

Me: You can. It just takes practice. But we're getting off topic here.

Luna: Right. I know someone that can help out.

Luan: Me too.

Lynn: Same here.

Lucy: I know someone too.

Clyde: I was originally staying with Lincoln for moral support. But now that he's going to the dance I'll go with him. I don't have a date either. Lori would you like to go to the dance with me?

Lori: I'd love to Clyde but… [Shocked at Clyde's Question] Wait! Did you just ask me to go to the dance!?

Clyde: Yes. I did.

Me: Hmm. It seems that when I snap my fingers to break Clyde out of his robot mode, it gives him more courage and confidence when in Lori's presence.

Lisa: That is a very fascinating hypothesis. I managed to notice this during that power outage we had a while back when Lincoln plugged in the TV for Lucy.

Lori: That is cool. But I would love to go Clyde but I've already been to the Dance when I was your age.

Clyde: Oh. That's okay.

Lucy: I know someone who can go with you Clyde.

Laney: I'm going to the dance to impress Joey even more.

Gabrielle: [British Accent] That's great Laney. I hope he dances great like you do.

Laney: Thanks Gabrielle.

Liam: Lola are you going to the dance too?

Lola: I can't because I have a pageant tonight.

Lana: I can't go because I don't like dancing.

Me: Well that's okay. Hey Luan, how about you and Eddy go? I'm sure he would love it.

Luan: Eddy already asked me and I said Yes. We will Dance the night away! [Rimshot to Laugh] Get it?

Me, Varie, Aylene, Anastasia, Gabrielle, Shannon, Penny, Zach, Liam, Rusty and Clyde laughed and the other sisters sighed.

Me: Good one Luan. Linka did Double D ask you?

Linka: Yes he did and I'm going too.

Me: Awesome. Leni how about you and Ed?

Leni: I told him yes.

Me: Are you going with us Penny?

Penny: No I can't. I don't know how to dance.

Laney: Hey I can teach you how to dance when we get back.

Penny: Thank you Laney.

Me: Laney is a great dancer Penny. This is gonna be exciting. What about you Anastasia?

Anastasia: I'm going too. This is gonna be fun for me.

Me: It's gonna be fun for all of us.

---

[That night]

**Lincoln:** "Mom, we're off to the dance at school!" [heads for the door]

Rita: [offscreen] Have fun Lincoln!

Lincoln is dressed in an orange collared shirt, brown Khaki pants and black shoes.

I am standing by the door with Varie, Aylene, Anastasia, Ronnie Anne, Ed, Edd, Eddy, Naruto, Zach, Liam, Rusty and Clyde.

Me: Looking sharp buddy.

I am wearing a red collared shirt with orange and yellow flames on the bottom and blue khaki pants and black shoes.

Lincoln: Thanks J.D.

Varie: This is gonna be fun. I've never been to a dance before.

Varie was wearing an aqua blue dance dress and she had a blue hibiscus flower baret in her hair and aqua green dance shoes.

Lincoln: I know.

Ed: I'm so excited guys.

Ed was wearing a green hawaiian collared shirt with white and orange flowers and had red khakis and tennis shoes on.

Edd: I'm excited too gentlemen.

Edd was wearing an orange Hawaiian Collared Shirt with red and yellow flowers and had blue khakis and tennis shoes on.

Eddy: Me too. I can't wait to bust some dance moves.

Eddy was wearing an aqua blue Hawaiian Collared Shirt with blue and purple flowers and had green Khakis and tennis shoes on.

Luan: I'm ready Eddy.

Luan had let her hair down and she was in a yellow dance dress and she had yellow dance shoes on.

Eddy was awestruck by her beauty.

Eddy: You look beautiful Luan.

Luan blushed.

Luan: Thanks Eddy.

Naruto: You look fabulous Luan.

Naruto was wearing a white trenchcoat that had red flames on the bottom and it had the kanji for the 4th Hokage on the back. He was also wearing a black shirt, blue khakis and black shoes.

Luan: Thanks Naruto. Is that your father's jacket?

Naruto: It sure is. Dad's letting me borrow it for the dance and he put a Sealing Jutsu on it that shrunk it to fit me.

Me: You look amazing wearing your dads jacket bro.

Naruto: Thank you J.D. Sakura, Hinata, Ino, Fu, Tenten and Mikari are gonna meet me there.

Ronnie Anne: That's cool. But how are you gonna dance with 6 girls Naruto?

Ronnie Anne had a purple dance dress on and she had purple dance shoes on. Zach, Liam, Rusty and Clyde had their normal clothes on.

Naruto: Shadow Clones. When you can use them you can be in multiple places at once.

Ronnie Anne: Good thinking.

Anastasia: This is gonna be fun.

Anastasia was wearing a blue Russian dance costume called an Allenka.

Leni: I'm ready guys. [Came down the stairs]

Leni had her Sea Foam Green Fur Coat on and she had an aqua green dance dress and aqua green dance shoes on.

Ed: Wow. Leni you look incredible.

Leni: Thanks Ed.

Me: The fur coat I made for you really ties the whole thing together.

Leni: Thanks J.D.

Laney: I'm ready guys. [Came down the stairs]

Laney is wearing a red Sparkily dress with a Snow White gown and she has black dance shoes.

Aylene: You look adorable Laney.

Aylene just had her normal clothes on. The only thing she had was a Green Hibiscus Flower Baret in her hair.

Laney: Thanks Aylene.

Linka: I'm ready too.

Linka had an orange Dance Dress and Orange Dance Shoes.

Edd: Linka you look positively radiant.

Linka: Thanks Double D.

Me: Okay. I got the files and we are all set. I have a ride that's gonna get us there.

We walk outside and there was a fancy limousine waiting.

Everyone but J.D.: A limousine?

Me: Yep. This is our driver Franklin.

Franklin: [French Accent] Pleasure to meet all of you monsieurs and mademoiselles. Maitriser J.D. it is always a pleasure to provide for you.

Me: You're welcome Franklin my friend.

We get in and drive to the school.

---

[The dance. Everyone is out on the dance floor and we are getting a raffle ticket from Lincoln's teacher.]

**Mrs. Johnson:** "And here's your raffle ticket."

Me: Thanks Mrs. Johnson.

**Lincoln:** "Ooh! There's a raffle?"

**Mrs. Johnson:** "Yep. The winner gets to have lunch with me in the teachers' lounge."

[Lincoln's facial expression shows he doesn't like that prize.]

Me: Cool!

Liam: Neat. I've always wanted to see that there Teachers Lounge.

Rusty: This is gonna be awesome.

Clyde: I know.

Luan: Hey Mrs. J. It's been a while.

Mrs. Johnson: Luan Loud. You sure have gotten big the last time I saw you.

Luan: I know. I've had lots of fun times here. It's a shame that TIME FLIED. [Rimshot to Laugh] Get it?

Mrs. Johnson, Me, Varie, Eddy and Aylene laughed.

Mrs. Johnson: That was funny. I've missed your jokes Luan.

Luan: Thank you.

Leni: Mrs L. It's been a while.

Mrs. Johnson: Leni Loud. You look amazing and It's Mrs. J.

Leni: Thank you.

Sakura: Naruto!

Naruto saw Sakura, Ino, Hinata, Fu, Tenten and Mikari dressed in matching dance dresses of their favorite colors.

We walk over.

Naruto: Girls you all look amazing.

Ino: Thanks Naruto.

Hinata: [Blushes] Thank you Naruto.

Fu: You ready to start dancing?

Naruto: You bet!

Me: Go bust some moves little brother.

Naruto takes Sakura, Ino, Hinata, Tenten, Fu and Mikari to the dance floor.

Me: "Okay. Lets start by finding your dates and then we can start dancing. [I point to a girl with purple streaks in her hair] That's Luna's friend, Tabby. She loves sweatin' to the oldies, turning it up to 11, and her ideal date is soundproofing a wall with egg crates."

Liam: Hot diggety dang! She sounds like the girl for me. [Liam walks up to her] Howdy Tabby. I'm Liam.

**Tabby:** [rapidly shakes his hand] "Good to meet ya! Wanna jam?"

**Liam:** "Yeah! [to the DJ] "Hot diggity dang! Turn it on up to 11!" [plays air piano]

**Tabby:** [ecstatic] "I love turning it up to 11!"

[The two of them start rocking out.

**Tabby:** "Rockin' that piano! You got some chops."

Liam and Tabby were now in love and dancing like no tomorrow.

**Me:** Way to go Liam!

Tabby notices me.

Tabby: Wow! J.D. Knudson! I saw you at that Mick Swagger Concert and you really brightened up Luna's day.

Me: It was truely an honor to perform a song with Mick Swagger. He is awesome.

Tabby: I know. Thanks for hooking me up with Liam here.

Me: You're welcome Tabby. I'm no Matchmaker but I pick up on stuff like this. [Liam and Tabby go dance.] [To everyone else] Okay. I think Zach will like Luan's friend from Clown School, Giggles. A Virgo with an infectious laugh, Giggles' ideal date is trying to figure out how many people she can cram into one car."

I point to Giggles and Zach thought she was cool.

We walk up to her.

Luan: Hey Giggles.

Giggles: Hey Luan. You here to dance?

Luan: Yep. This is my boyfriend Eddy

**Giggles:** "Pleased to meet ya!" [shakes hands with Eddy and zaps him with a joy buzzer.] "I heard a lot of buzz about you!" [laughs]

**Eddy:** "[Laughs] Good one! You got something on your shirt." [points to it and Giggles looks down, he then flicks her red nose.] "Boop!"

**Giggles:** [laughs] "Touché!"

Luan: Eddy is the greatest. He made a good poem for me on Christmas.

Giggles: I heard about that. Way to go to the both of you.

Eddy: Thanks Giggles.

Zach: My name is Zach and I…

Zach walks up to her and is about to shake her hand when he trips on his shoelaces and crashes into a pie on a nearby table.

**SPLAT!**

Giggles laughs at this and knew that Zach was just as funny as she was in love with him. Zach approved too.

Giggles: You are hilarious.

Zach: Thank you. Wanna dance?

Giggles: Sure. Thank you for hooking us up guys.

Me: No problem Giggles.

Giggles and Zach left to go dancing.

**Me:** Okay now. Lucy's friend, Haiku, is an up and coming poet. Her dislikes include kittens, sunlight, and people who smile too much. So we'd better act depressing for her. I think Clyde would be perfect for her."

Clyde: I think so too.

[We walk up to her Clyde puts on a frown to make a good impression on her.]

**Clyde :** [feigning a melancholy nature] "Hi. I'm Clyde."

**Haiku:** "Hi, Clyde. Wanna hear my poem? **Empty, lonely, dark. The universe is weeping. I have no tissues.** Okay, your turn."

**Clyde:** "Uh… **Jack and Jill went up a hill to fetch a pail of water.** "

**Haiku:** "Oh, yes. The futility of teamwork. Deep stuff."

**Clyde:** "Haiku, I have to be honest. My heart belongs to an older woman." [shows her a picture of Lori]

**Haiku:** "That's okay. My heart belongs to an older man." [opens a locket showing a picture of Count Dracula.] "He just turned 200."

**Clyde:** [nodding in agreement] "Unrequited love. Am I right?"

[Haiku smiles in agreement.]

Haiku: J.D., Lucy told me the poem you wrote for her. It was really good.

Me: Thank you Haiku. Lucy is my little Angel of Darkness and she calls me 2nd Brother.

Haiku: I can believe it. You have good poetry skills even though you're not into poems.

Me: That's alright with me.

Clyde: So Haiku you want to dance with me?

Haiku: I would love to Clyde.

Haiku and Clyde go to the Dance floor.

Me: That's 3 out of four. Lastly is…

[Polly comes rolling in and gives me a surprise roller derby attack which launches me into the wall.]

**Me:** [in pain] "Ouch. I found her."

**Polly:** "Nailed ya, bro! In roller derby, that's a move I like to call the Booty Block!" [shakes her booty on the name and grabs me.] "And this is the Helicopter!" [starts spinning him over her head.]

**Me:** Whoa-oa-oa-oa!"

[Polly drops me on a mat.]

**Polly:** "Wow! You didn't even barf! I'm impressed."

**Me:** [in more pain] "Ow. Thanks…"

I get up and Varie comes over and heals me.

Me: Ow. You must be Polly Pain. You have a lot of Daredevil Roller Skating Tricks.

Polly: That's right.

Me: I'm impressed. You really got the drop on me. I did not see that coming.

Polly: Thank you J.D. Lynn told me all about your fighting skills and I wanting to see if it was all true.

Me: You heard right. Polly I'd like you to meet my friend Rusty Spokes.

Rusty: Hello.

Polly: Lets see what you've got.

Polly does the Booty Block and launches him into a nearby snack table and breaks the table.

Rusty: Gee. That Polly is quite a handful and I like it!

Me: Go get her tiger!

Rusty goes over to Polly and they dance.

Me: That's everyone. All right. Let's dance!

---

Me and Varie were dancing.

Anastasia was dancing with a boy named Ivan Hordiyenko. Ivan is from Ukraine and he's part of a special Foreign Exchange Program.

Anastasia: You are a magnificent dancer Ivan.

Ivan: [Ukrainian Accent] Thank you Anastasia. You are an amazing dancer too.

Riley was dancing with a boy named Ben Tennyson. (Yes it's Ben Tennyson from Ben 10 but It's Ben 10 Alien Force Ben)

Riley: Have you ever danced before Ben?

Ben: I have Riley. I practiced with my cousin Gwen at my cousin Joel's wedding.

Riley: Cool. [Notices something on Ben's left arm] What's this?

Ben: Oh, it's called the Omnitrix. It's an alien device that allows you to transform into a lot of aliens from across the galaxy.

Riley: That's amazing. I've seen those aliens on TV and they were awesome.

Ben: It's rough work though. Being a hero is very tough.

Riley: I know. I helped Laney destroy Chandler.

Ben: I've heard about that. It must've been rough for Laney when she made her first kill.

Riley: It was. But she's better now. Lets rest for a bit.

Ben: Okay.

I walk over.

Me: Hey Riley. Having a good time?

Riley: I sure am J.D.

Me: That's good.

Ben: So you're the famous J.D. Knudson.

Me: That's right. (Gasp) I know you. You're Ben Tennyson. I've read a lot about your achievements and how you fought the evil Vilgax.

Ben: That's right. Vilgax was one of my most formidable adversaries ever.

Riley: Who is Vilgax?

Ben: He's an evil Warlord from another planet that wants the Omnitrix to conquer the Universe.

Me: I've seen how powerful he was and he was also very ruthless. Are you here with any of your family, Ben?

Ben: Actually me and Gwen are here. But we got sucked into an unknown Wormhole.

Me: A transdimensional wormhole took you both here. We've had that happen here once. It took Starfire, Raven and Terra to our Dimension.

Ben: That sounds crazy. But we don't know how to get home to our dimension.

Me: That's the problem. There's an infinite number of dimensions and universes across the very fabric of time and space. You could've come from either one of them and finding your dimension is like trying to find a needle in a haystack as big as the infinitely vast reaches of the cosmos.

Ben: So we're stuck here?

Me: I'm afraid so. We have another that's going through the same problem. Her name is Jessie Bannon. But she is used to it here.

Ben: I see. But I have a feeling I'm gonna like it here because Riley here is an amazing girl.

Riley: [Blushes] Thanks Ben.

?: Ben, I see you have made more friends.

Ben: J.D. this is my cousin Gwen.

Me: Pleasure to meet you Gwen.

Gwen: Same here. It's truely an honor.

Me: I heard you can use magic like me.

Gwen: That's right.

**Mrs. Johnson:** [on a microphone] "Attention, everyone! The lucky student who gets to have lunch with me in the teachers' lounge is…" [draws the winning student's ticket] "… Lincoln Loud! Uh, Lincoln? Oh, where are you?"

[A spotlight shines down on Lincoln]

Me: Way to go Lincoln!

Then we all heard the sound of Thunder crashing.

I open the door and saw that it was snowing hard and thunder and lightning was in the storm. Lightning flashed and thunder rumbled.

Me: Wow! So this is Thundersnow! I've never seen this happen before.

Laney: What's going on J.D.?

Me: It's a freak snowstorm.

Liam: The weather didn't call for this did it?

Me: I don't think so. Sometimes weather like this happens without warning. [I check on my phone and it showed that the storm was indeed there] Yeah it's there.

A stream of snow and lightning hit Liam and he was in a tornado of snow and lightning.

Laney: It's another elemental choosing!

Joey: [British Accent] Oh wow! So this is how you got your powers Laney?

Laney: Yes, but mine was made of Leaves.

When the tornado died down Liam was unharmed. Liam got up.

Liam: Man. What happened? I feel like I was run over by the Alabama Railroad.

Me: You've been hit by a stream of snow and lightning from a Thundersnow Storm.

Liam saw snow and lightning come out of his hand.

Liam: Jumping Peas in a Pod! I have Lightning and Ice Powers!

Me: It seems you do.

A horse winney was heard and out of the darkness of the storm came a horse of fire and it came in and approached Zach.

Zach: Wow. You are a magnificent horse.

Zach pet it and they instantly became friends.

Suddenly Zach was in a tornado of fire. When it died down Zach got up.

Zach: Man I feel weird.

Me: You had an encounter with a horse from the Netherworld.

Zach: Wow. I wonder.

Zach held out his hand and a flame appeared in his hand.

Zach: I have fire powers!

Me: Incredible!

A jet of water erupted out of the floor and it was laughing water.

Me: Laughing Water? This is weird.

It hit Giggles and she was in a tornado of water.

Laney: It's an elemental choosing fiesta!

Me: Everyone remain calm! This is how some of us got our powers!

The Laughing Water Tornado died down and Giggles got up.

Giggles: What happened? I feel like I was hit with lots of pies. Wait a sec?

Giggles got up and she fired a ball of water and it hit a teenage kid picking on a little kid and the Teenage Kid was laughing uncontrollably.

Giggles: I have water powers!?

Luan: You do Giggles.

A raven suddenly flew in and it had glowing red eyes and it perched onto Haiku's left shoulder and Haiku was in a tornado of black feathers and moonlight. When it died down, Haiku got up.

Haiku: I feel really strange. Clyde, what happened?

Clyde: You were chosen to receive powers by some force.

Haiku: Let me see.

Haiku fired a wave of darkness that became a huge murder of crows.

The crows pecked a criminal running from a policeman. The crows flew away when the policeman arrested the criminal.

Haiku: Gasp! I have dark powers.

Clyde: Your Dark Powers are different from Lucy's.

A rainbow suddenly shined in and it became Iris the Greek Goddess of Rainbows and she stood before Tabby.

Me: Iris, the Goddess of Rainbows!

Iris: Tabby, you have been chosen to receive my powers of the Rainbow.

Iris gave her rainbow sash to Tabby and she was enveloped in a rainbow light. When it faded Tabby dropped to the ground.

Tabby: I feel weird. Wait.

Tabby fired a ball of rainbow light and it hit a tree and made it shine.

Tabby: I have rainbow light powers! Jammin'!

Then an angel came in and she had a torch in her hands. She stood before Polly.

Me: Nike, the Goddess of Victory!

Nike: Polly Pain, you have been chosen to receive my Torch of Victory. Use it's power well.

Nike gave her torch to Polly and she was in a tornado of fire.

When it died down, Polly got up.

Polly: I feel stange. Wait.

Polly swung the torch and out came a blade made of pure fire and it slashed a nearby tree in half down the middle.

Polly: Wow! I have Fire powers.

A living clock suddenly came in and approached Clyde.

Clyde suddenly was in a tornado of clocks and the sounds of ticking was heard.

When it died down Clyde was standing.

Clyde: That was weird. Wait a second.

Clyde fired a beam of light and it hit the wall and disintegrated that part of the wall very quickly.

Clyde: (Gasp) I have time powers!

Me: Incredible!

A stream of fireworks suddenly flew in and hit Ronnie Anne and she was in a tornado of fireworks and it was like the 4th of July. When it died down, Ronnie Anne was on the ground. She got up.

Ronnie Anne: What happened? I feel weird. Wait a second.

Ronnie Anne held out her hand and fired a burst of fireworks and it was a dazzling display.

Ronnie Anne: I have Firework Powers!?

Me: That's like Jubilee's Powers!

Ronnie Anne: Jubilee from X-Men? Awesome!

A phoenix of pure water flew in and landed on Rusty's head. He was in a water tornado. When it was done he was on the ground. He got up.

Rusty: That was weird. Wait a second.

Rusty held out his hand and a blast of water fired and became a bird of water and splashed Hawk and Hank as they sat in their prison cells.

Rusty: I have water powers now!? Awesome!

This was some unusual dance.

2 hours later we returned to the mansion and I looked up the powers in my book. Ben and Gwen were with us.

Me: Lets see here. Liam you got Snow and Lightning powers from the Storm of Qailertetang the Inuit Goddess of the Weather. Once every 600 years, she grants a worthy person her powers over Snow, Ice and Lightning to that person. They can also fly with wings, communicate with animals of the air and sea, and even control the weather.

Liam: That's amazing!

Ben: I had no idea that some of you got powers because of different circumstances.

Lucy: We got our powers by lots of Mythological sources.

Gwen: Incredible.

Me: Yeah. Zach, you have fire powers because of the Fire Horse of War, one of the 4 Horsemen of The Apocalypse in Christian Mythology. It is said that War's Horse will escape from him and grant the powers of fire to anyone that can tame him. That person can also ride him whenever he is needed.

Zach: That's amazing!

Laney: I had no idea such a thing even existed.

Aylene: Me neither.

Me: Yeah. That is surprising. Giggles you have water powers because of the Laughing Water of Veles, the god of Water and Mischief in Slavic Mythology. Once every 2,000 years, Vales grants a worthy bearer the ability to control water that makes anyone it touches laugh uncontrollably. You can also use regular water and even grow forests. You can also fly with wings and talk to plants. So you have plant powers too.

Giggles: Wow. I had no idea all sorts of powers even existed.

Lori: Most of us got our powers from different deities and mythological sources.

Luan: Yeah. I had no idea many gods and goddesses existed in several cultures.

Varie: Me neither.

Me: It is surprising huh? Haiku, you were given dark powers because of the Raven of Hodr, the God of Darkness in Norse Myth. Once every 300 years, Hodr sends a raven with glowing red eyes to a worthy bearer and imbue a that bearer with his powers of darkness, fly with black angel wings and even communicate with birds. But there's a catch. That bearer has to have a heritage from Norway, Sweden or Finland.

Lucy: Strange. Haiku do you have any ties to those places?

Haiku: Yes I do. I found out over a year ago.

Raven: That is stange. But neat.

Me: Yeah. Tabby, Iris gave you Rainbow Powers because she chose you. Once every 375 years, she journeys down from Mount Olympus, the abode of the Gods of Greek Myth and appears in person to bestow her rainbow powers to that bearer. They can also fly with wings and they have the ability to grow and control plants.

Tabby: That is neat!

Luna: Dude, you have no idea how great this is. You have powers like me and Sam.

Tabby: I know. It's awesome.

Me: Polly, Nike gave you Fire Powers when she gave you her torch. Once ever 1,800 years, she journeys down from Mount Olympus and gives her torch to a worthy bearer. It gives them fire powers, the ability to fly with wings made of pure fire, and have superhuman strength, speed and agility.

Lola: Wow. That is neat Polly.

Polly: I know.

Lynn: Polly, this is a tremendous gift. With great power comes a great responsibility.

Polly: Yeah.

Me: Rusty, you were given Water Powers by the Water Phoenix of Chalchiuhtlicue. That's a hard name to pronounce. She's the Aztec Goddess of Water, Lakes, Rivers, Seas, Streams, Storms and Horizontal Waters. Once every 750 years, she bestows her powers over all water to a worthy bearer. They have control over all water, winged flight and the ability to talk to fish.

Rusty: That is cool. I always wondered what it would be like to have powers.

Lincoln: It's not all fun and games Rusty.

Linka: Yeah.

Me: Ronnie Anne you got Fireworks Powers because of Zhurong the God of Fireworks in Chinese Mythology. He grants his powers of fireworks to anyone that loves fireworks on the 4th of July or New Years Day. That's coming up soon. You also have winged flight, numerous abilitie's attributed to fireworks and lots of fire powers attributed to it.

Ronnie Anne: Wow! This is incredible!

Liam: But how will we tell our parents?

Me: You can tell anyone who you feel is trustworthy.

Varie: Yeah.

Me: And lastly Clyde, you got Time Powers because of the Clock of Chronos AKA Father Time, the personification of Time. According to legend he will grant his powers over time to anyone with a good cause. That person will get the ability to fire time rays that can destroy anything on contact, fly with wings, and even reverse the age of anyone they choose.

Clyde: Incredible!

Lincoln: Clyde, this is incredible!

Linka: I agree.

After the information was given out, things went south very fast for some of them. Liam, Zach, Tabby, and Haiku got disowned by their parents when they told them about their powers and we decided to take them in. I just could not believe that they would disown them like that. But they were right at home with us. Clyde, Ronnie Anne, Rusty, Polly and Giggles parents were okay with their children having powers. Ben and Gwen now live with us in one of the guest houses. This was a memorable yet weird Sadie Hawkins Dance for us.

---

THE END.

Another fanfiction done.

I wanted to do this one for a while and it came to me when I was at the mall. I wanted to do a 9 way power infusion so to speak. This was a tough one. Also I would like to thank Nflemingful for giving me the idea for Clyde's Time Powers. Thank you man. You rock. The ending of this chapter was a little dark but It was worth it. I've included Ben and Gwen from the original Ben 10. One of my favorite shows of the past. I used to watch that show all the time. Let me know what you all think.

See you all next time.

Jubilee mention belongs to Marvel Comics.

Ben 10 2005 belongs to Man of Action and Cartoon Network.

# Soldiers from the Planets

Me, Naruto, Lincoln and Laney are in the Simulator doing an exercise.

Lisa calibrated the Simulator so that one day is 1 minute in life.

The Simulator activated and we found ourselves in Tokyo, Japan. We heard some screaming coming from a jewelry shop and saw an evil monster woman holding a brown hair girl hostage and lots of people were on the floor.

Me: We're in Sailor Moon. I watched this show all the time. Lets go!

We run into the store and I kick the monster away and saw the girls forehead glowing and it had the symbol of planet Earth on it.

Me: She's a Sailor Soldier for Earth. [I look at the monster] Morga. I should've known Queen Beryl was behind all this.

Morga got up.

Morga: **Yes. I assumed that girls mothers form to gather energy for the Negaforce.**

Naruto: You are one ugly monstrosity. Has anyone ever told you that?

Me: I have a message for your master.

A man dressed in purple appeared.

Me: Jadeite I presume?

Jadeite: That's correct. And you are?

Me: My name is J.D. Knudson.

Naruto: I'm Naruto Uzumaki Namikaze.

Lincoln: I'm Lincoln Loud.

Laney: And I'm his little sister Laney Loud.

Jadeite: It's an honor to know the name of my enemies. What is your message for her majesty?

Me: Tell her that in the near future, we are coming for her and she will pay for her crimes done to this planet. Sailor Moon has returned and we and the Sailor Soldiers are coming for her. The Dark Kingdom will fall.

Jadeite: Very well. I will see to it that she gets the message. But we won't let you destroy her. Morga, kill them. [Jadeite disappears]

Morga: **Yes Master.**

Me: Lets dance you freak.

I go Super Angel.

Naruto goes Kitsune Hanyou.

Lincoln and Laney spread their wings.

?: I will not let you get away with everything you've done.

We see Sailor Moon standing in the Windowsill.

Me: Sailor Moon.

Naruto: Wow. You are beautiful.

Sailor Moon: Thank you. May I know your names?

Me: Of course. I'm J.D. Knudson, The Angel of Justice and Virtue.

Naruto: I'm Naruto Uzumaki Namikaze, Ninja Defender of the Innocent.

Lincoln: I'm Lincoln Loud, The Thunder of Peace.

Laney: And I'm his little sister Laney Loud, Protector of Nature, Beauty and Life.

Sailor Moon: It's a pleasure to meet you all. You've come to help me?

Me: Yes we have. [Points to Morga] This monster here was impersonating another woman.

Sailor Moon saw Morga and screamed.

Sailor Moon: She is ugly!

Me: Sailor Moon. You can't let fear control you. Fear is your strongest enemy. I know you just returned but you have to let go of your fear.

Morga: **Enough talk! It's time for you all to die!**

Me: I think not.

Naruto fires a ball of fire and it burns off her left arm.

Lincoln fires a blast of lightning and electrocutes her.

Laney entangles Morga in bramble vines and slams her into the walls.

I teleport and deliver numerous punches and kicks to Morga in her face, stomach and body.

With Sailor Moon was her cat Luna.

Sailor Moon: [Amazed] Wow. Luna they are good.

Luna: [British Accent] Indeed. You'd better go help them out too. Remember what J.D. said. You have to fight too.

Sailor Moon: But I don't know how to fight.

Luna: You've got a lot to learn Serena. Now go.

Sailor Moon jumped down she ran and punched Morga in the face. She was surprisingly strong.

Me: Good shot Sailor Moon.

Sailor Moon: Thank you.

The girl we saw earlier got up and Luna was speaking with her.

Luna: Molly, you are the Sailor Soldier of Earth.

Molly: A talking cat!? This is weird.

Me: This is not just weird Molly. It's real.

Molly: Wha? That's the monster that took on my mommas appearance!

Luna went up into the air and flipped around and magically created a special necklace with the symbol of Earth on it and it had wings.

Luna: Molly, take this and shout out Earth Prism Power!

Molly: Okay. EARTH PRISM POWER!

Molly transformed and she was a Sailor Soldier.

Molly was now Sailor Earth.

Morga: **No! That brat is a Sailor Girl too!? Minions, kill them all!**

The customers that were on the floor were mindless slaves.

Me: Oh no you don't!

I release a shockwave the blew all of them away.

Me: Nice try Morga. Now to finish you off for good.

Sailor Earth: That's right. You will pay for impersonating my mother! EARTH WIND SLICER!

Molly fired a stream of leaves that were infused with razor sharp wind and they slashed Morga apart.

Me: Nice shot Molly!

Naruto: Very impressive.

Luna: Yes. Sailor Moon, Use your tiara and shout out Moon Tiara Magic.

Sailor Moon: Right.

Sailor Moon took off her tiara and it became an energy frisbee.

Sailor Moon: MOON TIARA MAGIC!

Laney let go of Morga and the Tiara hit Morga and incinerated her.

Me: [Powers Down] Have a nice time in the Netherworld.

All the Life Energy that was stolen from the customers returned to them and they started to wake up.

Me: Lets get out of here.

We all run and set up a meeting place. It was in Serena's house.

Me: Okay, I think you all know why we are here. Serena and Molly are now Sailor Soldier's the most powerful warriors in the Solar System.

Serena: I still am having trouble figuring all of this out.

Molly: I know. This is new for me too.

Me: Trust me. I know it's hard when you get new powers. Take it from me, Naruto, Lincoln and Laney here.

Serena: I see. So how do we become great fighters and smarter too?

Me: Leave that to us. We will teach you in everything we know.

THE DARK KINGDOM

Queen Beryl got the message I sent her through Jadeite.

Queen Beryl: So Sailor Moon has returned. No matter. We will still gather energy for the Negaforce. This J.D. Knudson poses no threat to us. Continue your work at once Jadeite.

Jadeite: Yes your Majesty.

Jadeite disappears.

3 Months pass and Me, Naruto, Lincoln and Laney train Sailor Moon and Earth in all forms of Combat. We were also building Sailor Moons smarts too. She studied and is now doing better in school. Along the way we encountered Sailors Sun, Mercury, Mars, Jupiter and Venus. One by One we destroyed all of Queen Beryl's minions. Nephlite betrayed Queen Beryl and joined the side of good. Sailors Saturn, Uranus, Neptune and Pluto joined us too. Naruto and Neflite developed a brother-like bond and he and the Sailors all developed romantic feelings. Now it was time for us to fight Queen Beryl.

Me: All right. Time to fight. Queen Beryl's castle is up at the North Pole. Lets go.

All: Right!

Me: Get ready Queen Beryl. Your time has now come!

We all fly to the North Pole and arrive at a smoking crater. We come across a malevolent looking castle.

Me: At last. The Castle of the Dark Kingdom.

We all blast in and surprisingly Queen Beryl was expecting us.

Me: Queen Beryl. So we meet at last.

Queen Beryl: Yes so it would seem. You all have become a major thorn in my side.

Me: Nice to know we've made an impression. But we didn't come here to chat. We came here to destroy you. You're gonna pay for everything you've done.

Queen Beryl: (Enraged) No one talks to me like that! You will all die!

Me: Bring it on you tyrannical witch!

I go Super Angel 2.

Naruto goes Kitsune Hanyou.

Lincoln and Laney and the Sailors spread their wings and Nephlite unsheathed his sword.

The Battle that will decide the Fate of the World had begun.

Queen Beryl threw a big black crystal at us.

But we dodged it and I punched Beryl in the stomach and Sailor Moon kicks her in the face.

Sailor Moon: That was for my Mother!

Sailor Mercury: This is for the Moon Kingdom!

Sailor Mercury kicks Queen Beryl in the back.

Sailor Mars: This is for all the pain you've caused to innocent people!

Sailor Mars dealt a powerful chop to Queen Beryl's side and broke her ribs.

Sailor Jupiter: We will never forgive you for your crimes!

Sailor Jupiter punched her in the back of the head.

Queen Beryl belched out a huge amount of green blood.

Naruto fired a blast of fire and burned off her legs.

Lincoln fired a blast of lightning and electrocuted her.

Laney formed some plant fists that had spikes on them and punched Queen Beryl hard in several places.

Sailor Moon: Now Queen Beryl, it's time to atone for your crimes.

Me: Yeah. Everyone, channel your power into me.

They all joined hands and placed their hands on my back as I charged up a Kamehameha Wave.

Sailor Moon: Moon Prism Power!

Sailor Earth: Earth Prism Power!

Sailor Mercury: Mercury Power!

Sailor Mars: Mars Power!

Sailor Jupiter: Jupiter Power!

Sailor Venus: Venus Power!

Sailor Sun: Supreme Sun Power!

Sailor Saturn: Saturn Star Power!

Sailor Uranus: Uranus Star Power!

Sailor Neptune: Neptune Star Power!

Sailor Pluto: Pluto Star Power!

Neflite: Power of the Stars!

Naruto: Kitsune Flame Arise!

Lincoln: Lightning Strikes Forth!

Laney: Nature Endures!

Me: OMEGA COSMOS KAMEHAMEHA!

I fire a massive wave of purple energy and it hit Queen Beryl head on and completely obliterated her in an instant. At the same time the entire castle of the Dark Kingdom exploded with incredible power. The explosion was so powerful and so devastating that it could be seen all the way from space as a huge mushroom cloud that broke through the planets atmosphere. When the smoke cleared all that was left of the Dark Kingdom was a massive smoldering crater. I was panting mildly from exhaustion.

Me: That's it everyone. Queen Beryl's energy signal has disappeared. It's over.

Sailor Moon: Yeah. Good riddence. We did it mother. We got justice for you and avenged everyone.

Then the spirit of Queen Serenity appeared.

Me: Queen Serenity. [We kneel to her] Your majesty.

Queen Serenity: Yes. Thank you J.D. You all have done a fantastic job. It's thanks to all of you that I can now rest in peace.

Me: We had to do what needed to be done your majesty. Queen Beryl's crimes were completely unforgivable.

Queen Serenity: That's right. I'm so glad. Serenity. You've become a great warrior. All of you have. I'm so proud of all of you.

Sailor Moon: Thank you mother. I miss you so much.

Sailor Mercury: Thank you your Majesty.

Sailor Mars: It's good to see you again your Majesty.

Queen Serenity: You too Sailor Mars.

Neflite: Your majesty, I'm so sorry I helped Queen Beryl in destroying the Moon Kingdom. She poisoned my mind with lies and turned me evil.

Queen Serenity: And you redeemed yourself Neflite. You are forgiven.

Me: If I may ask your majesty. What drove Beryl to become pure evil?

Queen Serenity: It was jealousy. Queen Beryl was in love with Prince Endymion and Princess Serenity was in love with Prince

Endymion. She was corrupted my Queen Metalica and she led a revolt and war against the Moon Kingdom. She destroyed it completely. All of my people were dying and I had no choice but to send my people into the future at the cost of my own life. But Queen Beryl followed them and I knew it was in the hands of all of you.

Me: That's horrible your Majesty. I'm so sorry this all happened. If I could I would turn back the clock and go to the Moon Kingdom and destroy Queen Beryl and her forces before any of this ever happened.

Queen Serenity: I know. But thank you all. You all have gotten strong my friends. There are still more enemie's out there that pose a great danger to Earth and the Universe. So be ready for anything that comes your way.

Me: We will your majesty.

Queen Serenity's spirit went back to the afterlife.

Me: Well guys we have to be ready for anything coming our way. As long as evil exists in the universe, nothing and no one will ever be safe. We have to train hard and fight with everything we've got.

All: Right!

A portal appeared and we all crossed into it and went home as the exercise ended. The Sailor Soldiers and Neflite now live in one of my guest houses.

THE END.

Another fanfiction completed.

Sailor Moon was one of my favorite Anime Shows. It was the first ever Japanese Animation Cartoon I watched back when I was a kid. It wasn't as intense as Dragonball Z but it was just as good. I have some plans in the future for Sailor Moon and the Sailor Soldiers. It's one of the shows that got me into one of my strongest subjects in school: Astronomy. The villain I hated the most on Sailor Moon was Nehelania. She just will never learn. Anyway. I wanted to do a crossover with Sailor Moon. I was thinking about this one for a while.

Let me know what you all think.

See you next time.

# The Shinobi from Another Time

Me, Naruto and Lincoln are in the simulator.

Lisa calibrated the Simulator so that one day would be 1 minute. The Simulator activated and we found ourselves in the Hidden Leaf during the day of team placements at the academy.

Me: Okay. Here we go guys. It's team placements today.

Naruto: Yep. I hope we get Sakura on our team.

Lincoln: I have a feeling we will as long as it's not an evil Sasuke.

Me: Don't worry guys. If it is, he will get what's coming to him.

Naruto: And I have a feeling that Sakura had been forced into being someone she is not.

Lincoln: I have a feeling you're right Naruto.

Me: Well, lets get this over with.

We sat at our desks and waited. As Sakura and the girls came in I fired an energy beam at the back of Sakura's neck.

Me: (Telepathically to Naruto) Naruto, I put a delay-activated Sealing Jutsu Destroying Energy Flow into Sakura. I have it set for when she goes to sleep later tonight.

Naruto: (In his head) Perfect. Good thinking big bro.

Iruka came in and announced the teams. After lunch everyone but us was picked up. Me, Naruto, Lincoln, Sasuke and Sakura were waiting for Kakashi Hatake. After he picked us up we did introductions and he told us to meet him at Training Ground 7 at 8:00 AM. But we knew that he would be late so this would give us some time to plan.

The next morning, we were coming up with a battle plan to catch

Kakashi-Sensei off guard.

At 7:30 AM at the Haruno Residence, Sakura woke up and she realized that everything about Sasuke was a lie and she threw away everything about him and cut her hair and put her diet aside.

Sakura: Today is the day a new Sakura emerges and not a fangirl Sakura. I will do my best for your love Naruto.

Sakura ate a hearty breakfast and left out the door.

As we were waiting, Sasuke arrived and he looked at us with a hateful glare. But we ignored it. Sakura arrived seconds later.

Sakura: Naruto!

Naruto: Sakura, Wow! You cut your hair. It looks great on you.

Sakura blushed when she heard that.

Sakura: Thank you Naruto.

Sakura then broke down crying and hugged Naruto tight.

Naruto: Sakura what's wrong?

Sakura: (Crying) Naruto! I'm so sorry I was so mean to you! My mom was forced to brainwash me because of my evil stepfather! I was made into someone I was not! I was forcibly made a Sasuke Fangirl because of my stepfathers selfishness and powerlust! He doesn't care about me! All he ever wanted was money and power so he wanted me to marry Sasuke against my will so he can kill us both and acquire our money! I'm so sorry Naruto!

Naruto's heart ached when he heard her cry. He hugged her.

Naruto: Sakura it's okay. Shh, shh, shh. I have already forgiven you. I was trying to help you ever since. I knew something was wrong ever since I saved you from bullies 5 years ago.

Sasuke was shocked after heard everything and he walked up to us.

Sasuke: Sakura, is all that true?

Sakura: (Crying) Yes Sasuke. It's all true.

Sasuke: I've been such a fool.

Lincoln: What do you mean Sasuke?

Sasuke: Those dumb imbeciles on the Civilian Council. They've been pandering to my every whim and boosting my ego, arrogance, hatred and powerlust for an unjust reason. Ever since my brother killed my entire clan it's been like that. I never should've listened to them. They are not helping me revive the Uchiha Clan, they are trying to make me revive the Uchiha to destroy the village so that it's an Uchiha Only village.

Me, Naruto and Lincoln gasp. Kakashi heard it from the trees and came down and ran to us.

Kakashi: Is all of that true Sasuke?

Sasuke: Yes it is sensei. I can't believe that those fools made me into a monster.

Kakashi: We've got to report this to the Hokage.

Me: The Hokage might not be able to do anything Kakashi-Sensei. The Civilian Council has taken way too much power from him and they are abusing it for their own selfish purposes. Our only chance is the Fire Daimyo.

Kakashi: Good thinking J.D.

Sasuke: Kakashi-sensei, I'm sorry I acted like a jerk to everyone. It was because the Civilian Council made me that way. I promise to work hard for all my power and work together with (Looks at Me, Naruto, Sakura and Lincoln) my friends.

Me: That's truely admirable Sasuke. We all will work together.

Naruto: Believe it!

Sakura was still crying.

Naruto: Sakura's under a lot of sadness because of her stepfather.

Kakashi: I can see that.

Lincoln: I will work hard with all of you too,

Kakashi: I'm very proud of all of you. You all pass and Team 7 is now official. But we still have to take our test.

Me: I understand sensei.

Kakashi: Okay. Sakura how about you go sit by a one of the poles and sit this one out okay?

Sakura: No sensei. I'm fine now.

Naruto: Are you sure Sakura?

Sakura: Yes Naruto. I'm all better now.

Naruto: Okay.

Kakashi explained the bell test and it began.

Me, Sakura, Lincoln and Sasuke hid in the trees and Naruto was facing Kakashi.

Kakashi: You do know that you are supposed to hide right?

Naruto: Yes, I know sensei. But watch this.

Naruto went Kitsune Hanyou and Kakashi, Sakura and Sasuke were shocked.

Naruto: This is my Kitsune Hanyou form. Dad's Sealing Jutsu from the night I was born was to merge me and Kurama the 9-Tailed Fox together into one when I reach a certain age. But because of certain circumstances the process was accelerated and I am now a Kitsune Hanyou as a result. I now have infinite Chakra, my strength and power is now 20,000 times stronger than that of Master Jiraiya of the Legendary Sannin and I have numerous fire powers too.

Kakashi: Unbelievable. Naruto you are truly the most hyperactive knuckleheaded unpredictable shinobi.

Naruto: I know sensei. But just so you know I'm not gonna hold back.

Kakashi lifted up his headband and revealed that he had a Sharingan Eye in his left eye socket.

Kakashi: Then neither will I.

Sasuke saw this and he was shocked.

Sasuke: Kakashi-sensei has a Sharingan too?

Me: Yes. But that's a transplanted Sharingan. He got that as a parting gift from his teammate Obito Uchiha.

Sasuke: Ah. I see. I've read alot about Obito. He was a goofball.

Me: Yes he was. (In my head) I can't let everyone know that Obito is now the leader of an evil organization that's gonna destroy the world. It would break Kakashi's spirit. And not just him but also all the people that knew him.

Sasuke: J.D. how does Naruto's birth and the 9-tails attack connect together?

Me: I'll tell you all later.

Naruto: You ready sensei?

Kakashi: Ready.

Naruto dashed and kicked Kakashi in the face and Kakashi went flying and Naruto spread his wings and flew toward Kakashi at incredible speed. Naruto punched Kakashi into the ground with incredible force.

When the dust cleared Naruto saw a busted log in the crater.

Naruto: He substituted. I can sense his energy signal though. He's underground.

Naruto flew up just as Kakashi's hands popped out to grab him and Naruto threw a huge fireball at him and it exploded when it hit the ground and blew Kakashi out and he went flying and skidded into a huge rock.

Kakashi: Ow! Wow! Naruto you might have already surpassed me.

Naruto: I may already have. But lets not get overconfident. Now!

Me: Everyone follow my lead!

We all dash and split off in 4 different directions and we start throwing punching at Kakashi at blazing fast speed. Kakashi was blocking most of our attacks and he was in quite a predicament. Some of our attacks caught him off guard. Naruto joined in the frey and Kakashi was literally overwhelmed by our teamwork. The timer went off.

Kakashi: Okay that's it. You've all pass already. Your teamwork is amazing and I'm very proud of all of you.

Later at lunch Naruto explained his background and Sasuke now had a tremendous respect for Naruto. Sakura was shocked that all happened to him and she was glad that Naruto was okay because of that. I made a letter for the Daimyo and sent it to him and he was on his way to the Leaf. I revealed why Itachi killed the Uchiha clan to Sasuke telepathically and Sasuke now saw Itachi as a hero instead of a murderer.

Suddenly a bright light appeared in front of us and it flickered and exploded and out came a girl with black hair and she was dressed in red clothes, had red glasses, a red headband, had grey shorts and black shoes. With her was a boy with blonde hair and he had blue eyes, a scar over his right eye, whisker marks, and he had black and white clothes. Also with him was a girl with indigo hair, blue eyes, whisker marks, yellow and pinkish-red clothes and a red headband.

Me: What is going on here?

?: Do not be afraid. We mean you all no harm.

Naruto: Who are you three?

?: We should introduce ourselves. My name is Sarada Uchiha.

?: I'm Boruto Uzumaki.

?: And I'm his little sister Himawari Uzumaki.

Sasuke: But that's impossible. There are no Uchiha left but me and Itachi.

Sarada: Actually. This may be a shock to you Sasuke but I am your daughter from the future.

We all gasp.

Sasuke: I'm your father?

Sarada: Yes. We came here from 25 years into the future.

Me: 25 years? Then that must mean something big is going to happen. Usually when people time travel from the future to the past it's to warn us of an impending Cataclysmic Event that's gonna happen down the road.

Himawari: Yes and that is the case.

Naruto: I can tell that you are my son and daughter Boruto. You've become a very strong shinobi son.

Boruto: Thanks dad. We have to speak with all of you in the Hokage's office.

Kakashi: Lets go.

In the Hokage's office

Lord Hokage: I see. So you 3 came from 25 years into the future to warn us of a cataclysmic event that will happen like it did in your time?

Himawari: Yes Grandpa.

Me: What's gonna happen?

Sarada: All right. In 25 years on the morning of June 14th at 11:00 AM, a vicious organization will appear and destroy everything in the Hidden Leaf and kill everyone. They all have horribly destructive power even by my standards. They're monsters guys. That's the only way we know to describe them. They're monsters! Once this organization surfaces this whole planet and everyone we all know will be gone for good.

Me: Are they aliens from another planet?

Boruto: No. They are all an organization of Androids created right here in the 5 Great Nations. Their creator is Kabuto Yakushi, Orochimaru's right hand man. He doesn't know anything about robotics yet but in 15 years he will.

Naruto: Oh man. That's terrible.

Sakura: What are androids?

Me: They're robots designed and created to look like humans. They have a metal body and have artificially created componentsthat make them human like. They have programming that tells them what to do.

Sarada: Yes, that's right.

Me: What were they designed to do?

Boruto: They were created to wipe out all of the shinobi in the world so that they can rule the world completely uncontested.

Sakura: That's horrible!

Sarada: Yes. Kabuto was infuriated with the way Master Orochimaru turned out after the end of the 4th Great War. He thought he was getting weaker because he abandoned his evil plans. In 15 years, Kabuto will put his plans on making the androids into action. But he will work on them in secret. We couldn't find his Laboratory in time before he was going to unleash the Androids. It's hard to describe how powerful they are guys. They are unlike anyone in this time or ours have ever faced. Nothing even comes close to rivaling the technology that gave them birth.

Himawari: Yeah. Their strength is unimaginable.

Sasuke: That is horrible.

Lincoln: Yeah.

Me: What's Kabuto's plan? What's he trying to accomplish with these Androids?

Sarada: We have no idea. But the moment they were able to think for themselves they rebelled.

Lincoln: They turned on Kabuto?

Boruto: Yes. And they have had their own twisted and merciless agenda ever since then. There's no rhyme or reason for what they do. Their first act after being born was to turn on their own creator, Kabuto Yakushi himself.

Sasuke: That's horrible.

Himawari: Yes. These Androids are ruthless. They delight in causing pain and chaos. Living in the time we came from was like living in a nightmare from the Netherworld. Always running and hiding and looking for a way out.

Sakura: That's horrifying.

Me: Yeah. That's like a Post-Apocalyptic Nightmare of epic proportions. From what I can tell these Androids must have power levels that are stronger than all the strongest Shinobi in the world combined.

Boruto: Yes.

Naruto: That's horrible son. What about all of us? Aren't we helping you?

Boruto: No dad. They killed everyone including you and mom. They all caught us completely off guard. The only survivors are me, Himawari and Sarada. We are all that's left. We came to this time to run and to warn you all to prepare for this.

Me: That's horrible!

Lord Hokage: I agree. You all have been through something nobody should ever have to go through in 10,000 lifetimes.

Boruto: Yes. But there's one person that trained us for this. That's my master and best friend Sasuke Uchiha. He trained us 6 months before the Androids were unleashed but it just wasn't enough. They kill him 3 days before we left. DRAT! Those monsters are far too strong!

Naruto: Oh man.

Me: That's a nightmare no one should ever have to go through. I may be the most powerful fighter in my dimension but even I don't think I'm ready to fight these Androids if they are as strong as you all say they are. Even with all my power I might not stand a chance.

Naruto: Yeah. None of us are strong enough to beat those Androids now but maybe we can stop Kabuto from unleashing the Androids before they could be created by killing Kabuto before that happens.

Lord Hokage: That's good thinking. But Orochimaru is always a slippery one.

Me: Orochimaru is a grave threat to the village only. But Kabuto in the next 25 years is a danger to the entire world in general and we have to stop him before he can unleash those monsters.

Lord Hokage: I'll send a message to my student Jiraiya and have the ANBU find and capture Kabuto.

Me: No Lord Hokage, we can't risk that. Kabuto knows the Hidden Leaf's ANBU like the back of his hand and he knows how they work. Plus Orochimaru can detect even the faintest of Chakra Signals no matter how good they hide. I have a more appropriate solution. Watch.

I form a small energy ball on my index finger that's no bigger than my pinky toe nail.

Me: This little ball of Ki should do it.

I open the window and fire it and it flies toward Kabuto like a heat-seeking missile. Miles away it finds Kabuto and it goes into his body totally undetected.

Orochimaru: So you know what to do right Kabuto?

Kabuto: Yes my lord.

Back in the Leaf we were waiting for the bang.

Lord Hokage: What happens now?

Me: Wait for it.

Kabuto started convulsing violently and Orochimaru was looking at him when all of a sudden Kabuto exploded without warning with incredible power.

KRABBBBBBOOOOOOOOOOOOOOOOOOMMMMMM!

Back in the Leaf we all heard the loud explosion from the Land of Sound.

The Shockwave shattered lots of windows and only dealt minor damage to the village.

Naruto: Jeez! What was that!?

Me: That was the explosion.

An ANBU came in.

ANBU: Lord Hokage you got to see this!

We went onto the roof of the tower and we all saw a huge mushroom cloud over in the Southeast.

Me: Wow! What an explosion!

Naruto: Incredible!

Lincoln: Holy Mackeral!

Sakura: Nobody could've survived an explosion of that magnitude!

Sasuke: Unbelievable!

Lord Hokage: No kidding.

Me: Let me check here.

I use my energy sensing ability and deliver some good news.

Me: Orochimaru and Kabuto's energy signals have completely vanished guys. It worked!

We all cheered wildly.

Sarada, Boruto and Himawari decided to stay in the past and rebuild their lives.

I check the Land of Sound from the air and I saw a massive smoking crater in its place.

Me: Wow! What power. I can't believe that explosion was powerful enough to cause this much damage.

A vortex opened up and I merged everyone with their counterparts back home.

The Exercise ended.

THE END.

Another fanfiction done.

I wanted to add a scenario that was like where Trunks came from the future and warned Goku about the impending attack of the Androids from his time from Dragonball Z. It was awesome. I thought this would be a good story for this. Let me know what you all think.

See you next time.

# Carol's Redemption

It was a rainy day and it starts out with me, Lincoln, Linka and Lily playing video games and Varie, Aylene, Gabrielle, Lucy and Laney are reading books.

Me: I've got you now!

Lily: I don't think so J.D.!

Linka: I'm coming in!

Lincoln: We'll see about that!

We were playing a racing game and Lily beat us.

Lily: Yes I won!

Me: Oh man! Lily you are awesome!

Lily: They don't call me the Queen of Games for nothing.

Linka: I can't argue with that.

The doorbell rang.

Laney: I'll get that.

Laney walked up to the door and opened it and on the porch stood Carol Pingrey and she was wet, cold, shivering and crying. Her clothes were shredded and her hair was a mess.

Laney: Carol!? Why are you here?

Carol: (Crying) I got disowned by my parents and I have no where to go!

Laney: Oh man.

Me: You got disowned? That's horrible!

Varie: Come on.

We took her to the kitchen and brought her some food and water.

I made her some spaghetti and meatballs. She was eating and we decided to talk to her.

Me: What drove your parents to kick you out?

Carol: I got back from reform school 3 days ago and I got into a horrible argument with my father and they kicked me out of the house. When I was living on the streets, I discovered that I had another version of me inside of me.

Varie: Another you?

Laney: Like a split personality?

Carol: Yes Laney. She comes out when I get angry. I call her Morgan. She made me do all sorts of terrible things as her. How did you know about that?

Laney: I want to become a forensic and criminal psychologist when I grow up. It's always been one of my key interests.

Carol: I can believe it. Morgan is very ruthless and I can't control her. Now she's appearing whenever she wants.

Carol's eyes turned red.

Carol: I can do anything I want. I've always been better than Lori!

Carol comes back.

Carol: See? That was Morgan.

Lucy: Wicked. I've read that book "The Strange Case of Dr. Jekyll and Mr. Hyde" and it was very interesting. Split Personalities have caused alot of problems for alot of people around the world.

Aylene: This is very serious.

Laney: I thought you like Vampires, Lucy.

Lucy: I'm actually into all the monsters and themes of Horror.

Lincoln: I can believe it.

Gabrielle: [British Accent] This Morgan persona is a very dangerous creature and we have to stop it.

Lisa comes in.

Lisa: I believe I have the solution friends and siblings. Follow me please.

We all follow Lisa into her laboratory and she shows us a strange machine.

Lisa: This is my prototype Persona Remover. I just finished it 5 days ago.

Aylene: Cool.

Laney: I don't know Lisa. Are you sure this is safe?

Lisa: It is elder sister. I tested it on a person with Dissociative Identity Disorder, Street Name: Split Personality, and removed 4 personas from that person and cured him.

Me: Wow!

Varie: That's amazing Lisa.

Gabrielle: Incredible! This could be a new giant step in the fields of mental medicine.

Lisa: It is.

Carol: Well if this will help me get rid of Morgan then I'll do it. I want to redeem myself and rebuild my friendship with Lori and rebuild my life.

Me: I want to see this in action. This looks really cool. Plus Luan got Light Powers because her evil persona got out of her on its own.

Carol: I've heard about that.

We put Carol in the machine and turn it on. A red smoke covered her. In the recesses of her mind it went in and grabbed Morgan. On the outside in the second pod the red smoke manifested into Morgan. When it was done, Carol was forever changed and the machine opened up.

Me: How do you feel Carol?

Carol: I feel great. I can't hear her anymore! I'm cured!

Me: It really worked!

Varie: I can't believe it!

Laney: Incredible!

Lucy: Wicked.

Lily: That is cool!

Lincoln: This is amazing!

Linka: No kidding!

Gabrielle: Wait! Look!

We all see in the second pod and it opened up and revealed Morgan. She was a red haired Carol and she had red eyes and red clothes.

Morgan: Where the crud am I?

Me: So we finally meet on the physical plane Morgan.

Lisa: This is exactly what has happened when I tested it. My machine separates the evil personalities of a person with a Split Personality from the original host. It creates a physical manifestation of that persona and makes them a separate being. Their life energy is not linked and we can destroy them without any fatal repercussions to the original host.

Varie: So we can fight her without causing any harm to Carol?

Carol: That's great. Now I can make this low life pay for ruining my life!

Lisa: I will gladly assist you Carol.

Morgan: I will kill you both and take over as Carol forever!

Me: Wait! Lets have you fight in the simulator. I know just the scenario too.

Carol: Simulator? What's that?

Varie: We'll show you. Aylene, you go get Lori. She's gonna want to know about this.

Aylene: Okay. [Aylene leaves to get Lori]

Lori's Room

Lori was texting Bobby on her phone when her door opened.

Aylene: Lori! I'm sorry to come in like this but we have a big problem. I'll explain on the way to the Simulator. Come on.

Lori got up and grabbed her sword and joined Aylene as they ran.

Lori: So what's up Aylene?

Aylene: You're gonna think I'm crazy, but Carol Pingrey has a Split Personality that made her do all sorts of terrible things.

Lori: That viper Carol is a monster that deserved what she got!

Aylene: I'm not kidding Lori. It made her do all that. It made her destroy your friendship with her and it made her into someone she's not.

Lori: Are you serious Aylene!?

Aylene: Yes. Carol told us and Lisa just removed Carol's evil persona who she calls Morgan with her new Persona Remover machine and Carol and Lisa are going to fight her.

Lori: I won't believe it until I see it, but I have a feeling you're right.

Aylene: It also made her parents disown her 3 days ago and made her homeless.

Lori: What!? Are you serious!?

Aylene: Yes I am.

They entered the Simulator Control Room and Lori saw Carol looking at Morgan with intense rage and vengeful hatred.

Lori: Is that red haired girl Morgan?

Aylene: Yes. She's a physical embodiment of Carol's rage, arrogance, narcissism, pride and sociopathic nature. She's extremely ruthless.

Lori went into the Simulator.

Lori: Carol!

Carol: Lori! [Hugs Lori and cries] Lori! I'm so sorry I broke off our friendship! It was because I had a split personality. [Points to Morgan] She made me do all those horrible things to you and ruined my life!

Lori: Carol, I can now see that it all wasn't your fault.

Carol gets better.

Carol: Yeah.

Lori: Now lets destroy this demon!

Carol: Yeah! [Lori and Carol High Five]

In the control room I punched in the scenario.

Me: Coming online girls.

THE SIMULATOR

The Simulator activated and Lori, Carol and Lisa found themselves in the movie Dragonheart from 1996.

Lori: I remember this. It's the final fight from the movie "Dragonheart". I used to watch this movie all the time when I was growing up.

Carol: Me too. I love dragons.

Lisa: Great minds do think alike for some people even though dragons are mythological beings.

Lori: Well. Lets show this monster what the power of friendship can do.

Lori spreads her blue wings and unsheathes her Scottish Claymore.

Carol: Lets get her.

Lori, Carol and Lisa charged and Carol punched Morgan in the face and Lisa kicked her in the stomach. Lori then slashed Morgan in the face with one swing of her sword and fired a blast of wind that sent her crashing into the wall of the fortress they were in. Morgan got up and charged toward them in a blind rage. Lori kicked Morgan in the chin and Carol punched her in the mouth and knocked out some of her teeth. Lisa kicked Morgan in the back and sent her flying up into the air. Lori flew up and dealt an axe kick and sent her crashing through the castle floor. Morgan got up and she was enraged beyond all forms of human comprehension.

Morgan: I WILL KILL YOU ALL!

Lori: You brought all this on yourself Morgan. You destroyed my friendship with Carol, got her in alot of trouble at school, ruined her social status, and you even destroyed her family and made her homeless! It's over for you!

Suddenly out of the blue, a strange blue cloud appeared out of nowhere and it enveloped Carol.

The geiger counter in the control room showed that it was radiation.

Me: That's Cosmic Radiation!

Carol suddenly started glowing and she was in a blinding flash of blue light. When it died down, Carol was on the ground.

Carol: I feel really weird. What happened?

Lori: I think you have powers like me Carol.

Carol: I do? Let me see here.

Carol held out her hand and she fired an orange heat ray and it hit the wall and exploded into a huge inferno.

Lori: WHOA!

The explosion caused some of the castle to collapse as Bowen and Einon were swordfighting and the rubble collapsed onto Einon. Burying him under a pile of stones. The explosion blew Morgan into another wall.

Me: Jumping Fireballs!

Lincoln: What power!

Linka: Incredible!

Laney: Wow!

Aylene: Wait! I've seen that heat ray before. It was from the Godzilla Franchise.

Me: Godzilla!? [I remember a scene from one of my favorite Godzilla movies and it was from "Godzilla VS Space Godzilla". Godzilla had an enhanced atomic breath ray that was orange and it destroyed Space Godzilla] I saw that heat ray too. It was awesome. That Cosmic Radiation must've given Carol some of the powers of some of the Godzilla Monsters.

Varie: It must have.

Gabrielle: Unbelievable!

Back in the Simulator, Carol was shocked.

Carol: Incredible! I now have powers like you Lori.

Lori: J.D. will have to look this up when we get back.

Lisa: Precisely. Lets finish our fight.

Bowen: Let me help you all.

Lori: Sir Bowen. We greatly appreciate it.

Bowen: You're welcome.

?: Let me assist you too.

Kara came out.

Carol: Kara. Thank you.

Kara: You're welcome.

Lori: Bowen, Einon will not die that easily. As long as Draco lives he is immortal. That explosion may have slowed Einon down, but it was not enough to kill him.

Bowen: I realise that now. But I can't kill Draco. He's my friend.

Lori: I know a way around it. But first let's destroy this wretch.

Bowen: We heard your fight up here and you've done a good job.

Lori: Thank you. Lets go.

Morgan got up and she has a sword now.

It was a claymore.

Morgan: Now you all die!

Morgan charged and Lori and Morgan clashed. Sparks were flying everywhere and setting the whole castle on fire.

But Lori caught Morgan off guard and stabbed her in the heart and killed her.

Lori: That was for Carol.

Morgan exploded into a cloud of red glitter.

Einon showed up and he was mangled up really bad.

Einon: You have not beaten me yet. I'm immortal.

Lori: Not anymore you're not. [Chants an incantation] **Jastestiga Nomleqmin Edxeuyp Krynsega Solomeras Nor!**

The soul of Draco exited Einon and went back to Draco and he was whole again.

Einon: What happened?

Lori: You're mortal again. You've lost Einon.

Bowen: We've won Einon. Your reign of terror is finished forever.

Draco suddenly broke out of the chains that were holding him down and he flew up and landed behind Bowen, Kara, Lori, Carol and Lisa and roared.

Draco: I am now whole again and it's over for you. Our link has been severed and I can now do this.

Draco blew a stream of fire out from his nose and it set Einon on fire and he was screaming in excruciating pain. Carol fired a heat ray and the castle exploded from underneath him and incinerated him.

Carol: That's it for him.

Lisa: Affirmative.

Lori: I hope he has a nice time in the Netherworld along with Morgan.

Carol: Yep. Lori, Lisa, thank you. I am now free.

Bowen: We couldn't have done all this without you.

Lori: It was our pleasure Sir Bowen. We come from another time and it's complicated.

Bowen: I see. Thank you all.

The simulator deactivated and Lori, Carol and Lisa went into the living room with all of us.

I looked up how Carol got powers but surprisingly it was not in my book.

Me: Weird. It's not in my book. Carol, you got your powers from Cosmic Radiation. It's effects are completely unpredictable.

Carol: Weird. I don't even know what else I can do.

Carol suddenly felt a sharp pain in her back and she suddenly sprouted purple angel wings and we all gasped.

Carol: Whoa. That was weird. But why does my back feel so heavy?

Lori: You've sprouted wings Carol.

Carol saw the wings and gasped.

Carol: I have! I have a lot to learn now that I've got powers like some of you. But I have nowhere to go now that I've been disowned by my parents.

Me: Lets talk to Mr. Lynn and Ms. Rita then.

We called Lynn Sr. and Rita in to the Living Room.

Lynn Sr.: So what's up guys?

Lori: Mom, Dad, we found out that Carol had been disowned by her mother and father after having a terrible argument. Carol is here with us.

Carol stood before them.

Carol: Hello Mr. and Mrs. Loud.

Lynn Sr.: Why would your own family disown you?

Carol: It's a complicated story.

Me: I've called in the Principal Mr. Livingston and our teacher Mrs. Harrington so we can tell them too.

When they arrived we explained everything and Principal Livingston, Mrs. Harrington, Lynn Sr. and Rita were shocked.

Rita: Carol that is horrible. We had no idea.

Me: Nobody knew about it until it was too late.

Principal Livingston: Carol we had no idea you were going through all of that.

Carol: I didn't even know about it myself Mr. Principal.

Principal Livingston: I can tell. [to Me] Thank you for calling us over J.D. We can now help Carol deal with this evil personality problem of hers.

Mrs. Harrington: Yes. I can tell she's also been through a terrible ordeal.

Me: Yes and you're welcome. But that won't be necessary. Lisa here invented a machine that removed this evil personality and we fought it and destroyed it.

Mrs. Harrington: Interesting. May we see this machine please?

Lisa: Certainly. This way please.

We all show them the Persona Remover machine and Lisa explained how it worked.

Mrs. Harrington: This is an amazing piece of machinery.

Principal Livingston: Indeed. Lisa you are a great inventor.

Lisa: Thank you Principal Livingston. I am always available whenever my siblings, friends, and parental units require my help.

Principal Livingston: I can believe it. School starts next Monday everyone.

Me: Understood sir. See you then.

Principal Livingston and Mrs. Harrington left and Lynn Sr. and Rita decided to have Carol be part of the family. She now lives in Lori's room as a roommate and after 2 and a half years they've finally reconciled their friendship.

Another Fanfiction Completed.

This one was a good one for me. The idea for this one appeared out of the blue. I watched Dragonheart alot and I love dragons. They are awesome creatures. Dragons are my number one favorite mythological creature. Carol Pingrey having a split personality was another out of the blue idea for me. But I figured it would suit this chapter perfectly. The Godzilla movies are awesome. I got the idea for Carol's powers from the Godzilla Franchise. Godzilla is now 63 years old going on 64 years in 2018 coming up. I love Godzilla and all the monsters. They are awesome. I think 2016's Godzilla is wicked cool and he is awesome. Let me know what you all think. Have a Happy New Year and be sure to watch the ball drop in New York City before 10:00 PM Mountain Time.

See you next time.

Godzilla Franchise is owned by Toho Studios and more companies.

Dragonheart is owned by Universal Pictures.

# Lightning Strikes Brutally

Gabrielle was in the Simulator.

Me, Varie, Aylene, Naruto, Sakura, Fu, Rin, Lori, Carol, Luan, Eddy, Shannon, Lincoln, Linka, Lucy, Laney, Lana & Lola, Penny and Lisa are in the Control Room.

The Simulator activated and Gabrielle found herself in from of Crunchem Hall Elementary School in Pasadena, California.

Gabrielle: [British Accent] I'm in the movie "Matilda". One of my favorites.

Gabrielle walked around the school and she saw that it was an old building loaded with antiquity. She saw a picture on the wall in the hallway next to the entrance. It was a picture of the most brutal principal in history: Ms. Agatha Trunchbull. Above it, it said "Shot put, Javelin, Hammer Throw".

Gabrielle: I remember her and she is evil to the core. I may be 15 years old and I have tremendous power, but I would never hurt a child.

She continued to walk around and she sensed that the entire school was totally in the grip of pure fear.

Gabrielle: This place is filled with fear. I got to find Ms. Trunchbull and put an end to all this madness.

Ms. Trunchbull: Stand up straight, stomachs in, shoulders back!

Gabrielle: That's her.

Gabrielle walked up to a door and placed her ear up against it and listened in.

She heard Ms. Trunchbull say that she will make sure that she kills whoever owns a hair ribbon.

Gabrielle: That does it!

Gabrielle stepped back and charged and slammed through the door and landed on the floor and stood ready to fight.

Gabrielle: Agatha Trunchbull you will harm no more children today or ever!

The children cheered.

Lavender: We're saved!

Ms. Trunchbull: Who are you and what are you doing here you malignant monster?

Gabrielle: My name is Gabrielle Elizabeth Loud and I'm here to stop you from hurting anymore children you monster! Ms. Honey, this monster here murdered your dad and hurt lots of kids and she has to go.

Matilda: I had a feeling that Magnus didn't kill himself.

Ms. Trunchbull: That little man deserved it so I can get all his money and house and everything he owns!

Ms. Honey was infuriated and she punched Ms. Trunchbull in the face.

Ms. Honey: You killed my Father! You will pay for this!

Gabrielle: Wait Ms. Honey. Calm down. She will pay for it. You call the police and me and Matilda will handle this.

Ms. Honey: Yeah you're right.

Matlida: I will gladly help you. No more Ms. Nice Girl.

Gabrielle: Indubitably. Ms. Honey you need to evacuate the building. This is gonna get rough.

Ms. Honey: Okay. Come on children lets go.

The children ran and Ms. Honey knocked on all the doors and got everyone out of there.

Ms. Trunchbull got up and she had a nasty black eye.

Gabrielle: It's over Trunchbull. You are through.

Gabrielle spread her wings and had lightning arching around her hands.

Matilda: Wow! You look like a true angel from Heaven, Gabrielle.

Gabrielle: I know.

Gabrielle dashed and punched Ms. Trunchbull in the face and kicked her in the stomach. Gabrielle then placed her hand on the floor sent lightning flowing through it and it electrocuted the Trunchbull and she fell to the floor and was numb.

Gabrielle: Matilda it's your turn.

Matilda: You got it.

Matilda used her telekinesis and lifted the Trunchbull and threw her onto a big globe. She spun her around and Gabrielle fired lightning at the globe and it added an electromagnetic field that sped up the globes rotation speed. The globe threw the Trunchbull into the wall and she crashed into it and went through it and into another classroom. She got up and was dizzy. Seconds later a bunch of police cars arrive and a SWAT Team bursts into the classroom and slaps the handcuffs on the Trunchbull.

Officer: Agatha Trunchbull you are under arrest for 1st Degree Murder, multiple counts of Child Abuse Resulting in Grievous Bodily Harm, Multiple Counts of Attempted Murder and Child Abuse resulting in death.

The kids and Ms. Honey all cheered wildly knowing that the Trunchbull is going to prison for a long, long time. Ms. Honey moved back into her father's home after the police tracked down her Father's Will and Matilda and Gabrielle were having tea and cookies.

Unfortunately another surprise arrived. Harry and Zinnia Wormwood, Matilda's crime dealing mother and father came.

The FBI had more than enough evidence to prosecute them for Possession and sale of Stolen Property, and more.

Zinnia: Hey you. Hey come on we're leaving lets go. Get in the car. Hurry up.

Gabrielle intervened.

Gabrielle: You're not taking her anywhere.

Zinnia: Who are you?

Gabrielle: Someone you don't want to know. [Pulls out an FBI Agent Badge] Junior Agent Gabrielle Elizabeth Loud, FBI.

Zinnia: You're a speedboat salesman too?

Gabrielle: No. I'm not. I'm here to arrest you and relinquish Matilda from your custody and place her into the care of Ms. Jennifer Honey.

The cars from the FBI pulled up and arrested Harry, Zinnia and Michael Wormwood.

FBI Agent 1: Harry Wormwood, you and Zinnia are under arrest for possession and sale of stolen property, fraud, child abuse and several counts of neglect. You have the right to remain silent. Anything you say can and will be used against you in a court of law.

Matilda smiled at her parents being taken away.

FBI Agent 2: Good work Junior Agent Loud.

Gabrielle: Thank you. The new tracer badge is working like a charm.

FBI Agent 2: It sure is. We've got to go. These two are in for some hard time.

The FBI Agents drove off with the Wormwoods in custody. Ms. Jennifer Honey officially adopted Matilda. Matilda now has an awesome mother and is now a brilliant and loving girl. Ms. Honey is now the new principal of Crunchem Hall Elementary School. Gabrielle made a huge offer to have the whole school district merged with the Royal Woods School District and the superintendent accepted. I used my powers to beam the district to Michigan and all the kids and families moved to Royal Woods. The Honey residence now lives in my neighbor hood by our mansion.

Agatha Trunchbull was found guilty on all charges. They found out that she was a nasty serial killer responsible for the deaths of 25 kids. She is believed to be responsible for even more killings. She was sentenced to 30 terms of Life in Prison without Parole plus 5,834 years. Because her case was so high profile they moved her to a prison outside of the country. She was placed in the Lake Vostok Maximum Security Prison in Antarctica. Harry and Zinnia Wormwood were found guilty on all their charges and sentenced to life in prison without the possibility of parole for 50 years. Michael was placed into the foster care system.

Matilda now has lots of friends and she became friends with the Loud Siblings and is one of Laney's best friends.

THE END

Another Fanfiction Completed.

I watched the movie Matilda all the time back when I was a kid. Mara Wilson was awesome in this movie. It's a shame she can't act in movies anymore. I love how they drove Ms. Trunchbull away in the end. I read alot of fanfictions about what had happened to Matilda's parents in the end. Danny DeVito is awesome. He's one of the godfathers of Crime Films because of his gangster-like tone. (Imitating Danny DeVito) You gotta beef with me!? You talkin' to me!? Huh? You talkin' to me!?

I love those lines. Danny you rock. Pam Ferris did a really good job as Ms. Trunchbull. Rhea Perlman did a good job too along with Embeth Davidtz. Anyway let me know what you all think.

See you next time.

Matilda was based on the book by Roald Dahl.

Matilda the movie from 1996 is owned Danny DeVito, TriStar Pictures and Jersey Films.

Laney: Official Party Planners Laney, Riley, Lily and Crysta reporting for duty! [Reads clipboard] Lets see here. Decorations. [Walks over to the living room and sees Lucy, Naruto and Ino putting up black, Orange and Purple streamers and Double D, Gabrielle, Linka, Lana and Haiku were inflating Red, Blue, Orange, Brown and Black balloons] Uh Great Job guys. But do you think we should use all the colors of the rainbow for these decorations?

Lucy: We have to keep it low key remember?

Laney: I know but it doesn't scream party yet.

---

[Back in Lori and Carol's room, Leni gets out a plaid fabric.]

**Leni:** "And this is plaid."

Me: Pretty.

Varie: Plaid is my favorite. I've always wanted to make Scottish Kilts for all of us.

Leni: That is totes adorbs!

Ed: Aw Leni, I love it when you make great clothes.

Leni: Thanks Ed.

**Lincoln:** "So, um… is there a difference between plaid and checkers?"

**Leni:** " Huge difference! But to really help you understand, I should go get some samples from downstairs."

Me: [Gasps] Wait Leni!

**Lincoln:** [blocks the door so she can't get out.] "No! I mean, I have a more important question. Is it ever okay to wear jorts?"

**Leni:** [shocked] "O-M-Gosh, Lincoln! We need to go back to square one."

[We all sigh relieved. Leni grabs him and puts him on the bed.]

**Leni:** "I need to hydrate before we start." [leaves the room]

Me: Rose! No! I mean, BUTTERCUP!

**Lincoln:** [panicking] "TULIP! I MEAN, DAISY! The heck was that word?"

[Lucy, Naruto, Ino, Gabrielle, Edd, Haiku, Linka, and Lana are doing their decorations when they notice Leni.]

**Lucy:** [panicking] "Ah!"

Naruto puts up a genjutsu and Leni doesn't even know its all there under the cover of an illusion.

A Fart noise is heard.

**Leni:** [thinking she farted] "Oh, sorry, guys. Must've been something

I ate." [goes to the kitchen]

Ino: Good thinking with the genjutsu, Naruto.

Naruto: Thanks Ino.

[In the kitchen, Lola and Penny are frosting the cake, Sakura and Lynn pouring hot sauce on a sandwich, Matilda and Fu are making a pizza. Enter Leni.]

**Leni:** "Hey, guys!"

[The food making group yelp. Fu puts up a Genjutsu to hide everything and Leni doesn't see it all.]

**Leni:** "Oh, right. I forgot our new greeting." [screams and gets a glass of water; stops with inspiration.] "Even if we're not throwing Mom a party, maybe we should make her favorite cake."

**Lynn:** "You heard what Lori said. We're keeping it low-key."

[Enter Lincoln sweating and still panicking.]

**Me, Varie, Ed and Lincoln:** "DAFFODIL!" [breathes heavily]

**Leni:** [misinterpreting] "You're not ready for floral prints, guys."

---

[Back in Lori and Carol's room]

**Leni:** "Well, that covers everything!"

[Her whole room is filled with different design fabrics.]

**Lincoln:** "Literally."

Me: Yeah.

Ed: I love all of these colors.

**Leni:** "I'm gonna go gossip with Cliff."

**Lincoln:** "Wait!" [blocks the door] "Uh, hey, you're always looking for a dress model. Well…" [grins nervously] "… I'm your guy."

Me: Me too.

Varie: Same here.

Ed: Me three.

[Leni gasps and is now working on a new outfit with us as said models.]

**Lincoln:** [disgruntled] "My sisters owe me big time."

**Leni:** "What was that?"

**Lincoln;** "Uh, I said, I think we need to redo the hemline." [grins nervously again]

Scene shifts to me wearing a red, orange and yellow plaid Scottish Tartan Kilt that goes down to my ankles.

Me: Boy I look amazing in a Scottish Kilt.

Varie is wearing an Aqua Blue, Aqua Green and Dark Blue plaid Scottish Tartan Kilt that goes down to her ankles too. Leni made kilts of varying colors for everyone.

---

[Aylene, Tenten, Eddy, Shannon, Mikari, Luna and Luan are getting their props for the show and close their door loudly.]

**Lori:** [from the bathroom in a cleaning outfit.] "Keep it down, guys. Leni will hear."

Carol: [from the bathroom in a cleaning outfit as well] We don't want her to hear us.

Eddy: [Whispers] Sorry.

[They all nod and start tiptoeing down the hallway, but Luan's joke teeth fall out. Luna trips over it, yelps, lands with a thud and drops her instruments, making a loud crashing sound.]

**Leni:** [having heard the commotion] "What was that?"

Me: Nothing!

**Lincoln:** "Nothing! I didn't hear Luna drop her cymbals!" [realizes what he said] "Uh, I mean…" [sees Leni heading for the door] "DAFFODIL! DAFFODIL!"

[Aylene, Tenten, Eddy, Shannon, Mikari, Luan and Luna hide their props and stand casually as Leni comes by with Lincoln behind her.]

**Lincoln:** "Guys, you gotta-" [slips on Luna's drum, falls down the stairs, and lands with Walt flying around his head like a cartoon bird; dazed.] "Daffodil…"

[Edd, Gabrielle, Naruto, Ino, Linka, Haiku, Lucy and Lana stop their work under the genjutsu and help Lincoln up.]

Laney: Are you okay Lincoln?

Ino: Boy that was a nasty fall. Let me look you over.

Ino uses her Medical Chakra to look him over.

Naruto: I hope you didn't get a concussion Lincoln.

**Lisa:** "Lincoln, you need to get your proverbial act together."

**Lucy:** "Yeah. We'll never get this done if we have to keep starting over."

[Me, Varie, Ed and Leni come down the stairs with Lori and Carol right behind us.]

Me: Are you alright Lincoln!?

**Leni:** "Yeah. Are you okay, Lincoln? If you wanna jump down the stairs, I have just the thing: parachute pants! I know we're not having a party, but shouldn't we at least do a little decorating for Mom's birthday?"

**Lisa:** "To repeat, keeping it low-key."

Ino: He's all right everyone. He's just a little dazed but he will be okay.

**Lincoln:** Thank you Ino. [gets an idea] "But you know what we could use? A great card! Maybe one with a camel, in a space suit. Uh, that's also scratch-and-sniff. And that also says "Happy birthday from all of us"."

**Leni:** "Adorbs! But where would I find one?"

**Lincoln:** "The Hazeltucky Party Outlet!"

**Leni:** "Hmm. That's, like, three bus rides away. But it's for Mom, and she's totes worth it.

Ed: [gets an idea] Boing! And I'll come with you!

Leni: You will?

Ed: Yes I will. (Whispers to us) I'll make sure nothing bad happens to Leni.

Leni: Oh Thank you Ed my dumpling! I knew I could count on you. (Kisses his cheek) Bye!" [drags Ed and leaves]

**Lana:** [locks her brother into a playful noogie] "Nice thinking, big brother!"

Me: Way to go buddy.

Laney: Yeah! There's no possible way she'll ever find a card like that.

**Lucy:** "Can someone help me with the streamers?"

[Leni comes back and we all gasp. Lori grabs Lucy and tosses her to the other side of the room.]

**Lucy:** "Ah!" [crashes off-screen]

**Leni:** "I forgot my shoes!" [looks down and sees she's wearing them]

"Oh, wait. No I didn't. 'Kay, bye!" [leaves again]

[Everyone sighs relieved]

**Lori:** "Okay, we lost some valuable time, but we can still do this. Everyone back to work!"

Me: [Salutes her] Yes Ma'am!

Lori: [Notices my kilt] That is a great kilt J.D.

Me: Thanks Lori. Leni made it.

* * *

[Edd, Gabrielle, Naruto, Ino, Linka, Haiku, Lucy and Lana resume decorating after Naruto released the Genjutsu and Lana comes across a problem.]

Laney: How are we doing everyone?

**Lana:** "Not so good Lanes. I'm out of balloons.

Laney: Well, can you find a way to get some more?

Lana: Hmm… Ooh, I know! My emergency stash of ABC gum!"

[She gets some gum from under the banister, chews a piece, and blows a grody bubble to act as a balloon. Laney Shudders]

Laney: Uhh.. Okay. We can work with this.

Edd: That is a little unsanitary Lana. But we can work with that temporarily.

[Lucy runs out of streamers and uses some of Lana's emergency toilet paper from her pocket to act as a substitute. Lana walks away.]

[In the Kitchen, Riley looks at Lynn who is working on her sandwich and dumps a jar of jalapenos on it.

Riley: Isn't that a little too spicy for your mom Lynn?

**Lynn:** Nah. I know the mom-ster. She can handle anything [She takes a taste, gets her face red, feels steam coming out of her eyes, screams, and thuds.] [normal] "Still not hot enough." [pours more Tabasco sauce on it]

Me: Here Lynn. Put this on it.

I hand Lynn a bottle of hot sauce.

Lynn: [Reads the Label] "Chernobyl Nightmare Carolina Reaper Death Sauce, Caution, X-Tremely Hot" Now we're talking! Thanks J.D.

Me: You're welcome.

Pours the whole bottle on it.

[Riley looks at Lola's Cake.]

Riley: Lola, what kind of cake is that?

[Lola takes a taste of her cake and suddenly gets a serious sugar rush while running around and wailing like crazy.]

Varie: Whoa! Now that is a Sugar Rush!

Sakura: No kidding.

**Lola:** [normal] "Mm… still not sweet enough." [pours a sack of sugar onto the cake.]

---

[Meanwhile, Ed and Leni are riding the bus to the Hazeltucky Party Outlet]

Leni: Thanks again for coming with me sweetie.

Ed: No problem.

Leni: I'm glad we can get a card for Mom's birthday. She's the best mom in the word and I wish we could throw her the best party ever. But for some reason everyone keeps saying we need to go low key.

I just don't get it.

Ed feels really bad for Leni. All she wants to do is throw her mother a great party. Ed decides to tell her the truth.

Ed: [Takes a deep breath] Leni listen, I have a confession to make. We ARE planning Mrs. Loud a surprise party. We were just trying to make sure you didn't find out.

Leni: (Gasps) Why?

Ed: We were worried that you were gonna spoil the surprise.

Leni looks down.

Ed: But hey, I've noticed something. Leni, you may spoil surprises but you also know how to throw a good party, you think about what other people like and take the time to come up with new ways to make it better.

Leni: (Blushing) Aww, Ed!

Ed: You know what? Forget going low-key! When we get back home, we're gonna throw Mrs. Loud the best surprise party shes ever had.

Leni: Oh thank you Ed! You're the best boyfriend in the whole world! I love you!

Ed: I love you too Leni.

They kiss on the bus in front of everyone.

Everyone on the bus: AAAWWWWW!

[Later, we all is finished with our plans and are waiting for the guests when the doorbell rings.]

**Lisa:** "The guests have arrived."

Laney: Oh! Good! At least we all got that taken care of. [Lisa opens the door]

[Enter Flip eating a bag of chips and smacking his fingers like a slob.]

**Flip:** "How do!

I walk over.

Me: Flip!? What are you doing here!?

Laney: Yeah.

Officer Paul was with him.

Official Paul: He's on a special work release program for prisoners. Me and Officer Stacy are tasked with watching over him 24/7 and if he does anything cheap or anything like he was doing a while ago it's back to the Clink.

Me: Oh well. That's different.

Laney: As long as he doesn't cause any trouble.

Flip: Yep. Flip has a policy of never showing up empty-handed, so here!" [hands Lisa his gift and she can't lift it up because it was too heavy.]

**Lisa:** "Gadzooks! What is in this!?"

I lift it up and it was heavy.

Me: Geez! This present weighs a ton! [I shake it and hear coins jingling and metalic clanking] It sounds like loose change and something else is in here.

Officer Stacy: Flip found all that while he was working and we decided to give it to Rita Loud for her birthday.

Me: Oh. Cool. Thanks Flip. Thanks officers.

Officer Paul: You're welcome.

**Flip:** "You're welcome." [belches] "Eh, where's the grub?"

[Enter Mr. Grouse]

**Mr. Grouse:** "Eh, someone turn on the boob tube." [sits down next to Lana and turns on the TV.] "Ooh, color. Fancy."

[Enter Dr. Feinstein]

**Lisa:** "Dr. Feinstein! Greetings."

[Dr. Feinstein tips his hat to her and gives her a toothbrush.]

Me: Hello Doctor. I've been keeping my teeth clean. See? [I smile and my teeth are as white and sparkly as diamonds]

Dr. Feinstein: Good job J.D. [Gives me a toothbrush] Keep it up. See you in 4 months.

Me: Will do doc.

**Lucy:** "How in the world did you come up with this abysmal guest list?"

**Lisa:** "According to my algorithm, the people Mother encounters most are her employer, our cantankerous neighbor, and the owner of our local convenience store."

Me: Flip's is gone Lisa.

Lisa: Oh yeah. I forgot about that.

Laney: That happens to me too.

**Lucy:** "Just because she encounters them doesn't mean she likes them."

**Lisa:** "Well, just because she uses toilet paper doesn't mean she'll find it a suitable party decoration."

**Lana:** "Ugh, I told you we should've just stuck with my brown balloons."

**Lynn:** [sarcastic] "Yeah, because everyone wants their party to look like Cliff's litter box."

Laney looks like she's about to break down.

Lincoln: Laney are you feeling okay?

Laney: [With a forced Smile] I'm fine Lincoln. Maybe… Luan's having better luck.. finding good jokes?

[Enter Luan down the banister.]

**Luan:** "Hey, guys, I got some great jokes for the party." [clears throat] "Boy, Mom is so old, her social security number is 1! I would have invited guests for Mom's first birthday party, but they're all extinct!"

I laugh at Luan's joke.

Laney: Those are not the jokes I had in mind.

**Lori:** "I don't think Mom wants to hear jokes about how old she is."

Eddy: Yeah. You're right Lori.

**Luna:** "Boss man's got a point, dude. Why don't we just stick to my jams for the entertainment?" [strums her guitar wildly and wails at the top of her lungs.]

**Lola:** [unplugs the guitar] "Um, Mom is going to hate that! It'll make her ears bleed!"

**Luna:** "Right after her teeth fall out from eating your cake!"

[Flip eats a piece of Lynn's sandwich from the buffet table and due to its extreme spiciness, gets his mouth burned and he runs around screaming like a little girl and Officers Paul and Stacy are laughing hysterically as he frantically searches for water.]

**Lincoln:** "Lynn, what did you put in that sub? You're going to burn off Mom's taste buds!"

Me: Let me try some.

I try a piece of Lynn's sandwich and a massive Thermonuclear

Explosion goes off behind me in the background.

Me: Now that's good spice. Great job Lynn.

**Lynn:** "Thanks J.D. [To Lincoln] Don't criticize my job when you could barely do yours!"

[They all start arguing]

Laney: [Screams] ENOUGH! [All our eyes were on her]

Luna: Whoa! What's you're deal, Lanes?

Laney: I'll tell you my deal! The food's apalling, the entertainment is bad, the guests are awful! Sorry officers and doctor.

Flip: Hey, I resent that! [Burps]

Laney: And this does not look like a birthday party for mom! [Takes off her glasses and tie] I had one job with Riley and Lily to make sure mom had the best surprise party of her life. And we blew it! [Laney breaks down crying]

Varie comforts Laney

Lori: Yeah. This party literally stinks."

**Lincoln:** "You're right."

**Lola:** "Look at this mess."

[We all agree]

**Luan:** "I don't get it. Where did we go wrong? We've never thrown a bad party before."

**Luna:** "Are we missing something?"

**Mr. Grouse:** [changing the channels] "Yeah! A decent sports package!"

Me: By the way, how was your Christmas, Mr. Grouse?

Mr. Grouse: It was good J.D. thank you for asking. My family was so happy to see me.

Me: I'm so glad.

**Lincoln:** "[gasps in realization] "It's Leni! She may spoil all the surprises, but she's the only one who knows how to throw a good party."

Me: Leni? But doesn't she just spoils the surprise?

**Lynn:** "Lincoln's right. Leni actually thinks about what people like."

Varie: Yeah.

**Lori:** "We need to call her and get her back here right now." [calls Leni]

[Over at the Hazeltucky Party Outlet, Ed and Leni is looking at the different cards and opens one. But at the same time, her phone rings, making her think something.]

**Leni:** [oblivious to her phone ringing] "Ooh! A musical card!"

Ed: Cool!

[closes it and opens it again at another ringing cue.]"Mm. I don't think Mom would be into that." [puts it back] "I like it, though. I should make it my ringtone."

Ed: You do that my cinnamon roll.

[Back at the house]

**Lori:** "She's not answering!"

**Lincoln:** "We have to go get her!"

Me: I will stay here with everyone else.

Varie: Me and Laney will stay here too.

[The kids go to get Leni.]

[It's late and the kids return without Leni.]

**Lincoln:** "I guess we really blew it. We couldn't find Leni, and now we can't give Mom an decent-"

[As he steps in and turns out the light, someone familiar greets him.]

**Leni and Ed:** "SURPRISE!"

[Leni has a present, decorations are everywhere, cheesy brass music is playing in the background, and guests include Aunt Ruth, Albert, Pam, Ronnie Anne, Bobby, Maria, Bill and Jill, Mom and Dad and two other women. Flip, Mr. Grouse and Dr. Feinstein were still there along with officers Paul and Stacy]

Me, and Varie are talking to Albert and Laney is talking to Aunt Ruth.

**Leni:** "Oh. It's you guys. Hurry up and hide. Mom will be home any minute."

**Lori:** "Leni, what's going on?"

Riley: Yeah.

**Leni:** [guilty] "Don't be mad. I know you wanted to go low-key, but I found all this great stuff at the store, and I decided maybe we should go high-key. Doesn't Mom totally deserve it?"

Ed: (Also Guilty) And I was the one who convinced her to do it. Sorry guys.

Leni: [puts the present down and holds up the card Lincoln requested.] "Plus, I found that card you wanted me to get. It is totes cute. And it's a scratch and sniff, too!" [scratches the camel]

**Lola:** [takes the card, sniffs it and gags] "Ugh! Camel!"

**Lana:** "Give me that!" [takes it, smells it, and feels intoxicated.] "Ah, camel…"

[At that moment, they hear their dad outside.]

**Lynn Sr.:** [acting] "I guess I'll put in the key and open the front door now!"

**Leni:** [gasps] "Mom's here!"

[Everyone gets into a hiding spot and the parents come in and the guests burst out.]

**Us, the Kids and guests:** "SURPRISE!"

**Rita:** [gasps with joy] "Oh my goodness!"

**Leni:** "Happy birthday, Mom!"

Me: Happy Birthday Ms. Rita.

**Rita:** "Oh, kids, you've really outdone yourselves. Look at these decorations. You remembered violet is my favorite color." [smells something] "And do I small pad thai?"

**Leni:** "Yep. And German chocolate cake for dessert."

**Rita:** "Thank you so much, kids. This is the perfect party."

**Lincoln:** "Actually, you should thank Leni. We tried to do this without her, but it was a disaster."

**Leni:** Don't worry guys. I know about that. Ed told me.

Ed: (Guilty) Sorry.

**Lincoln:** "Uh… yeah. We're sorry, Leni. We were afraid you'd spoil the surprise. We didn't realize you're the only one of us thoughtful enough to make a party really special."

**Lori:** "In fact, from now on, how would you like to be our official party planner?"

Leni: But I thought Laney was the Party planner along with Riley, Lily and Crysta.

Laney: Not anymore. I thought we could handle the pressure of planning the perfect party

Riley: But we don't even know what Ms. Rita likes.

Lily: [Hands Leni her Clipboard] Here Leni. You deserve this more than us.

**Leni:** [claps excitedly] "Yay! Thanks, you guys." [to her father] "You hear that, Dad? I'm planning your surprise party next! But don't worry. I'll send you an invitation."

[Everyone else in the room facepalms from Leni's big spoiler.]

# An Antidote for Addiction

This is a fanfiction created by my friend Harburton81 twisted from my perspective.

(It's very early at the Knudson-Loud-Anderson House. Lana wakes up, yawning, she see's Lola sleeping with her sleeping mask on)

**LANA:** Lola always needs her beauty sleep. So, that leaves me to get breakfast to myself.

(Lana got out of bed and stretches her back, she slides on the banister and land on the couch)

**LANA:** (to the viewers) You may know why I slide on the banister, it's better than walking on the stairs, and it's faster too.

(Lana went to the kitchen and look for something to eat, she look in the freezer for waffles, nothing. She then check in the breadbox to make toast, but no loaves, she check in the pantry, nothing)

**LANA:** Uggh, I can't find anything!

(She punches the pantry in anger, and a box of dog biscuits fell on her, she got up and look at the box)

**LANA:** (sighs) I got nothing left to lose.

(Lana opens the box and take a dog biscuit out, she tries one and she then devours it)

**LANA:** Eh! Not bad! These are great!

I come in.

Me: Morning Lana. Are you eating dog biscuits?

Lana: Yep. I couldn't find anything to eat so I'm eating these and they are good.

Me: I ate these long ago when I was three and they were nasty.

Lana: It's not so bad.

Me: For you maybe, but not for me. But enjoy them.

I leave after getting a glass of water.

(Lana then begins eating all of the dog biscuits, she then lie on the floor with a full stomach, she rubs it and burps)

**LANA:** That was so good. (burps) Yeah.

FIVE MINUTES LATER

(Everyone else wakes up and head downstairs to the kitchen, they find Lana on the floor, with her stomach full)

**LINCOLN:** There you are, Lana. We was all looking for you.

(Lori then sees the empty box of dog biscuits next to her foot, she picks it up)

**LORI:** Lana, did you literally eat all these dog biscuits?

**LANA:** Yep, the whole box. I couldn't find anything to eat, so I tried one and they're really good.

(Lori shakes the whole box and it's nothing but crumbs)

**LINCOLN:** I was gonna make you all pancakes.

**LANA:** No need, I already eaten the dog biscuits, but your pancakes are so good, I'll guess I get them a go.

(Lana sits at the dinner table with the others and Lincoln serves them, including himself, each a stack of pancakes, they eat their breakfast)

Varie: Lincoln, your pancakes are always very good.

Lincoln: Thanks Varie.

Aylene: I agree. You make awesome breakfasts.

Laney: Yep. You make delicious food with love big brother.

TWENTY MINUTES LATER

(Everyone went upstairs to get dressed, Lana puts her hat on and comes out of her room and into Lori's room, Lori put her slip-on shoes on her feet)

**LORI:** Hey, Lana, what can I do for ya? - Lori ask

**LANA:** Can you drive me to the pet store real quick? - Lana ask

**LORI:** Sure, meet me outside near the van in 5 minutes. - Lori accepted

**LANA:** Thanks, Lori! - Lana said happily

(Later, in Vanzilla, Lori drives Lana to the pet store and she runs inside the store)

**CLERK:** What can I do for you, sweetie?

**LANA:** I need dog biscuits! I need them, now!

**CLERK:** Aisle 1, sweetie. (She frantically runs to the first aisle and grab a box of, none other than, dog biscuits. Lana put them on the counter and she give the clerk a $20, she gives Lana a receipt and she runs to the car, Lori looks at the bag)

**LORI:** Dog biscuits, it has to be dog biscuits.

(She then drives the two back home and Lana runs inside, she see Charles with his bowl empty, meaning he's hungry)

**LANA:** Sorry, Charles, these are for me.

(Charles winces in sadness, Lana felt sorry and gives the dog a box, she opens it and fills his bowl with dog biscuits)

**LANA:** Eat up, Charles. (Lana pets Charles on his head and leaves)

(In Lana's room, Lola walks in and see's crumbs all over her floor, she glares at Lana, who's eating a box of dog biscuits)

**LOLA:** Lana, what is the meaning of this?! I just vacuumed your floor!

**LANA:** Just having a little snack.

**LOLA:** Where the boxes at?

(Lola see's the empty boxes on Lana's bed. Enraged, Lola tackles Lana and Me, Laney and Lincoln see this and we run in there and break them up)

Me: All right you two that's enough!

Laney: What's going on here?

**LINCOLN:** Yeah! Why are you too are fighting?

**LOLA:** Lana got her stupid dog biscuits boxes all over her bed! And I just cleaned her room!

(We see's all the empty boxes)

Me: Holy Jars of Peanut Butter!

**LINCOLN:** How many boxes have you eaten?!

**LANA:** I dunno, maybe, two or three boxes.

(Lincoln and Lola glares at Lana)

**LANA:** Okay, seven boxes! Now, if you need me, (pulls out a newspaper) I need to tinkle!

(Lana zooms to the bathroom, Me, Varie, Laney, Lola and Lincoln stare at each other; It shows them cleaning up Lana's room, Lincoln is vacuuming the floor, as Lola is putting all the empty boxes in a waste bin)

The next scene shows me, Varie, Aylene, Laney and Lincoln cleaning Lola's Room.

**LOLA:** Thanks for helping me clean my room, guys.

Me: No problem my little princess.

**LINCOLN:** You're welcome, it's the least we can do.

Varie: I agree. I love helping out.

Laney: Anything for my Little Sis.

(Lola and Lincoln hug each other, they walk out of the room to see a trail of crumbs on the floor. Suspicious, We follow the trail downstairs and outside, we find the trail and it leads to the garage, we open it and find Lana eating another box of dog biscuits, we glare at her)

Varie: More Dog biscuits!?

Laney: Lana! Come On!

**LOLA:** Are you kidding me?! You need to stop this!

**LANA:** Hey, I love dog biscuits and that's that!

(Lana take her boxes and leaves in anger, Me, Varie, Aylene, Laney, Lola and Lincoln take the empty boxes and we throw them in the trash bin)

**LOLA:** Man, why won't she stop eating these?!

**LINCOLN:** It's Lana, Lola, she loves eating gross and/or weird things, she eats moldy pudding, but she refuses to eat a PB & Sauerkraut sandwich!

**LOLA:** (livid) I'm gonna do something about this!

**LINCOLN:** (put his hands on Lola) Calm down, Lola. Calm down. What's the worse that can happen?

**LYNN:** What are in these things?

**LISA:** Well, there's Manganese Oxide, Bacon Fat, Wheat Bran, Folic Acid, and a bunch of other harmful ingredients. These are very bad for humans and their health.

Laney: Lana needs help fast!

**LORI:** Call 911, she needs help!

I go to the phone and call 911.

Operator: 911 what's your emergency?

Me: Hello we have a little girl sick from eating too many dog biscuits and we need an ambulance immediately.

Operator: (skeptical) A little girl ate dog biscuits? That's unusual.

Me: I agree, but we think she might be poisoned.

Operator: We're sending an ambulance over. What's the address?

Me: 1142 Harrington Ave.

Operator: The Knudson-Loud-Anderson Estate? They should be right there now.

Me: Thank you. Bye.

Sirens were heard and the EMT's came in with a gurney.

EMT 1: Where is she?

Me: This way. (I lead them to her room) Her name is Lana Loud and she is 6 years old and she ate numerous boxes of dog biscuits.

EMT 1: That's weird. This has happened before.

Me: Really? When was this?

EMT 1: It was 3 years ago. A kid had eaten a lot of boxes of dog biscuits and died from severe Manganese Oxide Poisoning.

Me: That's terrible.

We go into Lana's room and she was responsive and we lifted her onto the gurney and Lisa and Varie checked her with the EMT's.

(Later At the hospital, Lana, in a hospital gown, is in a hospital bed, she wakes up and sees Me, Laney, Varie, Lincoln and Lola)

(Lola and Lincoln hugs Lana, Lincoln handed Lana a glass of water and she drinks it)

**LANA:** Thanks, I promise, no more dog biscuits.

**LOLA:** I'm proud of you, Lana.

Lana: That's okay.

(We hug Lana once more, she sips her water)

Varie: Get some rest okay?

Lana: I will Varie.

A MONTH LATER

(We are all watching TV in the living room, Lori walks in through the front door)

**LORI:** Hey guys, we have a visitor from the hospital.

**LANA:** (walks in) Hey guys. I'm back from the hospital.

**LINCOLN:** Lana!

(Lincoln runs to Lana and hugs her)

**LINCOLN:** It's good to have you back, Lana.

**LANA:** It's good to be back, Lincoln. C'mon, let's watch TV.

(Everyone watch TV)

**LUNA:** It's good to see you not eating dog biscuits, dudette.

**LANA:** Thanks, I'm gonna leave them to Charles. Speaking of Charles…

(Lana has a dog biscuit and toss it to Charles, he jumps and ate his treat, Lana rubs Charles' head and walk away)

Me: Glad you're back Lana.

**LANA:** Me too. I'm gonna get something from the kitchen, be right back.

**LORI:** Okay, Lana.

Lily: I'll come with you.

(Lana and Lily walk in the kitchen and to the fridge)

**LANA:** (to the viewers) I've learned my lesson, my addiction to dog biscuits can annoy my sisters and brother, but I've given up on it and now, I'm over dog biscuits.

Lily: That's great.

(Lana and Lily have a peanut butter and sauerkraut sandwich and Lana checks if no one is looking and she takes a bite of the sandwich)

**LANA:** That's so good.

**LINCOLN:** (walks in with his sandwich) Is it, Lana. I knew you like them.

Lily: Lincoln introduced me to this sandwich when I was still a baby before I got my powers.

Lana: I didn't know that Lily.

**LANA, LILY AND LINCOLN:** Cheers.

(They clink their sandwiches, Lana, Lily and Lincoln eat their sandwiches and they each burp, they share a laugh with each other)

**THE END**

**AND NOW A SPECIAL MESSAGE FROM THE LOUD HOUSE**

Me: Wasn't that a great episode everyone?

We all cheer.

Me: Now Addiction is never a good thing for everyone folks. Lots of people take lots of bad things and get addicted to it.

Lincoln: Smoking, Cocaine, Heroin, Meth, Alcohol, you name it. It's all very addicting and it can mess you up bad. Drugs and Alcohol can even land you in prison for a long time.

Laney: Addiction ruins your life, your family and even hurts your friends and neighbors.

Me: Addiction is not just a major problem, it's a disease. You have the power to stop using these things. If someone you know has a problem with addiction, tell them to get help fast. Remember to say "No" to drugs and all that.

Luna: That's right dudes.

Me: See you all next time.

Everyone: (Waves) Bye!

The Message was brought to you by the Foundation of Alcoholism Research, The United States Drug Enforcement Agency, and the National High Organization.

Another Fanfiction Completed.

I would like to thank Harburton81 for letting me use his fanfiction "An Antidote for Addiction." This was a great story he wrote. I did not eat dog biscuits in real life but they taste awful.

See you all next time.

# Changing the Baby

It starts out in the Living Room. Me, Varie, Aylene, Laney and Lily are laughing as we're looking through a photo album. Lincoln comes in.

Lincoln: What are you guys doing?

Me: We're looking through a photo album of some of Lily's fun times.

Lincoln: Neat. Can I look too?

Me: Sure. The more the merrier.

Lincoln sat down with us and saw one photo in particular.

Lincoln: I remember that. I was trying to show Lily all the things I like.

Lily: I remember that.

[Flashback]

**Lily:** [starts mashing buttons and giggles.]

**Lincoln:** "That's it! You don't have your own things yet! You're like an unformed lump of clay! But if I can mold you, then someone in this house will finally like the things I like!"

[Enter Clyde]

**Clyde:** "Hey, Lincoln! What has two thumbs and totally wants to hang out with his best friend?" [points to self]"This guy!"

**Lincoln:** [shoves Clyde out the door] "Sorry, Clyde. I'm in the middle of something important. I'm changing the baby."

**Clyde:** "'Something important'? But what's more important than hanging out with this guy?" [points to self again on "this guy" and looks in the window.]

**Lincoln:** "It's just you and me, Lily! We're gonna have the best time together!"

[Lily giggles and Clyde's thumbs deflate.]

**Clyde:** "Lily?!"

[Lincoln's room; Lincoln is showing Lily all of his material possessions.]

**Lincoln:** "Here are all the things that make life worth living."

**Lily:** [reaches for her blanket] "Blankie!"

**Lincoln:** [takes blanket away] "No, no, no. You don't like this. You like this." [turns on a movie] " **Starship Groupers** ! My favorite underwater intergalactic adventure." [playing with model of the ship from the movie.] "Pew-pew-pew! Check this out. It's a 500-piece replica of the starship." [to the viewers] "Built by yours truly." [sees Lily's interested in it.] "Oh, you like it? Here you go!" [gives it to her]

**Lily:** [giggles and starts playing.] "Pew-pew! Pew-pew!"

**Lincoln:** "That's right! Pew pew pew!" [Lily starts shaking it.] "Uh, Lily? You gotta, you know, try to be…" [Lily tosses it into the air.] "…careful!"

[The model crashes onto the floor and shatters.]

**Lily:** "Pew-pew…?"

**Lincoln:** [holding back angst] "That's okay. I wanted to get the 600 piece model anyway."

[Flashback ends]

Lily: Sorry I broke your model big brother.

Lincoln: That's alright Lily. [Sees another good photo] I showed you my coin collection in this one.

[Flashback]

[Lincoln shows off his coin collection to Lily.]

**Lincoln:** "Coin collecting is an awesome hobby, Lily. You collect coins from all around the world, then spend hours of fun carefully organizing them by country and denomination." [picks up his Zloty] "Who loves a Zloty? Lily does!"

[Lily looks at the Zloty then grabs and shakes the entire collection book.]

**Lincoln:** "Uh, Lily?"

[Lily stops shaking and smacks Lincoln with the book.]

**Lincoln:** "Thanks Zloty…"

[Flashback End]

We laugh.

Lily: I remember that. You got me into collecting coins. [Lily pulls out a coin book and it had a vast array of coins from many countries around the world and there were some bills from several countries as well]

Lincoln: Wow! You've been busy Lily. I didn't even know that there were different dollar bills from around the world too.

Me: There are different kinds of currency from around the world Lincoln. The United States Dollar is not the only form of currency.

Lincoln: That's true.

Lily: [Notices another photo] Here's another one. You introduced me to your favorite sandwich.

[Flashback]

[Lincoln is giving Lily lunch with his favorite sandwich.]

**Lincoln:** "This is my favorite sandwich, Lily. Peanut butter and sauerkraut. You can't chew it yet, but…" [blends it up and pours it in her sippy cup.] "… you can drink it!"

**Lily:** "Poo-poo!" [giggles]

**Lincoln:** "Cheers!"

[They eat and drink their sandwiches, belch and laugh.]

[Flashback Ends]

We laugh again.

Lily: Mmm. Peanut Butter and Sauerkraut.

Me: I don't like sauerkraut that much.

Aylene: Me neither.

Laney: I don't like sauerkraut that much either. I like it on my hot dogs but not by itself.

Varie: Well. Everyone has their own tastes.

Lily: That's true. [Notices another photo] Here's a good one. You introduced me to comic books.

[Flashback]

[Lincoln is showing her an Ace Savvy comic book.]

**Lincoln:** "Okay, Lily, this is my favorite crime fighter, Ace Savvy. And this is an Ace Savvy mobile I made for you." [spins mobile] "Now look into the mobile. You will love Ace Savvy. You will love Ace Savvy."

[Lily's eyes start going into what looks like a hypnotic state.]

**Lincoln:** "Yes! That's my girl!"

[Lily suddenly throws up revealing she was just dizzy from watching the mobile spin.]

**Lincoln:** "I guess we should have done this before the peanut butter and sauerkraut."

[Flashback ends]

We all laugh.

Lily: Sorry I throw up on you Lincoln.

Lincoln: That's alright.

Lily: [Notices another good photo] Here's how I became the Queen of The Arcade.

[Flashback]

[Lincoln and Lily are at the arcade, and Lily wins a ton of tickets on a game.]

**Lincoln:** "Way to go, Lily!"

[Lily giggles cheerfully while Clyde spies on them in a toy grabbing game; Lincoln and Lily hit the hobby shop where Lily gets a toy plane and makes propeller sounds and Clyde is wearing a mask disguised as a news stand man while watching them]

[Flashback Ends]

Me: Wow. You literally dominated the Arcade.

Lily: I know. [Notices another photo] Here's us at the Clothing Store at the mall.

[Flashback]

**Lincoln:** "Put your arms up."

[Lily does so and Lincoln puts an orange shirt just her size on her.]

**Lincoln:** "Let's see if we can find you a white wig."

[Lily forgot her blanket and grabs it.]

**Lincoln:** "Hurry up, Lily."

[Flashback End]

Laney: Wow. Orange looks really cool on you Lily.

Lily: Thanks Laney. [Points to another photo] Here's us at the park.

[At the park, Lincoln and Lily are playing Chess with some senior folks and Lily wins her game, leaving her opponent in shame.]

**Lincoln:** "Amazing! You really are the best!"

**Lily:** [reaches for her blanket] "Blankie!"

**Lincoln:** "You don't need this anymore, Lily." [tosses Lily's blanket in the trash.]

[Flashback Ends]

Lily: That was my first ever Chess win.

The other siblings, Carol, the Ed's, Matilda, Naruto, Sakura and Fu, Terra, Starfire, and Raven came over.

Lori: Hey guys. What are you all doing?

Me: We're just looking through a photo album.

Lily: It's all my past adventures.

Lynn: Oh I remember this book. Good times. [Notices a photo] Here's one I remember.

[Flashback]

**Lincoln:** "Rise and shine, Lily! We've got a lot to do today." [discovers that Lily's not in her crib and panics.]

**Lynn:** [outside] "Now batting, Number 2, Lily Loud!"

**Lincoln:** [peeks out to see Lynn is training Lily to play Baseball.] "Huh?" [rushes outside and dodges a fastball.]"Wah! Lynn, what are you doing?"

**Lynn:** "Dude, you're not the only one in this family who doesn't have anyone to do stuff with. Lily's gonna be my sports buddy."

**Lincoln:** "Hey! This was my idea, and I want her back!"

**Lynn:** "You don't own her! She wants to hang with me!"

[Flashback End]

We all laugh.

Lily: Yeah you got me into the sports world Lynn. I am now a baseball star like you. Let me show you.

Lily and Lynn walk over to the Loud Trophy case and Lily pointed to a gold trophy with a baseball on top.

Lily: See?

There was a writing on it.

Lynn: "Lily Loud for Winning the Royal Woods Baseball Championship." Wow! Lily, I'm so proud of you!

Lily: Thanks Lynn.

They go back into the Living Room.

Luan notices a photo.

Luan: I remember this one.

Lily: Oh yeah.

[Flashback]

**Luan:** "Introducing Luan Loud and her amazing dummy, Lil Lil!" [holding Lily who is dressed like Mr. Coconuts in the same position as him.] "Say, Lily, who's your favorite singer? Lady…"

**Lily:** "Gaga!"

**Luan:** "What's your favorite Hawaiian platter?"

**Lily:** "Poo-poo!"

[Flashback ends]

Me, Varie, Aylene, Naruto, Sakura, Fu, Carol, Eddy and Luan laugh.

Eddy: (Laughs) Poo-Poo Platter! That was too funny.

Carol: That was hilarious!

Lily: You got me into jokes Luan. What song did they play when the cookie got married?

Luan: I don't know. What?

Lily: Here CRUMBS the bride! [Rimshot]

We all laugh.

Eddy: (Laughing Hysterically) That was too funny!

Luan: (Laughing) Good one Lily.

Carol: (Laughing) That was funny.

Lily: Thank you. [Notices a photo with 2 photos underneath it] I remember this one. Lucy you got me into ghosts.

[Flashback]

[Lucy is dressing Lily up in goth fashion and showing her photos of the deceased.]

**Lucy:** "This is Grandma Harriet. And this is Abraham Lincoln."

[Flashback Ends]

Lucy: I remember that.

Lily: Me too. Lucy, I now can see ghosts and talk to them like you can. [Lily holds up three photos of historical figures] These are them.

Lucy: [Looks at the photos] Gasp! William Howard Taft, Thomas

Alva Edison and Margaret "Molly" Brown? Wicked.

Me: America's 27th President William Howard Taft, Thomas Alva Edison the Inventor of the Light Bulb and the Unsinkable Molly Brown who helped the survivors of the Titanic? That's cool.

Laney: Those are all some of my favorite historical figures.

Naruto was scared out of his mind and he was hiding under the table.

Me: Naruto? Are you okay?

Naruto: (Scared) Guys please. No more talking about ghosts please!

Me: I had no idea that ghosts scare you little brother.

Naruto: I know. I can't help it. They scare me.

Lily: I'm sorry Naruto. We had no idea.

Naruto: It's okay guys. You didn't know.

Edd: Being scared of ghosts and spirits is quite normal for some people. It's scary for most people because of their own personal fears.

Me: That's true.

Sakura: It's okay Naruto. You can come out now.

Naruto: I'm sorry guys.

Fu: It's alright Naruto.

Lori: I remember this one [Points to a photo]

Lily: Oh yeah. You got me hooked on your favorite romance show.

[Flashback]

[Lori is showing Lily her favorite reality show.]

**Lori:** "Now, Dylan can only pick one girl to spend the rest of his life with. And it'd better be Marisol."

**Lily:** [blows a raspberry of disagreement.]

**Lori:** "Yeah, you're right. Maybe he will be happier with Tiffany."

**Lincoln:** [slides down the banister] "Give her back, Lori!"

**Lori:** "Why should you get her? I've literally been waiting 17 years for someone in this family who likes the things I like!"

[Flashback Ends]

We all laugh.

Terra: That sounded like a cool show.

Anastasia: It's one of my favorites.

Leni: I showed Lily my fashion magazines too.

Lily: Oh yeah.

[Flashback]

**Leni:** "HELP!"

[Lori and Lincoln rush to Leni's rescue and discover she's stuck in Lily's crib.]

**Leni:** "Oh, thank goodness. I got in here to show Lily my fashion magazine, but now I can't get out of this baby prison!" [bawls like a baby]

[Lincoln and Lori help her out.]

**Lincoln:** "Upsy-daizy."

**Lori:** "There you go, Leni."

**Leni:** [grateful] "Agoo."

[Flashback Ends]

We all laugh.

Ed: Aw Leni. You are always so adorable.

Leni: Thank you Ed.

Eddy: Shut up Ed.

Lisa: [Lisa points to a photo] Here's a peculiar moment.

Lily: Yeah you had me hooked up to all sorts of science equipment.

[Flashback]

[Lisa suddenly starts laughing evilly and has Lily strapped to one of her machines to use her as a test subject.]

**Lily:** "Poo-poo?"

[Lisa is about to throw the switch but Laney stops her.]

**Laney:** "Lisa, Are you nuts?!"

**Lisa:** "Come on, Laney! No one in this family ever willingly lets me do experiments on them!"

Laney: Yeah. For a reason!

**Lincoln:** "Lisa! She's a baby!"

**Lisa:** "I was going to give her a sucker afterward." [holds out a lollipop to which Lincoln facepalms.]

[Flashback Ends]

Me: Was that an intelligence enhancing machine, Lisa?

Lisa: Affirmative. I wanted to increase Lily's brain capacity and let her use the full potential of her brain power.

Matilda: Interesting machine Lisa. Humans can only use 10% of their brain power and if we unlocked it all we would be able to reach omnipotent levels.

Lisa: Precisely.

Gabrielle: (British Accent) I saw that potential. Matilda can use 68% of her brain power according to our standards.

Me: Wow. That's incredible.

Varie: No kidding.

Penny: All that stuff hurts my head.

Me: It's complicated Penny but you figure how it works over time.

**Luna:** [Points to another photo] I remember this one dudes.

Lily: Oh yeah. You got me into music Luna.

[Flashback]

[Luna is jamming with Lily on drums and gets up on her bunk bed.]

**Luna:** "STAGE DIVE! WOO!" [dives off her bed right towards Lily who has a bad feeling about this and Lincoln and their sisters push her out of Lily's way.] "WOO!"

**Lincoln, Lori, Leni, Luna, Luan, Lynn, Lucy, and Lisa:** [see she's gone again] "Where's Lily?!"

[Flashback ends]

Lily: I'm now in a band. I'll be right back.

Lily goes to her room and comes back with her instrument. She plays the trumpet.

Me: The trumpet. Cool.

Lily: Yep. Here's one of my favorites.

Lily plays Tchaikovsky's "March Of The Toy Soldiers" from The

Nutcracker Suite and Laney is dancing to it.

Me: This is one of my favorites.

Varie: Mine too.

Lisa: "March Of The Toy Soldiers." Brilliant choice.

I play along with her on my violin and when the song was finished we applauded.

Lori: Great performance!

Luna: Bravo dudes!

Lisa: Affirmative it was a sensational performance.

Lily: Thanks guys.

Lincoln: Great dancing Laney.

Laney: Thanks Lincoln.

Shannon: You dance really well Lanes.

Laney: I know.

Linka: You are a great dancer Laney.

Edd: Bravo ladies.

Aylene: I agree.

Starfire: Glorius!

Raven: Beautiful music guys.

Lily: Thanks guys.

Lana: The rest went south from there. I wanted to introduce you my habits and Lola wanted to introduce you her habits.

Laney: Everyone wanted to make you their own version of them.

Lily: I know and in the end I learned everything from you guys. But it was Lincoln that taught me the most. [Lily hugs Lincoln.] Thank you big brother.

Lincoln: You're welcome sis.

Everyone: Aaaawwwwwwww!

THE END.

Another fanfiction completed.

I would like to thank Vinjedi1995 for the idea of the flashback chapter. Thank you man. To tell you all the truth I wanted to do this chapter for a while but I didn't know how to set it up. Thanks again for helping me with this man. This was a good one for me. But Vinjedi1995 deserves most of the credit. Let me know what you all think.

See you next time. And have a Happy New Year and Happy 2018!

# Plan for Babysitting

It starts out with me, Varie and Lincoln waking up in Lincoln and Linka's room.

[Lincoln wakes up]

**Lincoln:** "Ah, Sunday mornings. My homework's done, my chores are complete, and I'm looking forward to a whole day of freedom!" [gets out of bed and starts dancing with joy.]

Me: Woo! You said it buddy.

Varie: I can't wait to have some fun.

Linka: Me too!

**Rita:** [from downstairs] "RISE AND SHINE, KIDS! WE'RE GOING TO AUNT RUTH'S TODAY!" [Her news causes Lincoln to stop dancing.] "YAY!"

**Lincoln:** [frightened] "Aunt Ruth's? Today? NOOOOOO! Visits to Mom's aunt are torture."

Me: Why do you say that Lincoln?

Varie: Yeah. It can't be that bad.

Linka: Going to Aunt Ruth is a total nightmare. In my dimension where I'm from we called her Uncle Rudy.

Me: That's different. But What's so bad about your Aunt Ruth?

[A montage of all the things they do at Aunt Ruth's is shown. First Aunt Ruth is laying in her chair and the Loud Siblings are bored out of their minds as they are looking at a slide show.]

**Lincoln: " She makes us look at a million pictures of her cats."**

**Ruth:** "Here's Mittens in Egypt. We were going to visit the pyramids, but Mittens hates the heat." [cuddles Mittens]"Don't you, baby?"

[Cut to them eating something questionable.]

**Lincoln:** " **She feeds us gross food.** "

**Lori:** "Ew. When was this pudding made?"

**Lisa:** [examining the can] "Seeing as this flag on the label only has 48 stars…"

[Cut to Lincoln cleaning out the cats' litter box.]

**Lincoln:** " **And she always singles me out to do special chores.** "

**Linka: Uncle Rudy did the same thing to me in my dimension.**

**Ruth:** "And when you're done scooping, you can start rubbing these bunions. Don't forget my extra toe!"

[A sixth toe protrudes from her left foot.]

[Lincoln cringes in disgust.]

**Lana:** "Lucky."

**Lincoln:** " **The only Louds who get to skip out on Aunt Ruth's are Lily and Dad.** "

[Lily pulls on one of Ruth's cats' tails. End montage.]

Me: Okay I stand corrected. Geez! That is a nightmare from H-E Double Hockey Sticks.

Varie: No kidding.

Linka: Yeah.

**Lincoln:** "Aunt Ruth still doesn't trust Lily around her cats even though she's now a 10-year old and has powers. So Dad stays home and babysits her. Lucky."

Me: Boy it's a miracle you all haven't gotten botulism from the pudding. If the label said it only had 48 stars on the flag of the USA then that means it was made in the early 1950's before Alaska and Hawaii officially became states.

Linka: YUCK!

Varie: That's disgusting!

Me: No kidding. (Gets an idea) I have an idea! Lets go talk to Mr. Lynn and Ms. Rita. [Scene cuts to Me, Varie, Lincoln and Linka in Lynn Sr. and Rita's room] So I was thinking that maybe we can have a baby-sitting plan. Where one of us will babysit some of the kids while the rest go to Aunt Ruth's.

**Lynn Sr.:** "Hmm. You know J.D. that's not a bad idea. I think it will be perfect for the family.

Rita: That's a wonderful idea. We will set it up right now. Who is going to babysit first?

Me: Well it was my idea so I'll go first.

Lynn Sr.: All right. Who do you want to stay back?

Me: Hmm. Luna, Gabrielle, Lynn, Shannon, Anastasia, Lincoln & Linka, Lucy, Laney, Lola, Penny, Lisa and Lily.

Rita: That's perfect.

Me: By the way, how often do you guys go to Aunt Ruth?

Rita: Once every 3 weeks.

Me: That's perfect.

Rita: Are you all sure you can handle it? Babysitting is a huge responsibility.

Me: I know. I'm ready for it.

**Lincoln:** "Yeah and I've learned a ton about babysitting from Lori, Carol and Leni. Not to mention the real pros: you guys."

**Rita:** "He's got a point, honey. And talk about a win-win. You'll get to spend the whole day with Ruthie!"

[Lynn Sr. drops his coffee mug in despair.]

---

Me, Varie, Luna, Gabrielle, Lynn, Shannon, Anastasia, Lincoln & Linka, Lucy, Laney, Lola, Penny, Lisa and Lily are standing by the door and Lynn Sr. and the rest of the girls, Liam and Zach await the inevitable with Ruth.]

**Lynn Sr.:** "If I have to see that extra toe, so help me…"

**Lori:** [bitterly to us] "Lucky…"

**Lincoln:** "It's not luck. It's strategy. Have a great day!"

Me: I'm sorry Lori. But try to stay sane. Next time you and Carol will stay back and be with us.

[Lori sighs and heads to the car. Lincoln closes the door and the Loud Kids cheered.]

Luna: This is an awesome idea dude!

Gabrielle: [British Accent] Agreed. I can't wait to have some fun.

Lola: I'm so glad I'm not looking at pictures of cats right now.

Laney: Me too. This was a genius plan J.D.

Lily: I still don't understand why Aunt Ruth still doesn't trust me even though I'm grown up.

Me: Paranoia I think.

Lisa: It's possible that her love for her cats is so strong that she is willing to protect them by any means necessary. Even by having you stay back Lily.

Lily: I see. Well that's all right. I love being with you all.

Anastasia: This is gonna be fun guys.

[Just then, Clyde contacts Lincoln.]

**Clyde:** "Come in, Lincoln! It's Clyde. Are we hanging out today?"

**Lincoln:** "I'd love to, buddy, but I'm helping J.D. with babysitting part of the family and you probably don't want to-"

**Clyde:** [excited] "Are you kidding? I'm great with baby-sitting. I'll be right over." [beat] "And out. Over and out."

Clyde is over with us.

Me: Okay, our first activity is half an hour of music playing.

Luna: Rockin'!

Lily: I love music!

Me: I know.

Luna's Room

We each have several instruments and we play one of my favorite songs: Lorenna McKennitt's "The Mystic's Dream."

As we play and Lily sang, an illusion forms around us being in some of the most beautiful places on the planet. First we are in Torres Del Paine in Patagonia, Chile.

The Mountains of the area were absolutely beautiful.

Next, we were in China over the Guilin Mountains.

These were my favorite mountains in all of China. They provided some of the most breathtaking scenery in the world.

We were now playing Walking In the Air by Chloe Agnew and we were flying over the Quin Abbey Castle in Ireland, One of Ireland's most ancient castles.

It was truly an amazing experience for us and we got to see some of the most beautiful places in the world.

The illusion dropped and we cheered wildly.

Lola: That was awesome!

Lincoln: Yeah.

Linka: Thoses songs were amazing and Lily I didn't know you were a great singer.

Lily: It's a hidden talent I have.

Laney: I recognized all those places. We were in Torres Del Paine in Patagonia, Chile. The Guilin Mountains in southern China and lastly we were over Quin Abbey Castle in Ireland.

Lisa: Exactly Laney.

Lola: I thought that castle was cool. But it looked a little run down.

Me: It was built back in 1403 to 1433 and it's one of Ireland's Ancient Castles.

Lola: That's true.

Luna: Ireland has really good food too. Shepherd's Pie is Mick Swagger's favorite food, dudes.

Varie: Shepherd's Pie is an Irish staple over there.

Lynn: Ireland sure is beautiful.

Lisa: The rock formations of Torres Del Paine were an amazing and geologically artful spectacle.

Penny: I know.

Lynn: I think Chile is beautiful too.

Clyde: Those rock formations in China were amazing too.

Gabrielle: The Guilin Mountains are a beautiful masterpiece of nature.

Lisa: Yes indeed.

Shannon: I've always wanted to see some of the world and it felt like we were actually there.

Lincoln: Yeah it sure did.

Me: That Illusion did make it feel that way didn't it?

10:30AM

Me: [My Watch Beeps] Oh. It's time for our game. We're gonna be playing a game called "Princess Rescue."

Lola: Ooh! That sounds like fun. How do we play?

Me: You rescue and team up with Disney Princesses to fight the villains in the movie. Our first princess is Rapunzel from 2010's Tangled.

Lola: Eeeee! That's awesome! Like in the picture you made for me!

Me: I thought you would like that Lola. We go to the Simulator to do it. Lets go.

We go to the simulator and Lola was in the Simulator and Lisa set the scenario and the Simulator Activated.

Lola was in front of the tower Rapunzel was held in.

Lola: That's Rapunzel's tower. (Excited) I can't believe I'm in "Tangled"! There's no time to lose.

Lola spread her wings and flew up into the tower. It was dark and she found Rapunzel tied up and gagged.

Lola: Rapunzel! [Goes to her and cuts her free] Are you okay?

Rapunzel: Yes. Thank you.

Lola: You're welcome. My name is Lola Loud. I came here to save you.

Rapunzel: I appreciate that. Gothel's been using me my entire life just to preserve her immortality.

Lola: Where is she now?

Rapunzel: Shes gone out to wait and see if Eugene is coming and then she's gonna kill him when he comes in here.

Lola: Gothel is a terrible monster and she needs to pay for her crimes.

Rapunzel: I agree.

Lola senses something.

Lola: Gothel's coming. Quick, pull up your hair.

Gothel saw Rapunzel's hair go up and she knew that someone is helping her.

Gothel: Rapunzel! Let down your hair!

Lola threw a fireball at her and Gothel dodged it and the ground exploded and sent her flying. Gothel hit a cliff and got up and she saw Lola and Rapunzel land on the ground. Rapunzel had her hair braided. Lola had fireballs in her hands ready

Gothel: Rapunzel what are you doing!? Get back up in the tower!

Rapunzel: NO! I'm through with you Gothel! You are finished!

Lola: You are just a heartless evil witch that needs to be destroyed!

Gothel: You think you can stop me you ugly little girl?

Gothel just made a huge mistake!

Lola: UGLY!?

Control Room

Me: UH OH!

Luna: That woman is in for it now dudes.

Lucy: Never call Lola U-G-L-Y or you are asking for a death sentence.

Laney: At school, A big kid called Lola that and she went ballistic. She beat him up real bad and got him sent to the hospital in the Intensive Care Unit.

Varie: Holy Tuna Fish!

Crysta: I saw that incident too. It was terrible.

Me: I saw it myself too and I was petrified with fear. That word is Taboo for Lola. Lola beat up that kid in a blind rage as a result. This was before Lola got her powers though.

Lincoln: I've heard about that incident. Lola got grounded for 2 weeks because of it.

Linka: That's bad.

Lynn: I've heard about it too. Lola got sent home from school for three days because of it.

Gabrielle: Gothel has just signed her death warrent.

Shannon: Yeah. Lesson here: Never call Lola U-G-L-Y.

Anastasia: Or you'll be asking for trouble.

Clyde: I'm glad I'm not on the receiving end of it.

Lincoln: Me too.

Lily: same here.

Lisa: Indeed.

Simulator

Lola's face turned red with pure rage and her fire aura exploded out with extreme intensity. Massive explosions were destroying the whole landscape and setting everything on fire. Rapunzel was not being affected by Lola's rage and fire.

Lola: (SCREAMING IN EXTREME RAGE) NO ONE! CALLS! ME! UUUGGGLLLYYYYYY!

Lola went completely ballistic, she dashed and brutally pulverized Gothel with a barrage of punches, kicks, and more. She fired blasts of fire, fireballs, fire punches and more. When she stopped, Lola calmed down and she saw the horrific sight before her. Lola, in a blind and ferocious rage had mercilessly and brutally mutilated and torched Gothel.

Lola was horrified at what had taken place and broke down crying. Rapunzel came and comforted her. But Gothel was still alive and was immobilized. Gothel's injuries were starting to heal and Eugene appeared and hit Gothel on the head with a frying pan and knocked her out.

Lola got better right away and tied Gothel up.

Rapunzel: Lola you were amazing.

Lola: I know but I could've hurt you Rapunzel!

Rapunzel: You didn't. You saved me and I thank you for that.

Lola: You're welcome Rapunzel. Lets get you home.

Rapunzel was returned home to her kingdom in Corona. The King and Queen were so happy that Rapunzel was back safe and sound. Gothel was sentenced to death for her crimes and she was beheaded.

Lola was awarded a medal that had the symbol of Corona on it.

The simulator turned off and we all cheered for her.

We still had time before lunch to do one more exercise. Lily went in and the Simulator activated and she found herself in the movie "The

Little Mermaid" from 1988.

Lily was underwater.

Lily: Wow. I'm in The Little Mermaid. One of my favorites. Hey! I can breathe underwater. It must be because of my powers.

Lily swam around and she saw Ariel being held by 2 eels Flotsam and Jetsam. King Triton is facing the evil sea witch Ursula.

Lily: I got to stop this.

Lily formed a sword of pure glowing blue water and swam toward them.

King Triton: Let her go!

Ursula: Not a chance Triton! She's mine now! [Holds up a glowing paper] We made a deal.

The paper gets cut in half and disintegrates. Lily appears and kicks Ursula in the face and sends her crashing through a rock.

Lily: This deal is now null and void.

Lily slashes apart Flotsam and Jetsam and frees Ariel.

Ariel: Thank you.

Lily: You're welcome Ariel.

Ariel: How do you know my name?

Lily: The water tells me everything.

King Triton: How can a human breathe and fight underwater?

Lily: When you have the powers of Coventina the Goddess of Water, anything is possible. My name is Lily Loud, Guardian of all Merfolk.

King Triton: It's a pleasure to meet you. I've heard legends about the Glowing Water of Coventina. Anyone given that kind of power must be extraordinarily special.

Lily: I must be one of those people.

Ursula got up.

Ursula: You little brat! Who do you think you are!?

Lily: Someone who is going to destroy you. My name is Lily Loud and my name will be the last thing you hear before you die.

Ursula: We shall see!

King Triton: It's over Ursula. You are finished. Never again will you terrorize my family or any other merfolk!

Lily fired a blast of glowing water and it turned into a spear and it impaled Ursula all the way through her. King Triton fired a blast of energy from his trident and it obliterated Ursula completely.

Lily: Have a nice time in the Netherworld.

Ursula's magic was completely destroyed and all her merfolk that she held prisoner were free.

Later Eric and Ariel were married and it united the Human and Merfolk worlds.

The Simulation ended and it was later time for lunch.

12:00 PM Noon. Lunch time.

Me: Okay, what do you guys want for lunch?

Everyone: PIZZA!

Me: Good choice. What toppings?

Luna: Sausage.

Gabrielle: Pepperoni.

Lynn: Steak.

Shannon: Ham.

Anastasia: Articokes.

Lincoln: Cheese for me.

Linka: I'd like Chicken.

Lucy: Blood Sausage.

Laney: I'm feeling luxurious. Garlic Chicken.

I spin my Magisword bracelet and pull out a Magisword.

Announcer: PIZZA MAGISWORD!

I create a 48 inch pizza pie with all of our choices on 1/15th of the pie each.

Me: I got Chicken Garlic Parmasan. Lets dig in everyone.

45 minutes later, we ate the whole pizza and we were patting our bellies and belching.

Me: Boy that was delicious. (Belch)

Lola: (Belch) You said it J.D.

Lincoln: I don't think I'll be (Belch) eating for the rest of the day.

Linka: (Belch) Me neither.

Laney: (Belch) Excuse me. That Pizza Magisword is a great Magisword.

Me: Yep. It's a Pizza Party all the time with it.

Luna: That was great dudes.

Clyde: (Belch) It was delicious.

Lucy: The Blood Sausage part was great. If I had a heart it would be swelling right now.

Lisa: Agreed. It was all (Burps) quite satisfying.

Gabrielle: Indubitably Lisa.

Penny: I loved my pizza.

Me: We all did.

Varie: Hey guys maybe we should give everyone else a pizza when they all get back.

Me: Good idea Varie. That will wash the taste of 60-year-old pudding off.

2:00 PM. Living Room.

We are watching our favorite show, "The Dream Boat" when we see Vanzilla pull up.

Me: They're back.

Varie: Let's set everything up.

Lynn Sr., Rita, Lori, Carol, Luan, and Lana came in and they saw the dinner table with a pizza on it.

Me: Hey guys.

Lynn Sr.: Where did you get the pizza?

Me: With the Pizza Magisword, it's a pizza party all the time.

Lana: Awesome! I can't wait to eat!

Lori: I'm starving!

Leni: Totes! Lets eat!

The gathered at the table and ate it.

Rita: Good pizza J.D.

Lori: It's delicious!

Eddy then comes in.

Eddy: Hey guys.

Me: Hey Eddy.

Luan: Hey Eddy. Want some pizza?

Eddy: Oh boy! Do I?

Eddy sits by Luan and eats some pizza with her.

Luan: This is a really CHEESY Slice of Life. [Laughs to rimshot] Get it?

Me, Varie and Eddy laugh and all the other siblings sigh.

Me: Good one.

Lynn Sr.: (Laughs) Good one.

Rita: So how was J.D. everyone?

Lola: I give him a 10/10. He is a great babysitter.

Laney: Yeah. We played music in Luna's room and did two adventures in the Simulator.

Clyde: J.D. is a great babysitter and the Pizza he made us with the Pizza Magisword was delicious.

Rita: Looks like the Babysitting plan is a success. Who's turn is it next?

Me: It's Varie's turn.

Varie: All right!

Lily: Yep. I can't wait for that.

THE END.

Another Fanfiction Completed.

I got the idea for this one from my books I write and I thought that this would be perfect for the Episode Two Boys and a Baby. I thought a babysitting plan would be perfect for this. Let me know what you all think.

See you all next time.

The Little Mermaid and Tangled belong to Disney Studios and the songs belong to their owners.

# Varie the Swordmistress

Varie is in the Simulator doing an exercise.

Me, Aylene, Lori, Luna, Gabrielle, Naruto, Sasuke, Sakura, Ino, Hinata, Fu, Tenten, Mikari, Lincoln & Linka, Lana & Lola and Lisa are in the control room. This is gonna be a different exercise.

The Simulator activated and Varie found herself on a strange planet. She saw a strange man fighting a menacing pink creature and he cut it in half with his sword. But the creature fired a blast of energy and killed him instantly.

Varie: I'm in Dragonball Z. I love this show. I got to help.

Varie flew around and grabbed the sword and slashed the creature apart and fired a Ki blast and obliterated the creature completely. Her sword looks like this.

Varie: That takes care of that.

?: You killed my creation!

Varie saw a green little man with ugly features and an M was on his forehead.

Varie: Bibidi. I've heard alot about you.

Bibidi: So you have. How would like to join me?

Varie: No thanks.

Varie slashed Bibidi apart and killed him.

Varie: That's for all the countless lives you've butchered and all the planets you destroyed. [Looks at the sword] Hmm. You know I could use this.

Varie sheathed it and a portal opened up and Varie went through it. She was in the World of Shinobi and she was flying over the battle of Jiraiya and Tsunade VS Orochimaru.

Varie: This is gonna be good.

Varie flew in and as Orochimaru was about to deliver a punch to Jiraiya, Varie unsheathed her new sword and slashed Orochimaru's head clean off and killed him instantly. She fired an energy blast and vaporized him completely. Nothing remained.

Varie: Have a nice eternity in the Netherworld and tell them that Varie Knudson sent you.

Jiraiya: Thank you. Who are you?

Varie: My name is Varie Knudson.

Back in the Leaf, the effects of Orochimaru's death was felt across the world like wildfire. Evil Sasuke, who was put into the Tsukuyomi Genjutsu by Itachi was suddenly woken up by a nasty burning and he felt his Curse Mark that he got from Orochimaru disintegrate and was gone forever. Sasuke was infuriated.

Evil Sasuke: My power is gone! When I find out who took it away I will kill them!

In the battle Naruto slammed a Rasengan into Kabuto Yakushi and sent him crashing into a rock and Varie swooped in and stabbed Kabuto in the heart and killed him instanty.

Varie: Serves you right you monster.

Naruto: Hey thanks for killing him.

Varie: You're welcome Naruto. Kabuto and Orochimaru are both dead.

Naruto: They are!? HA! Good riddence!

Varie: Now to rid you of all those hinderence seals on you. [Snaps fingers]

Seals appeared on Naruto and were destroyed in an instant and

Naruto's full potential was unleashed.

Naruto now had access to all the 5 main Elemental Natures, had all the Bloodline Elements and he had intelligence that was beyond that of the Nara Clan. He also had Chakra Levels that were far stronger than all the most powerful Shinobi in the world combined together 20 million times over and he had omnipotent powers.

Varie: How do you feel Naruto?

Naruto: Awesome. I will make the Uchiha Clan pay for killing my mom and dad and destroying the lives of countless people.

Varie: I will gladly help you little brother.

Naruto: Thanks sis. I need some new clothes. These are preposterously disgusting.

Varie: Lets go shopping then.

The headed back to the Leaf and Naruto now was wearing a black sleaveless battle Gi, black ANBU pants, Black combat boots, and black fingerless gloves.

They entered the Leaf and Lady Tsunade was coronated as the 5th Hokage and she straightened out the village with the help of the Fire Daimyo. The Civilian Council was disbanded, the Elders Danzo, Koharu and Homura were executed for treason, Naruto's heritage was announced and the people that hurt him were either fired from their jobs, made homeless, thrown in jail or ordered to pay restitution to him. Naruto was made Elite Chunin and he was given a black Chunin Flak Jacket.

At the hospital, Varie and Naruto were walking down the hall to Sasuke's room when they saw Sakura fly out of his room and slammed into the wall.

Evil Sasuke: GET AWAY FROM ME YOU WORTHLESS ANNOYING AND USELESS FANGIRL!

Vaire and Naruto rushed over and Naruto picked Sakura up and she was crying hard into his chest.

Naruto: Sakura? Are you alright?

Sakura: Naruto! Why did Sasuke do that? I thought I loved him!?

Naruto: It's all right Sakura. He will pay for this. [Notices that Sakura's right arm is slashed] You've been cut.

Sakura: I know. He hurt me!

Naruto's hand had water around it and he healed Sakura's wound. Sakura saw this.

Sakura: Naruto! How did you do that?

Naruto: It's a strange story Sakura. But lets just say that it was a must needed improvement.

Sakura: I can tell and Black looks really good on you.

Naruto: Thank you. I also have good news for you too.

Sakura: I know. Orochimaru is dead. We all heard it.

Varie: And I killed both him and Kabuto. Sorry Sakura. I'm Varie Knudson. It's a pleasure.

Sakura: Same here. I hate Sasuke now and I want him to burn.

Naruto: Welcome to my world Sakura. I want the Uchiha to pay completely for killing my mom and dad on the night I was born.

Sakura: I heard about that. I can't believe the Uchiha are that evil.

?: I can.

A hooded figure stood in the hallway and it slide the hood off and it was Mikoto Uchiha, alive and well.

Naruto: Mikoto. You're alive!

Mikoto: I know. Naruto you have grown so much. Kushina would be very proud of you.

Naruto: I know. I have a feeling she already is.

Sakura: Lady Mikoto it's so good that you're okay.

Mikoto: You don't have to call me Lady Mikoto, Sakura. Just Mikoto is fine.

Sakura: Sorry. Sasuke hurt me.

Mikoto: I know. I saw it all. That monster is not my son anymore. Fugaku and the Civilian Council killed the son I once knew by poisoning his mind with so much hatred, selfishness, powerlust, arrogance and evil. It's been rendered broken beyond all repair.

Naruto: Yes. I know. The whole village knows and they all now see Sasuke as the true demon and me as the hero.

Sakura: I heard about that.

Varie: Mikoto, I'm sorry to say this but Itachi was forced to kill the entire Uchiha Clan against his will by Danzo.

Mikoto: I know. He told me before he killed them.

Varie: Let me guess you put a Blood Clone in your place and faked your death.

Mikoto: That's right.

Naruto: That was very crafty and sly.

Mikoto: (Giggles) It sure was.

Varie: Lets go face the new Sasuke.

Mikoto: (Puts her hood up) Lets.

They walk into Sasuke's room and they saw that the whole room was trashed completely.

Varie: Looks like a bomb went off in here.

All over the walls there was red words that said "Kill Naruto and

Itachi" and they saw Evil Sasuke in the corner sitting and mumbling.

Naruto: Hello Sasuke.

Evil Sasuke got up and he saw Naruto and snarled viciously at him.

Evil Sasuke: You've made a complete fool out of me! I HATE YOU NARUTO!

Naruto: I hate you more than life itself Sasuke! And do you know why? Your evil clan killed my mom and dad and I will make sure that there are no more Uchiha, PERIOD!

Evil Sasuke: We shall see! FIGHT ME!

Naruto: All right. But not here. Training Ground 7. 10 minutes.

10 minutes later.

Naruto and Evil Sasuke were facing eachother. The Evil Sasuke had a look in his eye that was blazing with so much extreme rage and fury and hatred directed at Naruto that it was unbelievable. Naruto on the other hand was looking at him with no emotion and stoicism.

Evil Sasuke: I will kill you for ruining my revenge!

Naruto: I've been waiting a long time for this. I'm not the same Naruto that you faced in the Academy. Now I'm going to destroy you.

Evil Sasuke: WHAT DID YOU JUST SAY TO ME!?

Naruto: You heard me. I'm going to finish you off once and for all. Your clans crimes will not go unpunished. They've terrorized this world for far too long and I'm going to end it by starting with you.

Evil Sasuke: HOW DARE YOU TALK THAT WAY TO ME!? I WILL KILL YOU!

Naruto: I can talk about them however I want. You don't know this but I have something that you don't.

Evil Sasuke: WHAT!?

Little pebbles started lifting off the ground and an orange aura flared up around Naruto and his hair was standing up and waving around him. The ground was shaking violently and the sky darkened and lightning was striking around the training ground. Suddenly Naruto unleashed the full extent of his potential in a massive explosion of power.

Naruto: HAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHHH!

A blinding flash of light illuminated the whole village and the Training Ground and when it died down, Naruto was forever changed. His hair was orange and his eyes were yellow and he had angel wings that were orange and glowing with righteous fury. Red Lightning was flickering in his orange aura and his power level was incredible.

Varie, Sakura and Mikoto were watching and they could not believe it.

Sakura: What happened to Naruto!? He's changed and the level of Chakra I'm sensing off of him is incredible.

Varie: Naruto has transformed into a Super Angel. It's the ultimate power that I have. Naruto had lots of Hinderance Seals on him and I broke them and unleashed his full power.

Mikoto: Incredible!

Varie: Naruto can also use Ki and Spirit energy.

Mikoto: (Shocked) Ki? The physical component of Chakra? That's impossible!

Varie: Not anymore. Ki is far more destructive than Chakra and it possesses enough power to obliterate this entire planet.

Sakura: Unbelievable!

Evil Sasuke was seething and fuming with extreme rage and jealousy.

Naruto: Get ready Sasuke. Because there's going to be one less Uchiha in the world.

Naruto held his hand out and blew Evil Sasuke away with a powerful shockwave that sent him flying and he crashed into a tree on the other side of the training ground. He got up and was enraged.

Evil Sasuke: I WILL KILL YOU!

He dashed with blazing speed and Evil Sasuke tried to punch and kick Naruto with all of his might. But Naruto was dodging all his strikes with super fast speed that was so fast that not even the human eye can keep up.

Evil Sasuke punched Naruto in the face but it didn't even phase him or make him flinch. Evil Sasuke backed away and went through hand signs.

Evil Sasuke: **FIRE STYLE: FIREBALL JUTSU!**

He fired a fireball directly at Naruto. But Naruto deflected it right back at him and it exploded in Evil Sasuke's face. When the smoke cleared there was a charred log in Evil Sasuke's place.

Naruto: Substitution.

Naruto sensed him behind him and Evil Sasuke charged up a Chidori and dashed at him. Naruto teleported up into the sky and flew above the training ground.

Naruto: Attacking someone from behind is the sign of a spineless little coward and a truly dishonorable fighter. I pity you Sasuke.

Evil Sasuke: Save your pity for the weak! I will not stop until I kill you!

Naruto: All right then.

Naruto teleported and without warning, Evil Sasuke was punched in the stomach with devastating force and Naruto delivered a powerful uppercut to him and he belched up a huge amount of blood. Naruto kicked him in the crotch and kicked him in the mouth and punched him in the nose.

Sakura: Wow! What incredible power!

Mikoto: Unbelievable!

Varie: Sasuke's no match against Naruto's power. He's completely helpless against him.

The Hokage, Jonin, Chunin and the Genin arrived and they could not believe what they were seeing.

Lady Tsunade: Is all that Chakra coming from Naruto?

Varie: It is but that's not just Chakra. It's also Ki and Spirit Energy.

Everyone gasped.

Kakashi: But that's impossible!

Asuma: No ninja has ever been able to utilise Ki.

Varie: Not until now.

Kurenai: Incredible.

Guy: How can Naruto have that much power? It's inconceivable!

Varie: The Civilian Council and the Elders placed Hinderance Seals on Naruto and I destroyed them and unleashed the full extent of his power. As you can see, Sasuke is no match for him.

Tenten: It's incredible.

Neji: I can't even look at him with my Byakugan. His level of power is so great that it's like looking at the Sun.

Hinata: Yes. It's too much for me too.

Ino: Unbelievable. How can Naruto generate that much power?

Shikamaru: What a drag.

Choji: Incredible.

Back in the fight, Evil Sasuke was severly injured,

Naruto: It's over Sasuke. You're finished!

Evil Sasuke was enraged.

Evil Sasuke: HOW DARE YOU!? ME!? FINISHED!? NO ONE SAYS THAT TO ME! I WILL DESTROY YOU IF IT'S THE LAST THING I DO!

Evil Sasuke then charged up a Chidori to maximum power and went at Naruto.

Naruto: The Netherworld awaits you. [Cups his hands to the side] **KA! ME! HA! ME! HAAAA!**

Naruto fired a Kamehameha Wave from his wrists and Evil Sasuke plunged the Chidori into the energy blast and it exploded with incredible power the moment he jabbed it.

KRABBBBBOOOOOOOOOOOOOOOOOOMMMMMMMMM!

The explosion was so devastating that it completely destroyed the entire training ground. When the smoke cleared all that was left of the training ground was a massive smoldering crater. Sasuke was no where to be seen. Varie had everyone protected in an aqua blue force field.

Naruto: That's it. He's gone.

Lady Tsunade: Wow! What Power!

Asuma: So that's the awesome power of Ki.

Kurenai: It's far more powerful and destructive than Chakra.

Kakashi: But where's Sasuke?

Varie: Sasuke's energy signal has completely disappeared. He's dead.

Sakura: Good riddence.

Mikoto: I never want to see that monster again. Good bye you wretched spawn from Satan!

Mikoto broke down crying and Sakura comforted her.

Naruto powered down and the sky was stormy and Lightning struck around the area.

Naruto: Good bye Sasuke. I hope you have a nice time in Oblivion. People like you deserve to be forgotten and never to be remembered again.

After Evil Sasuke was gone, Varie trained Naruto and Sakura vigorously in everything she knew and Fu was transfered to the Leaf from the Waterfall and she trained her too.

Varie merged Naruto, Sakura and Fu with their counterparts and they were stronger than ever before. The exercise ended. Varie was now a powerful swordswoman.

THE END.

Another Fanfiction Completed.

I wanted to make Varie a powerful swordswoman in this one and have an explosive ending to this chapter. Let me know what you all think.

See you next time.

# Laney Ascends to New Heights

Laney was in the Simulator doing an exercise.

Me, Varie, Aylene, Naruto and the Girls, Haiku, Lori, Gabrielle, Lincoln & Linka, Lucy, Lana & Lola, Penny, Lily, and Lisa are in the control room.

The Simulator activated and Laney found herself on the Lookout in Dragonball Z. She approached the Guardian of Earth, Kami.

Laney: Are you Kami?

Kami: Yes, I am.

Laney: My name is Laney Loud. I want to train hard to protect all my loved ones and my friends. I want to learn everything in a short amount of time.

Kami: I understand. Please follow me.

Kami lead Laney to a room and it was a strange room.

Kami: This is the Hyperbolic Time Chamber. Here you can get 1 years worth of training done in 1 day.

Laney: Wow. That's quick. I have a feeling it will work.

Kami: It will.

Laney went in and she had some company. It was Goku.

Goku: Hi. My name is Goku.

Laney: I've heard alot about you. I'm Laney Loud. I want to get strong so I can protect everyone.

Goku: You came to the right person. I will gladly help you. Your power is incredible. I can tell that you've already come far.

Laney: I know.

Goku: All right. Lets get started.

36 hours had passed and Laney continued to train vigorously and learn everything Goku had learned like a sponge. Her energy levels continued to increase rapidly at an accelerated rate. Her plant powers were stronger than ever before and she now looked like a 10-year-old girl. The Hyperbolic Time Chamber can age people. Laney's clothes were shreded and she had a stronger physique. Her hair was longer and in a ponytail. She knows Ki and Spirit Energy and her Chakra Levels increased exponentially and she knows a vast array of jutsu and skills. Most of them are ones she made up and more.

When they were done, Laney came out a whole new person.

Laney: I feel incredible. But I need new clothes.

Laney fired a clothes ray at herself and she now had larger versions of her clothes at home.

Laney: That's better. I wonder what Joey will think of me now. But it's time to put my strength and skills to the test.

A portal opened up and it was leading to the Final Valley in the World of Shinobi and Naruto is fighting Sasuke there.

Laney: It's showtime.

Laney spread her wings and flared up a green Super Saiyan aura and flew through the portal.

WORLD OF SHINOBI

Sasuke had grabbed Naruto and charged up a Chidori.

Sasuke: This is as far as you go Loser. You can join your family in the afterlife you dumb fool!

Just as Sasuke was about to stab Naruto, Laney swooped in out of nowhere and without warning, Sasuke was kicked in the face with devastating force and sent crashing into the cliff.

Laney: You will pay for everything your clan has done Sasuke. No more will the name Uchiha mean anything but failure.

Laney's energy made Naruto better and a bunch of Seals were on Naruto and they broke and Naruto started changing. Naruto became a girl and his name was now Naruko. This was who he really is.

Naruko: What? What happened?

Naruko looked at herself and she was amazing.

Naruko: I look incredible. Now to make that Uchiha pay.

Naruko spread her wings and they were made of pure fire and she had fox ears and 9 flaming fox tails.

She stood by Laney ready to fight.

Sasuke got up and he was enraged.

At the same time, Laney's energy was spreading around the area and it fully healed Shikamaru, Kiba & Akamaru, Neji and Choji and it even healed Tayuya who was pinned under a log and it destroyed her Curse Mark.

Kakashi was running towards the battle and he felt the tremendous power Laney was emitting. He even felt Naruko's power and it was incredible.

Kakashi: Naruto's Chakra has increased tremendously. I hope he's okay.

Back in the fight, Sasuke was infuriated.

Sasuke: This wasn't your fight you stupid girl!

Laney: It is now.

Sasuke saw Naruko and he was floored.

Sasuke: Wait a minute. Naruto? Is that you?

Naruko: It's Naruko now you brainless fool! Your clan killed my mom and dad.

Sasuke: What are you saying?

Naruko: My real name is Naruko Uzumaki Namikaze, Daughter of Minato Namikaze the 4th Hokage and Kushina Uzumaki the Red Death and I will avenge their deaths by killing you.

Sasuke: That's a lie! You can't be the child of the 4th Hokage! And what do you mean avenging their deaths? I haven't done anything.

Naruko: True. But your entire clan is to blame. On October 10th, 13 years ago, a rogue Uchiha ripped the 9-Tailed Fox out of my mother and made it go on a rampage and killed many lives. It was because of the Uchiha Clan that my Mom and Dad were forced to sacrifice themselves to save the village and I became the 3rd Jinchuriki of Natsumi the 9-Tailed Kitsune. She was forced into going on a rampage and I will never forgive the entire Uchiha Clan for killing my family. The Uchiha Clan ruined my life and made me an orphan. The only Uchiha that had no involvement was your mother and my mom's best friend Mikoto. I can never bring myself to kill her. Right Mikoto?

A figure appeared and it Mikoto Uchiha alive and well.

Sasuke: Mom? You're… You're alive!

Mikoto: Yes son. I faked my own death when Itachi killed the Uchiha. I never wanted to be a part of an evil clan of thieves, traitors and murderers. I hid in the shadows and watched Naruko here fight you. I can't believe I gave birth to an evil monster that was poisoned by the hatred, powerlust, pride, lies, arrogance and evil of a bunch of monsters called the Uchiha and the Corruption of the Council. I never wanted to marry Fugaku. I hated him and I wanted to be with Naruko and raise her right. But I never got the chance because of those fools on the Council! Now I'm going to correct my mistakes. I'm going to kill you Sasuke! I brought you into this world and now it's time for me to take you out!

Laney: And I will gladly help you Mikoto. Sorry I'm Laney Loud.

Mikoto: It's a pleasure.

All three of them dashed forward and savagely overwhelmed Sasuke in a ferocious battle. Sasuke died in seconds after Laney pierced him with razor sharp vines and Naruko and Mikoto incinerated Sasuke's body to nothing.

Naruko: That's it for him.

Mikoto: Good riddence.

Laney: I hope he has a nice time in the Netherworld.

Kakashi arrived and he was floored by seeing Naruko and Mikoto.

Laney revealed everything that went down.

Kakashi was floored.

Kakashi: I can't believe Sasuke was that evil. I created a monster.

Laney: It's not your fault Kakashi.

Naruko: If anyone is to blame it's those monsters on the council and the Uchiha Clan. No offense Mikoto.

Mikoto: None taken Naruko. I've severed my ties to the Uchiha and I'm so sorry Kakashi. Now we have to hurry.

They dashed over to the Leaf and arrived at the Hokage Tower in minutes.

Laney revealed everything that went down and everything that's been happening in the Leaf because of the Council's corruption. Sakura, Ino, Hinata, Tenten and Tayuya were with them. They were all floored by all this info.

Sakura: I can't believe this. My own mother used me.

Laney: It's not just you Sakura. The Civilian Council used all of their children and put them in grave danger.

Ino: Those people are animals that need to be destroyed!

Tayuya: I agree with you on that Ino. I can't believe that the Leaf has this many issues involving corruption and treachery. What a bunch of pieces of trash and scum!

Tenten: You said it Tayuya.

Naruko: It's because of the Uchiha that I never knew my mom or dad. I can never forgive them.

Hinata: The Uchiha hurt many lives and I'm glad Sasuke is dead.

Sakura: Me too. I don't ever want to think about that loser ever again.

Ino: In all honesty I don't know what I was thinking.

Laney: It's complicated.

Lady Tsunade: Indeed it is. I'm glad everyone's okay. Laney we owe you a big thanks and Mikoto I'm so glad that you are okay.

Laney: Thank you Lady Tsunade.

Mikoto: It's good to be home Tsunade. I missed you.

Lady Tsunade: Me too.

After the meeting, Lady Tsunade decided to set a bunch of things straight. She announced what had really happened during the 9-Tails Attack, disbanded the Civilian Council, executed Danzo, Homura and Koharu for high treason, announced Naruko's heritage and more.

The Uchiha Clan was viewed as a clan of evil and the Uchiha District was burned down. Sakura's mother Sayuri Haruno was arrested for treason and was executed. The Haruno residence was destroyed because Sayuri made a huge number of enemies. Naruko took Sakura into the protection of the Namikaze Clan.

Laney made Naruko her big sister. Naruko released Natsumi and she was very beautiful.

Natsumi: It feels so good to be outside again.

Naruko: I can tell.

Laney: I'm glad the Uchiha are now ostracized from humanity. They can burn in the Netherworld.

Naruko: I agree.

I merged everyone except Naruko and Natsumi with their counterparts and the exercise was done.

Laney, Naruko and Natsumi came out.

Me: Laney, I'm so proud of you.

Lincoln: Me too.

Linka: I'm proud too.

Lily: Me too Laney. You look amazing.

Lisa: Biologically she's still 7-years-old but when she hits 10 for real she will age normally again.

Laney: That's true.

Naruto: You know Naruko, I've always wanted a twin sister.

Naruko: Me too.

Naruko and Naruto hugged.

Natsumi: I'm so happy for both of you.

Sakura: Me too.

Fu: I'm happy too.

Varie: This was a great exercise.

We all went to the kitchen for a little snack.

THE END.

Another Fanfiction done.

I wanted to start it off with a Dragonball Z style training scenario. I made Laney stronger and smarter than ever. I hope you all like it and tell me what you all think.

See you next time.

# Hot Sauce Louds

It starts with Me, Varie, Aylene, Jessie, Anastasia, Gabrielle, Matilda, The Ed's, Carol, Bobby, The Loud Siblings, Ronnie Anne, Starfire, Terra, Raven, Argent, Volcana, Riley, Naruto, Naruko, Sasuke, Sakura, Fu, Ino, Hinata, Mikari, Tenten, Tayuya, Johann, Varya, Woody, Sam, Clyde and Lady Tsunade having a nice lunch at the dinner table in the grand dining room of my mansion. We were sitting at a long table that can seat 200 people.

We are having a Louisiana Creole Lunch. Laney loves Louisiana Food.

I am having a bowl of Jambalaya and a po'boy sandwich.

Me: I love Louisiana food. My favorites are the gumbo, crawfish etouffee, jambalaya and more.

Laney: I love all the food of Louisiana.

Varie: It's all really good food.

Carol: Mmm. It's so good.

Lincoln: I know. I love the spiciness.

Aylene: I can tell.

Gabrielle: (British Accent) I know. The French and the Spanish founded New Orleans almost 300 years ago back in 1718.

Lisa: Exactly. It's one of the oldest cities in the continental United States.

Matilda: I've always found Louisiana to be a most fascinating state in America.

Penny: Me too. The food is good and I learned a lot when I was there with Lincoln and Linka.

Linka: Same here. I love the culture.

Jessie: I once was the target of a Demonic Creature in New Orleans on the night of a Lunar Eclipse.

Lucy: A demon? What kind was it?

Jessie: It was a demon that takes over as another person and drains people of their life energy to live forever.

Me: That is terrible. I'm glad she's gone. Did this happen before you were teleported here and we saved you?

Jessie: Yes. I'm glad that monster is back in the Netherworld.

Varie: Me too.

Lady Tsunade: I don't think any of that is real. Ghosts, spirits and demons are a bunch of hooey.

Me: Trust me Lady Hokage. We all have seen lots of strange things and it was weird.

Laney: Yeah. A demon possessed Lucy and she got her powers because of it.

Lori: That was the scariest night we'll never forget.

Haiku: I've heard all about that. What was it like to be possessed by a demon Lucy?

Lucy: It was awful. But I still have all my memories from that night.

Lincoln: That was weird for me.

Naruto: Yeah. It was really weird for me too.

Naruko: Same here.

Sakura: Yeah. But all this food is really good.

Ino: You said it Sakura. The spice is perfect.

Fu: Yeah. It's delicious.

Sam: You said it Fu.

Me: Yep. Another great food in Louisiana is Hot Sauce.

Aylene: I love hot sauce and I put it on my burgers.

Lynn: I love hot sauce too. I put it on my sub sandwiches.

Lincoln: I bet I can handle more spice than Lynn.

We all gasp.

Lori: He wouldn't dare!

Me: I have a feeling he will.

Lynn: Oh it is on!

Lynn and Lincoln were facing eachother and I lay out some food for them.

Me: Okay here's how the competition will go. You have a small plate of food and it's going to be covered with one of my hot sauces and we're going to do it from the mildest to the hottest. If you scream you lose automatically. Laney is gonna be the referee.

Laney comes out with black and white referee clothes on.

Lincoln: This is gonna be fun.

Lynn: I got this in the bag.

Me: Okay. You got some Jambalaya and here's the first hot sauce: SAMBA PARTY BRAZILIAN JALAPEÑO Hot Sauce.

The bottle has the country and flag of Brazil on it with fireworks and a girl dancing the Samba on it. A jalapeño pepper is by the bottle

I splash it onto their Jambalaya and stir it in.

Me: You all ready?

Lincoln: Ready.

Lynn: Bring it on.

Me: Go!

Lincoln and Lynn ate the whole little bowl and it didn't even hurt them.

Lincoln: Yummy.

Lynn: Is that all you got?

Laney: We have a tie for round 1.

Me: You guys liked that one huh?

Lincoln: Yep.

Me: It's my own recipe.

Lynn: You make your own hot sauces?

Me: Yep. Here's round 2. You have Shrimp Creole and it will have this: INDUSTRIAL HEAT SERRANO Hot Sauce.

The bottle has a picture of a man working in a steel mill and fire is around him. A serrano pepper is by the bottle. I splash the creole and stir it in.

Me: This one's a little hotter. Can you handle it?

Lynn: I can handle anything.

Lincoln: Bring it.

Laney: All right. Eat!

Lincoln and Lynn ate it all and tears poured out of their eyes.

Lincoln: Delicious.

Lynn: Not hot enough.

Laney: Tie for round 2.

Me: You guys are strong but how about this? Here's round 3. You have Ettoufee and it will have this: SAHARA TONGUE DANCE CAYENNE Hot Sauce.

The bottle had a picture of a Belly Dancer on it dancing in the Sahara Desert and fire was by her feet. A cayenne pepper was by the bottle and real fire was burning in the background. I splash the sauce in and stir it in.

Me: This is hotter than the last one. Ready?

Lincoln: Ready.

Lynn: I'm ready.

Laney: Eat!

Lincoln and Lynn ate the whole plate and their faces turned red and they didn't even flinch.

Laney: Wow! You guys are tough. Round 3 is a tie.

Lori: You guys are tough.

Luna: Come on bro! You can beat her dude!

Me: All right. I didn't want it to come to this but we're skipping to the boss level.

I go into the kitchen and come back with a black safe. I dial in the combination and open the safe and it had a case with the radioactive sign on it. I put it on the table and put on a welding mask and heat gloves.

Me: This is my most powerful hot sauce.

I open the case and it had a bottle that was glowing neon red and it had a picture of nuclear explosion with a devilish evil skull that had glowing red eyes and flames around it.

Me: This is my SATAN'S UNHOLY GENOCIDE DEATH SAUCE! It's made with the Ghost Chili, the Trinidad Moruga Scorpion, the Carolina Reaper and the newest hottest pepper in the world: The Dragon's Breath Pepper! It's the hottest hot sauce I ever made in the world.

A Star going Supernova was in the background behind the bottle and a wall of super hot flames roared behind it and Lightning struck around it too. Malevolent laughter was heard too as if the sauce was made from the fiery pit of the Netherworld itself.

Everyone gasped in sheer horror.

Ronnie Anne: This is not gonna be pretty!

Lola: How in the world can anyone eat that!?

Lana: That stuff is pure fire!

Laney: That stuff will kill you!

Lisa: A hot sauce of that magnitude will destroy you from the inside out!

Fu: That is pure insanity!

Edd: I agree Fu. But some people like all this.

Ed: This is gonna be tough!

Sasuke: I would die if I ate that!

Carol: Me too!

Tayuya: I don't like peppers but this is gonna be awesome!

Woody: This is gonna be good!

Starfire: Agreed friend Woody.

Terra: I love spicy food too. But that is too strong for me.

Argent: That is really potent stuff.

Volcana: No kidding!

Raven: I may be half demon but that is to strong for my standards.

Riley: That is really dangerous.

Clyde: I'm not allowed to have hot sauce. But this is too good to watch.

Luan: This is gonna SPICE up the Competition! (Laughs to Rimshot) Get it?

Me, Varie, Aylene, Naruto, Sakura, Eddy, Lady Tsunade, Carol and Anastasia laughed.

Eddy: (Laughs) Good one Luan!

Raven: (Laughs) SPICE up the competition. (Laughs) Good one.

Leni: I thought this was spicy.

I put two crackers on their plates.

Me: This is like handling a nuclear fuel rod.

I take some tongs and pick up the bottle and put two drops on their crackers.

Lincoln: The heat coming from the bottle is intense.

Me: Yeah. It's deadly. All right. Ready?

Lincoln: Ready.

Lynn: Ready.

Laney: Go!

Lincoln and Lynn ate their crackers and their bodies glowed red and were rising like a thermometer dipped into the core of the Sun and it burns off their eyebrows. They were sweating waterfalls and pouring sweat out of their bodies like crazy and nuclear explosions appeared in their eyes and without warning Lynn screamed and a blast of fire exploded out of her mouth and she frantically searched for water while screaming. Lincoln shocked everyone by surviving it and he was a strong lover of hot sauce. Steam shot out of his ears and he whistled loudly like a steamwhistle.

Lincoln: (Wheezing) That was great spice!

Laney: Winner, Lincoln!

We all cheered wildly.

Me: Lincoln you are incredible!

Varie: Way to go Lincoln!

Ronnie Anne ran to him and hugged him.

Ronnie Anne: LINCOLN I LOVE YOU!

Lincoln and Ronnie Anne kissed.

Everyone: Aaaaawwwwwww!

Lily: Way to go big brother!

Bobby: (To Lori) That was amazing babe.

Lori: You said it Boo-Boo-Bear.

Bobby: That's our Little Brother!

Johann: (Russian Accent) You were amazing my comrade.

Varya: (India Accent) I agree Lincoln.

Liam: Way to go Lincoln!

Tabby: Right on MATE!

Haiku: Lincoln is a spicy man.

Zach: That's our brother!

I give Lincoln some milk.

Lincoln: (Wheezing) Thanks J.D. [Drinks the whole jug of milk] (Normal Voice) That's better.

Me: You are one spicy and tough man Lincoln.

Woody: I got to admit Lincoln. You are one spicy and tough man. You have one tough mouth and stomach.

In Lincoln's room, Lincoln showed us how he conquered the spiciness of my sauces. Lynn had an ice cube on her tongue.

Lincoln opened up a fridge he had under his desk and it was chalked full of the hottest hot sauces in the world.

Lincoln: This is my secret stash of hot sauces. I trained for this. I saw Lynn eating spicy foods and figured that I can beat her. So I trained my mouth and stomach in secret and built up my spice tolerance and immunity bit by bit.

Me: Wow! I'm impressed.

Varie: You sure have prepared for this.

Laney: You have some really good hot sauces Lincoln. I have a confession to make. Follow me.

We follow Laney and she opens up a fridge that she has under her desk as well and in it was a bunch of bottles of hot sauce.

Me: You like hot sauce too Laney?

Laney: Yep. Let me show you something else too.

Laney takes us to a wall and she opens a panel that had a hidden keyboard and retina scanner. She punches in a code and scans her eye.

Computer Voice: Access granted. Welcome back Laney.

Laney: Thank you.

The wall opened up and it revealed a huge greenhouse loaded with many different pepper plants.

Me: Wow! You have your own greenhouse and you're growing pepper plants.

Laney: Yep. I make my own hot sauces too.

Laney shows us a bottle of hot sauce.

Laney: This is my latest creation. I call it VENUS FLY PAIN! It's a Ghost Chili Sauce.

Laney puts some on a cracker and she gave it to me.

Laney: Try some.

I eat the cracker and steam shoots out of my ears and my face turns red and I sweat.

Me: Whoo! That is good Laney. You make really good hot sauce.

Laney: Thank you J.D. I'm gonna try to sell these at the grocery stores. I use only peppers and no chemicals.

Varie: All natural and organic.

Laney: That's right.

Lola: That sounds like a perfect way to make some money. I don't like super spicy food but I would only sell lemonade myself.

Laney: That's alright Lola.

Lynn walks up to Lincoln and steam is coming off of her tongue.

Lynn: Lincoln I'm so proud of you. You love hot sauce and super spicy food as much as I do.

Lincoln: Thanks Lynn.

Lynn: You're welcome. J.D. you make really good hot sauces. But don't ever give me that sauce again.

Me: Sorry Lynn. You wanted a super nuclear hot sauce and you got one. But I'm glad you like my other hot sauces.

Lynn: I know and thank you.

Me: You're welcome.

Linka: This was one SPICY day. [Rimshot]

Me, Varie, Aylene, Lincoln, Laney, Eddy and Luan laughed.

Luan: (Laughs) Good one Linka.

Eddy: (Laughs) That was funny.

Me: That was funny.

Laney: But it just goes to show you that some of us love super spicy food. (Winks at the viewers and the screen irised in)

THE END

Another Fanfiction Completed.

I wanted to do a spicy theme chapter. I love Nuclear Hot Spicy Food. I tried the Ghost Chili and it was so deadly that I nearly died. But I grew to like it over time. I tried all sorts of Nuclear Hot peppers like the Trinidad Moruga and the Carolina Reaper and I love them. You build up an immunity to them over time because your brain memorizes the pain from the spice. But they can burn a hole in your stomach and cause ulcers. In otherwords what's good for some in brain power can have consequences on your digestive tract. Let me know what you all think.

See you all next time.

# Pox is No Fun

It starts out with me and Laney watching TV. Laney got sick with a cold and I was tasked with watching her while she gets better.

Laney: I can't believe I'm sick (Coughing).

Me: I know Laney. It's no fun. I have never been sick a day in my life and I am as healthy as an ox.

Laney: I know (Sneezes).

I hand her a box of tissues and she blows her nose.

Laney: Thanks J.D.

Me: You're welcome.

I see something out the window. It was Lincoln and Lana was with him.

Me: Hey Lincoln's back early.

Laney: I wonder why.

I see a shocking sight. Lincoln has ugly red spots all over him.

Me: (Gasp) Uh-Oh! Hes got the Chickenpox!

Laney: Oh man! (Coughing) I heard its been going around lately.

Lana opened the door and she and Lincoln walked in.

Lana: Lets get you to bed big brother.

Lincoln: Thanks Lana. (Scratching) Ow! Ow! Ow! Ow!

Lana: Don't scratch it Lincoln. I know it hurts but you can't scratch it.

Me: Boy Lincoln how did you get the Chickenpox?

Lincoln: Some kid in Lisa's class had it and sneezed on me in the hallway.

Laney: That's gross.

Me: I got a Chickenpox Vaccine when I was 12 and I'm immune. [Walks over to Lincoln] Lets get you into bed.

Lincoln: Okay.

Me: Lana, how come you didn't get the Chickenpox?

Lana: I got the Chickenpox Shot when I was 5.

Me: That's good. You're immune too.

We open Lincoln's door and took him in and tucked him into his bed. Lana got the medical stuff and the thermometer scanner. Lana scanned Lincoln.

Lana: 102 degrees. He has to stay in bed.

I put gloves on him to make sure he doesn't scratch.

Me: Lincoln, I'm going to put up this sign on your door okay?

Lincoln: [Reads the sign] "Quarantine. Do not enter. Chickenpox." Okay J.D.

Me: If you hear banging that's me nailing this sign to your door.

Lincoln: Okay. Ow!

Lana: I know it hurts but you can't scratch it.

I hand Lincoln a remote control.

Me: This is a call remote Lincoln. If you need anything just press this button and one of us will come.

Lincoln: Thanks J.D.

Me: You're welcome.

Me and Lana leave and I close the door and nail the sign onto it.

Me: There. Okay I'd better call Lori, Ms. Rita and Mr. Lynn.

We go into the Living Room and I use the telephone and dial a number.

It rings and someone answers. It was Lori.

Lori: Hello?

Me: Hey Lori. Sorry to call you during class but Lincoln has the Chickenpox.

Lori: He does!?

Me: Yeah. Lana brought him home.

Lori: It's good she did. Put Lana on.

I hand the phone to Lana.

Lana: Hey big sis.

Lori: How is Lincoln?

Lana: Some kid in Lisa's class had the Chickenpox and sneezed on him and now Lincoln has it. I brought him home and me and J.D. put him in his room.

Lori: Thank you for telling me. We'll be right over. (Hangs up)

Lana: Lori, is on her way and she's bringing everyone.

Me: Okay. Thanks Lana.

Royal Woods High School

Varie, Lori, Carol, Leni, Luna, Sam, Gabrielle, Jessie, Luan, Starfire, Raven, Terra, Volcana, and Argent got ready.

Lori: Mrs. Harrington? I'm sorry but our little brother has the chickenpox and we have to go and take care of him.

Mrs. Harrington: Oh no. Well I hope Lincoln gets better.

Lori: Thank you.

Leni: See you tomorrow.

Luna: See you dudes.

Dana: See you guys. I hope Lincoln gets better soon.

Lori: I know he will Dana.

Bobby: See you babe.

Lori: Bye Boo-Boo-Bear.

Starfire: I hope friend Lincoln is okay.

Raven: He is Star. It's the Chickenpox. It's caused by a virus that makes you itchy and weak.

Terra: It is not a pleasent thing.

Varie: I've seen it and it is not pretty. You itch like crazy and it drives you nuts.

Argent: Yeah. It is very painful and unbearable.

Volcana: I've never been sick in my life but I heard that Chickenpox is not pleasent and fun at all.

Jessie: Isn't Lisa trying to cure it?

Gabrielle: (British Accent) She's trying to. But I don't know all the science stuff like she does.

Luan: This is a SICKENING sight! (Rimshot) (Laughs) Get it? But seriously. Chickenpox is not a pleasent thing. I hope Lincoln is alright though.

Carol: I've had it too and it was not a good thing.

At the Dentist Office, Rita was helping Dr. Feinstein with a patient when the phone rang.

Dr. Feinstein: Can you get that for me Rita?

Rita: Sure. [Goes and answers the phone] Hello?

Me: Hello Ms. Rita. Sorry to bother you while in the middle of cleaning the Pearly Whites. (Laughs)

Rita: (Laughs) That's okay J.D.

Me: Anyway. Lincoln has caught the Chickenpox and Lana brought him home. Some kid in Lisa's class had it and he sneezed on him and Lincoln has it now.

Rita: Uh-Oh! Thank you for telling me. I'll call Lynn and tell him and we'll be on our way.

Me: Okay. Lincoln is in his room and it's quarantined.

Rita: Thank you J.D.

Me: You're welcome Ms. Rita. Bye. (Hangs up)

30 minutes later.

Vanzilla 2.0 pulled up and Starfire, Raven, Terra, Argent and Volcana flew in and everyone went inside.

Lynn Sr.: [To Me] So Lincoln got sick with the chickenpox?

Me: Yeah. He's in his room resting.

Lori: Thank you for telling us. I'll go start an oatmeal bath for him.

Leni: Are you gonna cook him?

Varie: No Leni. Oatmeal baths soothe the itching in Chickenpox.

Me: Yeah. They are very soothing. Plus you'll need these. [I pull out a remote control and pressed a green button on it. A hidden closet opens up and it had hazmat suits for everyone.]

Rita: Good thinking. [Walks over to Laney] How are you feeling sweetie?

Laney: Still stuffy.

Rita: I know but it's just a cold.

Linka: Since Lincoln has the Chickenpox and I can't go into our room can I bunk with one of you guys until he gets better?

Me: That's a good idea Linka. But we'll have to take a vote.

Lana: Linka can stay with me. She likes my jungle room.

Linka: Thanks Lana.

Lori: Usually we would argue but taking care of Lincoln is more important.

Lola: Yeah. That's right. He is our big brother.

Lisa: Correct. Viral Varicella, Street Name: Chickenpox is a highly contagious illness so we have to be careful. So we have to make sure that we don't spread it throughout the rest of us.

Me: I'm immune because I got the Chickenpox Vaccine.

Lana: Me too.

Lynn: I'm immune too. I got the shot when I was 12.

Varie: I have a powerful immune system that renders me immune to all diseases of humans.

Me: Wow! That is powerful!

Starfire: Friend Raven have you ever gotten sick?

Raven: No I have not. I'm actually half demon and the only diseases that get me sick are the ones from the Netherworld.

Terra: That's cool!

Argent: That is neat.

Over the course of 7 days we all take turns watching over Lincoln and take care of him.

The oatmeal baths really helped out and the additions of aromatherapy oils added some good scents and relaxing healing and soothing properties.

On a Sunday morning Lincoln woke up and he looked in the mirror and saw that he was clear.

Lincoln: I'm all better! I'm cured.

Lincoln walks out of his room and is happy. He walks down to the kitchen and joins everyone for breakfast.

Lincoln: Hey guys.

All: Lincoln/Linky!

Me: Glad you're feeling better buddy.

Lincoln: Thanks to all of you. I feel like a million bucks.

Varie: That's great.

Lucy: We're glad you're okay brother.

Laney: Same here. Chickenpox is not fun.

Aylene: By the way Lisa, who was it that sneezed on Lincoln?

Lisa: It was my friend unit Cheryl Henderson. She is the younger sister of Chandler Henderson.

Me: I've seen her before. She is the exact opposite of her brother.

Laney: And she's one of my best friends. I may be 7-years-old and look like a 10-year-old girl but she treats me like a big sister. She had a very strong dislike towards her brother for the way he was.

Me: I don't blame her. Chandler was a monster and a terrorist.

Lincoln: Oh man. I think it was an accident and she didn't mean to get me sick.

Varie: Yeah.

Lisa: She is 6-years-old and is very smart like Matilda and Laney.

Me: I believe it. But once you get Chickenpox you can never get it again.

Lisa: Affirmative. It's a once in your life disease.

Lincoln: Well that's a relief. [Phone beeps and Lincoln looks at it] It's a text from Ronnie Anne. She wants to meet me at the arcade.

Me: Have fun Lincoln. I'm glad you're okay buddy.

Laney: Me too.

We all agree.

Lincoln: Thanks guys.

THE END.

Another Fanfiction Complete.

I got the idea for this one from Harburton81's fanfiction "A Pox Among Us" which is the sequel to "Two Boys and a Baby". I got the inspiration for it from that. Thanks for that man. Trust me guys, I may have never had Chickenpox but I heard it's not very pleasent. I did get the Chickenpox Vaccine back when I was 12 and it was a painful poke. Anyway, let me know what you all think.

See you next time.

# A Novel Idea

It starts out at the Knudson-Loud-Anderson estate and Lynn Sr. opened the door.

**Lynn Sr.:** [cheerfully] "C'mon, girls, it's time for Take Your Daughter To Work Day!"

[All his daughters and Sailor Saturn stampede down the stairs.]

**Girls** : "Yay!"

I am sitting on the couch with Varie.

Me: Have a fun time girls!

[Lincoln strolls by elegantly, wearing a lavish girly outfit.]

**Lincoln:** "As another one of your daughters, I too cannot wait for this day."

I snicker quietly

[Lynn Sr. traps Lincoln with his hand as Lincoln is about to exit the doorway.]

**Lynn Sr.:** "Hold it right there."

**Lincoln:** "What's wrong, Daddy?"

**Lynn Sr.:** "Nice try Lincoln, but it's Take Your Daughter To Work Day."

**Lincoln:** [takes off his wig, disappointed.] "Come on, Dad. Every year, they get to go with you to work and have an awesome time, and I get stuck at home."

**Lynn Sr.:** "Sorry, pal. Besides, my office isn't that awesome."

**Luna:** [eagerly excited] "Hurry, Pops! We don't wanna miss the donut cannon!"

Me: Donut Cannon? That sounds awesome.

**Lynn Sr.:** It is! [just as excited] "I'll bring you back a jelly-filled!" [heads to the car]

[The girls cheer and the van heads off for the office.]

Varie: I wish we could go. The girls always have a fun time

Me: From what I've heard they always have a fun time on Take Your Daughter To Work Day.

**Rita:** "They do guys. [To Lincoln] You know, it's not fair that you should have to miss out on Take Your Daughter To Work Day."

**Lincoln:** "Really?" [puts wig back on and applies lipstick.]

**Rita:** "Yep. So I'm officially making today Take Your Son To Work Day. You're coming with me."

**Lincoln:** "Wait. To the dentist's office? I don't know, Mom."

**Rita:** "Hey, come on. I know it's not as exciting as Dad's office, but you're Lincoln Loud. You can make anything fun."

Me: Come on Lincoln, this will be really fun. Can we come too?

Rita: Of course.

Varie: Great!

**Lincoln:** "Well, I guess that's true. Okay. I'm in." [goes off in his lavish girly disguise.]

Me: Wait Lincoln. You'd better go change first.

Lincoln: Yeah. Good idea.

Lincoln runs back in to change.

[The dentist's office. Some patients have had some really bad dental work. Dr. Feinstein's patient Tara comes out after having a really bad tooth taken out.]

**Dr. Feinstein:** "Okay, Tara, the pain will go away in a few days. In the meantime, here's a lollipop." [gives Tara a lollipop and turns to his assistant, Lincoln's mother.] "Good morning, Rita."

**Rita:** "Good morning, Dr. Feinstein. You remember my son, Lincoln?"

**Dr. Feinstein:** "Sure I do."

Me: Hello Doctor.

Dr. Feinstein: Hello J.D., Varie. Alright Lincoln, Let's see how those permanent teeth are coming in. Open." [pulls Lincoln's nose and opens his mouth; sees some plaque building up.] "Mm-hm. Have you been flossing?"

**Lincoln:** "Uh-huh. Every night."

**Dr. Feinstein:** [disbelieving] "Sure you have." [goes back into his office.]

[A vacant office.]

**Rita:** "Okay, guys, while I'm working, you can hang out in here and read comics." [hands Lincoln some dental comics.]

[Lincoln looks excited and then disappointed.]

**Lincoln:** " **Teddy Toothbrush VS the Evil Ninjavitis** ?"

Me: Dentist comics. Cool.

**Rita:** "Mm-hmm. My favorite issue is number four: **Fastest Gums In The West** ." [imitates whip motion and noise.]

Varie: Neat.

**Lincoln:** "Can't I hang out with you while you work?"

[Enter Dr. Feinstein]

**Dr. Feinstein:** "Rita, I have an abscess that needs to be drained. Bring a bucket."

Me: Ooh. Those are painful.

**Lincoln:** [gags a little] "Actually, I'm good here."

[Rita is writing something.]

**Rita:** "Be right there, doctor." [leaves]

**Lincoln:** "Okay, I can make this fun."

[The Blue Danube Waltz by Johann Strauss II plays as Lincoln lifts himself up in a patient's chair, pretending to be an astronaut in space.]

**Lincoln:** "This is Captain Loud to Ground Control." [makes radio hiss sound] "I can see Uranus from here, and boy, is it gassy.

Me: [Hiding behind the counter and makes radio hiss sound] This is Ground Control, Roger that Captain Loud, we copy.

Lincoln: This is one small step for man, one giant leap for-" [notices something] "Lana?!"

[It turns out his father's office is across the street from the dentist's office. Lana and Lynn are spinning around in office chairs and laughing. Gabrielle, Carol, Tabby, Lily, and Luna have 5 donut cannons and are firing donuts everywhere.]

**Luna:** "YEAH!"

Lily: (Imitating Scarface) SAY HELLO TO MY LITTLE SWEET FRIEND!

**Lincoln:** "Dad's office is across the street? No fair! I can't compete with that!"

Me: Man it sure is. That's just a short run from here.

Varie: Yeah.

[The supply room]

**Rita:** "Let me show you one of the other neat things we've got here." [opens up a cabinet] "We call it Dr. Feinstein's Cabinet Of Fun."

Varie: That's a lot of stuff.

**Lincoln:** [disappointed] "Oh. Dental supplies."

[Enter Dr. Feinstein]

**Dr. Feinstein:** "Rita, we have a couple of teens with their braces stuck together."

Me: Ooh! That's not fun.

**Rita:** "Be right there, doctor." [writes something down and leaves.]

**Lincoln:** "Okay, what have we got here? Dental floss, surgical masks, gloves… I think I can work with this."

[The room is now set up like a jewel heist with the floss acting as a laser security system.]

**Lincoln:** "Langley, this is Agent Loud. I've got eyes on the president's tooth.

Varie: Roger that Agent Loud. We have visual.

Lincoln: Security's tight, but tell POTUS I'm bringing that molar home." [sneaks past the floss lasers and grabs the novelty tooth.] "Just another routine job for Agent-" [sees the girls] "OH, FOR CRYING OUT LOUD!"

[The girls and their father are all having a suction cup dart fight. Luna goes in for a side shot. Leni has hers pointed at herself and Lisa changes it so that she's firing correctly. Anastasia is firing at Lynn Sr. while swinging on a rope from the ceiling. Laney is hiding behind the cubicle walls and a coworker is helping her fire at Lynn Sr. He sneaks past the crossfire.]

**Lynn Sr.:** "HA! YOU MISSED ME!"

[Lincoln trips over the floss and the supplies from the cabinet of fun fall on top of him.]

**Lincoln:** "Dang it."

[The break room]

**Rita:** [walks Lincoln over to a fish tank.] "The fun isn't over yet! Let me introduce you all to our office mascot."

**Lincoln:** "Whoa. What is it? A piranha? A barracuda? A Great White?"

[A guppy swims by, thus disappointing Lincoln further.]

**Rita:** "Not exactly. Heh. We call him Fisher."

Me: A little goldfish. He sure is cute.

[Enter Dr. Feinstein]

**Dr. Feinstein:** "Rita, I need you." [with hands covered in caramel] "We've got a caramel apple emergency."

Varie: Ooh. Sticky.

**Rita:** [writes something down] "I'll be back, Lincoln. Do me a favor and feed Fisher." [hands Lincoln fish food]

**Lincoln:** "You got it." [pretends to be an Australian wildlife explorer with a faux accent.] "Crikey! It's a rare Patagonian dental fish. These babies are known to be fierce predators. I'd better be extra careful feeding them or it's bye-bye, pinky."

Me: (Australian Accent) Right-o Mate. Proceed with extreme caution.

Lincoln: [adds in fish food but drops too much.] "Whoops! That's a few too many shrimps on the barbie for this little guy." [tries to get it out.] "Fisher!"

Varie: I got him. [Grabs Fisher and puts him back in]

[Fisher slips out of the tank and through a trunk. Lincoln looks for him and Fisher flails into his pants. Lincoln shakes Fisher out and the guppy flies off the wall and back into the tank which Lincoln seals up.]

**Lincoln:** "I guess it's J.D. Knudson, Varie Knudson and Lincoln Loud: one, little fishy: zip-" [sees something in his father's office.] "-line ?!"

[Lucy, Lily, Penny, Matilda, Sailor Saturn, Riley, and Leni are zipping on a zipline over the cubicles while the co-workers are annoyed by their antics.]

**Lucy:** "Wheeeeeeeeeeeeee!"

Sailor Saturn: Woo-hoo!

**Lincoln:** [sighs] "Why do I even try? This place will never be as fun as Dad's."

Me: No but I have an idea. [I pull out a scroll and unseal some laser tag blasters] Lets have some fun with these.

Varie: I see what you're gonna do. We're going over there and have fun with them.

Me: You hit the nail right on the head. First we got to tell Ms. Rita.

Enter Rita.

**Rita:** "We're gonna be another half hour or so, guys. There was more caramel than we thought." [gets her glove stuck to the way on her hand gesture.] "Think you can keep yourselves amused?"

Me: Sure Ms. Rita. We're gonna go over to Mr. Lynn's office and have some fun with the girls.

Rita: (Slyly) Oh I get it. It's payback for not letting Lynn take Lincoln on Take Your Daughter To Work Day.

Varie: Bingo. We're gonna have a Laser Tag fun fest.

Rita: I see. Go get them! Just be sure you're back by five.

Me: With pleasure and we will.

It was 11:25 AM and I set my watch for 4:30 PM.

Me: Lets roll.

We exit the building and fly cross the street below the view of the window of Lynn Sr.'s office and land on the sidewalk. We see an unexpected surprise. It was Bobby, Eddy and Ronnie Anne.

Me: Hey Bobby, Ronnie Anne, Eddy!

Bobby: J.D. amigo! What's up?

Ronnie Anne: Hey Lame-o's.

Lincoln: Hey Ronnie Anne.

Eddy: J-Train! What's happening?

Me: We were just heading over to Mr. Lynn's office for a little laser tag payback time for Lincoln not going on Take Your Daughter To Work Day.

Ronnie Anne: I love Laser Tag!

Bobby: That's cool! I work at that arcade behind you.

We look behind us and we see an arcade.

Varie: That is really coincidental.

Me: Is it your day off today?

Bobby: It sure is.

Ronnie Anne: Bobby now has so much free time because he doesn't text Lori too much after work.

Varie: That's cool.

Lincoln: Yeah. You want to come with us guys?

Ronnie Anne: I would like that Lame-o.

Eddy: If Luan is there than it would be perfect. I bought a jawbreaker for her at the candy store at the mall and I wanted to give it to her.

Me: She'll love it. Lets go.

We go inside the building and take the elevator to the 2nd floor.

Me: This is gonna be good.

The elevator opened up and we go to the door and see the girls and Lynn Sr. having fun.

Me: Ready? One… Two… Three!

We open the door and stand ready.

Me: (Imitating Arnold Schwarzeneggar) It's showtime!

Varie: Laser tag style!

Bobby: Hey babe.

Lori: Bobby Boo Boo Bear!

Luan: Hey Eddy!

Eddy: Hey Luan! Got you a present. [Takes the jawbreaker the size of a basketball and throws it to her and she catches it]

Luan: Oh wow! These Jawbreakers are huge! Thank you!

Eddy: You're welcome my Angel of Comedy!

Laney: Lincoln! [Runs over and hugs him] It's never fun without you big brother!

Lincoln: I know Laney. You can be on our team. [Hands her a laser tag blaster]

Laney: Thanks Lincoln. Lets get them!

Me: Lets. Attack!

We fire our lasers and the girls are dodging the beams and laughing with so much fun and joy.

Me and Varie were using old ambush style tactics and hiding behind the cubicle walls and getting the drop on Lori, Leni, Luna, Gabrielle, Lynn, Shannon, Linka, and Penny. Eddy was having trouble getting a clear shot at Lana and Lola.

Eddy: I can't get a clear shot.

Laney: Here Eddy. [Spins her new Magisword Bracelet and pulls out a Magisword]

Announcer: BAT WING MAGISWORD!

This Magisword looked like a bat wing and Laney fired a beam of light at Eddy and he sprouted Bat Wings.

Eddy: What the!? [Sees the wings] I have Bat Wings!?

Luan: Eddy you look incredible with Bat Wings!

Eddy: I kinda do don't I? This reminds me of that time we were playing Truth or Dare and Ed dared me to do a stupid dare by having me Sprout the Wings of a Bat and Stomp Like a Zombie while whistling "Row Row Row Your Boat" through a carwash.

Luan: (Laughs) That is a very crazy dare.

Eddy: Yeah. But I see what Laney wants me to do.

Eddy flew above the cubicles and did a flanking maneuver by firing lasers at the girls from above.

Luan: All right Eddy! [To Laney] Are you into Magiswords now Laney?

Laney: Yeah. Lana got me into it.

Luan: I can tell.

Eddy lands back down by Luan.

Eddy: BATS All for them. (Rimshot) (Laughs) Get it?

Luan: (Laughs) Good one Eddy! You were BATTASTIC! (Rimshot) (Laughs) Get it?

Eddy: (Laughs) I get it. Thank for the wings Laney.

Laney: You're welcome Eddy. Those wings are permanent though. But you can sprout them and hide them at will.

Eddy: Cool!

Eddy hid the wings and continued firing with Luan.

Me, Lily and Lynn Sr. were firing at Lori and Bobby.

Me: Take this Bobby! [Fires a laser beam and it misses Bobby]

Bobby: Nice try amigo! [Fires 2 shots at J.D.]

Lily: I got this. [Spreads her wings and flies over them and fires shots at Bobby and Lori]

Me: Nice Flanking Maneuver Lily!

Lynn Sr.: All right Lily! [to Me] So J.D. what made you want to bring Lincoln, Bobby, Ronnie Anne and Eddy here?

Me: Lincoln was getting bored over at the dentist and we saw how much fun you all were having here. So we decided to bring some fun over here as…

Lynn Sr.: As payback for not taking Lincoln on Take Your Daughter To Work Day?

Me: You hit the nail right on the head Mr. Lynn. [Fires at Ronnie Anne]

Lynn Sr.: Oh man. [To Lincoln] Son I'm sorry I couldn't take you with me. I wanted to but I couldn't.

Lincoln: That's alright dad. Mom made today Take Your Son To Work Day at the dentist.

Me: We saw your office across the street from the Dentist and it made the trip with Ms. Rita boring. We ran into Bobby, Ronnie Anne and Eddy on our way here.

Lynn Sr.: That's cool. Well you all made this day so much fun!

Me: Happy to provide Mr. Lynn. [Fires at Lori]

Lincoln: We're gonna get you guys! [Fires at Bobby]

Me: Not today buddy! [Fires at Lincoln]

Lily landed by me and Lynn Sr.

Lily: I'm going after Lola & Lana.

Me: Okay. Be careful Lily.

Lily: I will. Linka! Come with me!

Linka: You got it Lily.

Linka spread her wings and she and Lily flew over the cubicles for an aerial attack.

Back at the Dentist's office, Rita and Dr. Feinstein were watching the laser tag war. Small lights were flickering in the windows of Lynn Sr.'s office.

Rita: They sure are having fun over there.

Dr. Feinstein: They sure are. You know what Rita how about you go over there and have some fun too? I'll take over for your shift today.

Rita: (Gracious) Thank you Doctor.

Dr. Feinstein: You're welcome. Go kick some butt.

Rita: I will.

Rita dons a commando style uniform and she had a laser tag blaster of her own.

Rita: It's time to kick some butt!

Rita ran over there and got to the entrance of the office building.

The battle was intense as Lily and Linka flew over where Lana & Lola were and fired from above.

Linka: Hey Princess and Dirtpool! Up here!

Lily and Linka fired multiple lasers and Lola & Lana hid under a workers desk.

Lana: [To a worker] Sorry sir.

Worker: That's all right. You guys are all having alot of fun. Go get them!

Lola: With pleasure. [To Linka and Lily] SAY YOUR PRAYERS LINKA AND LILY!

Lana & Lola roared and spread their wings and flew after them.

Linka: They are on our tails!

Varie spread her wings and flew after Lana & Lola.

Varie: I'm on them Linka. Hold on.

Varie fires her laser and Lana and Lola went down.

Linka: Thanks Varie.

Lana: This is so much fun sis!

Lola: Yeah!

Back with Me and Lynn Sr.

Me: This is like fighting in a science fiction war movie!

Lynn Sr.: It sure is.

Riley suddenly entangled us in vines and she, Luna and Haiku were pointing their laser blasters at us.

Me: Nice sneak attack you three.

Riley: Thank you

Luna: Thanks dudes.

Haiku: Say your prayers.

?: I think not! [Fires lasers at Riley, Luna and Haiku]

They went down and the vines let us go and we saw Rita ready to fight.

Me: Ms. Rita? Wow! Great shooting!

Rita: Thank you J.D.

Lynn Sr.: You got off work early?

Rita: Dr. Feinstein gave me the rest of the day off so I can have fun with you all.

Me: That was nice of him and you look awesome in a Commando Uniform Ms. Rita.

Rita: Thank you J.D. Now Lets get them!

Me: With Pleasure. [Fires more shots]

Rita was using Parkour and jumping all over the place and moving fast and firing multiple shots.

Laney: Woo-hoo! Go Mom!

Lynn: Mom has some nice and sick moves!

Leni: Is she starting to get sick?

Lisa: No Leni. It means that her speed and arcobatic movements are fast and amazing.

Leni: Oh yeah.

Matilda: I agree. Her moves are fast and swift.

Gabrielle: (British Accent) Indubitably.

Carol: They are awesome.

Rita was overpowering the competition and she won.

6:00 PM.

We all were back at the house eating dinner. We were having an Indian Curry Feast.

Lana: J.D. you made this the best Take Your Daughter To Work Day Ever!

Everyone agreed.

Me: We're glad we could help Lana.

Lola: Where's Aylene? How come she didn't come?

Varie: She's sick and is staying at home.

Laney: That stinks but we all had lots of fun.

Lisa: Yes indeed. Thank you for making this a fun experience for all of us 2nd big brother unit.

Me: You're welcome Lisa.

Lucy: I agree. Also Eddy, those bat wings you have are really cool.

Eddy: Thanks Lucy. Laney gave them to me with the Bat Wing Magisword. It reminded me of a dare you gave me a while back Ed.

Edd: I remember that. I told Ed to do a more reasonable dare.

Ed: Yep. I dared Eddy to be Double D.

Me: The Swap Dare. Let me guess, Double D, you dared Ed to be Eddy and Eddy, you dared Double D to be Ed.

Eddy: That's right.

Edd: That's correct.

Varie: We're your imitations that good?

Me: Can we hear them?

Eddy: Sure. [Imitating Edd] Please Eddy. You're invading my personal space.

We all laugh.

Me: (Laughing) That was really good Eddy.

Luan: (Laughing) That's good Eddy.

Varie: That was really good. How about you Ed?

Ed: Let me see here. [Pushes his eyes closer] [Imitating Eddy] I have caused discomfort cause I'm Eddy! (Laughs like him)

We all laugh.

Me: (Laughing Hysterically) Oh gosh Ed! That is too funny!

Lincoln: (Laughing) That was really funny!

Lori: You guys crack us up!

Laney: What about you Double D?

Edd: Okay. [Pulls his face and his eyes are further apart] [Imitating Ed] Buttered Toast!

We all laugh hysterically.

Me: (Laughing Hysterically) Oh that was so funny! You're killing us!

Varie: (Laughing) That was hilarious!

Linka: (Laughing) That was funny!

Luan: That was funny!

Anastasia: That was hysterical!

Me: I'm guessing you guys took the dare too far after that.

Eddy: Yep. Kevin beat me up in Double D's room.

Edd: Sarah thought I was Ed and made me clean his room. I landed in a tub of Gravy in Ed's bathroom.

Lori: EW! A tub of Gravy? That's gross.

Lola: I agree with you Lori.

Ed: I had some weird habits before the Vengeance Express.

Laney: That's unusual.

Sarah: It was weird.

Ed: Jonny dared me for a quarter. I was to be Plank and Plank was to be Eddy.

Me: Weird. But were you a good Plank, Ed?

Ed: I was.

Varie: Talk about a huge case of mistaken identity.

Edd: I agree Varie.

Lisa: That was a very elaborate dare you all put on.

Eddy: Yeah. Truth or Dare may be one of my favorite games but we took it way too far back then.

Me: These things happen Eddy.

Varie: Yeah. It's normal in the developing mind.

Lisa: Yes indeed.

Sailor Saturn: I agree. But we all had lots of fun.

Varie: We sure did.

Lynn: And worked up a good sweat.

Me: You said it.

Laney: This was all really fun for us.

Anastasia: I agree.

Shannon: Me too.

Jessie: It sounds like it.

We all ate our dinner and got ready for bed.

THE END.

Another Fanfiction Completed.

I've had this one on my mind for a little while. I got the idea for the Laser Tag war at Lynn Sr.'s office from my books that I write at home. I wanted to include Ms. Rita in the battle and have her demonstrate some of her sports skills. The episode of Ed, Edd N Eddy we were talking about was "Mirror Mirror On The Ed". One of my favorites. Let me know what you all think.

See you all next time.

# Mall of Duty

[The Rip Hardcore show is on; he is leaping through the trees]

**Rip:** "Now, remember, Rippers, if you want to hunt down critters, use the four D's: Droppings, Disturbances, Dens and Diet." [comes across a pile of poop and smells it] "Mmm… emu droppings. And it's still warm. With a little luck and my tracking bandanna…" [puts on said bandanna] "… I'll be eating emu stew in no time." [howls]

[It's revealed that Me, Varie, Lincoln & Linka and the younger sisters are watching it]

**Lola:** "Ew! Who is this poop sniffing weirdo?"

**Lincoln:** "Rip Hardcore is not a weirdo, Lola. He happens to be the world's leading expert in wilderness survival." [holds up his book with such a title] "And a pretty cool guy to boot."

Me: He is a great survivalist and he knows everything about survival. It was thanks to him that my family survived being stranded on a remote island 6 years ago.

Lana: You and your family were stuck on a remote island?

Laney: Wow!

Me: Yep. We were on a cruise in Indonesia and a Tsunami capsized our boat and Me, my mom and dad were stuck there for 7 weeks and it was a nightmare I never want to have again. It was thanks to everything I learned from Rip Hardcore that we survived.

Linka: Wow! That's incredible!

Lincoln: That's amazing!

Lily: That is an adventure all on its own.

Varie: No kidding.

Lola: "That sounded like an intense challenge."

Penny: I'm glad you're all okay.

Anastasia: Me too.

Me: Thanks guys.

**Lynn Sr.:** "Lynn Jr., let's go! You're late for Rugby!"

[Lynn comes down the stairs in her Rugby gear]

**Lynn:** "Think fast, Dad!" [chucks her ball at her dad] "AWOO!" [runs to the car]

**Rita:** "Lori, Carol, Leni, Luna, Gabrielle, Luan, hurry up! The school Open House started five minutes ago! Ugh, these kids. Where are they?"

[Vanzilla honks and it's revealed that the aforementioned daughters are already in; Lori waves to her mom]

**Rita:** "Oh. They're waiting for me."

**Lynn Sr.:** "Thanks for helping Lincoln take care of the younger kids today, J.D. You're really helping us out of a jam."

Me: No problem Mr. Lynn. I would help Lincoln watch over everyone here like they are my own.

Varie: Me too.

**Rita:** [looks at her watch] "We'll be back by 5:00. We are proud of you all for being so responsible."

[The parents leave and a commercial comes on a second later]

**Rip:** "Hey there, Rippers. My Hardcore Mall Tour is coming to a mall near you. Today…"

**Robotic voiceover:** "Saturday."

**Rip:** "… I'll be signing copies of my new survival guide at…"

**Robotic voiceover:** "The Royal Woods Mall."

**Lincoln:** [gasps] Rip is at the Royal Woods Mall today?

Me: Awesome!

Lincoln: I gotta go get my book signed!

Me: Yeah, Lets go.

Laney: But Lincoln, We need to be here and you have to watch us.

Lincoln: No worries Lanes. If we're home by 5:00, they'll never have to know. [to his younger sisters] Who wants to go to the mall?"

Laney: I've got a bad feeling about this.

---

[The mall; we are all waiting in line]

**Lana:** "Ugh. Lincoln, this is lame. Can't we go do something fun?"

**Lincoln:** "Right after we wait in this really short line to get Rip's autograph."

**Lucy:** "Is the really short line at the end of this really long line?"

[Pan-out to show the ridiculous length of the line]

Me: This line is REALLY long.

Laney: Maybe we can do something to pass the time.

Varie: Good thinking.

**Lincoln:** "How about we play a game? I Spy. I'll go first. I spy…"

**Lisa:** "Someone who is not keeping his sisters intellectually stimulated."

**Tough guy:** [laughs] "Burn."

Me: Shut up!

[Lincoln glares at him]

**Lincoln:** "How about 20 Questions? Lola, you first. Person, place, or thing?"

**Lola:** "Person."

**Lincoln:** [covering his baby sisters ears] "Alive or dead?"

**Lola:** [looks at her brother, observingly] "Alive… for now. But he's pushing his luck!"

Varie: Lola! That's not nice.

Lola: Sorry.

**Lincoln:** "Okay…" [takes out his yo-yo] "… how about we take a trip around the world?" [twirls it around and slips it right on the tough guy's eye] "Oh. Sorry." [takes his yo-yo back]

**Lucy:** "Lincoln, you've tortured us long enough. We're leaving."

[The younger sisters sans Lily prepare to leave]

**Lincoln:** [stops them] "No, wait!"

**Flip:** "Flippees for sale! Buy one, get a second one at the exact same price!"

Laney: Flip. Why can't he ever learn?

Me: Some people are just like that.

[Lincoln goes to the Flippee stand and gets some for his sisters]

**Lincoln:** "Okay…" [hands two to Lola and Lana] "… you two get raspberry…" [gives two to Lisa and Lily] "… you two get lime…" [gives one to Lucy] "… you get black grape…" [gives one to Laney] "You get cherry." [Gives three to me, Varie and Anastasia] "J.D. gets blue raspberry, Varie gets blueberry and Anastasia gets grape." [Gives one to Linka] "You get Orange" [gives one to the big guy] "…

and a lemon Flippee for the good-natured gentleman in back of us."

Me: Thanks Lincoln. Blue raspberry is my favorite.

Varie: Blueberry is good.

[The guy takes a sip, but… ]

**Tough guy:** "This isn't lemon. It's banana."

**Lincoln:** "Well, who doesn't love banana?"

**Tough guy:** [breaks out in hives] "People who have banana allergies!"

Me: Sorry we didn't know.

Varie: Lincoln you should've checked.

Lincoln: Sorry.

Laney: Don't worry sir. [Reaches into her backpack] I think I have an epipen in here somewhere… [Finds three epipens] Um. I don't think I have one for banana… Sorry.

Me: I got this Laney. [Chants an Incantation] **Vestiga Piyona Serrisa!**

Rainbow light fired from my hands and it hit the tough guy and cured him.

Tough Guy: Hey that was awesome! I'm all cured! Thanks kid.

Me: No problem sir.

**Lana:** "I finished my Flippee! I gotta pee."

**Lucy:** "Me too."

**Lola:** "Me three!"

**Lisa:** "Uh, I, too, need to see a man about a horse."

Lincoln: Uh, Laney? Can you hold our spot?

Laney: Sorry, I can't. I finished mine too…

**Lincoln:** [frantically thinking] "Uh… um…" [to the big guy] "Can you save our place while we take them to the bathroom? Please?"

**Tough guy:** "Sure, kid. No problem."

**Lincoln:** "Thanks. Let's go."

[They all rush to the bathroom]

---

[They come back]

**Lincoln:** "Thanks again."

Tough Guy: No problem kid.

**Lincoln:** "I'm really sorry about that."

**Tough guy:** "It's all right."

Laney gives the tough guy a lotion.

Laney: Here. This should treat the hives.

Tough Guy: Thank you.

**Lady:** [coming by with her signed book] "Oh, yes! That two-hour wait was so worth it!" [howls]

**Scoots:** "Two hours? Rip's my BAE, but nobody keeps Scoots waiting. I'm getting a soft pretzel." [drives off]

Linka: This is insane!

Me: I know.

Varie: I hope we get this done soon.

**Lucy:** "Forget it, Lincoln. We're done with this line."

[The train ride toots its horn, catching Lincoln's attention]

**Lincoln:** "Yes you are!"

[The little sisters are now in the train]

**Lincoln:** "All aboard!" [gets out a quarter] "It's my treat." [puts it in the slot and the ride starts]

**Lola:** "Lincoln, we're bored."

Lily: I love trains.

**Lincoln:** [warily] "Of course you're bored. You aren't wearing your conductor hats!" [gives them each a hat which only Lily likes]

**Lola:** "This is unsanitary."

**Lisa:** [sarcastic] "Oh, yes. This makes all the difference."

**Lincoln:** "Then let's go for the 20-ride special!" [puts all his quarters in the slot, causing it to shake a little]

Laney: Uh, Lincoln? Are you sure it's a good idea to put all those quarters in?

Lincoln: Of course it is Laney. And besides, you'll be there to watch over them. Later! [Runs back to the long line]

Laney: [Crosses her arms; sarcasstically] Oh wow. You're doing a great job being responsible, Lincoln. [She then notices the train getting faster]

Sisters: Wooooaah!

Laney: Uh oh! Hang on guys! [Holds on to a part of the train as it goes faster] Uhhh! I knew this was a bad idea! Okay, stay calm! I'll get you all out of here! Just remain seated while I find the- [She then smashes into the meter and everything goes black]

[Cuts to Me, Varie, Lincoln and Linka in the long line at the bookstore and we wait a while till we're next] "Yes! we're next!" [to his sisters still on the train] "Hang tight, guys! I'll be right back!" [goes in nervously]

**Rip:** "How's it going, guys?" [gets no response from Lincoln] "I, uh, see you've got a copy of my book there. Would you like me to sign it?" [still no response] "I'll just take that." [takes Lincoln's book and signs **Your mate, Rip Hardcore** in it and gives it back] "Rippin' to meet ya."

Me: It's a great pleasure to meet you Rip. I'm J.D. Knudson and I am one of your biggest fans. It was thanks to everything I learned from your survival skills that I was able to help my family survive on an uncharted island for 7 weeks 6 years ago.

Rip: (Shakes my hand) Way to go J.D. I'm proud of you. You have the making of a great survivalist.

Me: Thanks Rip.

[Lincoln scuttles out of the book store, and we follow him regains his nerves, and looks at his watch]

**Lincoln:** "Now we just gotta grab our sisters and get home."

Me: I sense a disturbance in the Force.

Varie: Yeah I sense it too.

Lincoln: [goes back to the train ride] "Okay, guys, now we can do whatever you…" [sees the train is gone] "Where'd they go?"

Me: The train is gone! [Sees Laney on the floor groaning] Laney!

We run over to her.

Varie: She's gonna be okay. Laney, are you alright?

Laney: [Woozy] Woah man… I had the strangest dream. I was on a speeding train with seven kids…

Lincoln: The kids! Laney, what happened?

Laney: [Confused] Laney? Who's Laney?

Linka: What are you talking about? You're Laney.

Laney: [Still confused] I'm sorry guys. You must me confused for someone else.

Me: Oh man. I've seen this before. Laney has amnesia.

Varie: I know this all too well.

Me: Laney do you remember who I am? I'm J.D. Knudson. You got plant powers because of the Diamond of Gaia in Grand Venture State Park.

Laney: Plant powers? How could I have gotten… [She remembers and gasps] J.D.! [Hugs me] I remember now! I do have plant powers because of that! And Varie! We met at the park after that!

Varie: That's right.

Lincoln: Laney, Where are the other siblings?

Laney: Umm… Are you lost or something? [Rubs her head] Oh, my Head! [We notice the big red bruise on her forehead]

Me: Oh man! That must've really hurt!

Varie: That is a nasty bruise!

Lincoln: [Shocked] You do have amnesia! Oh, what have I done!? [panicking] Okay! Okay! No problem! [Looks at his watch] We still have an hour and a half to fix this! Okay, Laney. You have to remember, It's me. Lincoln.

Laney: Lincoln? What kind of parents name their son after some dead president?

Lincoln: Oh I am so dead.

Linka: These things take time Lincoln. Laney's memory will recover.

Lincoln: [keeps calm] "You're right Linka. Don't panic. Just follow the wheel marks." [follows them, but bumps into a janitor who is cleaning the floor with a floor sweeper] "How am I ever going to track them down?"

Me: That's it! [Looks in the book] Lets see here. " **How to purify urine… how to build a fire with toenails…** Ah! " **How to track animals in the wild** ." With a little luck, my tracking bandanna, and the Four D's, we'll find your sisters in no time."

Laney: Sister's? I have sisters?

Lincoln: Yes Laney. 10 of them. All girls and I'm the only boy.

Laney: Only boy? How does that… [She Remembers something and gasps] Lincoln! [Hugs Him] I remember now! I do have a brother!

Lincoln: Yeah!

Laney: And I have 10 sisters!

Lincoln: Yeah!

Laney: And you're completely irresponsible.

Lincoln: [less happy] Yeah… But we're gonna fix this!

Me: We will help you remember!

Linka: Laney do you remember me? My name is Linka. I came here from a dimension where I had 11 brothers.

Laney: I don't remember seeing… [She remembers something and gasps] Linka! [Hugs her] I remember! You are my 12th sister!

Linka: I'm glad Laney.

Lincoln: [howls and begins the search] "Disturbances, dens, diet…" [notices something] "Oh! Droppings." [dips a half-eaten corn dog in the droppings and it disintegrates] "Just as I suspected: Lisa's chemicals. She can't be far."

Laney: [Still Amnesiac] Lisa? Is she one of my sisters you're talking about?

Lincoln: Yes. Remember? She's the genius one. Always making chemicals and inventions and solves complex math equations.

Varie: That's right and she's inventing new things that will benefit all of humanity.

Laney: Wow. She sounds like a University Professor. Are you sure she's my sister.

Lincoln: Trust me. [The trail leads us to the appliance store that a ton of people flee in terror screaming, revealing a robot created by none other than Lisa]

**Lisa:** "Greetings friends, brother and sisters. The devices in this store were highly inefficient. They only performed one task each. So I combined them into one appliance that can do anything."

Me: Awesome robot Lisa.

Lisa: Thank you.

**Appliance Robot:** [showing some demos] "CRUSHED ICE? PRESSED SHIRT?"

Laney: Speaking of ice. Do you think I can have some? My head is pounding… [rubs her head. Lisa then notices her bruise]

Lisa: Hmm. You seem to be suffering severe head trauma Laney. Luckily my robot is also programmed for first aid. [Lisa's robot shows some bandages]

Appliance Robot: BANDAGE? GAUZE?

Laney: Uh. I still don't see how she's my sister.

Lincoln: [To Lisa] Shes got amnesia.

Me: We're trying to help her remember everything.

Lisa: I see. Then again that probably happened because of your irresponsibility. Laney, might I recommend you take some thiamin? It's a common vitamin that can help treat retrograde amnesia.

Laney: Retrograde amnesia?

Lisa: Indeed. It's very common for people to have this and not remember anything prior to their injury.

Laney: [Confused] I can't seem to understand all that… [Gasps and realizes] Science talk! Lisa! Now I remember! [Hugs Lisa] Where would I be without that big brain of yours?

Lisa: I can dream can't I?

Me: Our little scientist does it again.

Varie: You said it.

**Lincoln:** "Okay, that's enough of that. Where are the others?"

**Lisa:** "I am uncertain. I was ejected from the train when we took a sharp turn at the sofa store. It was clearly overstimulated by the excessive quarters you fed it."

Me: That was kinda stupid Lincoln. Sorry.

**Lincoln:** "No, I deserve it. Come on! We have to find them!" [takes Lisa and Laney and moves out; finds another D] "Oh! Disturbances."

**Lisa:** "What are you babbling about?"

**Lincoln:** "Rip says…" [he quotes as a picture of Rip appears in the corner of the screen] "… you can tell if an animal has been around by a disturbance in the environment. Look!"

[They look at a clothing store and find one mannequin wearing a gothic style outfit accompanied by a familiar spooky fanfare]

Laney: Ugh… Creepy. Who'd put that on display?

**Lincoln and Lisa:** "Lucy."

Me: This has Lucy written all over it.

Varie: Yep.

Laney: Lucy?

Lincoln: Yeah. She's the creepy one.

Linka: She's into Vampires and everything dark.

Laney: I see that…

[Lucy is giving Flip a fortune]

**Flip:** "Alright, little psychic girl, give me some good news."

**Lucy:** [looking into her crystal ball] "Ohmmmm… your business will soon make a big splash."

**Lincoln:** [grabs her] "Sorry, folks, no more fortunes today."

**Flip:** "Sweet! A great fortune, and I don't have to pay!" [drinks his Flippee]

Me: Flip you need a big vacation.

Laney: [Looks at Lucy oddly] So… You're my sister huh?

Lincoln: [to Lucy] She's got amnesia.

Lucy: Sigh… Of course. We're all victims of memory, constantly fading away. Like our existences mean nothing more than figments of imagination.

Laney: [Down] Wow… that sounds. [realizes again] Depressing! [Hugs Lucy] Lucy! It is you! [feels awkward as Lucy just stares at her] Um… maybe I should stop with the hugging…

**Lincoln:** "Perfect! We're one step closer to fixing everything. But we still need to find all my sisters. Hmm… No droppings, no disturbances…" [stops] "Wait a minute. Den! Rip says…" [Rip square appears again] "… you can track a creature by finding its natural habitat."

[Rip gives Lincoln a thumbs up and they notice the Princess Palace]

**Me, Varie, Lincoln, Linka, Lisa and Lucy:** "Lola."

Laney: Lola?

Lucy: I think the princess castle should be explanation enough.

Me: Yeah.

[They go inside and find a bunch of kids looking at Lola who is sitting on a throne]

Me: Our little princess is now a queen.

**Lincoln:** "Lola, playtime's over. We gotta go."

**Lola:** "That's no way to speak to your queen! Send him to the dungeon!"

Laney: [Remembers] Oh yeah… now it's coming back to me.

[The other kids get ready to attack Lincoln]

**Lincoln:** "Lola, wait! I just came to tell you, uh… there's another queen outside who says she's more powerful than you."

**Lola:** "What? Well, I'll have her head!"

[They charge out of the store and find nothing]

**Lola:** "There's no one here. You lied! Well played, sir."

Laney: I just wish I can forget how much of a brat she is…

Lola: Brat!?

Me: Lola don't hurt her. She has amnesia.

Lola: Bah! I bet she's just pretending so she can get out of paying Luna that 20 bucks she owes her.

Varie: No she's not Lola. She hit her head bad and she can't remember anything. We're helping her remember.

Laney: [scratches her head in confusion] Are you sure I even belong in this family? You guys are crazy!

**Lincoln:** "Trust me. You get used to it. Let's move out."

[We all follow while Lola stops]

**Lola:** [to her subjects] "Take care of my kingdom!" [leaves]

[We continue and Lincoln finds some bones]

**Lincoln:** "Aha! I found another D: Diet!"

**Lucy:** "Lincoln, that's not human food."

**Lincoln:** "It is if the human is…"

[We all notice they're right by the pet shop]

**Lincoln, Lisa, Lucy, and Lola:** "Lana."

Laney: Do I even have to ask about this one?

Me: I had a feeling Lana would be here at the Pet Shop. I hope she's not eating dog biscuits again. [Shudders]

Varie: Me too.

Linka: Blech! That was horrible!

[Me and Lincoln enter and we find Lana in a duck pen]

Me: (Laughs) Lana. You are so funny.

**Lincoln:** "Lana, out. Let's go."

**Lana:** "No can do guys. I gotta keep these duck eggs warm."

[The eggs hatch into ducklings; Lana comes out of the pen]

**Lincoln:** [shakes her hand] "Congratulations."

Me: Way to go Lana.

Laney: Awww! they're so cute! You really have a thing for animals don't you Lana? [Gasps as she remembers again] Lana! I forgot how much you love animals!

Lana: What's up with Laney?

Me: She has amnesia and we're trying to help her remember.

Lana: How did that happen?

Lincoln: It was all my fault. I sped up that train with all those quarters and made it go fast. I'm so sorry I caused all this. I should've watched out for you guys more and I'm so sorry.

Lisa, Lucy and Lola came in and forgave Lincoln.

Lana: Aw we forgive you Lincoln.

Lola: It's okay Linky.

Lucy: We forgive you.

Me: Lincoln I know how much you wanted to get that autograph from Rip and I know it meant alot to you but you have to know that family is always important. Plus we can learn from our past mistakes and make sure that we never do them again.

Varie: That's right.

Laney: Wow Lincoln. That's great accepting responsibility for your actions like that. [Remembers for one last time] I remember everything! Well, at least what happened today. Thanks Lincoln. I guess you can be responsible.

Lincoln: You're welcome.

[They leave and the ducks come out of their pen]

Me: Okay, lets find Lily, Anastasia and Penny and we can go home.

**Lincoln:** [looking at his watch] "Right, we still have time to get home before Mom and Dad."

Lily: Here we are guys.

We see Lily and Penny over at a nearby clothing store and they had lots of bags of clothes.

Varie: Thank goodness you're both safe.

Lily: Yeah. We jumped out of the train before it crashed into that stand over there. [Points to Flips Smoothie stand in the nearby fountain]

Penny: It was great to fly with Lily.

Me: Good thinking. Laney has amnesia and we're trying to help her remember everything.

Lily: Oh man. I've seen that happen before with someone else. I helped her with it.

Varie: Good for you Lily.

Me: Where's Anastasia?

Penny: She's over at the food court.

Varie: That's good.

Me: That's a lot of clothes you have.

Lily: Yeah. They're for Lori, Carol and Leni. I figured they could use some new clothes to go with their old ones.

Me: Cool.

**Lincoln:** "Let's go home."

Linka: Yeah. Lets.

[They get ready to leave]

**Appliance Robot:** "May I come with?"

**Lisa:** "Negatory. Your services are needed more here than in my home. This mall requires a thorough clean-up. Make me proud."

[She leaves and the robot gets to work]

---

As soon as we all got home, we got to work on regaining Laney's memory. It wasn't before long until everything was back to normal as if the whole mall episode never happened.

[Back home, we are doing what we did before we left as if nothing happened. Laney holds an ice pack on her head. I am reading a book on space, Varie is reading a book on medicine and cures. Lucy is reading a book, Lola, Lincoln & Linka are watching TV and Lisa, Anastasia, Lana, Penny and Lily are playing a board game.

Me: I'm glad you're okay Laney.

Laney: Me too.

Lincoln: Again Laney, I'm sorry that my irresponsibility caused you to lose your memory.

Laney: That's okay Lincoln. Today you proved that you can be a responsible brother after all. Well, in your own weird way. But I still like my way better. No one gets hurt that way.

Me: Trust me Laney. Amnesia is no pretty picnic. It even happened to me.

Laney: Really? How?

Me: It was 4 years ago. I was in gym class doing a daredevil gymnastics move and I hit my head on a metal bar. I woke up in the hospital and my mom and dad were by my bedside. I couldn't remember anything. I had total amnesia. I couldn't remember who I am, where I came from, where I was, anything. I was a blank person. A shadow walking in a world I did not remember at all. The doctor's thought I was never gonna get my memory back. But then as I was coming out of the movie theater with mom and dad I saw a man being robbed at knifepoint and I confronted him. This gave enough time for the man to escape but the robber punched me in the head. He knocked me down, but surprisingly my memories returned to me and I remembered everything again. I got up and I knocked the robber out and tied him up and I was back to my old self again.

Lincoln: That's incredible!

Linka: I agree.

Lisa: Memories can sometimes be restored in patients with amnesia after a second blow to the cranial area.

Varie: Yes. I've seen it happen.

[Their parents and older sisters return]

**Rita:** "Hey, guys. We're home."

Me: How was the school open house Ms. Rita?

Rita: It was great J.D. Thank you.

Lynn Sr.: Thank you for looking out for everyone J.D.

Me: You're welcome Mr. Lynn.

Lynn Sr.: We got you something.

Lynn Sr. handed me a special necklace that was in the shape of a dragon and it had 3 red stones on it.

Me: Mr. Lynn it's beautiful and I love dragons.

**Rita:** "A little thank you for helping us out today. It's so great that we can count on you."

Lincoln: Actually we have something to tell you. The truth is…

**Lana:** [shuts him up] "He let us jump on the bed."

**Lucy:** "But only because we kept bugging him."

**Lisa:** "Lincoln was a top-rate babysitter."

Anastasia: Yes he is.

Laney: And might I add, very responsible.

**Lola:** "I give him a 9 out of 10."

**Lynn Sr.:** [chuckles] "I think we can live with that."

[The parents leave]

**Lincoln:** "What'd ya do that for?"

**Lana:** "That was my little thank you for letting us keep the ducklings."

**Lincoln:** [aghast] "Wait, what?!"

[Lucy, Lola, and Lisa each hold up a duckling, showing that they came with them and mama Lana]

Laney: Yay! New pets!

Me: I'll have Double D build a special duck pond in the backyard.

Varie: Perfect.

Lily: They are so cute!

THE END

Another Fanfiction done.

I wanted to do this episode for a little while. When Kinghammer wrote that Laney got amnesia because of Lincoln's irresponsibility that sure surprised me. I found it to be a great version of this. This one was quite a challenge for me. Let me know what you all think.

See you next time.

# A Town of Ghosts

It starts out with me in my room. I am looking up some news reports on my computer when I spot one in particular.

Me: This is unusual. "Vlad Masters An Outcast, The former mayor of Amity Park is now the most hated man in the world because of his crimes against the country and his attempts to sow discord and destruction. New evidence points that he had acquired all his wealth and fortune with his Ghost Powers." Ghost Powers!? That's unusual. "Vlad Masters is now wanted for all of his crimes and a bounty of $750 Billion is on his head. He is considered to be armed and extremely dangerous. He can shoot Lasers, Replicate himself, form shields, go intangible, fly, and is believed to have many powers. He is the most dangerous enemy of world famous hero Daniel Fenton aka Danny Phantom and has been known to be charismatic, charming and a master manipulator." Lucy would like this.

I close my computer and take it with me as I slide down a black slide to Lucy's crypt room. I have slides set up for each of the Loud Siblings in each of their favorite colors and they go into their room. 1 for each sibling. I arrive in Lucy's room and knock on her coffin.

Lucy: Yes?

Me: Sorry to bother you Lucy, but I want to ask you something.

Lucy opened the coffin and rose up like Dracula.

Lucy: What's up J.D. my 2nd brother?

Me: Have you ever heard of a man named Vlad Masters?

Lucy became angry.

Lucy: Where did you hear that name!?

Me: I found it on a news report on my laptop and I wanted to see if you know about him. Here. [I open my laptop and Lucy looks at what

I found out]

Lucy: Gasp! I'm glad Vlad is now an ostracized monster.

Me: It sounds like you have a personal vendetta against him.

Lucy: Yes I do. It was before you came here J.D. When I got word about Vlad's dictatorship I made it my mission to hunt him down and destroy him by any means necessary. You see, I love my ghost friends but I am also a hunter of Evil Ghosts.

Me: You're a ghost hunter?

Lucy: Yes. Come with me.

Lucy led me to a wall and she opened a hidden panel and it had a code panel. She typed in a code and the wall opened up and we went into a room with all sorts of high tech weapons and technology.

Me: Woah! What is all this stuff?

Lucy: This is all my ghost hunting equipment. I am a member of an organization called S.H.E.G.

Me: S.H.E.G.?

Lucy: It stands for the **S** ociety of **H** unters of **E** vil **G** hosts. We are an organization of bounty hunters and our mission is the go after the most evil of ghosts and turn them in for the biggest bounties.

Me: Wow. That sounds very profitable.

Lucy: It is. But our biggest bounty that we have yet to collect is that of Vlad Masters A.K.A. Vlad Plasmius.

Me: Wow!

Lucy showed me a room of all her greatest catches.

Lucy: These are all the ghosts we caught. They are all jars of ectoplasm. Do you recognize any of them?

Me: Hmm. These are some of the enemies of famous hero Danny

Phantom. That's Nicolai Technus the ghost of science and technology.

Technus: That's right! It is I, Technus, master of all things electronic and beeping.

Me: You sound almost perfectly like one of my favorite actors Gilbert Gottfried. Has anyone ever told you that?

Technus: I do sound like him don't I?

Me: You sure do.

We walked on and we met another ghost.

Lucy: This is Ember McLain. She's a rock and roll ghost.

Me: I love her song Remember.

Ember: I'm glad I have a fan.

Me: I also heard that you died in a tragic house fire back in the 1970's and became a ghost.

Ember: Yes. I was supposed to go on a date with a boy to the movies but he never came and I went home so exhausted and died in that fire.

Me: That's horrible. That was over 40 years ago and I'm very sorry that happened to you.

Ember: Thanks for your sympathy. I was an unpopular high school girl that dreamed of becoming a rock star.

Me: That's a big dream. Luna wants to be a rock star like her idol Mick Swagger and she has lots of great songs.

Ember: That's what I've heard. She has really great talent. I wish I could join her band.

Me: Maybe you can. What happened to you should've never happened at all. Lucy what do you think?

Lucy: I think she's perfect for Luna.

Me: All right.

I take the jar Ember was in and smash it and she rematerialized.

Me: Ember McLain.

Ember: That's right. I'm back.

Me: Here.

I put my hand on her head and a blinding white light enveloped the room and when it faded Ember was fully resurrected.

Ember: I'm alive again! [Hugs me] Thank you J.D.

Me: You're welcome Ember. I discovered that I have the power to bring the dead back to life. I found this out when I was helping Lincoln and Linka for their school project.

Ember: That is wicked. What year is it now?

Me: It's 2017 and a lot has changed since when you died.

Ember: I know. Lucy, I'm so sorry I caused a lot of hurt. I want to redeem myself.

Lucy: It's okay Ember. I'm glad you're on the path to redemption.

Me: Lets see more ghosts.

We walk some more and Lucy reveals a small jar.

Me: Why is this jar so small?

Lucy: This ghost is Youngblood. He's a kid ghost.

Youngblood: That's right.

Me: Are you one of those people that was killed in the Amityville Murders?

Youngblood: How did you know that?

Me: I just guessed. Actually there's a lot of kids that were killed over the centuries and their murders have never been solved.

Youngblood: That's true and yes I was killed by my brother. He killed my entire family.

Me: That's awful. It was back on November 13, 1974. Robert DeFeo Jr. killed his whole family because of drug abuse. It drove him crazy. His crimes are unforgivable. He's now spending the rest of his life in prison. All his appeals and parole hearings were denied.

Ember: I heard about that. That was awful. That was 2 years before I died.

Youngblood: Good. I hope he burns in the Netherworld. But he's still my brother and I love him.

Me: I agree with you and I'm very sorry he killed you. Are you the youngest sibling John Matthew DeFeo?

Youngblood: Yes. I am.

Ember: Weren't you 9-years old when you died?

Youngblood: Yes. I was a hyper kid. I love playing dress-up. I like pirates, cowboys, you name it.

Me: I can believe it. You have quite an adventurous imagination.

Youngblood: That's true.

Lucy: Some ghosts are not evil. There are lots of ghost that have helped Danny in the past. Like princess Dorathea. We call her Dora.

Me: I've heard about her. She wears a strange amulet that turns you into a dragon when you get angry.

Lucy: That's correct. And her brother Prince Aragon is a ruthless monster.

Me: Whoa and I love dragons and over the centuries they've been viewed as evil, ruthless, blood-thirsty monsters and Prince Aragon takes evil to a whole new level. But the real question is how do we kill a ghost like Vlad Plasmius without killing Vlad Masters?

Lucy: I have the answer for that. Follow me.

Lucy lead me and Ember to a room and pulled out some strange claw gloves.

Me: What are these?

Lucy: These are ghost gauntlets. They can be used to separate a ghostly being from a human body.

Me: Exorcisms in glove form. Nice. [puts the gloves on] Now we need to gather an army.

Over the next 18 hours we gathered up an army of ghosts. We called in Princess Dorathea, Frostbite, Danny Phantom, Tucker Foley, Sam Manson, Danielle "Dani" Fenton, Valerie Grey, Jazz Fenton, Cujo, and Wulf. Varie, Aylene, Haiku, Lincoln & Linka, Laney, Lana, and Shannon wanted to join too.

Danny: So Plasmius has come back huh?

Me: Yep. It's time to take him down once and for all.

Tucker: It's truly an honor to help you J.D.

Sam: Same here.

Dani: I'm glad to help too.

Me: I know.

Lana: This is gonna be awesome!

Danny: Plasmius will pay for everything hes done and more 10 times over.

Me: Hes plagued this world for far too long.

Laney: We don't even know where he is.

Me: Actually I do. I can sense him all the way in Colorado. My old home.

Haiku: I can feel it too.

Dora: Lets get him team.

Jazz: Yeah, lets.

Ember: This is gonna be awesome!

Wulf: Jes! Ni faru ke monstro salajro!

Me: He said "Yes! Lets make that monster pay!"

Danny: I didn't know you understood Esperanto.

Me: It's an auxillary language. I studied it in the library.

Valerie: We're with you all the way J.D.

Varie: This is gonna be awesome.

Aylene: Yeah I want to put my powers to the test.

Lincoln: Okay! Operation: Get Vlad Masters/Plasmius is a go!

Linka: Yeah! Let's get him!

Danny: I'm going Ghost!

Danny transformed into Danny Phantom and Dani did the same as well.

Me: Awesome!

Outside, Dora became a dragon and Wulf, Cujo, Sam and Tucker got on.

Me: Lets roll!

We all flew out to Colorado. 2 hours later we were over the San Juan Mountains near Telluride.

Me: I've always wanted to see Telluride. It's beautiful.

Lincoln: It sure is.

Me: We'll sightsee later.

We arrive at Vlad's beautiful mansion near Montrose.

Me: Wow! Vlad sure has a nice house. Too bad he's a monster that belongs in jail.

Lincoln: No kidding! This mansion would be perfect for my house.

Me: It sure would be. But we'll worry about that later. Lets go.

We bust in through the front door and go in. The interior was gorgeous.

Linka: He sure has a lot of nice stuff.

Varie: Yeah. No kidding.

Dora turned back into her human form.

Dora: Vlad sure knows how to live.

Desiree: He sure does.

Wulf: Vlad estas viro kun stilo. Ju pli frue ni lin jetos en malliberejon pli bone.

Me: He said "Vlad is a man with style. The sooner we throw him in jail the better"

Danny: That's right. I agree.

Cujo barks.

?: Well well well. Daniel and his friends are here.

We all see Vlad Masters standing by a door.

Me: Vlad Masters I presume?

Vlad: That's correct. You must be J.D. Knudson the famous multi-billionaire hero that saved Royal Woods from the Black Daffodil Gang.

Me: You heard right. I found out on my computer that you are wanted all over the world and you have a $750 Billion bounty on your head.

Lincoln: And We're aiming to collect it.

Laney: Yeah! So say you're prayers!

Vlad: Laney Loud. I heard you killed Chandler Henderson.

Laney: He got what he deserved just like you will.

Vlad: We'll see.

Vlad transformed into Vlad Plasmius.

Danny: I've said this a million times but you are one seriously crazed up fruit loop.

Me: Nice one Danny.

Dani: (Giggles) That is really funny.

Me: I am ready.

I put on the Ghost gloves and we fought ferociously outside.

Dora blasted him with blue fire, Wulf slashed him with his claws, Cujo bit him when he became a monster big dog, Lana froze him in ice, Shannon had ghosts fly around him and pulverized him, Aylene fired blasts of fire at him, Laney entangled him in bramble vines and crushed him, Haiku fired a wave of darkness and it formed into a murder of ravens and they pecked him, Frostbite froze him in ice, Danny and Dani fired energy blasts at him, Lucy fired black lightning at him, Sam, Tucker and Valerie fired energy beams at him, and Lincoln & Linka fired lightning at him.

Me: Good job everyone. Now it's my turn.

I plunge the gloves into Vlad and rip out his ghost self and Danny sealed the ghost half into his thermos. Vlad was now completely powerless.

Me: It's over for you Vlad.

The police arrived and arrested Vlad.

I beam Vlad's Mansions to Royal Woods and Merged our houses together. The house was now a massive super mansion.

Vlad Masters was found guilty of numerous counts of fraud, theft and robbery. He was sentenced to 753,762 years in prison without parole and was ordered to pay $4 Trillion in restitution. The $750 Billion bounty was given to the Knudson-Loud-Anderson Estate and we expanded the mansion and made it much bigger.

Danny, Dani, Sam, Tucker, Valerie and the crew now live in one of the guest houses. Ember and Luna became best friends. Sam was happy to meet her. Wulf was now free from having to go back to Walker's prison and Dora was now free from her brother. Frostbite went back to his people, Cujo lives with Danny, Sam and Dani, and Valerie moved her father out of that apartment and into a bigger house in Royal Woods.

THE END.

Another Fanfiction Done.

I wanted to do a Danny Phantom episode. I watched Danny Phantom and it was awesome. I liked all the episodes and it was hard to choose just one. But I liked Urban Jungle the most. Quite frankly I despised Vlad Masters and he was evil in its purest form. He should've never had all those powers to begin with. Martin Mull did a fantastic job voicing him from 2004 to 2007. I'm glad we defeated Vlad in my story. Let me know what you all think.

See you next time.

Danny Phantom is owned by Butch Hartman and Nickelodeon.

# The Last of the Addams

It starts out in the Knudson-Loud-Anderson Super Estate. I was looking up stuff on my computer when I heard a huge explosion in the distance.

Me: Whoa! That was not one of Lisa's explosions. That was something else.

I look out my window in the tower and I see smoke in the distance.

Me: Something happened over there and we'd better check it out.

20 Minutes Later, me, Varie, Laney, Lily and Lana arrived at a burning mansion and put it out.

Me: I know this house. It's the Addams Family house.

Lily: The Addams Family, the creepiest family in the world?

Me: Yep.

Varie: This is sad. Lets take a look around.

We searched through the rubble of the destroyed house and found out that this was all an accident.

Varie: Boy Uncle Fester really blew this whole house up and took the whole family with it.

Laney: I know the Addams Family and Uncle Fester loved working on explosives. He must've been testing a new explosive and it backfired.

Lana: What a mess.

Me: Yeah.

Lily was walking around the destroyed house and saw someone under a plank.

Lily: We have a survivor here!

She lifted it and we ran over and it was Wednesday Addams.

Lily: Wednesday! Thank goodness.

Wednesday: Lily. I'm glad you found me.

Lily: What happened here?

Wednesday: Uncle Fester was testing out a new explosive but it went wrong and destroyed everything.

Lily: No kidding.

Laney: Looks like my suspicions were confirmed.

Wednesday: Yes Laney. They were. I am now the last of the Addams family.

Me: That's terrible. We heard the explosion all the way from our house. We're just glad you're okay.

Wednesday: Yes. I'm glad too. But I have nowhere to go.

Varie: You can live in our house now Wednesday. Lucy would love that.

Wednesday: Yes. She would.

Me: Lets see what else we can find here that's salvageable.

We search throughout the rubble and found that the bookshelf is still intact.

Me: I remember all these books. These are some cool ones. This one is my favorite.

I pull out a book called "Gone With the Wind" and open it and a huge blast of wind blows in my face. I close it and blubber.

Me: Wow. I remember that. Let me see here.

I find a book called Greed and pull it and it was a secret passage. We all go in it and down a set of stairs.

Me: I remember this. It leads to the vault.

Wednesday: Yes. It's my family's fortune.

We saw a slide and go down it and it lead into a huge tomb.

Varie: Wow. This must lead to the vault.

We fly over the water and Lily was carrying Wednesday.

We arrive at a huge safe.

Laney: This must be the vault.

Wednesday: Yes it is. I usually am not allowed down here.

Me: I believe it. From what I remember the Addams Family fortune has literally been the most coveted and most sought after fortune in the country over the decades.

Wednesday: Yes. And our family is also the most darkest and most hated family in the world.

Varie: Why's that?

Wednesday: Because we've always been persecuted for so many things we did not do and they killed us in many ways.

Lily: That is sick.

Laney: Yeah. That is evil and stupid.

Wednesday: You're telling me.

Me: Lets see here. From what I remember the combination is [turns the dial] Right 2, [Turns the dial] Left 10, [Turns the dial one last time] and Right 11.

The Vault door clicked and I opened it. We went into a room and saw lots of old stuff.

Varie: Wow. Look at all this stuff.

Wednesday: This is dads private section. He showed it to me once.

Me: Amazing. Let me see if I can find where the fortune is.

Laney: From what I remember its behind that wall over there. [Points to a bar]

Me: That's very clever.

I use my psychic powers to move the wall and we see a massive vault full of gold.

Me: Whoa! Look at all that gold!

Varie: Holy mother of all water!

Lily: Geez! That is a lot of gold.

Laney: That is a kings ransom.

Wednesday: Yes it is. I've only seen it once.

Me: It is true what they say: "The Love of Money is the Root of All Evil"

Varie: Indubitably. Let's beam all of this over to our vault.

Me: Yeah. Wednesday is now the last Addams and there's no need for it to be here anymore.

Laney: Let's also build a memorial for the Addams Family too.

Lily: Good idea Laney.

I beam all the gold into our vault and empty it all out.

Me: Never again bad people. Lets see if we can find anything else that's salvagable.

Laney: Okay.

We searched the remains of the house and found a bunch of Wednesday's possessions and many more of her family's stuff.

After we searched, we packed up all of the stuff and went back to the Knudson-Loud-Anderson house and Laney was helping Wednesday get comfortable.

Laney: Wednesday I'm so sorry about your family. But you can't keep your sadness buried.

Wednesday: I know. I miss everyone. This is the worst day ever!

Wednesday broke down crying and Laney comforted her. Lily had built a special memorial site for the Addams Family.

Wednesday was adopted into the Loud House.

It was a good time for her.

THE END

Another Fanfiction completed.

I wanted to make a dark chapter of The Addams Family for my story. Wednesday Addams is my favorite member of the Addams Family. I know it's sad but I wanted to make this a good chapter at the end. I used to watch the 1991 movie when I was a kid and it was awesome. Let me know what you all think.

See you next time.

# The Swordmistress Flies Forth

Varie was in the Simulator doing an exercise.

Me, Aylene, Lincoln & Linka, Laney, Lisa, Lily, Sakura, Fu, Ino, Minato, Kushina, Naruto and Naruko were in the control room.

The Simulator Activated and Varie found herself in the Leaf during the reign of the 3rd Hokage when Kushina was in the Academy.

Varie: The Leaf was not very big back during this time. I hope I can find Kushina and help out.

Varie was at the Academy and she was looking through the window and saw a bunch of kids teasing a young Kushina.

Kid 1: Tomato! That's your new name!

Kid 2: From now on your name is Tomato!

Varie was appauled by those kids immaturity.

Varie: Some kids are so stupid.

Kushina grabbed a kid and was enraged.

Kushina: Who're you calling Tomato!? Now you listen here I hate tomatoes just as much as you ya know!

She threw the boy around like a rag doll and pulverized more boys.

Varie: Whoa! Kushina sure has an explosive temper. I got to help her out.

Hours later, Kushina was running down a forest of Cherry Blossom Trees and she was facing a genin and his little brother was one of the boys that she beat up.

Varie swooped in out of nowhere and slashed the genin apart and killed him. She looked at the boy with a nasty glare.

Varie: You'd better run unless you want to end up like him.

The boy screamed in fear and ran.

Varie: What a woose.

Varie looked at Kushina and extended her hand to her.

Varie: Are you okay?

Kushina: Yeah. I'm okay.

Varie: You must not really like it when they treat you like that.

Kushina: No I don't.

Varie: I'm gonna help you. I'll explain everything along the way.

Varie opened up a portal and it lead into the Hyperbolic Time Chamber.

The went in and Varie trained Kushina in everything she knows and more in 36 hours. Kushina got stronger and stronger at an accelerated rate. When it was done Kushina was forever changed. She had red angel wings, longer red hair, stronger physique, fox ears, and 9 flaming fox tails. She has a powerful sword on her left hip, and she knows, Ki, Spirit Energy and numerous jutsu and she has infinite chakra. Her clothes are now a red battle dress and green ANBU pants and black shoes.

Varie: Kushina you look incredible.

Kushina: Yes. It was thanks to you Varie. Lets go destroy this Sasuke in the future.

Varie: With pleasure.

A portal opened up and it lead to when Naruto, Shikamaru, Choji, Kiba & Akamaru and Neji were about to head out to retrieve Sasuke. With them was Satsuki Uchiha, Sasuke's twin sister.

Varie: Lets go.

Varie and Kushina jumped through the portal and landed by them.

Naruto: Who are you two?

Varie: Some friends. (Snaps her fingers)

Naruto instantly changed. He was much stronger than ever before and he had Fox Ears, Orange Angel Wings, 9 Flaming Fox Tails, Black and orange clothes and his IQ was now beyond that of a Nara. He even had a stronger physique and strength that would rival that of a god.

Naruto: I feel incredible. I now know everything and why my mom and dad did what they had to do. Kushina, you are my mother from long ago.

Kushina: Yes Naruto.

Kiba: [Shocked] What!? Naruto this woman is your mother!?

Naruto: Yes. She's my mother from her days in the Academy. My real name is Naruto Uzumaki Namikaze, son of Minato Namikaze the 4th Hokage and Kushina Uzumaki the Red Death. My parents sacrificed themselves to save the village from the 9-Tails. They were actually forced to sacrifice themselves because of a Rogue Uchiha. The entire Uchiha clan minus Satsuki and Mikoto are to blame for my parents deaths. The Uchiha are nothing but a bunch of selfish, greedy, thieving monsters that only care about power and their delusional ambitions to destroy the world.

Neji: Naruto that's horrible!

Choji: How can the Uchiha be that evil!?

Satsuki: They just are. I may be an Uchiha but I am not that easy to be lured into darkness. Quite frankly I despised everything that my clan has done. It's been poisoned with evil ever since the time of the Sage of The Six Paths.

Kiba: That's insane. The Uchiha are a clan that's been driven to extinction.

Varie: That's right Kiba. The Uchiha are a menace to the world. Satsuki and Mikoto are the only two exceptions.

Naruto: Yes.

Kushina: Mikoto was my best friend and the actions and evil of the Uchiha took her away from me.

Satsuki: I know. I can never forgive them for that.

Varie: Well lets head out.

Sakura: Wait!

Sakura showed up.

Sakura: Wait. Naruto you have to know something.

Shikamaru: Lady Hokage told us everything. I'm sorry Sakura, but I can't take you on this mission. I know you tried, but even you couldn't convince Sasuke could you?

Naruto: I'm sorry Sakura but Sasuke is a Rogue Ninja now and he's a danger to all of us.

Varie: We have no choice but to force Sasuke to come back Dead or Alive.

Satsuki: If we have to fight my brother then so be it.

Shikamaru: I'm sorry but there's nothing else you can do for him.

Varie: I'm sorry Sakura, but he went to Orochimaru of his own free will and for that he must answer for his crimes.

Sakura was crying.

Kushina: Poor girl.

Sakura: (Crying) Naruto, this is a once in a lifetime request. Just bring him home. Please bring Sasuke back to me! I did everything I could. I tried but I couldn't stop him from leaving the village. At this point there's only one person who can stop him. Only one who can save him. Naruto it's all up to you.

Varie: (In her head) Those words will forever haunt me and my family for many generations to come, but I can't let Sakura keep living this lie. (Telepathically to Naruto) Naruto you have to help her.

Naruto: (Telepathically) I know Varie.

Naruto walks up to Sakura.

Naruto: Sakura, I know you care for Sasuke, but your love for him is a lie. Let me show you.

Naruto places his hand on her forehead and shows her everything hes done for her. He saved her from bullies, transformed into Sasuke and complimented her on her forehead, saved her from Gaara's rampage, and saved her from drowning in the Land of Tea and more.

Sakura was shocked.

Sakura: Naruto, that was all you?

Naruto: I love you Sakura. I love you more than life itself and I would never give up on you because you are the most beautiful, smart and most amazing girl I've ever known. I never once thought of you as a useless girl and I think you are an incredible kunoichi and you have what it takes to be the most powerful girl in the world.

Sakura was floored to hear all that and she hugged Naruto and cried hard.

Sakura: (Crying) Naruto! I love you! Thank you for helping me open my eyes! Sasuke is a monster! He's evil!

Naruto: You're welcome Sakura. I will be back. I promise.

Sakura: You'd better be back. I'll have a Ramen feast for you.

Naruto smiled and kissed her forehead.

Naruto: I've always wanted to do that. I will be back.

Naruto walked back to the team and he was ready.

Naruto: Lets go.

Varie: Lets roll!

Varie, Kushina and Naruto spread their wings and flared up their aura and everyone was off. Sakura looked on as they left.

Sasuke was in a barrel and the Sound 4 had strengthened his Curse Mark

Varie and Kushina smashed through the roof of the cabin the Sound 4 were in and swiped the barrel and flew out of the cabin.

Varie: So long suckers!

Naruto put his hands in a tringle shape.

Naruto: TRI-BEAM!

A yellow blast of Ki fired from his hands and hit the cabin and it exploded with amazing power.

KRABOOOOOOOOMMMM!

The explosion could be seen from the Leaf.

When the smoke cleared all that was left of the cabin was a smoldering crater.

Shikamaru: Is that it for them?

Varie: Yes, their energy signals have disappeared. Lets go.

They dashed and flew back to the Leaf. But when they got to a field they were stopped by Kimimaro Kaguya, the last surviving member of the Kaguya Clan.

Varie: Kimimaro Kaguya I presume?

Kimimaro: That's correct.

Kushina: I've heard alot about the Kaguya Clan. They have the ability to change and use their bones as weapons by channeling their Chakra into them. They lived in the Land of Water and were a savage and fierce battle-hungry and war-loving clan and they tried to show off their ferocity by attacking the Mist. But they were completely outmatched and they were all killed off.

Kiba: That is crazy. I had no idea a clan like that even existed.

Naruto: That does sound crazy.

Kimimaro: You all heard right. My clan was savage and barbaric. We loved every second of the fight. But I only fight when it is necessary. (Coughs Violently)

Varie: Oh man! That cough doesn't sound very good. Are you alright?

Kimimaro stops coughing 20 seconds later.

Kimimaro: I have a terminal disease that is attacking my lungs.

Varie: Let me see if I can help out.

Varie sends a wave of water and entombs him in a ball of water and she finds a disturbing and sickening source.

Varie: Oh man. Orochimaru put a lethal poison into him that is slowly destroying him.

Kiba: Orochimaru poisoned him!?

Varie: Yeah. I'm gonna get it out of him.

Varie had the water pull out a strange purple liquid and Varie pulled out a jar and had the poison flew into it and she sealed it.

Varie: There. Now to heal him.

Varie's water healed Kimimaro good as new and it splashed back down and Kimimaro was on the ground.

Kimimaro got up and he can breathe right again.

Kimimaro: I, I can breathe again! How did you do that!?

Varie: Water is a very powerful and purifying force. I found this in you. [Hands the jar to him] That was no disease you had. It was a lethal poison that was destroying you. If I hadn't got it out of you, you would've been dead probably in less than an hour.

Naruto: That is some deadly stuff. Kimimaro how long have you been sick with this?

Kimimaro: Probably 2 years. But I am forever in your debt and I will go with you to the Leaf and tell you everything you want to know about Orochimaru.

Kiba: You will?

Kimimaro: Yes. After finding out that I've been poisoned by Orochimaru, I will gladly sell him out and tell you everything.

Satsuki: We greatly appreciate that Kimimaro.

Choji: Yeah. Thank you.

Kushina: Uh we have bigger problems. [Points to something] Look!

We all see that the Barrel Sasuke was in was shaking and it bursted open and a purple light erupted out along with purple smoke and out came Sasuke and he was laughing Maniacally.

Sasuke made a break for it.

Varie: He's getting away! After him!

They all chased him and 45 minutes later they arrived at the Final Valley.

Naruto: The Final Valley. The very sight where our villages founding fathers Hashirama Senju the 1st Hokage and Madara Uchiha fought with everything they had.

Kiba: I never thought we would face Sasuke here.

Kushina: Yeah.

Neji: I've never been here before.

Varie: [Points to Something] There!

They see Sasuke standing on the statue of Madara Uchiha.

Naruto: That's him all right.

Varie: Leave this to me. If things go south, I want all of you to help out.

Kushina: Right.

Naruto: You got it.

Varie flew over and confronted Sasuke.

Varie: Sasuke! Where do you think you're going!?

Sasuke turned around and Varie saw that Sasuke had black flame marks on his face and his left eye had a black sclera and a yellow iris.

Sasuke: What are you doing here, girl?

Varie: We've been sent to bring you back.

Sasuke saw Kushina, Naruto, Shikamaru, Kiba, Choji, Neji, Satsuki and Kimimaro hiding in the trees.

Sasuke: She sent all of you huh? Like I already told Sakura, It's over. Just leave me alone.

Varie didn't show any emotion.

Sasuke: (Chuckles Maliciously) Look at you. You look like you're ready to snap.

Varie: I'm not intimidated by your taunts. You're just a bunch of talk and that is a sign that you are nothing but a true coward.

Sasuke was angry when she said that.

Sasuke: WHAT DID YOU JUST SAY TO ME!?

Varie: You heard me. I don't understand you Sasuke. Why are you leaving the Leaf? It's your home.

Sasuke: Why should you care what I do? It's my concern not yours. I have my own path to follow now and neither you nor anyone else can steer me from it. I will tell you this much: My days of playing ninja with you kids at the Leaf village, are done.

Varie: You're overconfident Sasuke and that will be you're undoing.

Varie teleported and punched Sasuke in the face when he turned around and sent him splashing into the water with tremendous force.

Sasuke surfaced and he was infuriated.

Varie: You're a coward that just solves his problems by running away and that is a sign of a truly powerless fighter. You're just as pathetic as the rest of your clan was when Itachi killed them.

Sasuke was enraged when he heard that and he jumped out of the water and landed by Varie and tried to punch and kick Varie. But she dodged all of his strikes and she punched him in the stomach with tremendous force and kicked him in the face and she sent him crashing into the wall nearby.

Sasuke got up and Varie fired an energy blast at him and the wall exploded with incredible power when it hit.

KRABBBOOOOOOOMMMMMM!

When the smoke cleared Sasuke was weakened considerably and he was burned badly. His bones in his legs were protruding from them. Sasuke was in a huge amount of excruciating pain.

Varie landed by him and he looked at her with intense rage.

Varie: What a waste of my time. Lets go Sasuke. It's time to answer for your crimes.

Varie wrapped him in water and restrained him.

Back in the Leaf 1 hour later, they dropped Sasuke off at the hospital and filed their report at the Hokage's office.

Not a detail was missed.

Lady Tsunade: I see. Good job to all of you. Kushina, it's so good to have you back.

Kushina: It's good to be home Tsunade.

Kiba: I hope Sasuke get's what's coming to him.

Shizune: I have a feeling he will. Sasuke is now an S-Rank Traitor and he will be punished severely.

Varie: I'm glad. But we also have some matters concerning the council. Primarily the Civilian Council and Danzo, Koharu and Homura.

Varie went over what's been happening over the last 13 years and Lady Tsunade was outrage.

Lady Tsunade: Unacceptable! ANBU! Call a council meeting. It's time I set everything straight.

The Council was called in and Lady Tsunade arrested Danzo, Koharu, Homura and the entire Civilian Council and had them all executed for treason. Sakura's mother Mebuki was spared because she did not have any involvment in their crimes. Danzo called the entirety of the shinobi in the village a cancer that needed to be destroyed and he claimed that everything he had done was for the good of the village. But everyone didn't believe it. Koharu and Homura revealed that they were the true masterminds behind the destruction of the Hidden Eddie Village and had revealed that they manipulated the Rock, Mist and Cloud villages into launching that joint attack that led to it's destruction and the scattering of the Uzumaki Clan. This horrified and outraged the people of the Leaf and Danzo, Koharu and Homura were named the ENEMIES OF THE 5 GREAT NATIONS, the ultimate traitors and menaces to the entire planet.

Varie, Naruto, Kushina and the Genin were named the ultimate heroes of the 5 Great Nations and awarded the highest honor of the Land of Fire: The Emerald Star of the Will of Fire.

Varie merged the Leaf with the Leaf Village on Lake St. Clair after training Sakura, Naruto, Ino, Kushina, Tenten, Hinata, and others. Satsuki was now one of Naruto's wives along with the young Kushina. Sasuke was now permanently crippled and his career as a shinobi was ended forever. The Evil Sasuke is now bound to a wheelchair for the rest of his life and he was subjected to all sorts of humiliating pranks and more. Evil Sasuke Uchiha was now the ultimate laughingstock of the Leaf Village.

The exercise ended and Varie was given a hero's praise and we went into the kitchen for a snack.

THE END.

Another Fanfiction Completed.

I wanted to include a young Kushina to Naruto's family as well as a female Sasuke. Let me know what you all think.

See you all next time.

# The Duel Academy Corruption

Miles away on a place called Duel Academy.

A spy is monitoring some corruption on the island in the Staff quarters. One person caught his eye and it was Dr. Vellian Crowler. He was looking through all his files and saw a nasty scheme.

?: So he wants to get Jaden and Syrus expelled just because he's a sore loser? I'd better call the boss.

4:45 AM. My Mansion.

At my mansion I was fast asleep when my laptop buzzed.

Me: [Groggy] Huh?

I see my laptop buzzing.

Me: I wonder what's up.

I press a button and it was my friend Charlie Nottingham. Charlie is a friend of mine from computer club and he is a master in spying and espionage for good.

Charlie: I found some disturbing information on a man here at Duel Academy.

Me: What have you got Charlie?

Charlie: He kidnapped Alexis Rhodes and Jaden was able to defeat her captor in a duel at the Abandoned Dorm and he was able to rescue her. But I found out that Dr. Vellian Crowler is planning to frame both him and Cyrus for the crime and get them expelled for it.

Me: Good work Charlie. You go tell Alexis and Bastion and wait for further instructions. I'll send you some more information when I get it.

Charlie: You got it boss.

The screen he called from clicked off and I hack into the security system at Duel Academy and scan the security footage around the island from over the last 12 hours. I hit paydirt.

Me: Bingo.

I forward the info to Charlie.

Duel Academy

Charlie got the info and went to the Obelisk Blue Girls Dorm. He knocked on Alexis's door.

Alexis answered it.

Alexis: Yes?

Charlie: Alexis I'm sorry to bother you but your friends Jaden and Cyrus are in big trouble.

Alexis: What's up Charlie?

Charlie: Dr. Crowler is behind your abduction in the abandoned dorm and is planning on framing Jaden and Syrus for it.

Alexis: (Gasps) That's crazy!

Charlie: Yeah. He wants to get them expelled because he's a sore loser. He also sent that fake love letter to Syrus telling him to meet you here.

Alexis: I knew there was something bad about that man! Thank you for telling me. I'll go get ready and we'll head over to the office.

Charlie: Okay. Just to tell you. I am a spy that was planted in here by my boss and one of my best friends J.D. Knudson.

Alexis: J.D. Knudson? The world famous billionaire hero?

Charlie: That's right. I'll explain everything.

8:00 AM.

Charlie, Bastion and Alexis were in the duel auditorium watching Jaden and Syrus dueling against the Paradox Brothers.

Bastion: (Whispering) Are you sure that Crowler is behind all this Charlie?

Charlie: (Whispering) Yes Bastion. [Talks to me in a radio watch] Boss are you here?

Me: I'm across from you.

Charlie sees me and I wink at him.

Charlie: Roger that. When it's Jaden's turn we reveal everything.

Me: Copy that.

When Jaden's turn came up I stood up.

Me: (SCREAMS) STTOOOOPPP!

The whole stadium was silent.

Me: I'm sorry to interrupt, but this whole duel was planned and set up by a madmans plot to get even! You've all been deceived!

Alexis stood up.

Alexis: This whole duel is a fraud!

Bastion stood up as well.

Bastion: Yes. It was all an elaborate setup!

Charlie stood up too.

Charlie: That's right! We have definitive proof the Dr. Crowler set this whole thing up and lied about everything. Can someone turn down the lights for a second please?

Alexis's friend Jasmine did so.

Charlie: Thank you Jasmine.

A holographic image from Charlie's watch appeared and projected everything we found out and the entire class and the staff gasped in sheer shock.

Charlie: This whole thing was a revenge plot done by a sore loser named Dr. Vellian Crowler. You can turn the lights back on Jasmine.

The lights came on.

Chancellor Sheppard: Is this all true Crowler?

Dr. Crowler: (Nervous) Of course not.

?: I disagree and I am very disappointed in you Crowler.

We all see Seto Kaiba come in.

Jaden: Seto Kaiba!?

Alexis: That's Seto Kaiba!

Bastion: He's the President and CEO of Kaiba Corp. and the Superindendant and Owner of Duel Academy.

Seto: J.D. and Charlie showed me everything and called me over. I'm glad he did.

Me and Charlie walked over and greeted him.

Me: Hello Seto. Thank you for coming out.

We shake hands.

Seto: My pleasure J.D. and thank you again for helping me realize what an arrogant jerk I was.

Me: I'm glad I could help.

Seto: [To Crowler] As for you Crowler, you're fired and you are also going to prison for a long time. Get him out of here.

Kaiba's men appeared and arrested Crowler.

Crowler: No! You did this Jaden! I will destroy you if it's the last thing I do!

Me: Not while I'm present you won't.

They take him away.

Seto: Sheppard. I will be launching a thorough investigation of this facility for the next 3 weeks to see if there's anymore corruption among the staff. Classes are put on hold till then.

Chancellor Sheppard: Yes sir Mr. Kaiba.

Seto: Thank you for your help J.D.

Me: You're welcome Seto.

Seto Kaiba leaves.

Chancellor Sheppard: J.D., Charlie, Jaden, Syrus, Alexis and Bastion, could you come with me into my office please?

20 Minutes Later:

We are in his office.

Chancellor Shepherd: First off Jaden and Cyrus, I would like to apologize for putting you both through this. We were all fooled by Crowlers lies.

Jaden: It's alright sir.

Syrus: I forgive you sir.

Chancellor Sheppard: Good. Now Charlie how did you know about Crowlers corruption?

Charlie: That's easy sir. I'm a spy working for J.D. He's not only my best friend but he's also my boss.

Me: Yes sir. I have my own spy organization. I call it the Alpha Spy Watchers Club or ASWC for short. We watch over the most powerful figures around the world and make sure that they don't cause any chaos and if they do we gather as much information as we can on them and expose them with the latest in cutting edge technology, espionage skills and tactics, stealth and martial arts.

Chancellor Sheppard: I see. That's quite a network.

Alexis: I agree. That's very cool.

Bastion: That is awesome.

Jaden: That is cool. J.D. do you duel?

Me: Unfortunately no I don't. I just collect the cards.

Jaden: That's okay.

Me: Also I have to warn you all. There's an evil organization called the Society of Light out there and their goal is to destroy the entire universe.

They gasp.

Alexis: Why do they want to do that?

Me: They worship a malevolent celestial entity called The Light of Destruction whose ultimate ambition is to destroy all life in the entire universe. This Light was responsible for causing numerous unholy calamities over the centuries like wars and dictatorships. An evil Cult Organization was formed to worship this dangerous force. It's called the Society of Light and its leader is a fortuneteller named Sartorius. His goal is to help the Light of Destruction brainwash the entire planet. But what he doesn't know is that he will ultimately destroy the entire planet.

They all gasp.

Jaden: So the entire world is in great danger?

Me: Not just the world, but the entire Universe. For countless eons the battle between darkness and light has raged on. It was a fierce battle between the Gentle Darkness and the Chaotic Light. Jaden, your ancestor the Supreme King was the one that was capable of wielding the power of the Gentle Darkness and destroying the Chaotic Light. Let me show you.

I put my hand on his head and Jaden saw his ancestral past. He saw what he was destined to do. He saw the card he first had, Yubel, be transformed into the card he had when he was a child. The card that he sent into space. He even saw that Yubel was back on Earth and is looking for him.

Jaden: So I was destined to stop the Light of Destruction from destroying everything?

Me: Yes. It's a dangerous task but I can help you do it.

Jaden: Thank you J.D. [To Syrus, Alexis, Bastion and Charlie] You guys want to help me out?

Syrus: I'm in Jaden.

Alexis: Me too.

Bastion: Count me in too.

Charlie: I will gladly help out.

Chumley, Blair, Jasmine, Mindy, Zane, Chaz, and Professor Lyman Banner came in along with Tyranno Hassleberry, Jim Crocodile Cook, Adrian Gecko, Axel Brodie and Jesse Anderson.

Chumley: We'll help too.

Blair: I will help my friends.

Jasmine: Count me in too.

Mindy: Me too.

Zane: I will help out as well.

Chaz: Don't get used to me helping you slackers out.

Professor Banner: I will gladly assist you too.

Tyranno: We are stronger together!

Jim: That's right.

Adrian: I will help you all.

Axel: Me too.

Jesse: Lets go partners!

Me: All right. We are now the Army of the Gentle Darkness and our mission is to stop the Society of Light and destroy the Light of Destruction. This is gonna get intense. [Senses something] Uh oh!

We rush over to the window and we see that the Obelisk Blue Dorm is all white.

Mindy: What happened to the Obelisk Dorm!?

Jasmine: It's all white!

Me: I sense a tremendous power and it's evil. They're here. This is it guys. First we have to find Yubel. Get ready Society of Light! The Darkness is coming for you!

All: YEAH!

We search all over the island for Yubel and we found the pod she was in and all that was left of her was her left forearm.

Me: Whoa! She had a nasty crash on reentry.

Jaden: Yubel I'm so sorry.

Me: I got this. [Chants an Incantation] **Guyistona Nagnifri Tokadestras!**

I fire dark lightning from my hands and resurrect her completely.

Yubel: **I'm fully reborn!**

Jaden: Yubel it's great to see you again.

Yubel: **Jaden, we're finally reunited.**

Jaden: Yes. The Light of Destruction is here and we have to stop it.

Me: We are the Army of the Gentle Darkness and we're going to destroy the Light of Destruction once and for all. I'm J.D. Knudson.

Charlie: I'm Charlie Nottingham.

Alexis: I'm Alexis Rhodes.

Bastion: I'm Bastion Misawa.

Tyranno: I'm Tyranno Hassleberry.

Zane: I'm Zane Truesdale.

Syrus: I'm his little brother Syrus.

Chaz: I'm Chaz Princeton.

Jesse: I'm Jesse Anderson.

Axel: I'm Axel Brody.

Jim: I'm Jim Crocodile Cook.

Adrian: I'm Adrian Gecko.

Jasmine: I'm Jasmine.

Mindy: I'm Mindy.

Blair: I'm Blair Flannigan.

Professor Banner: And I'm Professor Lyman Banner.

Yubel: **Pleased to meet you all.**

Jaden: Yubel, we have to work together to stop Sartorius and the Society of Light.

Me: The Society of Light is an evil cult that worships the Light of

Destruction and they're going to destroy the entire planet and the entire Universe if we don't stop them.

Yubel: **Yes. I was chosen to be Jaden's guardian and protector so I can help him get ready to fight the Light of Destruction. I will gladly help you all.**

Me: We appreciate it. Now this battle is going to be rough. We have to evacuate the entire island.

Jaden: Good thinking.

Me: Lets go.

Chancellor Sheppard's office.

Chancellor Sheppard: So we have to evacuate the island?

Me: Yes sir. This battle is gonna get extremely ferocious and we don't want anybody to get caught in the crossfire.

Chancellor Sheppard: I understand. I'll evacuate the school at once.

Me: Thank you. Let us know when everyone but the Obelisk White Dorm has been evacuated.

Chancellor Sheppard: Will do.

We leave and hide in Alexis's dorm room.

The alarm sounded.

Chancellor Sheppard on the PA: Attention everyone, the entire school is under attack by a terrorist organization. This is not a drill. Repeat, this is not a drill. Everyone Evacuate the island immediately!

1 hour later.

The last of the boats had left.

Chancellor Sheppard on my walkie talkie: J.D. everyone but the White Obelisk Dorm has been evacuated.

Me: Excellent.

Chancellor Sheppard: Be careful guys and J.D., Good luck.

Me: Thank you. [Puts away the walkie talkie] All right. Army of the Gentle Darkness, lets move!

We all run to the White Dorm and burst in through the door. But the dorm was all empty.

Jaden: There's no one here.

Me: Stand your ground everyone. I sense that Sartorius is expecting us.

Yubel: **Sartorius?**

Me: He's the leader of the Society of Light. He will stop at nothing to destroy the Earth. Stay with me.

We sneak around the dorm quietly looking for him.

I concentrate with my energy sensing powers active and look for his signal like a radar. I found his signal in a room at the end of the hall.

Me: (Whispering) His energy signal is in that room at the end of the hall. Follow me.

We tip toe quietly up to his door.

Alexis: (Whispering) If he is a fortuneteller then won't he be able to predict us coming?

Me: (Whispering) Yes but my energy is preventing us from being detected by him.

Syrus: (Whispering) Very clever.

We arrive at the door and I count down with my fingers.

3… 2… 1…

I kick in the door and we found him.

Me: Sartorius, so we meet at last.

Sartorius: J.D. Knudson, how nice of you to join us. Now I can make you see the light.

Me, Charlie and crew flare up an aura of pitch black darkness around us.

Me: I don't think so. The Darkness has come for you.

I fire a Force blast and Sartorius crashes through the wall and outside.

We all see him floating in the air and he was in an aura of pure white light.

Sartorius: You all ruined everything!

Me: And we show no remorse in doing so. This is a battle that's as old as the entire universe itself. The battle between Light and Darkness. Let's get him team!

We all fly towards him and the Battle That Will Decide the Fate of The Universe had begun. I punched Sartorius in the face and sent him crashing into the ground. Mindy teleported and kicked him in the back and he flew into the air and Mindy fired a blast of dark energy at him and it exploded and sent him crashing into a rock on the ground. Jasmine fired some darkness blades with a swipe of her arms and slashed Sartorius. When the dust cleared Sartorius had nasty bleeding gashes on his back. Sartorius got up and the ground was shaking and he was uppercuted by a surprise attack from Jim.

Jim: How did you like that!?

Sartorius was up in the air and he was infuriated.

Sartorius: I WILL KILL YOU ALL!

Me: I don't think so. [Cups hands to the side] **KA! ME! HA! ME HAAAA!**

I fired a black Kamehameha Wave and Sartorius fired a blast of white light and the Kamehameha Wave overpowered it and it hit Sartorius in the bottom of his body and blew it to smithereens and exploded and blew him into the dorm and it exploded.

Sartorius screamed in excruciating pain and he belched up a huge amount of blood. When the smoke cleared Sartorius was in a crater and was half the creature he used to be.

Syrus: That's it for him.

Me: Everyone lets… Wait look.

We saw that the Light was regenerating his body and when it was done he got up and he was infuriated.

Sartorius: You have not beaten me yet! (Enraged Growl) You wretched brats! How dare you!? (SCREAMING IN EXTREME RAGE AND FURY) HOW DARE YOOOOOOOOOOOOOOOOOOOOOUUUUUUUUUUU!?

Sartorius then released the full extent of the Lights evil power and bulked himself up to gargantuan proportions in a massive explosion of insane rage and fury. Sartorius was now completely out of his mind with so much rage, fury, madness, hatred, and evil that it was unbelievable. He flew up to them and tried to land a punch or kick but he was too big. We were dodging all his attacks with ease.

Zane: He can't land a punch on us.

Me: Yeah. He might have power but he can't catch us.

Charlie: He's too bulky. His size is slowing him down.

Alexis: Lets attack him together!

We all fight as one and land numerous punches and kicks on him and overwhelm him with intense force and power. Massive Shockwaves were being emitted from our punches and kicks and they could be heard all the way from Domino City.

The battle was so extremely intense that even the entire Universe itself was shaking. When we stopped Sartorius was on his last legs and we weren't even in the least bit exhausted.

Me: It's over Sartorius. You're finished. Everyone together!

We all cup our hands to the sides.

ALL: **GENTLE DARKNESS KAMEHAMEHA!**

We fire a massive black Kamehameha Wave and it hit Sartorius head on and completely obliterated him and the Light of Destruction got completely destroyed in an instant. The blast went out into outer space and dissipated harmlessly.

We powered down and landed on Duel Academy island.

Me: We did it everyone. The Light of Destruction has been completely destroyed.

Jaden: Good Riddence.

Alexis: Yeah.

Charlie: That takes care of that boss.

Me: You said it Charlie. Well done.

Jesse: We sure did it guys.

Axel: Yep. It's all over.

Jim: The Darkness has won.

Yubel: **It sure has.**

Me: Yep. But we lost the Obelisk Blue Dorm. Nonetheless the Gentle Darkness has triumphed after all these years.

Yubei: **Yes. But there are more evils out there and we must always be ready.**

Jaden: Yeah.

Me: We must be ready for anything.

I later offered to have Jaden, Yubel, Alexis, Jasmine, Mindy, Syrus, Chumley, Bastion, Chaz, Tyranno, Professor Banner, Zane, Blair, Adrian, Jim, Axel and Jesse move to Detroit to live with all of us in my mansion and they accepted they live in one of my guest houses and I built a teleporter that takes them to Duel Academy. It was perfect for them.

THE END.

Another Fanfiction Complete.

I wanted to do a Yu-Gi-Oh! GX themed Chapter. I watched Yu-Gi-Oh! all the time but I stopped at Yu-Gi-Oh! 5 Dragons. I wanted to do it as a Dragonball Z style fight. I did not like Dr. Crowler in Yu-Gi-Oh! GX. He was a totally sore loser that didn't learn from anything. I collected the cards too and built up a huge collection. I learned alot of things about each card and the things that they are all based off of. Some are based on tales and creatures of mythology, people and inventions from history, nature, places, physics, medicine, astronomy, paleontology, religion and more. It's really awesome. Let me know what you all think.

See you all next time.

Yu-Gi-Oh! Franchise is owned by Konami, Kazuki Takahashi and Toei Animation.

# Lynner Takes All

It starts with me in my room. I am reading a book on space and astronomy when my watch beeps. I look at my watch.

Me: Time to go see Lincoln. You coming Varie?

Varie: Wouldn't miss it.

We both got up and slide down 2 orange slides.

Lincoln's Room

Lincoln is reading comics when we slide in.

Me: Hey Lincoln, what's up buddy?

Lincoln: Hey J.D., Varie. Just reading comics.

Lynn bursts in.

**Lynn:** [eager] "You ready, Stinkoln' and Stinka? It's go time! WOO!" [runs off]

Me: Actually it's Lincoln and Linka

**Lincoln:** [to me] "Tonight's game night in the Loud House. Sounds fun, right? Not when you have a sister like Lynn."

**Lynn:** [knocking on Lola and Lana's door.] "Yo, twins! Hope you read the menu, 'cause you're about to get served!"

Me: Oh, do you guys not like playing board games?

**Lincoln:** [continuing] "No, It's not that the rest of us don't like playing games. Heck, we don't care that Lynn wins every time. It's just, she's not exactly a "good winner"."

Lynn: [Bursts through Laney's door] GAME NIGHT! YOU READY TO GET SMOKED?! WOO! [Runs downstairs and Laney groans]

Laney: I hate game night.

Me: Let me guess, Lynn always rubs her victories in your faces all the time.

Lincoln: Yep.

[Flashback to the last game night they had. Lynn is doing a victory dance on the table.]

**Lynn:** "Oh yeah, baby! I win! Lynn-er, Lynn-er, chicken dinner!"

**Leni:** "I thought we were having salmon."

[Lynn plays and wins another game.]

**Lynn:** "YES! I WIN! HA!" [flips the board off the table and leaves.] "Losers clean up!"

[End flashback]

**Lincoln:** "And if you think that's bad, last week she waited till everyone fell asleep and then wrote "loser" on their foreheads. Fortunately, I got out of that one." [turns around and unknowingly reveals that Lynn shaved "Loser" on the back of his hair. Me, Varie and Linka look shocked by this]

Lincoln: What's wrong guys?

Me: Nothing.

---

[The kids have gathered at my long table for their games.]

Lincoln: Hey guys. Look who's here to play with us.

Me, Varie and Aylene come in.

Me: Hey guys.

Varie: Hello everyone.

Aylene: What's happening?

Everyone does a greeting.

Eddy comes in.

Eddy: What's happening guys?

All: Hi Eddy.

Luan: Hey my funny king of Jawbreakers.

Eddy: [Walks over to Luan and kisses her] Hey Luan my Angel of Comedy.

Me: It's game night here Eddy. Want to play with us?

Eddy: Sure.

**Lynn:** "Hey, I was just wondering. Do you guys know any good therapists?"

**Lincoln:** "Well, Clyde recommends-"

**Lynn:** [taunting] "To help you deal with your loss tonight? BURN!"

[The others sigh in exasperation.]

**Lori:** [walks up to the shelf] "Okay, guys, what'll it be tonight?"

**Lily:** "Lets play Go Fish!"

**Lori:** "Good choice, Lily. Go Fish it is." [gets the cards]

Me: [I Pull out some extra card decks] I have some extra cards for us.

Lori: Good thinking.

---

[Later into the game]

Me: Lets see. Wednesday, do you have any fives?

Wednesday: I do not. Go fish.

I draw a card.

Wednesday: Laney, do you have any Kings?

Laney: 2 of them. [Gives them to Wednesday]

Wednesday: Lucy, do you have any 8's?

Lucy: I do not. Go fish.

Wednesday draws a card.

Lucy: Carol, do you have any 2's?

Carol: Sorry Lucy, go fish.

Lucy draws a card.

Carol: Lisa do you have any 3's?

Lisa: Negative Carol, Go Fish.

Carol draws a card.

**Lisa:** "Lynn, do you possess any sevens?"

**Lynn:** "Hope you've got gas in your boat."

**Lisa:** "Pardon? I have no aquatic vehicles."

**Lynn:** [taunting] "'Cause you're going fishing!"

[Lisa draws a card]

**Lynn:** "Lori, you seemed pretty interested in deuces last round. Got any?"

[Lori sighs and gives her her two.]

**Lynn:** [slams her cards on the table.] "Boom! Welcome to Losertown! Population: all of you!" [she says as she points to all of us simultaneously.]

**Lincoln:** "Well, now that that's over with."

[He and everyone proceed to get up.]

**Lynn:** [stopping them] "Wait-wait-wait, hold on. Tonight's special. It's my…" [presses a button revealing a celebratory tarp.] "… 300th win in a row! I am unbeaten by you chumps!" [busts out a bazooka that fires confetti at them and runs off.] "WOO!"

**Luna:** [coughs from the confetti and sees something familiar.] "Dudes, this confetti's made from our homework! Bogus!"

Me: Lynn beat you that many times!? She's unstoppable!

Anastasia: I know.

Penny: She's a force to be feared.

Laney: I'm so tired of that athletic annoyance always rubbing it in our faces!

**Lola:** [sighs] "Tell me about it! She is so obnoxious."

Liam: Yeah. I don't know if I can take anymore of this.

**Lincoln:** "If only we could beat her just once, maybe she'd stop gloating."

Linka: Yeah. That's a great idea.

Lily: I agree big brother.

**Lori:** "How are we gonna do that when she's better at every game on the shelf?"

**Lincoln:** Maybe we need to try a game that isn't on the shelf; something that Lynn doesn't know, something that one of us is really good at."

Varie: Great idea.

**Lola:** [inspired] "I think I might have just the game."

[The game is a pageant themed game.]

**Lynn:** " **Pretty, Pretty Pageant Queen** ? I don't even know how to play this."

Me: That sounds like Pretty, Pretty Princess. An old game from a long time ago.

**Lola:** "Oh. Okay. If you're afraid of losing-"

**Lynn:** "I'm no loser! It is on!"

---

[Later, Lola is dominating Lynn at the game. She moves her piece onto a perfect sash space.]

**Lola:** "Oh! Just earned my sash! Just two spaces from being the pretty, pretty pageant queen!"

**Lynn:** [checks the rules] "Hold up. It says in the rule book that if you can roll three tens at once, you get three tens from the judges and an automatic win." [picks up the dice, spits on them and rattles them.]

**Lisa:** [scoffs] "Good luck. The odds of such an occurrence would be 1 in 1,720-"

**Lynn:** [rolls the dice] "Did it!"

[The dice show that she really did roll three tens in a row; her siblings gasp in astonishment.]

Varie: [Shocked] How the!?

[Lola faints from such a humiliating defeat.]

**Lynn:** [does her victory dance] "Unh! Lynn-er, Lynn-er, chicken dinner!" [clucks]

**Lucy:** "We will never beat her… at anything."

**Lana:** "I know a game I can beat her at!" [shows her favorite board game.] " **Plumbing Pro** ! You have to remove all the objects form the plumbing without touching the sides."

Varie: That's like Operation. One of my favorite concentration games.

Aylene: Yeah but toilet style.

**Lynn:** [scoffs] "This looks easy. I'll start by removing the hairball from the shower drain." [attempts to but touches the side and feels the vibration.]

**Lana:** "Uh-oh! You touched the side. One more buzz and you lose."

**Lynn:** [growling with rage] "'Scuze me a second." [steps outside and starts doing push-ups.] "You wanna lose, Lynn? Huh, huh? You wanna be the mayor of Losertown? Then get your head in the game!" [gets up, pounds her chest, tosses the trash can and roars.]

[The others have witnessed it.]

**Lucy:** "She's coming back in."

[They all sit down as Lynn returns.]

**Lynn:** "Let's do this!" [shouts and removes every single piece of clogging from every piece of plumbing in the game making the toilet flush showing it's clear.] "YES! Another win for Lynn!"

[The moment she leaves, the game breaks into two.]

Me: Whoa!

Eddy: Jeez Louise!

Gabrielle: (British Accent) Lynn is a monster when it comes to games.

**Lincoln:** [gets an idea] "Guys, I don't know why I didn't think of this earlier. The Ace Savvy trivia game! There's no way she can beat me!"

* * *

[Lori is giving the questions.]

**Lori:** "Okay, guys, whoever answers this last question right wins."

[Somehow, Lynn is calm and Lincoln is nervous. The other sisters are scowling at him.]

**Lola:** [whispering] "Lincoln, what the heck? You haven't gotten a single answer right."

**Lincoln:** "It's not my fault. Lynn keeps getting in my head."

**Lori:** [reads the question] " **Who is Ace Savvy's sidekick?** "

**Lincoln:** [buzzes in] "Oh, that's so easy."

**Lynn:** [manipulative] "Oh, is it? Are you sure? It could be a trick question. I'm just sayin'." [chuckles] "Game's riding on this. It'd sure be a shame if you choked." [pretends to choke]

**Lincoln:** [cracked under pressure] "MASSACHUSETTS!"

**Lynn:** [buzzes in and scoffs] "Even I know this one. It's One-Eyed Jack."

**Lori:** [defeated] "Correct."

**Lynn:** [victorious once again] "Boom! I win! Better get outta here before I breathe in too many loser fumes." [leaves]

**Lincoln:** [disappointed] "Sorry, guys. I totally choked."

Me: It's not your fault buddy.

**Lori:** "It's okay, Lincoln."

Me: I got a game I know I can beat her at. But we have to do it in my Gymnasium. Lets go.

We all head over to the gymnasium and I bring out a huge bag of dodgeballs.

Me: Dodgeball. One of my favorite sports. We play this all the time in gym class.

Everyone is on the bleachers.

Aylene: Go get her J.D.

Lynn: This is a cinch! I can beat you at this!

Me: We shall see. [I dump the bag of balls out in the middle of the floor and stand on one side of the court and Lynn is on the other side] Laney, would you like to be referee?

Laney: Sure. [Goes up and sits in a volleyball watch seat] All right. Go!

We run and grab some balls and threw them and dodged, evaded and more. I hit Lynn 2 times and she summoned up all her strength and threw three balls at me and they hit me in the face.

Laney: (Sighs) J.D.'s out and Lynn wins.

Lynn: Yeah! Lynner Lynner Chicken Dinner!

Me: Wow! She is good.

Laney: I've got an idea. We haven't tried this yet.

Varie: What is it Laney?

Laney: [smirks] If we can't find a game Lynn can't beat us at, we'll just make one up. Messed up rules will mess up her mojo.

Me: That's brilliant!

Linka: Yeah, we'll make a game so ridiculous that Lynn can't possibly win!

Lucy: And it will even the odds in our favor.

Aylene: All right guys, lets brainstorm ideas.

Laney: No need. I already have one. It's all here in my dream journal. [Shows said journal to us]

Luna: Wow. You've got some weird dreams, Lanes.

[Later we were in the backyard. Lynn and Lincoln were on unicycles with three balloons tied to their backs, holding tennis rackets and beach balls. Laney is still wearing her referee uniform. The rest of us are sitting in rows like bleachers.]

Laney: All right everybody. The name of the game is called "Beach Unicycle Racketball". The rules are simple: get the ball over the opponent's post while dodging their traps they throw at you using the objects around you and keep your balloons from being popped. But! You have to do it all without leaving the unicycle. And if all of your three balloons are popped, you're out!

Me: Wow. So one balloon popped is like a strike in baseball.

Laney: That's right.

Lynn: Piece of cake.

Laney: We'll see about that. Play ball! [Laney throws up the ball and Lynn and Lincoln begin serving it back and forth to eachother like in tennis until the ball hits the ground as Lynn tries to hit it. Laney then blows the whistle]

Lynn: What the heck was that about?

Laney: Did I forget to mention that you're supposed to keep the ball from touching the ground? That's an immediate penalty. [Holds out a thumbtack and pops one of Lynn's balloons. Lynn growls]

Varie: That's strike one on Lynn.

Laney: Play ball! [Tosses the ball and Lynn and Lincoln begin to play again. Lynn sees Luan holding a pie and Lynn takes it from her and throws it at Lincoln's face. Laney then blows her whistle again]

Lynn: Now what!?

Laney: Illegal use of banana cream pie! That's strike two! [Pops another one of Lynn's balloons]

Lincoln: [smug] One balloon left Lynn. One more pop and you're out. [Lynn grows frustrated]

Lynn: Time out! [Lynn jumps off her unicycle and leaves. In the front yard, Lynn was once again doing pushups] Don't listen to them Lynnster! They're trying to psyche you out with their made up rules and their ridiculous game! It ain't gonna work! You're not a loser, you're a winner! SO START ACTING LIKE ONE! RAAAAAAH! [pounds her chest like a gorilla]

[Back at the backyard, Lynn returns.]

Aylene: Here she comes.

Lynn gets back on the unicycle.

Just then, Lynn throws a tire from the tire swing and uses it as a ramp as she rides her unicycle up to Lincoln's goal in slow motion. She hits the ball through the goal.

Laney: [Shocked] She… won?

Lynn: YEAAAAAAAAH! In your faces! I won! You lost!

Laney: What was that?! Who said you can use that tire?

Lynn: Technically you said to use whatever's around me to throw at my opponent. And that tire swing was the only thing around me at the other yard.

Laney: But I didn't say you can- [Lynn does her victory dance]

Lynm: Oh yeah! Uh huh! Go Lynn! It's my birthday! Oh yeah… [Dances off. We were all speechless]

Lori: It's hopeless.

Lana: No matter what we do, Lynn will always find a way to beat us.

Lola: And rub it in our faces! [Lincoln muffles under the tire]

Lucy: We are doomed to forever suffer her gloating. [Lisa gets an idea]

**Lisa:** Maybe not. It appears that Lynn has no trouble taking on one of us at a game. But what if she takes on all of us?" [shows them her favorite board game.] "Behold! **The Settlers of Cat-Land** ! The objective is to build as many cat structures as possible. But here's the kicker: one cannot do so without forming alliances. Ergo, if we freeze out Lynn, she is bound to go down in proverbial flames."

Me: Oh I see. Divided we are weak but united we are strong.

[We all get cunning looks in their eyes and decide to go with this plan. Later, the game is not going in Lynn's favor.]

**Lynn:** [frustrated] "What?" [stammering] "Seriously?! No one has a yarn ball to trade me for some catnip?"

[The others mutter and moan that they do not have a single yarn ball.]

**Lynn:** [groans] "I can't build squat! This game bites it! HARD!"

[The cat timer meows and rings.]

**Lisa:** [turns it off; satisfied] "Well, I see our time is up." [checks the score] "We have a twenty-two-way tie for first, with Lynn in a distant second."

**Lynn:** "COUNT IT AGAIN!"

**Lisa:** [smug] "Lynn, I do not make errors."

Me: BURNED!

[This flabbergasts Lynn. We all leave cheering that they finally defeated her.]

**Lisa:** "Well, that ought to stop Lynn's competitive behavior."

**Lincoln:** "And all of her gloating."

Varie: You said it Lincoln.

**Luan:** "Yeah. I'd say we really got her gloat.

Me: [Laughs] We put her on a gloaten-free diet.

Luan: [Laughs] Unless she's a gloaten for punishment."

[The others just leave not wanting to hear anymore.]

**Eddy:** "[Laughs] Hey, where are you going? I'm just gloatin' started!"

---

[The next day, Lincoln and Linka get some milk from the fridge and they drink it from the carton, but Lynn comes in with a carton of her own.]

**Lynn:** "I can chug faster than you!" [chugs the whole thing down, belches in Lincoln and Linka's faces and smashes the carton on her forehead.] "I win! In ya face, Milk-coln's! WOO!"

[Leni is heading upstairs, but… ]

**Lynn:** "Race you to the top!" [charges upstairs and shoves Leni.]

**Leni:** "Ow!"

**Lynn:** [makes it to the top] "WOO-HOO! I win! Ho ho, you went down hard!"

**Leni:** [stuck to the wall and still trying to walk.] "I thought I was going up."

[Lily is building with blocks, and Lynn has built a tower with some of her own.]

**Lynn:** [dancing] "Yes! I win. I stacked more blocks than you." [twerks right on Lily's blocks, making them fall on her.]"Uh-huh! Uh-huh uh-huh uh-huh uh-huh!" [dances away]

[Lily comes out of her blocks

Lily: Not funny Lynn!

Lisa is mixing chemicals, but so is Lynn who makes hers explode.]

**Lynn:** "BOOM! I win! Made an explosion first."

**Lisa:** "I wasn't trying to make an explosion!" [her chemicals explode anyway] "Dang it."

[Lynn and Lucy are washing the dishes.]

**Lynn:** "I can wash faster than you." [starts washing the dishes rapidly.]

[Lola is brushing her teeth and Lynn appears.]

**Lynn:** "I can brush faster than you!" [brushes insanely quick with multiple toothbrushes, shows her pearly whites and loses a tooth much to Lola's disturbance.]

[Later that night]

**Lynn:** "I CAN GO TO SLEEP THE FASTEST!" [her siblings groan] "I CAN ALSO SNORE THE LOUDEST!" [snores obnoxiously much to her siblings' annoyance.]

[The next morning.]

**Lynn:** "Woo! I was up first! [The living room. Lori comes in.] Ha, ha! Lori, I totally ate more bacon than you. Loser!"

[Lori groans aggravated and opens the door.]

**Lincoln:** "Where are you going?"

**Lori:** "Anywhere I can be away from Lynn!"

**Lynn:** "Pancake challenge! Right now! Which one of you lame-os is gonna man up?"

**Lucy:** [rises up; begging] "Please. Take us with you."

[The others are riding in Vanzilla for some peace and quiet.]

**Luna:** [sighs contentedly] "This is sweet, right, dudes?"

[The others agree]

**Luan:** "I really need a break from her."

[But then… ]

**Lynn:** "Come on, Lynn! Push it! Push it! Dig deep!"

[It's revealed that Lynn is riding her bike right past Vanzilla.]

**Lynn:** "Yeah! You lose! Eat my dust!" [pedals away]

[Her siblings groan.]

---

[A sibling meeting is taking place in Lori and Carol's room. Lori bangs a shoe to order.]

**Lori:** "We all know why we're here. The Lynn situation is literally the worst thing that's ever happened."

Linka: Yeah. She is even more obnoxious than ever!

Me: She didn't bother me and the rest of us at all. I think she was doing it to you all mostly.

**Lucy:** [moans] "We never should have beat her at that cat game."

**Lincoln:** "I say we challenge Lynn to a rematch; only this time, we throw the game. That way, she'll feel like a winner again and stop driving us crazy."

Varie: Good idea Lincoln.

[Everyone except Luna and Lola likes the sound of that. Cut to them having challenged Lynn.]

**Lynn:** "A rematch, huh? Well, this place is gonna be spotless… after I wipe the floor with you! Booyah! Let's do this!"

[Cut to later in the game.]

**Lynn:** "Will anyone trade me a scratching post for a laser pointer?"

[The others offer her their scratching post cards.]

**Luan:** "Will anyone trade me a cat bed for a litter box?"

[The others intentionally decline.]

**Lola:** "I gave my last one to Lynn."

[Lincoln secretly moves a card from his pocket and puts it that the top of the deck.]

**Luna:** "Your turn, Lynn."

**Lynn:** [draws; to her amazement] "Yes! Ball of twine, chumps!" [rolls the die and gets a one] "One? GAH! Come on!"

[Lisa bangs the table hard enough to make the die switch to six.]

**Lisa:** "Are you sure you read that right?"

**Lynn:** [sees it] "Six all day long, baby!"

[Later, Lynn has pretty much everything else in the settlement.]

**Lynn:** [confident] "Hope you guys are hungry, 'cause it's almost time Lynn-er, Lynn-er, chicken dinner! Ding-a-ling-a-ling-a-ling!"

[While most of them smile knowing their plan is working, Leni starts looking nervous. She grabs the board and tosses it out the window. The others ask her why she went and did it.]

**Leni:** "What? The plan was to throw the game, and no one else was doing it!"

Me: Leni, that's not what we meant!

**Lynn:** [suspicious] "Wait a sec. Throw the game? You guys were trying to lose to me on purpose?"

**Lincoln:** "Okay, yes we were. We just thought if we let you win, you'd stop being so insanely competitive with us."

**Lynn:** "I was just trying to get my edge back after losing to you guys."

**Lisa:** "Well, to be completely transparent, the only reason you lost is because we all teamed up against you."

**Lynn:** "What? Why would you do that?"

**Luna:** "'Cause after your 300 wins…"

**Lynn:** [interrupting] "Well, technically, 306, but who's counting?"

**Luna:** [aggravated from Lynn's interruption.] "… we couldn't take your gloating anymore, dude."

Laney: You are such a poor sport! You can't take losing well, and whenever you win you do that stupid victory dance!

**Luan:** "Yeah. We were all in the same gloat. We were tired of eating your gloat-meal."

**Lori:** [not in the mood] "Not now, Luan."

Eddy: [Laughs] Love the jokes Luan but not now my funny angel.

Luan: Oh sorry.

[Luan stops]

**Lynn:** "Wow. So, you're saying I'm a bad loser and a bad winner?"

**Lisa:** "Precisely."

**Lynn:** "You all feel this way?"

**Lynn's Siblings:** "Yeah. / Kinda. / Afraid so. / We feel this way."

**Lynn:** "I'm sorry. I didn't mean to be a jerk. I just love playing games, especially with you guys. Look, if you give me another chance, I promise to be a better sport. What do you say?"

[The others think for a moment and agree.]

**Lori:** "Why not?"

**Lola:** "Okay, Lynn."

**Lynn:** [victoriously] "Yes! First to apologize!"

Laney: Really?

Lynn: [realizes] "Uh, sorry. That was the last one. Better sport, starting… now."

---

[Later, a card game comes to an end.]

**Lynn:** "That's all my cards. So I guess…"

[The others all have looks of nonchalant accepts on their faces.]

**Lincoln:** "You can say it. You win."

**Lynn:** "Okay, cool. I win." [shakes Lincoln's hand] "Good game, guys. Good game. And J.D. those skills you showed in dodgeball were awesome."

Me: Thanks Lynn.

[Lynn gives the peace sign, leaves, steps outside and… ]

Laney: Wow, she really learned to be a good sport. I'm proud of her. [We all look outside]

Lincoln: Think again.

**Lynn:** [celebratory] "YEAH! I RULE!" [starts dancing.] "Lynn-er, Lynn-er, chicken dinner!" [does the worm]

[The others are watching from the window.]

**Lincoln:** "At least it's not to our faces."

Varie: Yep.

[We all agree, stating that Lynn has a long way to go to stop gloating entirely.]

**Lynn:** [rips the sleeves off of her jersey and shouts in victory.] "WINNER!"

Me: That's our sports athlete.

Laney: You said it.

THE END.

Another Fanfiction Completed.

I love sports as much as anyone else but rubbing it in someones face is not cool.

Let me know what you all think.

See you next time.

# Mystery at Yokai Academy

Me and Naruto are in the Simulator doing an exercise.

Varie, Aylene, Lori, Carol, Leni, Luna, Ember, Sam L., Jeri, Sam M., Danny, Eddy, Luan, Lynn, Shannon, Lincoln & Linka, Lucy, Wednesday, Haiku, Laney, Penny, Lana & Lola, Penny, Lisa, Lily, Liam, Tabby, Zach, Sakura, Ino, Fu, Hinata, Mikari, Tenten, Kushina, Tayuya, Rin, Isaribi, and Sasame were in the control room.

The simulator activated and Me and Naruto found ourselves in the Yokai Realm.

Me: We're in the world of Rosario + Vampire. Another one of my favorite animes.

Naruto: I believe it. This forest is really creepy.

Me: I know. Stay close to me.

Me and Naruto walk through the forest and we hear a bike bell coming.

Me: Jump!

Me and Naruto jumped and we see a girl with pink hair and a green school uniform on ride passed us and she fell to the ground.

We land and rush over to her.

Me: Miss. Are you okay?

?: Yeah. I'm a little dizzy.

Naruto saw her fangs and knew that she was a vampire.

Naruto: You're a vampire aren't you?

?: Yes.

Naruto cuts his hand with a kunai and blood comes out.

Naruto: Here. Have a drink.

?: Thank you.

The girls takes a big drink and was all better.

?: That's better. Sorry I'm Moka Akashiya.

Me: It's a pleasure to meet you Moka. I'm J.D. Knudson.

Naruto: And I'm his little brother Naruto Uzumaki Namikaze.

Moka: It's a pleasure. I was on my way to Yokai Academy.

Me: That's where we're headed.

Naruto: Yep. Can we walk with you?

Moka: I would like that.

As we all walked, I asked Moka a question about her past.

Moka: I don't like talking about my past very much. I come from a powerful Vampire family and I was ostracized because of my habits.

Naruto: I know how you feel Moka. Like you I have a dark past. My whole village minus a few have treated me like I was a plague. I'm the Jinchuriki of the 9-Tailed Fox. My parents were killed on the night I was born and I was made the Jinchuriki of the Fox. My village hated my guts and it was not pleasent.

Moka: That's horrible Naruto. I'm so sorry.

Naruto: It's no big deal Moka but thank you.

Me: I met Naruto during a battle and I made him my little brother.

Naruto: I now became a Kitsune Angel Hanyou. I'm half human-half kitsune. But I also have Angel abilities. I have enormous power as a result.

Moka: That's incredible Naruto. What about you J.D. do you have powers too?

Me: Yes I do Moka. But I was born a normal human. But I was given my powers because of Cosmic Radiation, Radiation from Outer Space. It gave me omnipotent powers and more.

Moka: That's incredible!

Me: It is. I have tremendous power and with Great Power comes Great Responsibility.

Moka: That's true.

Naruto: Moka, I think you're very beautiful as you are and I can even tell that you have great power deep down inside.

Moka: Thank you Naruto. But this is not my real self. My rosary cross I have around my neck holds my inner self. If I were to take this off I would turn into my true form, the truly terrifying vampire.

Me: That's incredible. That rosary must suppress your true power and keeps it from escaping.

Moka: That's right. I wish I could remove this seal permanently so that way my true self and my outer self could someday live as one instead of two separate beings.

Naruto: I'm sure you'll find a why to break the seal for good someday.

Me: Me too Moka.

Moka: You're not afraid of me? How come?

Naruto: Trust me Moka, we are no strangers to everything in the worlds of the paranormal and supernatural.

Me: Also Me and Naruto are not the kind of people to judge people like that. We would never do something like that.

Naruto: Especially to a pretty and beautiful girl.

Moka: (Blushes) Thank you guys.

We arrived at the school and it was an amazing place.

Me: So this is Yokai Academy. It looks like a Japanese Castle.

Naruto: It kinda does.

We find our homeroom and we saw numerous students.

Me: (In my head) They all look human but I'll bet that they are all monsters in disguise.

We met our teacher Shizuka Nekonome.

Ms. Nekonome: Welcome. You must be the new students. I'm your homeroom teacher Shizuka Nekonome.

Me: It's a pleasure to meet you. I'm J.D. Knudson.

Naruto: I'm Naruto Uzumaki Namikaze his little brother.

Me: We're not related by blood. It's something we like to keep hidden.

Moka: And I'm Moka Akashiya.

Ms. Nekonome: Please take your seats.

We took your seats and Me and Naruto scanned the students. One student caught our eye. It was a girl named Fenikkusu Megami. She was a Phoenix.

Me: (In my head) She's a Phoenix. One of my favorite creatures of myth. I'll have to ask her to join us.

Naruto saw a kid named Saizō Komiya and he looked like he could hurt Moka in any way, shape or form.

Naruto: (To me telepathically) That kid Saizō is a menace and he's planning on making Moka his own.

Me: (To Naruto Telepathically) Thanks for telling me bro. We'll deal with it when we can.

Naruto nodded.

At lunch we were talking and Fenikkusu came.

Fenikkusu: Hey. Can I sit here?

Me: Sure.

She sat by Naruto.

Me: My name is J.D. Knudson.

Fenikkusu: I know. My name is Fenikkusu Megami and I heard alot about you and how you defeated the notorious Black Daffodil Gang.

Me: It's a pleasure and news about that sure has traveled fast around the world hasn't it?

Fenikkusu: (Chuckles) It sure has.

Moka: You defeated a gang J.D.?

Me: We sure did. Me, my fiance Varie and my friends the Loud Siblings defeated them. The Black Daffodil Gang was terrorizing all of Michigan for 5 years and we ended their reign of terror.

Moka: That's amazing!

Naruto: Yeah. It was awesome.

Fenikkusu: You must be the famous Naruto Uzumaki Namikaze.

Naruto: I am.

Fenikkusu: It's a pleasure to meet you. I'm Fenikkusu.

Naruto: It's a pleasure.

Me: So Fenikkusu, are you a phoenix?

Fenikkusu: How did you know that?

Me: Your name means Phoenix and it's one of my favorite creatures. The legendary firebird that represents Fire, Immortality, Reincarnation, Resurrection and Renewal.

Fenikkusu: That's all correct. I'm impressed you know all that. Yes I am a phoenix and I have amazing fire powers and I can fly with wings.

Me: That's amazing. I'm an Angel.

Fenikkusu: That's cool. I can tell that you and Naruto have a lot of power.

Naruto: That's right.

Then Saizō came over.

Saizō: Hey Moka, how about you ditch these Losers and come with me?

Moka: No thank you.

Saizō: Maybe I didn't make myself clear.

Naruto grabbed his arm as he was about to grab her.

Naruto: You stay away from her pretty boy!

Saizō: Let go kid! Moka is mine!

Naruto: Moka is not a piece of property for your own amusement you Chauvinistic Numbskull!

Saizō: That's it!

Saizō punched Naruto but he dodged it and Naruto punched Saizō in the face and sent him crashing into the wall.

Me: Nice shot bro.

Moka: Way to go.

Fenikkusu: Your strength is truly impressive.

Naruto: Thanks guys.

Later at sunset we were heading to our dorm rooms when Saizō confronted us again.

Saizō: You will pay for that punch!

Me: You just will never learn will you?

Saizō: I will now kill you and Moka will be mine.

Saizō then transformed into an Orc.

Me: So you're an Orc. I've read alot about your kind in books and on computer games.

Saizō: **Yes and now you will die!**

Naruto punched him in the stomach and kicked him in the face and sent him crashing into a tree.

Naruto: You'll have to get through us first.

Naruto goes Kitsune Hanyou, I go Angel, and Fenikkusu went Phoenix.

Naruto: Wow. You look awesome Fenikkusu.

Fenikkusu: Thanks Naruto. But you can call me Kusu.

Naruto: All right. Lets get him together.

Saizō got up and he was mad.

Saizō: **You all will die!**

I punch him in the stomach and kicked him in the back of the head.

Naruto grabbed him with his tails and lifted him up and slammed him into the ground with incredible force.

When Saizō got up, Fenikkusu fired a stream of fire at him and burned him bad.

Fenikkusu: The Flames of justice shall cleanse the soul.

Naruto then charged at him and accidentally tripped and stumbled after Moka and he accidentally took off her rosary. A powerful transformation happened. Moka was enveloped in a bright pink light and the sky turned dark and bats covered Moka. She became like a goddess and her hair turned silver and her eyes turned red and slitted.

Saizō: **Hey, what's going on here? That's not the same Moka.**

The bats came off her and her true form was revealed.

Saizō: **Oh man! The tales, they're true! The Red eyes, the silver hair, the overwhelming energy! She's an S-Class Super Monster! A real Vampire!**

Naruto: Whoa! So that's Moka's true form!

Me: Unbelievable! Her power is completely unreal!

Fenikkusu: Incredible! So this is the legendary vampire.

Moka: So then I suppose the one that woke me up was you huh?

Naruto: That was me by accident.

Moka looked at Naruto.

Moka: So we meet at last Naruto Uzumaki Namikaze.

Naruto: Yes.

Moka: You 3 have done very well against this maniac. I'll handle the rest from here.

Me: He's all yours.

Fenikkusu: Show him what happens to those that hurt other women!

Moka: With pleasure.

Saizō: **Get it together man! You would be a legend if you beat a**

**vampire.**

Moka: (Yawns) It's time for you to know your place.

Moka kicks Saizō in the face and sends him crashing into the cliff with devastating force.

Me: Holy Mackeral!

Naruto: What power!

Fenikkusu: He sure was asking for it.

Moka: That takes care of him. [To us] I must admit your power is all very impressive.

Me: Thanks Moka. Your power is impressive too. You want us to finish him off?

Moka: That won't be necessary. He's learned his lesson.

Naruto: I hope so. He gives boys everywhere a bad name.

Me: You said it bro.

Fenikkusu: I agree.

Moka: I couldn't agree more. Also, when you removed my seal Naruto your chakra merged my personalities together. We are now one thanks to you.

Naruto: You're welcome Moka.

Me: That's awesome Moka! Way to go bro!

Naruto: Thanks.

Me: We should get to our dorms and explain everything.

At their dorm room Fenikkusu revealed her background and it was not pleasent. She came from the Phoenix clan, a clan of Phoenix's that was known for fire control, immortality, and bringing the dead back to life. They were wiped out by an evil clan of fox demons called Yoko's. Fenikkusu is the last of her clan and she swore to get revenge on the Yoko's. She was adopted by a farmer in Japan.

Me: Kusu that's horrible!

Moka: I agree. The Vampires and the Yoko's had been at war with eachother for centuries.

Naruto: You're not the only one thats lost a clan Kusu. My best friend Sasuke Uchiha lost his clan too. The Uchiha Clan was killed by his older brother Itachi and Sasuke swore to kill him and avenge the entire clan.

Me: It was because of the Hidden Leaf Council's corruption that Itachi was forced to kill the entire clan.

Fenikkusu: That's horrible!

Me: Yeah. But after the truth was revealed he changed and is now trying to put the Uchiha on the right path.

Moka: That's good.

Me: Yeah. But we have a lot of work to do. I sense that this whole school is having lots of problems with it's students and staff.

Fenikkusu: I can sense it too.

Naruto: We've got our work cut out for us.

The Next day, as we were walking to class we heard someone gasp and we saw a girl with neon blue hair and a beautiful appearence.

?: Please help me.

Naruto ran over and helped her.

Naruto: Are you all right?

She looked at Naruto and she has purple eyes.

?: Yes I am.

Naruto: You're Kurumu Kurono aren't you?

Kurumu: Yes. How did you know that?

Naruto: I saw an empty desk in our homeroom and I figured it was yours.

Kurumu: That's right and you are my destined one.

I fired a Force blast at her and sent her into a true.

Me: Get away from my little brother!

Kurumu: You ruined everything!

Kurumu sprouted bat wings and a tail.

Me: She's a Succubus, the beautiful demons of Medieval Folklore.

Fenikkusu: The Phoenixes and the Succubi have had a nasty rivalry and it's been that way for centuries.

Kurumu: That's right and I'm here on an important mission. The fate of my race is at stake!

Me: Mission? What for?

Naruto: Fate of your race? What do you mean?

Kurumu: The reason we Succubi seduce men is so we can meet our destined one. My kind are few in number. So in order for our race to survive we must carefully choose our destined one from a large pool of men that we've bewitched with our love charm.

Me: I've read about that. It's called the Spell of the Succubus. It's a very powerful charm that works on the most weak-minded of men. It's been used by succubi for centuries.

Fenikkusu: It's a very dangerous weapon of the Succubi and we Phoenixs are immune to that charm.

Kurumu: That's correct. I had almost done it too! [Her nails become long claws and she slashes at us] But you got in the way of that

J.D.! That's why I can't let you live!

I dodge all her attacks.

Moka: So that's it? That's why you picked a fight with us? Big mistake.

Moka grabbed her tail and spun her around and kicked her in the face and sent her crashing through 3 trees and she hit another one and slumped on the ground.

Kurumu: I'm sorry. I'll stop I promise.

Naruto: Moka that's it. She's had enough. She's in alot of pain like me. Lets try and help her out.

Moka: You're right Naruto. We have our own mission too.

Kurumu broke down crying and Naruto formed a Shadow Clone and comforted her.

Moka: How could you tell that she was in pain Naruto?

Naruto: Through her eyes.

Fenikkusu: That's right. They say the eyes are the window into the soul and I can tell that Kurumu has been through some tough times.

2 hours later, Me, Naruto, Moka, Fenikkusu and Kurumu were checking out our test scores and we saw that we are all tied for number one with someone called Yukari Sendo. We then see three boys picking on a little girl in witch attire.

Boy 1: That stupid witch costume is against the rules.

I walk up to them.

Me: Leave her alone you filthy parasites! Who the heck do you think you are picking on her?

Naruto: Yeah, she's a little girl you know!

Boy 2: Who are you two?

Me: Someone you don't want to get mad. Now get out here and if we catch you picking on this little girl again we will kill you!

Naruto: Yeah! Consider this your first and last warning!

Me, Naruto, Moka, Fenikkusu, and Kurumu met Yukari Sendo.

Me: It's a pleasure to meet you Yukari. I'm J.D. Knudson.

Naruto: I'm Naruto Uzumaki Namikaze.

Moka: I'm Moka Akishiya.

Fenikkusu: I'm Fenikkusu Megami.

Kurumu: And I'm Kurumu Kurono.

Yukari: It's a pleasure to meet you all.

Me: Yukari I can tell that you have amazing smarts and you have a great talent in the mystic arts like me.

Yukari: You can use magic too?

Me: Light and dark magic. Also I can sense that you are in pain too. I can tell that no one accepts you because of your gifts.

Kurumu: That's really sad.

Naruto: Trust me Yukari I know how you feel. I too was not liked and more.

Fenikkusu: That's right. You don't have to worry about that anymore. We'll be your friends.

Yukari was shocked by this and she broke down crying and Naruto comforted her.

?: Hey!

We saw the same three boys from before.

Me: Those jerks again!

Naruto: What do you three morons want!?

Boy 3: Making friends with a witch is against the rules and you will pay for that!

They transform into lizardmen.

Me: Lizardmen!? I thought they existed only in B-Movies!

Tadeshi: No we are real and we will kill you for befriending a witch.

Me: Bring it on. I could use a lizardskin wallet to give to my fiance. But not in here. Lets take this outside.

Tadeshi: Good thinking.

We all go outside to the forest and a savage fight began. We all overwhelm the Lizardmen and me and Naruto blasted them and killed them. I take my sword and slash the dead bodies and turn them into a wallet and purse.

Me: Perfect.

Yukari: You sure stayed true to your threat J.D.

Me: Yep. They were asking for trouble and they got it.

I sealed the wallet and purse into a scroll.

The Next day we were looking for a club to sign up for.

Me: Lets see. What sounds like a perfect club?

Naruto: How about the swimming club?

Me: That would be a perfect club for us but I don't think Moka and Kusu would like it.

Moka: Yes. You are correct.

Me: From what I remember Vampires can't get wet with water because the purities in it will weaken them and Kusu, Phoenixes can't get wet because it will extinguish them.

Fenikkusu: That's right. It won't kill us because we're immortal.

Moka: Yes. I can't get wet.

Me: So that's out.

We hear screaming coming from the pool.

Me: Sounds like trouble. (Senses Something) Whoa! My Mermaid Senses are going haywire!

Moka: You can sense Mermaids?

Me: Yeah. It's one of my childhood powers. There must be alot of them. I have a feeling that the swim club is full of mermaids. Moka, Kusu, you'd better sit this one out when we get there. Naruto, Kurumu, Yukari, you come with me. Lets go!

We ran to the pool and we saw mermaids sucking people dry of their blood.

Me: (Gasp) Mermaids! I was right. These must be mermaids from the dark side of the legend. Lets go!

Me and Naruto ran onto the water and Kurumu flew above it. We were fighting blood-thirsty mermaids.

Varie arrived at the pool and she saw us fighting.

Me: (Signal Whistle) Yo! Everyone out of the pool!

The club members got out of the pool.

We met a mermaid named Tamao Ichinose.

Me: You must be Tamao Ichinose.

Tamao: That's right. J.D. Knudson, I've heard alot about you.

Me: The feeling is mutual.

Varie: I have a question for you all.

We see Varie.

Me: Varie, I was just about to call for you but you beat me to it.

Varie: I know. [to the mermaids] My parents were killed 11 years ago by 2 mermaids from the dark side of the legend. Do any of you know who they are?

A Mermaid raised her hand. Her name was Mingyo. She had red fins and a red tail and a blue bikini and red hair and blue eyes.

Mingyo: Yes. I do. My name is Mingyo and they're my parents and they told me what they did. I never wanted to become a mermaid for the Dark Side of the Legend. I wanted to help people out. I'm so sorry my parents killed your parents.

Varie: I can tell you aren't lying. Thank you for telling me.

Mingyo: I will gladly have them brought here.

We all gasp.

Me: Mingyo you're gonna turn on your own parents?

Mingyo: Yes. Those monsters are not my parents anymore. They are cold-blooded murderers.

Naruto: That is harsh. But they deserve to face justice.

Kurumu: No kidding.

Mingyo created a whirlpool and out of it came a mermaid and a merman.

Me: So you two are the ones that killed Varie's parents.

?: Yes. I'm Nikora and this is my husband Taketa. Mingyo why have you called us?

Mingyo: Payback time!

Varie: You monsters killed my parents and I will have my revenge!

They saw Varie.

Nikora: What!? That little brat is alive!?

Varie: No! I escaped and survived.

Naruto: Tamao, you'd better get everyone out of here. This is gonna get brutal. We'll talk later.

Tamao: Right.

The swim club got out and ran.

Varie went Super Angel and pulverized Nikora and Taketa into oblivion. She then threw them up into the air.

Varie: This is for my mother and father! Now die! KA! ME! HA! ME! HAAAAAA!

She fired a Kamehameha Wave right at them and it engulfed them and vaporized them in an instant.

Varie powered down and landed by the pool. She pulled out a locket she had around her neck and opened it up and in it was a photo of her family.

Varie: You can now rest in peace Mom and Dad. I love you both. (Kisses the photo)

Varie broke down crying and grieved for her family and I comforted her.

Me: It's okay Varie. Just let it all out.

Varie was crying hard into my chest.

Me: It's okay. it's okay.

Tamao: She got revenge on the people that killed her parents?

Naruto: Yeah. Her past was very tragic.

Tamao: That's horrible.

Mingyo: I can't believe my own mother and father would do this to her. They are monsters.

Kurumu: No kidding. Varie has been through something no one should ever have to go through.

Varie cried for 2 hours and she calmed down.

Varie: Thank you J.D. I love you.

Me: I love you too Varie.

Me and Varie kissed and everyone cheered.

In the cafeteria, we were having lunch and Tamao and Mingyo were with us.

Tamao: I'm so sorry about your parents Varie.

Varie: It's all right Tamao.

Mingyo: I never wanted to become a mermaid for the Dark Side of the Legend. It's a horrific Lifestyle.

Me: I know. It's not pleasent.

Naruto: I can tell that you are lonely Tamao. Like I once was.

Tamao: Yes. I don't have any friends because I was treated like an outcast.

Naruto revealed his background and Mingyo and Tamao were shocked.

Tamao: Naruto that's awful.

Naruto: Yeah. But I now have my family back and it's thanks to my big brother here.

Me: I'm glad I could help bro.

Tamao: I'm so glad.

Varie: Tamao, you look very familiar to me.

Tamao: Same here. I once had a little sister named Varie. But she disappeared after my parents died.

Varie: Really?

Varie pulls out her locket and pulls out her photo and finds that the picture is folded. She sees that there was a young Tamao by her mother. This shocks her.

Varie: Tamao. You're my big sister.

She shows the photo to Tamao and she gasped.

Tamao: It is you! Varie!

Tamao and Varie hugged for the first time in 11 years.

Tamao: I thought I would never see you again!

Varie: I've missed you so much big sis!

We were shocked by this revelation. But we were also joyous that family has been reunited.

Kurumu: I'm so happy for them.

Fenikkusu: Me too.

Me: I'm so happy for both of you.

Naruto: Me too.

Tamao and Varie had a lot of catching up to do.

We decided to sign up for the Newspaper Club.

The next day we were handing out Newspapers to everyone in the school.

After they all were handed out we were talking.

Me: That's all of them.

Naruto: Yep.

Varie: You all did a great job.

Tamao: Yes. Great job.

Kurumu: Thanks Varie. Are you and Tamao fully caught up?

Varie: Almost Kurumu.

Tamao: We have a lot to talk about still.

Yukari: I'm so happy that you are reunited with your sister Varie.

Moka: Me too. I'm glad. I wish I was reunited with my sisters.

Me: Maybe someday.

A girl with lilac hair and blue eyes walks up to us.

?: You people are all buddy buddy aren't you? You newspaper clubers.

We see the girl and I look into her eyes.

Me: (In my head) She's got loneliness issues too. Poor girl. (Out loud) You've been through alot. I can tell. Sorry we should introduce ourselves. I'm J.D. Knudson.

Naruto: I'm Naruto Uzumaki Namikaze.

Varie: I'm Varie Knudson. J.D.'s fiance.

Tamao: I'm Tamao Ichinose. Varie's big sister.

Moka: I'm Moka Akashiya.

Fenikkusu: I'm Fenikkusu Megami.

Kurumu: I'm Kurumu Kuruno.

Yukari: And I'm Yukari Sendo.

Mizore: It's a pleasure. I'm Mizore Shirayuki.

Me: Shirayuki? Is your mother Tsurara Shirayuki?

Mizore: Yes. How did you know?

Me: My mom and your mom know eachother and are really good friends. You must be a snow woman.

Mizore: That's correct.

Naruto: You've probably had a very similar background like mine.

Me: You can tell us all about it if you want and maybe we can help you.

Mizore: Okay.

We go into our dorm room and Mizore tells us a horrifying background of her life.

Me: Mizore that's horrific.

Naruto: Living like that is a fate worse than death.

Varie: No kidding.

Kurumu: I agree.

Tamao: Mizore I'm so sorry.

Yukari: Me too.

Me: Boy everyone we've met here has had tragic or horrible backgrounds and when we arrived we've essentially became the light at the end of the tunnel for them to start a better life.

Moka: That's an interesting way to put it.

Mizore: I've heard about your achievements not just in the world but here as well.

Me: Our work here is not finished yet. I sense that an even greater evil is coming and we're gonna have to fight it with everything we have.

Naruto: Yeah.

Me: So I'm going to train you all in everything me and Varie know.

Moka: Okay.

Yukari: We have to be ready for the Public Safety Commitee.

Me: Who are they?

Yukari: They are very ruthless people and they have a nasty grip over the school. They instill order with fear and anyone that doesn't follow their rules will be killed.

Me: So they're a tyrannical organization. All right, we train and take the fight to them.

I open up a portal into the Hyperbolic Time Chamber and me and Varie trained them for 36 hours in everything we know and more. When it was done Moka, Fenikkusu, Kurumu, Yukari, Tamao, and Mizore were forever changed. They had numerous powers and have mastered Ki, Spirit Energy, Chakra and more. Moka had demon bat wings, Mizore had Ice Angel Wings, Tamao had wings made of pure water and Yukari had black angel wings. With us was a fairy named Lilith, a witch named Ruby Tojo and a former member of the Public Safety Committee named Deshiko Deshi and she's a Jiang Shi, a zombie from Chinese Myth.

Me: All right team. Lets go.

We go walk around the school and search for anything out of the ordinary. Until a voice stopped us.

?: You guys sure caused alot of trouble haven't you?

We saw a girl dressed in black and she had purple hair.

Me: And you are?

Keito: My name is Keito and you are in big trouble by the Public Safety Committee.

Me: (In my head) I sense an energy imbalance in her. It's like she's under someones control. (Out loud) If I may ask, who is in charge of the Public Safety Commitee?

Keito: That would be Kuyō. He's on his way here.

Me: He's going to pay for everything hes done here and we will destroy him.

Keito: You'll have to get passed me first and that won't be easy.

She grew spider legs from her stomach.

Me: (Gasp) You're a Jorōgumo! The Spider Women from Japanese Folklore.

Keito: That's right.

Me: If my friend Leni saw you like this she would freak out. She hates Spiders.

Keito: That's a shame. Now you will die!

She got on eight legs and jumped and I snapped my fingers and broke whoever was controlling her.

Keito's eyes returned to normal purple.

Keito: What happened?

Me: You were being controlled by someone.

Keito: Yes! I remember now. Kuyō, he was controling me and I did so many terrible things.

Naruto: It wasn't your fault. He made you do all that against your will.

Kurumu: He will pay for this!

?: Then come and get me.

We see Kuyō himself.

Me: So we meet at last Kuyō. You're gonna pay for everything you've done to this school.

Naruto: Your crimes are unforgivable!

Moka: It's scum like you that should never walk the world.

Fenikkusu: You're a Yōko and you're race killed my people and I will make sure you die.

Kurumu: Yeah.

Yukari: You rule with fear and we will never tolerate that.

Varie: We will never forgive you for everything you've done!

Deshiko: You will pay for everything you've done!

Kuyō was enraged and he transformed into his true form. He was a Yōko, a demon fox spirit from Japanese Myth. He had 4 blue flaming fox tails.

Kuyō: How dare you talk to me this way!?

Me: We can talk about you however we want. Your reign of terror ends right now!

Me and Varie go Super Angel 2 and Naruto goes Kitsune Hanyou, and the girls spread their wings.

Me: It's over Kuyō. You're finished!

We fly and punch him and kick him and ferociously attack him.

When we stop 20 minutes later, Kuyō was badly wounded and he was even more enraged.

Kuyo: All that you've done to me I'll pay you back 10 times. No… 10 million times! You wretched losers! YOU WILL PAY FOR THIS!

Me: GO TO HECK!

Kuyō was completely enraged and totally out of his mind. He charged up his Vortex of Fire to maximum power and I charge up a Kamehameha Wave.

Me: KAAA! MEEE! HAAA! MEEE!

Kuyō: Now you all die! Vortex of Fire!

Kuyō fired a tremendous blast of blue fire at us.

ME: You first Kuyō! HAAAAAAAAAAA!

I fired a powerful Kamehameha Wave and the blasts collided and the energy blast overpowered Kuyō's fire and hit him head on and engulfed him and vaporized him completely.

Kuyō: CURSE YOU J.D.!

Those were the last words he said before he was completely obliterated in an instant.

We powered down and it was over.

Me: Enjoy the Netherworld Kuyō.

After Kuyō was destroyed, his mind control was broken and everyone was free.

Naruto: It's over. We won.

Ruby: Yeah. Good riddence.

Lilith: You said it Ruby.

Deshiko: I'm finally free.

Me: Lets go home.

We all head through a vortex home.

The battle completely destroyed Yokai Academy.

The exercise ended and Moka, Kurumu, Yukari, Tamao, Mizore, Fenikkusu, Ruby, Lilith, Deshiko and Keito were made some of Naruto's Future Wives in his family. This was an epic adventure.

THE END

Another Fanfiction completed.

I wanted to do a Rosario + Vampire chapter for a while. It was a strange anime series but it proved to be interesting because of all the mythological creatures from myth and fantasy. Let me know what you all think.

See you next time.

Rosario + Vampire is owned by FuniMation, Hiroshi Yamaguchi, and Gonzo Studios.

# The History of the Tudors

It starts with me, Varie, Lincoln & Linka, Laney, Lana & Lola and Penny watching TV in the Living Room. We were watching one of my favorite shows "Histeria" and the episode was the Terrible Tudors.

Laney: This is a cool show but it's making fun of the worlds history.

Me: That's how this show was made.

Varie: The Tudor Dynasty was the most complicated empire in all of England and in the world.

Lola: I find it to be an unusual Dynasty but I would never be like Henry VIII.

Lana: He was a terrible King that's for sure.

Me: The Tudor Dynasty was probably the worst Dynasty in the history of the world. It started after the War of The Roses ended and Henry VII married Elizabeth of York in 1485. They gave birth to Henry VIII in 1491 and he became king in 1509. He married his first wife Catherine of Aragon. Mary the First was born in 1516.

Laney: Yeah. From what I remember The King could not accept a girl getting the throne.

Lola: That is an outrage!

Lana: Henry VIII was a mean king!

Me: Yes he was. In 1527 he went to see Pope Clement VII to see if he can grant a divorce. But he refused and Henry VIII started his own church and the divorce went through. He married Anne Boleyn in 1533 and she had a daughter, Elizabeth I and she was investigated for High Treason. She was beheaded 4 days later. Modern historians today ruled the charges today as unconvincing and unjust.

Lola: That's terrible! Anne Boleyn was beautiful.

Me: Yeah.

Penny: She sure was. Right Rufus?

Rufus: I agree with you Penny.

Rufus is Penny's cat.

Lincoln: Why would Henry VIII accuse her of that?

Me: Henry VIII was a sociopathic king back then and he literally abused his power and forced the whole country of England to abandon their religion and it's why he made his own church. He wed Jane Seymour in 1536 and she had King Edward VI in 1537. She died shortly after giving birth and Henry VIII grieved and ate until he was overweight.

Linka: That is sick and disgusting.

Varie: That is.

Lola: He should've had more class!

Me: Yeah. Later in January of 1540 he married Anne of Cleves from Germany. But the marriage was annuled in July the same year.

Lana: That didn't last long huh?

Laney: No it didn't.

Penny: That is a very short marriage.

Varie: It was because Henry VIII said so.

Me: Yep. Henry VIII married his 5th wife Catherine Howard. But in 1542 he found out that she was cheating on him and Adultery was the same as high treason back then and he had her beheaded.

Lola: That dirtbag woman!

Varie: Yeah.

Penny: How could she!?

Me: So in 1543 he married his 6th wife Catherine Parr. She made it all the way to when Henry VIII died on January 28, 1547.

Lucy appeared.

Lucy: That's right. [We jump at her appearing and a spooky organ plays]

Lincoln: Hey Lucy.

Lucy: Hey Lincoln. I was listening to you all talk about King Henry VIII.

Lola: It's really interesting learning about the history of England.

Lucy: Henry VIII is in the Netherworld and is burning as we speak. The Spirits told me.

Me: Lets see. [Chants an Incantation] "'Xyturmnicta Hextiganta Mortium Spiritasta!"'

Fire crept over the floor and converged by the tree and formed a viewing window that showed us that Henry VIII is indeed in the Netherworld being boiled alive in the river of blood.

Lucy: Wicked.

Varie: That's him all right.

Lola and Lana were hugging eachother and shaking in fear.

Lana: THAT IS SO SCARY!

Lola: YEAH! BUT I'M GLAD THAT HE'S IN THE NETHERWORLD!

Laney: Henry VIII doesn't deserve to go to Heaven. He was a monster.

Linka: You said it Laney.

Lincoln: I agree.

Lucy: That's right.

The window closed and vanished.

Me: Sorry I scared you guys.

Lana: That's all right J.D.

Lola: Next time will you warn us?

Me: I will. But the Tudor dynasty was not finished then. Edward VI became king after his father died. He was only 10-years-old when he took the throne. He was not the youngest king in the history of the world but he was one of them. He died of a bad disease back in 1552 at age 15. He was followed by Lady Jane Grey who was also known as 9-days-Jane because her reign as Queen only lasted 9 days. She was deposed as queen and in 1554 she was executed for High Treason.

Laney: That's terrible.

Me: Yeah. Her reign as Queen is the shortest reign in the history of the world. Mary I was made Queen in 1553 and she gave the Catholic Religion back to England. She died however in 1558. She was followed by Elizabeth I and Elizabeth made England one of the greatest Nations in the world. She was a very famous Queen. The Tudor Dynasty came to an end in 1603 and it became one of England's most famous and influential families in the country and all of Europe.

Lincoln: That is amazing. But I can't believe that Henry VIII was that bad.

Linka: Me neither.

Gabrielle came in.

Gabrielle: (British Accent) I can't believe it either. I may be from England but if I were Queen I would never abuse my power like that.

Me: I agree Gabrielle. Are you by any chance a descendant of any member of the Tudor Family?

Gabrielle: Yes I am. I'm a direct descendant of Mary Tudor, the youngest daughter of Elizabeth of York.

Me: That's a big ancestry. She was the 3rd wife of King Louis XII of France and she married Charles Brandon the 1st Duke of Suffolk. And she was also the grandmother of Lady Jane Grey.

Gabrielle: That's right.

Lola: I didn't know you had some royal ties Gabrielle.

Gabrielle: Me neither. Lisa did a DNA test and helped me find out. I am from England but I also have a family tree that dates back to Mary Tudor.

Varie: Wow!

Laney: That's incredible.

Lucy: I find all this to be very interesting.

Laney: Me too. We all have quite an interesting heritage.

Me: Yep. It's a fascinating thing to learn about.

Lincoln: I agree.

It starts with Vanzilla 2.0 going down the highway.

Lynn Sr.: We're almost there guys.

Me: [To the Viewers] Me, Varie, Aylene, Eddy, Naruto, Sakura, Fu, Hinata and the Loud Kids are on our way to Yellowstone National Park in Wyoming and it is gonna be awesome!

Lincoln: I know. We're gonna check out all the geysers and everything in the park!

Varie: I hope we all get to see Old Faithful blow. That would be awesome!

Me: I know.

Aylene: I've heard that it erupts every 64 minutes.

Lisa: Yellowstone is a big Supervolcano that's scheduled to erupt in the future. Its been 640,000 years since it last erupted.

Me: That's what I've seen and read in science documentaries. I heard that if it blows it will plunge the world into the next ice age.

Aylene: I believe it.

Lori: That's not gonna happen for a while yet. Right?

Naruto: Probably not for another few thousand years.

Sakura: Yeah. Lets hope it doesn't erupt now.

Me: If it did we would be in serious trouble.

Lana: I heard the mud pits are awesome!

Lola: For you maybe but they're too hot.

Lily: I've never been to Yellowstone. This is gonna be fun.

Leni: And I can't wait to see Pop Pop.

Me: Leni, your grandpa is not gonna be there.

Luna: He's right dudes. It's a geyser field.

Lynn: This is gonna be cool! I can't wait to throw some rocks in the geysers.

Fu: I don't think they'll allow you to do that Lynn.

Hinata: I agree with Fu.

Luan: This is gonna be fun! I remember the Last trip was very FORTUNATE! [Rimshot] [Laughs]

Me, Varie, Aylene, Eddy, Gabrielle, Naruto and Sakura laughed and the others sighed.

Lynn Sr.: [Laughs] Good one!

Eddy: [Laughs] Good one Luan!

Me: Thank you for taking us to Yellowstone Mr. Lynn.

Lynn Sr.: You're welcome J.D. Have you ever been here before?

Me: Back when I was 8. This is my second time.

Gabrielle: (British Accent) That's cool J.D. You'll have to show us around.

Me: I don't know this whole park like the back of my hand, but I've seen most of it with my parents.

Laney: This is gonna be a blast. I've always wanted to go to Yellowstone. The geysers and the scenery are supposed to be beautiful.

Me: It is. But the sulfur smell all over the park is rank.

Linka: I heard it smells like rotten eggs.

Everyone but Lana: EW!

Lana: Cool!

Lynn Sr.: We're here everyone!

We park and got out. We arrive at the admission desk, paid for our visit and went in.

We saw lots of people in front of Old Faithful, the most famous geyser in Yellowstone and we all saw it erupt.

It was an amazing sight just like I remember.

Lori: That is so cool!

Me: It's just like I remember.

Varie: Amazing!

Aylene: It's just like I've seen in pictures.

Luna: Amazing dudes!

Eddy: This is so cool!

We go around the park and we saw lots of cool geysers. We saw Anemone Geyser, Grotto Geyser, Aurum Geyser, Castle Geyser, Lion Geyser, Beehive Geyser, Sawmill Geyser and more. The geysers were so beautiful and breathtaking.

We were all taking lots of pictures, selfies and romantic photos and buying lots of souvenirs and postcards.

We arrived at the Midway Geyser Basin of Yellowstone and we saw the largest spring in the park and the United States: The Grand Prismatic Spring.

It was truly a beautiful sight as I had remembered it.

Me: This is so beautiful.

Leni: This has to be the largest Pop Pop I've ever seen.

We facepalm. But then we hear a whoosh high above us and we see a wormhole open up and out of it came 3 girls. The strangest thing was that they had wings.

Me: We've got a code Dimension Jump! Varie, Aylene, Laney, come with me!

I spread my black wings, Varie spread her water wings, Aylene spread her fire wings and Laney spread her Leaf Wings and we flew up to the girls and caught them as they were falling.

Me: They're unconcious but they're gonna be all right. [I see the wings on their backs] Incredible. These wings are real bird wings.

Varie: I wonder how they got them?

Aylene: Good question.

As we were about to land, a gear appeared out of nowhere and flew to Lisa and it touched her. She was in a tornado of gears, sprockets and springs.

We landed and we saw Lisa in the tornado.

Laney: We got another elemental choosing in progress!

Me: Yeah.

When the tornado vanished, Lisa was on the ground and we saw that she has angel wings made of small gears. She got up.

Lisa: What just happened? I feel very strange and my back feels heavy.

Laney: You've been given powers Lisa.

Lisa saw the gear wings and gasped.

Lisa: I do have wings! A gear suddenly touched me and I was in a tornado of gears and springs.

Me: A gear huh? I'd look it up but we got my hands full here.

Lynn Sr.: Lets go back to the hotel so we can take a look.

1 Hour later we got to our room in a hotel on the border between Montana and Wyoming. We rented a penthouse suite.

We placed the girls on the couch and I pulled out my book and looked it up.

Me: Here it is. Lisa you've been given Technokinetic powers by the Gear of Hephaestus the Greek God of Blacksmiths, metalworking, carpenters, craftsmen, artisans, sculptors and metallurgy. Once every 3,500 years, he grants his powers over all things buildable and more. But there's a catch. He can only grant these powers to someone who has an IQ greater than 230.

Lincoln: Lisa, that's incredible!

Lisa: Indeed dear brother. This is quite an astounding change for me. I'll have to learn how to control my powers like all of you have.

Lana: Our visitors are waking up.

?: (Groans) Wha… Where am I?

?: What happened?

?: I don't know.

Me: We saved you from falling as you came out of a wormhole.

?: Oh we appreciate that.

Me: We should introduce ourselves. I'm J.D. Knudson.

Varie: I'm Varie Knudson. J.D.'s Fiance.

Aylene: I'm Aylene Carter.

Eddy: My name is Eddy.

Naruto: I'm Naruto Uzumaki Namikaze.

Me: Naruto's my adopted little brother.

Sakura: I'm Sakura Haruno.

Fu: I'm Fu. I don't have a last name.

Hinata: I'm Hinata Hyuga.

Lynn Sr.: I'm Lynn Loud Sr. and this is my wife Rita.

Rita: Hello.

Lynn Sr.: These are our kids.

Lori: I'm Lori Loud, the eldest. I'm 17 years old.

Carol: I'm Carol Loud. I'm adopted.

Leni: I'm Leni Loud. The fashion designer. I'm 16 Years old.

Luna: I'm Luna Loud. The Rock Star. I'm 15 years old.

Gabrielle: I'm Gabrielle Elizabeth Loud. The Adventurer. I'm adopted.

Luan: I'm Luan Loud. The Jokester. I'm 14 Years old.

Lynn: I'm Lynn Loud Jr. The Sports Star. I'm 13 Years Old.

Shannon: I'm Shannon "Gaz" Loud. Former Member of the Black Daffodil Gang. I'm 12 years old.

Lincoln: I'm Lincoln Loud. The only son. I'm 11 years old.

Linka: I'm Linka Loud. Lincoln's Dimensional Twin. I'm 11 too.

Lucy: I'm Lucy Loud. The Vampire Goth Poet. I'm 8 years old.

Laney: I'm Laney Loud. The Bookworm and Gardener. I'm 7 years old.

Lana: I'm Lana Loud. The Tomboy Twin. I'm 6 years old.

Lola: I'm Lola Loud. The Beauty Pageant Twin. I'm 6 years old too.

Penny: I'm Penny Loud. I'm adopted. I'm 5 years old.

Lisa: I'm Lisa Loud. The Scientist. Pleasure to make your acquaintance. I'm 4 years old.

Lily: And I'm Lily Loud. I'm 15 months old but because of special circumstances I look like I'm 10.

Max: It's a pleasure to meet you all. I'm Maximum Ride. Call me Max. I'm the Leader of The Flock.

Nudge: I'm Nudge.

Angel: And I'm Angel, the Youngest of the Flock.

Me: The Flock? That's a cool name.

Max: Yes.

Varie: Your wings are very beautiful.

Angel: Thanks Varie.

Nudge: We got our wings because of a government experiment.

Aylene: Government Experiment?

Sakura: What happened?

Max: There were 6 of us and we were part of a project called The Angel Experiment. We were in a facility called The School. They spliced out DNA with bird DNA. We are now 98% Human and 2% bird.

Me: That is insane. These people are playing with fire. You mess around with Mother Nature and there will be horrible consequences.

Max: Yes. The purpose of the School is to create powerful mutants for World Domination.

We all gasp.

Varie: World Domination!? That's madness!

Angel: Yes. But we did not want to be a part of such a plan.

Nudge: So we escaped.

Aylene: That's good.

Laney: Being used like that is a fate worse than death.

Max: That's right Laney. The world we lived in was not a pleasent place to call home. It was a post apocalyptic nightmare. Our world was hit by a meteor and humanity had to rebuild everything from the ground up. We were in the School 500 years after that event. We just spent our entire lives running and fighting the mutants of the School.

Me: That is horrible!

Laney: You guys have been through a horrific experience.

Eddy: That's like one of my friend Ed's Zombie Comics.

Luan: That is awful.

Varie: No kidding.

Fu: You guys have been through something that would make my life look like childs play.

Naruto: Yeah.

Max: It was a nightmare. We were fighting some wolf people and we were knocked unconcious as Fang, Izzy and Gazzy fought to protect us. Then we wound up here with you guys.

Me: You went through a wormhole from your dimension to ours.

Angel: A wormhole?

Varie: It's a dimensional bridge that connects one dimension to ours. It sucked you three in and took you here.

Lisa: Exactly.

Nudge: That's very complicated for me.

Aylene: It was complicated for most of us.

Lori: Yeah. We saw a wormhole once and it was an amazing sight.

Luan: It was weird and cool. You might say that it was a Dimensional Wonder! [Rimshot] [Laughs] Get it?

Me, Varie, Aylene, Eddy, Naruto, Max, Nudge and Angel laughed and everyone else sighed.

Max: [Laughs] That was funny.

Me: Luan is really funny.

Angel: I can tell.

Max: But we still have to figure out how to get back home.

Me: I'm afraid that's gonna be a big problem. There's an infinite number of dimensions and parallel universes across all of time and space.

Laney: Yeah and finding the dimension is like trying to find a needle in a haystack as big as the infinitely vast reaches of the cosmos.

Lisa: Exactly Laney.

Varie: Linka is from a dimension where everyone in her family is the opposite Gender.

Naruto: Me, Sakura, Fu, Hinata and my entire village are from a world where we all are Shinobi.

Hinata: But we are different from the Ninja's of Japan.

Me: We also have Starfire, Raven and Terra who were sucked in through a wormhole from their dimension when Lincoln and Linka got their powers of Lightning.

Lincoln: Jessie Bannon was also teleported to our dimension too.

Max: That's very strange and I guess we're stuck here.

Aylene: I'm afraid so.

Max: Well I guess we'll have to adapt to it.

Nudge: Yeah at least we're free from the School.

Angel: Yeah.

Max: But we don't know where we'll live.

Rita: That's simple. You can stay with us.

Lynn Sr.: Yeah. You guys have been through alot and you would be perfect for the family.

Me: We all live in a super huge mansion in Royal Woods, Michigan. We have lots of room. Me, Varie and my friends here are on vacation here in Yellowstone National Park in Wyoming.

Max: Thank you all so much.

Varie: You're welcome Max.

Lori: It's gonna be cool having you in the family.

Leni: Totes!

Luna: Rockin Dudes! [Makes the Rock On hand sign]

Lynn Sr.: We still have 6 days before we head home. So lets have some fun.

We all cheer.

6 days later we drove home and arrived in 2 days. We go to our rooms and unpacked and put our dirty clothes in the wash. The next day we go to Royal Woods Mall and get Max, Nudge and Angel some new clothes. Lisa made gash holes in them so they can sprout their wings out without tearing their clothes. Max, Nudge and Angel

were right at home and they go to Royal Woods Middle School and Royal Woods Elementary School. It was a much better life for them.

THE END.

# Plants VS Kakashi

Laney is in the Simulator doing an exercise.

Me, Varie, Aylene, Max, Nudge, Angel, Naruto, Itachi, Sasuke, Sakura, Ino, Fu, Hinata, Rin, Kushina (Young), Tsunade (Young), Tayuya, Mikari, The Loud Kids, Eddy, Kakashi, Shizune and Lady Tsunade were in the control room.

The Simulator activated and Laney found herself in the hills outside the town of Tanzaku Gai. It was on the day Lady Tsunade went to Orochimaru for his offer. She saw Lady Tsunade about to hand a ball of healing Chakra to Orochimaru.

Laney: Not on my watch!

Laney spread her wings and flew at him. Orochimaru was about to grab the ball of Chakra when without warning he and Kabuto were both kicked in the face and sent flying and they crashing into a huge rock with devastating force.

Lady Tsunade: What are you doing!?

Laney: Saving you from making a stupid mistake.

Lady Tsunade: Orochimaru was going to bring my brother and beloved back to life.

Laney: No he wasn't. Orochimaru would never uphold his end of the bargain. He would kill you after he got what he wanted. He's a worthless snake. Pun intended. He deserves only one thing and that is a one way trip to the Netherworld.

Lady Tsunade: You're right. Orochimaru is a traitor and he will pay for killing Sarutobi-Sensei.

Laney: I agree. Sorry I'm Laney Loud. It's a pleasure to meet you Lady Tsunade.

Lady Tsunade: Pleasure is all mine. I like your wings. They are beautiful. It's like you're an angel born from Nature itself.

Laney: It kind of does feel that way.

Shizune: Lady Tsunade, Don't do it!

Shizune, Master Jiraiya and Naruto arrived.

Lady Tsunade: It's all right Shizune. Laney here stopped me.

Jiraiya: It's good she did.

Naruto: Thank you Laney.

Laney: You're welcome.

Orochimaru and Kabuto got up and they saw Laney standing by Lady Tsunade, Jiraiya, Shizune and Naruto.

Orochimaru: I don't know who you are but you will pay for that.

Laney: You're the one who's gonna pay Orochimaru. I'm gonna get justice for all the lives you've destroyed and ruined. You seem to delight in seeing other people suffer and you treat life like a disposable commodity. You destroy homes, you take the lives of so many innocent people, you even take the lives of children. All this just to satisfy your own twisted goals and amusement. Well, Now it's your turn!

Orochimaru: We shall see about that little girl.

Laney: Hmm. Lets see how you like it when I unleash my full power.

Laney stood ready and little pebbles started to lift off the ground and her hair stood up and waved around. The area started shaking extremely violently as her energy levels were increasing dramatically. Green lightning flickered all around her body and her eyes turned emerald green.

Laney: HHAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHH!

Then a blinding green light illuminated the area and when it died down Laney was forever changed. She had her Green Aura flared up and green lightning flickered around her. Her wings were now made entirely of leaves. Her hair was waving in spots and it was emerald green and the level of power and energy she had was absolutely mindboggling.

Jiraiya: Incredible! Her Chakra Levels are mindboggling!

Lady Tsunade: She transformed and it's incredible!

Shizune: What is she? Her power! It's amazing!

Jiraiya: Yeah. And it makes Orochimaru seem like nothing.

Naruto: Unbelievable!

But Naruto suddenly felt a massive energy increase from within him and he was enveloped in a blinding white light and a massive vortex of leaves swirled around him and it went high into the sky at an incredible speed. Naruto's energy levels were skyrocketing at an astronomical rate. The Leaf vortex formed a dragon high above the planet and it roared. All over the planet the entire continent of the 5 Great Nations changed dramatically. Everything was completely covered in Forests, jungles and more. The energy affected lots of people. Anko felt her Curse Mark get destroyed, Sasuke woke up from the Tsukuyomi Genjutsu and his Curse Mark was gone too. He was forever grateful to Naruto. Kakashi woke up too and he was enraged at Naruto. When the Leaf vortex vanished Naruto was forever changed. He had green fox ears, green sleeveless battle gi, dark green ANBU pants, 9 green flaming fox tails, a strong muscular physique, and angel wings made entirely of leaves. His headband was gone and he had a green dragon with a leaf emblazened on his forehead and his eyes were now green and slitted.

Naruto: Orochimaru, I will never forgive you for any of your crimes! Your time has come!

Jiraiya: Naruto? What happened to you!?

Naruto: I'll explain later sensei. Right now we have a snake freak to destroy.

Laney: Let's get him!

Orochimaru couldn't even use his jutsu. Naruto appeared and without warning he punched Orochimaru in the stomach with devastating force and Laney kicked him in the face. Lady Tsunade punched Orochimaru in the back with her super strength and Shizune slashed Orochimaru's legs with a kunai. Jiraiya blasted Orochimaru with a powerful Fire Style Jutsu.

Orochimaru fell to the ground badly burned. Kabuto rushed over to his aid.

Kabuto: Hang on Lord Orochimaru!

Naruto fired an energy blast and vaporized him completely.

Naruto: Have a nice time in the Netherworld, Traitor. Now for you Orochimaru. This is for all the pain and suffering you caused.

Laney: The time has come for atonement Orochimaru!

Laney cups her hands to the side.

Laney: **NATURES VENGEANCE KAMEHAMEHA!**

She fires a green Kamehameha Wave at Orochimaru and it was causing all sorts of new trees and plants to grow as it sped toward Orochimaru.

Orochimaru: This can't be happening to me! I am the Immortal Orochimaru! I am invincible!

It hit Orochimaru head on and exploded with incredible power as he was completely vaporized in an instant. The explosion turned into a massive tree that was 6,000 feet high and 20 miles wide at the base.

Laney and Naruto powered down.

Naruto: Orochimaru is now gone forever.

Laney: Yep, but look. [Laney lead them to the base of the tree and they saw a face on it] That's Orochimaru. He is now cursed to be forever entombed in this tree for all eternity.

Naruto: That's intense. But good riddence.

Jiraiya: He sure got what he deserved big time.

Lady Tsunade: I'm glad. But you all can now start calling me the Lady Hokage from now on.

Naruto: Yes milady.

Lady Tsunade: Lets all go home.

As they were walking to the Leaf Naruto asked Jiraiya a question.

Naruto: Jiraiya-sensei, what was it like to train my old man?

Jiraiya and Lady Tsunade were shocked.

Lady Tsunade: You know of your parents Naruto?

Naruto: Yes I do milady. I met them in my subconcious when I was powering up. They told me what had happened on the night I was born, how they met, their accomplishments and their reasons for my heritage being hidden. They both made a huge number of enemies during the 3rd Great War and it was all for my own protection. They encoded their chakra into the seal they put on me so that they would tell me. They told me that Orochimaru was the one that unleashed the 9-Tailed Fox onto the village that night. He was controlling it.

Jiraiya, Lady Tsunade and Shizune gasped.

Jiraiya: Orochimaru was controlling the fox!?

Naruto: Yeah.

Laney: Orochimaru is not just a monster, he is a devil!

Naruto: True to that Laney.

Jiraiya: I'm glad he's now gone forever. Training your dad was truly an amazing experience kid. He was like a son to me.

Laney: You two were very close Master Jiraiya.

Jiraiya: We sure were Laney. Wait what's to stop Orochimaru from breaking out of that tree or having some of his followers break him out?

Laney: That's completely impossible Master Jiraiya. The tree is covered with a powerful magical energy that acts like an extremely powerful Seal. The tree is now impervious to all attacks great and small. And besides Orochimaru is now dead. So he can't do anything.

Jiraiya: Very Clever. At least we never have to worry about Orochimaru ever again.

Shizune: That's true.

They arrived at the Leaf and it was still the same.

Lady Tsunade was made the 5th Hokage and Laney and Naruto went to the Hospital to check on Sasuke.

They entered Sasuke's room and saw that he was awake.

Sasuke: Naruto!

Naruto: Sasuke, I'm glad you're all right.

Sasuke: Me too. I can't hear Orochimaru anymore.

Laney: Let me see.

Laney saw that his Curse Mark is gone.

Laney: You're Curse Mark is gone. Sorry Sasuke, I'm Laney Loud. I'm the one that killed Orochimaru.

Sasuke: I'm forever grateful to both you and Naruto, Laney.

Naruto: Glad we could help out.

Sasuke: I did not come to you to fight Itachi, I came to warn you about Kakashi.

Laney: What for Sasuke?

Naruto: What happened?

Lady Tsunade came in.

Lady Tsunade: So you're Sasuke Uchiha? I've heard alot about you.

Sasuke: Lady Tsunade, it's truly an honor to meet you.

Lady Tsunade: Same here.

Naruto: Sasuke was about to tell us some disturbing info about Kakashi-sensei.

Sasuke: Yes. Kakashi has been a fraud to us from day one. I overheard him talking as he was fighting my brother. He said that he never wanted to train me, you or Sakura. He was using us this whole time and he was going to kill us when we reached a certain level. "Just like when he killed his wretched teammate Obito" he said.

They all gasped.

Naruto: I knew something was up with Kakashi. We walked by his hospital room and I sensed alot of Negative Emotions coming from him.

Lady Tsunade: Kakashi is now a monster. But we don't have any proof that he did all that.

Naruto: That's right milady. We can't act without having any evidence against him.

Sasuke: When did you become so smart and respectful Naruto?

Naruto: It was because I had Hinderence Seals on me and Laney's energy during our fight with Orochimaru broke all those seals and unleashed my true self. Let's just say that it was a tremendously must needed improvement.

Sasuke: That's incredible.

Sakura came in

Sakura: I agree. I'm so glad you're all right Sasuke.

Sasuke: Me too Sakura.

Sakura: Naruto, I heard everything. Is it all true? Is Kakashi-sensei really that dangerous?

Naruto: I'm afraid so Sakura. He's a complete homicidal maniac.

Sakura: Naruto, you look incredible! So this is your true self?

Naruto: It sure is. But my love for you is completely real.

Sakura: You love me?

Naruto: I do. I saved you from those bullies back when we were kids, I transformed into Sasuke and complimented you on your beautiful forehead, and I saved you from Gaara's rampage during the invasion. But let me show you.

Naruto placed his hand on her forehead and showed her everything through his memories up to where Orochimaru met his end.

Sakura was in absolute shock.

Sakura: You did all of that!? For me!?

Naruto: Yes I did. Orochimaru is gone forever and is no longer a threat to all of us.

Sakura had then realized everything about Naruto and tears welled up in her eyes and she hugged Naruto and cried hard.

Sakura: (Crying) Naruto, I'm so sorry I did all those terrible things to all of you in the Academy! I was so wrong about it all! I knew you were the one for me and I was too blind to realize it! I'm so sorry Naruto!

Naruto: It's all right Sakura. I've already forgiven you.

Sakura was comforted and she was happy.

Lady Tsunade: Well I'm happy for you both. Now we have to figure out what to do about Kakashi.

Laney: I think I have a solution. How about I fight him and get him to confess that way?

Lady Tsunade: The old get it out through violence trick. That's brilliant Laney. All right. Laney Loud you are to fight Kakashi at Training Ground 7 in 2 hours.

Laney: You got it Milady.

2 Hours Later, Laney was standing on training ground 7 facing Kakashi Hatake. All the Jonin, ANBU and Genin were hiding in the bushes and trees. Naruto set up a sound broadcasting Sealing Jutsu array that lead into the PA system in the Training Ground and it was gonna play the whole thing.

Laney: You ready to do this Kakashi?

Kakashi: As you wish.

Laney spread her wings and flew at Kakashi with blazing speed. She punching him in the face and he blocked it and Laney kicked him in the side and he blocked that too.

Laney: Kakashi I want to know (Punches him in the chest) something. Why do you not like Sasuke, Naruto and Sakura? They're (Kicks him in the face) your students. They learned (Punches him in the elbow) from you right?

Kakashi: Yes, they (Blocks Laney's punch) did, but I never wanted to train them ever. (Blocks her kick) Those brats are never going to be as good as (Blocks a punch) me! They will never learn at all just like that wretched doofus Obito did when I killed him!

Everyone all over the village gasped when he said that.

Kakashi: I never cared about teamwork, comradery or anything like that! All I ever wanted was power and to destroy the entire village for killing my father!

Laney: Wasn't your father Sakumo a hero?

Kakashi: Yes he was. But everyone shunned him for abandoning his team! When he killed himself I vowed to get revenge on the entire village and burn it all to the ground!

Laney: You're a monster Kakashi! [Goes Super Angel 2] I will never forgive you for everything you've done to the village!

Lady Tsunade, Naruto, Sasuke, Sakura, and everyone came out.

Lady Tsunade: It's over Kakashi. We all heard the whole thing.

?: I heard everything too!

A hooded figure came out and pulled down the hood and it was Rin Nohara and she threw her cloak aside.

Lady Tsunade: Rin! You're alive!

Rin: It's good to see you again Lady Tsunade. I did not die in the 3rd Great War. I was training away from the village to learn how to master the power of the 3-Tailed Turtle.

Naruto: You're a Jinchuriki like me Rin?

Rin: Yes. I was forcibly made one by some Mist Shinobi. I was originally made to be a Trojan Horse that would unleash the 3-Tails onto the Village when I entered it. So when Kakashi was about to kill me, I put up a genjutsu to make it look like he killed me and I ran away to master my friend Isōbu's power. I met Killer Bee the 8-Tails Jinchuriki and he took me to a place where I could learn how to do it. After 13 long years I finally did it and me and Isōbu are now full fledge partners and best friends.

Rin suddenly changed and she had a blue-green flaming trench coat, blue clothes and a sword of pure water in her hand.

Laney: Whoa!

Naruto: Incredible. Her power level is unreal.

Lady Tsunade: No kidding. It's good to have you back Rin.

Rin: It's good to be home Lady Tsunade. Now lets take out this piece of traitorous trash that I once called a teammate.

Laney: With pleasure.

Laney flew towards him and punched Kakashi in the face and sent him flying and Rin kicked him in the back and sent him crashing into the ground. Rin then formed a Rasengan made of pure water and it made the roaring sound of a megatsunami.

Rin: I never want to see you again Kakashi! This is for Obito!
**WATER STYLE: MEGATSUNAMI RASENGAN!**

Rin hit Kakashi in the back with it and a huge explosion of water blasted upward and enveloped Kakashi in a huge swirling dome of water. The water chakra was pulverizing him all over his body with numerous strikes that carried the devastating force of a megatsunami wave. When the dome cleared Kakashi was in a deep crater bleeding profusely and bones were sticking out from his arms, chest, legs, head and even his back.

They all looked in the crater and he was a total mess.

Lady Tsunade went in and scanned him.

Lady Tsunade: He's dead. That technique broke all of his bones in his body, shreded all his muscles into nothing and ripped apart all of his organs.

Laney: Holy mackeral!

Naruto: That was unbelievable! Rin just totally mutilated him!

Sasuke: No kidding!

Sakura: I saw Kakashi get hit with what looked like small hammers made of water and they were too numerous to count.

Lady Tsunade: The Water Style: Megatsunami Rasengan shapes the Water Chakra into a blizzard of miniature Water Hammers that pack the tremendous force of numerous megatsunami's. They hit his body with such incredible force that it ripped him apart from the outside in.

Laney: Wow! What power!

Naruto: Unbelievable! That's like getting hit by the shockwave of an exploding meteor.

Rin: Yeah. That is unbelievable power. But I never want to see this madman again.

Sasuke: You want me to burn the body Lady Tsunade?

Lady Tsunade: Please Sasuke.

Lady Tsunade jumped out of the way and Sasuke went through some handsigns.

Sasuke: FIRE STYLE: FIREBALL JUTSU!

Sasuke blew a stream of fire out of his mouth and it hit Kakashi and incinerated him and his ashes blew away in the wind.

Laney: Good riddence to bad rubbish.

Naruto: Yeah. He was truly an incompetent teacher and a homicidal maniac to boot.

Sasuke: Yeah. He can join his father in the Netherworld.

Sakura: Good riddence.

Laney later explained that she was from another dimension and she told Rin that the Kakashi she knows is not like the Kakashi they fought.

I merged everyone's counterparts with their counterparts in our dimension except for the adult Rin and the exercise ended. Kakashi and the Adult Rin are now dating and it was romantic for them. We were all so proud of Laney.

THE END.

Another Fanfiction completed.

I originally wanted to do an Evil Sasuke Chapter but I figured Kakashi would suit this one. I've read alot of fanfics where Kakashi doesn't train Naruto and Sakura and focuses only on Sasuke. So I'm not just a die-hard Sasuke Hater, I'm also a Kakashi basher sometimes. The reason for this is because of his laziness and his incompetence. Let me know what you all think.

See you next time.

# Rock A Doodle Doo

Me, Varie, Lincoln, Laney, Lola and Lisa were in the Simulator.

Aylene, Jeri, Jessie, Tamao, Moka, Kurumu, Eddy, Luan, Luna and Lana were in the control room.

The Simulator activated and we found ourselves on a building in a huge rainstorm. The entire town was in a huge flood.

Me: Whoa!

Varie: My gosh. What is going on?

Lisa: It seems to be massive flooding caused by the storm.

Lola: We're in the movie Rock-A-Doodle! One of my favorite movies.

Laney: I've never seen this movie before.

Me: I have. It's one of my childhood movies. [I point to something] Look.

We see a toy box with a sail attached to it and in it was a kitten, a dog, a magpie and a mouse.

Me: That's Edmund. A boy transformed into a kitten because of the Grand Duke of Owls.

Laney: We got to help them.

Lincoln: Yeah. But where are they going?

Me: They're going to the city to find Chanticlear. A rooster that has the power to raise the Sun with his crowing. From what I remember Chanticlear lost his ability to crow because of a mean rooster sent by the Duke. The Duke used his magic to make it look like the Sun was rising on its own and the farm made fun of him because of it.

Lincoln: That is pure evil.

Varie: That is. We have to stop the Duke at all costs.

Me: We will. First we got to help find Chanticlear and help him remember how to crow.

Lola: That's right. And no owl will stand in our way.

Lisa: Affirmative!

Varie: Listen.

We hear an owl humming Ride of The Valkyries and we see 5 owls heading to the toy box.

Me: Lets go!

We spread our wings and flew to the owls and punch their beaks in.

Me: Leave them alone you overgrown chickens!

Varie: Here's something to Brighten your day. [Puts her pointer and middle fingers on her eyebrows] **SOLAR FLARE!**

A blinding bright white light as bright as a thousand Suns shined right in their faces and incinerated them.

Me: Nice one Varie.

Patoo: Great one guys. We owe you one.

Me: You're welcome Patoo. Edmund let me help you return to your human body. [Chants an Incantation] **Metogataska Nestiniro Krysoton Mortus!**

I fired a beam of rainbow light at Edmund and he changed back into his human form. A boy with blonde hair and he had his pajamas on. Patoo, Snipes, and Peepers were shocked.

Snipes: He is a little boy!

Peepers: Edmund I was wrong. I'm so sorry.

Edmund: It's alright Peepers. Thank you J.D.

Me: You're welcome Edmund.

Peepers: I wish to be human too.

Me: If that is what you want Peepers. [Chants an Incantation]
**Nagitantum Naurito Kestiga Mortum!**

I fired a beam of rainbow light at Peepers and she became a beautiful young girl.

Edmund was instantly smittened by her and so was peepers and they fell in love in an instant.

Varie: Lets get you all to the city and help you all out.

Edmund: Thank you.

Varie formed a bubble of water and lifted the toy box over an aqueduct area and they saw the city. It was a beautiful sight for them. All they had to do was find Chanticlear. That was gonna be a challenge.

We searched most of the city and found out that Chanticlear is now a tremendous music sensation.

Me: So he's called The King? This is gonna be tougher than we first thought. But now that the Duke's owls are no longer pursuing us we can make sure that we can get him back to the farm uncontested.

Laney: That's true.

Lincoln: So how are we gonna get to him?

Edmund: I have an idea.

Edmund wrote a note to him and it said that they were sorry. They signed it from Patoo, Snipes and Peepers.

They met Goldie Pheasent and gave the note so that she could give it to him.

Edmund: So what do we do now?

Me: We wait.

2 hours later we saw that Chanticlear had got the note.

Me: Perfect. He got the note. He's getting into an argument with Pinky. Lets go!

We all jumped down and smashed through the window on the roof.

Me: This picture is cancelled!

Snipes: Yeah!

Peepers: It's over for you Pinky!

Chanticlear: I'm through with you Pinky. I'm going back home.

Pinky: This studio is your home and you ain't going nowhere.

Lola: He is! [Fires a blast of fire and ignites part of the set]

Chanticlear: Come on. Goldie, come on.

We ran as fast as we could.

Pinky: Stop those guys!

A bunch of strong frogs on motorcycles rode after us.

Me: I have an idea. Lets hijack Pinky's helicopter.

Lisa: Brilliant! Lets go.

We flew to the copter and took off.

Lisa: Lets modify this baby.

Lisa used her technokinetic powers and modified it into a science-fiction style fighter jet.

Me: Lets go.

We flew toward the farm and we arrived in 2 minutes. We were hovering over the farm and Varie lifted all the flood water and put it in the ocean far away.

Varie: All the water is gone.

Me: Excellent. Weapons online. Target the Duke's castle mountain.

Lisa: Roger that.

Laney flips a switch.

Laney: All weapons are locked and loaded.

Me: Okay. Fire!

Laney pressed a red button and fired a laser and 5 rockets and they hit the mountain all at once and exploded and the mountain came crashing down.

Laney: Direct hit!

Me: Great shot Laney.

Lisa: Confirmed.

Varie: We're not done yet. Here comes Mr. Dark Bird himself!

We saw a big bird and it was the Grand Duke of Owls.

Me: The Grand Duke of Owls.

Edmund: That's him! He's the one that turned me into a cat!

Patoo: So he did!

Snipes: I can't believe this guy!

Chanticlear: The Duke!

Goldie: He is really bad.

Lincoln: He's pure evil.

Me: Lets land and fight him.

We land by the barn and stand ready.

Grand Duke: I know it's wrong to appear like this but are you ready to have the fight of your life?

Me: It'll be your last when we turn you into fried chicken.

Varie: Lets dance.

I fire a blast of fire at him and it burned his feathers up.

Chanticlear was trying to remember if he ever crowed or not and suddenly he remembered how to crow and he launched into the air and crowed.

Chanticlear: COCKADOOOOOO! COCKADOOOOOOOOO!

The Sun rose and a beam of light pierced the darkness and hit the duke.

Grand Duke: AAAAAAAAAHHHHHHHHHHHHH!

He spun around fast and he shrunk down to the size of a Canary.

Me: I got this.

I put him in a birdcage and he was now my prisoner.

Me: You're now going to pay for everything you've done. Dukey.

We all laugh at him.

The Sun was free to shine again and the farm was back to normal.

Turns out we found out that the Farm Edmund lives on is 10 miles northeast of Warren, Michigan. That's very close to us.

Edmund goes to the same school Lincoln, Laney, Lola and Lisa do. Now Peepers does too.

The exercise was done and we took a break. The Grand Duke is now in Lucy's Room as her prisoner.

THE END

Rock-A-Doodle was one of my first childhood movies when I was a kid. Glen Campbell did a really great job in that move 25 years ago. I loved his song Rock-A-Doodle. He was a great singer. I loved Christopher Plummer in that movie too. Owls are one of my favorite birds and they are awesome. I love how Christopher Plummer played General Chang in Star Trek VI: The Undiscovered Country.

(Imitating Chang) To Be or Not To Be.

I'm a huge Trekkie (Star Trek Fan) Because my dad got me hooked on it. I did this chapter as a tribute to Glen Campbell and you will always be remembered in our hearts, memories and in music and in spirit.

RIP Glen Campbell.

# Minisode 1: The Grape War

It starts with Me, Varie, Lincoln, Linka and Laney bringing in the groceries.

Lincoln: Thanks for helping us carry in the groceries J.D.

Me: No problem Lincoln. Having a big family means lots of food and more.

Linka: Yep.

Laney: We have a lot of mouths and stomachs to feed in a big family.

Varie: You said it.

We get to the fridge and unload and put all the groceries away.

I notice a box of popsicles on the floor.

Me: Hey popsicles.

Lincoln: Yep. New groceries means a fresh box of popsicles.

Me: Neat.

Laney: Can I have a watermelon?

I reach into the box and pull out a watermelon flavored popsicle and give it to Laney.

Me: Here you go Laney.

Laney: Thanks J.D.

Varie: Can I have Cherry?

Me: Sure. [Reaches in and pulls out a cherry flavored popsicle] Here you go. [Gives it to her]

Varie: Thanks.

[I reach into the box and pull out my favorite flavor]

Me: Strawberry for me.

Lincoln: New groceries means a fresh box of popsicles and that means I get the one and only Grape. [Pulls out the only Grape Flavored Popsicle] Want to share it with me Linka?

Linka: Sure.

But just as Lincoln and Linka were about to unwrap the grape popsicle we heard the girls coming.

Lori: I call dibs on Grape!

Lana: Nuh-uh! It's mine! I literally smell new popsicles.

Lincoln: Uh-oh!

Laney: Quick lets hide!

We hide in the living room as Lori, Carol, Leni, Luna, Luan, Lynn, Shannon, Lucy, Lana & Lola, Penny, Lisa and Lily come in.

Leni: The Grape is gone!

Luna: Dudes, I found shoe prints!

Lana: I smell J.D., Varie, Lincoln, Linka and Laney!

Me: Run!

Lori, Carol, Leni, Luna, Luan, Lynn, Shannon, Lucy, Lana & Lola, Penny, Lisa and Lily are armed with Pitchforks and Torches like an Angry Mob out for blood.

Lola sees us running.

Lola: GET THE GRAPE!

Me: You'll never take us alive!

Me, Varie, Lincoln & Linka and Laney are running all over the Loud House of the Knudson-Loud-Anderson super mansion and we made it outside safely.

Lori: Where'd they go!?

Luan: I want that grape!

Me: (Whispers) Guys they will kill us if they see us with this grape popsicle.

Laney: (Whisper) I know. I wish we could all share it but there's only 2 popsicles on each flavor.

Me: (Whispers) I've got an idea. [whispers the plan in their ears]

Varie: That's brilliant.

Me: (Acting) We have the only grape in the box Lincoln and your sisters want it.

Lincoln: Yes. We will go away from them and eat it in the upper atmosphere of the sky above the city.

Lori: Come on girls!

Lori, Carol, Luan, Lynn, Lucy, Lana & Lola, Lisa and Lily spread their wings and carried Leni, Shannon and Penny with them. They flew up into the sky.

Me: Coast is clear. Lets go.

We go back inside and enjoy our popsicles.

Laney: That was pure genius J.D.

Me: I know. An angry mob is too focused on one thing to worry about another.

10 minutes later.

Lori, Carol, Leni, Luna, Luan, Lynn, Shannon, Lucy, Lana & Lola, Penny, Lisa and Lily came in and they saw us on the sofa watching

TV and there were popsicle sticks on the coffee table.

Me: Hey girls. What took you so long?

Lola: You all ate the popsicles including our Grape!?

Laney: It's what you get for fighting over it.

Varie: So to avoid any violence we sent you on a wild goose chase by feigning that we were up in the sky enjoying our popsicles.

Linka: Sorry girls.

Lincoln: Better luck next time.

Me: But I have something for you all. Wait here.

I go into my room and open a freezer and grab a box of grape popsicles. I slide back down and the girls saw that I had grape popsicles.

Everyone but Varie, Lincoln & Linka and Laney.: GRAPE POPSICLES!

Me: It's my own secret stash. I have a whole freezer full of hundreds of boxes of grape popsicles.

They run for them but I stop them.

Me: Uh uh uh uh! Wait. [They stop] You all have to promise that you will stop fighting over the only grape flavor in the box. I know you guys like grape but you act like a bunch of wild animals when it comes to it. So please can't we all just share?

Lori: Oh you're right J.D. We literally get so out of control over some petty stuff like food and more.

Luna: We promise we will share dude.

Lola: We promise and then next time all the popsi… [Lana nudges her] Ow. We promise.

Lisa: We promise.

Me: Good job girls. [Holds the box up to them] Help yourselves.

They grab one grape popsicle each and we all sit on the sofa and we watch TV.

Luan: Thank you for helping us J.D. We were out of control back there.

Me: Don't mention it girls.

Lincoln: [To the viewers] In the Knudson-Loud-Anderson House, We all gotta do what we can to survive and get the grape.

Me: [To the Viewers] And always have a secret stash ready just in case.

THE END.

Another Fanfiction Complete.

I'm going to be doing a series of minisode chapters in my series. I got the idea for this one from the Loud House Comic Book "There Will Be More Chaos", the chapter: "Popsicle Problems". I like popsicles on a hot day and my favorite flavors are Blue Raspberry, Strawberry and Grape. Coincidental isn't it? But the trouble is that they are louded with sugar. Let me know what you all think.

See you next time.

# Minisode 2: NSL Aftershoot

Just to let you all know this is the Aftershoot episode of the infamous episode No Such Luck. I would never do that episode even if you paid me to do it. That episode sucked eggs and it was probably the most abyssmal episode of season 2 if not the entire show. Not as bad as the infamous Brawl In The Family episode. No, this episode was worse. So I'm going to show you all what happens to people that abuse people and make them do all sorts of bad stuff like that. So on with the show

Chris Savino: Cut and That's a wrap! Great job Louds!

Lynn Sr.: Mr. Savino can we talk to you for a minute?

Chris Savino: Sure.

Lynn Sr., Laney, Lynn and Lisa raised a verbal rant on him.

**LYNN SR.:** Alright, Savino. What is the meaning of this script? Or this entire episode? Just what type of people do you take my family for?! We would NEVER do any of this to one of our own!

LANEY: Lincoln is our brother! How could you have us treat him like that!?

**LYNN:** (through tears) Look, Chris! I might enjoy winning and all that, but I know better than to act like such a poor loser! I would never direct the blame of my losses towards my siblings! Especially my brother!

LISA: And I do not approve of breaking character and being degraded from a woman of science and knowledge to a close-minded simpleton who makes immediate assumptions. And I'm quite certain the rest of my family does not approve either.

SAVINO: Look, people. First of all, you want to blame somebody, blame Karla. She's the one who wrote the script, not me. Secondly, your kid lied to you for his own benefits. Doesn't he deserve some form of punishment?

**LYNN SR.:** Not for being kicked out of the house just because of something so trivial! We're not monsters!

(on the other side of the soundstage, Rita and the girls surround a depressed Lincoln)

**RITA:** Lincoln? Sweetie, are you okay?

LINCOLN:… Eh… I'm alright…

**RITA:** (sighs and puts hand on Lincoln's shoulder) Lincoln, I know that filming this episode has been too hard for you. And I understand if you're upset. But I want you to know this right now. Your father, your sisters, and I would NEVER do any of this to you. Do you know why? Because you are my son.

**LOLA:** (hugs Lincoln) And our brother!

**LORI:** And we love you no matter what.

LILY: That's right big brother.

**LINCOLN:** (smiles; voice breaks)… I love you all too.

Suddenly Me, Varie, Aylene, Gabrielle, Shannon, Jessie, Jeri, The Eds, Naruto and the girls, The Teen Titans, Minato, Kushina (Adult) Sasuke, Kiba, Shino, Shikamaru, Choji, Lee, Neji, Linka, Penny, Anastasia, and a bunch of angry fans burst in to the studio and we are armed with torches, pitchforks, swords, axes and clubs.

Me: Hey guys. Just to let you know we are not an angry mob after you. We are an angry mob after Chris Savino.

Lincoln: That's good J.D. Thank you. You're a true friend.

Me: Think nothing of it buddy. [To Chris] Chris Savino that episode No Such Luck was a complete and total Abyssmal Catastrophe! We give it a negative 200 on our fan base.

All: Yeah!

Varie: That episode was the worst ever! How could you put Lincoln through such heinous abuse!?

Chris: Because it was in the script Karla wrote.

Me: We know it was in the script but that gives you no right to have Lincoln do it.

Aylene: Yeah! He is our friend and we would never treat him like that.

Naruto: He's also like my little brother and I would never do something like that to him.

Sasuke: Me neither!

Sakura: Same here and for all of us.

?: And he never will do so again.

A woman with brown hair and green eyes dressed in nice black clothes came out. It was Cyma Zarghami the President and CEO of Viacom and Nickelodeon Studios.

Me: You must be the President and CEO of Nickelodeon Studios Cyma Zarghami.

Cyma: I am. It's a pleasure to meet you J.D. Great job working with Lincoln and his family. Keep it up.

Me: Yes Ma'am. I will and thank you. Everyone stand down. Lets let Ms. Cyma do her thing.

Cyma: Thank you. Chris Savino?

Chris: M..m… Ms. Zarghami.

Cyma: I agree with J.D. This episode was horrible but that's not why I'm here. You have been accused of multiple allegations of Sexual

Harassment.

We all gasp and murmur.

Me: Whoa! That's bad.

Varie: I did not know that.

Cyma: Turn in everything and leave the studio. You're fired.

We all cheered wildly.

Chris was forever disgraced.

Later we all got back to work on what we all love best: Having awesome adventures with Lincoln and his sisters.

There you all have it. Again this is an aftershoot of the Episode and not the real episode. Like I said: I would never do No Such Luck even if you paid me to do it. That episode really sucked eggs to the core. Let me know what you all think. I got the idea for this from Ezmanify's No Such Luck - Post Production on Deviantart. Great Job man.

See you next time.

# Minisode 3: Slice of Life

(we open on a scene from one of Lincoln's manga comics; two characters are having a confrontation, and one character "speaks" in Lincoln's voice.)

**Character #1:** "If we cannot decide who gets the triangle of power, then we must…"

J.D. Speaks in the 2nd character's voice.

**Character #2:** "BATTLE!"

(the two characters power up and leap toward a pizza-shaped artifact and shout "YAAAHHHHHHH!" as the caption is spelled out.)

(cut to Me and Lincoln on his bed reading a manga comic.)

**Lincoln:** "Ah, nothing like a little manga-reading before dinner."

Me: You said it buddy.

**Rita:** (offscreen) "KIDS! PIZZA'S HERE!"

Me: Oh Boy!

(cut to an exterior view of the Knudson-Loud-Anderson house; a pizza delivery truck with a sign that says "DELIVERY IN 30 MINUTES OR ELSE" is seen driving away.)

---

(cut to Me, Varie, Jeri, Sakura, Fu and Lincoln walking down the stairway.)

**Lincoln:** "[To the viewers] In a family this big…"

(Lincoln moves to the side of the stairway to avoid his sisters stampeding down; Lana then comes sliding down the banister.)

**Lori, Leni, Luna, Gabrielle, Laney, Riley, Anastasia, Penny, Linka, Shannon, Lily, Lola, Lisa, Lynn, Lucy, and Luan:** "PIZZA!"

**Lana:** "OOH, PIZZA PIZZA PIZZA, YEEES!"

**Lincoln:** "… getting seconds is rare." [runs down]

(cut to a pizza box getting set down on the dining room table.)

**Lincoln:** "Especially when it comes to pizza."

Me: How so Lincoln?

Lincoln: I'll show you.

(Lincoln opens the box to reveal a 36 inch pizza pie; we all reach in and take out a slice each, leaving only one remaining.)

**Lincoln:** "With 23 slices and 22 kids, there's always one slice left. Who gets the last slice? Well, that's always the problem. Let me tell you about…"Lincoln Loud's ABCs to Getting the Last Slice". (the title appears as he speaks it.) "First, "A"; we argue."

**Lori:** "I'm the oldest, so I should get it!"

**Lola:** "No way! Beauty before age!"

Varie: It's age before beauty Lola.

Lola: Oh. Never thought of it that way.

**Lana:** "Oh, then I guess I should get it."

**Lynn:** "You don't need it! You'll just eat your boogers instead!"

**Lana:** "Hmm, true."

Laney: I wish we could share it but it's one slice and it wouldn't get us much.

**Luan:** "This is bad news anyway you slice it." (laughs) "Get it?"

**Lily:** Very funny Luan.

Me: (Laughs) Good one Luan.

Jeri: Pizza is very good. But I don't know if we should fight over the last slice.

Gabrielle: (British Accent) I love pizza but I prefer tea and crumpets this time of day.

Shannon: I love pizza too. But I think I should get it.

**Lucy:** "I know. I'll just contact the spirits and have them decide."

**Luna:** "Dude, dinner's kinda crazy with a spooky little girl like you."

Sakura: Luna, that's not nice.

Fu: I agree. But we can split the slice Sakura.

Sakura: Good thinking Fu.

**Lisa:** "Perhaps I can use my calipers to equally measure us all a piece."

**Leni:** "Who needs caterpillars? All we have to do is split it evenly 40/40."

Varie: It's 50/50 Leni.

Leni: Really?

Riley: She's right Leni.

(Everyone but me, Varie and Lincoln are still arguing in the background with various speech balloons indicating random objects as if they are cursing.)

**Lincoln:** "Arguing never works. So if we can't decide who gets the last slice, it brings us to "B"; we must…"(in his imagination, Me, Varie and Lincoln spin around and are enveloped in shiny rays of light; the light breaks away to reveal Me, Varie and Lincoln in an anime-esque form and we have lightning arching around our hands.)

Me, Varie and Lincoln: "(Echoing)… BATTLE!"

(images of fantastic anime versions of the Loud sisters and Riley appear; Jeri, Sakura and Fu already are in anime-esque form and always will be; we shout as we circle the pizza slice and jump for it.)

(cut to the exterior view of the house.)

**Lynn Sr.:** (offscreen) "KIDS! There's no need to fight!"

(cut back to the dining room; the kids, in reality, are piled on top of each other from their fight; Lynn Sr. shows them a second pizza box and opens it.)

**Rita:** (offscreen) "We got a second pizza for free!"

**Lincoln:** "Of course we always forget about "C"; coupons."

Me: Good thinking. And if that fails I have a back up factor: Magiswords.

Announcer: PIZZA MAGISWORD!

(the kids zip out of the scene, causing the one slice to drop to the floor, I grab it and eat it.)

THE END.

Another Minisode Fanfiction done.

I've been wanting to do this one for quite a while. But I didn't know how to plan it until I started the Minisodes.

Let me know what you all think.

See you all next time.

# Minisode 4: Deuces Wild

NOTE: THIS TAKES PLACE BEFORE THE BATTLE OF THE SWEET SPOT.

[Me, Lincoln, Laney and Clyde are running into Lincoln's room holding comic books in their hands.]

**Lincoln:** [sniffs his comic] "Ah. There's nothing like the smell of a new Ace Savvy comic."

Me: You said it buddy.

Laney: I love Ace Savvy comics.

**Clyde:** [sniffs his comic] "Mmm. It's like recycled paper and justice."

[In the hallway, a mysterious essence comes in and passes by Clyde's nose.]

**Clyde:** [smells the stench] "Ugh! What is that smell? It's like sauerkraut and hot garbage!"

Me: Ugh! That is nasty!

Laney: Yuck! That smell is horrible!

**Lincoln:** [fanning the stench away] "There's only one way to find out: we'll have to investigate…" [holds up an Ace of Spades and poses heroically.] "… Ace Savvy style!"

[The Ace of Spades wipes to the city at night as Lincoln as Ace Savvy, Me as the King of Flaming Hearts, Laney as Lady Solitare and Clyde as One-Eyed Jack enter the crime scene.]

**Clyde:** "The gas is everywhere! There's no way to tell which direction it's-" [steps in something; disgusted] "Ugh." [picks up what he stepped in] "I seem to have stepped in some sort of lumpy, viscous ooze!" [points to a trail of the stuff.] "Look!"

Laney: It's a trail of that slime.

**Lincoln:** "Follow that ooze!"

[They follow it]

**Clyde:** [holding his nose] "The gas is thicker here."

Me: No kidding.

**Lincoln:** "Then we must be getting close. Keep a sharp eye out, guys!"

**Clyde:** [points to his eyepatch] "I'm way ahead of you."

[They continue to follow the trail to an alley to reveal the culprit: a giant sentient gas cloud.]

**Clyde:** "A giant gas monster! I should have recognized its foul stench!"

Me: [To the monster] You are one ugly freak of nature.

**Lincoln:** [holds out some cards] "It's time to deal out some justice!"

**Me, Lincoln, Laney and Clyde:** [leaping into action] "YAAAAAAAAAH!" [literally pass the gas and hit the wall.] "Oof!"

Me: Ouch!

[They fall off the wall and back into the stench.]

**Clyde:** [gasps] "We pierced right through him!"

Me: It's a creature made entirely of gas.

Laney: It's intangiable!

[The monster grabs us]

**Lincoln:** "Yet he's somehow able to grab us!"

[The monster chortles]

**Clyde:** "Looks like we have to fold!"

**Lincoln:** "This game's not over yet, Jack! It's time to call in…" [holds up more cards] "… the whole deck!"

[The cards reveal the High Card, the Eleven of Hearts, the Night Club, the Joker, the Strong Suit, the Eight of Spades, The Royal Flush, The Queen of Diamonds, and the Card Counter face-up. The girls arrive in the van to help.]

**Lori:** "All right, girls, let's shuffle up and deal with this gas bag!"

[The rest of the team leap into action.]

**Luan:** "Obviously, you're not playing with a full deck!"

[The monster notices the Joker, drops Ace and Jack, and tries to grab her, but she gets out of the way in time.]

**Luna:** "Time to jam!" [unleashes a loud note on the monster, piercing its ears as it roars in agony.]

**Lola:** "Time to gem!" [releases her diamonds' radiance on the monster's eyes, blinding it.]

**Lana:** "Nothing beats a royal flush!" [opens up a hydrant and sprays water out.]

**Lynn:** [holding up a manhole cover and reflect the water.] "This water will suit you just fine!"

[The monster gets hit with the water and its face is all messed up. The Eleven of Hearts' sash snares the gaseous gossamer ghoul.]

**Lucy:** "I really dig what you're wearing."

**Leni:** "It really makes your eyes pop!"

[The two of them tug on the sash extra tightly and squeeze the monster as a container comes underneath the monster's position.]

**Lisa:** "It's time to contain this gastroenterological beast!" [presses the button that activates the container and seals the monster away as it farts one last time.]

---

**Lily:** [giggles]

[The scene turns into Lisa and Lily's room. It's revealed that Lily was the cause of the so-called monster.]

**Lincoln:** "Thanks to all of you, the world can breath easy once more. The gas monster is contained, and Lily has a fresh diaper!" [to the viewers] "When the chips are down, I can always count on my sisters to help save the day."

Me: You said it buddy.

Laney: I'm glad we could help out big brother.

**Rita:** [from downstairs] "Kids! Time to take out the trash! It's really piling up down here!"

[At that moment, Lincoln holds up even more cards and turns to a new threat: a garbage monster, roaring as the gang gets ready to take on the trashy threat.]

**Me and Full House Gang:** "YAAAAAAAAAAH!"

THE END

Another Fanfiction Done.

I saw the short for this on Youtube and it was AWESOME! I love the trash monster in the end. Let me know what you all think.

See ya next time.

# Minisode 5: It's Just a Phase

Note: This takes place after Raw Deal.

It starts with me and Varie reading a book when we saw the Loud Siblings and they looked like they were mugged and thrown into a meat grinder.

Me: Holy Sassafras Leaves!

Varie: What happened to you all!?

Lucy: Lily that's what.

Lincoln: She beat us all up and we don't know why.

Me: How can she beat you all up like this? She's just a baby.

Laney: It's worse than that.

We were in front of Lynn Sr. and Ms. Rita who were sitting on the couch.

Leni: Lily is a monster!

Lisa: She hit me!

Lynn: The cursing!

Luna: She's the Devil in disguise!

Lucy: She ruined my coffin!

Laney: She hit me with my paints!

Lola: Lock her up!

Lynn Sr. and Rita laughed at this.

Lynn: I am one "Ha" away from calling the cops on Lily!

Lynn Sr: Oh, kids. Lily is just going through a normal stage commonly known as the Terrible Ones.

Me: Isn't it called the Terrible Twos?

Lynn Sr.: Yes. It's just a phase and she will be over it in no time.

Rita: And we have proof to show you all.

They showed us a photo album and in it were pictures of what the Loud Siblings were like going through the Terrible Twos.

Rita: Lori's excessive flatulence and blaming others…

Lori farted a lot and she was blaming Fenton the Feel Better Fox.

Rita: Leni's fashion crimes…

Leni made a bad Victorian Era dress and is in time out.

Rita: Luna being too loud…

Luna is screaming at the top of her lungs.

Rita: Luan's drive-by-pie-ing…

Luan is riding her tricycle and she throws a pie into the mailmans face.

Rita: Lynn Jr. being too competitive…

Lynn is standing victoriously on top of a bunch of kids with the last cookie in her hands.

Rita: Lincoln refusing to wear pants…

Lincoln is running with no diaper on.

Rita: Lucy having trouble letting go…

Lucy is burying a Geo from a while back.

Rita: Laney painting on the walls…

Laney is splattering paint all over the walls.

Rita: Lola and Lana giving the casa Loud a new face lift…

Lana covered one half of the house with mud and Lola covered the other half of it with super sparkly glitter.

Rita: And Lisa with her experiments.

Lisa created a crazy fusion animal.

Varie: Wow! You all were so cute back then and you all did some silly stuff.

Lynn Sr.: Yep. So like we said it's just a phase. All of you go through it. So will Lily.

Lori: Uhh dad, Minus myself, we literally still do all that.

Laney: I don't paint on walls anymore.

Me: (In my head) Lori is in denial.

Luan: You mean to tell me Lily's reign of terror will never be over?!

Lola: Lock her up!

Rita: Everybody calm down. After all she's just a toddler. How bad can she be?

We found out the hard way as Lily locked the door and we saw that she readied her punching fist and she was gonna destroy us.

Lily: Poo Poo!

Varie: UH-OH!

Me: RUN FOR YOUR LIVES!

Lynn Sr: EVERYONE FEND FOR YOURSELF!

The sounds of violent crashing, punching and more were heard as the screen faded out.

THE END

Another minisode done. This was a strange one. The Terrible Twos are no laughing matter. It's a stage in every babies life where they rebel against their parents and it drives them crazy. It's times like these that I'm glad I don't remember what I was like as a baby. I got the idea for this from the comic Live Life Loud. Let me know what you think.

See you next time.

# Minisode 6: Nightmare

Note: This takes place after Spice of Life

2:30 AM

Lincoln was sleeping and he was thrashing around in his bed and sweating hard.

Lincoln: No. No.

Lincoln was dreaming a horrible scene. He saw everyone in his family turning against him and saying some horrible things about him.

Dream Lynn Sr. and Rita looked at Lincoln with incredible disdain.

Dream Lynn Sr. & Rita: We never wanted a son!

Dream Lori: We literally hate you Lincoln!

Dream Leni: Uh… Who's Lincoln?

Dream Luna: (Singing) I HATE! EVERYTHING ABOUT YOU!

Dream Luan: Looking at you is enough to wipe the smile off my face!

Dream: Lynn Jr.: I wouldn't even waste a Dutch Oven on you!

Dream Lucy: You're worse than the black plague.

Dream Laney: We despise you!

Dream Lola: Blegh!

Dream Lana: Yeah, What she said!

Dream Lisa: You're the lowest Lifeform of Life I can imagine.

Dream Lily: (Raspberry)

Lincoln: No! No! I love you all!

Natilee came in to his room.

Natilee: Lincoln! Lincoln! Wake up!

Lincoln woke up and screamed.

Lincoln: (Bloodcurdling Scream) AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHH!

Natilee: Lincoln it's okay. You were having a bad nightmare.

Lincoln: I love you all!

Natilee: Lincoln it was only a nightmare. It's all over. Tell me what happened.

Lincoln: Natilee it was horrible!

Natilee: Lets go down to the living room and you can tell me all about it.

Lincoln: (Voice breaking) Okay.

They went down to the sofa and we all gathered around him.

20 minutes later Lincoln was done telling us his nightmare and he was crying hard and we were horrified. Natilee was comforting him.

Natilee: Lincoln it was just a nightmare. It's not real.

Lynn Sr.: Yeah son we would never say such horrible things about you.

Rita: Oh sweetie that must've been a horrible nightmare.

Natilee: It was.

Me: Last time I heard Lincoln scream in a bloodcurdling scream like that was when Lincoln had a bad dream about The Harvester.

Varie: Yeah.

Jessie K.: Lori were you all in Lincoln's nightmare?

Lori: No we weren't.

Nicole: So Lincoln was the only one affected.

Luna: That's right Nicole. When he had a bad dream like this it was about The Harvester and our friends Carrie and Morgan were in it.

Natilee: That's strange. But Lincoln your family would never say things like that.

Luna: Yeah bro. It's not in our nature.

Lucy: It's true Lincoln. I may enjoy the darkness but hurting you is something I would never do.

Laney: I would never do that to you Lincoln.

Lana: Me neither Lincoln.

Lola: Linky I'm sorry you had a bad nightmare.

Penny: Me too.

Lisa: Nightmares can forever scar the individual for life and can have lasting aftereffects. We have to do our very best to help our brother.

Leni: That's right. Linky it was a bad dream and it's not real.

Most of us gasped.

Leni: What!? There's more in my head than just air you know!

Lincoln: Natilee how did you know that I was having a horrific nightmare?

Natilee: I have a special power that makes me completely one with the dream world and whenever one of my friends or family is having a really bad nightmare I just know.

Luan: This is a power you can DREAM up. (Rimshot and Laughs) Get it?

We all laugh.

Me: (Laughs) That was a good one.

Varie: That was funny.

Lily: We have to go back to bed now. I have work in the morning.

Lori: Yeah. Sorry you had a bad dream Lincoln.

Lincoln: Will I be all right?

Linka: It's a bad dream Lincoln. It's not real.

Janeen: Yeah.

Lincoln: Okay.

Natilee: Lets get you to bed.

We go back to sleep and Lincoln had a much better dream this time.

---

7:30 AM

At breakfast Lincoln came down as I was making pancakes.

Me: Hey buddy. How did you sleep this time?

Lincoln: I had a much better dream than the last one.

Me: Well that's a relief. I'm making pancakes for everyone.

Eddy was with me making his famous omelettes.

Eddy: And you haven't lived till you try one of my omelettes.

We sat at the table and ate breakfast 20 minutes later.

Lori: These are literally good pancakes J.D.

Me: Thanks Lori.

Luan: And these omelettes are delicious. They really bring some eggcitement! (Rimshot and Laughs) Get it?

Me, Varie, Vince, Aylene, Lincoln, Linka, Lynn Sr., Rita and Lilly laughed and everyone else sighed.

Aylene: That was a good one.

Eddy: (Laughs) That was funny.

Luan: Thanks Eddy. Your omelettes are awesome!

Eddy: Thanks Luan.

Lincoln: (To the Viewers) Even after having a really bad dream I can always have my friends, my darling fiance and my family to make me feel better.

Me: You said it buddy.

THE END.

Another Minisode complete.

I got the idea for this one from SithVampireMaster27's Lincoln's Worst Nightmare on DeviantArt. I wrote a chapter for it in my books at home. Great job on a great drawing man and thanks for the idea and inspiration. Nightmares are a horrible thing in the dream world and they can scar you for life because of the fear and horror that they cause. We all have them and they are not pretty. Let me know what you all think.

See you all next time.

# Minisode 7: Van Hangout

Note: This takes place after Sound of Silence

---

Me, Varie, Aylene, Laney, the Eds and Lincoln are enjoying some quiet time in Lincoln's new treehouse.

Laney: Boy Lincoln your new treehouse is awesome.

Lincoln: It sure is.

Me: I built it for Lincoln as his little sanctuary for some quiet time.

Lincoln: It's great J.D. Thank you.

Me: You're welcome Lincoln.

Ed: It's really cool Lincoln.

Eddy: I wish we had our old hangout van to go with it.

Me: Hangout van?

Edd: It was an old van we had in the Peach Creek Junkyard. It was a van that was our hangout.

Eddy: It had awesome shag carpeting and a nice waterbed.

Ed: I remember that.

Me: Hmm. I think I know what you're talking about.

The next day after everyone was getting breakfast I fly into the backyard and I was carrying an old van.

Lana: Hey guys look at this!

They all rush over and saw the van I was carrying. I set it down on the ground near Lincoln's Treehouse. It was an old purple retro-style van with flames on the sides with a drop of water shape window and the tires are gone.

Me: There.

The Loud Kids came out.

Lana: This is an awesome van J.D.!

Me: Thanks Lana.

Lori: Where did you literally get this J.D.?

Me: I got it from the Peach Creek Junkyard in Atlanta. Eddy said that he wished they had their old hangout van to go with Lincoln's treehouse.

Laney: That's right. I heard him say that.

Luna looked at the inside.

Luna: The inside is rockin dudes! I love the interior.

They saw the interior and it was awesome.

Lola: It's like a home on wheels.

Lily: It sure is.

Lucy: I'd rather enjoy the darkness of a cave myself.

Lori: This would literally be perfect for a 2nd car.

Linka: It sure would.

Lisa: In the condition it's in it wouldn't travel a very long distance.

Lynn: This is a sweet ride though.

Lana: After breakfast I'll make this baby look like new again.

Me: And we'll surprise the Ed's with it.

Luan: It sure is Van-tastic! (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) Good one.

Varie: That was funny.

Laney: That was a good one.

After Breakfast we got to work. We kept it under a tarp while we worked on it and Luan, Linka and Leni's job was to keep the Ed's occupied while we worked. So they took them to the park for a picnic. We put new tires on, new engine, new carpeting on the inside, new transmission, new water for the waterbed, new speakers, new windshield, new paint job and more. We even added a TV and more to it.

---

4:00 PM

We finished the van and it looks completely brand new and like it was fresh off the assembly line.

Me: All done. (I look at myself) Boy I'm a mess. I'm covered in transmission fluid and filth.

Lana: But we sure did a great job J.D. I didn't know you were good at repairing cars.

Me: I help my dad with the cars.

Lana: It's ready.

Me: Okay guys!

Luan, Linka and Leni lead the Ed's out to the backyard. The Ed's were wearing blindfolds.

Eddy: I wonder what our surprise is.

Luan: You'll love it guys.

They stopped.

I nod and give the signal.

Luan, Linka and Leni took off the blindfolds.

Luan, Linka & Leni: Ta da!

The Ed's were surprised and ecstatic!

Eddy: Our old hangout van!

Edd: How did you guys get it here!?

Me: I brought it here from Peach Creek and me and Lana spruced it up and made it new again. I brought it here so you can have a hangout next to Lincoln like you wanted.

Eddy hugged me.

Eddy: Thank you J.D.

Me: No problem buddies.

They went into the van and it was all brand new. Eddy honked the horn and it played La Cucaracha.

Eddy: This is awesome guys!

Lana: Glad you like it Eddy.

Laney: This is much better than before.

Me: By the way Eddy how did you find this van?

Eddy: We were living out Ed's favorite movie "Robot Rebel Ranch" and we found it in the junkyard.

Ed: Oh yeah. I remember that.

Edd: This van is like our special pad.

Me: I can believe it.

Varie: We also put in this old can phone for you to talk to Lincoln.

There was a can phone system attached to Lincoln's treehouse.

Ed: Cool!

Edd: Just like old times.

Eddy: It sure is.

THE END

---

Another Minisode Complete.

I've had this one on my mind for a while and didn't know where to place it. The Van the Ed's used in Ed, Edd N' Eddy was an awesome car. Let me know what you all think.

See you all next time.

# Minisode 8: Songs In The Storm

Note: This takes place before LakeBottom Trouble.

---

It was a stormy, wet and rainy night. We were all bored out of our minds.

Laney: Rainy days are so boring.

Lori: I know Laney. It's no fun at all.

Natilee: (Gets an idea) How about we pass the time by singing a song?

Leni: That's like a great idea!

Luna: That's a great idea Nats.

Natilee: Thanks Luna.

In the living room Natilee had a microphone ready.

A song played and there was an illusion of a Lighthouse shining on the coastline in the middle of a violent storm.

Natilee: (Singing Divinely)

The waves crash in and the tide pulls out

It's an angry sea but there is no doubt

That the lighthouse will keep shining in the night

To warn the lonely sailor

The lightning strikes and the wind cuts cold

Through the sailor's bones, to the sailor's soul

'Till there's nothing left that he can hold

Except the roaring ocean

But I am ready for the storm, yes oh ready I'm

I'm ready for the storm, I'm ready for the storm

Give me mercy for my dreams, 'cause every confrontaion

Seems to tell me what it really means to be a lonely sailor

But when the sky begins to clear and the sun it melts away my fear

I cry a silent, weary tear at those that mean to love me

And I am ready for the storm, yes oh ready I'm

I'm ready for the storm, I'm ready for the storm

And distance it is no real friend, and time will take its time

And you will find that in the end it brings you near a lonely sailor

But when you take me by your side, you love me warm and you love me

And I should've realized I had no reason to be frightened

And I am ready for the storm, yes oh ready I'm

I'm ready for the storm, I'm ready for the storm

The song was done and the area reverted back and everyone cheered.

Lincoln: That was awesome Natilee!

Natilee: Thanks Lincoln. That song was called Ready For The Storm. It's a Celtic Song that tells us about the dangers of being a Sailor in a violent Sea Storm.

Luna: That is rockin Dudette.

Lincoln: I have a song I would like to play. Luna can I borrow your violin?

Luna: You got it bro.

Luna got her violin and gave it to Lincoln. Lincoln was playing Nearer My God To Thee. One of the most gut-wrenching songs of all time and the last song they played on the night of the Tragic Sinking of The Titanic.

Lincoln was playing it really well and the room became some of the most beautiful landscapes in the world and the most tranquil and peaceful.

When Lincoln was done his siblings were crying and we were in tears.

Me: (Sniffling) That was so beautiful.

Lori: (Crying) Oh Lincoln! That was literally the most beautiful song I've ever heard!

Leni: (Crying) Totes!

Carol: (Crying) Oh Linky!

Lilly: Linky that was amazing!

Luna: (Crying) Linky that was rockin bro!

Lola: (Crying) Oh Linky!

Jessie K.: I know that song all too well. It was Nearer My God To Thee. One of the most gut-wrenching funeral songs of all time and it was the final song they played during the tragic sinking of the Titanic in 1912. It means that even though I am near death God will always be with me to the end.

Lincoln: That's right. When we brought Jack back to the world I decided to practice playing this song. So I would practice with Luna's Violin in secret for it.

Me: That was really well done buddy.

Linka: Yeah.

Luan: That was amazing bro. I'm so proud of you.

Me: That song was my grandpa Jimmy's favorite song.

Natilee: Lets play one more song.

Nicole: I know just the one. I learned this one from World of Warcraft: Wrath of The Lich King.

Nicole stood ready and the song played. The area turned into a frozen wasteland on the planet Azeroth and a vicious battle was taking place.

Nicole: (Singing Divinely)

Comilito equinus

orbitas lacuna.

G'odhun al korokh

boda uhm.

Boda uhm ron'kashal

detrmentum a do sola diatas.

An Karanir Thanagor,

Boda uhm ron'kashal

detrmentum a do sola diatas.

An Karanir Thanagor,

Mor Ok Angalor.

Mor Ok Gorum

Pala Ah'm (Holds her Sword Up) Ravali Ah'm!

Nicole's sword glowed blue and she was incredible.

The song ended and everyone cheered wildly.

Me: Nicole that was amazing!

Nicole: Thanks dad. That song is one of my favorites from World of Warcraft: Wrath of The Lich King.

Lincoln: Nicole and I have played that game and it is awesome!

Nicole: I've been giving Lincoln some awesome tips in alot of video games. They don't call me the Goddess of Video Games for nothing.

Varie: I believe it. That was amazing.

Linka: It sure was.

Lily: You think you can give me some tips Nicole?

Nicole: Sure Lily.

Later the storm cleared up and we went outside to play and have fun.

THE END.

Another Minisode Complete.

---

Luan: Luan Loud here. Reporting in. J.D. (evil laugh) I am now going to unleash a hot sauce water balloon barrage on Lori.

Luan loads a makeshift catapult with lots of balloons full of super spicy hot sauce and she pushes it into Lori's room.

Luan: Hey Lori!

Lori saw Luan.

Luan: These will spice you up!

Luan fired the hot sauce water balloons and they pelted Lori and some hot sauce got in her mouth and on her eyes and she was screaming as fire bursted out and burned her eyes.

Luan: Looks that really Burns! (Evil laughter) Get it? Back to you J.D.

---

Me: Ooh! That looked really painful and that was not funny Luan. This just in we just received word that Lynn won a Hot Dog Eating contest. We now go live to Lynn Loud Jr.

Me: Good poem Lucy. We now go back to the Breaking News and we just received word that Laney Loud is fighting Luan and putting a stop to her evil pranks. We now go to Lincoln Loud who is on the scene.

---

Lincoln: Lincoln Loud here. My sister Laney is fighting Luan as we speak. She and Luan are wrestling around and Laney just shoved a banana creme pie into Luan's face. Laney just dodged a spring boxing glove and she has a skunk in her hand and it sprayed Luan. We'll keep you updated with this as the fight goes on. Back to you J.D.

---

Me: Whoo! That is getting intense. I hope Laney wins against the evil of Luan's pranks. This just in Lana and Lola Loud are getting ready to assist Laney in putting a stop to Luan's reign of evil pranks. We now go live to Lana & Lola on the scene.

---

Lana: Lana Loud here. I am preparing mud bombs, bear traps. snare traps and pit falls for Luan. The Pit falls are filled with rotten eggs and they smell awesome.

Lola is in a hazmat suit.

Lola: I have a raw sewage hose ready for Luan.

Lana: Nice work sis. (They high five) Back to you J.D.

---

Me: Looks like a prank war is now in full swing. Lisa is now preparing super stink bombs for Luan. We go to Lisa Loud.

---

Lisa: Thank you J.D. I have bags filled with a volatile concoction that smells like a thousand decomposing corpses and this formula is for the stink bombs I'm making for Luan. It's also enhanced with Lily's dirty diapers.

Lily: Poo-poo.

Lisa: Luan's April Fools reign of terror will end once and for all. Back to you J.D.

---

Me: Sounds like they're all prepared for an act of retribution against Luan. Will this be the end of the Evil Queen of Pranks? Lets watch and see.

---

Laney flipped Luan into the Pit fall with rotten eggs. A spring hurled her out and a bear trap snapped on her leg and Lana & Lola fired their mud bombs and raw sewage at her and it smelled horrible. Lori, Leni, Luna, Lynn, Lincoln, Lucy, Laney, Lana & Lola put the stink bombs all around Luan and Lisa had everyone in her bunker and a detonator plunger was with her.

Lisa: Make my day.

Lisa pushed the plunger and it exploded the stink bombs.

KABOOM!

When the smoke cleared Luan was completely covered from head to toe in everything that smelled horrible.

---

Me: That was intense! I have a feeling that Luan is not gonna like that at all.

---

The Loud's came out of the bunker and they were in hazmat suits and they were glaring at Luan who was puking her guts out because of the horrible smell.

Lori: You literally deserve this Luan!

Leni: Totes. You like have been asking for this for a long time!

Luna: Your pranks go too far bra!

Lynn: We've had it with your pranks Luan!

Laney: Yeah. Maybe now you've learned your lesson about why your pranks hurt!

Everyone: YEAH!

Rita: That's right young lady and from now on you are never to do any pranks on April Fools day ever again! We're taking away your pranking supplies and stuff on the last week of March.

Lincoln: Well J.D. Luan the evil queen of April Fools has been defeated and she will never terrorize us on April Fools day.

# Minisode 10: The Dark Stanley Carnage

Note: This takes place before Tricked.

---

Me, Varie and the Loud Kids were telling ghost stories around a campfire.

Luna: And the kids found the skeletons of dead rock stars in the closet!

But we weren't scared at all.

Me: That's not scary at all.

Varie: No it wasn't.

Lincoln: That's right.

Me: You want a scary story? I've got one. (I hold a flashlight under my face) It's the story of the Dark Stanley Carnage!

THUNDERCLAP!

Laney: I don't think I'm gonna like this one.

Me: The Story takes place in Springfield, Oregon at Springfield Elementary School. Years ago Stanley Degroot was a chef that worked in the cafeteria.

Scene turns into the story.

Me: (Narrating) All the kids made fun of him because he never graduated from the Massachusetts Institute of Technology.

Kids: Stanley, Stanley no degree! 2 credits short at M.I.T.! (Taunting Laughter)

Me: It was really stupid and humiliating. But then one day he went

HOMICIDAL!

Stanley's eyes turned red with pure evil.

Me: He picked up a cleaver and put a new entree on the menu. He chased down the kids and cut their heads off! Then he served them in a delectable little dish called Kids Head Soup!

Dark Stanley: (Evil Laughter) (Tastes the soup) Needs more girl. (Laughs Maniacally)

Scene reverts back to the campfire.

The Kids and Varie screamed and surprisingly Mr. Grouse heard the story too and he screamed.

Mr. Grouse: That's a really scary tale J.D.

Me: I know Mr. Grouse.

Lori: What happened to him?

Me: They executed him for Capital Murder and buried him in an unmarked grave. But the next day, the whole cemetary was gone!

Everyone but Varie screamed in fear and ran back into the house.

Varie: That was a really scary story J.D.

Me: I know Varie. I learned that tale from this book. (I hold up a book called Evil Urban Legends)

Varie: "Evil Urban Legends".

Me: Yep. Legends say that his deeds were so vile that not even the Netherworld would accept him and his evil ghost still haunts Springfield Elementary to this day.

Rita: That was a great story though J.D.

Me: Thanks Ms. Rita.

Mr. Grouse came.

Mr. Grouse: Good job telling that tale J.D. I was there when it happened. It was 50 years ago today.

FLASHBACK.

Mr. Grouse: I was working as a volunteer security guard at the school when I saw Stanley killing all those kids. He killed 75 people that day and me and him got into a terrible fight. He chopped me in the arm and I hit him in the head with a billy club and knocked him out. I got him arrested and sentenced him to death. He vowed to get revenge on me from beyond the grave. So I moved away from Springfield here to Royal Woods.

FLASHBACK ENDS.

Me: Whoa! That's horrible Mr. Grouse.

Mr. Grouse: Yep. Here's the scar.

Mr. Grouse revealed a huge scar on his right arm that was 6 inches long.

Varie: That's a dousy.

Me: Jumping Candy Corns! That's a hefty scar. I'm sorry to reopen old wounds like that Mr. Grouse. Pun intended.

Mr. Grouse: It's all right J.D. You didn't know.

Rita: Glad you're all right Mr. Grouse.

Mr. Grouse: Thanks Rita.

He went back home.

We then hit the hay.

THE END.

Another Minisode complete.

I got the idea for this one from The Simpsons episode Yokel Chords from Season 14 in 2007. The story of the Dark Stanley Murders was one of the craziest things I've ever heard in the series. But it was a cool one. Bart did a great job with telling that story. Let me know what you all think.

See you all next time.

The Simpsons is owned by Matt Groening and 20th Century Fox, and Gracie Films.

# Minisode 11: Wrath of King Kong

Note: This takes place after Darkar's Revenge.

---

It starts in Lisa's lab

Lisa: Excellent! My new growth formula is finally ready. Now to choose a viable test subject.

Lisa saw a baby gorilla.

Lisa: Ah Bobo!

A gorilla named Bobo came.

Lisa injected it into the gorilla and it made it grow. The Gorilla was huge.

The gorilla was 50 feet tall and he roared.

Luna: Lis what's happe… (Sees the giant gorilla) WHOA!

The gorilla grabs Luna and she screams.

The gorilla ran off.

Me: Lisa what happened!?

Lisa: I might have made an error.

Varie: What did you do?

(We see bobo giving Luna flowers)

Luna: thanks, but I don't accept gifts from strangers.

Rachel: Hey I think he has a think for Luna.

Me: He sure looks like it but how did Bobo get so big?

Rachel: What a time to develop a crush. And I do mean crush!

Me: No kidding. Lisa what did you do to make Bobo so big?

Lisa: It was all part of my experiment for my new Growth Formula.

Me: Growth Formula? That's so cool!

Bobo hoots and he held his hand over me for a high five.

Me: Yeah.

We high five.

Bobo then ran off with Luna.

Rachel: We gotta stop that ape before it terrorizes the neighborhood!

Me: Yeah!

I pull out my cell phone and dial a number.

Me: Ms. Rita, fire up the Biplane. We got to save Luna!

(The ape messes with Luna's hair)

Luna: Hey! Stop that!

Police cars came and Bobo started climbing up the tallest building in Royal Woods.

That's when Rita and Me arrived and we were in a WWI style Biplane.

We circled around the building as Bobo was on top of it.

Rita: All right J.D. we're closing in. Get ready to fire.

Me: You got it.

I arm the gun and fire.

Me: (Laughs like Peter Griffin while firing)

Rita has a minigun and she fires.

Rita: Giggity Giggity Giggity Giggity Giggity Giggity Giggity Giggity Giggity!

The bullets hit the building and were pelting Bobo and he dropped Luna and she was hanging on. Luna saw that it was a long way down and Bobo roared.

Rita fired the planes machine guns at Bobo and we flew around him and he roared again. I fire from the back at Bobo.

Me: Eat Lead King Kong!

Bobo swiped at the plane and hit the wing. We spun and sputtered but regained our momentum.

Rachel and Sam flew over and Sam got Luna and flew away.

Rita fired at Bobo and he tried to swipe us again but we dodged it and I fired from the back. We circle back and fire again at Bobo and he fell off the building and landed on the street with a tremendous thud.

CRAAAAAAAAAAASSSSSSSSHHHHHH!

Me: Geez! That must've hurt.

Rita: It sure did. Lets land.

We landed and saw that Sam rescued Luna.

Me: Great job girls.

Rachel: Thanks J.D.

Sam: That was awesome flying.

Rita: Thanks Sam.

Bobo got up and saw me. Suddenly he shrunk back down to normal size.

Me: Looks like Lisa's growth formula is only temporary.

I pick up Bobo and give him a banana.

Me: Sorry Bobo. No hard feelings.

Bobo: That's all right J.D.

Me: So how was it to be giant?

Bobo: It was awesome. I loved it.

Me: I believe it. You might say that all of this was a fight of gigantic proportions.

We all laugh.

Another Minisode Complete.

Me and Rachel were roleplaying with a King Kong Scenario. Thanks for this. It was funny and awesome. I included a Family Guy type scene to the mix. It was from the episode where Peter and Quagmire were flying a biplane and they were fighting a rampaging android of Miley Cyrus. That was funny. Let me know what you all think. See you all next time.

# Minisode 12: Lori's New Car

Note: This chapter takes place after Gangreen Terror.

---

It starts at the estate and Clyde knocks on the door.

Me and Rachel answer it.

Rachel: Hey Clyde.

Me: How's it going?

Clyde: Hey Rachel, J.D. Is L.. L.. (Blubbers) Get it together Clyde.

Me: You want to talk to Lori?

Clyde: Yes. Is she there?

Me: One sec.

Rachel: Lori!

Lori came down.

Lori: What's up Rachel?

Rachel: Clyde wants to see you.

Lori: Oh. Hi Clyde.

Clyde: H… Hi Lori. I wa.. want to t..talk to you about something.

Me: At least he's improving right Rach?

Rachel: Totally.

Clyde: I have a surprise for you.

Lori: Oh really. What is it?

Clyde: You'll see but you have to put this blindfold on.

Lori: Okay.

Lori did so.

Me: This is gonna be interesting. Lets go with them Rach.

Rachel: Okay.

We go with them and Clyde lead Lori to the park and he had something under a tarp.

Clyde: Ta da!

Clyde took the tarp off and Lori gasped in shocked when she saw that it was a brand new van. (Veronica from Vantastic Voyage)

She gasps. On the side of the van is the name Lori-mobile.

Lori: Clyde what is this new van for?

Clyde: It's my gift for you.

Me: It's a really spiffy car.

Rachel: It sure is.

Me: How much did a car like this cost?

Clyde: Oh me and my dads built it and we have a lot of free time.

Everyone: Wow!

Me: Your dads really have a lot of free time Clyde.

Rachel: What do you think Lori?

Lori: Clyde you are absolutely the best and I literally love my new car!

She kisses him repeatedly and he his face was covering in lipstick marks and he was sweating like a pig and steaming as he was laughing goofily.

Me: You really made her happy Clyde. Lets check out the van Rach.

Rachel: Okay. How do you feel Clyde?

Clyde was still laughing silly. He was still covered in sweat and he had hearts in his eyes.

Me: (Chuckles) I think he's okay.

We go into the van.

Me: Wow. Clyde and his dads did a really great job.

Lori: They sure did. It's literally always been my dream to have my own van.

Rachel: You should probably hold him til he's ok.

Me: Good idea. Lets take Clyde with us to show Mr. Lynn and Ms. Rita what he did for Lori.

Lori: That's literally a good idea.

We drove up to the estate and pulled into the driveway. Lori honked the horn and it sounded like La Cucaracha.

Rachel: Hey Mr. and Mrs. Loud!

Lynn Sr. and Rita came out and they saw the new van.

Lori rolled down the window.

Lori: What do you think of my new wheels?

Lynn Sr.: Where did you get this van Lori?

Me: Believe it or not Mr. Lynn, Clyde built it for her.

Rachel: Isn't that sweet?

Lynn Sr.: This new van is awesome!

Rita: It's a magnificent van Lori.

Lori: Thanks guys.

Me: Clyde and his dads have way too much free time.

Lori: Lets take this baby for a spin.

Lynn Sr.: Lets do it! Come on kids!

Lincoln and the rest of the siblings came out and they were in awe of the new van.

Lincoln: Where did we get a new van?

Me: Clyde and his dads built it for Lori.

Rachel: It was nice of him.

Laney: This is a great new car!

Lana: Lets go for a ride!

Luan: It sure is a Vantastic car. (Laughs) Get it?

Me and Rachel laughed while everyone else groaned.

Me: That was a good one.

Clyde woke up.

Clyde: What happened?

Me: You were kissed all over by Lori after giving her the new van and you were covered in sweat and laughing silly.

Lori: Clyde I literally love my new van!

Me: Lets go for a spin.

Everyone: YEAH!

We get in the van and we go for a drive around the neighborhood.

Mr. Grouse: Nice ride Louds!

THE END

Another Minisode Complete.

Me and Rachel made this during our roleplaying. It gave me the idea for another Minisode. Thanks Rach. Let me know what you all think.

See you all next time.

# Minisode 13: William the Protector

Note: This minisode takes place after the events of The Ultimate Cold Shoulder

MARIA

At a local bar Maria and William were having lunch.

Maria: Thanks for taking me to Lunch William.

William: No problem babe.

The bartender gave Maria her drink. But William noticed a strange white powder in the soda.

William: Wait Maria don't drink that soda.

William took a spoon and using his device he got from Lisa, he analyzed it. The results were shocking. Someone tried to poison her with Thallium Nitrate.

William: That's Thallium Nitrate. Someone tried to poison you. And I bet I know who!

William looked at a man that was the bartender and he went over grabbed him and pinned him to the wall.

William (angry at the guy who tried to kill his girlfriend with a soda): Here's what's going to happen. You're gonna get rid of every single drop of this soda. Because if I come back here tomorrow and find any, I'll burn your stall down with you inside. Do you understand? (jerk is too scared to answer and he pulls him close to his face) DO YOU UNDERSTAND?! (the goon nods and he drops him)

Maria (starts to cry): I'm sorry, William! I had no idea what that soda contained.

William (hugs her): No, baby. I'm the one who should be sorry. I should have known ahead of time what these guys like to make a living with illegal activities. And I may have overreacted when I saw what you were about to drink.

Maria (smiles): Next time I go for a drink, you'll be with me at all times. Sounds fair?

William (smiles back): It sure does.

## STEWIE

William and Stewie were fighting the Giant Monster Blowfish.

William fired a lightning beam from his blaster and Stewie was firing lasers.

Stewie: My gosh what is this monster made of?

William: I don't know but it's amazing.

Stewie went to study the monster. But just as he was about to get a sample of the creature it ate him whole.

William: Stewie!

William then gained an incredible amount of strength and he charged towards the monster and punched the monster with devastating force and the monster exploded all over the place as a pile of blood and guts. They were blue.

Stewie (covered in the monster's insides): I can't believe you killed a huge monster just to save me.

William (covered in the monster's insides): Well, I would do anything to save my friends. Now, we're going to get back to the house and take showers. And then, you're never going to do research on monsters again. Not even with sticks! Ok?

Stewie: Relax. I've learned my lesson.

William: Good for you. Lets go get cleaned up.

Stewie: Good idea.

---

RIKU

William and Stewie were being held hostage by the notorious men hating Femme Fatale.

William: Femme Fatale why do you hate all men so much? What have we ever done to you that would warrent such despicable behavior?

Femme: Why? Because men have been getting more popular than women! And that's why there are hardly any female supervillains. So I figured that I would show the world that women can be great villains too!

Riku: You raise a good point there but what you're doing is wrong on so many levels.

Femme: Maybe so but (points her gun at Riku's head) you won't live to tell me otherwise little man.

William then snapped and broke out of the ropes and beat her up. Bad.

William just finished beating Femme Fatale to a pulp.

Riku: Are you alright?

William: I'll be fine.

Riku: That was reckless and dangerous taking her on unarmed. You could have been killed.

William: Well, she shouldn't have threatened you.

Riku: I know. Thanks for that.

William: Don't mention it. We should be heading back now.

After she was arrested, me and Lincoln visited her in the Antarctica prison.

Femme: Well if it isn't the famous J.D. Knudson and Lincoln Loud. Let me guess you came here to rub it my face that you're better than me?

Me: No. That's not my style. We just came here to ask you a question.

Femme: All right. What is it?

Lincoln: Why do you hate men so much?

Femme: Like I told your friends it's because men have been getting more popular than women. There are hardly any Female Supervillains out there so I figured that I would show the world that women can be great villains too.

Me: You do raise a good point there. And you are right. Women are not getting enough attention and its been that way for a long time ever since the middle 19th century. The Womens Rights Era should've said something but we just kept on ignoring it and claimed that we will always be better than women. But that goes against my beliefs. All people regardless of gender are created equal and no matter what gender you are you are just as good as the other.

Lincoln: That's right. I would never treat women differently. They are awesome partners and great people.

Me: I have supported womens rights around the world and I believe that women are just as strong as men are.

Lincoln: That's right.

Femme: You are both very strong people boys.

Me: Maybe after you get out of here you can become a womens rights activist.

Femme: I would like that. Thank you J.D.

Me: You're welcome. Try to survive in here. You're already as strong as a man.

Femme: Thank you.

Me: You're welcome.

We left and Femme Fatale had a lot to think about.

## VENOM, KILLER FROST & ELENA

Killer Frost and Elena were tied up by some of the Joker's former goons.

Goon: I think we'll have some fun with you before we kill you.

What they didn't know was that William and Venom were hiding behind some crates and they jumped out and started pulverizing and killing the goons all over the place.

William was facing the goon.

Goon: Seriously, where'd you pick this symbiotic moron up? Guy's got muscle but less brain cells than a stoned worm with a concussion. Bet you pay him in doggy treats and write his orders on the back of his hand so he can remember them. You should really…

Venom was about to punch the goon's lights out for his comment but William beat him to it, resulting in the jerk's teeth being knocked out.

William: Looks like we're going to have to find another lead.

Venom: Guess so. Thanks for sticking up for me, Wililam.

William: No problem. And don't listen to what that jerk said. You're not our pet. You're our teammate.

William and Venom untied them and Killer Frost and Elena took off their blindfolds.

Elena and Killer Frost looked at all the dead bodies of the Joker goons with wide eyes.

Elena: Whoa! You did all this?!

William: I didn't have a choice.

Killer Frost: What did they do to make you mad? Threaten to give you a wedgie?

William: When I snuck down here, I was able to keep myself just out of sight. It was a good vantage point because I also happened to be able to hear everything the guards were saying. They were talking about what they were planning to do to you two. They described it in great detail.

Killer Frost: You killed an entire room of thugs for us?

Elena: He sure did. Beware Papa Bear.

Killer Frost: Thanks guys.

William: It was the least we could do.

We're hitting Luan with everything we've got at her. Banana cream pies, spring-loaded boxing gloves, all kinds of crazy shenanigans. We were firing pie bazookas, condiment squirt pistols and cannons that fire bags of flour and potatoes at Luan and Luan was firing pies and Spring-loaded boxings gloves at us.

Me: Never again Luan!

Luan: You'll never stop me. I am the Queen of April Fools! (Evil Laughter)

Rachel: Not for long.

Rachel pulled out a special grenade and pulls the pin.

Rachel: Fire in the hole!

We ducked and the grenade exploded and splattered hot sauce everywhere.

KRASPLAT!

Luan: AAAHHH! MY EYES! I CAN'T SEE!

Me: Hit her with everything we got!

Lincoln: You've been asking for this for a long time Luan!

Paige: So say your prayers!

Lori and the rest of the sisters came and fired garbage, mud, dandelion spray, mousetraps, pies and, the works at Luan and she then was buried in a pile of filth. She waved the white flag of surrender and at long last, Luan Loud, the evil Queen of April Fools was defeated.

Me: It's over guys. We won. Great job guys.

We cheered wildly.

Laney: Maybe now Luan has officially learned her lesson about why her pranks are insanely deadly.

Rachel: One can hope Laney. One can hope.

---

## LYNN

Me: Lets play some sports guys.

Lynn: Cool! What are we gonna play?

Me: Basketball.

I was pouring into a beaker some potassium disulfide and Nitric Trihydrate. It didn't explode.

Lisa: Good job 2nd big brother. Nitric Trihydrate is a very dangerous chemical mixture.

Rachel: It sure looks like it.

Me: Yeah it is. When you use chemicals like this you're playing with fire.

Rachel: Yeah.

My chemicals exploded.

BOOM!

Me: (Coughs) Dang it.

---

## LILY

Lily, Me and Rachel were building a castle with her blocks.

Lily: Poo-poo.

Me: I know Lily. It's fun building with your blocks isn't it?

Lily nodded.

FART!

Lily then soiled her diaper.

It starts with Me, Rachel, Lincoln and Laney relaxing at the park.

Rachel: Aah. This is nice.

Lori: Let me see here. Hey girls do any of you know anyone named I Pee Freely!?

All of her sisters laugh at her.

Luna: What's up mate?

Lincoln: Congratulations you won tickets to the Mick Swagger Concert.

Luna: (Squeals in excitement) (Calms down) Wait. What's the catch?

Lincoln: All you have to do is say this to your family. "Lori farts in your faces"

Luna went to say it.

Luna: Yo dudes! Lori farts in your faces!

Everyone laughed at Lori.

We laughed at that after hanging up.

Me: That was awesome buddy!

Rachel: That was hilarious! Lets do Luan.

Me: Luan will know it's a prank call right off the bat and she knows pranks better than anyone else. They don't call her the Queen of Pranks for nothing. So we'll save her for last.

Laney: That's true.

Me: What did you think Rach?

Rachel: (Laughs) Great! Now Lisa!

Me: Okay. (Sees somthing) Oh wait here she comes. Greetings Lisa.

Lisa had Lily with her.

Lisa: Greetings elder brothers and sister and Rachel.

Lincoln: Hey Lisa.

Laney: Hey Lisa.

Me: What brings you to the park?

Lisa: Just bringing our youngest sibling to the park for some relaxation. Hence because of all the crazy shenanigans going on at our abode.

Lily: Poo poo.

Me: We were doing all that with our phones.

Lisa: Let me guess. You were doing some humorous telecommunications shenanigans; Street name: Pranks calls.

Lincoln: We sure were Lisa.

Me: We wanted to liven up our relaxation here at the park with some pranks calls.

Laney: We called our sisters to give them prank calls.

Me: Yep. We were about to call you but since you're here we might as well call Luan.

---

LUAN

Me: Here we go. (I dial)

Luan: Hello?

Me: Yes I'm looking for a Mr. Tabooger. First name Olea.

Luan: Ha! You think I'm that naive? I know it's you J.D. Nice try pranking me though.

Me: Can't blame me for trying though Luan. Your sisters fell for it though.

Luan: I saw and heard. Great prank calls though.

Me: Thank you. We were doing this as a way to liven up our relaxation here at the park.

Luan: I know. You are a telephony. (Laughs) Get it?

Me: (Laughs) I get it. (Hangs up) I had a very strong feeling that Luan would know it was a prank call.

Lincoln: You were right J.D.

Laney: Yep.

Back at the Loud House Luan was telling her sisters about my prank calls.

Lori: So J.D., Rachel, Lincoln and Laney were prank calling us?

Luan: Yep.

Lynn: WHY THOSE ROTTEN LITTLE! I'M GOING TO RIP THEIR ARMS AND LEGS OFF AND SHOVE THEM DOWN THEIR THROATS!

Luan: No, I have a better idea.

They had looks of mischief on their faces.

However what Luan didn't know was that Rachel had planted a hidden microphone in Luan's ponytail that recorded her conversation with her sisters.

Rachel: (Gasp)

Me: What is it Rach?

Rach: Luan and the girls are gonna prank us to get vengeance when we get back home.

Lincoln: Oh no.

Laney: It's the Earbud Incident all over again.

Lisa: The sisters are likely going to bombard us with the same method that we used to prank them

Me: I also had a very strong feeling that Luan was going to tell everyone. Me and my big mouth.

Lily: Poo poo.

Me: Thanks Lily. Turn off your cell phones and don't answer them.

Laney: Right.

Me: If it's a prank war they want, it's a prank war they'll get! (My Eyes glow red) And I know just the person to help us. (Rachel Dials)

Rachel: Ronnie Anne? It's Rachel.

Ronnie Anne: Hey Rach. What's up?

Rachel: Me, J.D. Lincoln and Laney were doing some silly pranks calls here at the park to the rest of the sisters minus Lisa & Lily but Luan revealed everything after we called her and she is enlisting the sisters help to get us in vengeance.

Ronnie Anne: Not on my watch they won't. You called the right girl Rach. Let me work my magic.

Ronnie Anne walks over to the Loud House and at the park we were watching the Loud House from the Park. The sounds of fighting, punching and screaming were heard.

Me: Ooh! That must've really hurt! I hope Ronnie Anne wasn't too hard on them.

Lincoln: Lets go see.

Me: Okay. I think that's enough relaxing for today. Lets head home.

Lincoln: Good idea.

We walked back home from the park. When we got to the Loud House we saw Ronnie Anne come out of the Loud House with a smile.

Me: Hey R.A.

Ronnie Anne: Hey J.D.

Lincoln: Did you talk to my sisters?

Ronnie Anne: Lets just say that they will never think of anything mischievious ever again. Not while I'm around.

Laney: We owe you one Ronnie Anne.

Ronnie Anne: Glad I could help Lanes.

Lincoln: Thanks Ronnie Anne.

Ronnie Anne: (Playfully punches Lincoln in the shoulder) Smell you later Lame-o.

Rachel: Lets hope they're all right.

Ronnie Anne left and we went inside the Loud House and saw the sisters on the floor and couch roughed up real bad. Their clothes were torn, they had black eyes and some missing teeth and blood dripping from their mouths.

Me: Holy Bologna Slices! Ronnie Anne sure did a number on all of you!

Rachel: Ronnie Anne did all this!?

Me: Oh that's right Rachel. You just moved here. Ronnie Anne is a strong girl and she pulled all these pranks on Lincoln and I helped her stop bullying him.

Laney: That's right.

Rachel: Wow! I didn't know Ronnie Anne was that strong and tough.

Me: Yeah. Lets get them to their beds and start healing them.

Rachel: Okay.

Lisa: Affirmative.

* * *

Lori: I can't believe that Ronnie Anne beat us up like this.

Rachel: Well call me a snitch but I found out about Luan's plan to get back at us to get revenge for the prank calls but we didn't expect Ronnie Anne to be this rough on you for some harmless prank calls.

Lori: I know. (Groans in pain) It hurts bad.

Lisa: I know elder sister but I would say that this is what you get for wanting to prank our brother for vengeance.

Lori: Yeah. I guess we literally deserve it.

Lincoln: I'm sorry Lori. They were harmless prank calls.

Laney: We're sorry Lori.

Lori: It's okay. But some of us got a good laugh out of it.

Leni: That's totes right. (Groans in pain) Ow.

Me: I know.

We checked on the Loud girls and they were in pain and we were gonna make sure that they got better.

THE END.

Tenten's persona was bashing lots of goons faces in with a bo staff and hammer.

The Weapon of Nines: The Fury of 9's suits you.

THE WEAPON OF NINES

Rin's persona was firing powerful blasts of fire and water at more thugs and incinerating and melting them.

The Seven of Fire & Ice: This is Burning you up!

THE SEVEN OF FIRE & ICE

[As Ace and Jack draw closer to the tank, they notice Leni's persona.]

**The Eleven of Hearts:** "Hey, guys, check out my new outfit. It's perfect for fall weather and springing into action!" [uses the sash on her outfit as a utility rope, swings over the tank and saves the quartet.] "Ugh, these belts are so 90's!" [pulls their chains off and sets them free, she drops them.]

THE ELEVEN OF HEARTS

[Wild Card Willy makes for the exit.]

**Ace:** "Wild Card's getting away!"

[Lana's persona is working on the shark tank.]

**The Royal Flush:** "Hey, Willy, go fish!" [loosens the bolt on the pipe.]

THE ROYAL FLUSH

[The tank comes loose with the water and sharks coming out; Wild Card evades it but gets knocked back by a jack-in-the-box style weapon set up by Luan's persona.]

**The Joker:** "I see your bet and raise you!" [laughs]

THE JOKER

Willy is sent flying into the air and Eddy's persona appears and pummels him with a barrage of jawbreakers moving at blazing speed. The Jawbreakers knocked out all of Willy's teeth.

The Ten's Jawbreaker: Try not to Bite off more than you Can't Chew! (Laughs)

THE TEN'S JAWBREAKER

The Joker: (Laughs) Good one my love!

The Ten's Jawbreaker: Thanks my Joker.

Varie's persona appears surfing on a wave of water.

The Queen of Water Spades: These fish really bite!

THE QUEEN OF WATER SPADES

Varie fires a torrent water loaded with piranha's at Willy and it entombs him in a ball of water and the piranhas bite him all over.

Naruto's persona is armed a Chopstick sword and he summons a geyser of ramen broth and noodles and it hits Willy and burns him.

Willy: YEOW!

The Ramen Club: Burn from Broth! Believe it!

THE RAMEN CLUB

Sakura's persona punches Willy in the face with devastating force and sends him flying toward the wall.

The Punch Card: How does that Punch you!?

THE PUNCH CARD

Ino's persona entraps Willy in a terrible illusion of him facing a sumo wrestler. Turns out he's terrified of Sumo Wrestlers.

The Illusion Diamond: Face what you fear!

THE ILLUSION DIAMOND

Willy screamed and ran around like a little girl as Hinata's persona appears and lands powerful slaps to his face.

The Gentle Club: This is the gentle side of justice!

THE GENTLE CLUB

A glowing yellow chain wrapped around Willy and he was thrown into the air by Young Kushina's persona. Willy then crashed into the ground with a big thud.

The Chain of Furious Habaneros: How does that suit you?

THE CHAIN OF FURIOUS HABANEROS

Wild Card Willy: You haven't won yet Savvy! I have one trick left up my sleeve! [Willy holds out a gun]

Lady Solitaire: So have I!

LADY SOLITAIRE

[With a flash of lightning, Lady Solitaire grabbed the chain and dashed through Willy's minions and tied the villain up.]

Lady Ace: Lets finish this!

LADY ACE

Lady Ace punches Willy in the face so hard that it made him woozy.

Ace: Excellent work Lady Solitaire. You too Lady Ace.

Lady Ace: Think nothing of it.

The King of Flaming Hearts: We all pulled through Ace.

One Eye Jack: We couldn't have done it without you all.

The Queen of Water Spades: All in a days work.

Ace: Good job everyone. [Ace, Lady Ace and Jack jump over to the captured villain] Willy, why do you always have to play dirty cards?

**Willy:** "'Cause that's the only way to clean up. So, I guess it's off to jail for me."

[It then shows Willy in a jail cell with a caption reading END in the lower right corner and it was a comic Me, Varie, Lincoln and Clyde made, they were showing it to Liam, Girl Jordan, and Rusty.]

**Lincoln and Clyde:** "The end."

**Liam and Girl Jordan:** "Awesome!"

**Rusty:** "That was sick. Where'd you get the idea for all those butt-kicking super friends?"

**Lincoln:** "From my sisters and my friends and Ronnie Anne. They've always got my back. [perturbed] Except for Lola. You never turn your back on Lola."

Girl Jordan: I really like Lady Solitaire. She's so smart and quick. Which sister inspired her?

Lincoln: Laney. Because out of all my sisters, she, Lily, and Gabrielle are real heroes. Actually, they're all heroes.

**Liam:** "So, if you fellas win the contest, they'll make this here into a real Ace Savvy comic?"

**Clyde:** "And we'll get to meet the creator, Bill Buck!" [holds out a photo of said creator.]

**Heavenly voice:** "Bill Buck~…"

**Girl Jordan:** "Well, I think your comic's totally gonna win."

**Liam:** "Darn tootin'."

**Rusty:** "Word."

[At that moment, Principal Huggins grabs the comic book away from them but I get it back from him.]

**Principal Huggins:** "Knudson, Loud, McBride, school time is meant for learning, not for doodling degenerate fantasies!

Me: School is also for having fun when it is needed.

**Lincoln:** "But Principal Huggins, you can't take our comic!"

**Principal Huggins:** "Oh, and now you're giving me sass? That's detention! Today! Till 5:00!"

Varie: Nobody gives detention to my friends on my watch!

Ronnie Anne: Yeah!

**Clyde:** "But we have to get to the post office by 4:00. That's the contest deadline."

**Principal Huggins:** [sarcastically] "Oh, I didn't realize. I'll just give it back to you. [serious] NOT! Now give me that comic!"

Me: You can take it over my dead body! [to the viewers] I can't die just so you know.

Principal Huggins: That can be arranged. For all of you!

I whistle and Jeri, Woody, Carol, Jessie, Lori, Leni, Luna, Gabrielle, Ember, Luan, Eddy, Lynn, Shannon, Linka, Lucy, Laney & Crysta, Lana & Lola, Penny, Lisa, Lily, Naruto and the girls arrive and stand ready to fight Principal Huggins and I cross my arms and have a sinister smirk on. Also Rita came in and she had a menacing face.

Rita: What did you just say to my children?

Principal Huggins was in fear.

Principal Huggins: I… I… I didn't say anything.

I pull out a tape recorder and play the whole thing.

Ember: That was not cool man!

Rita: I cannot believe this. Everyone will you please leave while I have a "chat" with the principal here?

Me: Certainly Ms. Rita.

We all leave the classroom and the violent sound of punching and kicking, crashing and smashing can be heard.

Ms. Rita came out.

Rita: He will never threaten you all again. I've made sure of it.

Me: As long as you weren't too hard on him Ms. Rita.

Rita left and Principal Huggins came out all battered and broken. He had a nasty black eye and his clothes were all shreded and he had bruises and bumps all over him.

Principal Huggins: (Comedic Stupid Talking) No harm done Lincoln. You all enjoy the rest of your day.

He limped back to his office.

Me: Whoa! I was hoping Ms. Rita would talk to him. Not mangle him into Oblivion.

Lori: Mom's always had some grip on the school ever since THE PHONE STAMPEDE.

Aylene: What's the Phone Stampede?

Lincoln: It was back when Lori was in 3rd Grade. I heard that mom pulverized her teacher after she took her phone away.

Lori: That's exactly what happened Linky.

We all gasped in shock.

Me: Sweet Mother of Onion Burgers!

Lori: Yep. And stories spread around the district like wildfire about mom since then.

Varie: That is what I call extreme overprotection.

Aylene: No kidding.

Lucy: Ever since then, everyone has literally been afraid of mom and if anyone even calls her, those people will be in serious trouble.

Laney: That's our mom for you.

Lola: Yeah. She is a fierce protector.

Lily: No kidding.

Lisa: Precisely. Our mother unit has instilled fear and terror into the school district through us. And if we call her there will be horrific consequences.

Jessie: That is wicked cool.

Jeri: Nonetheless I hope Principal Huggins learns a valuable lesson from all of this.

Liam: And what be that lesson?

Lynn: Never take away someones comics. Especially our brothers.

Naruto: Or you're asking for a death sentence from one of us.

Girl Jordan: I can't argue with that and you all make really good comics.

Me: You know guys, I have a feeling that there's more to Principal Huggins than we know. Let's go see.

Lincoln: Yeah.

We all go to Principal Huggins office and I knock on the door.

Principal Huggins: Come in.

We go in.

[Principal Huggins drops something in his state of surprise.]

**Lincoln:** [pointing at it] "Is that a comic book?"

**Principal Huggins:** "A what? No!"

Me: You're hiding something.

[Lincoln picks it up.]

**Clyde:** "It is a comic book! **The Adventures of Ace Savvy and the Principal Valiant by Wilbur T. Huggins.** "

**Lincoln:** [gasps] "You're entering the Ace Savvy contest?"

**Clyde:** "And your name is Wilbur?"

Laney: Wow, Mr. Huggins. I didn't know you're into comics.

Varie: That's cool.

**Principal Huggins:** [pointing the other way] "Look! Free hot dogs!

Me: Nice try but we're not falling for that.

**Lincoln:** "So, that's why you wanted to confiscate our comic book and put us in detention: to knock us out of the running!"

Varie: That is bad!

**Principal Huggins:** "Okay, okay, I did it. But I had to. When I heard how great your comic was, I knew mine wouldn't stand a chance."

**Clyde:** "But, sir, why is a comic book contest so important to you? You're a successful school administrator. You've got your own golf cart."

**Principal Huggins:** "Yes, it's true. I have it all. But it wasn't always this way."

[Flashback to Huggins' childhood]

**Principal Huggins:** [narrating] "When I was your age, I didn't have a lot of friends. But I had Ace."

**Young Wilbur:** [reading his comic] "Yeah, get 'em, Ace! Way to deal out some justice!"

[The other kids playing baseball hit the ball through his comic book and laugh at him.]

**Batter:** "Look at him!"

[End flashback]

**Principal Huggins:** "Those comics meant the world to me. I wanted to win the contest so I could meet Bill Buck and thank him for getting me through a lonely childhood. But I went too far. I'm sorry, boys. You deserve to win, not me. As Ace Savvy would say, deal me out." [takes his comic and leaves forlornly.]

**Clyde:** "Wow. I guess there's more to Huggins than meets the eye."

Laney: It must be so sad to not have friends when growing up.

Naruto: Yeah it is Laney. Because of my dark past I never had one friend until I was 8.

Sakura: I remember that.

Me: I knew I was right. But sir you have a great talent. [Looks at Principal Huggins Comic] This is really good. You definitely have what it takes to be a great comic book writer like me, Lincoln, Linka and Clyde.

Principal Huggins: You really think so J.D.?

Me: I know so.

**Lincoln:** "Yeah. And his story just gave us an idea."

Linka: It sure did.

**Clyde:** "Yeah. Like when Lori first got together with Bobby. It was a rainy Tuesday. I wore suede shoes. That was a mistake."

**Lincoln:** "I think he gets the idea, Clyde." [to Principal Huggins] "And we're not mad, because you just gave us a much better ending for our comic."

**Principal Huggins:** "I did?"

**Clyde:** "You did." [checks his watch] "We only have 2 hours left though."

**Principal Huggins:** "Plenty of time and I'm sorry everyone."

Me: We forgive you sir. Now lets get to work.

---

[Return to the comic with the new ending.]

**Ace:** "Willy, why do you always have to play dirty cards?" [takes off his handkerchief.]

**Willy:** [downtrodden] "I'm not an evil guy. I was just dealt a bad hand. As a lonely kid, the only game I knew was Solitaire. So, I guess it's off to jail for me."

**Ace:** "I have a better idea."

[Cut to a heist having been pulled by Scoots' Ace Savvy villain persona.]

**Jack:** "The Old Maid's making off with the jackpot!"

**Old Maid:** "You'll never catch me, Savvy!" [laughs]

**Ace:** "Oh, I wouldn't be so sure, 'cause we've got a new card to play."

[Willy appears by Ace, Lady Ace, Lady Solitaire and Jack.]

**Willy:** "Time to deal out some justice!"

WILD CARD WILLY

[The comic stops with Buck Bill reading it in his studio.]

**Bill:** "I love the ending! Especially when we learn Wild Card was a lonely kid. I read a lot of entries with great action sequences, but none with this kind of heart."

**Lincoln:** "It was inspired by our principal here. He really wanted to meet you."

**Principal Huggins:** [speechless] "Sir, it is an honor. I just never-ah, this is the best day of my-" [passes out from the excitement]

Me: It's truly an honor to meet you Bill. Me, Lincoln, Linka and Clyde here are your biggest fans.

Bill: It's a pleasure to have awesome fans that create awesome comics.

[Lincoln and Clyde just shrug it off; enter Lincoln's sisters.]

Laney: What did you think of Lady Solitaire?

**Lola:** "Hey, what did you think of the Queen of Diamonds? Wasn't she your favorite part? Here! Let me show you some of my ideas for an action figure and a bed sheet set."

[The rest of the kids gather around Bill and talk to him about the comic.]

**Bill:** "Whoa! This is kind of a… full house!"

We all exit the studio.

Lincoln: Thanks to all of you guys, my comic is gonna be a bestseller.

Me: No problem buddy.

Lola: And so are all the eventual merchandising!

Laney: It's so awesome just to be part of your adventure Lincoln.

Ronnie Anne: I know Lame-o. It's awesome!

Ember: It's really cool being in a superhero comic. I looked really cool as the Blazing Day Club.

Luna: Me too dude.

Me: Someday we should include Sam and all of our crushes as part of the team and some as people in perilous situations and reveal who we all are to them down the road.

Lincoln: That's a great idea J.D.

Laney: That is awesome.

Varie: I agree. That would be cool.

Everyone agreed.

THE END.

Another Fanfiction completed.

I wanted to do this one for a while but I didn't know how to set it up. I loved the persona's that they did in Deuce's wild and in Pulp Friction. They were awesome! I love comic books and more. Buck Bill is a parody of world famous creator of Marvel Comics Stan Lee. I love Marvel Comics and it's amazing that he still makes comics in his 90's. He is awesome! Let me know what you all think.

See you next time.

# A Spoiled Brats Vendetta

It starts out with Me, Varie, Woody, Jeri and the Loud Kids over at the supermarket shopping for groceries and we run into a face we all don't like.

Lola: (Snarling) PRINCESS MORBUCKS!

Princess: That's right. You all made a complete and total fool out of me! I lost everything because of you Lola Loud!

Lola: Well you deserved it because you give people everywhere a bad name!

Princess: I do not!

Lola: Yes you do!

Princess: I do not!

Lana: Yes you do!

Lisa: Affirmative, you do.

Princess: I do not!

Laney: Yes you do!

Me: So you are Princess Morbucks. Lola told me all about you.

Varie: Who is that J.D.?

Me: That little girl is Princess Morbucks. She and her dad used to live in our house and she went to Royal Woods Elementary a little over a year ago before I moved here to Michigan. She went on several crime sprees and got turned in by Lola. All of her assets were seized and she and her dad were evicted from their home because of it.

Varie: Oh wow! So she's a former rich girl.

Princess: So you're the rich boy that now lives in MY house!

Me: It's not your house anymore. You got what you deserved Princess.

Princess: You know what I wanted more than anything else? To be a Powerpuff Girl!

Me: The Powerpuff Girls? I heard alot about them. They live in Hazeltucky and they made headline news all over the world because of their crime fighting adventures.

Varie: Me too.

Lola: I love the Powerpuff Girls! They go to Royal Woods High School with Lori, Carol, Leni, Luna, Gabrielle, J.D. Varie, and Luan.

Me: Cool! I saw them there and they are very famous and popular.

Princess: It's because of them that I couldn't be a Powerpuff Girl!

Lola: Princess lived in New York City and I heard she did some incredibly terrible things over there.

Lana: One time she bought the city and legalized crime.

Me: (Shocked) WHAT!? That would've destroyed all of civilization!

Varie: That's insane! That's total Anarchy!

Lola: And she hired Mojo Jojo to try and destroy the Powerpuff Girls.

Lana: But they stopped them.

Luan: I also heard that she gave them a bomb on their birthday.

Luna: She even teammed up with Mojo Jojo, Fuzzy Lumpkins and Him and went on a crime spree. But they were stopped Dudes.

Me: That's good.

Lola: They also tricked a friend of ours named Robin into stealing and she tattled on her. And I thought I was a bad enough tattle-tale.

Lynn: And I also heard that she tried to ruin Christmas for everyone around the world by changing the lists. She went to the North Pole and put everyone on the Naughty List and made her the only girl on the Nice list. The truth came out and now she's on the Permanent Naughty Plaque and is considered the worst child in the history of the world.

Me: Whoa! Princess here is worse than a spoiled brat. She's a true heartless Sociopath!

Lana: What's a sociopath?

Me: It's someone that can't feel Empathy, Remorse or Guilt.

Laney: They do all kinds of terrible things and they don't care who suffers for it.

Lisa: Precisely.

Princess: And your point is?

Me: You're a spoiled brat and a truly evil person with no conscience.

Lola: And another point is that you got what you deserved Princess and we're glad that you're now on the streets for the rest of your life!

Me: In a way princess, after me and my family won the Colorado Lottery, we got all your assets and are now in Luxury. But remember this: Money can't always get what you want and there are some things that money will never buy.

Lincoln: Like power.

Linka: Friendship.

Varie: Happiness.

Woody: Or Love.

Me: Remember that.

We leave and Princess was seething and fuming in extreme rage.

She kicked over a shelf and was mad.

The store owner saw this and threw her out.

Woody: Boy that girl is a total menace to society.

Lola: You said it Woody. Her father made her into a spoiled brat monster.

Woody: No kidding.

Lisa: Greed can warp a persons mind beyond all point of psychological repair and those people don't care about anything other than themselves. Like the evil Sasuke's that we despise.

Me: Indubitably.

We all go home and Princess swore to get revenge.

Princess worked hard and rebuilt her battle suit from her first fight against the Powerpuff Girls and she went after Lola.

Lola was playing outside with Lana and she saw Princess in her suit.

Princess: (Enraged) LOLA LOUD!

Lola: Princess? Nice armor.

Princess: I will now have my revenge on you! If I can't be a rich girl, No One Can!

?: I don't think so Princess!

3 streams of Pink, Aqua Blue and Spring Green Light appeared and blew Princess into a tree. Sure enough, it was the Powerpuff Girls and they were all grown up.

Lola: Blossom, Bubbles and Buttercup! It's great to see you all. (Hugs them)

Blossom: (Hugs Lola) Same here Lola.

Bubbles: You still are as pretty and cute as we remember.

Buttercup: And a fierce pageant queen.

Lola: Thanks girls.

Blossom: [to Princess] Princess Morbucks. You haven't changed at all.

Buttercup: It's hard to imagine you look exactly as you were back when we were in kindergarten.

Lola: That really surprises me. How did that happen?

Bubbles: The Professor found out she has an extremely rare condition called Systemic Hypoplasia or Baby Dahl Disease. It's a disease that keeps her from aging.

Lola & Lana were shocked.

Lana: So we had a teenager in kindergarten this whole time!?

Lola: That's really weird!

Blossom: That is weird isn't it?

Princess: It's not fair! How come you're older and I still look like I'm a kid?

Bubbles: Because you're too stupid to know anything about medicine.

Lola: All that money and always being a spoiled brat destroyed your mind to that of an underdeveloped soynut!

Princess: (ENRAGED) I WILL MAKE YOU PAY 1000 TIMES OVER!

Lola spread her wings of fire and Lana spread her wings of Ice.

Princess saw this and gasped.

Princess: Lola, Lana, you now have superpowers?

Lola: That's right. We got fire and ice powers. I got my Fire powers from the Flame of Gabija, the spirit of Fire in Lithuanian Myth.

Lana: And I got my Ice powers because of the Snowflake of Khione, the Goddess of Snow in Greek Myth.

Blossom: That's very interesting. I had no idea that you can get powers because of the blessing of Mythological Deities.

Lola: It's happened to most of our family Blossom.

Lana: Yeah. We got our powers from gods and goddesses of myths from all over the world.

Bubbles: That's amazing. I even heard that a girl with plant powers killed a kid here.

Lola: Yeah. That was our sister Laney. She was given her plant powers by the Diamond of Gaia.

Lana: The kids name was Chandler Henderson and he was a terrorist Laney fought and beat in our school.

Buttercup: Oh man. That's terrible.

Princess: Now I can get revenge on all of you!

Lola: Just try it!

Princess fired a blast of pink energy and everyone flew into the air as it hit the ground and exploded. The explosion got our attention and we came outside and found Lola and Lana fighting alongside the Powerpuff Girls.

Me: Whoa! The Powerpuff Girls!? Awesome!

Lori: This is awesome!

Blossom punched Princess in the face and sent her flying towards Buttercup. Buttercup fired a light green light ray at Princess and it blasted off her left arm armor in a fiery explosion.

Princess: This can't be! You're stronger and faster than ever!

Buttercup: We're not the same as we were back in kindergarten

Princess.

Lana: So how about you take a Chill Pill. [Fires Ice Lightning at Princess]

The Ice Lightning froze her in a block of ice and it cracked and shattered and her armor came off in thousands of pieces.

Bubbles: Now to finish you for good. We've had it with you Princess.

Blossom: You'll get all the money you ever want where you're going.

Buttercup: And that is the Netherworld.

Blossom, Bubbles and Buttercup fired pink, aqua blue and light green light ray at her and they hit her.

Lola: Lets see what burns you up!

Lola fired a stream of fire at Princess.

Lana: Lets see you Chill!

Lana fired a beam of Ice Lightning and the powers mixed and Princess exploded all over the place into burning embers.

Blossom: We did it!

Bubbles: That's the end of the worst spoiled brat in the world.

Buttercup: Yeah. Good riddence.

Lola and Lana were horrified by what they had just done.

Lola: We just made our first kill.

Lana: Yeah we did.

Lola & Lana: We're murderers! (Crying Hard)

Laney came out and comforted them.

Laney: It's all right girls. It's all right.

Blossom: Are you Laney?

Laney: Yes I am Blossom.

Blossom: I heard you killed a terrorist kid named Chandler Henderson.

Laney: Yes I did and that kid was a monster.

Blossom: I believe it. Quite frankly he got what he deserved just like Princess did.

Laney: That's right. Princess is now gone forever and I hope she loves the Netherworld.

Bubbles: Yeah. Good riddence to another villain.

We all come out.

Me: Hey girls.

Buttercup: Hey J.D., Varie.

Varie: We saw the whole fight and it looks like Lola & Lana made their first kill.

Laney: Yeah. They sure did.

Blossom: Princess moved here to Michigan and continued her crime spree and her assets which were worth $75 Billion were seized. She was disowned by her father and was force to live out on the streets. But we also heard that Lola revealed everything she was doing and got her thrown in prison before she was made homeless.

Me: That's harsh but she deserved it.

Varie: Indubitably.

We take Lola & Lana into the living room and console them and they got better and were gonna see a counselor during school. 1 week passed and they were better.

Blossom, Bubble and Buttercup now live in one of the guest rooms.

THE END.

Another Fanfiction Completed.

I loved watching the Powerpuff Girls from 1998 to 2005 and it was an awesome show. But now there's 2016's Powerpuff Girls and I can't decide which is better. I hated Princess Morbucks. She is probably by far the worst Spoiled Brat ever known and I think she deserves to be in prison forever. But far down in Antarctica. But that's my opinion. Also the Powerpuff Girls was made by Craig McCracken 20 years ago when Chris Savino was on the production crew for the show in Cartoon Network. I hated all the villains in the Powerpuff Girls but the worst of them all was by far HIM and he is the ultimate personification of pure evil. I hate him with a terrible vengeance to the 10,000th power. The 2nd worst villain was Mojo Jojo. I hate that tyrannical monkey. Fuzzy Lumpkins is a funny and strange one. But I feel sorry for him because he doesn't like visitors or has any friends and lives in total isolation. What a lonely and poor soul. I also hate the Gangrene Gang - They are the worst bullies that ever walked the planet and they are the scum of the Earth. I hate Sedusa the Medusa-Like Femme Fatale criminal. She gives all women everywhere a bad name. I also hate Femme Fatale - the criminal woman that got the girls into hating boys. I hate people like that. And so on and so on. Technically I hate all the villains of the Powerpuff Girls and the only villain I have sympathy for is Fuzzy Lumpkins.

Let me know what you all think.

See you next time.

The Powerpuff Girls is owned by Craig McCracken and Cartoon Network

# A Woodpecker's Revenge

Lincoln and Woody Woodpecker were in the Simulator.

Me, Varie, Aylene, Linka, Lucy, Laney, Lana & Lola, Penny, Lisa and Lily were in the Control Room.

The Simulator activated and Lincoln and Woody found themselves in the neighborhood Woody used to live in. They saw the treehouse in the tree that Woody used to live in was cut down.

Woody: That dumb Wally cut down my old tree!

Lincoln: He sure did and he and Meanie are gonna get it! Big time!

Woody: You said it Lincoln! Those two are gonna pay for this! For everything they did to me!

Lincoln: Yeah.

They later saw Wally Walrus in his yard working and Lincoln and Woody jumped the fence and ran and Lincoln kicked Wally into the air and Woody jumped up and pecked him on his head and punched him in the nose.

Woody: That was for kicking me out of town!

Lincoln: This is for being a pathetic neighbor!

Lincoln fired a beam of lightning at Wally and electrocuted him with a billion volts of electricity. Wally screamed in pain as he was electrocuted.

Meanie came out of her house and she saw the fight.

Meanie: What's going on up there?!

Wally all burned and black crashed on top of Meanie with a big thud.

CRASH!

Meanie: WALLY GET OFF OF ME!

Wally: (Swedish Accent) I vould Ms. Meanie but I'm a little crispy and can't move. Ouch!

Woody: Just the woman we wanted to see.

Meanie popped out from under him and she saw Woody and Lincoln land.

Meanie: Woodpecker!? I thought we ran you out of town!

Woody: You did and I have new friends now!

Meanie: Ah yes I saw you with this boy and J.D. Knudson.

Lincoln: My name is Lincoln Loud and we're here to make you pay for kicking Woody here out of his home.

Woody: You both ruined my life and now I'm gonna return the favor!

Meanie: We'll see about that!

Lincoln: Meanie, you are the worst woman that ever lived and your brother sucks whale blubber!

Meanie got completely enraged and Lincoln gets into the Tree Stance and Lightning arches all around him.

Meanie charges at Lincoln and Lincoln opens his eyes and they have a raging thunderstorm in his sclera and he channels lightning into his foot and crane kicks Meanie in the face and sends her crashing into her house with devastating force. It was so powerful that it reduced Meanie's house into Sawdust.

Lincoln: How do you like that Shocking Attack!?

Meanie arose from the dust pile and she was completely enraged. Her face is as red as blood, her body is raging hot and all the arteries and veins in her eyes are showing and she was growling ferociously.

CONTROL ROOM.

Me: Whoa! Ms. Meanie is really mad now!

Lola: Now kidding! She is in for it now!

SIMULATOR.

Meanie charged at Lincoln and roared at the top of her lungs completely out of her mind with so much extreme rage that it was unbelievable. Lincoln did all sorts of punches and kicks to her and did all kinds of stunts like in Kung Fu Panda.

Woody: Woah! Look at Lincoln go.

Wally: Ja. I didn't know he vas this good at Martial Arts.

Woody: Me neither. [Pecks Wally's head and kicks him in the face]

Lincoln blocks a punch and kicks Meanie high into the air and she crashes back down with a tremendous thud.

Lincoln: Ooh! That looked painful.

Meanie got up and she was weak and tired.

Meanie: You haven't (Slurred) won yet! You're just a stupid little brat!

Meanie tries to chop Lincoln but he grabbed her index finger with his thumb and Index Finger.

Lincoln: I'm not a stupid little brat. I'm the man with the plan. [Lincoln raises his pinky finger]

Meanie: The Wuxi Finger hold!?

Lincoln: You know this hold.

Meanie: I thought that hold was just a myth! Nobody could've taught you that!

Lincoln: Nope. I figured it out. [puts his pinky finger down] Eat this!

A massive golden shockwave covered over the area and it was awesome.

Woody: Wow! He won!

Wally: He sure did. But where's Ms. Meanie?

Lincoln: The Wuxi Finger banishes the target to the Spirit Realm for all eternity.

Wally: Incredible! I never even knew such a move even existed. Voodpecker I'm so sorry I sent you away. It was all Meanie's idea. She hated you the most.

Woody: I had a feeling it was too Wally. No hard feelings.

Wally: No hard Feelings. But I promise to send you video calls every once in a while.

Woody: Okay.

Wally: I deserve that beating but it was for the best.

Lincoln: That's all right Wally.

Wally: By the way Lincoln, how did you learn how to fight like that?

Lincoln: My sister Lynn and my best friend J.D. taught me.

Wally: J.D. Knudson? He's now worth billions and he's your teacher? That's awesome. Ja?

Lincoln: That is awesome.

Woody: Well we got to head home.

Lincoln: Lets go.

Turns out they actually were fighting in Woody's old town for real.

Woody finally got justice against Meanie and she was now gone forever.

This one totally came out of the blue for me. I wanted to have Lincoln do some of the moves from Kung Fu Panda. I love Jack Black in that movie. It was awesome!

Let me know what you all think.

See you next time.

# It's Time For Adventure!

Me, Lincoln & Linka, Lucy, Pakura, Naruto, Sakura and Fu were in the Simulator.

Varie, Aylene, Lori, Carol, Leni, Luna, Ember, Luan, Eddy, Lynn, Shannon, Laney, Lana & Lola and Lisa were in the control room.

The Simulator activated and we found ourselves in the show Adventure Time.

Linka: Awesome! I love Adventure Time.

Lincoln: Me too.

Me: It's one of my favorite shows too.

Lucy: This show is always very interesting to me. It shows the adventures of the last human in a Post-Apocalyptic World.

Naruto: Whoa! What happened here?

Me: Nuclear Holocaust. It was 1,000 years before the start of the show. A terrifying event called the "Great Mushroom War", another name for the Nuclear Holocaust that destroyed the entire human race happened and changed the inhabitants of Earth into different people. Finn is the only Human left. This is what the planet looks like.

I show a holographic image of the Planet Earth in Adventure Time.

Lincoln: Whoa! The Earth has been changed forever!

Me: Yeah. About 15% of the planets structure has been blasted to space dust.

Lucy: That is really strange.

Pakura: No kidding. I don't think anyone could ever be alive after a cataclysmic event of that magnitude.

Sakura: That's horrible. But this whole world has now fully recovered and it looks like a Post-Apocalyptic Paradise. But without humans.

Naruto: This is too weird. So everything was destroyed by nuclear bombs and now the whole world is totally changed as a result?

Fu: That is very strange. But I can still sense some forms of life here.

Lincoln: Me too.

Me: Hey look over there.

I point to a strange kingdom made entirely out of candy and it was a breathtaking sight.

Naruto: That kingdom is made of candy. Weird.

Sakura: And the landscape around it is made entirely out of candy too.

Me: Enough sugar to give the entire United States diabetes 100 times over.

Lincoln: That's weird.

Linka: No kidding.

Me: Lets go check it out.

We walked over to the Candy Kingdom and we go in and saw lots of people made entirely out of candy and there were guards made of bananas.

Me: Wow! What a kingdom.

Lucy: It's all too pink. My most disgusting color. No offense Sakura.

Sakura: None taken Lucy.

Lincoln: We know Lucy.

We then see the leader of the kingdom Princess Bonabelle

Bubblegum in a trance-like state and she was heading to the Ice Kingdom.

Lincoln: What's wrong with her?

Me: I don't know. But come on.

We follow her and she is with a woman named Patience St. Pim.

Me: I know that woman. That's an Ice Elemental named Patience St. Pim. She's insane and she wants to rule the world.

Fu: We got to stop her.

Me: Yeah. Come on.

We arrive at the Ice King's mountain and she had Flame Princess and Slime Princess with her.

Lucy: Gasp! I know what she's trying to do. She's going to change the world with a ritual that will change it into an elemental dystopian nightmare.

Me: We got to stop her! Come on.

We fly in and I kick Patience in the back and send her crashing into a bookcase.

Ice King: Hey what's going on here?

Me: The world is in danger Ice King. I'm going to cure you. [Chants an incantation] **Hepitonsa Nesstiga Moreus!**

I fire a rainbow ray and it destroyed his crown and cured him and he reverted back to what he was 1000 years ago and he still has his powers and he can use them without losing his sanity.

Simon: I'm back to normal again. Thank you J.D.

Me: You're welcome Simon. Now we have to destroy this evil witch once and for all.

Naruto: Yeah. We won't let you destroy the world Patience!

I go Super Angel and fire an energy beam at her and it hit her in the leg and broke Princess Bubblegum, Flame Princess and Slime Princess out of her control.

Flame Princess: What happened?

Slime Princess: I don't know.

Princess Bubblegum: Patience St. Pim. She was controlling us and we've been set free.

Me: We won't let you get away with everything you've done Patience. [Fires an energy blast]

The blast hit her and exploded and blew her leg off.

Flame Princess: Payback time for using us to destroy the world! [Fires a blast of fire from her hands at Patience]

The fire burns her arms. Fiery explosions were destroying everything in the Ice Kingdom and setting everything on fire at an alarming rate.

Sakura: Take this.

Sakura fires a Ki blast and it hit Patience and blew her out of the mountain and she crashed into the ground.

Me: Let's see how you like this! [Flares up a red aura] KAIO-KEN * 3!

I go at her with blazing speed and deliver a powerful barrage of punches and kicks to her.

Naruto, Sakura, and Fu fired a barrage of Ki blasts at Patience and I got out of the way. Patience was totally pinned down and Lincoln, Linka and Lucy fired lightning blasts at her.

Princess Bubblegum fired a huge blast of jellybeans and Slime Princess fired a blast of slime at Patience. Patience was getting ripped apart and she wasn't even standing a chance against their awesome power.

We stopped and Patience was on the ground and was on her last legs.

Me: Now for the grand finale. It's time for you to pay for your crimes! [cups hands to the side] **KA! ME! HA! ME! HAAAAAA!**

I fired a Kamehameha Wave at Patience.

Naruto formed a Rasengan that was surging with Wind Style Chakra and it had 4 blades on it.

Naruto: **WIND STYLE: RASENSHURIKEN!**

He threw the Rasenshuriken.

Sakura formed a Rasengan on the tip of her index finger and channeled Earth Style Chakra into it.

Sakura: **EARTH STYLE: RASENGUN!**

She fired a powerful Rasengan that went at Patience with the speed of a laser.

Fu formed a Rasengan and it was made of Storm Chakra.

Fu: **STORM STYLE: SUPERCELL RASENGAN!**

Fu threw the powerful Rasengan at Patience.

Lincoln formed a Rasengan and channeled Fire Style Chakra into it.

Lincoln: FIRE STYLE: FIRESTORM RASENGAN!

Lincoln threw the Fiery Rasengan at Patience and the techniques combined.

Me, Naruto, Sakura, Fu and Lincoln: **ELEMENTAL RADIENCE KAMEHAMEHA!**

Patience saw the attack coming.

Patience: This can't be happening to me! This world is mine!

The blast hit her head on and exploded with unbelievable power.

KKRAAAAAAAABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it completely obliterated the entire Ice Kingdom. All that was left of it was a huge smoldering crater.

Out on the ocean, Finn and Jake saw the massive explosion from a few miles away and Jake grew to a huge size and he had Finn on his head and they walked onto the continent. They saw the destruction of the Ice Kingdom and it was completed destroyed.

Jake: My grod! What do you think caused all this?

Finn: Glob! I don't know Jake.

Me: That would be us.

Finn and Jake saw us and were amazed.

Jake: You guys did all this!? Holy Grod!

Finn: What power!

Me: You must be Finn, the Last human of Ooo.

Finn: That's right.

Me: [to Jake] And you must be Jake the Dog.

Jake: That's right bud!

Me: It's a pleasure. I'm J.D. Knudson.

Lincoln: I'm Lincoln Loud.

Linka: I'm Linka Loud. Lincoln's dimensional twin sister.

Lucy: I'm Lucy Loud. Lincoln and Linka's Little Sister.

Naruto: I'm Naruto Uzumaki Namikaze. J.D.'s adopted little brother.

Sakura: I'm Sakura Haruno.

Pakura: My name is Pakura.

Fu: I'm Fu. I don't have a last name.

Finn: It's a pleasure to meet you all. Princess Bubblegum, F.P. and S.P are you all okay?

Princess Bubblegum: Yes Finn we are all okay.

Flame Princess: Patience St. Pim tried to destroy our world. She was controlling us and she was gonna make us do a ritual that will change the world.

Slime Princess: She was gonna change it into a totally corrupted world and make everyone into people they're not.

Finn: That is horrible!

Simon: Yes. It was.

Finn: Simon, you're back to normal again.

Simon: Yes. Thanks to J.D. here. He destroyed the Ice King's crown and restored me. I can now use the Ice King's powers without losing my sanity.

Finn: That's awesome! So the Ice King is gone for good?

Simon: Yes. No more Ice King.

Lucy: Thank goodness.

?: Guys!

Flying over to us was Marceline the Vampire Queen.

Finn: Marceline!

Marceline: Finn, Jake, you're back! I'm glad you're okay.

Finn: Me too.

Marceline: I saw a massive explosion destroy the entire Ice Kingdom.

Me: No one is hurt Marceline. We were fighting Patience St. Pim, A crazy Ice Elemental that wanted to change all of Ooo in her own image.

Lucy: Exactly. She was going to change all of Ooo into this.

Lucy drew a picture of Ooo from an alternate time and showed us an image of what would've happened to the Land of Ooo had we not stopped Patience St. Pim.

We see the image and it was weird.

All: Whoa.

Me: So that's what would've happened. I'm guessing each zone represents a different element.

Lucy: That's right. Candy, Slime, Fire and Ice. Also the zones represent the four primary personality traits.

Me: The 4 Personality Traits in Proto-Psychology? Mega freaky.

CONTROL ROOM

Laney: I've read about this. It's the four primary personality traits that are said to make each of us what we are. They are Choleric, Phlegmatic, Melacholic and Sanguine. They also represent the four elemental forces of Nature: Earth, Air, Fire and Water.

Luna: That's amazing Lanes. I had no idea such a thing even existed.

Ember: No kidding.

Lola: What does each personality represent?

Laney: Choleric entails rage, irritability, aggressiveness, irascibility, and dominance and it embodies the Element of Fire. Phlegmatic entails being relaxed, peaceful and quiet and it embodies the

Element of Water. Melacholic entails Sadness, depression, pessimism, and negativity and embodies the Element of Earth. Lastly Sanguine entails Happiness, Joy, Enthusiasm, and Positivity and embodies the Element of Air.

Lana: That is very strange. I didn't know all about this.

Luan: Yeah. That is weird. How truly Psychological! [Rimshot] [Laughs] Get it?

Varie, Carol, Aylene, Eddy, Ember and Shannon laughed and the others sighed.

Varie: [Laughs] Good one Luan.

Eddy: [Laughs] That was funny.

Carol: That was funny.

SIMULATOR

Lucy explained what would've happened and it was not pretty.

Me: Jeez Lucy. That's horrible.

Lincoln: No kidding.

Linka: It's times like these that I'm glad we stopped Patience St. Pim.

Naruto: Me too.

Finn: Yeah.

Princess Bubblegum: I agree. Thank you for saving all of us from having to endure a fate worse than death.

Me: You're welcome Princess Bubblegum.

Later we walked all over the Land of Ooo and found some unusual stuff. We went to the Fire Kingdom, Wildberry Kingdom, Breakfast Kingdom, Marceline's House, and more.

We found all sorts of traces of Mankind from all over and beamed them all over to the house. We found numerous old arcade games and more in an old building. We beamed those over to the house as well. Naruto and Flame Princess developed feelings for eachother and Flame Princess was made part of his family. We also found Simon's fiance Betty Grof and she was so happy to see him back to normal. Finn and Jake went home and we went home too. Lisa got all the Arcade games working again and installed them in our rec room and in Lincoln and Linka's room. Flame Princess now lives in the Leaf with Naruto.

THE END.

Another Fanfiction Complete.

Adventure Time was a strange and very interesting show but I like it. I found it very shocking that a Nuclear Holocaust destroyed all the Humans and Finn is the only Human left. It must be really scary being the only Human left on the planet after a massive Cataclymic event like that. My favorite episodes are well alot of them. But I loved the one where Finn fights the Lich, Ooo's Ultimate Evil. Ron Perlman voiced him an he did a tremendously great job voicing bad guys over the years like Slade Wilson in Teen Titans 2003 to 2006 and the Lich in Adventure Time. Let me know what you all think.

See you all next time.

# Monsters and Humans Unite

Lucy was in the Simulator.

Lincoln & Linka, Laney, Lana & Lola, Penny, and Lisa were in the Control Room.

The Simulator activated and Lucy found herself at a dump in New York City at night.

Lucy: Gasp! I'm at the dump in AAAHH! Real Monsters. One of my favorite shows. I sense that the Monsters are in trouble.

Lucy went into a washing machine that was actually the entrance into the Monster Academy. She went down in an escalator cage and got off in a hallway. There she ran into three monsters: Ickis, Krumm and Oblina.

They screamed at the sight of her.

Ickis: A HUMAN!? WHAT ARE YOU DOING IN HERE!?

Lucy: I'm here to help you all out.

Oblina: Wait a minute. I've seen you before. You're Lucy Loud. The Goddess of Horror. You're a living legend among the monster world.

Krumm: But she's a human!

Ickis: Yeah! How can a human be that scary!?

Oblina: I've seen her in action. She is awesome! She literally scared an entire assembly at a talent show a little over a year ago.

Lucy: That's right. I came here because I sensed that the monster world is in danger.

Oblina: Yeah. We haven't seen hide nor hair of our archnemesis Simon in over a year.

Lucy: Gasp! Simon the Monster Hunter!? I've heard alot about him. He wants to show the whole world that monsters exist. He even wants to use them in all kinds of disgusting things.

Krumm: Yeah. He's a menace to all of us.

Lucy: I have a feeling that he's up to something and we have to stop him.

Ickis: Yeah I know.

In the classroom the Gromble was talking to Lucy and the students.

Gromble: Simon the Monster Hunter, the number 1 threat to the monster world. We haven't heard from our nemesis in over a year.

Lucy: Yes. He's up to something. I can feel it.

Gromble: I can feel it too Lucy. We must send someone to see what he's up to.

Lucy: I have a better idea. [Chants an incantation] Dorcora Necconna Hetexra!

Black fire appeared and converged and made a circle viewing window that showed them Simon's house.

Simon: The time has come to unleash the ultimate monster hunting machine! THE SIMONMOBILE! (Laughing Maniacally)

A huge robot was unveiled as his garage opened up.

The monsters were horrified.

Ickis: WE'RE ALL GONNA DIE!

Lucy: No one is gonna die on my watch!

Simon got in the robot and went to the dump.

Lucy: He's coming.

Simon got closer and Lucy stood right in front of him.

Simon: What are you doing little girl? Get out of the way!

Lucy: Not a chance!

Lucy then spread her black angel wings and revealed her red demon eyes.

Lucy: I won't let you hurt my monster friends!

Simon: You don't have any idea who you are facing here girl. I am the great Simon the Monster Hunter!

Lucy fired a blast of black lightning at the robot and turned the whole thing into a huge flock of geese and Simon fell onto the dump.

Simon: (Shocked) How did you? What the? (Enraged) You ruined everything!

Lucy: Be consumed by what you fear.

Lucy fired another bolt of lightning at Simon and he was screaming like a little girl and he ran into the city like a frightened chicken. 1 hour later he was picked up by a Paddy Wagon and locked up in an insane asylum.

The monsters came out and cheered for Lucy.

Gromble: Lucy we are forever grateful to you for saving the monster world.

Lucy: I'm glad I could help Gromble.

Ickis: What did you scare him with Lucy?

Lucy: He was scared of teddy bears and everything cute. Blech.

Krumm: That is very weird.

Oblina: But we're amazed that you put Simon in his place Lucy.

Lucy: Thanks. But he was a threat to all monsters everywhere. He had to be stopped before it was too late.

Gromble: I agree with you Lucy. Now lets get back to bed we have more class coming up. [Class groans] BACK TO BED!

Lucy: Sigh. Time for me to head home too.

A vortex appeared and Lucy went in.

The exercise took Lucy to the dump in New York City for real. It ended.

# Along Came A Sister

[The story begins in Mrs. Johnson's class, and there's a spider in a tank that the students are eyeing.]

**Lincoln:** "Hey, Frank."

**Classmate:** "Frank! Over here, buddy!"

**Clyde:** "He's so cool!"

Keito: He is such a cutie.

Me: I agree Keito. Frankie is a cute little spider.

**Mrs. Johnson:** "Now, before we pack up, I need a volunteer to look after Frank this weekend while I'm out of town."

[The kids all volunteer to look after him, especially Lincoln.]

**Lincoln:** "Come on, please, Mrs. Johnson! Me! Me!"

**Mrs. Johnson:** "Lincoln."

**Lincoln:** "Yes!"

**Clyde:** "Way to go, Lincoln!"

Me: All right Buddy.

[All the other kids moan in disappointment.]

**Mrs. Johnson:** "Now, Lincoln, this is a major responsibility. Frank needs to be fed twice and under no circumstances should he be let out of his cage. Unlike me this weekend." [chuckles]

[The kids all awkwardly glance at each other over what their teacher meant on that last part and the bell rings.]

**Lincoln:** "Well, see ya Monday, Mrs. Johnson." [grabs Frank's cage and heads home.] Check it out Laney! I get to watch Frank this weekend. Cool huh? [Laney was uncomfortable as she looks at Frank]

Laney: Yeah that's great Lincoln… Now do you mind if you put that tank away from me?

Lincoln: What's wrong? Don't like spiders?

Laney: No it's not that I don't like them. It's just that they creep me out. No offense Keito.

Keito: None taken Laney.

---

Later, Me, Varie, Aylene, Keito, Lincoln, Laney and Clyde were walking home.

**Lincoln:** "This is gonna be the best weekend ever!"

Me: I know.

Varie: I'm more concerned about Frank being around everyone.

**Clyde:** "Yeah. I'm not sure your sister Leni will think so. Remember Halloween 2 years ago?"

[Flashback to Halloween from 2 years ago; the doorbell rings.]

**Leni:** [dressed as a flamingo] "I got it!" [answers the door to see Clyde in a spider costume.]

**Clyde:** "Trick or tre-"

**Leni:** "AAAHH! SPIDER!" [sprays bug spray everywhere and runs out the door while trampling Clyde.]

**Clyde:** "I'm all right…"

[End flashback]

**Clyde:** "She hid in her room for three weeks."

Me: I saw that. It was back during the Bossy Lori Fiasco. She has an extreme case of Arachnophobia - the Fear of Spiders.

Keito: Yeah. I remember when we were fighting at Yokai Academy that you said that Leni is terrified of Spiders.

Me: That's right Keito.

[Lincoln stops and turns to the viewers.]

**Lincoln:** "If I had to worry about my sisters every time I wanted to do something, I'd never do anything." [to Clyde] "Besides, I have a plan. Stealth mode." [waves his hand in front of his face and changes his expression and sneaks into the house.]

**Clyde:** "Now I'm worried."

Laney: Me too.

Varie: Same here.

Aylene: Lets follow him just in case.

[Lincoln opens the door to see if Leni is around.]

**Leni:** "SPIDER!" [being chased by Luan holding a rubber spider over her face.] "GET IT AWAY! GET IT AWAY!"

**Luan:** "Aw, come on. It's fake."

Eddy: (Laughs Hysterically) Luan, you always know how to make me laugh!

[Lincoln conceals Frank's tank with a trench coat and hears Walt chirping and covers up his cage with a hoodie; Me, Varie, Aylene, Keito, and Lincoln make it to his and Linka's room and uncovers Frank's tank.]

**Lincoln:** "There you go, buddy."

Linka is in bed sick with the Stomach Flu.

Linka: Hey Lincoln. (Groans) Uh oh! [Grabs a trash can by her bed and vomits in it]

Me: Boy that's a nasty stomach bug.

Linka: No kidding.

[Someone's knocking at the door and reveals to be Lana with Lola's doll.]

**Lana:** "Can I borrow the big kid scissors?" [sees Frank and gasps] "Hey, what's that? Oh-ho! He's so creepy! Can I play with him? Can I?"

**Lincoln:** "No, no. Frank stays in the cage."

**Lana:** "Aw…"

[Enter an angry Lola]

**Lola:** "Lana, give me back my dolly!" [sees Frank, gasps and squeals] "He's so adorable!"

**Twins:** "Has Leni seen this?"

**Lincoln:** "No. And we want to keep it that way, don't we? So, shh."

Me: We're trying not to let that happen.

[Enter Lisa]

**Lisa:** "Excuse me, some of us are trying to solve for Y." [sees Frank] "Ooh! Is that an aphonopelma chalcodes?"

**Lincoln:** "Uh… it's a tarantula. My class calls him Frank."

Me: He's Lincoln's classes pet spider and Mrs. Johnson has given Lincoln the task of having him watch over him for the weekend.

**Lisa:** [gets a closer look, along with the twins in awe.] "Fascinating specimen. Has Leni seen this?"

**Lincoln:** "No! That's why I'm trying to keep him a…"

[In no time, all of the other sisters who are not Leni, Jeri, Naruto, Sakura, Ino, Fu, Hinata, Pakura, Jessie, Woody, and Eddy are gathering around Frank's tank and ogling him.]

**Lincoln:** "… secret."

[The girls keep looking at him.]

**Luna:** "Has Leni seen it?"

**Lincoln:** "Guys, for the last time! Leni's not gonna see-"

[Leni opens the door.]

**Leni:** "See what?"

**All:** [covering up Frank's tank] "NOTHING!"

[Leni gasps and her siblings gasp back.]

**Leni:** "Oh, my gosh! Are you planning a surprise party for me?! Wait! Don't tell me. I wanna be surprised." [leaves]

[The others sigh with relief.]

Varie: Whew! That was a close one.

**Lori:** [leaving with the others] "That was close. You'd better know what you're doing, Lincoln." [leaves Lincoln to it]

Lily: Me too big brother.

Me: Me, Varie, Aylene and Keito are going downstairs Lincoln.

Lincoln: Okay guys.

We leave his room.

[Lincoln looks in the tank to see that Frank is looking a little upset.]

**Lincoln:** "Hey, you look a little sluggish, buddy. Bet you'd really like to get out and stretch your legs. I guess a few minutes wouldn't hurt." [carefully places Frank out of his tank and onto his drawer.]

"Now, where did I put those crickets?" [gets them out of his backpack.] "Maybe this'll cheer you up." [notices he's gone] "Frank? Where'd you go? Frank, come out! This isn't funny!" [beat] "Crud…" [gets out a magnifying glass and looks for Frank.] "Where are you, Frank? Where are you? Where are you? Where are you?" [bumps into the twins]

**Twins:** "Where's who?"

**Lincoln:** [faking relief] "There you are! The two cutest twins in town! Found 'em! See ya!" [takes off]

**Lola:** "He was talking about me."

**Lana:** "I sure hope so."

[The twins go back to skipping rope; Lincoln checks Lisa's research table and knocks over a few of her beakers.]

**Lisa:** "What in Schrödinger's Cat?!"

**Lincoln:** "Sorry, Lis! I'll clean it up later."

[An explosion occurs which blows Cliff away and Lynn comes running out of her room playing Basketball, which worries Lincoln.]

**Lincoln:** "Lynn! Freeze!"

**Lynn:** [freezes] "We're playing Freeze Tag? Cool!"

[Lincoln checks Luna and Luan's room and gets bonked by Luna's drumstick during her jam session.]

**Lincoln:** "Ow!"

**Luna:** "Dude!"

**Lincoln:** "Really dig what you're laying down there, sis!" [checks their closet and sees a spider and thinks it's Frank.] "Gotcha!"

**Luan:** [she takes off her Groucho Marx glasses while she was reading a Comedy for Dummies book.] "What are you doing with my fake spider?"

**Lincoln:** "Fake? Oh, nothing." [hands it back] "Here. And here's your fake dog poop."

**Luan:** "I don't have any fake dog poop." [Lincoln reviles in disgust.] "Just kidding!"

[They both laugh and Lincoln resumes his search.]

**Lincoln:** "Where are you. Where are you? Where are you?" [checks under the bathroom door.]

**Lori:** [bursts open the door] "What are you doing, you weirdo?!"

**Lincoln:** "I'm… uh… looking for my contact lens! Oh! There it is!" [picks up a lint ball and pits it in his eye, making it squint.] "That's better." [runs off to his room past Lynn who's still standing still.]

**Lynn:** [through clenched teeth] "Can I unfreeze now?"

---

Me: [Senses something] Uh oh! I sense a disturbance in the Force!

Varie: Me too.

**Lincoln:** [frantic] "Crud, crud, crud!"

[The others open the door.]

**Lori:** "Alright, Lincoln! You don't wear contacts! What is going on?"

**Luna:** "You've been acting even weirder than usual, bro."

**Lola:** "Yeah. There's no way you think Lana is cute."

[Lana picks her nose in agreement and they demand answers.]

**Lincoln:** "Okay, I'll tell you! Well, Frank was looking sluggish, so I took him out of his cage to get a little exercise, and then I turned to get the crickets, and he was gone."

Me: (Gasp) Lincoln!

[The girls ramble about Lincoln's idiocy and worry about Leni finding out about Frank; Leni appears.]

**Leni:** "What are we whispering about? Oh right! My surprise party! Don't worry. I won't tell me!"

[The second she turns around, Frank is shown to be on her back and the others scream in horror and follow them to the kitchen.]

**Leni:** "See? I know nothing. Just making a smoothie." [opens the fridge to get her ingredients.]

[When her back is turned, it's revealed that Frank is gone again; they mutter about the issue at hand and fear what could happen next.]

**Leni:** "Oh, I need milk." [opens the fridge where Frank happens to be on the milk bottle.]

Me: Leni!

**Lisa:** "Wait!" [slams fridge shut] "You're lactose intolerant!"

**Leni:** "No, I'm not. I'm tolerant of everyone, whether they lack toes or not." [opens the fridge again]

**Siblings:** "NOOOO!" [notice Frank's not in that spot anymore.] "Huh?" [sigh with relief]

[Frank is scurrying across the floor and Luna traps him under a pot; Leni turns around to see what's going on and Luna and Lily pretend to have a jam session by banging pots and pans and utensils together; Leni digs the beat; as she's too distracted by the tune, they look under the pot to see Frank escaped again.]

**Leni:** "So, who wants to try my new recipe? It's curds and…" [takes a sip while Lincoln notices Frank on the ceiling light.] "… way, way too much spinach!" [her siblings gasp] "Ugh! I know! What was I thinking?"

[Frank plops right onto her glass.]

**Leni:** [thinking it's fake] "Ha! Nice try, Luan, but I'm not falling for another one of your fake spiders. Though, this one looks pretty real."

Me: Uh. (Panicking) THAT'S BECAUSE IT IS REAL!

[Frank blinks, leading Leni to realize… ]

**Leni:** "AAAHH! SPIDER!" [busts out the bug spray.]

**Varie:** Oh no you don't!

[Varie fires a blast of water and forms of protective bubble around Frank as Leni unleashes a massive spray cloud to ensure she got Frank.]

**Leni:** [running off in fury] "WORST SURPRISE PARTY EVER!"

The gas cleared and the water bubble is there and Frank is okay.

Varie: That was a close one.

Keito: Nice save Varie.

Me: Yeah. Lincoln go get Frank's cage. We'll make sure Leni doesn't come back.

Lincoln: Okay. [Lincoln leaves and goes into his room and comes back with Frank's cage]

---

Lincoln has Frank's cage with Frank in it.

**Lori:** "Yeah! This is all Leni's fault!"

Gabrielle: (British Accent) I agree. Leni can't get over her fear of Spiders.

[The others agree except Lincoln.]

**Lincoln:** "Guys, this isn't Leni's fault. It's mine."

[Meanwhile, in the kitchen, Leni is washing her hands to wash away any and all tracings of Frank.]

Laney: [Places her hand on his shoulder] I know you wanted to take care of him but I can tell it was a huge responsibility. I wish I could've helped you despite my dislike of Spiders.

**Leni:** "Ew! Ew! Ew!" [overhears Lincoln]

**Lincoln:** "No Laney it's all my fault. I knew Leni was afraid of spiders, but I brought Frank home, anyway. It was a bad idea. I guess I deserve to have my whole class hate me."

Keito: If they will hate you they're gonna have to hate me too. I may be a Jorōgumo but I have feelings and compassion.

Lincoln: Thanks Keito.

[Cliff prematurely coughs up a hairball.]

**Lola:** "Ew! Gross, Cliff! Show some respect!"

Me: He's a cat Lola. It's what they do.

**?:** "AAAHH! SPIDER!"

**Lincoln:** "Is there another spider in there?"

**Clyde:** "I don't think so and that wasn't Leni. I know that scream."

Me: Yeah. That was Mr. Lynn.

[Another flashback to last Halloween; Clyde had come to after Leni had mistaken him for a spider and attacked him.]

**Clyde:** [coughs a little] "Oh, hi, Mr. Loud. Trick or tre-"

**Lynn Sr.:** "AAAHH! SPIDER!" [tramples Clyde and runs after Leni.]

**Clyde:** "I'm all right."

[End flashback]

**Luna:** [grinning] "Dad's afraid of spiders?"

Varie: Now I know who Leni got it from.

[A pest control van pulls up out front.]

**Lori:** [concerned] "And it looks like he's got the exterminator on speed dial!"

**Keito:** Uh-oh!

[The kids watch as the exterminator gets out of his van and notices two caterpillars.]

**Exterminator:** "Oh, hello, cute little caterpillar family." [shots them with bug killer and laughs wickedly.]

**Lincoln:** "It's okay, sir. There's been a misunderstanding. You don't need to kill the spider."

**Exterminator:** "Huh. What are you, a spider hugger? Nobody stops me from getting my spider…"

[heads into the house to find and kill Frank.]

**Lincoln:** "I gotta go stop him!"

**Lynn:** [still in her freeze tag pose and through clenched teeth.] "We can help!"

**Clyde:** "I can help, too!"

[They all request Lincoln to let them help him.]

**Lincoln:** "Okay. Let's go!."

[The others head in to do their job, but Lynn is hopping about; Lincoln runs up to her and tags her.]

**Lincoln:** "Unfreeze."

[Lynn now hustles]

---

Exterminator: [sees a sign] " **Spider This way"**

The arrow is pointing to the Simulator. The Exterminator was in the Simulator and Keito, Lola, Laney, Lana, Luan and Varie were there.

Me and Lisa were in the Control Room.

Me: This is gonna be good.

The Simulator activated and they were in a huge dense forest.

Exterminator: Hey where am I?

Laney: You're about to get your butt kicked. If you want to get to the spider, you've got to go through us. Let's see what you fear the most. [Makes Mice noises and a huge swarm of mice crawled toward him]

Exterminator: AAAAAAAHHH! MICE! [Climbs up a tree in total fear]

Luan: How about this Batty Development?! [Forms a colony of Bats made of Pure Light and they flew around the exterminator]

Exterminator: BATS! AAAAAHHH! [Falls off the tree with a big crash]

Lola: How about this? **FIRE STYLE: RED SPIDER!**

Lola formed a giant spider of pure fire and it charged toward the Exterminator and he jumped out of the way.

Exterminator: That was not funny you UGLY Brat!

We all gasp. He just made a huge mistake!

Luan: Uh-Oh! He's in for it now!

Lola was enraged and her face turned blazing red and her aura of fire exploded out and ignited all the trees in the area and everything was on fire.

Lola: (SCREAMING IN EXTREME RAGE AND FURY) NO ONE!

CALLS! ME! UUUGGGGLLLYYYY!

Lola went after the exterminator and savagely pulverized him into oblivion with incredible fury and rage and more. When she stopped twenty minutes later Lola snapped out of it and realized what had happened and broke down crying and Laney comforted her.

The exterminator was rushed to the Hospital and he now had what's called LOLA SHOCK SYNDROME!

The exercise ended. It was all a ruse.

Lincoln: That takes care of that.

**Leni:** "I heard what you said outside. And besides, maybe spiders aren't so bad after all.

**Lisa:** "I always thought Frank was a strange name for a female spider."

**Lincoln:** "Frank's a girl?"

**Lisa:** "Mm-hmm. I can tell from the markings. Plus, female spiders always get sluggish before they give birth."

Me: That's quite a revelation. I didn't know about the markings either.

**Clyde:** "Frank's gonna be a mommy?"

Keito: All right.

**Sisters:** "Aw…"

---

[Monday; Frank has now been renamed Frances and all the sisters who are not Leni bid farewell to her.]

**Lincoln:** "I'll miss you, Frank, but I'm glad things are gonna be back to normal around here."

[In her room, Leni is brushing her hair.]

**Leni:** "20… 21… 22… 23…"

[However, it seems Frances laid her egg sac in the vents; the babies hatch and scurry into Leni's room.]

**Leni:** "AAAAAAAHHHHH! SPIDERS!"

[Me, Varie, Lincoln, Laney, Jeri and Keito have looks on our faces that just reads "Uh-oh"]

THE END

Another Fanfiction Complete.

I wanted to do this one for a while. I made up the fight with the Exterminator and made it a more exciting fight. Let me know what you all think. I was having a small case of writers block. But I'm back baby!

See you all next time.

# Facing Demons

It starts late at night in Lincoln and Linka's rooms. It was 2:00 AM and Linka was asleep and having a beautiful dream. But Lincoln was sweating and thrashing around in his bed.

Lincoln: No don't take…

Lincoln was having a horrific nightmare. Lincoln was running with a couple of teenage girls and they were running from the psycho farmer in THE HARVESTER!

The farmer had them pinned against the wall and he swung his scythe at them.

Lincoln woke up and let out a terrifying and bloodcurdling scream of sheer horror.

Lincoln: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHHHHH

The scream woke everyone up.

Me and Varie heard it.

Me: Oh No!

Me and Varie slide down to Lincoln and Linka's room.

Linka: Lincoln! Are you alright?

Lincoln was in a total state of horror and fear. He was totally scared out of his mind.

Me and Varie arrive in his room and sat by him.

Me: Lincoln are you alright?

Lincoln: The Har… Har… Har…

Me: You had a Nightmare about The Harvester?

Lincoln: Yeah. It was horrible.

Lincoln hugged Varie and cried hard.

Lincoln's sisters and his mom and dad came in.

Lori: Lincoln, we heard you scream! Are you alright?

Varie: He had a horrific nightmare about "The Harvester".

Lynn Sr.: That's horrible.

Linka: It must've been really scary in order to cause him to scream like that.

Gabrielle: (British Accent) What's The Harvester?

Me: It's a really scary slasher horror film about a farmer that went mad and became a Homicidal Maniac. He slashes apart his victims and kills them and takes their organs.

Laney: We were at the movie theater and Lincoln was scared out of his mind because of it when he came out.

Rita: I remember that. Lincoln should not have gone to that movie.

Me: Yeah. Lincoln how many nightmares have you had about "The Harvester"?

Lincoln: (Terrified) Te… Te… Ten. Over the last 6 days.

Varie: Were they all the same nightmare?

Lincoln: Yes. And getting worse every time.

Laney: Lincoln's having Recurring Nightmare problems.

Lisa: Lincoln is highly likely to develop Somniphobia if this keeps coming on.

Lori: Somniphobia?

Me: It's the fear of going to sleep. It can damage your mind psychologically.

Laney: Yeah. It can cause mood swings, irritability, panic attacks and it can sometimes even kill you because of extreme lack of sleep.

Lucy: We can't let Lincoln keep suffering like this.

Lily: We have to help him.

Me: Yeah. We have to stop this. Me, Varie, Gabrielle, Max, Nudge, Luan, Linka, Lucy, Laney, Lana, Lola, Penny, Lisa and Lily are gonna go into Lincoln's nightmare and help him face his nightmare.

Lisa: And I have the solution on how we can do it Siblings and friends. Follow me.

Lisa led us to the Simulator and we had Lincoln in a bed and he had some wires on his head.

Lisa: I've hooked up Lincoln to my prototype Dream Environment Machine. It's hooked up to the Simulator and it will allow us to fight in Lincoln's dream and eliminate the very source of his nightmares.

Me: That's perfect.

Lincoln: Is this going to help me guys?

Lisa: Don't worry Elder Brother. It will work no problem.

Me: Get some sleep buddy.

Lincoln: Okay.

---

The Simulator activated as Lincoln fell asleep and Me, Varie, Gabrielle, Max, Nudge, Luan, Linka, Lucy, Laney, Lana & Lola, Penny, Lisa and Lily found ourselves in the farm of The Harvester.

Me: We're in.

Varie: Whoa. This place looks totally dry and desolate.

Lisa: It seems to have been ravaged by an extreme drought.

We hear a scream coming from the farmhouse.

Laney: They're in the farmhouse.

Me: Lets go! We don't have a moment to lose!

We run into the farmhouse and we all see the farmer chasing after Lincoln and 2 teenage girls. He has them cornered and I swooped in a kicked the Farmer in the back.

Me: Is this a private party or can anybody join?

Lincoln: J.D., Varie, guys? How did you all get here?

Me: This is all a dream Lincoln. In here you can do anything you want.

Lincoln: Really?

Varie: Yeah. You got to fight The Harvester and you can't let him plague you anymore!

Lincoln then was surging with courage and valor.

Lincoln: You're right! I'm Lincoln Loud! Shinobi, proud brother and hero of Royal Woods!

Me: That's the spirit buddy. Lets get him!

Lincoln: If this is a dream then I can do this.

Lincoln goes Super Angel 2 and he had an orange aura and his hair was orange and waving around and his eyes were teal blue and his wings were neon orange.

The Farmer got up and he was enraged and his eyes were glowing red with pure evil.

I punched him in the face and sent him crashing through the wall and he landed outside. I picked up his scythe that he dropped and broke it on my leg.

Me: Never again you psychotic homicidal butcher!

We went outside and faced the farmer.

Laney saw the Farmers cooler and fired an energy ball at it and vaporized it in a fiery explosion.

Farmer: (Enraged) YOU ALL RUINED EVERYTHING! THAT WAS MY NEW CROP AND I WAS GONNA MAKE MILLIONS!

Me: You're nothing more than a homicidal maniac that has absolutely no regard for the value human life at all. It's time for you to die!

Lincoln flew out and he was ready to fight.

Lincoln: You've plagued my life for far too long you monster!

Laney: It's payback time for all the suffering, pain and death you've caused to innocent people.

Laney went Super Angel 2.

Varie: We won't let you get away with hurting our best friend.

Lucy: And our brother.

Luan: You're heading to the Harvester! (Laughing) Get it? But seriously you're gonna pay for hurting my little bro!

Me: Love the jokes Luan, but now's not the time.

Varie: Lets go.

Varie went Super Angel 2 and we went at the Farmer and I punched him in the face and knocked out some of his teeth.

Penny kicked him in the back and leg sweeped him and kicked him into the air.

Lily: Nice one Penny.

Penny: Thanks Lily.

Lily flew up to him and dealt a spinning axe kick to his stomach.

Max and Nudge spread their wings and pulverized him with a barrage of punches and kicks

The Farmer landed on the ground and Lola threw lots of fireballs at him and fired a stream of fire at him as well and set the whole farm and area on fire. The farmer ran into his barn and the fire hit his grain silo and set it on fire and it exploded. Destroying the barn and flaming debris rained down and the Farmer was on the ground and he found a machete. Luan fired a beam of red light from above and it burned through his left shoulder and she even created hummingbirds made of pure light and they went at the Farmer. The Farmer ran and the light hummingbirds exploded and blew him into a shed. Varie fired a blast of water and blew him into his tractor. Lana fired numerous icicles at him and they embedded in the tractor. One of them cut a wire on it and another hit the fuel tank and the tractor exploded as the Farmer ran and it blew him away and he landed on the ground. Lucy formed a scythe made of black lightning and cut the ground and she called upon the ghosts of all the farmers victims and they went after him and went into his body. They lifted him up and slammed him into the ground with incredible force. The ghosts exited his body and the farmer got up. Lincoln fired a blast of lightning at the farmer and he ran and a chain of explosions followed him. Laney formed a sword made of bramble vines and she and the Farmer engaged in a savage and brutal swordfight. Sparks were flying everywhere and one landed on a propane tank by the farmhouse and it exploded into a raging fireball. The farmhouse exploded with it and it was completely destroyed. The teenagers Carrie and Morgan looked on in awe as we were making sure that the farmer pays for his crimes.

Carrie: Wow. These guys are amazing!

Morgan: Yeah. But lets help them out. If this is all a dream then we can do anything we want too.

Laney slashed the farmers hand off and acid from her sword burned him bad as he screamed in excruciating pain.

Laney: That was for all the people you killed.

Lincoln: This is for me for terrorizing me as I watched you on the big screen!

Lincoln headbutted him and he kicked him in the crotch and kneed him in the face. Gabrielle, Lincoln & Linka fired a blast of lightning at the Farmer and electrocuted him.

Me: It's over farmer. You're finished!

Carrie and Morgan came and punched and kicked the farmer and did all kinds of martial arts moves at him.

Carrie: This is for my boyfriend!

Carrie punched the Farmer in the stomach and kicked him in the mouth and blasted him with black fire.

Morgan: This is for my best friend!

Morgan kicked him in the face and took a pocket knife and slashed his eyes out and formed a sword made of liquid metal and slashed his remaining arm off.

The farmer screamed in pain and he was even more enraged.

Lisa used her technokinetic powers and made a lava gun out of debris and fired a glob of lava into the farmers face.

Lisa: That was for the terror and horror of your crimes against humanity. I don't think prison would be an appropriate place for you.

Lincoln formed a disk made of pure energy.

Lincoln: This is for terrorizing my life! **DESTRUCTO DISK!**

Lincoln threw the disk at the farmer and it sliced him in half right down the middle and killed him instantly.

Lincoln: Have a good time in the Netherworld and never again!

Lola: Great job Linky!

Lincoln: Thanks Lola.

Lana: I got to admit Lincoln, you literally are the bravest big brother we know.

Lola: Let me incinerate the body.

Me: Go for it Lola.

Lola fired a stream of fire and she incinerated the farmer's body.

Carrie: That takes care of that monster.

Morgan: Yeah. Good riddence. Lincoln, you are the bravest and most amazing boy we've ever met. We can't thank you enough for saving both of our lives.

Carrie and Morgan kissed both of his cheeks and he blushed an atomic bright red.

Lincoln: Thanks girls.

Me: We're very proud of you buddy. You've finally conquered your fear of the movie "The Harvester".

Lincoln: Thanks guys. I owe it all to all of you. It should be time for me to wake up now.

Carrie: Me too.

Morgan: Same here. J.D. it was really cool seeing you here in our dream.

Me: Same here Morgan. You too Carrie. See you both at school.

Turns out Carrie and Morgan were in the dream too. The Simulator deactivated and we went back to Lincoln in the bed. He woke up better than ever.

Lincoln: Hey guys.

Me: How do you feel Lincoln?

Lincoln: Better than ever. I'm no longer afraid of "The Harvester". I can't believe I let my fear consume me like that.

Lisa: It was probably some dormant thoughts that reawokened the horrific fear of the slasher film in you.

Lincoln: That might be it.

Linka: I'm glad you're alright Lincoln.

Me: Me too buddy.

Lola: I'm glad you're not afraid anymore Linky. Now I need to go get some more beauty sleep.

Lincoln: I'm sorry I woke you Lola.

Lola: It's all right. You had a bad dream and we had to help you out.

Laney: I'm glad we all could help you out big brother.

Luan: Me too Lincoln. This was one thing you could never DREAM OF. (Rimshot) (Laughs) Get it?

Me, Varie, Gabrielle and Penny laughed.

Me: (Laughs) Good one Luan.

Lynn Sr.: (Laughs) Good one.

Rita: We're glad you got help and conquered your fear sweetie.

Lincoln: Thanks mom. Lori do you know 2 girls named Carrie and Morgan?

Lori: Yeah they go to school with me and they're 2 of my best friends. Why?

Lincoln: I think they saw "The Harvester" and were scared out of their minds too.

Laney: That's interesting.

Varie: I didn't expect you, Carrie and Morgan to appear in the same nightmare all at once.

Lori: That is unusual. What are the odds of that?

Lisa: Probably an astronomical number. With 7.4 billion plus people on the planet and the number still growing, the odds of such an occurance would be quite high.

Lynn: That's probably right.

Leni: But I'm glad you're all better Linky.

Luna: Me too dude.

Me: Lets all get some more sleep. It's 5:35 AM.

Lincoln: Yeah. But this turned out to be a really good adventure for all of us.

Ember: It sure was dude.

Shannon: Glad you're all right bro.

We all go back to sleep and at 8:00 AM we woke up and got some breakfast and we went to school.

THE END.

# The Angel Shinobi Part 1

Me and Varie are in the Simulator. Lisa calibrated it so that 30 seconds is 1 day.

The Simulator activated and we both found ourselves in the Leaf during when Naruto, Sasuke and Sakura were having their True Genin Test at Training Ground 7.

We hid in the trees on the opposite side of the training groung and we see Naruto, Sasuke and Sakura bored out of their minds as they waited for Kakashi.

Kakashi arrived and went over the test and it began. Naruto was facing Kakashi.

Varie: Is this when we move?

Me: Almost.

during the fight Sakura saw Kakashi behind Naruto.

Sakura: Naruto watch out! He's going to destroy you!

Kakashi: Too late. LEAF VILLAGE SECRET FINGER JUTSU!

I snap my fingers and as Kakashi was about to poke Naruto in the butt, Naruto was enveloped in a blinding white light as bright as a million Suns and a massive vortex of white fire enveloped him and exploded high into the sky. The sky rapidly darkened with storm clouds and golden rays of the Sun shined through and the divine singing of Angels was heard all over the village.

Sakura: What's happening?

Kakashi: I have no idea. Naruto's Chakra is rising fast.

Sasuke: Where is he? I don't see him!

Naruto's Chakra and energy levels continued to rise at an astronomical rate. When the white fire vortex faded a figure came down from the clouds. It was Naruto and he was forever changed. He had longer blonde hair in a cronmage, his eyes were still blue but they had the blue sky and blowing clouds in the sclera, black shirt and ANBU pants, black combat boots, Dark Blue trench coat with the sleeves torn off, he had a super strong physique like Goku's, and he had angel wings that were Sky Blue. He had the kanji for Champion of The Leaf on the back of his coat, the symbol for Anti-Uchiha on it and the kanji for "Death to Uchiha" and the kanji for his motto "The Only Good Uchiha is a Dead Uchiha". Naruto landed on the ground and Kakashi and Sakura were floored.

Kakashi: Naruto? Is that really you?

Naruto: It still is me brother Kakashi.

Kakashi: What happened to you? You look like a seasoned veteran shinobi.

Naruto: Lets just say it was a must needed improvement.

Sakura came out and she was aroused by his change.

Sakura: Naruto? What happened to you? You've completely changed into a whole new person.

Naruto: It was for the better Sakura.

Me: You can thank me for it.

Me and Varie walked up to them.

Kakashi: And you two are?

Me: My name is J.D. Knudson and she's my fiance Varie.

Varie: We want to help out and train Team 7 into becoming a powerful force for good.

Naruto: I had lots of Hinderance Seals placed on me and they suppressed my true potential as well as my full power. When I was powering up I met my mom and dad in my subconcious. My real name is Naruto Uzumaki Namikaze, son of Kushina Uzumaki the Red Hot Habanero and the Leaf's Red Death and Minato Namikaze the Leaf's Yellow Flash and the 4th Hokage.

Kakashi and Sakura gasped.

Sasuke: There's no way that you are the son of the 4th Hokage! It can't!

Lord Hokage appeared.

3rd Hokage: It's all true Sasuke. Naruto is indeed the son of my successor Minato Namikaze, the late 4th Hokage and his heritage was hidden because of his enemies over in the Hidden Rock.

Naruto: Hey grandpa.

3rd Hokage: Naruto, I love your new look. You look like seasoned veteran shinobi.

Naruto: I believe it.

Me: Naruto had lots of Hinderance Seals placed on him that suppressed his true self.

Varie: And I'm willing to bet 50 bowls of Ichiraku Ramen that it was those imbeciles on the Civilian Council that put them on him.

Kakashi: I have a feeling you're right Varie.

Sakura: Kakashi-sensei, Naruto looks exactly like the 4th Hokage. I can't believe we all missed that.

Me: The resemblence is completely uncanny isn't it?

Sakura fell to the ground in a state of shock.

Naruto: I do look like dad don't I?

Kakashi: You sure do Naruto. Minato Namikaze was also my sensei when I was a genin.

Me: That was back during the 3rd Great War.

Kakashi: Yes.

3rd Hokage: That's right. Kakashi Hatake, Rin Nohara and Obito Uchiha were your fathers students Naruto. He treated his entire team like they were part of his whole family.

Naruto: I can believe it.

Sasuke however refused to believe it.

Sasuke: This is all a bunch of lies! That loser is and always will be a loser!

Kakashi: Sasuke shut up!

Me: I have a very strong feeling that those dumb buttfaces on the Civilian Council ordered Kakashi to train Sasuke and focus ONLY on Sasuke and ONLY him and leave Naruto and Sakura trailing through the mud.

Varie: Those stupid fools!

3rd Hokage: I have a feeling you both are right.

Kakashi: They are Lord Hokage. I was ordered by the Civilian Council to pass the team no matter what and train their precious Sasuke and ONLY him.

3rd Hokage: Those fools.

Me: Their corruption must be stopped.

Varie: They've taken too much power from the Hokage and they are abusing it for their own selfish purposes.

3rd Hokage: I believe it. They have too much control.

Naruto: You need to take back control of the village Grandpa. Enough is enough. You make the rules around here and your word is law. You run this village. Not them.

3rd Hokage: You're right Naruto. It's time to take back all the power of the Hokage.

Me: Go get them.

3rd Hokage: Kakashi team 7 is now official but Sasuke is now removed from the ranks of being a shinobi and is to start over in the Academy from day 1.

Kakashi: Yes sir.

Sasuke was infuriated.

Sasuke: You can't do this to me! I am an elite! I'm the best!

Me: Go kiss your brother loser!

3rd Hokage: Just for that one Sasuke you are hereby dropped from the Shinobi Program permanently.

Sakura was under a huge amount of shock and she was thinking about everything bad she did to Naruto. She couldn't believe that she was such a witch to him and she had no idea that she was hurting the son of the 4th Hokage. Her heart suddenly opened up and she realized that her love for Sasuke was a lie and that her own mother was using her as a pawn in her diabolical plan to get power and money and she began crying.

Naruto: Sakura what's wrong?

Sakura got up and she hugged Naruto and cried hard.

Sakura: (Crying) Naruto! I'm so sorry I hurt you all those times! I had no idea that you were related to the 4th! I'm so sorry! My mom made me into someone I'm not and she used me!

Naruto: She used you? How?

Sakura: (Crying) She told me lots of believable things about Sasuke that weren't true and made me into a fangirl and it was all for money and power! I'm so sorry I hurt you! It's all my fault! I'm so sorry! I'm sorry!

Naruto's heart ached as she was crying.

Varie: Poor Sakura.

Me: Yeah.

Naruto: It's all right Sakura. I've always known that you were not yourself and I have already forgiven you. I would never do anything to hurt you or anything.

Sakura: Naruto. (Crying) How can you be so forgiving after everything I've done to hurt you?

Naruto: Because I'm more than willing to make sure that you, the girl I love more than life itself has a second chance.

Naruto surprised everyone but me and Varie by growing a red rose in his hand. Sakura saw this.

Sakura: (Gasp) Naruto how did you do that?

Naruto: I now have many powers.

Sakura: Naruto it's beautiful. I love roses.

Naruto: And I love you even more Sakura.

Naruto and Sakura then kissed and Sakura had neon pink angel wings.

Sakura: Thank you for helping me Naruto, my love.

Naruto: I'm glad I could help.

Kakashi: Naruto, Sakura I'm so happy for you.

3rd Hokage: Me too Naruto. I knew you had a crush on Sakura and I couldn't be any happier for you my boy.

Naruto: Thanks everyone.

Kakashi: We start our first mission tomorrow at 7:00.

Me: We'll be there sensei.

The next day we were doing the incidious D-Rank Chore Missions. We did it all. Dog walking, painting fences, gardening, and more.

These chores were getting monotonous fast in a matter of days. Me, Varie and Kakashi trained Naruto and Sakura vigorously in everything we know. They got stronger and stronger at an accelerated rate. Naruto was placed into the Clan Restoration Act and he told Ino, Hinata and Tenten as well as Ami, Yugao (Captain Cat), Anko, Ayame and Hana were now some of Naruto's future wives. But Naruto made it clear that he would not marry anyone unless it was true love and that he got to know them more. Naruto's heritage was announced to the village and everyone started to feel guilty about everything they've done to him. Naruto moved in to a mansion that his parents owned. Everyone made it up to him by giving him lots of fruit baskets and ramen packages. Some however still held resentment to him. But after the dreaded Capture Tora mission we got a C-Rank mission. We escorted Tazuna to the Land of Waves and destroyed Gozu and Meizu the Demon Brothers and Gato and freed the Land of Waves. As a bonus we saved the Hidden Mist and stopped the Bloodline Holocaust. We filed our report and Tsunami, Tazuna's daughter and Inari, Tsunami's son and Tazuna's grandson were now part of Naruto's family. Pakura of the Scorch Style is now part of Naruto's family too.

However as we all trained, a certain evil Uchiha trained in secret wanting to get stronger so he can kill us. But little doe he know that no matter how powerful he becomes, Sasuke will never match up to our power.

7 days later it was time for the Chunin Exams and the Leaf was hosting them. Kakashi-sensei signed us up for it.

Me: So it's time for the Chunin Exams. This is gonna be sweet.

Varie: Yeah. I can't wait to become a higher rank Shinobi.

Naruto: Me neither.

Sakura: We can't get ahead of ourselves. We have to prove ourselves to see if we have what it takes.

Me: That's true.

Konohamaru appeared behind us.

Konohamaru: Hey boss!

We saw him and his friends Moegi and Udon.

Naruto: Hey Konohamaru, Moegi, Udon. What's up?

Konohamaru: You were supposed to play ninja with us.

Naruto: Sorry guys I can't. We have to head over to the Academy for the 1st part of the Chunin Exams. They started today.

Moegi: Oh yeah. Be careful guys. This year we have a lot of competition.

Udon: Lots of genin from different villages have arrived.

Konohamaru: But good luck guys.

Me: Thanks guys.

Konohamaru: Oh yeah one more thing. I overheard from one of my friends that those buttfaces on the disbanded Civilian Council have put Sasuke back into the Ninja Program and they've given him some special training. He's now in the Chunin Exams and he wants to kill you Naruto.

We gasp.

Me: We appreciate you telling us this Konohamaru.

Varie: We'll be on the watch for him.

Naruto: Thanks little bro. I promise I'll teach you all some stuff after the exams are done or we have a break. 1 of those two.

Konohamaru: Thanks Boss.

Naruto: No problem.

We left for the Academy.

We walk down the hall and we saw Neji, Tenten and Lee trying to get passed a hallway.

?: Turn back now. No one has ever survived the Chunin Exams.

Me: Hey Neji, Tenten, Lee, come here will ya?

Lee: J.D., Varie, Naruto, Sakura, good to see all of you.

Me: You too.

Tenten: Naruto. (Kisses him)

Naruto: Hey Tenten.

Varie: That's all a genjutsu set up by the gate guards Kotetsu and Izumo.

Naruto: I got this.

Naruto walked up to the door.

Naruto: Drop the Genjutsu. I know you're trying to trick us and it won't work.

Kotetsu and Izumo dropped the genjutsu.

Sakura: Naruto! That was to help reduce the competition!

Naruto: I know.

Me: Besides what good would these exams be if we didn't have some good competition?

Sakura: Oh. You all have a point there.

Sasuke: So you losers are all here.

Sasuke arrived and he stood in front of us.

Me: Well if it isn't the Duck Face Arrogant Jerk.

Sasuke: Shut up! I came here to win and kill you all.

Me: We'd like to see you try.

The Chunin Exams began.

To Be Continued in Part 2.

# The Angel Shinobi Part 2

The Chunin Exams were on.

The people were settle in to their seats at the classroom and Me, Varie, Naruto and Sakura were looking at all the Genin from the Mist, Sand, Cloud, Rock, Waterfall, Rain, Snow, Grass, and Sound Villages.

Me: Wow. The whole world is practically here.

Naruto: No kidding.

Sakura: Yeah.

I scanned some of the Genin minds and saw some interesting stuff in their pasts. But one genin caught my mind and it was a Grass Genin. It was really Orochimaru in disguise.

Me: (In my head) Orochimaru is here. Just as I suspected and knew he was gonna be. But I sense a small spark of good in Sasuke. Maybe I can separate it from him and destroy his evil side later on.

I told, Varie, Naruto and the girls telepathically. I sent a message to Lord Hokage too and he put all the ANBU on high alert.

Ibiki Morino came in.

Ibiki: Hello everyone. I'm Ibiki Morino and I'm the proctor for the first part of the Chunin Exams: The Written Test.

Ibiki went over the rules and handed out the test. The Chunin went into the walls and hid.

I looked at the walls and my eyes turned orange and I could now see everything with Inferred Vision.

Me: (In my head) They've hidden themselves well but I can still see their heat signatures. But I see what we have to do.

I relay a message to Varie, Naruto, Sakura, Ino, Hinata, Tenten and the rest of the genin telepathically except for Orochimaru. We all finished 20 minutes in and waited.

1 hour later.

Ibiki: All right time's up.

Ibiki played mind games on all of us.

But I was too smart for him and was not gonna fall for it.

Me: You don't have the authority to keep us as Genin forever Ibiki. Only the Hokage has that kind of power. Plus if that's the case then we'll find other ways to become Chunin.

Naruto: I agree.

Sakura: Me too!

Everyone agreed.

Ibiki: You're all not as stupid as you look. You all pass.

Ibiki went over why this test was made and revealed that his head was horribly mangled and scarred. Everyone but Me, Varie, Naruto and Sakura were horrified.

Me: Boy I still haven't gotten over that Ibiki-sensei. But I'm glad you made it out all right.

Varie: Me too.

Naruto: Same here big brother.

Sakura: Me too.

Ibiki: Thanks for your concern guys. But this is what happens on a mission sometimes.

Me: I still believe it.

Then a black ball smashed through the window.

It was Anko doing one of her entrances.

Anko told us to go to Training Ground 44 for the 2nd part of the Chunin Exams.

We arrived 20 minutes later at training ground 44 AKA the Forest of Death and Anko explained the rules of the test and each team was given a Heaven or Earth Scroll.

The test began and we were off. Me, Varie, Naruto and Sakura had a Heaven Scroll. So we needed an Earth Scroll. We encountered a Rain Genin team and destroyed them by firing energy beams at them. They had the scroll we needed. Along the way we encountered a team of Waterfall Shinobi and they turned on their teammates Fu the 7-Tails Jinchuriki and another boy. We killed their so-called team and saved Fu and the boy. We met Sansho, Fu's older brother. They came with us. We pressed on and suddenly had a run in with Sasuke and we hear malevolent laughter. Out of the trees came the disguised Orochimaru.

Me: So we finally meet Snake Sannin Orochimaru.

Orochimaru revealed himself.

Orochimaru: I'm impressed that you know me J.D. How did you know?

Me: That's for me to know. Now I'm going to destroy you.

I go Super Angel.

Me: This is my ultimate Transformation: Super Angel. And this…

I ascend to Super Angel 2.

Me: This is my Super Angel 2 transformation. And this IS TO GO EVEN FURTHER BEYOND!

I power up at such an extreme magnitude and my energy levels were rising at an accelerated rate. The planet started shaking extremely violently and the entirety of the 5 Great Nations was feeling the sheer ferocity of my power. The sky darkened with massive and powerful storm clouds and deadly lightning struck everywhere and more.

Varie: Unbelievable! How is J.D. generating that much power!?

Naruto: It's completely unreal!

Sakura: Incredible!

Fu: What is he!?

Sansho: Geez!

Miles away in another part of the 5 Great Nations, a hooded woman was feeling it and knew something was going down in the Leaf and she went to the village. Then in a massive and blinding flash of golden yellow light my ascension was done. When it faded I was forever changed. Orochimaru saw my transformation and was in a state of shock. I had longer golden hair that went all the way down to my ankles and my eyes now has the infinitely vast reaches of space in the sclera. My wings now had golden yellow light waves around them and much more powerful and stronger lightning was arching and flickering around my body.

Me: (Deeper voice) I'm sorry that took so much longer than the others. But I haven't had much occasion to practice this one. This is what I call a Super Angel 3.

Orochimaru was completely petrified with fear. I am now far more powerful than ever before.

Naruto: Unbelievable! What power!

Sakura: No kidding!

Sasuke was seething and fuming in sheer rage, jealousy and fury. However deep in his mind someone broke free from their prison and released a huge blinding light that overpowered the very darkness that consumed him. On the outside Evil Sasuke was enveloped in an aura of white light and it left his body and took form. It was a female Sasuke and she had a blue battle kimono and a blue skirt and blue shoes. She had black hair that went down to her lower

back.

Naruto: What the? Who is that with Sasuke?

Sasuko: My name is Sasuko and I am the Sasuke's twin sister. [Points to Sasuke] That is my evil twin. Our "Father" sealed me away into Sasuke. Sasuke is pure evil.

Sakura: Sasuko! [Hugs her] I thought I would never see you again!

Sasuko: Me too Sakura. I'm so proud of you.

Sasuke: No! You wretched girl! You've been set free!

Sasuko: You are no longer my brother Sasuke! You no longer exist to me!

Orochimaru then extended his neck and bit Sasuke on his neck and gave him the Curse Mark of Heaven.

Me: So you gave him the Curse Mark.

Orochimaru: Yes and soon he will come to me in search of more power.

Me: I don't think you Homicidal Megalomanic Pedophile!

I teleport and kick Orochimaru in the face and send him crashing through multiple trees all at once. I fired an energy blast at it hit Orochimaru and exploded with incredible power.

KRABBBBOOOOOOOOOMMMM!

When the smoke cleared, Orochimaru was in a smoldering crater and his legs, left arm and a chunk of his chest had been blasted off and he is bleeding profusely.

Orochimaru used the Body Shedding Jutsu and became whole again.

Orochimaru: You may have won this time. But I will be back. I will destroy everything in the Leaf!

Anko and the ANBU arrived.

Anko: I don't think so! Arrest him!

The ANBU placed the Chakra cuffs on him and took him in.

Anko: Well done all of you.

Me: Thanks Anko. I hope Orochimaru gets what's coming to him.

Later we go through the forest and find Karin who is weak and exhausted. We arrived and Karin was in the infirmary with Sasuke.

We told Lord Hokage what went down and more and he was floored. Sasuke was allowed to continue in the Chunin Exams and there was a special battle planned for him.

5 Days later the Chunin Exam Preliminaries were on.

Battle 1: Naruto Uzumaki VS Sasuke Uchiha

Everyone was not expecting this.

Naruto got down there and he was facing Sasuke.

Sasuke: You dead last loser! You ruined everything for me!

Naruto: You deserve it because your evil clan killed my father.

Sasuke: What do you mean?

Naruto: 13 years ago on October 10th, the night I was born a Rogue Uchiha wearing an orange spiral mask and a black cloak appeared and held me hostage to get my father away from my mother who was the previous 9-Tails Jinchuriki before me. He ripped the fox out of my mom and made it go on a rampage and because of that evil rogue Uchiha, I lost my parents and was cursed to be a Jinchuriki and I was also a victim of those dumb bias-motivated buttfaces of the council and the village except for some. I can never forgive the entirety of the Uchiha Clan for killing my mom and dad. The only exceptions are Mikoto, Sasuko and Itachi. I hate the entire Uchiha Clan for everything they've done to not only me but also this entire planet and they will pay for everything! I'm going to make sure that there are no more Uchiha in the world.

Naruto had vowed to destroy the entire Uchiha Clan completely.

Sasuke: I WILL KILL YOU FOR SAYING THAT YOU WRETCHED DEMON! I SHOULD'VE KILLED YOU BACK IN THE ACADEMY!

Naruto: You're just as pathetic as the rest of your evil clan!

They both charged at eachother.

Sasuke: DIE YOU MONSTER!

Naruto: YOU FIRST YOU FREAK!

Naruto punched Sasuke in the face and kicked him in the crotch. Naruto then kneed Sasuke in the mouth and knocked out a tooth. Naruto then kicked him in the mouth and dealt a spin kick and sent Sasuke crashing into the wall. Sasuke got up and he and Naruto locked hands. Naruto and Sasuke flared up their auras. Naruto's aura was yellow and he had rainbow beams of light in it. Sasuke's aura was pitch black and purple. Naruto and Sasuke's aura's were clashing and the entire arena and building was shaking extremely violently at a powerful level. The level of power they both had was incredible.

Me: Holy mackeral! Their power is unbelievable!

Sakura: No kidding. It's so frightening.

Fu: Their power is causing the whole area to shake.

Sansho: Incredible.

Varie: How can they both have that much power?

Fu: I don't know.

Naruto and Sasuke's power was extremely intense. Naruto punched Sasuke in the nose and they went at eachother some more and were punching and kicking at an extremely ferocious and savage level. Naruto flew up into the air and fired a red beam of light and it burned Sasuke in his right leg. Naruto then kicked Sasuke in the stomach, punched him in the face and kicked him in the back of the head. Sasuke belched up a huge amount of blood. Sasuke's Curse Mark was spreading fast and he was laughing like an insane madman.

Sasuke: (Laughing Insanely) I will not stop until I kill you Demon! Your own mother is nothing but a tomato-headed freak!

Then the statue decoration suddenly exploded into a huge cloud of dust and thunderous footsteps were heard. Out of the dust appeared Kushina Uzumaki and her hair was waving around like 9 tails and her eyes were glowing yellow.

We all gasped.

Me: Kushina's alive!?

Varie: How can that be?

Sakura: I don't know but she is beautiful.

Fu: She sure is.

Naruto was shocked.

Naruto: M… Mom? Is that really you?

Kushina calmed down and she saw Naruto.

Kushina: Na… Naruto? It is you. (Joyful Cry) Naruto my son!

Naruto and Kushina hugged for the first time in 13 years.

Kushina: Naruto. I thought you were dead.

Naruto: I thought you were dead too.

Kushina: We'll catch up later. [Returns to Habanero mode] Who called me a tomato!?

We all point to Sasuke.

Kushina walked up to Sasuke and grabbed him by the shirt.

Kushina: One Smashed Tomato coming right up!

Kushina brutally pulverized Sasuke with a series of powerful punches and smashed his face in. With one last punch Sasuke was one broken and battered mess and Naruto had won.

Everyone cheered wildly for him.

Sakura came and hugged him along with the girls.

Sasuke was taken to the infirmary and placed under guard. The doctor looked him over and found out that he was completely insane. He had him under restrait in a straitjacket

The other matches came and gone. Sakura won against Ino, Fu won againsgt Gaara, Sansho won against Temari, etc, etc.

The Chunin Exam Preliminaries were done and everyone had 3 months to train and prepare.

Once that was done the Finals came and Me, Varie, Naruto, Sakura, Fu, Sansho, Hinata and Shikamaru made the rank of Chunin.

The exercise ended after we merged everyones counterparts and the evil Sasuke was thrown into the Blood Prison down in Lake Vostok, Antarctica. We built a 2nd Blood Prison down there.

THE END.

Another fanfiction done.

I did a 2 parter chapter. I wanted to include the Chunin Exams in this one. I'm sorry I was too fast on this one but I wanted to get it done so that I can work on more chapters that have different shows. Let me know what you all think.

See you next time.

# The Loud Files

(X-Files Theme Plays)

It starts out in my room. I was looking up stuff on my computer when I found a strange news report.

Me: What's this? "Series of unexplained murders have been petrifying Columbia, Maryland. Government facility believes that the murders are because of alien DNA that is inside astronaut hero Patrick Ross, son of United States Senator Judson Ross who made the first ever successful manned trip to Mars. Ross is impregnating women like crazy and is believed to be making children that will do the same and destroy the Earth." That's horrible! We have to stop him.

A mysterious blue light appeared out of nowhere and I heard a voice.

?: J.D. Knudson of sector 2814.

Me: Who said that?

?: Up here.

I saw where the blue light was coming from. It was from a Blue Lantern Power Ring. But this one was different.

Me: (Gasp) A Blue Lantern Ring.

Ring: Yes J.D. You have the capacity for great hope and the ability to instill hope into others. Should you choose to accept, you will be enrolled into the Blue Lantern Corps as the last Blue Lantern.

Me: Last Blue Lantern? What happened?

Ring: The Blue Lanterns were wiped out by the Red Lanterns in the dimension where this ring came from. As a last resort, it was created as an experiment to provide it with unlimited power and will never need recharging.

Me: That's terrible. I'm so sorry. I will carry on the Blue Lantern legacy and rebuild the Blue Lantern Corps.

I held out my hand and the ring went onto my right middle finger.

Me: IN FEARFUL DAY, IN RAGING NIGHT; WITH STRONG HEARTS FULL OUR SOULS IGNITE; WHEN ALL SEEMS LOST IN THE WAR OF LIGHT, LOOK TO THE STARS FOR HOPE BURNS BRIGHT!

I now had a Blue and black sleeveless body suit and it had a sash that had the Blue Lantern emblem on it and the symbol of the Blue Lantern Corps was emblazened on my forehead.

I look at myself in the mirror and I saw that my eyes were ocean blue instead of green.

Me: Wow look at me. I look awesome as a Blue Lantern. Now I got to get a team together and if there are anymore Lantern Rings around then I have a feeling I know who they are for.

I slide down a the orange slide.

Lincoln was reading comics when I came in.

Me: Hey Lincoln.

Lincoln: Hey J.D. whoa! You're now a Blue Lantern!? This is amazing.

Me: I was shocked myself. Blue was never really my color but I look great.

Linka: I believe it.

Me: I have a story to tell. Lincoln can you get the girls, Naruto, Sasuke and team? I've got quite a story to tell.

Lincoln: Sure.

10 minutes later, everyone was gathered.

Lynn: J.D. you look incredible.

Me: I know. I'm actually the last Blue Lantern.

Linka: There are no more Blue Lanterns at all?

Me: No. The ring I have came from a another dimension. The Blue Lanterns were wiped out by the Red Lanterns.

Lori: Where does the Blue Lantern Corp come from?

Me: They were based on the Planet Odym. A beautiful jungle planet that has lush jungles, beautiful oceans and is considered a very peaceful world.

Luna: That sounds amazing dudes.

Starfire: The planet Odym is a very beautiful planet. It's considered a vacation paradise for the people of Tamaran.

Raven: I've heard alot about Odym. It's beautiful and is considered as one of the most peaceful planets in the Universe.

Terra: That's amazing.

Luan: What does the Blue Lantern Corps do?

Me: Well that is a long story. Ever since the beginning of time, 7 rainbow lights that embody certain emotions were spread throughout the vast distances of the cosmos. These lights became known as the Emotion Spectrum. From Red to Violet. Red represents Rage, Orange represents Avarice, Yellow represents Fear, Green represents Will, Blue represents Hope, Indigo represents Compassion and Violet represents Love. Blue is what I am. I am a Blue Lantern of Hope.

Varie: That's incredible honey.

Jessie: Yeah. I never even knew such a power even existed.

Lynn: None of us have.

Lola: I wish I could be a Lantern.

Me: It doesn't work that way Lola. You have to emit a very strong emotion on the spectrum on the emotions I've said. Naruto, you have alot of hope in you. Would you like to become a Blue Lantern?

Naruto: I would be honored big bro.

Me: Ring, can you replicate yourself so that other members can join?

Ring: Yes I can.

Me: Great. Please replicate.

The ring became another Blue Lantern ring like mine.

Naruto held out his hand and the ring went on to Naruto's middle finger. Naruto recited the oath and his clothes were now blue and black.

Naruto: I look awesome.

Sakura: You sure do Naruto.

Then a violet light shined in.

?: Sakura Haruno of Sector 2814.

Sakura: Who's there?

Me: Sakura look above you.

I pointed above her and she saw a Violet Lantern Power Ring.

Sakura: Are you a Violet Lantern Ring?

Ring: Yes Sakura. You have great love and have felt great loss in your heart.

Sakura: Yes. But I love Naruto as much as we all do.

Ring: Yes. You can help him. Take our ring and recite our oath.

The ring went onto Sakura's middle finger and she recited the Violet Lantern oath.

Sakura: FOR THOSE WHOSE HEARTS ARE FULL OF FRIGHT, FOR THOSE ALONE IN BLACKEST NIGHT, ACCEPT OUR RING AND JOIN OUR FIGHT, LOVE CONQUERS ALL WITH VIOLET LIGHT!

Sakura now had a violet sleeveless battle suit and skirt and she had purple boots and her headband had the Star Sapphire Symbol on it. Sakura looked in the mirror.

Sakura: I look incredible.

Naruto: Sakura you do look amazing.

Sakura: Thank you Naruto.

Me: Star Sapphire's have the same function to replicate their rings. Star Sapphires come from the planet Zamaron. It's a crystal planet home to a warrior race.

Starfire: Zamaron is widely feared on Tamaran. My people and the Zamarons have been in an endless verbal war with eachother.

Laney: A interstellar cold war. I've seen these in science fiction novels.

Starfire: Yes. They are very powerful people and they have immortality and cosmic level energy manipulation powers.

Naruto: Wow. That's incredible.

Fu: No kidding.

Sakura replicated her ring and made one for each of Naruto's future wives.

Everyone received a power ring from each of the Lantern Corps. Lynn, Flame Princess, Kiba, Moka, Volcana, Ronnie Anne, and

Sasuke received Red Lantern Rings. They came from the Planet Ysmault.

Lola, Lori, Lady Tsunade (Young), and Lisa received Orange Lantern Rings. They came from Planet Ookara.

Rock Lee, Laney, Leni, Jessie, Clyde, Woody, Beast Boy, Robin, Liam, Cyborg, Zach, Gabrielle, and Penny got Green Lantern Rings.

Lana, Jeri, Aylene, Kushina (Young), Terra, Riley, Boruto, Lily, Kole, Lincoln, Edd, Ed, Linka, and Luna were now Blue Lanterns.

Lucy, Luan, Shino, Itachi, Sasuko, Argent, Raven, Choji, Eddy, Bumblebee and Tabby were now Yellow Lanterns.

Sansho, Kushina (Adult), Hinata, Sarada, Himawari, Varie, Max, Nudge and Angel received Indigo Lantern Rings.

Me: All right now that we're all Lanterns we have a new mission. An alien presense has been terrorizing Columbia, Maryland and the culprit is Patrick Ross.

Laney: Patrick Ross? Didn't he just get back from Mars?

Lisa: Affirmative Laney. He became the 1st ever man to land on Mars and collect samples of the soil and dust.

Me: That's right. He was infected by alien DNA and his humanity was destroyed. He wants to bare children that will replace humanity as the dominent species of this planet.

Starfire: That's horrible!

Terra: Yeah. We have to stop him.

Linka: And we will.

Me: All right. We are now known as Team Rainbow Emotion! Lets roll!

We all fly to Columbia, Maryland and in 2 hours we arrive at a government research facility.

Lincoln: What are we doing here J.D.?

Me: Patrick is here. I can sense it.

We all run in and we saw Patrick attacking the crew in order to get to a woman named Eve.

Patrick: Open the door! NOW!

I fire a blue beam at Patrick and it analyzed him.

Ring: Analysis confirmed. Patrick Ross has been contaminated with DNA from the Xenosian Species. Xenosians are a predatory hybridized race that have been notoriously feared throughout the Universe. Their goal is to replace all life in the Universe with their kind and make it all populated by only their kind.

Me: That's crazy! That's intergalactic bigotry! Ring what planet do the Xenosian's come from?

Ring: The planet they come from is located in the Andromeda Galaxy. It's name is Xenos IX.

Me: The Andromeda Galaxy? That far away? That's amazing.

Lincoln: We have a lifeform from the Andromeda Galaxy? Incredible!

Lola: How can these creatures be that evil?

Laney: They just are and they need to be wiped out.

Moka: Agreed.

Me: Ring can you cure Patrick and make him human again?

Ring: Negative. Patrick is too far infected to be cured. Termination is highly recommended.

Me: Well then lets blast him.

I fire a stream of fire at him and it burned him bad. But he regenerated and revealed his true form.

Varie: [To Patrick] You're one ugly freak of nature.

Laney: Whoa! He is ugly!

Me: He is really ugly. And I thought Orochimaru was hideous.

Lana: Me too. He is worse.

Me: Varie you go help the woman over there. We'll hold him off.

Varie: Okay.

Varie ran to her and I fired lightning at Patrick.

Laney entangled Patrick in bramble vines and he was trying to break out of them.

Laney: He's really strong.

Me: You can do it Laney!

Press and Dr. Laura came and helped us.

Press: Eat this you freak! [fires his gun at Patrick's head]

But the bullets weren't having any effect on him.

Lola: Bullets can't stop him! Lets see how he likes fire. [Throws a fireball and it hits Patrick and his head explodes] Gotcha!

But Patrick regenerates his head.

Lana: He grew his head back. How about some ice? Mizore?

Mizore: Don't mind if I do.

Lana and Mizore fired a stream of blue wind and it froze Patrick's arms and they shattered off and he roared in pain. But he regenerated his arms.

Lana: Ice won't work either.

Me: What will it take to kill this monster?

Ring: Xenosians absolutely dislike diseased human blood and any small amount of it will kill them.

Me: That's interesting. Diseased blood.

Dr. Laura: We have blood samples in storage.

Me: Go get them quick!

Dr. Laura ran and went to get the blood. Lisa went with her.

Varie was talking to the woman.

Varie: So you were crafted by Xenosian DNA infused into an embryo Eve?

Eve: Yes.

Varie: That's very interesting. But I want to tell you. Patrick is a monster that wants to destroy all of mankind.

Eve: Yes. I realize that now. I don't want to reproduce and mate anymore. I want to help humanity out and make the world a better place. But I can't fight my mating urges.

Varie: I might be able to help you with that.

Eve: Okay. Go for it.

Varie: Here goes.

Varie fired a blue ring beam and it made her sterile.

Varie: It worked.

Eve: Now get me out of here. I want to help you all.

Hinata appeared and she gave Eve an Indigo Lantern Ring.

Hinata: You can help us all out with this.

Eve: Okay. Thank you.

Eve put the ring on her right middle finger and recited the Indigo Lantern Oath.

Eve: TOR LOREK SAN BOR NAKKA MUR, NATROMO FAAN TORNEK WAT UR, TER LANTERN KER LO ABINSUR, TAAN LEK LEK NOK FORMORROW SUR!

Eve now has an indigo staff and animal hide clothes and tattoos of the Indigo Tribe on her body.

Eve: Thank you for helping me Hinata.

Hinata: Nok. Your welcome Eve. Now lets get Patrick.

Eve: Lets.

Varie: Come on.

Varie, Eve and Hinata went back to the fight and hit Patrick with light beams.

Lisa and Dr. Laura arrived with the blood.

Lisa: Okay I hope this is enough to destroy him.

Dr. Laura: Yes Lisa. This blood has HIV in it.

Naruto took out a kunai and handed it to me.

Me: Thanks bro.

I take the blood and coat the kunai in it.

Me: Lets see you taste this Patrick!

I throw the kunai and it impaled him in the back and it was burning him like acid.

Varie: Whoa! Diseased blood burns Xenosians like acid!

Eve: That is very potent.

Hinata: Nok. It'll be the end of him in a few seconds.

Lola: Nonetheless at least we won't have to see Patrick's ugly face ever again.

Lucy: Agreed. He really was a monster. A true monster that needed to be destroyed.

Aylene: Yeah. I don't like aliens. No offense Starfire.

Starfire: None taken Aylene.

Me: Lets finish him off. Lisa can I have the rest of the blood?

Lisa: Certainly J.D.

She hands me the blood pouch.

Me: Hope you're thirsty.

I threw the blood and it splashed all over Patrick and completely dissolved him into green slime.

Lola: Gross!

Penny: That was yucky!

Lily: No kidding. It's hard to imagine that he went from hero of man to a ruthless and remorseless alien killer.

Leni: I'm glad he totes got what he deserved.

Luna: No kidding dude.

Luan: He sure was Alienated! [Rimshot] [Laughs] Get it?

Me, Varie, Aylene, Eddy, Jeri, Jessie, Naruto and Sakura laughed.

Me: (Laughs) Good one Luan.

Lincoln: But how did this facility get alien DNA all the way from the Andromeda Galaxy?

Me: Yeah. That's what we would like to know. The Andromeda Galaxy is 2.3 million lightyears away from Earth.

Press: Well it was back when we sent a message into space with SETI.

Dr. Laura: It was with the Arecibo Message.

Lisa: Fascinating and yes I am familiar with the Arecibo Message. It's an interstellar radio message that was sent into space.

Me: I've read about that. It's a radio dot code message that shows information by color. It was created in 1974. White is the numbers 1 through 10, purple is the atomic formulas of Hydrogen, carbon, nitrogen, oxygen and phosphorus, Green is the nucleotides sugars and bases, Blue & White is the DNA double helix structure, Red, Blue/White & White respectively is a human, the physical height and dimensions of a human and the number of people on Earth, Yellow is the Sun and our Solar System's 9 planets and Purple, White and Blue is the Arecibo Radio Telescope where it was sent from in Puerto Rico.

Dr. Laura: That's right. We received a message back and it was a genetic code and we replicated it and experimented with it.

Varie: That's dangerous. You guys were playing with fire.

Press: Yes. We had an encounter with this alien before. It was 3 years ago. We almost got ourselves killed because of it.

Laney: It sounds like the Xenosians have been nothing but trouble to you all.

Dr. Laura: Yeah.

Eve: I can't believe that I'm a hybrid of a race that wants to destroy the Universe.

Varie: Not destroy. Replace. The Xenosians want to replace all life in the Universe with only their kind.

Lucy: That is just despicable. I may be a girl of darkness but that is going way too far.

Gabrielle: (British Accent) I agree Lucy.

Press: Well hopefully we've seen the last of the Xenosians.

Me: Not quite. Patrick has children at his home and they're coming here.

We turn toward the exit and we all see lots of young boys turning a corner in a hall.

Me: Whoa. Patrick sure was busy all by himself. I can't believe he killed so many people and all these boys are the result.

Lincoln: How many are there?

Sakura counted them.

Sakura: There's 30 of them.

Linka: Patrick sure has moved fast.

Eve: They have to be destroyed.

Aylene: I agree. There's only one place for them: The Sun.

Varie: Go to it Aylene.

Aylene had a blue aura around her and she entombed all the boys in a blue bubble and she took off.

She went into space and approached the Sun.

Aylene: Wow! I didn't know the Sun was this big up close.

She released the bubble and the alien boys were vaporized instantly.

Aylene: That's that.

She went back and landed.

Later we decided that the Xenosian DNA was too dangerous to use for all of Humanity and it all had to be destroyed immediately. We all gathered up everything from the experiments and DNA and Lola, Flame Princess and Sasuke incinerated everything related to it. Eve decided to help everyone in Team Rainbow Emotion. We had a press conference in Washington D.C. and explained everything. Everyone all over the world was shocked and horrified. But we saved the entire Universe from a horrible and disgusting fate.

THE END.

Another Fanfiction Complete.

The theme from the X-Files gave me the idea for this one. I wanted to do a Green Lantern crossover for a while now. I also included the Aliens from the movie Species from 1995 and Species II from 1998. These two movies were both scary and weird. Surprisingly they were one of the Science Fiction Horror Movies that don't scare me hardly at all. Those aliens were ugly and weird. Xenosian was an alien species that I made up along with the planet in the Andromeda Galaxy. Species from 1995 was a hit where Species II was a box office disappointment. This one turned out to be really exciting for me. Let me know what you all think.

See you all next time.

Species series belongs to MGM Pictures and Roger Donaldson. Green Lantern belongs to DC Comics. X-Files belongs to 20th Century Fox

# World War Blue

Me, Naruto, Lincoln, Laney, Lisa, Fu, Moka, Mizore, Jeri, Jessie, Max, and Starfire were in the simulator.

Varie, Aylene, Lori, Leni, Luna, Luan, Gabrielle, Lynn, Shannon, Linka, Lucy, Lana & Lola and Penny were in the control room.

The simulator activated and we found ourselves in Tokyo and it was almost completely underwater.

Me: What happened here?

Lincoln: This whole city is underwater.

Laney: Something cataclysmic happened here.

Lisa: Affirmative. This is definitely a Post-Apocalyptic Scenario.

Moka: Wait a minute. I've seen this before. We're in one of my favorite shows. It's called "Blue Submarine No. 6". It's about a brilliant scientist named Zorndyke and he decided that humanity wasn't worthy of inheriting the world and he melted the polar ice caps and flooded the planet and much of the planet was underwater. He created a nasty horde of creatures that are half human-half animal. He made people that are half deer, half goat, pretty much every animal you can think of. But he created aquatic humans and more.

Laney: Whoa! This is like one of my favorite books by H.G. Wells, "The Island of Dr. Moreau".

Me: Yeah. But with a post-apocalyptic flare.

Max: This is a terrible place.

Lisa: Affirmative. I may be one of the youngest scientists in the world. But gene splicing is never my thing. My goals are to help all of humanity.

Max: I believe it.

Fu: This is just awful.

Naruto: Yeah. Another Orochimaru is running amok.

Me: Yeah. Just what the world needs.

Explosions suddenly rang out and we saw a robotic machine about to attack.

Me: Lets help them out!

All: Right.

We flew and we saw lots of people running. As it was about to attack I fire an energy ball at it and it exploded. The machine crashed onto the ground and opened up and out of a hatch came a girl that was part human, part fish. It was Mutio.

Lincoln: Whoa! So this is one of Zorndyke's creations?

Moka: Yes. This is Mutio. She's an aquatic human creation of Zorndyke.

Naruto: She sure is pretty.

Jessie: This is amazing. I think she should help us.

Jeri: I agree.

?: Get away from that thing!

We see a girl with pink hair and she had a gun pointed at Mutio.

Mutio woke up and she saw Naruto defending her.

Naruto: We mean you all no harm. We came to help you destroy Zorndyke. He plagued this world for far too long and he must be stopped.

?: I can tell. My name is Kino Mayumi and I am working to help stop Zorndyke. But that thing is one of Zorndyke's creations.

Me: It's a pleasure to meet you Kino. My name is J.D. Knudson and we know that. She's scared and lost.

Naruto: That's right. I'm Naruto Uzumaki Namikaze. Ninja and the 9-Tails Jinchuriki.

Fu: I'm Fu. I don't have a last name. I'm the 7-Tails Jinchuriki.

Lincoln: I'm Lincoln Loud and these are my younger sisters Laney and Lisa.

Laney: It's a pleasure.

Lisa: Greetings.

Moka: I'm Moka Akashiya. I'm a Vampire and a powerful fighter.

Mizore: I'm Mizore Shirayuki a Snow Woman.

Jeri: I'm Jeri Katou. I'm a Lion Shaman.

Max: I'm Maximum Ride. Call me Max.

Jessie: I'm Jessie Bannon. Martial artist.

Starfire: And I'm Starfire. Princess of Tamaran.

Kino: It's a pleasure to meet all of you.

Me: We mean you no harm and Mutio here doesn't mean harm either.

Mutio: Yes. I'm just lost and scared.

We gasp in astonishment.

Me: You can speak. Mutio, can you tell us where Zorndyke is so we can take the fight to him?

Mutio: Of course. He's at the South Pole.

Naruto: That's far from here but we can now take the fight to him.

Kino: Yes. It's time to destroy Zorndyke once and for all.

Me: And we will. Mutio you lead the way.

Mutio: You got it.

We fly out and Naruto was carrying Kino with a Shadow Clone.

We arrive at Antarctica and it was a forest instead of an icy landscape.

Me: Zorndyke sure has been busy out here.

Lincoln: Yeah. We have to destroy him at all costs.

We walked around and saw an old man with a young girl that was half human half deer.

Me: Zorndyke!

The old man was indeed Zorndyke.

He saw us and he was impressed.

Zorndyke: So you finally found me.

Me: In a way yes. Why did you flood the planet? The whole world is now a Post-Apocalyptic Dystopian Nightmare because of you!

Zorndyke: Mankind has grown too large. I do not accept this world. To it I shall always say "No".

Lincoln: You're a monster Zorndyke!

Laney: Yeah! You could've used your science and knowledge for good and to help benefit all of the world.

Max: But you chose to destroy humanity and the world!

Zorndyke: The world will not be destroyed. It will merely be changed.

Naruto: You think you can play God? You're a monster that has no idea what he's doing!

Fu: You're playing with fire Zorndyke! Horrible consequences are about to befall onto you.

Max: She's right. You mess around with Mother Nature and there will be horrific consequences. Like what had happened to me.

Max spread her wings and the Deer Girl was shocked.

Max: My DNA was spliced with bird DNA and now I'm 98% Human and 2% bird. Me and 5 others were going to be used in World Domination.

Starfire: You want to annihilate all of humanity and we can never allow that Zorndyke!

Kino: I can never forgive you for everything you've done Zorndyke! You killed my mother and father and I will see that justice is served.

Mizore: We all will.

Moka: Get ready Zorndyke because it's time for you to know your place.

Me: I couldn't agree more Moka.

I go Super Angel, Laney goes Super Angel 2 and Naruto goes Kitsune Hanyou and we spread our wings.

A fish monster came and it was an ugly monster.

Moka: Verg.

Me: Half Human-Half Shark.

Verg: **You want to get to father, you all have to go through me!**

Me: With pleasure.

I fire an energy blast and vaporize him in an instant.

Me: That was a waste. Now for you Zorndyke.

Zorndyke tried to run but Laney grabbed him by entangling him in vines.

Kino: You're gonna pay for your crimes Zorndyke.

Mutio: I couldn't agree more "Father".

The deer girl came up to them and cried hard and Mutio comforted her.

A bunch of animal people came and it was truly an unusual experience.

Me: Whoa!

Laney: Wow! It really is like "The Island of Dr. Moreau"! This is so cool!

Lisa: Affirmative Laney.

Naruto: No kidding. This is like Orochimaru's work on a whole new level.

Rabbit girl: Let our father go.

Me: I'm sorry but we can't do that. Zorndyke may have created all of you, yes. But he destroyed much of the world and is planning on destroying mankind and we can't let him get away with that.

Mutio: He's right my friends. Zorndyke flooded the world and tore much of it apart. He filled your heads with lies about humans.

Jeri: That's right. Mankind is a great species. We have evolved in more ways than one and we have helped create our world into a great civilization and made lots of wonderous and magnificent marvels.

Lisa: Affirmative. Man is a wonderous creature. We've built lots of great cities and made advancements in scientific technology, medicine and more.

Laney: We're also trying to help the planet grow back what it had lost and restore parts of nature. We're also trying to maintain peace by putting criminals and people that instill chaos, death and destruction away for life. But only to those that deserve it.

Jessie: Yes. This war between us and you all is pointless. We all should be working together to help everyone. Zorndyke melted the Polar Ice Caps and destroyed much of the planet and flooded everything at Sea Level. It's gonna take hundreds of years for the planet to recover. But if we all work together we can help get the planet fully recovered much faster.

Goat man: You know they're right.

Rabbit girl: Lets do everything we can to help everyone out.

They all cheered and made animal noises.

Later we restored the polar ice caps and returned the sea levels to normal and fixed everything after moving all the animal people to Tokyo. For our heroic deeds we were awarded the Blue Moon of Valor, the highest honor in World War Blue as it was called. We called a meeting with all the worlds ambassadors at the United Nations building and explained our findings and more. Zorndyke was sentenced to eternity in the new Lake Vostok Triple Supermaximum Security Prison in our dimension. A new no daylight prison that is only reserved for the worlds most dangerous criminals. A new country was created for the animal people we now call the Natureites. It was called Naturma. It's located in Northern Myanmar.

We went home and the exercise was over. Mutio now lives in Lake St. Clair by the Leaf Village island.

THE END.

I wanted to do a Blue Submarine No. 6 themed chapter for a little while. I found it to be a strange show that aired on Toonami back in the year 2000. It was a cool show though. I don't know if any of you all have seen this show but it was a 4 part miniseries. But let me know what you all think.

See you all next time.

Blue Submarine No. 6 is owened by Satoru Ozawa and Gonzo Studio.

# The Night Shines Forth

It starts out with Vanzilla 2.0 driving down the road in the plains.

Lincoln: This is gonna be so awesome!

Me: You said it buddy.

Lincoln: [To the Viewers] Today is August 21st and we are going to Tryon, Nebraska to see an extremely rare event. A total Solar Eclipse. Lots of people are going to go see it in the line of totality.

Me: I know buddy. I've never seen a total Solar Eclipse before. This is gonna be awesome.

Clyde: This is gonna be so exciting buddy. I've never seen a Total Solar Eclipse before.

Varie: I've never seen a Solar Eclipse before either.

Tamao: Me neither.

Lisa: The last Sun, Moon and Earth Alignment, Street name: Total Solar Eclipse that was over the United States was back on September 10th, 1923 and it was over western California.

Riley: Wow! That is cool.

Laney: This is gonna be awesome. It's too bad Lori, Leni, Luna, Lynn and Shannon couldn't come with us.

Carol: I know Laney. But I find this to be totally awesome.

Me: Me too Carol. The coolest part of a Total Solar Eclipse is that when the Sun is totally overshadowed by the Moon, the stars will be visible in the daytime sky. But it will only last for a few minutes. You have to be in the right spot in order to see that. The Solar Eclipse Umbra is only 150 to 170 miles in diameter.

Lucy: This eclipse sounds like a fantastic event. Even though I enjoy the darkness.

Haiku: A Solar Eclipse is an interesting event for me. I've never seen one before.

Luan: That is very cool. How does the Sun get its hair cut?

Linka: I don't know Luan.

Luan: Eclipse it! [Rimshot] [Laughs] Get it?

Me, Varie, Aylene, Tamao, Eddy, Carol, Gabrielle, Rita and Laney laughed.

Me: [Laughs] That was funny.

Varie: [Laughs] Eclipse it. I get it!

Lynn Sr.: [Laughs] Good one!

Eddy: [Laughs Hysterically] That was too funny!

Laney: That was a good one.

Gabrielle: (British Accent) This will be the first ever Solar Eclipse I've ever seen.

Rita: It will be the first for all of you Gabrielle. I remember when we saw a Total Solar Eclipse. It was back on our honeymoon over in Europe when I was pregnant with Lori. It was back in Germany in 1999.

Me: You saw the August 11th, 1999 Total Solar Eclipse Ms. Rita?

Rita: We sure did J.D. and Lori was born exactly on that day at that time in Romania.

Laney: That's amazing mom. I had no idea Lori was born during a Solar Eclipse.

Lincoln: Me neither.

Clyde: I didn't know that either Mrs. Loud.

Rita: It was considered a blessing for me and Lynn.

Varie: Lori's an Eclipse Baby. That's really cool.

Lynn Sr.: It sure is.

Carol: I had no idea that Lori was born on the day of a Solar Eclipse.

Me: Not just any Solar Eclipse, Carol. The August 11th, 1999 Total Solar Eclipse was one of the most Spectacularly viewed events in the world. Here's a picture of it.

I showed them a picture of the August 11, 1999 Eclipse.

Carol: That is beautiful.

Me: Yeah.

Lynn Sr.: That was the most memorable honeymoon w've ever had.

We arrived in Tryon, Nebraska at 11:15 AM.

Lynn Sr.: We're here guys. Lets set up our camp.

We set up our camp and waited outside. At 12:03 PM the Eclipse started. The minutes ticked by and at 1:07 PM we had 100% totality and everyone cheered wildly.

I decided to do a special song for this. I set up a concert stage and got ready.

Me: I would like to celebrate this momentus event with a song. I'm going to be playing my favorite song: B.E.R.'s "The Night Begins To Shine". If anyone has a video camera they can tape it for us. Ready? 1,2,3,4..

I began playing on my electric guitar and it was a nice song.

I saw you dance. From the corner I caught Your name,

In a Conversation. Playing Hard to Get. But I can't Understand.

When I look at you, I see the story in Your Eyes. When we're dancing.

The Night Begins To Shine.

The Night Begins to Shine. The Night Begins To Shine.

The Night Begins To Shine. When We're Dancing, The Night Begins To Shine.

Talk til dawn. My heart was racing. I took you home in the driving rain.

I had my mind made up. I wanna feel your touch.

When I look at you, I see the Story in your eyes.

When we're dancing The Night Begins To Shine.

The Night Begins To Shine. The Night Begins To Shine.

The Night Begins To Shine. When We're dancing the Night Begins to Shine.

The Night Begins To Shine (The Night Begins To Shine)

I had my mind made up. I wanna feel your touch.

When I look at you, I see the story in your eyes.

When we're dancing the Night Begins to Shine.

The Night Begins To Shine. The Night Begins to Shine.

The Night Begins To Shine. The Night Begins To Shine.

The Night Begins To Shine. The Night Begins To Shine.

The Night Begins To Shine. When We're dancing The Night Begins To Shine.

---

The Night Begins To Shine.

The Song wrapped up as the eclipse was ending and everyone cheered wildly for me.

Me: (Makes Rock on Hand Sign) THANK YOU EVERYONE!

Lana: That was so awesome!

Lola: YAY!

Carol: J.D. you are awesome!

Eddy: You rock J.D!

Penny: J.D. is an awesome singer.

Lily: He sure is Penny.

Anastasia: J.D. has lots of talent.

Lisa: Indeed. J.D. sure knows how to jam as Luna would say.

Me: I would like that thank you all for letting us all come out here to witness this extremely rare and momentus event.

Everyone cheered.

Me: This has literally been one of the most spectacular events in our history. We will probably never have another event like this ever again in our lifetimes. This has truly been an extremely unforgetable day for all of us. I hope you all have had as much fun as I had.

Everyone cheered wildly.

Later we packed it all in and headed home in our van that was in Jet Mode. We arrived back home and landed in our driveway. In the living room I showed Lori, Bobby, Leni, Luna, Ember, Lynn, Shannon, Danny, Sam M., Sam L., Dani, Tucker, Valerie, Jeri, Jessie, Aylene, Ronnie Anne, Naruto and the girls our time during the Eclipse.

Luna: J.D. You were Rockin' dude!

Ember: Awesome song and rockin' tone dude!

Me: Rockin'!

Lynn: That song you sang was awesome J.D.

Lori: It sure was.

Bobby: You have quite the talent amigo.

Me: Thanks compadre.

Leni: Totes! You sure can sing J.D.

Ronnie Anne: I got to admit J.D. You sure have a lot of talent. And the song you played was perfect for the Eclipse.

Jessie: That was a great song and it was perfect for it.

Jeri: I agree.

Me: Thanks guys. I figured it would be perfect for it and bring some excitement and entertainment for the Eclipse. But let me tell you this was a truly unforgetable and memorable event for us. We will never see an eclipse like this ever again in our lifetimes. But I have a feeling we will because I also have a feeling that there's more to our powers that we don't know about.

Laney: I have a feeling you're right J.D.

Varie: Yeah.

Aylene: This was a great event.

Lisa: Yes indeed.

Lucy: I would rather enjoy the darkness but J.D. made it very exciting.

Luna: He sure did dudes.

Ember: You were amazing out there J.D. Is this a hidden talent?

Me: I don't really know. But it probably is now.

Lincoln: It's great J.D.

Linka: It sure is.

Me: Thanks guys. We all made this momentus and extremely rare event memorable.

Headline news reports around the country and the world were astounded by the concert during the Eclipse and everyone was amazed and more.

THE END.

Another Fanfiction Completed.

I saw the Eclipse on August 21st, 2017 and it was awesome. I've never seen a Total Solar Eclipse before and it was an amazing spectacle. Where I live in Colorado, I saw the eclipse with my friends and 93% of the Sun was overshadowed. It was an amazing sight. I wanted to do this kind of chapter for a while. I wanted to add my favorite song from Teen Titans Go, "The Night Begins To Shine" to it and add some excitement. The song fits perfectly with the eclipse. I know I'm getting ahead of myself. It's actually February in 2017 in my previous chapter. But let me know what you think.

See you all next time.

# Power of The Kaiju

Carol, Sasuke and Laney were in the Simulator.

Me, Varie, Aylene, Naruto, Sakura, Lori, Lana & Lola and Lisa were in the control room.

The Simulator activated and Carol, Sasuke and Laney found themselves in the site where Lady Tsunade was about to give Orochimaru her healing chakra.

Carol: I don't think so! Come on team!

Carol, Sasuke and Laney spread their wings and flew at Orochimaru. As Orochimaru was about to take the Chakra, he was kicked in the face without warning and was sent flying and he crashed into a tree.

Sasuke fired a blast of black fire at Kabuto and it incinerated him.

Sasuke: I always knew you were a traitor Kabuto.

Laney grabbed Orochimaru with vines and lifted him up and slammed him into the ground with devastating force.

Laney: Lady Tsunade, you can't give your healing Chakra to this madman. He will kill you after he got what he wanted. Orochimaru will never live up to his end of the bargain. He's the Devil in human form.

Sasuke: She's right Lady Tsunade. Orochimaru has destroyed many lives and killed so many people. He cares about no one other than himself and his powerlustful desires.

Lady Tsunade: (Sigh) You're right. Thank you. You must be Sasuke Uchiha. I've heard about you from Naruto.

Sasuke: I know.

Carol: It's a pleasure to meet you Lady Tsunade. I'm Carol Loud.

Laney: And my name is Laney Loud.

Lady Tsunade: It's a pleasure to meet all three of you. But Sasuke I thought you were in the hospital.

Sasuke: That is my evil self. He was put under the Tsukuyomi genjutsu by my brother. I know everything about what had happened when my clan was destroyed.

Lady Tsunade: I see.

Shizune: LADY TSUNADE!

Shizune, Naruto and Master Jiraiya arrived.

Naruto: Sasuke? What are you doing here? I thought you were in the hospital.

Sasuke: That's not me Naruto. That version of me is my evil counterpart.

Naruto: I don't understand.

Sasuke: That version of me that you think of as your friend is a pure evil monster. Everything you know about him is all lies. He's evil in its purest form. He doesn't care about teamwork or comradery or the Leaf. He only cares about himself.

Naruto was shocked. He thought about how he will explain all of this to Sakura.

Sasuke: I know what you're thinking. You're thinking how you want to explain this to Sakura. I will talk to her and explain the truth for you.

Naruto: Thank you Sasuke. I owe you one.

Lady Tsunade: Shizune. We're going home. I've now seen the error of my ways and Carol, Sasuke and Laney here helped me realize what a fool I was. Kabuto is dead too.

Naruto: Kabuto is dead? I knew he was a traitor to begin with.

Carol: Come on guys. Lets go home.

Orochimaru got up and he was enraged.

Orochimaru: You're not going anywhere! You're mine Sasuke!

Sasuke: Not anymore!

Sasuke revealed that his Curse Mark was gone forever.

Orochimaru: What!? That's impossible! The Curse Mark can't be removed!

Sasuke: I am not the Sasuke you marked. The one you marked was a Sasuke of pure evil.

Orochimaru: So you are a Sasuke from a parallel universe.

Sasuke: In a way and we won't let you get away with all the pain and suffering you caused to innocent lives.

Sasuke spread his pitch black angel wings and he had a sword made entirely out of black fire in his hand.

Sasuke: I am now far more powerful than lots of you. Watch.

Sasuke flared up a black Super Saiyan like aura and storm clouds darkened the sky and lightning struck everywhere.

Sasuke: HHHAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

He became a Super Angel.

Sasuke: Get ready Orochimaru for I am your angel of death.

Carol: You're crimes are completely unforgiveable!

Carol spread her purple wings.

Laney: You're gonna pay for everything you've done!

Laney spread her wings and went Super Angel 2.

Laney: It's over for you Orochimaru. You're finished!

Naruto then suddenly felt a massive power increase and he was enveloped in a blinding white light and a massive vortex of water enveloped him and shot up high into the sky and formed into a beautiful winged mermaid. It sang divinely and its beautiful aria was heard all over the 5 Great Nations. All over the continent, massive energy spikes were rising at an astronomical rate. In the Leaf, Evil Sasuke woke up and his Curse Mark was gone forever.

Evil Sasuke: No! My power is gone! (Snarling Ferociously) Naruto! You will pay for this 1,000 times! I WILL KILL YOU!

Sakura heard it and she clutched her head in pain and a Memory-Altering Seal on the back of her neck disintegrated and she was renewed and she went to a nearby bench and cried hard.

Sakura: (Crying Hard) Naruto! I'm so sorry! PLEASE FORGIVE ME!

Kakashi woke up as he heard the Aria and he realized that he had been tricked by the Civilian Council and was forced to train Evil Sasuke and ONLY him.

Kakashi: No more. I'm going to train my students all right.

Rock Lee was in rehab at the hospital and he heard the Aria and was fully healed in an instant.

Rock Lee: I'm all better! This is such a Youthful Development! Wait a second.

Rock Lee performed Fire Style Jutsu and discovered that his condition was fully cured.

Rock Lee: I can now use Jutsu! My condition is now cured!

Kushina Uzumaki who was in a coma at the hospital for 13 and a half long years finally woke up.

Kushina: (Gasp) Naruto! Where is he!?

Rin Nohara who was in the Forbidden Scroll of Sealing was released from it and was on the floor of the Hokage's office.

When the water vortex faded, Naruto was forever changed. He had aqua blue highlights in his blonde hair, a blue sleeveless shirt, blue ANBU pants, Blue combat boots and he had blue angel wings. He also had the image of a winged mermaid on his back.

Naruto: I feel incredible!

Jiraiya: Naruto!? Is that really you?

Naruto: Yes Jiraiya-sensei. I'll explain everything later. Right now we have a Snake Traitor to eliminate.

Jiraiya: You're right kid. Lets go.

Carol: Lets make this worthless low life pay!

Carol fired King Ghidorah's Gravity Lightning at Orochimaru and it exploded when it hit his arms and blew them off.

CONTROL ROOM

Me: King Ghidorah's Gravity Lightning? Awesome!

Aylene: "Ghidrah the Three-Headed Monster" is my favorite. That movie was made in 1964.

Varie: It's one of my favorites too.

Lori: Carol seems to have all the powers of the Godzilla Monsters.

Lisa: The Japanese people call them Kaiju.

Me: That's right Lisa. The Kaiju possess unimaginable power and that's why they have enough power to destroy whole cities in a day.

Lana: That is incredible.

Lola: No kidding.

SIMULATOR

Laney fired plant barbs at Orochimaru and they were coated in a powerful poison that was 500 Million times more powerful than Strychnine and they hit Orochimaru in the chest.

Orochimaru: Is that all you're made of?

Laney: Think again. Those barbs are poisonous.

Orochimaru: (Malevolent Laughter) I'm immune to all poi… (Coughs and gags in excruciating pain) What's happening to me!?

Laney: Those barbs have a deadly Super Poison that is 500 Million times more powerful than Strychnine and there is no antidote. It attacks the heart and it spreads to the brain and kills you in 2 minutes.

Orochimaru: This can't be happening! I am the immortal Orochimaru! I'm invincible! Only I alone can unlock the secrets of Nature!

Naruto: You are nothing!

Carol: All you are is nothing but a bunch of talk!

Orochimaru then vomited extremely hard and out came a body, a summoning scroll and his sword. The body was a girl and she had purple hair and purple clothes.

Naruto picked her up and Carol picked up Orochimaru's sword.

Carol: I've always wanted to be a swordmaster.

Laney: The Snake Summoning Scroll. This was stolen from the Leaf when Orochimaru when rogue.

Jiraiya: Yeah. Good work Laney.

Orochimaru was lying on the ground completely lifeless and his body dissolved into nothing until all that was left was his skeleton.

Laney: Jeez. That poison was enough to kill 50,000 people and it completely destroyed him from the inside out.

Jiraiya: No kidding. But I'm sorry old friend. This is the price you have to pay for your selfishness and delusional ambitions.

Lady Tsunade: That poison was really powerful. Orochimaru was immune to almost all poisons.

Carol: But this one was something that he was not immune to.

Laney: It's a powerful poison I created with my plant powers. I call it Strychnine Omega. It's Strychnine poison enhanced to the power of 1 million.

Lady Tsunade: That's deadly.

Shizune: Orochimaru and Kabuto both got what they deserved.

Carol: Yeah. Good riddence.

Naruto: Yeah. Lets go home.

Laney: Lets.

Sasuke: I can't wait to go home.

They all went home and arrived at the Leaf and Lady Tsunade was coronated as the 5th Hokage. Lady Tsunade set the whole village straight by announcing Naruto's heritage, the reason behind the Uchiha Massacre, the entirety of the crimes of the Uchiha Clan, how Danzo, Koharu and Homura were responsible for all the corruption in the entire village in general and starting numerous events that caused alot of pain and chaos, how an Uchiha was behind the 9-Tails Attack and how the Hidden Cloud and the Hyuga Elders conspired together. Lots of things happened as a result. Everyone started started feeling guilty for how they treated Naruto, the Uchiha Clan was now viewed as the most evil and most hated clan in the entire world, Danzo, Koharu and Homura were executed for treason, the Hyuga Elders were put in prison forever, the Caged Bird Seal was abolished, the Main and Branch families of the Hyuga were now one and the Civilian Council was disbanded.

In the Hokage's office, Lady Tsunade had Carol, Laney, Naruto, Sasuke, Shikamaru, and Shino with her.

Lady Tsunade: Now the reason why you're all here is for your outstanding performance in the Chunin Exams. You are all hereby awarded the Rank of Chunin.

Naruto: (Bows) It's an honor Lady Hokage.

Shino: We will do our very best Lady Hokage.

Shikamaru: What a drag. More work and less Cloudwatching.

Laney: I will gladly do my best Lady Hokage.

Carol: Me too Lady Hokage.

Sasuke: It's an honor Lady Hokage.

Lady Tsunade hands them Chunin Flak Jackets and Naruto got his in Aqua Blue and it had a Winged Mermaid on it.

Naruto: Nice color. Thank you godmother.

Shino: That surprises me Naruto. We all had no idea that Lady Tsunade is your godmother.

Naruto: Yeah. She trained my mother years ago.

Lady Tsunade: That's right Naruto.

Kushina was heard down the hall.

Kushina: I don't need an appointment to see the Hokage. I'm gonna give that old man a piece of my mind and make him a smashed tomato for everything that's happened!

Sasuke: Sounds like someone is in a major league bad mood over everything that went down.

Lady Tsunade: I know that voice all too well.

Kushina bursted into the office ripping the door off its hinges. Then she calmed down and saw Lady Tsunade.

Kushina: Tsunade-sensei?

Lady Tsunade: You sure haven't changed alot you little fireball.

Kushina and Tsunade hugged.

Kushina: I missed you sensei.

Lady Tsunade: Me too Kushina. But you have a special someone here for you.

Naruto: Hey mom.

Kushina saw Naruto and she was shocked. She had tears stream down her face.

Kushina: Naruto? Is that really you?

Naruto: It sure is mom. It's nice to finally meet you.

Kushina: NARUTO!

Kushina and Naruto hugged for the first time in almost 14 years.

Kushina: My sweet baby boy. You sure have grown up since that night. How old are you now?

Naruto: 13 years and 6 months.

Kushina: You've gotten so big.

Naruto: I know mom and I have a lot to tell you.

Naruto revealed everything that went down and more and Kushina was floored.

Kushina: So Orochimaru killed the 3rd Hokage and nearly destroyed the village.

Carol: Yeah. But in the end Me, Sasuke and Laney here killed both him and his right hand man Kabuto Yakushi.

Kushina: I always knew Orochimaru was a dark man but I never even knew he was that evil.

Shikamaru: Yeah. He was completely delusional and he wanted to destroy the very village that he came from.

Sasuke: Orochimaru wanted the power of the Uchiha so he can get all the Jutsu in the world with the Sharingan. But he picked a major league rotten apple.

Naruto: And that rotten apple is Sasuke's evil self.

Kushina: That's horrible. Mikoto gave birth to a terrible monster.

Shino: He's worse than a monster Kushina. The Evil Sasuke is a heartless and truly evil person with absolutely no conscience at all. He's a remorseless, pitiless, and absolutely despicable menace.

Naruto: That's right.

2 days later they just got word that Evil Sasuke had left the village. Carol, Naruto, Sasuke, and Laney are in pursuit. They found him at the Final Valley and he was standing on the statue of Madara Uchiha.

Carol, Naruto, Sasuke and Laney landed on the opposite side.

Carol: Where do you think you're going you coward!?

Evil Sasuke turned and faced them with a look of extreme hate and rage.

Evil Sasuke: So you all came. Now I can kill all of you for ruining my vengeance!

Laney: Orochimaru is now dead thanks to all of us.

Carol: And you will be joining him!

Naruto: It's over you evil monster! You're finished!

Carol, Naruto, Sasuke and Laney went Super Angel.

Evil Sasuke was enraged!

Evil Sasuke: How dare you!? Me!? FINISHED!? NO ONE SAYS

THAT TO ME! I'M AN ELITE AND I WILL ALWAYS WILL BE THE BEST!

Sasuke: All you are is an evil monster that cares about nothing but himself. You have disgraced the Uchiha Name and for that you will pay big time!

Naruto: The Uchiha are nothing more than a bunch of heartless thieves, murderers and traitors. (to Sasuke) No offense Sasuke.

Sasuke: None taken Naruto.

Evil Sasuke: I WILL DESTROY YOU FOR SAYING THAT!

Carol: Come and try it!

Carol fires a Micro-Oxygen ray at Evil Sasuke and it blasted his left leg off and he screamed in excruciating pain.

Carol: That was just for starters.

She fires an orange enhanced Atomic Ray and it completely destroyed the statue of Madara Uchiha in a tremendous fiery explosion.

CONTROL ROOM

Me: That was Destoroyah's Micro-Oxygen Ray and Burning Godzilla's heat ray.

Aylene: That was an awesome and explosive movie from 1996. That's one of my favorites. Godzilla was gonna explode and destroy the whole planet in that movie.

Me: Yeah. I remember that.

Lola: That's terrible.

Lana: No kidding.

Varie: That would be a cataclysmic nightmare.

SIMULATOR

Evil Sasuke was buried under a pile of rocks and only his head, arms and torso were visible. He was trying to get out.

Evil Sasuke: I WILL DESTROY YOU ALL FOR THIS HUMILIATION!

Naruto: That's all you are. You are nothing but a bunch of talk. All bark and no bite.

Sasuke: Just a true piece of trash.

Laney: That deserves only one place and that is the Netherworld for all eternity.

?: I agree with all of you.

A hooded figure appeared and landed by them.

Sasuke: Who are you?

It pulled down the hood and it was Mikoto Uchiha alive and well.

Naruto: Mikoto Uchiha!

Sasuke: Mom!

Sasuke and Mikoto hugged.

Mikoto: Sasuke my sweet boy. You've grown up so big and I'm so proud of you. [Glares at evil Sasuke] As for you you wretched disgrace. You ruined my clans reputation and dishonored my family.

Evil Sasuke: How dare you talk to me like that!?

Naruto: Shut up you piece of filth!

Mikoto: Can you please get rid of him?

Carol: Gladly.

Carol fires a swirling Corona Ray and it incinerated the Evil Sasuke into nothing.

CONTROL ROOM

Me: That was Space Godzilla's Corona Ray.

Aylene: Another one of my favorites. 1995's "Godzilla VS Space Godzilla" was awesome.

Lola: That was cool.

SIMULATOR

Mikoto: I'm so proud of all of you.

Naruto: Thank you Mikoto. It's great to see you again.

Mikoto: You too Naruto. You've gotten so tall since the last time I saw you.

Naruto: It feels like forever ago huh?

Mikoto: It sure does.

Sasuke: Mom, Itachi was forced to kill the Uchiha Clan against his will.

Mikoto: I know son. He told me so himself.

Carol: We're glad you're all right Mikoto. Sorry, I'm Carol Loud.

Laney: And I'm Laney Loud.

Mikoto: It's a pleasure to meet you both. Yes. I faked my death by putting a Blood Clone in my place 6 hours before the massacre.

Sasuke: Very clever mom.

Later at the Leaf Carol, Naruto, Sasuke and Laney filed their report and Mikoto was reinstated back into the village. Kushina was reunited with her.

I merged everyones counterparts in the Leaf with everyone in the Leaf in our dimension and the exercise ended.

THE END.

I wanted to show off more of Carol's powers in the Godzilla Monsters. Plus Vinjedi gave me an idea of Sasuke going Super Angel and facing Orochimaru and Kabuto. We will see more of Sasuke's powers in time. Let me know what you all think.

# A Highrise Inferno

Me, Lola, Laney, Lisa and Lily were in the Simulator.

Varie, Aylene, Jeri, Jessie, Lori, Carol and Sakura were in the control room.

The Simulator activated and Me, Lana & Lola, Laney, Lisa and Lily found ourselves in San Francisco, California.

We saw behind us a massive and tall highrise skyscraper and it was on fire.

Lola: That building is totally on fire!

Me: I know this building. We're in the movie "The Towering Inferno" from 1974. I used to watch this movie all the time and it's one of dads favorite movies from his past.

Laney: Wow! What's that movie about?

Me: It's about a tall superhighrise multipurpose building that is on fire because of faulty electrical wiring in a storage room on the 81st floor. This building is 1,800 feet high and it was on the grand opening ceremony for the building and it turned into a night of tragedy and the demonstration of the heroic actions of the firefighters.

Lily: That's horrible.

Lana: If this building was set on fire because of faulty wiring then that means that whoever built it sure had no idea what they were doing.

Me: You're probably right Lana.

Lisa: Faulty wiring is a very proficient cause of electrical fires in buildings and back in the 1970's we weren't trained to fight highrise structure fires of this kind.

Laney: That's not right.

Me: I agree. Also the 1970's was known as the Decade of the Disaster Movies. "Earthquake", "The Poseidon Adventure", "Avalanche", "Hurricane", "The China Syndrome" and much more. But California has filmed more disaster movies than anyone else.

Lily: That's really cool.

Lana: Neat.

Me: Yeah. But lets help these people out!

Lisa: Affirmative.

Lola: Lets go!

We flew up and saw the building engulfed in flames and some people were trapped inside. We saw an elevator go down the building and an explosion blasted the elevator off it's track and the people inside knocked out a window and a woman fell out and Lola rescued her.

Lola: Are you all right ma'am?

Mrs. Mueller: Yes I am. Thanks to you.

Lola: My name is Lola Loud and we came to help out.

Mrs. Mueller: Thank you Lola.

Lola landed on the ground and Mrs. Mueller was safe.

Lily: Good save Lola. Now we got to help get those people in the elevator down.

Lola: Right.

Me and Lisa were on top of the elevator.

Me: It's hanging by it's cable.

Lisa: Yes. We're gonna have to cut it and set the elevator onto the street.

Me: Got it.

Lisa: I'll cut it with my cutting laser and you lift it and bring it down to the street.

Me: Right.

Lisa pulled out a Cutting Laser and cut the cable.

Me: That did it. Okay everyone, hold on tight!

I pull the elevator out and flap my wings and hover down to the street.

10 minutes later, I landed the elevator on to the street and all the firefighters were cheering for us.

Me: It was our pleasure to help you all. Now we have to save the other people up near the roof.

Me and Lisa flew up to the Promenade Room and we see a Breaches Buoy carrying people to the building across from the tower.

Me: That's a clever method.

Lisa: Indeed.

We go into the Promenade Room.

Lola and Lily are putting out the fire around the building.

Lily fired some glowing water at numerous flames and extinguished them.

Lily: Lola can you absorb fire?

Lola: I don't know. Let me check.

Lola flew into the building and surprisingly she can absorb fire.

Lola: Well what do you know? I CAN absorb fire.

Lola ran down the halls of many floors and absorbed as much fire as she could. She was helping and saving as many people as possible.

Lana and Laney were in the control and utility room and she was looking over the wiring. She found numerous wires in one power box that were really messed up.

Lana: They sure did have no idea what they were doing. These wires are all corroded and broken.

Wess: No kidding. How do you think they got that way?

Lana: There's acid on them and they were cut with a knife.

Wess: So someone wants this whole building to burn?

Lana: From the looks of it I'd say yes.

Laney: That's arson and whoever did all of this is gonna be booked on numerous charges.

Wess: Well the man that installed all these wires in the building is Roger Simmons. He's the electrical engineer and Mr. Duncan's son-in-law.

Lana: He REALLY had no idea what he was doing and he put all these peoples lives at risk.

Laney: Yeah. We need to get him down and tell everyone.

Lana: Lets go sis!

Lana and Laney ran and they got outside and spread their wings and flew up to the Promenade Room.

They got there and helped get the people down.

Me: Okay we got everyone down.

Lana: That's good. Mr. Duncan we found out some very startling info.

Mr. Duncan: What did you find out and thank you for saving us.

Lana: You're welcome. Me and Laney found that some of the electrical wiring was corroded by acid and cut with a knife and that was responsible for the fire. Simmons here is responsible for starting the fire and the deaths of 180 people.

Roger: That's absurd!

Laney: Don't play games with us! We know you did it Simmons. The writing is on the wall.

Lana: Yeah. I found this in your pocket as we were carrying you down.

Lana pulled out a bottle of sulfuric acid.

Mr. Duncan: (Enraged) I will hang you for this!

Me: Mr. Duncan he will face trial for his crimes. Right now we need to investigate and see if anymore wiring systems had been affected. This was done out of spite and hatred towards Mr. Duncan.

Laney: I have a feeling you're right J.D. and killing all those people might have been collateral damage.

Lana: Well lets go.

We fly into the building and did a thorough sweep of it and saw that all the electrical and junction boxes all over the building have corroded wires and it was the reason why the sprinker system doesn't work.

Lana: This is worse than what we thought. Simmons probably wanted Duncan dead so he can get all of his money.

Laney: You're right Lana.

Lana and Laney report their findings and the police booked Roger into the jail without bond.

His trial began and lots of witnesses came forward. The trial lasted for 2 days and Roger Simmons was found guilty on all charges including 1st Degree Murder, 1st Degree Manslaughter and Aggravated Arson. He was immediately sentenced to death.

Me, Laney, Lana & Lola and Lily got our pictures in the paper and it said "Heroes of San Francisco Highrise Fire". Roger Simmons was executed the following day in the gas chamber.

The exercise ended and we went into the kitchen for dinner.

THE END.

I wanted to do a chapter based on "The Towering Inferno" from 1974. This was a wicked movie back then and was a big hit back then. It's one of my dads movies from his past and it was awesome. How scary would that be to be stuck on an 1,800 foot high skyscraper while it was on fire? It would be a total nightmare. Almost all the stars in that movie are all dead. Paul Newman, Steve McQueen, William Holden, Faye Dunaway, Richard Chamberlain, Susan Blakely, Jennifer Jones, and even O.J. Simpson starred in that movie. I don't know if any of you saw that movie since it was made 44 years ago and I think some of your family might know this movie. But if they do let me know. This chapter is to pay tribute to those that starred in the movie. Let me know what you all think.

See you next time.

The Towering Inferno is owned by Irwin Allen the Master of Disaster, Warner Bros. Studios and 20th Century Fox.

# Forecast: Raining Food

It starts out with me in my room looking up stuff on the computer. Something of interest catches my eye.

Me: This is unusual. "Swallow Falls is hosting the Grand Opening of Sardine Land amusement park". Eww! I hate sardines! "Swallow Falls is a small island that was once known as one of the great sardine exporters. But the Baby Brent Sardine Cannery closed it's doors permanently after everyone in the world found out that Sardines are "Super Gross". I don't blame them. Sardines taste really awful even though they are really good for your heart. "Everyone in Swallow Falls now eats all the sardines that no one even wants"? That's horrible! These people are starving. We have to do something.

I got up and slid down to the Living Room. Varie, Lucy, Anastasia and Laney were reading books, Lincoln & Linka, Lily and Gabrielle were playing video games and Naruto, Sakura, Fu, Lady Tsunade (Young), Luna, Luan, Eddy and Lori were playing card games.

Me: Guys, we have an island in trouble.

Varie: What's wrong?

I put my computer on the table and show them the article I read.

They gasped.

Lori: That is horrible.

Lincoln: Swallow Falls can only eat Sardines? That's horrible!

Linka: Those people are starving. We have to help them.

Laney: Yeah. I love sardines but those people need our help.

Fu: I agree. Nobody should ever have to eat the same thing over and over again forever right?

Sakura: That's right Fu.

Lucy: That can get pretty boring from time to time.

Luna: Yes it can dudes. We have to help them out.

Me: All right everyone. Lets roll!

Me, Varie, Naruto, Sakura, Fu, Lady Tsunade (Young), Luna, Gabrielle, Luan, Eddy, Lincoln & Linka, Lucy, Laney, Anastasia, and Lily were off to Swallow Falls.

When we arrived we saw that the whole town was gloomy.

Me: This place spiraled downhill fast.

Lincoln: I can't believe the mayor is not doing anything about all of this.

Anastasia: Either the Mayor is one lazy slob or he just doesn't care.

Laney: I think it's option 2 Anastasia.

Lucy: I may enjoy times of darkness but this is just too dark for my standards.

Naruto: I agree Lucy.

Sakura: We got to help all these people.

Lincoln: Yeah.

Laney: I'll get us started.

Laney places her hand on the ground and lots of fruit and vegetable trees grow instantly near all the buildings.

Varie: Great job Laney.

Laney: Thank you.

I see someone heading to the docks.

Me: Look guys. He sure looks down.

Varie: Yeah.

Luna: Lets cheer him up dudes.

We go over to the docks and we see the man sitting on the ladder sad.

Me: Are you okay?

?: Yeah I'm all right.

Laney: You don't look all right to me.

?: I'm trying to find a way to help my home by inventing a machine that turns water into food. But it went up into the sky.

Me: That explains the rainbow smoke stream that we saw when we arrived. We should introduce ourselves. I'm J.D. Knudson.

?: J.D. Knudson? THE J.D. Knudson!? The Famous Multi-Billionaire Hero that saved all of Michigan from the ruthless Black Daffodil Gang?

Me: That's right.

Flint: It is such an honor to meet you. I'm Flint Lockwood the local inventor.

Me: It's a pleasure to meet you.

Varie: Same here. I'm Varie Knudson, J.D.'s fiance.

Naruto: I'm Naruto Uzumaki Namikaze, J.D.'s adopted younger brother.

Sakura: I'm Sakura Haruno.

Fu: I'm Fu. I don't have a last name.

Lady Tsunade: I'm Tsunade Senju, the granddaughter of the 1st Hokage.

Lincoln: I'm Lincoln Loud, the only son of the Loud family.

Linka: I'm Linka Loud, Lincoln's twin sister from a parallel universe.

Luna: I'm Luna Loud, the Rock Star. It's a pleasure to meet you dude.

Gabrielle: (British Accent) I'm Gabrielle Elizabeth Loud, Explorer and Adventurer.

Luan: I'm Luan Loud, the Jokester and Comedian.

Eddy: I'm Eddy. Luan is my Girlfriend.

Lucy: I'm Lucy Loud, the Dark Goth.

Anastasia: I'm Anastasia Nikolaevna Loud.

Laney: I'm Laney Loud, Bookworm, Gardener and Psychologist in Training.

Lily: And I'm the youngest of the Loud Siblings, Lily Loud. I'm 15 Months Old biologically but when I got my powers it made me look like I'm 10-Years-Old.

Flint: It's a pleasure to meet all of you.

Varie: So you were inventing a machine that can turn Water into Food? That is so cool.

Flint: Yeah but I lost it.

Lucy: Here comes someone.

We saw a girl down in the dumps.

Me: Miss? Are you all right.

?: Yeah I'm fine but my whole career was ruined by some crazy jerk with a homemade rocket!

Varie: That was an accident. Flint Lockwood here is trying to help his town here with a cool machine.

?: That's cool. Sorry I'm Sam Sparks.

Varie: My name is Varie.

Me: It's a pleasure to meet you Sam. I'm J.D. Knudson.

Sam: The Famous Multi-Billionaire Hero of Michigan!?

Me: That's right.

Sam: Oh wow! I heard you all defeated the ruthless Black Daffodil Gang! And you all must be Naruto (Naruto nods), Sakura (Sakura Nods), Fu (Fu Nods), Lady Tsunade (Lady Tsunade (Young) Nods), Lincoln & Linka (They Nod), Luna (Luna Nods and gives the Rock On Hand Sign), Gabrielle (Gabrielle Nods), Luan (Luan Nods), Eddy (Eddy Gives her the thumbs up), Lucy (Lucy nods), Anastasia, (Anastasia Nods), Laney (Laney Nods) and Lily (Lily Nods).

Laney: That's right.

Sam: Incredible! I've heard so many good things about all of you.

Varie: It's mutual.

Sam: Flint what is wrong with your feet?

Flint: Spray on Shoes. They uh don't come off.

Me: That's interesting.

Laney: That's really cool. I thought something was happening to you.

Sam: Cool! (Grabs Flint's foot) This could solve the untied shoes epidemic!

Me: Untied Shoes Epidemic?

Laney: It's a slang term for a nasty epidemic of shoelaces that have been coming undone all the time without many people noticing.

Me: Oh man. I hate it when that happens. Good thing I tie my shoes and zip up the shoe.

I have on black combat boots that have a zipper on the shoelaces.

Sam: That's interesting. What are these spray on shoes made of some kind of elastic biopolymer adhesive?

Flint was struck by cupids arrow when he heard her say that.

Flint: Yeah. Exactly.

Me: That's an interesting chemical composition. From the looks of things I can tell that Flint's feet have had those on for a long time.

I pull out a chemical case and pick a chemical.

Me: This should do it. Acetone.

I splash it on Flint's feet and the spray on shoes melted off and Flint's feet were finally free for the first time in 15 years.

Flint: I'm finally rid of those shoes! Thank you J.D.

Me: You're welcome Flint.

Laney: I think I have a replacement pair of shoes in your size Flint.

Laney looked through her backpack and pulled out some shoes that are his size.

Laney: Here you go.

Me: Wait Laney. Let's let him wash his feet off before we put them on.

Laney: Good thinking.

Steve: Steve!

Sam: Is that a monkey thought translator?

Steve: Steve.

Laney: That is really cool.

Steve: Thank you Laney, but I don't like this thing on my head.

Laney: Lets get it off of you then.

Me: Laney has the power to talk to animals.

Sam: That is so cool. Flint did you make that?

Flint: I sure did.

Then we heard something splash into the water.

We saw that it was a pickle slice.

Me: A pickle slice?

Lincoln: Where did that come from?

Something splats me in my right cheek.

I lick it with my tongue.

Me: Mustard?

Suddenly we all looked up and start gasping in sheer astonishment as rainbow storm clouds appeared out of nowhere and it was raining Cheeseburgers.

This was completely unimaginable and I held my hand up and one landed in my hand. I took a bite and it was the best cheeseburger I've ever had.

Me: DELICIOUS!

Varie and everyone got the same reaction.

Flint ate one and he was ecstatic.

Flint: My machine works! IT REALLY WORKS!

Varie: This is absolutely unbelievable!

Lucy: If I had a heart it would be jumping with joy.

Lily: This is so Delicious!

Later at Flint's house we met his dad Tim.

Me: You must be Flint's dad.

Tim: I sure am. The name's Tim. Pleasure to meet you J.D. I've heard so many big things about you.

Me: It's mutual.

In Flint's Laboratory he showed us the machine.

Flint: So here's how it works. Water goes in the top and food comes out the bottom.

Me: Very interesting device.

Flint: Yes it is.

Sam: So when you shot it up into the Stratosphere you figured it would induce a molecular phase change in the vapor from the cumulonimbus layer.

Flint: That's actually a really smart observation.

Me: I agree. Most of the Earth's water vapor and clouds are up in the Stratosphere.

Laney: That's right.

Varie: But for that to work wouldn't it need a huge amount of electrical energy?

Flint: That's right. My house didn't have enough so I had to use the towns electric power plant.

Me: That explains what that rainbow smoke stream was when we got here.

Luna: Yeah.

Flint: The machine uses a principle of Hydro-Genetic Mutation.

Water Molecules are bombarded with microwave radiation which mutates their genetic recipe into any kind of food you want.

Me: Wow! That's interesting.

Laney: That is so cool.

Lucy: This is all too complicated for me.

Sam: So Pizza?

Flint: Yes.

Sam: Mashed Potatoes?

Me: Pretty much any kind of food you could think of.

Sam: How about Jell-O?

Flint: Do you like Jell-O?

Sam: I LOVE Jell-O

Flint: I love Jell-O too. Oh, and peanut butter right?

Sam: Oh, no, no, no. I am severely allergic to peanuts.

Laney: I have Epinephrine Shots in my bag for peanut allergies just in case.

Sam: Thanks Laney.

Me: What's the machine called Flint?

Flint: Oh right. It's called the Flint Lockwood Diatonic Super-Mutating Dynamic Food Replicator. Or for short: The FLDSMDFR!

Varie: That's a mouthful name but I like it.

Me: The short name is hard to pronounce. I would've picked a simpler name like the Flint Lockwood Fooderizer.

Flint: That's not a bad idea. Thank you.

Me: You're welcome.

Lincoln: This is a really interesting device. But can you communicate with the machine to make it rain more food?

Flint: I can't yet.

Later Flint built a radio antenna that will contact the machine.

He typed in a program and it was fully operational.

Me: We have a radio antenna for the machine.

Flint: Yep. What do you guys want for breakfast?

Steve: I would like just fruit.

Laney: What kind of fruit Steve?

Steve: Blackberries.

Laney: Steve wants some Blackberries.

Flint: Good choice.

Sam: How about eggs.

Flint: And toast.

Sam: Orange Juice.

Both Sam and Flint: And Bacon!

Luna: Great minds think alike huh dudes?

Flint: They sure do.

Flint types in some codes and goes and presses a red button that leads to the antenna and it sent a signal to the machine. It activated.

Machine: Bacon.

Water changed into delicious succulent strips of juicy smoked bacon.

The Next Day, it was raining breakfast food.

(Lesley Gore's Sunshine, Lollipops and Rainbows plays)

We were having a blast catching and eating our favorite breakfast.

The mayor of Swallow Falls came to us and formed a special plan and it was a genius one. Over the next 3 weeks we were making it rain lots of different food and then some. Sam was giving her weather reports and everyone had different requests. The whole town was renamed Chewandswallow and it was no longer a gloomy Sardine town and was now a bustling food utopia. But as it went on we saw that the mayor was a severely overweight and an overzealously gluttonous pig. He tried to manipulate Flint into doing a stupid thing but we stopped him.

The opening of Food Land came and suddenly a storm came in and a tornado made entirely out of Spaghetti touched down.

When it stopped we knew something was seriously up and we found the mayor ordering something majorly big. He pressed the red button and the antenna exploded.

Me: Mayor, what have you done?

Flint: That was the only way to communicate with the machine.

Varie: What did you order?

Mayor: A Vegas-Style All-You-Can-Eat Buffet?

I grab him by the shirt and pinned him to the wall.

Me: Are you out of your mind!? With an order of that size and magnitude there's no telling what could happen! You probably doomed us all mayor and it's all your fault!

Mayor: You'll never pin it on me!

Me: No, but I can try.

Varie: Flint, you get to work. We're going up to the machine and stop it for good.

Flint: Right.

We go out into the town and the Perfect Food Storm was right over us.

I pull out a radio and contact Lisa.

Me: Lisa! Code Red emergency! Activate defensive measure 081 now!

Lisa: Affirmative!

In Michigan, Lisa activated a force field generator and it covered all of the United States.

A giant watermelon slammed into the old cannery and destroyed it. Giant donuts were rolling down the street and chased some people. A man had a giant macaroni noodle on his head. Huge amounts of giant food were raining like crazy and destroying everything they slammed onto. Everyone was running in sheer panic.

Me: EVERYONE! [Everyone stopped] The Mayor's the one responsible for this whole catastrophe. He put in an order on Flint's machine for a Vegas-Style All-You-Can-Eat Buffet. Because of that the entire planet is now in grave danger and we can't let him get away with this!

Varie: That's right. But we'll worry about it later. We have to evacuate the island.

Lincoln: Yeah. Earl. You tell everyone what to build and more.

Earl: You got it Lincoln. Flint may have made all the food for all of us but it was all made with love. And it was made to order. And now it's time for all of us to pay the bill.

Everyone cheered.

Earl: Lets go build some boats!

Lori arrived in Vanzilla 2.0 in Jet Mode.

Lori: Thought you all could use some help.

Me: Perfect timing Lori.

Flint arrived in his new Flying Car 2 now with wings.

Flint: Here J.D. This flash drive has a kill code.

Me: Perfect. Thank you Flint.

I take the flash drive and put it in my pocket.

Sam: I'm coming with all of you. You're gonna need someone to help you navigate through that storm.

Me: We greatly appreciate it Sam.

Brent: I'm coming too.

Varie: I guess you've now realised the error of your ways huh Brent.

Brent: Yes I have.

Lola: But first put some clothes on!

Brent: Sorry.

Brent put his blue track suit back on.

Luan: Lets go get something to EAT. (Rimshot) (Laughs) Get it?

Me, Varie, Eddy, Flint, Sam and Brent laughed.

Me: Good one Luan. All right guys. Lets go.
